Long and Short

By TOM RIORDAN

NOW LET ME GET this straight. Bart Starr was the cool and calculating quarterback who led Alabama in its rousing Orange Bowl victory Saturday.

No, that's not right. He plays for Buffalo, or was that the East All-Stars?

Well, anyway, I know for sure Clinton Jones had a terrific afternoon (or was it evening?) as he raced all those yards for Kansas City.

Can't remember who won, but he sure twisted and turned.

There was one neat part at the Cotton Bowl, when those Jazz combos played in the huddles and Al Hirt led the Tennessee band right down the middle of the field.

The floats were certainly beautiful and the Purdue Golden Girl was a sensation as she strolled down Miami's main drag in the Sugar Bowl parade.

How do these promoters do it?

But the players top everything, both on and off the field.

Take that big victory, can't remember what teams were playing, but the TV fellas went right into the locker room for a victory chat.

"When it was third and six on your own 29 and you knew you had to get the first down, how was it you tried a Z-out, post pattern with the swing man flaring to the right instead of the left?"

Hardly looking puzzled, Len Dawson came right back, "Well, Al, here was a key point in the game. I knew it, the coach knew it, the other side realized, too. If ever a play worked, it had to go then. This was the turning point, the real decider. The fact it clicked for two yards was not important. What really mattered was that every boy on our squad gave it everything he had."

★

THEN A BIG lineman started to pour champagne into the coach's hat—believe it was Vince Lombardi. Or was that the Bear? How come those college guys do so much drinking anyway?

That Friday, Saturday and Sunday Grand Weekend of Gridiron Glory wasn't limited to just us fellows. There was plenty for the girls, too.

At our house, Steve Spurrier was a smash as the most handsome Purdue Trojan out at the East-West Shrine game. Or was he going with that Nebraska crew?

Anyway, the wife quickly dubbed him as cute, then asked, "Why does he keep ordering around all the others?"

"Well, if you had a coach as tough as Bear Bryant standing there on the sidelines, you'd want everything just right before starting a play, too," I mused with authority.

Of course, the commercials deserve mention, too. As always, keyed to the action on the field, they kept the pace rolling.

After all, when the ball gets down to the two-yard line in the final minute of play, a guy needs a ride in a sporty Ford out over desert country (or was that a Chevy?) to calm him down.

Equally as much fun is that tall, cool glass of Stroh's between pass, catch and aspirins.

But the most fun of all are the fabulous re-plays, especially when they start to fit right into the game and instead of Georgia Tech getting one neat completion for 35 yards, there are two right in a row and both exactly alike.

★

I CAN HARDLY wait for the next couple of weekends. There'll be Duffy (or someone) coaching the Senior Bowl guys, plus that wonderful Super Bowl and then the NFL All-Stars.

A guy could get confused with all this football, but not me. I pride myself in knowing exactly whom is playing for what team and where.

By the way, who won the Rose Bowl?

Farmers To Hear about Programs Fighting Disease

Farmers in the Britton, Clinton, and Tecumseh area will have an opportunity to hear Dr. Warren Hagenbuch speak on State and Federal programs dealing with prevention and treatment of diseases affecting beef, dairy, sheep, and swine.

This program is part of the adult farmer series at the three schools. It is open to all farmers in the area.

The meeting will be held in the agricultural room at the Britton High School Monday, Jan. 9 at 8 p.m.

Youths Raise Dough

Twelve young people of the Methodist Youth Fellowship, under the direction of Mrs. Robert Meads made, baked and sold 400 loaves of bread last week. The $158 profit will be used for a missionary trip the group plans to take this summer. Members made the bread in the church kitchen, Wednesday and Thursday, regular size loaves and some smaller ones for these single people of the city. Friday and Saturday, they set up shop in Bancroft's Cleaners and Baldwin's Hardware and sold every last crumb.

At 11:10 a.m. church school classes will resume after a two-week vacation.

Second Air Medal Awarded Captain

WITH U.S. COMBAT AIR FORCES, Vietnam — Capt. Darrell A. Lowery, son of Mrs. Sarah M. Lowery of Britton, has been decorated with his second Air Medal at Pleiku Airport, Vietnam.

Capt. Lowery, a helicopter pilot, was cited for assisting in the rescue of two severely wounded Army personnel.

Because of adverse weather conditions he was forced to fly by instruments during the evacuation.

The captain is a member of Aerospace Rescue and Recovery Service which flies combat and peacetime air rescue and aeromedical evacuation missions.

He received his commission in 1961 through the aviation cadet program.

A graduate of Tecumseh High School, Capt. Lowrey attended Adrian College.

He has studied at the University of Maryland European Division at Toul Rosieres, France, and the University of Alabama Extension at Selma during his off - duty hours.

His wife, Mary, is the daughter of Mr. and Mrs. Louis G. Perry, 714 River Acre Dr.

Bride-To-Be Kathy Bailey Is Honored

BRITTON — Mrs. Ralph Sturtevant opened her home Monday for 25 relatives and friends for a bridal shower in honor of Kathy Bailey. Games were played, and prizes won by Carol Bailey and Mrs. Robert Stone. The honored guest was presented with an orchid corsage.

Kathy opened many lovely gifts from a gift table centered with a large shower umbrella.

Luncheon was served by the hostess and her co-hostesses, Mrs. Dale Popelar and Mr. Carl Kimerer.

Miss Bailey will become the bride of Robert Bracey of Hudson January 7 in the Tecumseh Methodist Church.

$6.1 Million Paid in Fisher Salaries

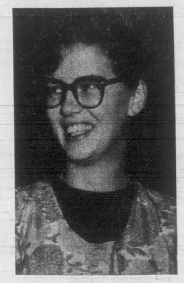
Payroll at the Fisher Body Tecumseh plant totalled more than $6.1 million for 1966, reported Dominic E. Conklin, plant manager.

This was the first full year of operation here.

An additional $3.5 million was spent with 395 companies within a 75-mile radius of Tecumseh, which supplied goods and services to the plant, the manager added.

During 1966, the plant produced approximately 750,000 trim sets and interior components for General Motors cars. Plant employment averaged 875 during the year.

Fisher Body employees and General Motors contributed $36,000 to the 1966 United Funds in Tecumseh and Lenawee County. Also, during 1966 employees invested $122,000 in U.S. Savings Bonds through payroll deduction.



Special end-of-year congratulations at Fisher Body went to Shirley Armstrong of Adrian, highest seniority female employee. She was hired March 15, 1965, as a sewing machine operator in the trim fabrication plant.

Guy Property Is Purchased

Purchase of the Guy property on E. Pottawatamie St. for off-street parking was approved by Council Tuesday night.

The lot, costing $4,000, will be bought out of the parking meter surplus fund of $7,000.

Harvey Vogt Transferred to Hamilton

There are two promotions this week affecting Tecumseh Fisher Body.

Personnel Director Harvey Vogt is moving to a similar capacity at the Hamilton, Ohio, plant.

He'll be succeeded in Tecumseh by Robert E. Webb, who comes from the Cleveland metal fabricating plant, where he was labor relations representative.

Making announcement of the changes was Kenneth H. Middleton, general director of personnel for Fisher Body.

★

BORN IN Erie, Pa., in 1916, Mr. Vogt graduated from high school there and then attended the University of Pittsburgh. He majored in accounting and graduated from Pittsburgh in 1938 with a degree in business administration.

He began his career with Fisher Body as a payroll auditor at the Cleveland metal fabrication plant in 1940.

Promotions in the accounting department to senior clerk and then accountant led to his transfer in 1952 to the plant's personnel staff.

In 1953, Mr. Vogt was made a labor relations supervisor, and he became assistant plant personnel director at Cleveland in 1955.

In January, 1965, he was named director of the new Fisher Body trim plant in Tecumseh, the position from which he is promoted.

Mr. Vogt is married and has three children.

★

A NATIVE of Cleveland, Mr. Webb completed his high school education in 1944 at University School in Cleveland, and received a bachelor of arts degree in Sociology from Yale University in 1954.

He served in the Army from 1944 to 1947 and from 1950 to 1953, attaining the rank of captain.

He began his career with Fisher Body as a senior clerk in 1954, in the personnel section at the Cleveland metal fabricating plant.

Later that year, he was promoted to a labor relations representative.

In 1955, Mr. Webb became a supervisor of labor relations and was promoted to assistant plant personnel director in February, 1965.

He is married and has three children.

Wrong Way Cars Will Get Tickets

One-way traffic came to Tecumseh in a flurry Tuesday — with the confusion on Ottawa and Evans apparent as motorists drove around barricades and police spent most of their time flagging down violators.

No citations were issued — but starting at noon Thursday, violators will be ticketed.

Evans runs southbound from St. Peter's Church to Kilbuck St.

Ottawa goes north, between the Kilbuck and N. Evans intersections.

Stop signs on Ottawa at Logan and Shawnee have been removed and a traffic light installed at Chicago.

Turns are permitted off Chicago onto Evans and Ottawa.

Pfc. Wayne F. Sisty, son of Mr. and Mrs. Raymond Sisty, 3841 Kaistr Rd., was wounded in action while serving with the Third Marine division in Vietnam Dec. 8. He is a patient in a U. S. hospital at Da Nang. A Clinton High School student, Sisty enlisted in the Marines Jan. 4, 1966.

New Year Starts Right for Drivers

Most Tecumseh drivers started the new year off right as the police here investigated just two accidents since Sunday.

Most serious of the mishaps occurred just before noon Sunday when Lillard E. Brown, 39, of 215 Chippewa St. and Glenn L. Green III, 20, of 208 Pine St., collided in the intersection of E. Pottawatamie and Park Sts.

Both drivers suffered bumps and bruises.

Brown was cited for failure to yield the right of way.

Also Sunday in the downtown area, Scott C. Edwards, 17, of 500 N. Maiden Lane, backed into Gary D. Hall, 18, of 116 S. Evans St. Both cars were parked at the curb, and the mishap was minor.

Four Injured on Toboggan

Four persons were injured when their tobboggan hit a tree at the Irish Hills Sports Park at 4 p.m. Monday.

Taken to Herrick Memorial Hospital were Marlin Robison, 22, of Toledo, Ohio with leg injuries; Carol Willis, 16, of Monroe with neck and chest injuries; Debra Skoda, 7, Warren with back injuries and Mrs. Gloria Lietz, 46, of Warren with leg injuries.

'Instant Show Biz'

By CAROL HOWELL

Free lessons in "Instant Show Business" start this week for the cast of Jaycee Follies of 1967.

Director Edward H. Horner, Jr., ran through the two-act musical revue for the benefit of 60 potential performers Tuesday night.

Mr. Horner, a professional director with extensive television experience, represents the Jerome Cargill Producing Co., of New York, which supplies scripts, costumes and arrangements for the production.

Tuesday's kickoff meeting at the Tecumseh Grange Hall attracted singers and dancers of all ages.

Many solos and most of the major chorus roles were filled at the meeting, but some openings still remain.

Teenage dancers, particularly boys with some gymnastics experience, still are needed for one specialty number.

Rehearsals began Wednesday morning and casting will be completed by the end of the week.

The show will run for three nights this year, Jan. 19, 20 and 21, at the Tecumseh Products Union Hall.

Some of last year's favorites will be back in the spotlight. Many other soloists — some new faces, some well-known, but new to the Follies—have signed up.

Again, the Follies' committee promises a few surprises.

Tickets for all performances are on sale now at Flanders Music, Don's Beef Buffet, F. W. Woolworth's, Helms' Furniture and Tecumseh Office Supply.

Follies proceeds are to be used this year for Jaycees' community development and youth programs.

That special Christmas Eve display at the **James Vanzo** home, at the corner of Union St. and Chicago Blvd., was really a swinger. Placed along each edge of their sidewalk and up to their front door were a series of what appeared to be glowing Japanese lanterns, right on the ground.

Actually, they were opened paper sacks with kitty litter to give them weight, each containing a lighted candle. The effect was quite unusual, staying bright for several hours.

Mrs. Vanzo says that in Anderson, Ind., most of the residents do this, giving a breath-taking appearance to the community the night before Christmas.

The engagement of Carol Ann Davenport to Timothy L. Rinehart is being announced by her parents, Mr. and Mrs. Willis Davenport, 1351 Taylor Rd. Mr. Rinehart is the son of Mr. and Mrs. George Rinehart, 1203 Murray Dr. Both young people are 1966 graduates of Tecumseh High School. Miss Davenport is attending Northwestern Michigan University at Traverse City. Her fiance will leave for basic training at Fort Knox, Ky., Jan. 9. Wedding plans have not been consummated.

Grosse Ile To Invade Local Gym

Grosse Ile, upset winner over Airport and runner-up in a holiday tourney last week which included some of the best teams in the Detroit area, invades the Tecumseh gym here Friday night.

Tecumseh is tied for first in the Huron League with Airport, both sporting 2-0 records. GI is 1-1 but has developed into a title contender with recent wins over the Jets and Flat Rock.

Kenneth Lathrop Two Gallon Donor at Bloodmobile

Kenneth Lathrop of 3910 Kaiser Rd., was a two-gallon donor when the Bloodmobile visited the Tecumseh Products Dec. 21.

One-gallon donors at the same time were Harold Iffand of 608 Stacy St.; Janice Peters of 215 Clark St., Clinton; Duaine M. Murphy of 302 W. Pottawatamie, and Hazel Boss of 708 N. Evans St.

Donors gave 185 pints of blood in the successful Bloodmobile visit.

Disappearing Street Signs Pinch Budget

Problems of stolen and damaged street signs were presented to Council Monday night when officials learned the budget for signs was nearly exhausted.

Cal Zorn, city manager, said there are 11 intersections without street signs, some without stop and miscellaneous signs.

Mayor Harold Easton told Zorn that traffic control and safety signs should definitely be erected and other councilmen agreed.

Estimated costs for signs at intersections run between $50 and $60, including installation. A single ordinary stop sign costs $18 installed.

Car Passenger Apprehended

Dennis L. Schultz, 22, formerly of 703 S. Evans, and now of Maybee, finally had his day before Justice Ernie Oliver last week.

Schultz was recognized last week while a passenger with another youth and was arrested. He was told that there were warrants at both the police station and at the justice's office.

En route to the station, he picked up a drunk and disorderly charge to go along with the other citations.

His fines were: expired operator's license, $10; expired operator's license, $10; unsafe start, $10; drunk and disorderly, $59.90.

He was committed to the county jail for failure to pay the fines.

3 Appointed

Three appointments were made by Council Tuesday night.

Mrs. Edwin E. Goller was reappointed to the Board of Review, and Cecile Smith and Perry Satterthwaite to the Election Commission.

Arnold Reister has been a patient at Bixby Hospital since Friday.

City Council Gets Tough

Council has approved a get-tough policy on the New York Central Railroad's failure to fix crossings in the downtown and on Adrian St.

City Manager Cal Zorn told officials Tuesday night that requests sent to Toledo have apparently gone unnoticed.

Officials discussed a public hearing possibility before the Public Service Commission at Lansing unless the railroad responds to an authorized letter from James Beardsley, city attorney.

Golf Lessons To Start Soon

Golf lessons will begin January 17 and 18 at the Community Center with Deed Eldredge again as the instructor.

Don Moffatt announced that lessons will be held Tuesday and Wednesday evenings between 7 and 8 p.m. and 8:30 and 9:30 p.m. at the Center.

Mr Moffatt said that this is the third year Mr. Eldredge has taught the lessons and he is a "tremendous man."

Registrations are being taken at city hall for the six-weeks course for $5.

Julie and Guests Break Balloons at Birthday Party

Mr. and Mrs. Donald Judd entertained for their daughter Julie's fifth birthday anniversary last Monday.

Julie's guests included Laura Rodgers and Laurie Hall of Britton and Kelly Martin, Wally Foster and Todd Palmer, neighborhood friends from Blanchard St.

The youngsters played games and had fun breaking balloons.

A decorated cake, ice cream and punch were served.

Mrs. Judd was assisted by Mrs. Patrick Bolen of Bellville, Mrs. Thomas Judd of Tecumseh and Mrs. Elmer Eberhardt of Britton.

R. BRUCE KING

GREGORY KING

King Boys Graduate

GREAT LAKES, Ill. (RHTNC). Seaman Recruit Gregory W. King, 20, and Seaman Recruit R. Bruce King, USN, sons of Mr. and Mrs. Robert B. King, Jr., of 411 S. Adrian St., have been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of naval service, they studied military subjects and lived and worked under conditions similar to those they will encounter on their first ship or at their first shore station.

In making the transition from civilian life to Naval service, they received instruction under veteran Navy petty officers. They studied seamanship, as well as survival techniques, military drill and other subjects.

Both young men were members of the Bluejacket Choir while at Great Lakes. They were transferred to Jacksonville, Fla., where they are attending aviation electricians mate school.

Arriving home Dec. 17 for the holidays, the King boys returned to Jacksonville Jan. 3.

Mike McLoughlin, three-year-old son of Mr. and Mrs. Charles McLoughlin, 726 N. Union St., is a patient at the University Medical Center, Ann Arbor. His condition is slightly improved but diagnosis is still incomplete. His address is 11th floor east.

MRS. ROBERT H. TOOMAN

Patricia Ann Warner Marries Robert Tooman

The Rev. Fr. Thomas Collins performed the double ring ceremony Saturday afternoon uniting Patricia Ann Warner and Robert H. Tooman in marriage. The altar of St. Elizabeth Church was graced with poinsettias and greens.

Parents of the couple are Mr. and Mrs. William Warner, 303 Herrick Park Drive and Mr. and Mrs. Harold Tooman, 503 Orchard Lane.

As the bride approached the altar with her father, she wore a floor length A-line gown of satin brocade with coachman style detachable train. Her elbow length veil of French illusion was secured to a satin crown and she carried a cascade bouquet of carnations and roses.

The bride's grandmother, Mrs. Arlo Warner of Clinton, made the bridal gown.

Mrs. Terrence Beland was her sister's only attendant. She wore a floor length gown of emerald green velvet similar to the bride's.

Thomas Tooman, brother of the groom, served as best man and the guests were seated by Cecil Stanley and Terrence Beland.

A reception was held in the school auditorium.

The groom's parents gave a rehearsal dinner Friday evening at Don's Beef Buffet.

Following a honeymoon in Philadelphia, Pa., the newlyweds will live at 209 E. Michigan Ave., Clinton.

Episcopalians Will Celebrate the Epiphany

The celebration of the Feast of Epiphany will be observed at St. Peter's Episcopal Church with two services, the first on Friday, Jan. 6 at noon and the second on Sunday Jan. 8 at 7:30 p.m.

The Sunday service at 8 a.m. will be the Holy Communion with Morning Prayer read at 10 a.m.

In the afternoon junior and senior high young people from the ten parishes of the Southwest Convocation will meet in Tecumseh for discussion and supper closing the day with a service of the "Feast of Light's" in the Church.

Local officers of the Episcopal Young Churchmen of St. Peter's, who will host the gathering are Trudy Curtiss — president, Roy Schlegel — vice president, Jeffrey Barritt — secretary and Laura Brown — Treasurer.

New Year's Guests

Mr. and Mrs. Allen Reister of Onsted were New Year's Day dinner guests of his parents, Mr. and Mrs. Wilson Sawyer.

Ann Metcalf and Dana Czmer Speak Vows

Poinsettias were used on the altar of St. Mary's Church in Adrian for the wedding of Ann Metcalf and Dana Andrew Czmer Thursday evening.

Parents of the couple are Mr. and Mrs. Jack Metcalf, 308 E. Logan St. and Mr. and Mrs. Andrew Czmer of Adrian.

The Rev. Fr. Roger Stanley performed the ceremony.

The bride wore an empire gown of silk face peau de soie fashioned with rose point lace bodice with scalloped neckline appliqued with seed pearls. The A-line skirt featured a deep hem with appliques of lace and the chapel train was also finished with a deep appliqued hem.

★

HER VEIL of French illusion was elbow-length and attached to a Dior bow. She carried a cascade arrangement of stephanotis and ivy centered with an orchid.

Candace Czmer, sister of the groom, was maid of honor in a floor-length gown of peony silk faille, fashioned with ruffled elbow-length sleeves and straight sheath skirt with floor-length panel back.

She carried balls of Elegance carnations and ivy.

Mary Gatecliff of Petersburg and Mary Cermak of Gladwin, sorority sisters of the bride, were bridesmaids attired as the maid of honor.

John Wilson of Adrian served as best man and the guests were seated by John Clauda and Raymond Forsthoefel, both of Adrian.

A reception was held at the Lenawee Country Club with Mrs. Jeffrey Wagner, Mrs. Malcolm Macraild, Mrs. Kent Naugle and Mary Parrett assisting.

Mr. and Mrs. Donald Parrett of Jackson and Mr. and Mrs. William Czmer of Adrian were hosts for the reception.

The bride is a senior at Eastern Michigan University and affiliated with Alpha Phi sorority.

The groom is a graduate of John Carroll University and a graduate student at the University of Michigan and affiliated with Alpha Kappa Psi and Alpha Sigma Nu fraternities.

The rehearsal dinner was given Wednesday evening at the Lenawee Country Club by the groom's parents.

The address of the newlyweds is 1009 Church St., Ann Arbor.

MRS. DANA ANDREW CZMER

Tories Finish 2nd

BRITTON — Last year's winner of the Deerfield Invitational Christmas Tourney, the Britton Tories, came home with the runner-up trophy this year.

Summerfield topped the Tories, 83-58, in the finals.

In preliminary contests, Britton took Deerfield, 73-69, while Summerfield was eliminating Country Day of Birmingham, 58-54.

The bigger and faster Bulldogs of Summerfield took an early lead against Britton and the Tories never could catch up.

At halftime the Bulldogs were out front, 52-29.

Gene Kwiatowski of Summerfield pitched in 27 to pace individual scorers. Ray Vershum had 19 for Britton, while Larry Ash got 14 and Jim Skelton 10.

★

IN THE opening round, Vershum led Britton with 20 points in the victory over Deerfield. Ten of his points came at the charity line.

Ash tallied 19, sophomores Jim Skelton and Dave Fairbanks each contributed 12. Lee Burnor led the Minutemen with 15.

It was the free throw accuracy of the Tories that produced the victory. Ash hit six straight times, missed one, then hooped another to end with seven-for-eight.

By a schedule quirk, Britton's next opponent will again be Summerfield, this time in River Raisin League play on the Bulldog court.

On Saturday evening, Britton travels to Adrian Catholic Central.

Hanneviks Host

BRITTON — The Rev. and Mrs. Gustav Hannivik were hosts to the Senior Choir members and director Mrs. William Raeburn at a Christmas party Tuesday evening after practice at the parsonage.

Mrs. Raeburn was presented with a gift from the group.

Robert E. Hart, Jr., spent a 27-day leave with his parents, Mr. and Mrs. Robert Hart, of 719 Seneca, before reporting for sea duty aboard the USS Intrepid, Dec. 16. Robert finished Sonar School in Key West, Fla., before his leave. After two months in dry dock, the aircraft carrier will leave for a 9-month cruise to Vietnam. His address is:

Robert E. Hart, Jr., STGSN
USS Intrepid (CVS-11)
O. I. Div. (Sonar)
FPO N. Y., N. Y.

WSCS Plans Busy Year

MACON — Mrs. Dean Moore opened the Dec. WSCS meeting by reading "Instant Beauty."

Mrs. Wade Scudder gave the prayer, Mrs. Jack Crittenden read the Christmas Story and Mrs. Charles Gorton told of the Life of Christ, using various symbols on the Chrismon Tree to tell the Life of Christ.

Mrs. Truman Jordan assisted her. Hallie Mehler accompanied on the piano as the group sang Christmas carols.

During the business meeting, it was announced that $130.13 was cleared from a supper the group served recently.

An invitation was extended from the Clinton Society to attend their Study Class on James and Peter I, beginning on Jan. 10 in the morning.

World Day of Prayer will be Feb. 10, Father and Son banquet March 18 and Mother and Daughter banquet May 6.

The Mary-Martha Circle will have charge of the decorations and plans for the Father and Son banquet and the Joy Circle will take charge of the Mother and Daughter banquet.

Mrs. Ronald Corl will plan the World Day of Prayer.

The Credit Union Dinner, to be held Feb. 25, was discussed. Hallie Mehler and committee served dessert.

Inter-School Dance Cupid Is Computer

CLINTON — The age of the computers has reached Clinton High School, where the Student Council is planning a computer dance to be held this month.

Students in Clinton and Tecumseh high schools will be given questionnaires to fill out. The answers will be fed into a computer, which will match boys and girls with similar interests.

Numbers will be sent to both schools and students will find the person with the corresponding number when they get to the dance and that person will be their date for the dance.

Clinton High School recently began using the Washtenaw County computer system for its payroll processing.

Theft Discovered at Clinton Woolen

CLINTON — Merchandise valued at $3,404 was stolen by thieves who broke into the Clinton Woolen Store Thursday night.

Owner of the store, Eldred Crawford of Tecumseh reported to Clinton State Police that he discovered that the store had been entered through a rest room when he opened for business Friday.

Several racks of clothing, sweaters, and a small revolver were stolen.

Will Show Vietnam Scenes

CLINTON — Slide "Scenes in Vietnam" photographed in Vietnam by Capt. Louis Meeks, will be shown by his mother, Mrs. James Meeks at the meeting of the Methodist WSCS Monday.

The program at 8 p.m. in the church is open to the public so anyone who has a serviceman in Vietnam may attend, Mrs. Meeks said.

Capt. Meeks, whose home is in Ann Arbor, is in charge of orthopedic surgery in the 93rd Evacuation Hospital near Saigon.

He has written home of varied experiences while working with doctors and nurses who volunteer their services in order to meet the medical needs, not only of the Vietnamese people, but also of natives of neighboring Laos and Cambodia.

Using the American medical equipment available to them, the doctors and nurses give all their spare time to this charitable medical service.

CAPT. MEEKS has acted as narrator for a series of films to be shown in American Medical Colleges concerning medical techniques in war conditions.

He has also appeared in a documentary television film which will be shown in the United States soon.

An article written by Capt. Meeks will appear in the American Medical Journal in February.

Capt. Meeks writes of the extreme danger of Salmonella poisoning and said that five of his fellow doctors cook their own food in a popcorn popper at the hospital, to be sure it is properly prepared.

An ammunition dump which is located 300 yards from his hospital has been exploded by the Viet Cong 19 times since he arrived there a few months ago.

Capt. Meeks will be assigned to Honolulu Jan. 17 for 30 days of rest and relaxation. He will be joined by his wife of Ann Arbor and a friend, Mrs. Thomas Diedrich of Lansing. Mrs. Diedrich's husband is also a surgeon in Vietnam.

Students Conduct Service

College students and service men conducted the Student Recognition Day services Sunday at the Methodist Church. The young adults were representative of the 29 students enrolled in 16 colleges and graduate schools.

During the service Dennis McClure gave the call to worship; Marcia Lord, the prayer of confession; Roger Beal, the student prayer; Glen Bow the Gloria Patri; Susan Bottorff, the scripture lesson; William Davis, Jr., the offertory and Jerry Hale, the benediction.

David Porteous and Barbara Wood spoke on the subject, "My Christian Faith on a College Campus."

James Lawson and Michael were members of the ushering team.

A reception for the students followed the service in the Fellowship Hall under the direction of Mrs. Herb Dillon.

Through My Window

1966 IN REVIEW — PART II

Last week we quit on the happy note of a good May vacation. June turned out to be a great welcome home month.

The first day was shiveringly cool but wrens, bluejays and cardinals made the bird watching busy. By the 5th things were busier yet — young robins and titmice, flickers, cardinals, goldfinches, a Baltimore oriole; pheasant and quail were heard but not seen.

On the 7th wrens signed the lease on the bluebird house and thus started a whole summer of good wren watching. The next two weeks found both Mama and Papa Cardinal faithfully patronizing the feeders.

Two half-grown woodchucks waddled by on the 25th and on the 27th we laughed at a pair of young squirrels. The month ended with a hot spell and another Baltimore oriole sighting.

★

JULY WAS one grand and glorious month of record heat waves. My, but it was hot! The 3rd was made noteworthy by the visit to the feeder of five young bluejays. We celebrated the 4th with Cassius Clay (Clara's black squirrel) appearing between rain showers.

Much excitement the night of the 13th when Fuller's barn burned. Young flickers and nuthatches busy on the 14th; wrens started feeding youngsters the 15th; and on the 17th we saw two different wrens, five flickers in the same tree and the kingfisher.

A red-headed woodpecker thrilled us on the 19th. Hummingbirds, a very young male cardinal and millions of grackles are notations for the 20th and the 24th the wrens were gone. The rest of the month was busy with all sorts of young birds.

★

AUGUST WAS a repetition of July both temperature-wise and bird-wise. Baby cardinals, bluejays, flickers, nuthatches, squirrels and woodchucks. A hairy woodpecker visited the feeder on the 1st and Cassius Clay returned on the 13th.

Kingfishers were noisy on the 17th and this was also the day we started seeing bald bluejays. Two hairy woodpeckers showed up on the 20th; Baltimore oriole the 21st; hummingbird the 24th; and on the 25th the squirrels started lugging walnuts away.

The big elm by the porch was cut down on the 27th; goldfinches, robins and kingfishers made the 28th a good bird day.

★

SEPTEMBER started out as a noisy month; kingfishers and flickers extra noisy on the 1st, owls hooting all night 2nd, 3rd and 4th and baby cardinals screaming to be fed on Labor Day.

A yellow warbler lit on the feeder the 8th. Cardinals very busy all month, youngsters still being fed on the 16th. First batch of robins congregated in migrating flock the 5th, we noticed the second big flock on the 18th and the next day a huge flock of grackles appeared.

Hairy woodpeckers showed up the 19th, three tufted titmice the 26th, and on the 28th a fat woodchuck waddled around the back yard.

★

OCTOBER'S first big news was on the 5th when a cedar waxwing peeked through our window and the 7th was exciting with humming birds, wrens and the least bittern.

Cassius Clay made several appearances, a laggard flock of robins showed up the 14th and on the 27th there were nine grackles — by the 31st the flock had grown till, very appropriately for Halloween, we saw nothing but black.

Our 10th month had some beautiful Indian summer days!

★

BIG BLIZZARD on the 2nd of November shocked everyone. Red-breasted nuthatch at Clara's and juncos at Touborgs. Titmice, cardinals, bluejays and all old regulars showed up during the storm.

Brown creeper on the 6th, squirrel with black face and flickers at feeders the 11th, a thunder and lightning storm the 17th plus a woodchuck — all part of November's fun.

★

AS ALWAYS, December's activities all pointed towards Christmas. And wasn't it nice that we had such a pretty white one? There were many birds around but somehow our main interest was indoors.

So it is that '66 turned out to be a good year—wonder what '67 will bring?

What About Zoning?

Editor's Note — This fourth in a series on zoning will relate briefly to the various districts in which the City is classified and will outline the intended types of activities allowed in each zone.

There are four classifications of residential land provided in the Zoning Ordinance. Two single-family zones are specified to allow primarily single-family homes, churches, schools, parks and activities directly related to residential neighborhood living.

The two lot size classifications (RA-1 at 9,600 square feet and RA-2 at 7,200 square foot minimum) are the primary differences in these two zones. The Ordinance also provides for a two family zone and for a multiple family zone for apartment development.

Four business classifications are established in the Ordinance. These are:

1. The Office - Service Zone (O-S) which is primarily designed to accommodate offices and office buildings and basic personal services.
2. The local Business District (B-1) is designed solely for the convenience shopping of persons residing in nearby residential areas. Activities allowed are of a light business nature.
3. The Central Business District (B-2) is designed to provide for a great variety of large retail establishments and related activities. This district is concentrated on Chicago Boulevard generally between Pearl and just beyond Wyandotte Streets.
4. A General Business District (B-3) is located on the westerly side of Tecumseh along W. Chicago Blvd. This district provides for a variety of heavy business activities, including automotive services and activities related to highway travel.

One industrial district classification is provided for in the Tecumseh Ordinance. Wholesale, warehouse and manufacturing activities are permitted in these districts which are concentrated in the southern portion of the City.

In addition to the nine districts listed, provision is made for a parking district. This will be utilized to allow expansion of parking next to business, industry or housing areas when space presently existing is not adequate.

This zoning district along with other parking requirements of the Ordinance will be discussed further in the next article of this series.

Touch of Past

By MAXINE CALHOUN

1887

1,075 Businesses Operate in County

A total of 1,075 businesses are in Lenawee County, according to statistics released by M. J. Templeton, district manager of the Toledo office of Dun & Bradstreet, Inc.

Founded in 1841 in New York City, Dun & Bradstreet now includes nearly 240 offices.

Today, D & B lists nearly 3,000,000 businesses and their current credit ratings.

Each year, all businesses, regardless of size, are asked to send copies of their financial statements to Dun & Bradstreet, whose reporters collect supplementary facts and profile each business in comprehensive credit reports widely used by suppliers, Insurance companies, bankers, and service concerns.

Gary Williams Completes Navy Basic Training

GREAT LAKES, ILL. — Navy Seaman Recruit Gary L. Williams, 19, son of Mr. and Mrs. Cecil L. Williams of 305 West Shawnee, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instructions under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Fund Silver Tea

Ruby Yuetter will present "Poems My Mother Taught Me" for members of the Women's Auxiliary to Goodwill Industries at a meeting Monday, Jan. 9, at 1:30 p.m.

The meeting will be held in the Goodwill Industries Building on East Beecher St.

Christmas Seal Drive Nears End

Contributions to the 1966 Christmas Seal campaign passed the $1,000,000 mark during the seventh week of the campaign and now stands at $1,200,000.

This is an increase of $58 000 over the same period at this time last year, reports Mrs. Ellen Ziegler, campaign chairman for the Michigan Tuberculosis and Respiratory Disease Association.

Although returns are ahead of last year, late contributions, mailed after Christmas, are needed to help the campaign reach its goal of $1,500,000, the association reports.

Part of County Joins Exchange

The Michigan Public Service Commission has authorized the Whiteford Telephone Company to enlarge the base rate area of its Lambertville exchange in Monroe and Lenawee Counties.

The company plans to add six square miles immediately west of the present base rate area, which will bring 189 business and residential customers into the base rate area where urban telephone service will be available without mileage charge.

'Italian Circle' Is Focal Point of Sports Cars

Scheduled as a focal point at the Henry Ford Museum's "Sports Cars in Review" show opening Jan. 13 is the "Il Circolo Italiano" (The Italian Circle).

This group will be assembled from the 50-plus sports cars exhibited at the show through Feb. 5.

Cars representing 75 years of sporting machines will be included in the regular admission charge to the Henry Ford Museum. Special hours during this winter show are from 9 a.m. until 11 p.m. daily.

Indians Fall in Tournament, But Chuck Thomas Sets Mark

By JIM LINCOLN

Tecumseh's domination of the annual ABHT tournament came to an end last week when the Indians were clipped by Adrian, 73-64, first loss ever by Tecumseh in the four-year-old event.

Coach Vic Lawson's club came back, lambasting Hudson, 95-58, for third place.

Blissfield, an 87-77 winner over Hudson in the opener, upset Adrian in the final, 79-75.

Poor starts at the beginning of the game and the third quarter were too much for Tecumseh to overcome against the Maples. Heavy fouling also cost the Indians. Two regulars, Dean Hebb and Steve Dalton, left the game midway in the third period.

Charlie Thomas not only sparked the Indians against the Maples, but set a 37-point tourney scoring record doing it.

Thomas, 6'3" center, dropped in 14 goals and nine of 12 free throws. His 37 points were four better than a record set last year by Blissfield's Jim Gibbons.

Thomas was easily the outstanding player in the tourney as he hit for 23 points against Hudson, 21 in the first half, and another ABHT record of 60 points and a 30-per-game average.

Tecumseh's lack of scoring balance was never clearer in the loss to the Maples. No other Indian broke into the double figure column as Tecumseh — excluding Thomas — found the basket closed tight.

★

COACH LAWSON'S team could easily have broken the 100-point mark against Hudson, but its 95 set another tourney record. The Tigers dropped out of contention in the first quarter when the Indians bombed away for 28 points.

When Tecumseh came back with 20 in the second quarter, Hudson was way down, 48-19, at halftime. Doug Bugbee and Hebb tallied 12 and 11 points respectively, as 12 Indians scored in the rout.

The 37-point spread was the greatest of any ABHT game, and the fact that Tecumseh did not zoom over the 100 mark can be attributed to frequent THS substitutions, early in the game, and allowing the reserves to play most of the second half.

Spotlight on Dairy

"Dairy Research In Action" will be the focal point of the dairy program of the annual Farmers' Week at Michigan State University, Jan. 30 to Feb. 3.

Research projects in progress at the Dairy Cattle Research Center on south campus will be on parade with live exhibits and researchers explaining how their work can benefit today's dairymen.

Comparison of open, covered and warm dairy housing will be discussed from the economic, engineering and management standpoints. Feeding, management and marketing will also be featured.

★

AWARDS AND recognition will be given for the high herds and cows on the Dairy Herd Improvement Registry testing program during 1966 at Monday's All-Breeds Dairy Banquet. The recipient of the Michigan Dairyman of the Year Award will be honored.

On Tuesday all aspects of the economics, engineering and management of cows in open, covered or warm free-stall housing will be discussed. Information on feed handling and labor requirements in the different housing systems will be given.

The electronic age will take the spotlight as dairymen will observe first-hand how electronic processing machines compute milk production records.

On the basis of only one day's milk production for each cow, the machine can rank the cows in the herd according to their producing ability.

The "State Fair in Winter" will be in store for the visitors as they view the grand champion dairy animals from the 1966 Michigan State Fair. The champion cows of the major dairy breeds will be on display in the Hall of Champions at the Dairy Center.

The "Dollars and Sense in Dairy Nutrition" will be stressed Thursday morning. Short discussions on many timely topics will provide information for the dairy farmers.

★

FEEDING PROBLEMS can be discussed with dairy nutrition researchers in the afternoon at the Dairy Cattle Research Center where numerous research exhibits will be on display.

The dairy program will conclude in Kellogg Center on Friday, Feb. 3, with the annual meeting of the American Dairy Association of Michigan.

Gordon Reuhl, manager of the American Dairy Association of California, will be the featured speaker.

The engagement of Eileen Louise Black to Bernard Eugene Rickard is being announced by her parents, Mr. and Mrs. David L. Black of Adrian. Mr. Rickard is the son of Mrs. Hayes Rickard, Jr., of Holloway. The bride-elect is employed at Miller's Dairy in Adrian and the groom-elect is employed at Stauffer Chemical Co. on Sutton Rd. The wedding date is not definite.

Dr. Dustin Is Elected

Dr. Richard Dustin was elected president of the Lenawee County Medical Society Dec. 27 at a dinner meeting at the Lenawee Country Club.

Others elected to office were:

President-elect — Dr. Frank Locke, Adrian.

Vice-president — Dr. Marvin Wolfe, Adrian.

Secretary-Treasurer—Dr. Richard Coak, Tecumseh.

State Delegate — Dr. Donato Sarapo, Adrian.

Installation will be held Jan. 31, with members of the Medical Society Auxiliary as guests.

Dr. Bradley Harris of Ypsilanti, president-elect of the State Medical Society, will be the speaker.

The speaker Tuesday evening was Dr. Vainutis K. Vaitkevicius, a cancer specialist at Wayne State University.

He used slides to discuss the "Morden Treatment of Cancer."

Auxiliary Will See Heart Cart Demonstration

The January meeting of Herrick Memorial Hospital Auxiliary will be held at the Community Center Tuesday, Jan. 10.

Dr. Richard Coak, chief-of-staff, will demonstrate operation of the cardiac resuscitation cart recently purchased for the hospital by the Auxiliary.

He will be assisted by Dr. Joseph Bachman of the hospital staff.

Dr. Coak's presentation is scheduled to begin at 8:00

Coffee and the regular business meeting will follow.

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U.S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading—not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

Mary Thompson Weds Gary Hizer

A pre-Christmas double ring ceremony performed by the Rev. Donald Porteous December 23 united Mrs. Mary S. Thompson of Omaha, Neb., and T-Sgt. Gary M. Hizer in marriage at the Methodist Church.

The bride is the daughter of Mrs. Lucile A. Duda Schaff and Frank Schaff, both of Omaha and the groom is the son of Mr. and Mrs. Walter Hizer, 503 Herrck Park Dr.

The bride wore a light beige wool suit of her own creation for the wedding. She was attended by Barbara Wood.

Allen Hizer, home from Norfolk, Va., served as his brother's best man.

Members of the family and friends attended a reception at the home of Mr. and Mrs. Ed Strelecky at 6666 Lenawee County Rd., Britton.

The bride is a secretary at Platte Valley Oil Co., Ralston, Neb., and the bridegroom is stationed at Offutt Air Force Base, Omaha.

The couple left Christmas Day with the bride's children, Rebecca and Scott, for Omaha

Awards Go to Scouts

The December Pack meeting of Cub Scout Pack 73 was held recently in the Fellowship Center of the First Presbyterian Church.

Ricky Butler and Ricky Marine presented the flags and led the pledge of allegiance to open the meeting. Cubmaster George Brady and committeemen Francis Packard, Harry Keller and Ronald Harper conducted a Bobcat ceremony for new Cub Scout Randy Iffland.

Russell Johnston, awards chairman, presented the following awards:

Gold arrow under Bear - Ricky Marine
Wolf Badges - Tom Cook, Greg Covell, Martin Harper, Danny Harrold Dale Johnston
Denner Bar — Tom Cook

The new pack committeemen and den mothers were introduced all new Cubs were presented pocketpieces.

Den Chief manuals were given to the Den Chiefs.

The Cubs decorated the Christmas tree with their hand-made ornaments and presented their parents with gifts they had made for them. Santa Claus arrived and led in singing Christmas songs, talked with the children and distributed treats.

Francis Packard gave an explanation of the rules of the Pinewood Derby to be held in January and Cubby was awarded to Den 2 with 100 per cent attendance.

Greg Illeck and Mike Ocamb retired the flags to end the meeting.

Dates for the next meetings include Roundtable in Adrian Jan. 5, Pack Committee meeting Jan. 10 and Pack meeting and Pinewood Derby Jan. 17.

VOICE of THE HERALD

Service Will Be Key

These are perilous times, the days of compulsory paper sack, trash and garbage pickup.

City hall could use a Solomon, Monday through Friday.

Starting this week, Tecumseh households are going the sack route, but from the yelps of protest we've been hearing while making our appointed rounds, the road is full of chuckholes.

A businessman: "We have a garbage disposal and incinerator. Where does that leave us?

A housewife: "We haven't had a pickup in more than a week. What are they going to do with all the stuff in the old refuge can? I'm not putting it in a paper sack!"

One gal suggested a march on city hall, but we think this is a little extreme.

Actually, our hearts go out to city officials and with fingers crossed we're hoping the collection in sacks from each house will work out to the satisfaction of the majority. We realize not everyone is going to be blissfully happy over any sort of garbage and rubbage pickup.

But the key to this sticky situation seems to be the service that folks are given by Modern Disposal, a new name for the old Dependable Garbage.

If it turns out to be super deluxe, the groans of unhappiness will gradually filter away.

However, should it continue in the former fashion — and we're concerned it might — there could well be that march on city hall by irate housewives.

Those Two Little Words

A lot of comment on the need for "fiscal reform" is being bantered about in Michigan.

Governor Romney says we need it. Members of the legislature agree. Only they're both pointing at the other fellow to say the fateful words.

Which are: "Income tax."

Nobody wants to risk having the horse-collar hung about his neck should the whole thing backfire. Advocating a state income tax could be like popping the cork off a bottle of champagne at a WCTU meeting.

Right now, Michigan has a tax structure that would do pride to the creator of a patch-work quilt, but hardly to the designer of firm fiscal responsibility.

Beer and liquor drinkers, smokers and motorists are belabored. But the biggest burden of all falls to the fellow who owns property, especially if he happens to be a retiree living on Social Security. Every taxing body goes after the land owner.

Ironically, often the fellow capable of helping to shoulder the cost of government — the regular wage earner carries the smallest segment of responsibility. Some king-size salaries get nicked real good by the Federal income tax, but when their owners don't have much property, they "take a walk" when it comes to state needs.

The most logical and fairest answer to fiscal reform appears to be a state income tax.

Now if somebody in Lansing will get enough courage to say those two words.

Medicaid Causes a Dither

Medicaid, the little brother of Medicare, seems to have everyone in a dither.

Closest to home, there are the supervisors of Lenawee County, who may have started to jump before they looked, and the medical society of the county.

Apparently, the various aspects of Medicaid are not fully known or understood. It is designed to give medical care for poor people of any age, whereas Medicare is for the aged. With state governments given administrative responsibilities, the execution of Medicaid varies greatly.

In Michigaan, doctor, dental, hospital, nursing home, drug and other benefits are available to an estimate 668,000 residents with no or low income — for example, a family of four with $3,540 in annual earnings is fully covered.

With the Federal and state governments scheduled to share the costs, Michigan entered the program last fall, only to have Governor Romney put a fast rein on it when he discovered Medicaid costs were skyrocketing.

In the meantime, the county considered how it might handle this and out came an idea to build a medical care facility, one mile west of Adrian. Supervisors took an option on a 20-acre site for the purposes — unfortunately not bothering to consult with county doctors.

Physicians wondered who might be responsible for operation of such a setup. Right now professional medical personnel is in short supply. Supervisors must realize this after the search they had to find a director for the county Health Department, never being able to get a physician to replace Dr. Eleanor Skufis.

The idea of a special wing on Bixby Hospital seems more realistic. This would eliminate the need for laboratories, physical therapy facilities and X-ray equipment.

One interesting sidenote to the problem, which brings heart to the supervisors, is that with Medicaid and other state health program enacted since 1964, county budgets in Michigan have been saved approximately $12.5 million.

Want More Farm Stories

"I don't know anything about farming, but I enjoyed reading about the beef raising at Brown's," said the lady behind the counter in a downtown business establishment.

Her mention was of the recent feature on the Kitty Kurtis Angus setup near Ridgeway, owned by the Curtis Brown family. The comment proved that city folks can find considerable interest in things agriculture.

So maybe it would be appropriate if we made at least one resolution for 1967—track down more good farm articles.

To do so, we'll need some help from our farm readers, who can provide us with tips on possible stories. We'll appreciate your visits to the office and telephone calls.

The Niels Hansen Memorial Foundation board of directors has been named.

Chairman — Arthur J. Collingsworth.
Vice-chairman — Robert J. Bonner.
Secretary — Mrs. Robert W. Bonner.
Treasurer — Mrs. Mervyn Boltz
Historian — Mark Renfro
Member-at-large — Michael D. Rohrer

The Foundation was established as a memorial to honor the memory of the late Niels Hansen, a German exchange student who attended Tecumseh High School in 1961-62. He was killed in an auto accident near Heidleberg, Germany in late November.

It now is raising funds to provide scholarships to promote student exchange programs and related projects.

The Foundation is inviting about 30 prominent Americans to comprise its board of advisors.

It has applied for incorporation as a non-profit group with the Michigan Securities and Exchange Commission.

Application will soon be made with the Internal Revenue Service to have contributions declared tax free.

Persons interested in promoting student exchange programs are invited to send contributions to

OUR READERS WRITE

TO THE EDITORS:

I've just completed reading the Sept. 22, 1966 issue of The Tecumseh Herald.

I have read the issue in the Voice of the Herald called "Sorriest on Record."

I agree 100% that the Council was not acting in a businesslike manner. The Council is supposed to act for the good of the people. But when they are pressured to the point where they snap at anything, especially the paper company proposal, they are not acting in a businesslike manner.

Any citizen who goes down town to buy anything and is pressured to make your mind up now or forget about it, should immediately look elsewhere to deal with.

I am 5,000 miles from the City of Tecumseh in the Army and I don't have that much say-so, because I am fresh out of high school.

But being fresh out of high school, I have noticed an awfully lot of mistakes. The Army is full of mistakes and is always asking for suggestions to help clean up these mistakes. I would just like to put in my two cents worth for all it is worth to show that those of us who are away from the City of Tecumseh do care about what happens.

I would like to see more articles on the City Council. I read the paper every week — I get it about a month late.

But it still makes good reading material for me to keep up on what is happening at home.

I am starting to work with a group on productions. Our group is small and have only done two productions so far. One was "Boyfriend" and the other a group of solos and singing groups.

Now we are trying to work more around the theatre and would like to ask the Tecumseh Players or anyone interested about help in technical things such as lighting. I know there are some great people back home who are great with things like this which we need.

We are interested in what you are doing and would like to hear about it.

We would appreciate it and could use the help. We would put it into our scrapbook and put a note beside it that we still have some friends in the States.

I will try to send any other information about our group that might interest you. Now we are working on the play "The Week Before Christmas," and will put it on Jan. 13.

Sincerely yours,

TO THE EDITORS:

On behalf of the Tecumseh High School Class of 1967, I would like to express deepest gratitude to you for helping us in our production of the senior play, "The Cinderella Complex."

The pictures and articles in the paper are greatly appreciated and we are sure that they account for the fact that we had a full house all three nights.

Thank you, again.

Long and Short

By TOM RIORDAN

Doctors think they're in the medicine business.

Plumbers imagine for them it's fixing pipes and furnaces.

Postal people figure their specialty is mail.

Reporters guess digging up news is their profession.

But they're wrong, as are a lot of others.

All of them are in the People Business.

That's what a fellow named Wendell Dillworth of Sales Training, Inc., said Friday at a Wayne State University Press Club Workshop.

And I think the guy is 100% right.

No matter what a person does, he or she is working with, selling to, or providing service for people.

Wendell's point is that doctors, plumbers, mail men, reporters, etc. should stay sharp in the way they deal with others.

The workshop covered many items, but Mr. Dillworth's "People Business" gimmick seemed to hit home harder than any of the others.

★

THESE ONE-DAY sessions at Wayne are always refreshing and lively — and never fail to bring to mind the first WSU workshop I attended, about eight years ago.

Asked to be a speaker, and talking on typography, I thought it would be fun to put the audience to work. With this thought in mind, I brought a bunch of miniature eight-column layout sheets along.

"We're each going to dummy up a front page," I oozed confidently, as a half dozen blanks were passed out to each of the audience.

Then I proceeded to outline the three mythical top stories of the week.

"There's been a $100,000 fire at the city hall. A new industry, which will employ 300, is moving into town and the wife of a leading businessman has disappeared."

The crowd seemed to like the idea and I suddenly became overly impressed with my genius.

"There are 75 persons here and we should have 75 different pages — and each can be good. As you finish, we'll analyze your page, I went on, strolling from the rostrum down the center aisle, feeling great.

"I'm done," came a voice from the last row.

The comment jarred me. How could anyone have finished a page layout in a matter of 30 seconds?

By then the fellow had neatly folded up his work and it was being passed along the row towards me.

Briskly stepping to the rear, I snatched the sheet from the aisle man, thinking to myself, "Who does this guy think he is? He's crabbing my act. I'm really going to cut up this layout."

★

RETURNING TO the microphone, I carefully started to unfold the sheet.

It was blank.

And I was slightly befuddled.

Then I noticed, in tiny block letters along the bottom edge of the sheet, a single line.

By now the room was in complete silence. Softly I read the words aloud. The mike picked up everything and when I was done the place was bedlam.

"No paper this week, editor burns down city hall, runs off with merchant's wife."

Churches Join for Worship

An ecumenical service of worship will open the worldwide Week of Prayer for Christian Unity.

It's being held on Wednesday, Jan. 18, at 7:30 p.m. in St. Elizabeth Catholic Church.

A "first" for Tecumseh, the service will include participation of several ministers of Tecumseh's churches.

The service will consist of a declaration of the intention of the Week of Prayer for the unity of Christian people "such as Christ wills and by the means that He wills," a reading from the New Testament, a litany, prayers and hymns.

Planning has been done by representatives of the Presbyterian Church, St. Peter's Episcopal church, Gloria Dei Lutheran Church and St. Elizabeth.

★

INVITATIONS have gone out to other congregations in the area.

The service and social hour following it are open to all.

The leaflet containing Scripture readings, daily meditations and intercessions is published jointly by the National Council of Churches, Department of Faith and Order, the World Council of Churches.

It is recommended by the Bishop's Commission for Ecu-

M. L. Dannells Gets Promotion to Vice President

M. L. Dannells, Jr., manager of the Decatur plant of York Division, Borg - Warner Corp., has been named a vice president of the York Corp., in York, Pa.

Mr. Dannells is the son of Mrs. Gertrude Dannells of 102 Tyrell St., Clinton and the late M. L. Dannells.

Before joining York in 1961 and going to Decatur, Mr. Dannells worked for Rubatex Division of Great American Industries in Bedford, Va., Copeland Refrigerator Corp., in Sidney, Ohio and Tecumseh Products, Tecumseh.

Mr. Dannells was cited by G. V. Patrick, vice chairman and chief executive officer of York, for having contributed significantly in placing York compressors for automotive air conditioning systems in first place with leading automobile manufacturers in the U. S. and abroad.

Farm Implement Dealer To Open

Al Hoag, Adrian, owner of an Allis-Chalmers farm implement dealership at Madison Center, has leased the Partridge building on W. Chicago Blvd. for a similar agency here.

Tecumseh's newest businessman says the A-C dealership here should be open for business about Feb. 1.

Giant Budd Plant Takes Shape Fast

Despite bitter cold weather, 80 construction people are speeding along with the $13-million Budd Co. disc plant south of Clinton.

Roger Elrod of Detroit, field superintendent for Barton-Marlow Co., the general contractor, says the project is on schedule.

The 152,800-square-feet plant is now under roof, permitting work on the interior, which now centers on pouring the concrete floor and six large washer pits, which will catch drippings from machines.

This phase should be done about Feb. 20, states Mr. Elrod.

Giant slabs of concrete—20x8 feet, six inches thick and weighing about five tons — are being installed as exterior walls This work should be done about Jan. 23.

A March 31 target date has been set for completion of the factory itself, with all site work to be done about the end of June.

Show Will Help Youth Programs

Proceeds from the second annual Jaycee Follies will go toward the development of new, and the expansion of existing, programs for Tecumseh youth.

The decision to earmark funds for this purpose was made at the group's monthly membership meeting Jan. 5, according to President Tom Morgan.

One standing project which will be expanded, with the help of the additional funds, is the Jaycee Relays, an annual spring event.

Last year's Follies' profits were donated to the Jaycee - inspired Football Lights Fund.

★

THE FOLLIES, a two-act musical revue, will open at the Tecumseh Products' Union Hall Thursday, Jan. 19. Curtain time is 8 p.m.

Additional performances are scheduled for Jan. 20 and 21.

The show features a variety of musical and comedy numbers, staged and directed by Edward H. Horner, Jr., a professional choreographer representing the Jerome Cargill Co. of New York, producers.

PICTURE PAGE 3

A cast of 75 local men and women will perform in the Follies of 1967.

"Their talents range from the truly gifted to the hopeless," says a spokesman for the group, "but that's the charm of the show."

★

"Professional costumes and professional arrangements make even the rankest amateur appear appealing, and our audience is always pleasantly surprised to discover that we do offer an occasional soloist of real ability," the representative added.

Follies tickets now are on sale at several downtown business places, or from cast members and Jaycees.

OLLIE MUSCH STANDS IN MIDST OF DEBRIS IN WHAT FORMERLY WAS BOILER SHED AND WORK ROOM

Cold Destroys Plants in Greenhouse Blaze

A four-hour fire caused nearly $20,000 in damages at the Tecumseh Greenhouses Sunday evening.

Owner Ollie Musch estimated that $5,000 of the loss was to plants killed by the cold and not covered by insurance.

The remainder was to the buildings and equipment, which were insured.

★

COMPLETELY destroyed was the boiler shed and workshop, where the blaze started at 6:15 p.m.

A scant 15 minutes earlier, Mr. Musch had checked the furnace to make sure everything was OK just prior to his and his wife's leaving for the evening in Toledo.

He had changed his clothes, was knotting his tie and staring out an upstairs house window when he noted what appeared to be a small red light on some plastic covering a section of one greenhouse.

At first, he took it to be the reflection of an auto tail light. Then suddenly, flames burst out in the furnace room.

He attempted to fight the blaze with a garden hose, but the heat quickly drove him back. His wife called the Tecumseh fire department, which in turn sought assistance from the Britton and Clinton departments. A whipping wind gave the volunteers considerable trouble.

They battled the blaze until nearly 10 p.m.

★

MR. MUSCH wasn't certain of the fire's cause, but guessed a leak in the oil line may have started it.

Greenhouse workers and people who dropped by to donate their services (see editorial Section C, Page 6) managed to save many plants by moving them into three of the six greenhouses which escaped damage.

Among those were 7,500 geraniums.

Between Christmas and New Year's Pat and his wife, Lou Ann, lived the lives of the wealthy on a fabulous Caribbean vacation. Starting Tuesday, Pat was back on his job, struggling to keep warm and dreaming of those past days of glory.

PERE MICHALON, a French priest active in the movement for Christian unity says, "The Week of Prayer will remind us that all the baptized, who are today divided amongst themselves, are called to Unity.

"Throughout the world, in Protestantt as well as in Catholic, Orthodox and Anglican churches, a great force of intercession will arise from all those who suffer intensely on account of the divisions among Christians."

Prominent among the daily intercessions are those on the first day for "the World Council of Churches and other councils of churches — for the World Evangelical Fellowship — for all movements and organizations serving Christian unity — for responsible teaching within the churches . . ."

★

A JOINT service of prayer and witness for civil rights was held in St. Peter's Episcopal Church in 1965 involving Episcopalians, Presbyterians and Roman Catholics.

This is the first local observance of the Week of Prayer for Christian Unity on an inter-church scale.

Hosts to the service will be the Rev. Fr. Thomas Collins, pastor, and the Rev. Fr. Leon Begue, assistant, of St. Elizabeth Church.

Refreshments will be served in St. Elizabeth School auditorium by the people of the parish.

Lloyd Stites Has Most Penny Votes

Lloyd (Tiny) Stites, representing the VFW, is the leading contender with the most pennies Big Chief Contest, held in conjunction with the Jaycee Follies. Each penny counts one vote.

At last count, Charles Houghtby is second, followed by Charles Gross, Dean Moore, William Steele, Eugene Skinner, Wallace MacGeorge, Robert Karle, Robert Hart and John Day.

The winning "Big Chief" will be crowned at the last performance of the Follies Jan 21 and his organization will receive a $25 savings bond.

Skating Party for Girl Scouts This Weekend

There's more fun planned for the Girl Scouts of the Tecumseh Neighborhood this weekend.

This will be the second Saturday afternoon of roller skating at the Skate Arena, Adrian, for Tecumseh Girl Scouts of all ages.

Half of the total number of troops skated last Saturday with the other half waiting their turn until this Saturday.

The skating session will begin at 2:30 and end at 4:30 p.m. Games are planned for all. Each Girl Scout should know her shoe size so she will receive the proper size in a shoe skate.

Troops skating this week will include, Troop No. 123, led by Mrs. Charles Staples; Troop No. 60, led by Mrs. Lavon Retan; Troop No. 329, led by Mrs. John Robinson; Troop No. 92, led by Mrs. Richard Steadley, the Brownie troop led by Mrs. Lee Phibbs and a new Brownie troop led by Mrs. Gerald Rendel.

Scout Troops led by Mrs. Floyd Slagh, Mrs. Robert Leathers, Mrs. Donald Escott, Mrs. Edgar Pistole and Mrs. Howard Kronberg's Brownie troop attended the skating session last week.

Directors Pick Cast

By LORI EGLI

Rehearsals are now in progress for the Tecumseh Players' forthcoming musical production of the year, "Annie Get Your Gun."

A great deal of both hard work and fun are in store for the cast during these next few weeks as they bring to life the characters created by Herbert and Dorothy Fields and the music of Irving Berlin.

Betty Jo Hancock, director of "Annie" is working along with assistant director, Dick Boyd, musical director, Gary Burgess, technical director, Ron Wisner, and choreographer, Eleanore Brown, to change "Annie Get Your Gun" from merely a collection of words and musical notes to a lively, entertaining and melodious stage creation.

Peg Geiger of Clinton has the lead as Annie Oakley with Bud Johnson of Tecumseh as the leading man in the part of Frank Butler.

The cast also includes:
Dolly Tate — Bertha Paige
Charley — Bob Murray
Winnie Tate — Beverly Fitzpatrick
Tom Keeler — Ray Aylesworth
Annie Oakley's four sisters and brothers —
Minnie — Marsha Gilbert
Jessie — Cathy Gresham
Nellie — Nancy Gentry
Little Jake — Mark Vanzo
Sitting Bull — Duane Steele
Pawnee Bill — Bill Frownfelder
Mrs. Potter Porter — Dorothy Wetter
Mac — Roland Von Kahler
Mr. Wilson — Warren Peck

Chorus — Bonnie Flanders, Debbie Frankhouse, Pam Sanderson, Lynn Gomez, Mary Johnson, Edna De Los Santos, Clarice Westgate, Bill Price, Diane Mannino, Tracy Mengerink, Leslie Otter, Mark Osburn, Dolores Turner, Ida Hartley, Sue Lamb, Bill Whiting and Tom and Rick Rohrer.

"Annie Get Your Gun" is filled with well-known tunes that will have the audience humming along with the cast to such songs as "There's No Business Like Show Business," "Anything You Can Do," and "Got the Sun in the Morning."

The musical will be presented in the Glass Room of the Community Center February 16, 17, 18, 23, 24, 25 and March 2, 3, and 4.

Physical Therapist Is Speaker

Barclay Hayes, physical therapist at both Bixby and Herrick Memorial Hospital, was the speaker at the Jan. 9 meeting of the Tecumseh Exchange Club.

He presented a film explaining the different types and methods of administering therapy.

Forrest Abner introduced the speaker to 19 present, including Dr. Graham Foster, who was inducted into the Club by Past President Robert. Hart.

The mid-winter conference will be held in Lansing Jan. 14.

SCHOOL MENU

Jan. 16-20

MONDAY — Scalloped potatoes and ham, string beans, fruit, bread, butter and milk.

TUESDAY — Hot dog, potato chips, fruit, relishes, and milk.

WEDNESDAY — Fish stick in bun, vegetable, fruit and milk.

THURSDAY — Sloppy Joe, potato chips, vegetable, fruit and milk.

FRIDAY — No school.

Obituaries

● **CHARLIE B. LEE**

Services were held Wednesday at the Proctor Funeral Home for Charlie B. Lee, 71, who died Sunday at 9:20 a.m. at Herrick Memorial Hospital where he had been a patient since Dec. 27.

He had been in ill health for three years.

He was born July 25, 1895, in Tecumseh and married Mary Alice Bowers March 29, 1952. Mr. Lee lived in the Tecumseh area almost all his life and retired from the Tecumseh Products Co. in 1963.

The family moved recently from 11150 Fisk Rd., north of Clinton to Manitou Beach but Mr. Lee was hospitalized at the time.

He was a veteran of World War. I.

Surviving are his wife; four sons, Richard Lee, Ernest Lee and Walter Lee of Bay City and David Lee at home; two stepsons, Harvey Bowers of Palmyra and Gary Bowers in Vietnam; two daughters. Mrs. William Lehman of Bay City and Alice L. at home; three stepdaughters, Elizabeth Bowers and Mrs. Donald Pinter, both of Adrian, and Joyce Bowers at home; 16 grandchildren, and two step-grandchildren.

A brother, the Rev, Francis Lee of Mason, and three sisters, Mrs. Melissa Nodine of Coldwater, Mrs. Lewis Winney of Jackson and Mrs. Lawrence Metzger of Elgin, Ill. also survive.

Three sons preceded Mr. Lee in death.

The Rev. Lewis Winney officiated and burial was in the Brookside Cemetery.

Pall bearers were Kenneth Uphold, Andrew and Paul Pinter, Bruce Nodine, Thomas Maupin and Darrell Richardson.

—o—

● **MRS. LETTIE STEVENSON**

Services were held Monday in Adrian for Mrs. Lettie E. Stevenson, 88, who died Friday at the Howard Nursing Home after an extended illness.

She was born in Pontiac in 1878 and married Robert J. Stevenson in Illinois in 1898.

They moved to Britton in 1918 and to Adrian in 1932.

Mr. Stevenson died in 1955.

Survivors include six sons, one daughter, five grandchildren and three great grandchildren.

Burial was in Brookside Cemetery with the Rev. Robert Ward officiating.

—o—

● **DAVID G. DIAZ**

Graveside services were held Friday at Brookside Cemetery for David G. Diaz, infant son of Mr. and Mrs. Julian Diaz, 103 N. Wyandotte St.

The baby was born Jan. 3 and died the following day at Herrick Memorial Hospital.

Also surviving are two brothers, Julian Jr. and Diego; two sisters, Diana Maria and Alvia Lisa, and the grandparents, Vicente Diaz of Laredo, Texas, and Mr. and Mrs. Pedro Gonzales of Bruni, Texas.

The Rev. Fr. Leon J. Begue officiated.

● **MRS. JAMES WENTZ**

Services were held Jan. 3 in Shelby, O., for Mrs. James Wentz, mother of Mrs. Arthur Bowser, 1351 E. Monroe Rd., who died Dec. 30.

Other survivors included a son, Don Wentz, of Shelby and another daughter, Mrs. Eleanor Sheehe of San Bernardino, Calif., eight grandchildren and seven great-grandchildren.

—o—

●**MRS. HAZEL M. O'HARA**

Services were held Monday at the Proctor Funeral Home, Clinton, for Mrs. Hazel O'Hara, 73, of Clinton, a former Tecumseh resident, who died at 12:30 a.m. Saturday at Herrick Memoriail Hospital where she had been a patient for five months.

She had been in ill health for the past year.

Mrs. O'Hara was born Sept. 12, 1893, in Clinton and lived her entire life in Lenawee County.

She married Russell O'Hara in February of 1910. He preceded her in death in 1958.

Mrs. O'Hara was a member of the Harmony Homemakers Club of Tecumseh and a former member of the Royal Neighbors of Clinton.

She is survived by two daughters, Mrs. Roy Maxwell of Jackson and Mrs. Donald Teegarden, 320 N. Pearl St.; one son, Robert, of Ypsilanti; eight grandchildren and a brother, Chester Sproull, of Vandercook Lake.

The Rev. George Miller officiated and burial was in Riverside Cemetery.

'Life' Is Subject of Lesson-Sermon

"Life" is the subject of this week's Lesson-Sermon to be read in all Christian Science churches Sunday, Jan. 15.

"Seek good, and not evil, that ye may live: and so the Lord, the God of hosts, shall be with you, as ye have spoken." This reference from Amos will be the Golden Text.

County 4-H Agent Outlines Progress Report Sheet Use

Mrs. Mary Hansen, Lenawee County 4-H agent, was the speaker at the meeting of the North Franklin Maidens recently.

She explained the use of progress report sheets.

The meeting was held at the home of Mrs. Ken Munger with the members sewing on their projects.

Ice cream and cookies were served by Elaine and Peggy Aebersold.

It's off to Sweden for Carol Kohler when her classes end at Tecumseh High School this spring. The 16-year-old daughter of Mr. and Mrs. Glenn Kohler, 203 Iroquois Dr., will be an exchange student under the Youth for Understanding program. Carol will make Sweden her headquarters and expects to do a lot of traveling there. Nearly a year was needed to make the arrangements. Carol is a THS junior. She hopes to have a Swedish girl return with her and spend the coming school year in Tecumseh.

2 Juveniles Damage Cars

CLINTON — Two Clinton boys, 11 and 13, damaged two new cars in the Underwood lot on Jackson St. Saturday afternoon. Two cars were started and slid together on the ice. A third car was started and the wheels were spun on the ice until one tire went flat.

Clinton State Police, who investigated, said the keys were in the cars.

The younger boy was remanded to his parents and the older boy is awaiting transfer to the custody of the Probate Court.

What Did McDowell Write Teachers?

TO THE EDITORS:

What are the FACTS concerning the Tecumseh school surplus? The Board of Education has circulated a letter which presents a somewhat different account than that which appeared on page one of the Dec. 22, 1966 issue of The Herald.

Although you may exercise rather broad prerogatives on the editorial page, do you not have a responsibility to your readers and the community to report the news as accurately and completely as possible?

I believe an expanded follow-up article covering this issue would only be fair to all concerned, including The Tecumseh Herald.

Very truly yours,
Clifford H. Lantz
403 Herrick Park Dr.

Editor's note — Here are excerpts from the letter Supt James McDowell issued to all personnel of the Tecumseh Public Schools:

"Last spring when the negotiating committees of the various school associations met with the board committees the latter presented the 1966-67 budget as they expected it to be and listed the expected balance for 1965-66.

"It was generally agreed by all parties that the contracts negotiated were the best possible at the time. Also it was further understood by the parties that if additional funds were available through state sources, adjustments would be negotiated.

"Early this fall the board was made aware of an increase in funds available for use this year. All of these unexpected funds came through circumstances that indicated that the increased balance would be available only one year and therefore could not be added to basic salaries since if not available for next year the Board would have to go to the public for increased taxes to meet the new contracts.

"These additional funds of about $79,000 came from larger balances from 1965-66, bookkeeping differences on the state level, teacher budget balances, inventory differences, decreased administrative charges, decreases in vocational equipment, prepaid insurance, decreased accounts payable, decreased vocational requirements, increased National Defense Educational Act Funds, increased county special education funds, decreased transportation requirements, and balances in miscellaneous small accounts.

"None of these monies are the result of the collection of increased local taxes.

"The Board on Oct. 17, 1966 voted to have its negotiating team meet first with the TEA negotiating team to discuss the unexpected funds and ask for help in the use of same.

"At no time was the word 'bonus' used in the negotiating talks to describe what the board and associations wished to do nor is the term a proper description of the extra pay check you will receive.

"Actually you are receiving a salary adjustment negotiated by your teams and the Board of Education teams in good faith as agreed upon by your representatives and the Board's representatives last spring, 1966.

"I would also point out that your Board of Education in the past has operated under the assumption that funds provided by the taxpayer during a current year should, if at all possible, be used in the current year to provide the best possible educational service for the children of this community since some, especially the seniors, are having their last chance at a good education in Tecumseh.

"Also, that large balances when presented on budgets to the Lenawee County Tax Allocation Board are used by county officials to present arguments for reducing the amounts collected by the schools which are a part of the 15 mill limitation and for increasing the portion which the county can collect for their own use. Large balances in some schools have worked to our disadvantage in the past and may again in the future."

Like Others, He's Lonely

TO THE EDITORS:

You will probably be surprised to be hearing from me. But I thought I would drop you a line or two now that I have got the time.

I just finished reading the Dec. 22nd issue of Tecumseh Herald. And I can't begin to tell you how much I appreciate having it sent to me. I really enjoy hearing about home.

Like most of the guys here in Vietnam, I'm pretty lonely for home and the ones I love. But the Herald sort of helps a lot!

At the present time I'm stationed at Red Beach. It's about 5 miles out of DaNang. And will be coming home the last part of August or the first part of Sept. Sure will be glad to leave here too!

Well I guess I better make this short. I'm sending a picture of Red beach and myself. Thought maybe you might like it.

Where Did Freedom Go?

TO THE EDITORS:

I have a complaint to make and intend making a lot of noise about.

They say we have rights and freedom here. Okay, I want to know what happened to them.

I went to pay my water bill the morning of Jan. 3 and asked about this garbage deal they are shoving down our throats. I asked if we "had" to take it whether we wanted it or not.

The lady said, "Yes".

Now mind you "had to".

I told her we didn't want it even after reading the threatening part they sent out about if you refuse to accept and pay this that your water would be cut off.

All right, now, I ask you, "What are our American boys fighting and getting killed for?"

This isn't freedom, it's "dictating".

They are telling us to do it or else.

Well, I refuse it. I wouldn't mind it if they said those who want it can apply for it at the water dept. But no, things are not done this way in our fair Tecumseh.

I spell this word with disgust and anger.

I intend making a stink out of this. If we don't what good is our freedom.

I don't like someone telling us where to or else.

Mrs. Donna Hurst.

Parcel Post Rates Rise Next Week

Increased parcel post rates go into effect Sunday.

They'll average about 10c a package, explains postmaster Jack Metcalf.

A new system of costs based on zones is being used, with emphasis placed on ZIP codes to determine the zone to which the parcel is headed.

New rates will range from 40c for a three-pound package for local delivery to 60c for Zone 3 (150 to 300 miles) to $1.05 for Zone 8 (more than 1,800 miles).

The new zoning method will also apply to air parcel post, catalogs and advertising.

Mr. Metcalf noted that all parcels mailed between the 64 post offices within the Jackson sectional center will be charged the Zone 1 rate.

New rates are expected to gross an additional $74 million annually.

Plan Causes Unhappiness

TO THE EDITORS:

How about a few lashes with a soggy straight jacket for one and all responsible for the Maze in Tecumseh. I believe they must be playing "Can You Top This" with those responsible for the Products Parking lot.

If the City SHOULD be paying these people, why not give them something to do more in line with their ability. Such as a good sturdy push cart for regular good old fashioned garbage detail.

But on second thought even a push cart wouldn't be safe on those one-way (Ha HA) streets, especially on the drag strip in front of the school and we would not want to endanger any of these brilliant minds now would we?

OUR READERS WRITE

'Same Old Gripe'

TO THE EDITORS:

I have been pondering this letter for some time. Angrily, but reluctantly I have decided to write it. This is the same old gripe that many Tecumseh taxpayers have had since the compulsory garbage system was made known.

Modern Garbage Co., alias Dependable Garbage Co., better known as "Undependable Garbage Co., certainly forgot their New Year's resolution, (or perhaps they didn't make one.)

Regardless, they started off the new year missing my house the very first day, (others were missed too, I'm sure). Tuesday is pick up day in our area. After two phone calls to City Hall, a personal visit from Mr. Zorn and the owner of the collection company, the garbage was finally picked up on Thursday. My garbage includes cans only. We have a disposal as well as gas incinerator.

To top it all off, I am told that 300 homes in the city failed to receive their bags and holders, due to a slight miscount! Right, our house was one of the 300!

I sympathize with those girls at City Hall, taking all the phone calls from irritated customers. They should not have to listen to the complaints. Perhaps certain city council members would like a few calls!

If things don't improve, I am in favor of the "March on City Hall" that was suggested in last week's editorial!!

While I'm in the griping mood, another major complaint is that of the "teacher bonus" money. Since part of this "excess" money comes from the substitute teacher fund, why doesn't the Board of Education give the substitute teacher's a two or three dollar a day raise in pay? Or better yet, that $50,000 should be left as is until a special need arises.

A Very Disgusted Taxpayer.

Oliphant Is Retired

By DOROTHY GRIGG

Duncan Oliphant, chief electrician for more than 30 years at the Tecumseh Products Co., retired Dec. 30.

Duncan Oliphant at the time that he received the Silver Beaver, highest award presented by the Boy Scouts of America.

The first Tecumseh man to be hired at the, then new plant, Mr. Oliphant began work Oct. 6, 1934.

"We did anything there was to do and we stayed until the job was done, even though it may have taken 24 hours. We had no quitting or starting time," said the retiree Wednesday.

"We were on call 24 hours a day, so frequently we went back to the plant at night," remarked Oliphant recently back from a week's trip to Michigan's northland in a new camper.

The trial run with the camper proved to be most successful though Dunc and his beloved wife, Lela, decided the ice was much to thin for fishing. Dunc told his wife, "I'm not going to drown the first week I'm retired."

★

PLANS for using the camper are high on the Oliphant list of things to do — Soon after the annual Scout officials dinner in February, they plan to go to Florida for a month to see his brothers and a host of friends. Rock hunting will take them to Ruby Valley in North Carolina and the ice fishing bit won't be neglected or the hunting. All of these hobbies, along with scouting (he received scouting's highest award, the silver beaver, in April 1964) have kept the Oliphants busy over the years and if the past week is any indication they will be even busier in coming ones.

Well liked by fellow employees and associates, Oliphant was feted at two events prior to his retirement. Both were arranged by his successor, Dick Beasley, assisted by Jack Clark and Kenneth Hunter.

★

OFFICE personnel and vendors at the plant gathered at the Elks Club in Adrian and presented the new retiree with a portable television with power pack for his camper. He can see his favorite show even while fishing.

Fellow employees gave him an "Around the World" six band radio the following day at the plant.

After 32 years and three months at the Products, Mr. Oliphant hopes to keep busy though he remarked Wednesday morning, "It doesn't seem to me after this short time of retirement that I get as much done that I want to as I did when I was working."

A person with as avid an interest in his community as Dunc Oliphant and as many interests as he has will certainly have no difficulty in filling the hours of his well deserved retirement years.

Tom Cook Is Scoutmaster

Tom Cook will be the new Scoutmaster of Boy Scout Troop 73.

Committeeman Bill Frownfelder says that Tim is "raring to go."

A meeting of parents and friends of the Troop will be held Tuesday, Jan. 17, in the Scout Cabin at 7:30 p.m.

Those having a boy 11 years old, interested in Scouting, are invited by the Troop committee to attend.

You Told Us

By DOROTHY GRIGG
Herald Society Editor

The Art Holdridges know Christmas is over but the Christmas tree lights are still winking from their front window and will continue to do so until Jerry comes home.

Cpl. Jerry Holdridge wrote that he expected to leave Vietnam and be back home this week so his Mom promised that she would leave the tree up until he arrived.

After a year over there, certainly the family is anxious for his return and to see his face when he opens the garage door on the surprise they have for him. After a 30-day leave, Cpl. Holdridge expects to go to Camp Lejeune, N. C.

The Holdridges haven't flipped. They are just waiting for the Marines — their Marine — to land.

√

Richard Milosh, son of Mr. and Mrs. Harold Milosh, returned Jan. 2 to Fort Knox, Ky., to continue basic training after a 17-day leave here with his parents. Other houseguests at the Milosh residence were her sister and husband, Mr. and Mrs. H. A. Stack and daughter, Alice, of Buckley. Two other sisters spent some time with the family during the holidays. They are Mrs. Nathan Green and Mrs. Lucile Dickerson of Adrian.

√

Mrs. Loarn Forrester was in Lansing Sunday to visit her mother, Mrs. Florence Ehlinger.

√

Mr. and Mrs. Otis Drake, parents of Mrs. Duncan Oliphant, of Brooklyn, will observe their 65th wedding anniversary Thursday and a family dinner will be held at their home Sunday.

√

SN Robert E. LaPrad of the Navy left Friday for Long Beach, Calif., after a 10-day convalescent leave with his aunt, Mrs. Margaretta M. Brisbin. He will go to the USS Haven hospital ship until approximately Feb. 1, at which time he expects to return to his regular duty.

√

Dr. Carlos Knisely will attend the annual winter post-graduate course at Kellogg Center, Michigan State University Jan. 24-25. The latest veterinary techniques will be covered.

√

Mr. and Mrs. Eugene Wraight of Tampa, Fla., formerly of Tecumseh, are the parents of a 7-lb., 4-oz. girl born Dec. 17. Grandparents of the little one are Mr. and Mrs. Duane Creger and Mr. and Mrs. Ivan Wraight of Tampa.

√

Mrs. Robert Hoekstra and daughters, Susan, Peggy and Betty Leighton, spent the holidays in St. Petersburg, Fla., with Mrs. Hoekstra's father, Ford Exelby. They also visited a cousin Mrs. Quilla Reed of Decatur, Ala., and her husband. She is formerly Esther Exelby. They also called on Mr. and Mrs. L. P. Cushman. Mr. Cushman was the Britton High School superintendent at one time. His wife is confined to her bed with a fractured hip.

Mrs. Hoekstra and the girls were caught in London, Tenn., in a snowstorm, but were fortunate to obtain a motel. More than 300 persons were stranded there, most staying in churches.

√

Mr. and Mr. Robert Bowers have returned from Clearwater, Fla., where they spent Christmas with his mother. While there, Dr. Bowers and Charles Trickey played golf together at the Eastwood Bay Country Club. Mrs. Bowers said the weather was wonderful even though Dec. 25 was the coldest since 1950, down to 34 degrees.

Mrs. Walter Kirk of Port Clinton, O., is visiting her sister, Mrs. W. G. Waldron, here for a week.

√

The family of Mr. and Mrs. Douglas Hall has returned after spending some time in Pinellas Park, Fla., as houseguests of her parents, Mr. and Mrs. Leon Vealey.

√

Tecumseh was well represented at the inaugural ball Jan. 2. Among those attending were Mr. and Mrs. John Snyder and daughter, Jan, Rick Rohrer, Dulcie Robinson and Burkhardt Ruffer, the Leslie Calhouns with daughter, Cindy and Kathy Hall. The Wayne Blanchards and daughter and Gary McNichol of Adrian, Hugh Walter, Pam Eggleston, Mr. and Mrs. Robert Bonner and Robert and a friend were there and met Governor Romney in his office as well as at the ball.

√

Van R. Flanders, son of Mr. and Mrs. William Flanders, has been promoted to the rank of sergeant. Sgt. Flanders, now beginning his 19th month of Army service, is presently stationed in Korea, where he is a missile tracker and radar operator.

√

Pfc. James A. Creger has returned to Ft. Knox, Ky., after visiting relatives in the area for two weeks. He visited his grandmother, Mrs. Bert Creger, and a sister and husband, Mr. and Mrs. Ernest Clemens and their son, Larry.

Mrs. Bert Creger spent Monday at the home of her granddaughter, Mr. and Mrs. Gerald King and son, Joey.

√

Janet Martin arrived home December 28 from Denver, Colo., accompanied by James Springer, also of Denver. After a visit with her parents, Mr. and Mrs. Don Martin, the couple left again for Denver January 1.

√

Mr. and Mrs. Paul Snyder and children of Buncombe, Ill., were house guests of their parents, Mr. and Mrs. Oscar Snyder, here and Mr. and Mrs. Seaton Dove, in Adrian over the holidays.

√

√

Mr. and Mrs. Yale Kerby have returned from Clearwater and Tampa, Fla.

√

Dr. Harold Ocamb has returned from 10 days moose hunting near Oba, Ontario, Canada, 250 miles north of the Straits. He was disappointed in getting an animal, though there were thousands of tracks. Snow was waist deep and it was necessary to use snow shoes and a snow-mobile to hunt. With absolutely no wind, the moose could hear the hunters and kept far in advance of them. Better luck next time, Doctor.

√

Mr. and Mrs. Gene Williams and children returned Sunday from three weeks vacation in Port Charlotte, Fla. with his parents, Mr. and Mrs. Richard Williams. While there they toured the Keys.

√

Pvt. Daniel L. Wiemer has returned to Ft. Carson, Colo., after spending the holidays with his wife, Barbara, and his parents, Mr. and Mrs. Walter Wiemer.

Lessons will be given Tuesdays from 7 to 8 p.m. and Wednesdays from 8:30 to 9:30 p.m.

Registrations for the six weeks course are being taken at city hall with a fee of $5.

Vocational Direction Is Needed

Mrs. Margaret Kaiser of the Vocational Guidance Council of Lenawee County spoke at the meeting of the Women's Society of the First Baptist Church Monday evening in the Youth House.

The subject of her talk was "Understanding Our Need For Vocational Guidance."

Mrs. George French, president of the society, was impressed with Mrs. Kaiser's talk and recommended that other groups in the city secure her service for their meetings.

Mrs. David Champanois presented devotions emphasizing her subject with the use of a picture, "Christ in the Shadows."

Mrs. Richard Carter dedicated the love gift of $23.70.

The Ruth Circle with Mrs. George Burkhard, leader, were hostesses.

Mrs. Lillian Hoagland was hospitality chairman.

Due to the death of the sunshine chairman, Mary Snedecor, Mrs. Robert Gillespie was appointed to the office.

Refreshments were served from a lace-covered table centered with a blue centerpiece flanked with lighted blue tapers.

LEADS SCOUTS — Judge Rex Martin of Adrian has been elected president of the Wolverine Council of Boy Scouts.

Test of Ordinance Constitutionality To Be Tried Friday

Frank Horton's case with the City of Tecumseh comes to trial Friday morning at 9:30 when Judge Rex Martin will hear the case in Circuit Court.

City officials have attempted to force Horton to tear down an addition at his house, a partially completed addition which officials say violates zoning ordinances.

Horton's attorney believes the zoning ordinance here is unconstitutional and unfair, while city officials feel otherwise.

Judge Martin will hear the case without jury and decide whether certain zoning ordinances here are unconstitutional.

Mothers of Twins Discuss Fabrics

Mrs. Ronald Pawson, seven members and a guest of the Mothers of Twins Club met at the home of Mrs. Richard Upell Monday evening.

Four members, Mrs. James Hite, Mrs. Kenneth Koons, Mrs. James Hubbard and Mrs. Franklin Sandhoff plan to attend the state board meeting in Detroit Jan. 19.

Care of clothing, new fabrics and how to gett the most for your money was the topic of the evening.

Mrs. Lawrence Cote of Fabricare was the speaker.

Mrs. James Hite served gingerbread and whipped cream with coffee and tea.

The next meeting will be held Feb. 13 at the home of Mrs. Sandhoff with each member bringing a guest. Party bridge will be played.

Three Injured in Car Crash

One teenager and two youngsters were injured here Monday night when their car crashed into a parked auto on Adrian St.

Hospitalized were Deborah Osburn, 17, of 5815 Green Hwy., driver of the car, and her two sisters, Denise, 9, and Darlene, 11.

Deborah suffered a cut lip, was treated and released. Denise sustained a broken left wrist, and Darlene, fractured nose and lacerations. Darlene was expected to be released from the hospital Wednesday.

According to the Tecumseh police, Miss Osburn was driving south and hit a parked auto, owned by Leslie A. Moore, 38, Hudson. The impact knocked the parked car approximately 35 feet over the curb.

Miss Osburn was cited for failure to have her car under control.

A resume of other mishaps is:

Jan. 5. — Ambrose W. Clay, 608 Murray Dr., reported his car damaged while parked in the Tecumseh Products parking lot.

Jan. 5 — Sharon Ann McVay, 17, of 306 N. Van Buren, was cited for failure to yield right of way after an accident with Charles R. Duncan, 27, Clinton, at the intersection of N. Evans and Brown Sts. Both cars were extensively damaged in the collision.

Jan. 7 — Police cited Harold Lee Robison, 33, of 6004 E. Monroe Rd., for leaving the scene of an accident after he lost control of his car on Rogers Hwy., spun around and off the road, and then striking a tree. Police located him at his home and took him to Herrick Hospital for treatment of minor injuries.

Jan. 7 — Luke Somerlot, five-year-old son of Mr. and Mrs. William R. Somerlot, 1005 Shady Lane, started his parents' car in the Kroger parking lot. Before the mother could brake the auto, it hit a parked car owned by Donald Begley, 703 Seneca St.

Jan. 9 — Robert L. Foreman, 23, Holloway Rd., pulled from a private drive on S. Maumee St. and hit a car driven by Joanne Bruce, 29, Britton. He was charged with failure to yield right of way.

Jan. 10 — Muriel D. Harper, 33, of 602 Cairns St., scraped a pickup truck on Patterson St. Minor damage was inflicted on the car, none to the truck, owned by a Jackson company.

Jan. 10 — Gary W. Ferow, 16, of 7998 E. Monroe Rd., lost control of his car while pulling into Rusty's Drive-In on W. Chicago Blvd. The auto scraped a tree in the process. He was cited for failure to have his car under control.

Man Injured in Accident

Robert S. Legore of 1536 E. Munger was treated at Herrick Memorial Hospital for facial cuts Saturday afternoon.

His car ran off on icy curve on Clinton Rd. north of Clinton and struck some large stones before landing in a ditch.

Two Represent Congregation at Bible Seminar

Representing the Tecumseh congregation of Jehovah's Witnesses at a three-day Bible Seminar at Ypsilanti last week-end were Mrs. June Turner and her daughter.

"I was amazed," said Mrs. Turner, "at the unusual attention devoted to the youth of our organization. The entire program Friday evening was centered on the problems of young people today and in offering practical solutions to those problems."

Fifteen congregations comprised more than 1,000 delegates.

City Manager Is Panel Member

Cal Zorn, city manager, will be a member of a panel discussing solid waste disposal standards at the Michigan Municipal League's Region 11 meeting in Hillsdale Jan. 12.

Officials from seven southern Michigan counties will attend the session, which will highlight employee relations, municipal court changes, civic leadership and labor laws.

Club Manager Is Hospitalized

William L. Peterson, Sr., manager of the Tecumseh Country Club, is ill in the hospital in Wheeling, W. Va., with his condition listed as improved.

The engagement of Diann Hoch to E. T. R. Sn David D. Shafer is being announced by Mr. and Mrs. Harley H. McConnell, 706 Wenonah St. Miss Hoch, a 1964 graduate of Tecumseh High School, is a senior at Harper School of Nursing in Detroit. Her fiance is the son of Mr. and Mrs. Donald Shafer of Onsted and an Onsted High School graduate. He is stationed aboard the USS Cadmus at Newport, R. I., for nine months and then expects to go to Bainbridge, Md., for further training. Plans have not been completed for the wedding.

Weather Right for Ski Resort

The snowy winter is making some folks happy.

"Skiing is great this year," said the owner of the Irish Hills Sports Park, Marvin G. Sell.

More than 500 boys and girls from the surrounding schools in Tecumseh, Clinton, Hudson, Grass Lake, Napoleon, Onsted and Fayette, Ohio come each week for ski instructions.

The slopes are open every day from 4 to 11 p.m. under the lights and weekends from 9 to 5 p.m. and from 6 to 11 p.m.

Separate slopes are available for tobogganing with beginner slopes for the little folks.

There's a cozy lounge inside with a snack bar and rental equipment is available.

Lawyer Speaks to Rotary Club

Harvey A. Koselka, Lenawee County Prosecuting Attorney, was the speaker at the Rotary Club meeting Tuesday evening.

Jay Wheeler of Tecumseh Corrugated Box Co., plant superintendent, was welcomed as a new member.

Cal Zorn, Don Nixon and Gordon Garlick were all welcomed back as members.

Recent new flags for the Club's Friendship Tree were presented from Hugh Walter and Perry Satterthwaite.

MOVES UP FROM JAYVEES — Jim Hunt (50), a THS sophomore who played his first game for the varsity squad Friday night, was one of the star performers, scoring 16 points.

More Lads Score, But Game Is Lost

By JIM LINCOLN

Coach Vic Lawson has sought balanced scoring all season for the Indians, and he finally got it Friday night.

Only problem is that Tecumseh lost the game, 69-68, visiting Grosse Ile.

The Indians led practically all the way, twice by 10-point margins. The most GI ever ruled Tecumseh was two points and that was just before the game ended.

A wild finish, marked with ample confusion, undoubtedly hurt the Indians. Tecumseh got control of the ball with 11 seconds left when the officials called an Indian timeout.

Unfortunately, several seconds had elapsed before the timekeeper discovered the timeout, and then only when the official went to the scorer's table. The terrific din in the gym was responsible, as Tecumseh fans visualized a comeback.

The Indians worked the ball down, took one shot, missed, then got the ball out-of-bounds under GI's basket with two seconds left. A quick, wild shot was all that was left.

★

CHARLIE THOMAS again paced his teammates, collecting 17 points. However, he had planty of help with Jim Hunt tallying 16, Dean Hebb 15 and Jim Mobley 10.

Hunt started and played his first varsity game, being moved up from the Jayvees by Lawson.

Jim Upell failed to hit double figures — scoring eight points — but his absence helped GI to its victory. With Upell in the lineup, the Indians battled evenly with the Red Devils on the boards.

When he fouled out in the fourth quarter, GI seemed to dominate the boards. GI's last two goals were scored by Chris Walker and Jim Cypher after grabbing rebounds.

Cypher and Walker topped the visitors' scoring with 21 and 16 points. Win Englebert, GI's leading scorer, was held to 14 points.

JV 5 Tumbles

High School basketball is a game that is made up of four, 8-minute, quarters.

In order to win, a team must play good basketball for at least 24 minutes.

Rarely can a team get by with 16.

The THS Jayvees learned this lesson the hard way last Friday evening, as they were defeated by Grosse Ile, 56-47.

Although they outscored GI by a 3-point margin in the second half, the 12-point, half-time deficit was too much to make up.

★

THE FIRST HALF was a nightmarish affair for the Junior Indians. The team didn't move the ball well, telegraphed passes, failed to rebound, appeared mixed up over defensive assignments, committed 3-second violations, were ineffective in their pressing defense and generally failed to play up to their capabilities.

GI's center, Mark Leonard, went wild in that first half, scoring 19 of his game-high total of 26 points, as GI went off the floor at the 16-minute mark enjoying a comfortable 34-22 score.

Looking more like their old selves in the second half, THS hustled, broke GI's press, rebounded and worked their plays to near perfection.

It paid off. At the 6-minute mark of the last period, following a beautiful feed from John Kennedy, Butch Quinn finished off a 3-point play which drew the Little Indians within two points, 42-40.

Dave Lord then hit for two quick baskets and Tecumseh had the lead for the first time.

GI then spurted on the strength of three straight free throws to regain the lead, which they held until the final whistle.

★

"I CAN'T figure it out," said a puzzled Coach Val Spangler. "We haven't looked good the last three times out. Tonight we had a good second half, but it wasn't enough. The kids seemed to run out of gas after we had them."

Brooklyn Bumps Redskins

By IVAN McKENNA

It's still too early to be talking about conference championships, but the game played between Clinton and Brooklyn is sure to have a lasting effect in the Lakeland "C" race.

The Redskins watched the Brooklynites run away to a 20-point advantage at half-time, then lost by the same margin, 94-74.

If the first quarter could have been erased, the game would have been close.

Before the Redskins had a chance to warm up in the opening frame, the Eagles zoomed to a 27-10 yead.

One big factor was that Brooklyn successfully limited the scoring of Clinton's Butch Hoelzer and Gene Brown.

In the first 16 minutes of play, Hoelzer managed only six points while Brown had to settle for one.

In the high-scoring contest, the second quarter produced the fewest points as the Eagles outscored the Redskins, 15-12.

In the second half the Redskin offense came to life, but could only manage to keep pace with the always hustling Eagles.

★

BOTH TEAMS scored 19 points in the third frame, and 33 points in the final period.

Brooklyn did some fine shooting as they connected on 37 of 74 shots.

The Redskins, who shot a meager 21% in the first half, ended up hitting on 26 of 73 shots for 36%.

Hoelzer eventually topped all scorers with 24 points.

Clinton's second highest scorer was Jim Gray, who turned in a fine performance after coming off the bench late in the second period. Jim pumped in 14 points, 10 in the final period. He also pulled down 13 rebounds.

The Brooklyn five was not only a good bunch of rebounders, but shooters as well, as they displayed an all-around attack, something which Clinton lacked.

High scorer for the Eagles was Jim Khon with 20 points, but close behind were Brad Coffelt with 19, Thades with 18, and Bob Borchardt, who netted 17.

★

CLINTON IS now in third place in the Lakeland "C" by virtue of its loss to Brooklyn. Going into the game they were in first place with a 4-0 mark. They now trail Brooklyn and Ann Arbor U High, both undefeated in league play with 4-0 records.

Clinton was more successful in the reserve contest as the Junior Redskins, led by Paul Papsdorf with 23 points, handed Brooklyn its first defeat of the season, 61-53.

THS Goes to Airport

Tecumseh travels to Airport Friday night to face a Jet team which has all five returning regulars back and a team currently pacing the Huron League.

If the Indians win in Airport's small, boxy gym, it could give Tecumseh the push it needs to win the league title. A Tecumseh victory Friday night, however, would have to be rated somewhat of an upset.

Saturday evening, Coach Vic Lawson's club has an opportunity to avenge a defeat in the ABHT tourney against the Adrian Maples.

It's doubtful that Tecumseh will be as cold from the floor as in the tourney, when a poor first quarter hurt the Indians, and should whip Adrian here.

More than 4,100 persons have completed study programs at Jackson Community College since its founding in 1928.

Unique Crop — Timber

Allen Woodlot 'Farmed' of 100 Elms, Maples, Oaks

Some farmers have a crop which differs quite a bit from the usual wheat, oats, corn, soybean routine.

It's wood.

This one doesn't pay off annually, more like every 10 years.

That's the schedule on the George Allen farm, near Tipton on Wisner Rd.

The Allen woodlot covers 10 acres and has been producing income for more than 100 years, first to the original George Washington Allen, who took up the land from the government in 1832; his son of the same name and now the present Mr. Allen, who also is called George W.

The most recent cutting at Allen's was made during December by Hawkins' Saw Mill of Rollin and ended up as 54,000 board feet.

There were hard and soft maples, elms and several white oak.

The woodsmen also got a surprise bonus — a tub full of honey. In cutting up one maple, a chain saw buzzed right through a giant honeycomb. The bees were there, but fortunately in hibernation and didn't seem to mind parting with their product.

★

CUTTING FROM a woodlot like Allen's is a scientific operation.

First of all the Conservation Department was invited to have a state forester, Victor Horvath of Ann Arbor, walk through the trees and mark the ones which should be cut.

He picks those which are at about their maximum growth and value.

Then the cutting team moves in and brings down the big fellows — at Allen's the 1966 crop included 100 trees. In only one case did the men miscalculate when the tree did not drop clear of others.

Tops of the felled trees are trimmed off and left — this gives the Allens oodles of firewood right there.

Then the big trunks are sawed into carefully-measured lengths of 10 to 16 feet. Each log is stamped with an "H" for Hawkins and measured for what it will produce in board feet.

Sometimes a perfectly fine-looking maple, when it is standing, turns out to have a defect 20 or 30 feet from the ground. These sections, of course, must be discarded.

Hawkins pays $20 per 1,000 board feet for elm and $80 per 1,000 board feet on hard maple.

During the past 100 years the Allen family has been served well by the woodlot. It produced the timbers for three houses and several barns. Many of the beams for the barns are 30' timbers of maple and oak.

The woodlot re-seeds itself and with the carefully planned cutting schedule, it can go on producing for many hundreds of years.

In another area of the Allen farm is a two-acre spread of pines, planted in 1962 by Boy Scouts of Adrian, and now taking firm shape.

★

FORESTRY IS actually just a sideline with George Allen, who is a dairy farmer with a herd of 70, approximately 35 of whom are milked.

On his 170 acres of crop land, he grows primarily hay and grain to feed his livestock.

HERALD PHOTO BY TOM RIORDAN

CUTTING TREES 100 YEARS — George Allen (left) tells his neighbor, Bob Sage, that the 10-acre Allen Woodlot has been producing timber for more than 100 years. A giant log in front of Mr. Allen is typical of timber recently cut. The snow has slowed removal of the wood to the Hawkins' sawmill. Mr. Sage's dog, Patches, sits by his master.

HERALD PHOTO BY TOM RIORDAN

UNEXPECTED FIND — George Allen peers into the beehive inside one tree brought down in December. It produced a wash tub of delicious honey, a surprise dividend for the cutters.

Kiwanis Has Complete List of Programs

Kiwanis District 7 Lt. Gov. Paul Krueger installed newly-elected officers of the Tecumseh Club last Thursday evening.

Taking the reins of president from the retiring Sydney Turner is William J. Adams, local dentist.

He will be supported by William M. Steele, Jr., vice-president; Edwin Fortin, secretary, and Eugene Earling, treasurer.

The board of directors includes James Danforth, George Burkhard, Gene Miller, Al Sheley and Gene Tuckey.

Up-coming programs include the president's conference on Jan. 12 and on Jan. 19, Terry Slater, manager and coach of the Toledo Blade's Hockey team will speak.

A Budd Co. representative is scheduled to appear and there will be a program on operation "Big Brother."

Famous Driver Opens Car Show

DEARBORN — Peter DePaolo, the first driver to average more than 100 mph at the Indianapolis "500", will present the opening night lecture at the Sports Cars in Review program at Greenfield Village Friday, Jan. 13, at 8:30 p.m., in the Henry Ford Museum Theatre.

Special Museum hours for the Sports Car Show are 9 a.m. to 11 p.m., 7 days a week. The show is included in the regular Museum admission charge.

Soil Conservation District To Pick County Directors

The annual meeting of the Lenawee Soil Conservation District will be held Thursday at Hudson High School. Dinner will be served at 7 p.m.

Bert Styles, a magician from Adrian, will be featured on the program.

Two directors will be elected from the following nominees:

Hal Benner, Clayton

Willard Crafts, Wesley Goetz and Lloyd Ruesink from rural Adrian

Wayne Lipp, Blissfield.

Off to Columbia

A foreign aid financed order for $21,709 worth of refrigeration parts, sold to Columbia, has been filled by the Tecumseh Products Co., the Agency for International Development reports.

Commodity procurement financed by AID is part of the United States assistance programs aimed at helping the people of developing countries achieve economic and social progress.

"Although a small segment of the company's about $290 million annual business, the purchase signifies the Products' participation in world trade," said Joe Galazzi, vice president in charge of foreign operations.

The Tecumseh Products sale to a Colombian firm was made possible by a $65 million U. S. development loan to the Latin American nation through the Alliance for Progress.

The loan funds are being used for purchase of American-made goods essential to Colombia's continuing economic development.

Use of the AID dollar credits, together with counterpart local currency created, is helping to meet investment targets in the country through non-inflationary means.

This export of American-made goods to Colombia is part of more than one billion dollars in U. S. commodities sold each year in developing countries under the AID program. U. S. firms furnish 90 percent of all goods financed by AID credits.

Monday Club Nimble Fingers Hold Sewing Bee

There were 220 nimble fingers at the Monday Club meeting Jan. 9 when the group held a sewing bee for patients at the Ypsilanti State Hospital in the Youth House of the First Baptist Church.

Men's shirts were sewn into gowns and sheets were made into pads in observance of Sunshine Day.

Christmas cards were sorted and cut out for patients and postage stamps were cut from envelopes to be sent to refugees who make them into stamp packets for sale.

Mrs. Clarence Brock was the leader of the program appropriately called "Helping Hands."

Mrs. Orin Feight, Mrs. Paul Hadsell and Mrs. Robert Leathers were the hostesses for the sack lunch at noon.

Mrs. Joseph Rice conducted the meeting at which Maple Lane Manor sent thanks for the Christmas gifts that the Club sent them.

A tasting party and guest day will be held Jan. 23 at the First Baptist Church at 12:30 p.m.

E. T. R. Sn. David Shafer is spending a 20-day leave with his parents, Mr. and Mrs. Donald Shafer of Onsted. Upon return to duty, he will be stationed at Newport, R. I., aboard ship for 9 months. He has recently completed 36 weeks of electronic technician school at Treasure Island, San Francisco. A 1965 graduate of Onsted High School, he enlisted in December of 1965.

Some Stories Take Longer

Sometimes stories take quite a while wending their way to the newspaper.

Like the special bus trip Bertha LaPointe took last June upon her arrival home from a jaunt to Europe.

On the final leg of the journey, from Detroit by Short Way Lines, Bertha was delayed three hours, putting her arrival in town at nearly midnight.

As the bus approached Tecumseh Bertha wondered to herself how she'd get from the Four Corners to her place at 415 S. Pearl St.

The first idea to strike was asking to be let off at the police station and have the patrolman on duty assist her.

Then a vision crossed her mind of the following week's Herald, "Bertha LaPointe taken home by the police in the middle of the night. Wonder what happened?"

So, she decided the driver might not mind giving her a little special service, so she told him:

"Your boss would want you to take me right to my door."

It just so happens Bertha — as always — wasn't kidding.

Short Way Lines is owned by Fred Temple of Ft. Lauderdale, Fla. He was a student of Miss LaPointe's when attending third and fourth grades in Tecumse some years back.

The driver was most cooper tive and even carried Bertha bags to her front door.

Later Bertha penned a line t Mr. Temple and reported the i cident. He replied that he w delighted and would recommen a special reward for the driver

Biggest Year in History of Museum

The Toledo Museum of Art experienced in 1966 its biggest year in the institution's 66-year-history. Otto Wittmann, Museum Director, said 454,609 persons entered the Museum last year — surpassing the 1965 attendance total by more than 80,000.

The previous attendance record — 454,249 persons — was set in 1963.

"It is gratifying to report the Museum's attendance once again surpassed the population of our city of Toledo," Mr. Wittmann said. "Museums are for people and this year's record-breaking attendance is visible evidence that the people in our community do use their Museum."

Mr. Wittmann also noted in 1966 more adults entered the Museum than children. A total of 240,701 adults visited the Museum to view the extensive collections and to take part in the many educational and musical activities scheduled there during the year.

Farm Surpluses Gone

The record high surpluses of 1960 and 1961 have finally been eliminated. U. S. Farmers, under the provisions of the new feed grain program can raise their output in 1967 without risking a drop in income.

The 1967 program is designed to return to cultivation from 12 to 15 million acres of corn and grain sorghum land, a 50% increase.

★

SOME CHANGES have been made for 1967. First, corn support loan rate has been increased by 5 cents per bushel, from $1.00 to $1.05.

The price support loan provision helps feed grain participants even out their marketing through the year and thereby protect themselves from sharp drops in local prices.

Barley will not be considered a part of the feed grain base in 1967. The barley loan rate in 1967 is increased to 90c from the 80c per bushel rate last year.

This loan rate is available to all producers on their entire barley acreage. No acreage diversion is being asked for barley in 1967 in view of its reduced supply situation.

In 1967 small farms with feed grain bases of 25 acres or less may again divert the minimum required 20 percent of their base, or as much as they like up to the entire base.

They will again be eligible for payment on all such acreage diverted. The diversion rates will continue to be 20 percent of the total support on the minimum diverted and 50 percent of total support on the additional diversion up to the full base.

★

AN IMPORTANT change in the 1967 program eliminates any diversion payment from producers with bases in excess of 25 acres who wish to plant some acreage to feed grain.

However, the large producers who has a base in excess of 25 acres who does not wish to plant feed grains may receive diversion payments as provided for the small farm up to the 25 acres.

There will again be substitution between wheat and feed grains in 1967. Soybeans planted on any or all permitted corn and grain sorghum acres on a participating farm in 1967 again will not result in loss of any program payments or loan eligibility.

Participating farmers will be eligible for one-half of their total payments at the time they sign their applications. In the past, advance payments were computed only on one-half of the anticipated diversion payments a participant would earn.

In 1967 the advance payments, if requested, will include one-half of the expected price support payment to be earned on the permitted acreage on the farm.

★

THE NEED to expand feed grain acreage somewhat in 1967 is clearly indicated by the current level of stocks of old grain being carried into the 1966-67 marketing year.

It is further anticipated that total feed grain production in 1966 will fall short of estimated total requirements by as much as 17 million tons.

Therefore, feed grain carryover a year from now could possibly be cut by about one-third. Such a level of supply would be uncomfortably low and unless program goals are achieved and there is a sizable increase in plantings in 1967, the carryover in 1968 would be still lower.

★

ON THE OTHER HAND, if there is poor participation in the 1967 feed grain program, and "fence-to-fence" planting became general, farmers would produce more corn and grain sorghum than could be profitably sold.

With a couple of years of normal weather, feed grain producers would be back where they were in 1961 — faced with excessive supplies of feed grains.

These are the reasons why a continuation of widespread participation in the feed grain program with this goal of increased production geared to needs is of great importance to feed grain farmers.

Based upon available information, the sign-up in the feed grain program will begin the last week in January. It is important to note that the final date for sign-up currently announced, will be March 3, 1967.

Last year the sign-up concluded at the end of the second week in April. The 1967 wheat program sign-up will be held concurrently with the feed grain sign-up.

M. MARTIN HALLEY

Halley Picked as Supervisor

CLINTON — Clinton Township board read a letter of resignation from Arthur Rudel as Township supervisor, at the meeting Monday evening.

The resignation was accepted and M. Martin Halley was appointed to fill the unexpired term of the late Edward Hulett until April 1, when an appointment must be made to fill the unexpired term of Arthur Rudel. Mr. Rudel was elected in November, but resigned before he was to take office in April.

Mr. Martin, 68, is a farmer who resides with his wife at 16714 Staib Rd.

Born in St. John's, Kan., Mr. Halley attend the University of Michigan and a business college in Nebraska. He was employed with the Automatic Electric Telephone Company in Chicago, Ill. for 20 years and operated a farm in Ohio before moving to the Clinton area where he operated a dairy farm until the Palm Sunday tornado destroyed his herd and facilities.

At one time he served with the U.S. Reclamation Service and served with the Army 4½ years, three years in Coblenz, Germany.

Mr. Halley will assume the duties of the supervisor immediately.

OES Receives Gifts

The Tecumseh Chapter 51 OES received several gifts at the Jan. 5 meeting from the Melvin Ruettingers, retiring worthy matron and patron.

Mrs. Ruettinger presented the Chapter with a candle for 100 percent cooperation in the Grand Matron's project. It will be lighted on the secretary's desk at future meetings.

Mrs. Stanley Miller, recently installed matron, welcomed the guests with a poem, "New Year's Wishes."

The Ruettingers presented Mrs. Miller and the Chapter with an altar cloth made by Mrs. Ruettinger and a framed picture of the retiring officers to be hung in the dining room.

Communications were read from the worthy grand matron and grand secretary and invitations were read to:

Cement City for the 60th anniversary, Jan. 25.

Dundee for 75th anniversary, Jan. 21.

Flat Rock, reception and dinner for Grand Chaplain Nellie Wiseman, Jan. 20.

Ypsilanti for dinner and reception for Worthy Grand Organist Carroll C. Curtis, Jan. 23.

Adrian for public card party, Jan. 14.

In observance of Obligation Night, a ceremony was presented by the worthy matron and patron, Mr. and Mrs. Stanley Miller, with the star points each reciting a verse. All officers and members formed a circle around the altar and repeated the obligation.

Mrs. Miller appointed Mrs. Henry Kempf general chairman of the reception and dinner honoring Mrs. Ruettinger Feb. 28. Mrs. Ruettinger is the chairman of the membership committee of the Grand Chapter of Michigan.

Four members with January birthdays were honored during the refreshment period. The committee was Mrs. Cecil Viele, Mrs. Russell Liddell, Mr. and Mrs. Ted Ehinger and Mr. and Mrs. Glenn Driscoll.

Friendship Night with Lenawee-Monroe County officers as guests will be held Jan. 12.

Help for Many

"What tests do I have to take to get into Eastern?"

"Where can I learn to be an IBM operator?"

"What high school classes should I take if I want to be a pharmacist?"

"May I have some material for my career notebook, please?"

"What does an oceanographer do?"

"How do I get a scholarship?"

These questions and many more similar ones are frequently asked of the counselors at Tecumseh High School.

The information service of the guidance program at THS is extensive and utilized not only by the student body, but also faculty members and Tecumseh citizens as well.

★

STUDENTS HAVE access to a wide variety of career information. Occupational briefs, short summaries describing the nature of a job, requirements to obtain it, as well as the predicted future of an occupation, provide quick information. These come through the courtesy of the Michigan Employment Security Commission.

A myriad of career booklets, presenting more detailed information are also available.

About 200 college catalogs, describing out-of-state as well as Michigan colleges, ranging from beauty schools to universities, are on hand. Such catalogs provide information concerning programs offered, requirements to be fulfilled, application procedure, costs, facilities, and faculty listings.

Pamphlets on social adjustment, how to apply for a job, school and job adustment, how to study, plus similar topics are in the racks in the outer office of the guidance department.

★

INFORMATION IS made available to faculty members — college catalogs describing graduate level offerings. Circulars listing schedules for evening, extension, and summer classes across the United State along with fellowships, scholarships and loans for further study are posted by the counselor on the faculty bulletin board.

Much information is provided the faculty through the department''s monthly staff bulletin, "The Guiding Light."

This newsletter deals with test descriptions, results, requirements and dates of registration and administration.

It reports on scholarships, results of college applications, results of county events which the faculty supported, results of conferences with THS college freshmen, plus information on graduate school for the staff members.

Members of the community frequently come to the counselors for information about advanced training, college applications, high school credentials, test information, high school programs available to adults, as well as general information concerning the guidance program and activities.

True wilderness is something that is fast disappearing from Michigan.

Isle Royale National Park is still pretty much the way nature made it but there is a question of how long it can retain its unique quality. With human pressures bearing down hard on all public agencies to develop recreation for as many people as possible, Isle Royale is threatened.

Here, indeed, is a vicious cycle. A lovely area is set aside with the intent of keeping it in a natural state. The public is attracted by the beauty and asks that an increasing number of conveniences be provided so more and more people can enjoy the attraction.

★

SOON, SO many concessions are made to provide comfort and convenience for the visiting public that the wilderness aspect which attracted them in the first place is destroyed. This pattern has been followed time after time in some of our other national parks to such an extent that they amount to little more than honky-tonks now.

The National Park Service is casting an eye at Isle Royale to see what can be done about greater development there to provide the public with more conveniences.

Conservation groups have sounded the alarm. While realizing that some development is necessary, they want to see most of the island park retained as wilderness. On the national front, this plea is made by the National Wilderness Society, long active in such watchdog capacity.

On the home front, Michigan United Conservation Clubs, composed of more than 360 conservation and sportsmen's groups, is supporting the wilderness aspect for Isle Royale.

At a public hearing scheduled for Jan. 31 in the Union Building of Michigan Technological University in Houghton, the value of wilderness will be discussed in detail.

Conservation groups will urge the National Park Service to retain 119,618 acres of Isle Royale in its natural state of wilderness. This will exclude five shoreline areas already in use as harbors, camping sites, resorts with lodges operated by the park service, a powerline corridor to Mount Ojibway, all of Blake Point and Passage Island on the northeast end.

★

ISLE ROYALE is now a virtual wilderness containing numerous small inland lakes lying between ridges and the remains of prehistoric copper mines once worked by an unknown people. A herd of moose is kept in almost perfect balance by a pack of timber wolves, themselves a wilderness symbol.

The only practical way to reach Isle Royale is by boat from Houghton, Copper Harbor and Minnesota during the summer months. Once there, no automobiles are available for there are no roads. Transportation is by hiking, which means crowded conditions are unknown.

Isle Royale is truly unique among Michigan recreation areas. Conservationists intend to see that it retains its precious wilderness values. We can't afford to do otherwise.

Bud Guest To Highlight Scout Event

Bud Guest will be the Master of Ceremonies at the Wolverine Council Recognition Dinner, Feb. 4.

The dinner will be held in the Tecumseh Products Union Hall at 415 S. Maumee St., at 6:45 p.m.

Each unit will bring a complete meal and table service for themselves and two special guests. Coffee will be provided and the cost will be 50c per couple. Each unit will sit together so each unit may decorate its own table.

Mr. Guest is the son of the poet-philosopher, Edgar A. Guest, and is well known across the country for his WJR radio program, "Sunny Side of the Street."

Val Wittenberg is the chairman of the dinner which will feature presentations to Scouters and Units.

Her Energy Is Atomic

"Her hair stood on end!" said Mrs. James E. Danforth as she described daughter, Jamie's, appearance as she participated in a demonstration recently in the American Museum of Atomic Energy in Oak Ridge, Tenn.

Visiting the museum with her parents during the Christmas holidays, Jamie was invited to hold her hand on a machine while 350 volts of atomic energy was put through her body.

That was just one of the interesting events of a two-week vacation which included a tour of Cypress Gardens and Marine Land in Florida.

The Danforths were Christmas Day dinner guests of Mr. and Mrs. Albert Wilson in Marietta, Ga. They were guests of Mrs. Danforth's aunt, Mrs. Floyd Leonardson, in Miami and were guests of Mr. and Mrs. Clarence Gilman in Fort Pierce, Fla.

What About Zoning?

No. V

Most cities today suffer with the problem of excess traffic and a lack of space for parking, particularly in business and industrial areas. The reasons for this problem are obvious when we realize that most cities were originally designed in the days of the horse and buggy with no thought that the machine age would bring new modes of transportation.

Cities are being strangled with this problem and we face the potential of an ever-increasing number of automobiles. The two-car family is common and three and more cars per family may well be the average in the next two decades.

The Tecumseh Zoning Ordinance is drafted to assist in dealing with this problem. It is racognized that provision of parking space is as essential to business as is an adequate display of goods.

Provisions are made in the ordinance for requiring parking spaces based on the type of activity to be conducted on the property.

For example, certain business activities generate more traffic per square foot of floor space than others and thus require more parking space. The ordinance establishes a standard of a certain number of parking spaces which must be provided at the time new construction takes place.

Not only will parking be provided in new areas of the city but it will gradually also be provided in older sections as old buildings are removed and new ones constructed.

★

THIS PROCESS of providing parking will obviously be a slow one under the Zoning Ordinance. To help those areas which need parking, but can find no space for it in their present zone, a district is established (P-1 Vehicular Parking District) to allow expansion of parking into the fringes of business and industrial areas.

This zone is a restrictive zone with adequate provisions for screening, landscaping, and maintenance assuring protection to abutting properties.

The P-1 District is only applied on the district map by request of the property owner after a public hearing is held, which assures that the activity will not adversely affect other property in the area.

This fifth article in this series on zoning in Tecumseh concludes a brief summary of some phases of the Tecumseh Zoning Ordinance.

The Tecumseh Planning Commission is most appreciative that The Tecumseh Herald could present these articles as a public service and the Planning Commission looks forward to assisting any and all citizens who may have questions or comments on the Zoning Ordinance.

Three Hours, 18 Minutes, Mercury Drops 48 Degrees

Mr. and Mrs. Cal Dixon, Jr., have returned from Encino, Calif., where they spent the holidays with her family, Mr. and Mrs. Harry Curry and Mr. and Mrs. William Curry.

They were also dinner guests of her uncle and aunt, Mr. and Mrs. Amos Randall.

Highlights of the trip were tours of the San Fernando Mission, the new Los Angeles Zoo in Griffith Park, Forest Lawn Memorial Park, the new Busch Gardens and the Universal Studio.

On Jan. 2, Norman Anderson, well-known west coast epicurean, hosted 35 people at a luncheon, the Rose Bowl game and post-game refreshments, with the Cal Dixons and the William Currys among the guests.

Leaving International Airport at Los Angeles, the temperature was 75 degrees. When the Dixons landed at Metropolitan Airport, three hours and 18 minutes later, it was 27.

MRS. ROBERT R. BRACEY

Kathleen A. Bailey Speaks Vows with Robert Bracey

BRITTON—Kathleen A. Bailey and Robert R. Bracey were united in marriage Saturday afternoon at the Methodist Church by the Rev. Donald Porteous.

Parents of the couple are Mr. and Mrs. Albert Bailey, 7023 N. Lenawee Rd., Britton and Mr. and Mrs. Robert Bracey of Davison.

White gladioli in pyramid design were accented with pink wheat and used with ferns to flank the altar and chancel entrance of the church. Pink candles in seven branch candelabra fronted with lemon foliage stood at either side of the kneeler. Pink satin bows marked the family pews.

Shirley Goodyear was the soloist accompanied by Mrs. Donald Bush.

The bride wore a traditional white taffeta gown with wide spreading skirt tapered long sleeves and accented with a four-tiered apron of Alencon lace and watteau train edged with matching lace.

Her bouffant veil of illusion was secured to a crown of seed pearls.

She carried a nosegay of white roses and carnations outlined with variegated ivy and cascades of crystals.

Mrs. Karl Kimerer, sister of the bride, served as matron of honor in a floor length, sleeveless grape velvet empire sheath gown modified with matching satin rose at the waist and watteau train.

She wore pink hyacinth florets and carnations in her hair and carried a crescent arrangement of petite pink carnations, heather and hyacinth accented with crystal snowflakes and aqua velvet ribbons.

Mrs. Larry Robison, sister of the bride of Santa Ana, Calif., Anna Kiljan and Marilyn Korican were the bridesmaids attired as the matron of honor.

Keith Swain served as best man and the guests were seated by Darwin Sanborn of Sand Creek, Albert Bailey Jr., brother of the bride, and Jack Bracey, brother of the groom.

Dinner for 300 guests was served at the Tecumseh Products Workers Union Hall with Mrs. Philip Benedict and Mrs. Bill Carson presiding at the guest book.

Lynda McWilliams and Linda Downing had charge of the gifts.

Mrs. Dale Popelar, cousin of the bride, Mrs. Richard Papworth and Mrs. Howard Bretthower assisted at the reception.

Mr. and Mrs. Donald Holmes and Mr. and Mrs. Walter Frankie were the hosts.

The bride is a graduate of Britton High School and attended Lansing Business College. She is presently employed at Stauffer Chemical Co., Silicone Division.

Her husband, a graduate of Hudson High School and Jackson Junior College, is presently employed by the Adrian Daily Telegram.

The groom will leave Jan. 14 for six months training with the Army reserves. The bride will live at her parent's home while he is away.

The rehearsal dinner was given by the groom's parents at Don's Beef Buffet.

The new Mr. and Mrs. Bracey spent five days at the Boyne Mountain Ski Lodge following their marriage.

Weekend Is Lost for Tories

BRITTON — It was a lost weekend for the Britton Tories.

There was an 86-70 loss to Summerfield Friday night, then an 88-57 defeat at Adrian Catholic Central Saturday.

Britton played its best game as they battled the River Raisin League-leading Bulldogs from a 45-30 half-time deficit to come within five points in the last quarter.

But the big Summerfield squad turned on the fire-power in the closing minutes.

Gene Kwiatkowski was high for both teams with 28 points. Ray Vershum with 23 and Larry Ash with 15 paced the Britton scorers.

★

APPARENTLY tired from Friday night's tough clash, the Tories fell easy victims to the fast and furious Irish on Saturday.

Trying hard though they did, the undermanned Tories were outplayed in every quarter.

CC's Eric Wilkins was high scorer for Central with 26 markers, while Ray Vershum had 18 and Dave Fairbanks 13 for Britton.

The Tories have another tough weekend coming up, as they face Clinton Friday night in Clinton, and host Ida Saturday night.

CITY CENTER — The center of commercial district of Fortaleza, the city in which Mike Fero works for the Peace Corps, is the central plaza. The city, capital of the state of Ceara in Brazil, is the commercial hub of the state. Built on the Atlantic Ocean, it is fast becoming a thriving port with facilities built by the United States during World War II. It has a population of nearly 700,000, a jump of 500,000 since World War II.

Brazilian State Capital Is Mike Fero's Home

By MIKE FERO

Just a note of acknowledgement of the fine article on my baby brother, Kelly. I have a feeling though, that he is somewhat less of a "baby" than he was when I saw him in March of last year.

At that time, he weighed two pounds more than I did and stood a full inch taller. At any rate, I thoroughly enjoyed reading the article, and was doubled up with laughter at the heading "Kelly Fero Drums His Way to Fame."

The photograph shows the very center of the city in which I am currently living . . . Fortaleza.

Being the state capital, Fortaleza is, of course, the commercial hub of the state, and is fast approaching the 700,000 mark in population. Unfortunately, the picture does not even begin to demonstrate just how large it is.

The picture was taken from the tallest building in town and looks northeastward to the Atlantic Ocean, which you can see in the background.

Actually, the city is fast becoming a thriving port, and the port facilities which were built by the Americans during the Second World War are currently being expanded. They lie directly to the right of the picture.

★

THE PLAZA which you see is the central one, a Praca do Ferreira and is the actual center of the commercial district.

Like most Latin American communities, everything revolves around it.

The tall building in back of the grove of trees, left, is the major movie house, the Cinema Sao Luis and is, naturally, one of the largest buildings in Fortaleza.

At the far end of the praca, to the right, is a tall building, the ultra-modern Hotel Savanah, one of the nicest in the Brazilian northeast. It sometimes even has hot, running water, which is an absolute miracle since no other place does.

Strangely enough, this is where Peace Corps Volunteers stay when in the city on business or vacation. The reason is simple. The manager has offered Peace Corps half-price for everything.

Directly in front of it is a long, low building which no longer exists. It was called "o Abrigo" and was the gathering place for just about everything.

One could buy absolutely anything under the sun there, including all the contraband items which are common here: American cigarettes, stainless steel razor blades, perfumes, watches, etc. In its place now sits a parking lot.

★

FORTALEZA was actually a small sleepy fishing village until the U. S. began to build an air base here during World War II.

From that time until the present, the city has grown from about 200,000 to its present 700,000 — one of the fastest growth rates in South America.

Dependable electricity and improved roads within the last three years have also figured in the location of many new industries.

The Federal University here, with an enrollment of close to 8,000 students, is among the top in the entire nation.

The University works closely with the University of Arizona in the area of agriculture, and there are always several Peace Corps Volunteers teaching, also.

★

AMERICAN entities here are somewhat limited.

Until quite recently, the government maintained a consulate, but does not do so presently.

There is a United State Information Agency center here, which actually acts as the diplomatic center.

In addition, there is an IBEU center here . . . . Instituto Brasil e Estados Unidos, which concerns itself mainly with the teaching of foreign languages.

The Alliance and USAID, which do not formally have offices here, do operate in the city.

Included in these functions are Food for Peace, Work Front Projects, and COHAB, which is actually a Brazilian organization but which gets help from USAID in the construction of low-cost housing.

(To be continued)

Almanac Predicts Wintry Weather

By JUDY FIELDER

That good ol' Farmer's Almanac, which for the first time carries separate regional weather forecasts, is calling some pretty straight shots for the midwestern states this year.

The midwestern forecast is based, for verification purposes, at the U. S. Weather Bureau Station in Chicago, Ill.

It serves Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin in the U. S. A., plus Montreal, Quebec and Toronto.

In explaining how the forecasting is handled, the Almanac states, "It is obvious that weather in the Dakotas will be more extreme than that along the Great Lakes.

"However, all of the states should fall into the storm tracks which originate near Saskatchewan and come down across the plains — sometimes on more southerly courses than at other times.

"For this reason, the days of storm beginnings and storm endings should serve well for all — even though the actual quantities of rain and snow may differ from state to state.

"For reasons of space, only the storm dates are given, and dates in between should be assumed as "clear".

★

THE ALMANAC predicts, "The Winter of 1966-67 will be one of heavy snow, blizzards, and slightly warmer than the same period a year ago. On the whole the precipitation given is the normal, as this is expected to be a normal year."

For December 1966, the Almanac predicted six-inch snowfalls Dec. 15-17 and Dec. 24-26 and a half-inch of sleet Dec. 30-31.

The dates may not have been bulls-eye but the snow and sleet fell within a near target.

Exact predictions for the next two months are:

JANUARY

Jan. 5-8—half inch rain, warm.
Jan. 9—cold.
Jan. 12-14—snow, 5".
Jan. 18-20—rain, 1", or snow.
Jan. 25-27—snow, 6".
Jan. 31—rain, 1".

FEBRUARY

Feb. 1-3—rain, .75", or snow.
Feb. 9-13—same.
Feb. 16-18—rain, .75".
Feb. 22-25—snow, 10", precip. .75".
Feb. 28—rain, .75".

March 13-16 calls for a 5" blizzard and March 25-31 will be filled with thunderstorms and tornadoes.

Thunderstorms and tornadoes are predicted for April 5-8 and April 24-30.

School Drivers Meet To Discuss New State Laws

Classes for all school bus drivers were held last week with various areas of bus operation in the county covered by Milton C. Porter, superintendent of the intermediate school district.

New laws of the 1965 state legislature were discussed with specially-qualified instructors from bus driver education staff conducting the classes.

Harold Anderson, supervisor of Tecumseh bus drivers, urged all drivers to attend at least three of the four meetings annually.

The engagement of Madeline Kay Brugger to Kenneth Emtry is announced by her parents, Mr. and Mrs. DeArle Brugger of 316 W. Cummins St. Both are graduates of Onsted High School. Miss Brugger attended Cleary Business College, Ypsilanti, and is employed in the office at Tecumseh Products. Mr. Emery is the son of Mr. and Mrs. Herbert Emery of Springville Hwy., Onsted. He attended Jackson Junior College under the Tecumseh Products Apprenticeship Program and is a tool and die apprentice. A wedding is planned for March 12 in the Tecumseh Friends Church.

News from the Tecumseh Library

New books ready for you to borrow at your Public Library: PYLON, a novel by William Faulkner which was written in 1935, and now has been photographically reproduced from a copy of the first printing. IN GOD WE TRUST, ALL OTHERS PAY CASH, by Jean Shepherd. The author gives us one of the most hilarious glimpses of kids'-life, especially in the dirty thirties.

√

THE IRON ORCHARD by Tom Pendleton. Here is the inside story of the oil fields of Texas and the American Southwest.

√

THE ZINZIN ROAD by Fletcher Knebel. The jungle road ran some 300 miles from Ft. Paul, the capital of the West African country of Kalya, to the villiage of Zinzin. It was the route traveled weekly in taking supplies to the Peace Corps Volunteers. Zinzin is a microcosm of our major dilemma abroad, the short-term advantage vs. the long haul.

√

INDIAN SUMMER by John Klowies. The hero returns from the Second World War with no prospects, few plans, and a deep and so far thwarted ambition to make the best of himself; to live life on his own terms.

√

ACCIDENT by Elizabeth Janeway. Here is a novel as satisfying for its fine craftsmanship as for its revelation of character. In it, the author tells the story of three generations brought to the brink of destruction, possibly restored to more meaningful existence, by a disaster that shocked all concerned into self-awareness and self-appraisal.

√

A TOUCH OF THE DRAGON by Hamilton Basso. Since the cartographer, professionally interested in maps, found a chart that dated from the Middle Ages, and labeled "Past this place are dragons", it was natural that this should cling to his mind. But the particular dragon that he was destined to encounter was a poised, handsome, extremely rich young woman.

√

A FINE MADNESS by Elliott Baker. A superb blend of comic situations and serious ideas, a triumph of conception and execution.

Club Displays Homemade Items

Six members of the Northeast Extension Club displayed Christmas items they had made to answer the roll call at the Dec. 27 meeting held at the home of Mrs. Clifford Southard.

Mrs. Ellsworth Robison presented the lesson, "Today's Christmas," telling of the origination and development and also of "Foods Around the World For Christmas."

The hostess served a Christmas lunch from a prettily-appointed table.

Mrs. Robison will be the hostess for the next meeting.

Soybean Crop

Delights Farm Folks of State

The 1966 soybean crop may put more than $30,000,000 in Michigan farmers' pockets and the future looks even brighter.

Michigan State University crop scientists say the estimate of 600,000 acres in soybeans by 1980 may be reached by 1970 if the present acreage increase trend continues.

Reasons for the increase, MSU authorities say, are numerous. They include:

1. Soybeans are an important export crop and our location on the St. Lawrence Seaway gives us an advantage.

2. Michigan's grain buying firms have built several grain terminals designated to service sea-going vessels.

3. The shift of cash crop farming makes soybeans fit into crop producing programs.

4. Soybeans fit into the part-time farming operations which many small southern Michigan farmers have moved into to supplement full-time factory employment.

5. There have been many labor efficiency developments in soybean production.

Since Michigan is a high labor cost state, crops where labor efficiency has been greatly improved are in high favor with farmers. Soybeans is one of these crops.

Jack Dick Heads Winter Carnival Key Committee

Jack Dick is a member of the Blue Key committee which is busy planning this year's Winter Carnival at Michigan Technological University.

Consumers Power Reports to Your Community...

The many hats of... Consumers Power Company

CP–Careful Planning

Dependable Consumers Power electric and natural gas service is still the biggest bargain in your family budget. It helps cook, clean, wash, dry, iron, cool and heat today's modern home — all for pennies a day. While the total cost of living has almost doubled in 20 years, the unit price of Consumers Power electric service has gone down 16% and gas service has remained nearly the same. Can you think of anything else that costs so little, yet does so much to make life pleasant and convenient, as this hatful of value from Consumers Power?

CP–Customer-minded Personnel

New tools and techniques constantly are being employed by our people to improve customer service and safety. Underground electric distribution lines now are installed in many new residential areas. Electronic computers are being put to work to speed customer inquiries and requests for service. Another computer development will enable us to monitor our entire, statewide natural gas system every two minutes to avoid service interruptions and irregularities. For at Consumers Power, our first concern is always what we can do for you.

CP–Community Participation

Taxes, payrolls . . . however you figure it . . . Consumers Power expansions mean more money in circulation . . . more power and energy for a growing Michigan. Our 1965 state and local tax bill of more than $22 million helped support the activities of schools, hospitals, and other public services. And $80 million in payroll dollars went for houses, food, clothing, charities, etc. Consumers Power, through extensive area development, conservation and other programs, also continually seeks needed improvements for a better economic, social, and cultural life for all.

CP–Continuing Progress

To keep ahead of growing customer demands, Consumers Power budgeted more than $141 million in expansion and improvement of its electric and gas service last year. That's a lot of money, but we recognize our obligation to see that customers always have ample power and energy. That's why we're also making plans, right now, for construction of a new $100 million nuclear power plant near South Haven . . . and an interconnecting power system with other Midwestern utilities to assure reliable service and maximum economies in the years ahead.

what does WESTERN UNION *have to do with Jane Parker white bread?*

By actual count there are 23 quality checks made on Jane Parker White Bread.

Everything from the ingredients right through the mix and the baking is checked and rechecked.

But do these 23 quality checks satisfy us?

No ma'm!
We have a 24th check.

Regularly Western Union representatives select at random and purchase at our stores loaves of Jane Parker White Bread.

They're flown to our quality test lab for that important 24th check.

You see, in that way, we even keep tabs on ourselves.

Is Jane Parker White Bread a good reason for shopping A&P?

It's one of many.

Village Election Is Not Necessary

CLINTON — It will not be necessary to have a primary election in Clinton this year since the slate of officers for village offices is unopposed. Tuesday was the last day for filing petitions.

Mrs. Rex Winchell, whose name appears for the office of treasurer is the only one who is not presently serving.

The incumbents include:
President — John Truesdale
Clerk — John Fox
Assessor — Arthur Rudel

Three two-year terms as trustees, Floyd Tate, Richard Tarske and Gene Pribble.

Three terms on Smith-Kimball Community Center board, Mrs. Harlan Ruhl and William Shelley and a one-year term on the same board, Mrs. Merle Hunt.

The election will be March 13.

Postal Clerk Mrs. Feldkamp Ends 20 Years

CLINTON — Mrs. Jack Feldkamp retired Dec. 30 after serving as a full-time clerk of the Clinton Post Office for more than 20 years.

A retirement dinner party was held for Mrs. Feldkamp Friday evening at Roumell's and she was presented with a farewell gift from the group.

Attending were Postmaster Robert Mohr, six fellow employees and two wives, Mrs. Amos Wilson and Mrs. Donald Baker.

Mrs. Feldkamp is a life-long resident of Clinton. Her husband, Jack, died more than three years ago. Although hospitalized for six months two years ago, when she broke her hip, she was able to return to work at the post office.

The engagement of Jeannie Meyers to Donald Quick is announced by her parents, Mr. and Mrs. Donald Meyers of 214 Jackson St. The bride-elect is a graduate of Clinton High School and Eastern Michigan University and is a teacher of the deaf in the Ida Public Schools. Mr. Quick is a graduate of Western Michigan University. He received his master's degree from Eastern Michigan University and is taking advanced studies at the University of Michigan. He is the elementary principal in the Clinton Community Schools. A June wedding is planned.

ABS Friends Play Bridge

CLINTON — Mrs. Ben Mahrle II, entertained the members of the ABS Club Thursday evening for bridge.

Mrs. Hans Schmidt was a guest. Prizes were won by Mrs. Schmidt, Mrs. Lester Proctor, Mrs. Helen Lew of Swanton, O., and Mrs. Frank Fitzpatrick.

Mrs. Lew was an overnight guest of her sister, Mrs. William Driscoll.

Parents, Teachers To Confer Jan. 20

CLINTON — Parent-Teacher conferences will be held Friday, Jan. 20, for parents of high school students and members of the Clinton High School faculty.

The school personnel seeks to become acquainted with the parents in order to better understand the goals and objectives which the community desires for its children.

The conference day comes at the end of the first semester and teachers will be able to evaluate student progress for the parent who desires it.

Teachers have scheduled one hour each day this year for parent conferences. A conference with any teacher may be obtained by phoning the school office and requesting such a meeting.

★

Parents attending the Jan. 20 conferences may do so at their leisure or set up a definite appointment at the school office.

Coffee and doughnuts will be served in the school cafeteria for visiting parents.

Sandra Shellenbarger Marries Paul L. Dunham

CLINTON — Mr. and Mrs. Paul L. Dunham are residing in Fayetteville, Ark.

The ceremony, which united in marriage Sandra Lee Shellenbarger and Paul L. Dunham, was held in the Leonidas Community Church, Leonidas, Dec. 30.

The bride is the daughter of Mr. and Mrs. Frank J. Shellenbarger of Leonidas. Mr. Dunham is the son of Mrs. Paul Dunham of 205 Tyrell St. and the late Paul Dunham.

The candlelight ceremony was performed by the Rev. Rudolph Burnson.

The bride wore an empire-styled gown of white silk crepe with a sweetheart neckline. Alencon lace and seed pearls circled the waistline.

Suzanne Shellenbarger was her sister's maid of honor.

The bridesmaids were Kathleen Wright of Portage, Karen Yoder of Sturgis and Nancy Salchow of Detroit. They wore candy-pink silk crepe floor-length gowns and carried white fur muffs with an attached bouquet of white and pink chrysanthemums.

Ray Deamer of Philadelphia, Pa., was the best man.

The ushers were Ken Alford of East Lansing, David F. Shellenbarger of Leonidas and Bud Pederson of Palatine, Ill.

Freddie Dickie of Melvindale was ring bearer for his uncle, the bridegroom.

A reception in the church parlors was attended by 175 guests. The bridegroom's mother, Mrs. Paul Dunham, Sr., attended from Clinton.

The bride is a graduate of Leonidas High School and received her BA degree at Michigan State University in December.

She will teach secondary education in Fayetteville, Ark.

The bridegroom is a graduate of Clinton High School. He received his bachelor's degree at Denison University, Ohio, his master's degree at Columbia University in New York City and is a doctoral candidate at the University of Arkansas. He taught physical education at Adrian Junior High School last year.

VOICE of THE HERALD

A Marine Homecoming

Women's Editor Dorothy Grigg writes in her "You Told Us" column this week about the homecoming of Marine Jerry Holdridge, who is departing Vietnam this week after 13 months of duty.

To help prepare his family, Jerry sent an official-looking communique from the Naval Medical Center in Saigon, warning that "certain measures can be taken to facilitate readjustment and prevent relapse of Asiatious Fanaticus."

It warned the marine's family to watch for unusual behavior:

A. Thousand-yard stare in a 10-foot room.

B. Insisting on building a machine gun bunker in the front yard.

C. Attempt to recruit the young men in the neighborhood for the following organized athletic events: foxhole digging, sandbag filling, picking up generators, stealing strategic materials from local organizations, setting up perimeter guard, practice loading bombs on the family car.

D. Walk fully armed at all times and encourage others to do so.

The family was told their marine may be suffering from stages of Viet-Congitis and too much Kool-Aid.

"Show no alarm if he prefers to squat rather than sit on a chair, slyly offer to sell cigarettes to the postman and picks at his food suspiciously, as if you were trying to poison him.

"Be tolerant when he tries to buy everything at less than one-half the asking price, accuses the grocer of being a thief and refuses to enter an establishment that doesn't have steel mesh screens over the doors and windows.

"Don't be surprised if he gives all drinks served in public establishments the 'acid test' and strains them for broken glass."

★

AMONG THE "do's" and "don'ts":

A. Don't under any circumstances mention anything about going to the beach or an overnight camping trip.

B. Don't serve canned food, recombined milk, instant coffee or other dehydrated food. This may result in a wild rage.

C. Do inform all friends, relatives and neighbors to stay away from the premises for at least two weeks. This is the danger period.

D. Do give him an abundance of love.

It closes, "Treat him with kindness, give him an occasional quart of whole milk and you will be able to rehabilitate this hollow shell of a man you once knew."

There is a short postscript, "Fill the ice box with beer, the Kid is coming home."

Help Lighten the Burden

When disaster strikes, friends come running — and strangers, too. That's what the Ollie Musch family found out when a sudden fire broke out Sunday in the furnace room, which heats three of their greenhouses.

"Neighbors, friends, some people we didn't even know offered help," Mr. Musch pointed out the next day while surveying the damage. "We certainly appreciated how they jumped in."

Working until midnight, the volunteers aided the regular staff in moving everything that could go into the other greenhouses, including 7,500 geranium plants. At that, nearly $5,000 in plants and flowers were destroyed by the cold air, which whooshed in where the utility room had stood.

Ollie also noted that Forrest Abner strung temporary electrical lines when the power and heating systems were destroyed. This gave illumination to work by, also juice to portable heaters in the areas which normally aren't heated.

For the Musch family the tragedy was made a little easier to bear by the knowledge that people are so willing to help in an emergency.

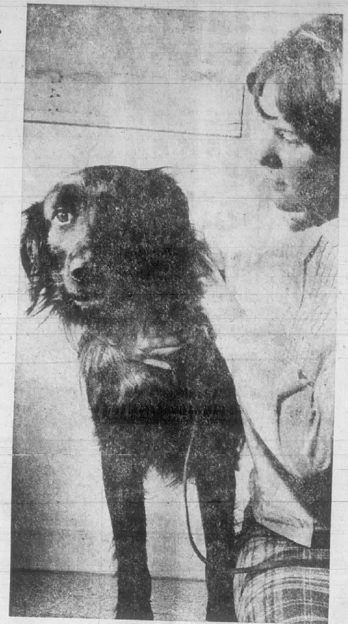
Youth Plan Smorgasbord

A smorgasbord February 11 will be sponsored by the members of the Senior High Youth Fellowship of the Tecumseh Methodist Church. Tickets are $1.75 for adults and $.75 for children in the advanced ticket sale beginning this week.

Proceeds from the affair will go into the growing fund which the young people have for their missionary project this summer.

In this same direction another bread baking session is planned for January 20 and 21. The night of the 20th the youth will have a sleep-in at the church followed by the sale of the bread the following day.

Mr. and Mrs. Robert Meads are sponsors for the youth.



WHOSE DOG? — Has anyone lost this friendly black male dog, which is posing with Carol Riordan. He's a gentle crossbreed, with a little Labrador, maybe shepherd and even a little setter. He is staying temporarily with Judy Sherwood, a first grade teacher at Tecumseh Acres. He was found in the 200 block of Pine St. nearly 10 weeks ago and Mrs. Al Caesar has been trying ever since to get him either back to his owners or with a new family. Call her at 423-7228 if you're interested. During the picture-taking session he was as gentle as could be, seems like a wonderful children's pet.

Through My Window

THE NICE ONES

Sparrows are the bane of a bird watcher's life, but they can also be great joys, too. The common English sparrow is noisy and quarrelsome. They move into a feeding area en masse and are often regular pests.

The females are drab little creatures, various shades of brown and tan with no outstanding markings.

Most males are equally undistinguished, but occasionally one shows up who is almost handsome — his colors will be quite rich-looking, his brown a reddish chestnut, his gray pearly and his white collar spotlessly clean.

★

ONE OF THE worst things about the English sparrows is that they shouldn't be here at all. About 1850 a "poor misguided soul" imported eight pair and thus started all of our trouble.

But I refuse to start the New Year on a despairing note so let's go visit other, and nicer, members of the sparrow family.

Fortunately it is a large family, a very, very large family, and we are pleased that, during the past few weeks, two of the nicer members have been visiting. Neither are new, but they are not "everyday" either.

★

THE ROLY POLY song-sparrow is just about the busiest person in town. She scurries around in true busybody fashion.

So far she has not favored us with a visit to either feeder, but instead seems contented to dine on the scratch-feed which falls to the ground.

Birds, do not have the best table manners and the "fall-off" is quite great. The song sparrow finds more than enough to keep her happy.

It is fun to watch this little, round sparrow scratching the seeds out of the snow. In the first place, she is one of the more attractive members of the family.

She dresses in stripes. Her back is brown with dark stripes, her breast light with cinnamon brown stripes. Our song sparrow wears a single stick-pin dot high on her breast, but occassionally one of her relatives will sport three dots.

★

BUT AS MUCH fun as her appearance is, we also enjoy the furious way she scratches for the seeds. When the snow is light and fluffy, she can send it flying and even a crust on the snow presents but a slight challenge to her determined scratching.

Elizabeth and I had to do a bit of detective work to identify our other "nicer sparrow" visitor. And, at this point, to be quite truthful, I am not really sure how successful we were.

A pair of little birds have been faithfully dining at the feeder closest to the window and my, what cuties.

But, exactly what were they? We were sure of two things, they are sparrows and they are tiny. They sport reddish caps, but they hardly seem bright enough for chippies and there is definitely no black eye stripe as chipping sparrows would have.

Our birds have two white wing bars and unstreaked gray front. No dot on the breast, though, so we rule out the tree sparrow. By such a process of elimination we think we have a pair of field sparrows.

★

ALL THINGS don't add up to a field sparrow — their bills are tiny, but pale yellowish instead of pink and several books indicate that southern Michigan is a bit north of their usual wintering area.

However, birds don't always read about themselves in the books and they don't always follow the rules, either.

We are enjoying a pair of little sparrows and the fact that they are interesting is really more important than exactly who they are, isn't it?

So it is that English sparrows may try our patience, but the song and field(?) sparrows are fun, they are the nice ones.

Long and Short

By TOM RIORDAN

A commando raid is in the offing and all that is needed are a few more volunteers.

Requirements are strict. Men wanting to make the daring mission should be in good physical trim, in their late thirties and early forties, have at least one teen-ager and a transistor radio at home.

Being of a top secret nature, there aren't too many details which can be revealed right now.

But I'll tell you what. If you promise to keep the project quiet, I'll fill you in. But for Pete's sake, don't blab it around.

First of all, the deal has been dubbed Operation Seekay.

Those finally selected to run the raid will don navy skin diving gear one moonless night in February and swim silently across the Detroit River.

Each man in the mission is to be assigned a specific job. Several demolition experts are included in the raiding party and an ample supply of dynamite and fuse already are on order.

Once on the Canadian shores, one-half of the crack team will head directly for the radio tower of CKLW. Sticks of Big D will be taped to the tower and others placed in holes dug next to the foundations. Detonation will be for midnight.

The rest of the men will head for the station's studio. Their part of the deal is going to be extremely delicate.

With a newly-developed nerve gas, several are charged with the job of stunning all station personnel, then removing them from the area.

★

A TWO-MAN destruction crew will immediately start a red-hot fire into which all Seekay records will be tossed. Fast-paced commercial tapes are also slated for quick deaths.

Now this gas mentioned earlier has two effects. First of all it harmlessly puts its victims into a deep sleep. Secondly, when they awake 24-hours later their speech is low-pitched and marvelously slow.

Thus, Seekay regulars like Bud Davies, Joe Van and their fellow frantics will be magically transformed into soft-spoken John Dalys and go onto fame and fortune in the network radio.

Isn't that wonderful?

Sales and office workers at Seekay are also expected to have whole new slants on life when they awake, eager to go into new fields of effort—each being much more successful than he has ever dreamed possible.

★

SEEKAY OWNERS, clutching fat insurance checks as the result of their demolished facilities, will invest in professional football and get many times the return on their money than broadcasting could ever bring.

So, there is it, Operation Seekay, the story with a happy ending.

Gone will be the days of the machine-gun shouting over the airwaves, ended the ear-splitting clatter.

OK, middle-aged volunteers, please step forward.

Man Who Helps Many To Be Honored

By DOROTHY GRIGG

"A well-fed man presents quite a different appearance than a starving one," said Robert M. Gillespie, 122 W. Brown St., longtime service office for Tecumseh's Underwood-Orr American Legion Post.

This philosophy has been a driving force within Mr. Gillespie over the years as he quietly aided scores of veterans obtain pensions and other GI benefits.

Many times he helped accomplish the "impossible" by persistent digging for facts and long-forgotten records.

A testimonial dinner to honor Mr. Gillespie is being staged Feb. 4 by officers and members of the local post, in recognition of his untiring efforts to assist veterans.

Michigan Legion Commander Marshall Taylor and State Service Officer Leo M. Leggett are among those invited to be at the head table.

★

MODEST ABOUT the nearly 80 pensions he has been able to obtain for veterans and their families, Mr. Gillespie usually says, "Oh, I didn't do much."

His wife, Myrtle, tells quite a different story. She mentions stacks of correspondence for the various cases her husband has worked on.

Recent Gillespie accomplishments include the discharge of two Clinton servicemen, who were needed in their homes. Working through Congressmen, who, in turn, contacted Adjutant General J. C. Lambert, Department of the Army, Mr. Gillespie helped make possible the discharges.

"It's funny what people want you to do," said Mrs. Gillespie as she told of one mother who had been unsuccessful through the Red Cross in getting her son, who had one leg amputated in Germany, moved to a hospital closer to home.

Specially-equipped automobiles, grave markers, admittance to veterans hospitals, farm and home loans, GI term insurance transferred to straight life, applications for Social Security benefits and help for local funeral directors, applying for reimbursement for expenses, have all been a part of the work done by the service officer.

★

SO SUCCESSFUL with his work, Mr. Gillespie has been awarded the certificate for Outstanding Service by the Second District of the American Legion four times in the past six years.

A veteran of World War I, Mr. Gillespie was a mechanic in the Air Service. He received a medical discharge Jan. 3, 1919.

Persistence is the reason Mr. Gillespie has so many successful cases. He leaves no stone unturned to prove eligibility for area veterans in need.

Mrs. Gillespie told of congratulations that she has received from the Detroit office concerning her husband's consistent perseverance.

The voice on the phone said, "You are to be congratulated on having such a husband. Lots of people would have just dropped the case long ago."

OVER THE years, Mr. Gillespie has opened many channels so that now he is able to accomplish much of his work by phone. Earlier the cases required many personal appearances.

In August of 1958, the local post gave its loyal service officer a life membership.

Now members plan to further honor him with the testimonial dinner, which will be eagerly attended by his wife and two daughters, Mrs. Harold Easton and Mrs. George VanCamp, Jr., and their husbands and the grandchildren, Linda and Gary Easton and Michael and Craig VanCamp.

Shareholders Name Don Martin to Board

Gamble Store owner Don Martin was elected to the United Savings Bank board of directors Tuesday by shareholders.

He replaces Perry Satterthwaite who retired as a boardman after serving 25 years.

Mr. Satterthwaite, who is 74, was lauded for his long service by bank president, Pat Meadows, who announced a recognition dinner for the retired director is planned for next month.

The 10 other current boardman were all re-elected.

Mr. Meadows pointed out the continued growth of the local financial institution, which currently has assets of $29.5 million.

During 1966, net operating earnings after taxes reached $311,253, an increase of 12% over the past year.

Operating income was $1,265,607 for '66, a 12.9% jump over 1965.

★

BOARD chairman Robert H. Moore told shareholders that in making a personal survey of four area manufacturing plants, 1967 appeared as if it will match 1966. Consumer spending is predicted to rise 7%, he added.

Last year, following a stock dividend, market value of United Savings stock was $37.50 per share. It now is between $50 and $55.

Mr. Meadows introduced bank officers and lavishly praised their efforts. "Without their dedicated help we could not have achieved our fine record."

The Herrick Park branch will be ready in late spring, explained Karl Schneider, board member and building chairman.

Sutton Road Branch is handling about 2,000 transactions monthly, "exceeding our expectations," said Mr. Meadows.

Schools Bid Debt Goodbye

At least one mill — maybe more — will be cut from school taxes at the end of the current year.

The schools, presently taking 6.32 mills of eight mills approved by the electorate 12 years ago, will probably need about five mills in December to pay off the remaining bonds of the schools' $1,900,000 building program.

Final payment on the bonds will be April 1, 1968.

★

SUPT. James McDowell says the Tecumseh schools could well be the only one in Michigan free of debt at that time.

Such a situation, however, was made possible only through gifts from Ray W. Herrick.

Two of the gifts included a large, $400,000 addition to the high school and a $100,000 addition to the junior high. He's helped in many other ways to further education here in the schools.

Former Tecumseh Student Killed in Vietnam Action

Tecumseh has been touched by the death of two servicemen killed in action in Vietnam.

Pfc. Jerry J. Dusseau, 22, son of Mr. and Mrs. James Dusseau of Palmyra, was killed Friday when he was hit by fragments of a booby trap.

Specialtist 4/c G. Lyle Stetten, 23, son of Mrs. Evah Stetten of Birdsall and the late Henry Stetten, was killed in Vietnam Jan. 11 while serving with the Army's 25th infantry division. He received his education in Tecumseh's schools.

Pvt. Dusseau's father is employed at the Tecumseh Products Co. and Jerry was employed there during two different furloughs early last year.

He was serving as a security guard on a road construction project in Vietnam. The trap was an enemy-planted device.

Specialist Stetten had been in Vietnam for a year and was due to be transferred in 40 days.

He joined the Army April 9, 1965, and took basic training at Ft. Knox, Ky.

He also served in Hawaii before going to the war zone.

In November, Stetten won the Army Commendation Medal for heroism in another action against the enemy.

His citation read, "Specialist Stetten moved through heavy fire to assist in the evacuation of the injured personnel in a command truck . . . he manned an M60 machine gun laying down a heavy base of fire which suppressed the enemy fire in the immediate area. With complete disregard for his own personal safety, he again exposed himself to assist in the care and evacuation of the wounded."

Relatives have been notified by the Defense Department and funeral arrangements are pending for both men at the Everiss Funeral Home, Adrian.

Friends Youth Meet Nightly

Annual Youth Week meetings at the Tecumseh Friends Church will feature the Rev. Mahlon L. Macy of Minneapolis.

Gatherings will be held nightly at 7:30 from Sunday, Jan. 29 through Sunday Feb. 5. and the public is invited.

Instrumental and vocal music will be part of each session, under the direction of Joseph Hayden, who formerly was a member of the Malone College Quartet, which performed in eastern and midwestern states.

The Rev. Mr. Macy has served as a minister in California, Washington and Oregon.

In May, he attended the meeting of the World Evangelical Fellowship in Hong Kong, China, and visited mission fields in Taiwan, Korea and Japan.

On the staff of the National Association of Evangelicals since 1955, the Rev. Mr. Macy was promoted to Field Director in 1958.

In 1960 he assumed the position of Director of Development for NAE, and in 1966, the position of Field Director of the Upper Midwest Region.

Skin Grafting Operation Done at Walter Reed

Sp/4 Richard Lyon, 416 W. Logan St., is home on 30-day leave from Walter Reed Hospital in Washington, D. C.

He recently underwent skin grafting made necessary by the amputation of his right leg.

Specialist Lyon was injured in an automobile accident Nov. 4 while on active duty with the army in Germany.

Other injuries included a punctured lung, broken left leg and collar bone.

He is the son of Mr. and Mrs. Kenneth Lyon, who moved to Tecumseh about two months ago from Q uincy.

Mr. Lyon has been employed at the Tecumseh Products Co. for some time. The couple have three married daughters.

Specialist Lyon was with the army medical corps and expects to receive his discharge in July after a three-year hitch.

Holiday Ball Adds $749.17 to Heart Fund

Herrick Memorial Hospital Auxiliary reports a net profit of $749.17 from its annual Holiday Ball.

The proceeds will be deposited in the group's Heart Fund and will be used for the purchase of cardiac equipment.

Paul Vollmer Is New Owner of Detroit Firm

Paul Vollmer, an engineer at Tecumseh Products for 18 years, has purchased the Modern Dog Food Co. in Detroit.

Mr. Vollmer is resigning his post at the Products, effective Friday, and will assume management of the business located at Greenfield and Joy Rd.

Modern Dog Food is an established concern, which processes and markets frozen beef products for dog food.

Asked how he got interested in the new business, Mr. Vollmer said, "I fed it to my dog for 12 years."

The Vollmers raise prize-winning Brittany Spaniels.

The Vollmers plan to remain at their residence at 8424 Clinton-Macon Rd.

Jaycee Week Is Celebrated All Over Nation

More than a quarter million Jaycees across the country are celebrating the observance of National Jaycee Week, Jan. 15-21.

The week honors the founding of the Jaycees in 1915, when Henry Giessenbier saw a need for a young men's civic group and organized the first chapter in St. Louis, Mo.

The movement spread so fast that in 1920, the U. S. Junior Chamber of Commerce was formed with 24 cities represented.

The name of the national organization was changed in 1965 to the United States Jaycees.

Young men 21 through 35 years of age work for community betterment in 6,000 local Jaycee chapters.

Service projects offer leadership training for the individual's benefit, a by-product of the service rendered the community through Jaycee endeavors.

Tecumseh Jaycees, chartered in 1954, now unmber 41. The group meets the first Thursday evening of every month at 8 in club rooms above Gaston & Son Jewelry.

Golf Lessons Start

Golf lessons will start at the Community Center next Tuesday and Wednesday, according to Don Moffatt, Tecumseh's recreation director.

Cardiac Care Equipment Is Given Test

Members and guests of Herrick Memorial Hospital Auxiliary met Thursday, Jan. 10, at the Community Center to see a demonstration of the cardiac resuscitation cart purchased by the group last year for use at the hospital.

Dr. Joseph Bachman, cardiologist, outlined the history of electronic treatment of heart attack victims since the first application of current to a heart in 1955.

He described the elements of a coronary care unit, where patients' heart rates are recorded electronically and monitored simultaneously, visually and audibly, by a centrally-located nurses' station.

Thus monitored, the heart's electrical impulses are subject to constant attention and aid is available immediately in the case of any adverse change, sometimes even before the patient himself realizes something is wrong.

Dr. Richard Coak explained the advantages of the resuscitation cart in the treatment of cardiac failure.

Acquisition of the unit is only part of a developing program to provide, eventually, a coronary care section at Herrick Hospital.

In the demonstration that followed, Dr. Coak was assisted by Mrs. Raymond Van Kirk, Mrs. Alton Wellnitz, Dr. Bachman and LaVern Tubergen, senior University of Michigan medical student currently serving an externship at the hospital.

Blue Dot 'Zok' Spot for Teens

By CAROL RIORDAN

Teenagers needn't travel far to find a "zok" spot especially for them. The Blue Dot, a teen night club in Clinton, offers fun and excitement for all, with well-regulated adult supervision.

Mr. and Mrs. Merle Hunt, better known as "Mom and Dad" to their patrons, own and operate the center.

The Blue Dot was recently remodeled to a cabaret atmosphere.

There are now two portions with a section for pool, pinball play, and refreshments and the other for dancing. As guests enter the dance floor area, tiny Italian lights strung on blue fish net twinkle on one wall.

The carpeted bandstand is in one corner. On another side is a platform with five small blue tables with flickering candles, each seating two teens, and a terrace around it.

Interior decor features soft blue which sparkle.

★

MOST RECENT musical group to please the regular goers of The Blue Dot was The Alfred E. Newman Memorial Rock Band of Brooklyn. Mike Turner is bass guitar, Jim Keller, lead guitar; Mike Benner, drums; Jim Emery, organ, and Jerry Stubbs, rhythm guitar, maracas tambourine, and lead singer.

They were attired in mod clothes with suede boots. Some of their most successful numbers were "Double Shot," "Just Like Me," "House of the Rising Sun," "Wipe Out," and "It's a Gas!"

Teens come to The Blue Dot dressed in casual mod clothes to dance to the juke - box or live group, play a game of pool and enjoy a coke.

The Blue Dot is open nightly until 9, Sunday from 2 to 6, and Saturday 1 p.m. until midnight.

Other bands which have played at The Blue Dot are the Adolecents of Tecumseh, The Few Are Many, The Necessities of Clinton, The Sandstones of Adrian, Waste of Days and Thee.

Scheduled in the future are the Serfs of Tecumseh.

MRS. RAYMOND HOOVER

Paula Wilkins Married to Raymond Hoover in Kansas

Paula Wilkins and Raymond Hoover were united in marriage Dec. 27 at the Erie Federated Church in Erie, Kan.

Parents of the couple are Mr. and Mrs. Paul H. Wilkins of Clay Center, Kan., and Mrs. Charles Starks, 11497 Carson Hwy. The groom's grandparents are Mr. and Mrs. O. E. Hoover of Fort Scott, Kan.

Given in marriage by her father, the bride wore an empire gown of white peau de soie with bodice featuring a cape of re-embroidered Alencon lace accented with pearls.

The skirt was straight in front with pleats at the side leading to a chapel train. Her veil of illusion fell from an open crown pillbox of matching peau de soie and lace, accented with pearls.

She carried a bouquet of white carnations and English ivy.

Jeanie Hawkinson was maid of honor and the bridesmaids were Charlotte Cuthbertson and Patty Talarico, all sorority sisters of the bride.

★

THEY WORE floor-length, A-line red velveteen dresses accented with ruffles and matching open crown pillboxes with ruffle brims covered with illusion. Each attendant carried a white fur muff with an arrangement of English ivy and red carnations.

Mary Starks, sister of the groom, was the flower girl in a red velveteen dress fashioned like the other attendants. She carried a basket trimmed with red bows and ivy.

Richard Starks, brother of the groom, served as ring bearer, wearing a black suit with red carnation boutonniere.

Neil Polfer was best man with Warren Starks, brother of the groom, of Tecumseh, and Stan Wilkins, brother of the bride, as groomsmen.

The guests were seated by uncles of the bride and Bob Burns and Girard and Charles Crawford.

A reception was held in the church basement with Mrs. H. D. McNary, Mrs. Phil Wilkins and Mrs. Bill Stanley as hostesses.

Following a trip to New Orleans and the Sugar Bowl game, the couple are living at 1330 N. 78th St., Kansas City, Kan.

You Told Us

By DOROTHY GRIGG
Herald Society Editor

Mrs. Herb Willmott of Ft. Myers, Fla., provides You Told Us readers with "a bit of warmth from southwest Florida,

"To be exact, Tropic Terrace Condominium Apartments, just north of Fort Myers.

"Mr. and Mrs. O. W. Laidlaw entertained a group of Tecumseh folks Jan. 14 They met at Laidlaw's lovely apartment then moved on to the picnic area which is situated in the midst of palms, seagrapes, exora and other green and blooming shrubbery, beside a spring-fed pond where fishes eagerly respond to tossed bread crumbs.

"The tables were sheltered from the 81-degree heat and a gentle picnic breeze ruffled the place-mats.

"Lunch consisted of barbecued beef patties (**Editor's note—no doubt the recipe Ayesha used at THS years ago**) freshly-picked tomatoes, new potatoes, fresh Florida cukes and peppers and onions, of course, with a finale of fresh Florida strawberry sundae. How good can you have it!!

"The guests were Mr. and Mrs. Vincent C. Haight of Venice, Mr. and Mrs. Tom Godfrey, formerly Helen Kelso, of Naples, Mr. and Mrs. Ted McConnell and Leota's sister, Mrs. Ford, of Englewood Beach and Mr. and Mrs. Herb Willmott of Fort Myers."

Thank you, Mrs. Willmott, for sending us such a yummy picture of the fun and food all of you are enjoying away from the cold and ice of Tecumseh.

Monday Club Plans Potluck Tasting Party

Guest Day with a potluck tasting party will be held Jan. 23 by the Tecumseh Monday Club at the Youth House of the First Baptist Church.

Tasting will begin at 12:30 p.m. and members will provide recipes for the dishes that they bring.

"Foods of the Future" is the topic of the program with Mrs. Eileen Bell of Michigan State University as the speaker.

Mrs. Roland Mohr is the leader of the benefit party, sponsored by the Ways and Means Committee. Tickets will be 25c.

Nine Baptized into Methodist Church Sunday

Nine youngsters were baptized Sunday morning at the Tecumseh Methodist Church by the Rev. Donald Porteous. Presented were JoHana Lynn Bailey, daughter of Mr. and Mrs. David H. Bailey; Christine Marie Boike, daughter of Mr. and Mrs. Marshall Boike; Sally Ann Duckworth, daughter of Mr. and Mrs. Warren Duckworth; Lisa Gaye Maki, daughter of Mr. and Mrs. Wesley Maki; Janice Jean and Karen Lee Nash, daughters of Mr. and Mrs. Norman Nash; Jeffrey Walter Prill, son of Mr. and Mrs. David Prill; Malinda Jeanette Randolph, daughter of Mr. and Mrs. Ralph Douglas Randolph and Lisa LeAnne Sherman, daughter of Mr. and Mrs. Tommy Sherman.

Following the baptisms the Rev. Porteous spoke on "God Lives — Meet Him in Church." The message opened a Mission to Members visitation which began Monday evening with the receipt of assignments to membership teams seeking to bring absent members back into the activity of the church.

Communication Is Marriage Key

"The ability to talk things over is the adhesive agent that cements marriage", Mrs. Richard Chatters, president of the Child Study Club, told members as she presented the program "Making Marriage Meaningful".

Mrs. Miles Cowdrey of 1105 Jane Street was hostess for the January 16 meeting:

Discussing sex, communication, personality conflicts, boredom and manners in marriage, Mrs. Chatters reminded members that constant happiness isn't quaranteed in marriage or in any other aspect of life.

"The belief that each of you is entitled to receive happiness is wrong. You have the privilege and the problem of giving happiness and you will discover that you can't give happiness without getting it back," she said.

Refreshments were served by Mrs. Hugh Des Ermia and Mrs. Miles Cowdrey. Eskimo children in cotton parkas holding candy sticks were the favors provided by Mrs. Keith Barron and Mrs. Richard Gates.

Former Principal Visits in City

Sister Ann Xavier O. P., first superior of St. Elizabeth School in 1953-59, spent a few hours in Tecumseh last week at the home of her niece and family, Dr. and Mrs. Don Phelan. Sister was en route to Florida.

GRADUATE — Marine Privates Jeffery A. Baker, son of Mr. and Mrs. James W. Baker, of 5762 Rogers Hwy., and Terry E. Sisty, grandson of Mr. and Mrs. Wm. Fielder, 217 N. Pearl, were graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in San Diego, Calif. They will undergo three weeks' individual combat training and report to their first Marine Corps assignment after spending leave at home. The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-calibre pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork. A thorough study of basic military subjects; hygiene; first aid and sanitation; and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join Marine combat forces.

State of the Union Message: At the present time, 55 clubs are organized in the county. Over 1,500 4-H'ers belong. About 400 volunteer leaders (mostly parents of members) freely give their time to "make the best 4-H club better".

Taxpayers Can Get Help

Taxpayers will be provided assistance with the preparation of their Federal income tax returns at the Internal Revenue Office in Adrian, 235 N. Main St., from 8 a.m. to 4 p.m. on Mondays.

This service will continue through the filing period, which ends April 17, 1967.

Taxpayers should first read their instruction booklet and start preparing their return. Then, if a problem arises, telephone the local Internal Revenue Office on the same designated assistance days, having all the pertinent facts at hand.

Any Think

By JUDY FIELDER

Many changes have come to our community over the years, but when I went to the athletic field the other day to pick up our well-frosted sliders, I discovered "the hill" is the same.

The old special tracks were worn smooth to a glistening coat of near-ice, while a hump about half-way down the hill has been cut to the dirt by daredevils seeking a bumpy thrill.

That bump stands out in memory as the spot where my sled was crumpled by a big kid who borrowed it and went over the mound too hard.

I sadly dragged home that day, my old friend swaying dizzily behind me on its beaten and bowed runners.

After that catastrophe, I discovered all the sliding machines can't beat the cardboard boxes, which are always at the hill, left by the last guy.

And the old standby, seat and knees of overpants, get worn down just as fast as they used to.

We never had an excuse for being late after playing at the hill . . . the Westminster chimes would echo across the field from St. Peters Episcopal Church every quarter hour.

Never have found a watch as good at those long-gone chimes

First choose Cadillac. Then choose the year.

The decision to purchase a Cadillac—regardless of model or year—is the wisest move a motorist can make. Cadillac's remarkably luxurious interiors and superb driving qualities are unmatched. Cadillac's renowned durability, craftsmanship and advanced engineering also gives it long-lasting value—and its owner loyalty ranks highest in the world of luxury motoring. You, of course, are best prepared to judge which model is most suited to your needs and your budget. But avoid compromise with a lesser make. For no other car at a comparable price can provide you greater pleasure and satisfaction than the Standard of the World. And, of course, most previously owned Cadillacs—even those several years old—feature a complete complement of conveniences such as power brakes, steering, windows and seats to provide more driving pleasure than many of today's new cars. See your authorized dealer and let him help you select your favorite model . . . whether it be new or previously owned. Then all the wonderful rewards of Cadillac ownership can be yours as soon as today or tomorrow.

His seven-man shop crew has 72 years of mechanical experience and includes from left, Jack Covell, John McKenzie, Bob Klingler, Ed Emans, Lloyd Goll, Chuck Clucas and Lonnie Stalls, service manager.

THS Girls Win Pair at Brooklyn

Peggy Martinus scored 10 points to pace Tecumseh High School girls in a 16-13 basketball win over Brooklyn last Wednesday.

Mrs. Richard Wells' hoopsters came from behind with four points in the fourth period to capture the victory.

THS Jayvees also won, topping the Brooklyn junior varsity, 26-4, with Gail Green getting 10 points and Tracie Brooks sinking nine.

Mrs. Wells takes her squad to Britton Monday for the team's next action.

Firemen Assist at Ward Blaze in Adrian Sunday

Tecumseh firemen, working in two shifts, assisted the Adrian Fire Department Sunday at the fire that wiped out Montgomery Ward & Co.

The first team, Ivan Maynard, Mahlon Sebring, Dick Beasley, Herbert Barnes, Lonal Bishop and Ralph Sager arrived at 7 a.m. Sunday to help extinguish the blaze.

Wallace MacGeorge, Dick and Don Purkey, David Faling and John Saling took over at 1 p.m. and stood by at the Adrian fire station until 7 p.m. while Adrian firemen rested.

Sunday night at 7 p.m. the department was called to the home of Lawrence Hebert, 513 N. Union, where a workbench in the garage was damaged.

Wednesday at 8:40 a.m. the department was called to the W. E. Haselwood residence, 1020 Red Mill Dr., where a clothes dryer and contents were on fire.

Topic Is Poet

"Homer The Blind Poet" was the topic of the program presented by Darlene Smith to 12 members of the Half-Notes Music Club Jan. 6.

The meeting opened with the singing of the hymn accompanied by Paula Brantingham.

Performing were Vicki Vince, clarinet; Mark Hayford, trombone and Paula Brantingham, oboe.

Old Building Removal Is Indecisive

A brief session of Council Monday night consisted mostly of approving reports of various city organizations.

In other action, resident John Saling was told that efforts had been made to tear down the old Murphy Apartment building on E. Chicago Blvd.

Attorney James Beardsley said the property was turned over to the state, due to unpaid back taxes, but the state in turn gave it back to the owners.

Cal Zorn, city manager, says estimate to tear the old structure down is $600. If the city authorizes the work, the cost will go on the taxes — and they're not paid now.

Residents on N. Union St. inquired about the status of the Frank Horton property. Mr. Horton started an addition and was stopped by the city.

The city claims a violation of zoning, while Mr. Horton's attorney claims this particular zoning is unconstitutional.

Judge Rex Martin heard the case Friday, and a decision is expected this week.

Acres Principal Wayne Kaiser Gets New Post

Wayne Kaiser, principal at the Tecumseh Acres elementary school for the past nine years, and formerly principal at Patterson and Central, was appointed to a new position by the School Board Monday night.

The new post, instructional consultant and curriculum coordinator, will deal primarily with assisting teachers, heading committees for selecting instruction materials, in-service training, and all new Federal aid programs.

Mrs. Gordon Garlick, former Herrick Park elementary school principal, will become principal at Tecumseh Acres next Monday. She suffered a heart attack last year and is now ready to resume working for the first time in the 1966-67 school year.

Mrs. Graham Fleming will continue as principal at Herrick Park.

Annie Learns Hard Way

By LORI EGLI

"You Can't Get a Man With a Gun" is not only a peppy song.

It is the lesson Annie Oakley has to learn in the musical, "Annie Get Your Gun," to be presented by the Tecumseh Players at the Community Center.

Opening night is set for Feb. The show will continue to run Feb. 17, 18, 23, 24, 25 and March 2, 3, 4.

Season ticket holders have already received their tickets. General tickets will go on sale Saturday at Flanders Music Store, Wright's Pharmacy and Gambles in Tecumseh.

In Adrian, tickets will be available at Nixon - Marbro's and Morrison's Pharmacy. Members of the cast will also be selling them.

★

RESERVATIONS are on a first - come, first - served basis. Since the Glass Room is small, all seats have a good view of the show, however, choice nights go fast.

Reservations must be made by calling 423-7375.

Students will be allowed to see the musical during the dress rehearsal Feb. 15, with tickets, at a reduced rate, available at the door that evening.

"Annie Get Your Gun" is the story of Annie Oakley, a small town gal, played by Peg Gieger, who is talented with a gun, but not talented in catching a man.

Buffalo Bill's circus comes to town and Annie finds herself competing with the crack sharpshooter, Frank Butler, played by Bud Johnson.

She falls for him, wins the shooting match, but promptly loses the man.

Her talent as a markswoman gets her a job with the circus. When she constantly outshoots Frank, he leaves Buffalo Bill to join Pawnee Bill's circus.

AFTER unsuccessful seasons, the circuses decide to merge.

But there is one big difference. Annie is no longer the tomboy, deciding to follow the advice Frank gave her in his song, "The Girl That I Marry."

There's one last shooting match, which ends as it should and girl gets boy.

3 Injured in Collision

Three persons sustained minor bruises when two cars collided Saturday at the intersection of M-50 and M-52.

David Catellier, 21 of Detroit was given a summons by Clinton State Police for failure to yield the right of way.

The Catellier car pulled into the intersection on M-52 and was struck by an eastbound car driven by Bobbie Thompson, 32 of 3790 Monroe Rd., Tipton.

The injured who sought their own treatment included Bobbie Thompson, lacerated forehead; David Catellier, bruised arm and shoulder and Katherine Neumann, also of Detroit, broken tooth and bruised arm.

Public Card Party To Be in Tipton

A public card party for the benefit of the March of Dimes will be held Friday, Jan. 20, at 8 p.m. at the Tipton Grange Hall. There will be no meeting. Late refreshments will be served.

THS Faculty Will Clash with Girls

Members of the Tecumseh High School faculty will compete against the Shooting Stars, an all-girl professional basketball team, Tuesday, Jan. 24, at 8 p.m. in the high school gymnasium.

The Student Council sponsors the event, with the faculty team made up of Gordon Crocker, Tom Fagan, Harold Glanz, Gordon Gutowski, Robert Kiebler, Dick Lent, John Pobuda, Val Spangler, Ted Todd and a special mystery player.

Tickets will be on sale at the door at a cost slightly higher than advance sale.

Son Born Monday to Jim Hibbards

A son, James Eric, was born to Mr. and Mrs. James Hibbard Monday at St. Joseph Mercy Hospital, Ann Arbor.

The engagement of Barbara Kay Gillespie to William R. Veeser is being announced by her parents, Mr. and Mrs. Roger Gillespie, 9687 Welch Rd. Mr. Veeser is the son of Mr. and Mrs. Cecil Veeser of Brookfield, Ill. The bride-elect is a graduate of Britton-Macon High School in 1963 and a senior at Western Michigan University in special education. Her fiance is a 1966 graduate of Marquette University, Milwaukee, Wis., and is presently in graduate school of Psycholoag at Marquette.. A July 29 wedding is planned.

Houghton, Devils Lakes Plan Tip-Ups

Ice fishing moves into the spotlight this Saturday and Sunday (Jan. 21-22 at Tip-Up Town, USA.

An estimated 10,000 persons will attend this colorful winter festival on the south shore of Houghton Lake. The humorous side of ice fishing will be depicted in a 9:30 a.m. parade. It will form at the west end of the lake and lead the carefree citizenry into Tip-Up Town for the customary flag-raising ceremony.

Some wag sent aloft a frozen "unionsuit" once, and ever since the first "official" banner in the flag-raising ceremony has been a frozen pair of winter skivies.

Prizes will be awarded liberally to the citizens. There will be two days of ice fishing contests, a Saturday night dinner honoring outdoor writers, square and ballroom dancing at the high school, and nominations of three queen candidates from persons actually fishing through the ice on Saturday.

Tip-Up Town is ruled by a psuedo mayor and marshal who hold dominion over everything above and below the ice.

Overnight reservations are practically unobtainable at this late date. Persons who intend to stay both days should be certain they will have a place to spend the night, or return home at the end of the day.

A similar event will be held at Devils Lake Feb. 4 with contests and fun for adults and children.

Bureau To Study Building Needs

With all surveys pointing for a larger population in the Tecumseh School District in the very near future, the Tecumseh School Board Monday night authorized the Michigan Bureau of Services, University of Michigan, to project needs here for additional educational buildings.

The schools hope to establish a basis for needs here for five and 10 years hence.

VOICE of THE HERALD

Comments Are Changing

While most of the comments about paper-sack refuge have been critical, some of an opposite nature are filtering through.

Steve Illeck said that he's well satisfied with the way things are working. The Rev. Paul Brantingham notes that "Our councilmen are doing the best they can. If folks complaining were in their position, they'd see the situation differently."

Then Mr. Brantingham added with a grin, "The men serving that capacity don't get overwhelming salaries."

There is reason for optimism, too. City Manager Cal Zorn, who reports complaints have been decreasing, says that Phil Duckham is now devoting his full time to the Tecumseh operation.

Mr. Duckham formerly was part owner of Dependable Garbage. He has disengaged himself from this arrangement and formed Modern Disposal, which has as its sole objective the service of Tecumseh homes. In fact, states Mr. Zorn, the owner is operating one of the trucks.

The city manager notes that residents need not carry their full sacks to the curb, merely have them in view from the street. This means outside of garages and out from behind houses.

★

MODERN DISPOSAL has divided the city into four parts, with a pickup day designated for each. Chicago Blvd. cuts the north and south halves. Union St., south of Chicago, marks the division between east and west and Evans St., north of Chicago, cuts the other quarters.

Pickup are scheduled:
Monday — southwest section.
Tuesday — Northwest section.
Wednesday — Northeast section.
Thursday — Southeast section.

Waldron Book Due in Summer

Folks have been wondering when Clara Waldron's 1824 to 1924 history of Tecumseh is going to be published by The Herald.

Our guess at the moment is sometime this summer.

Clara completed her "One Hundred Years A Country Town" last fall and we immediately had two copies made of the 267-page manuscript. These are currently in The Herald Safe.

What we're awaiting right now — and have been assured delivery for this month — is a special composing machine. Without getting too technical, the book is being printed by the offset method and we're going to use "cold composition."

That mean's Clara's work will be set up on a device much like a typewriter, which cuts a tape that is fed into another unit. This produces justified columns of copy, ready to be photographed for printing.

With more than 70,000 words, the chore is going to take a while. Clara has also gathered old-time photos, which will be included in the volume.

In addition for the picture section, Herald cameras will be recording some historic scenes around town as they appear today.

Indian Five Improves

Tecumseh has dropped two Huron League games by a total of two points.

Now comes Blissfield, here Friday, and the Royals have one of the best clubs in the league.

It should be another tight battle and the Indians could win or lose by a one-point margin — being on the home court, we'd have to pick Tecumseh.

Coach Vic Lawson has a fine team with only a couple of apparent weaknesses. It could be stronger on the boards. With all the presses being thrown up, the Indians could fare a bit better against this full-court defense.

Charlie Thomas and Dean Hebb are two of the best shots in the league. Jim Upell has come along in recent games and has proven a big help on the boards. Doug Bugbee is another top rebounder.

Jim Mobley and Dave Kennel are improved and Tecumseh's two best bets in bringing the ball downcourt against the press. Jim Hunt has been a big surprise, a big scorer and could be a help on the boards.

OBITUARIES

● EDWIN S. BIHLMEYER

Funeral services will be Thursday at 1:30 p.m. in the United Church of Christ, Clinton, for Edwin S. Bihlmeyer, 65, who died Jan. 16 at 6:50 p.m. in Herrick Memorial Hospital. He was a patient since Saturday, when he suffered a heart attack while fishing.

Mr. Bihlmeyer was a retired carpenter.

He was born July 18, 1901, in Freedom Township, Manchester, son of Jacob and Mary Jedele Bihlmeyer.

He married Gladys Socks of Clinton, Nov. 30, 1925, who survives.

He was a member of the United Church of Christ.

Besides his wife, he is survived by two sons, Glen, of Clinton and Duane, 116 W. Shawnee; two brothers, Walter, of Manchester and Fred, of Ann Arbor; six sisters, Rose Bihlmeyer, Mrs. Bertha Gebhardt, Mrs. Andrew Keiman and Mrs. Christina Ehnis, all of Ann Arbor, and Mrs. Christ Keubler and Mrs. Ed Traub, both of Manchester and eight grandchildren.

One brother preceded him in death.

The Rev. Paul McKenna will officiate. Burial will be in Riverside Cemetery. Friends may call at Proctor's Funeral Home until 10 a.m. Thursday.

o

● MRS. DALE BEACH

Services will be held Thursday at 1:30 p.m. at the Niblack Home For Funerals for Mrs. Dale Beach, 47, of 8478 E. Monroe Rd., Ridgeway, who died at 9 p.m. Sunday at Herrick Memorial Hospital.

She had been a patient there since Jan. 11.

Mrs. Beach was born Sept. 14, 1919, in Ottawa, O., the daughter of Ray and Daltha L. Campbell Dazey.

She married Mr. Beach March 4, 1949, in Quincy. They moved to Ridgeway in 1950.

Mrs. Beach was a member of Chapter 249 Deerfield Order of Eastern Star.

Besides her husband, she is survived by three daughters, Mrs. Ernest Engle and Mrs. Edward McCory, both of Toledo, and Mrs. Daniel Woodbury of Monroe; a son, Bernard Beach, at home and eight grandchildren.

Mrs. Beach is also survived by her mother, Mrs. Dazey of Toledo; two sisters, Mrs. Alburn Dewey and Mrs. Orville Hendershott, both of Toledo and two brothers, Edward Dazey of Pomona, Calif., and Richard Green of Lansing.

Her father and one son preceded her in death.

The Rev. Alfred Sheley will officiate and burial will be in Oakwood Cemetery.

o

● KENNETH FISHER

Kenneth Fisher was buried in Phoenix, Ariz., in November. He is survived by his wife, one son and three daughters, including Mrs. Algernon Cutler, 2035 Russell Rd.

Mr. Fisher was an Adrian businessman before going to Arizona 18 years ago. He was associated with his father, the late C. C. Fisher, in the Fisher Book Store.

o

● MRS. ANNA NORDSTROM

Services will be held Friday at 2 p.m. at the Dunn Funeral Home for Mrs. Anna Nordstrom, 80, who died Tuesday at 2:45 p.m., in Moscow at the home of her granddaughter, where she had been staying the last three and one-half months.

She was born Nov. 30, 1886, in Finland. She married William Nordstrom in 1903. He preceded her in death in 1927.

Mrs. Nordstrom lived in Tecumseh with her daughter, Mrs. Charles Thomas, 310 S. Evans St., before going to live with her granddaughter.

Mrs. Nordstrom had been in failing health for four years. She was a member of the Finnish Lutheran Church at Calumet.

Besides her daughter, she is survived by three sons, Harold and Stanley of Detroit and Elmer of Belleaire, Fla.; 10 grandchildren and 15 great-grandchildren. The Rev. Laszlo Gero will officiate and burial will be in Brookside Cemetery.

Around-the-Block Club Will Meet

Around the Block Extension Club will meet Monday, Jan. 23, at 7:30 p.m. with Mrs. Wilson Sawyer and co-hostess Mrs. Bertram Klappich. A salad smorgasbord will be served.

Indians, Edged 72-71 by Jets, Avenge Early Loss to Adrian

By JIM LINCOLN

Whether Tecumseh basketball fans have reason to celebrate the weekend is debatable.

Friday night, the Indians dropped another one-point decision, losing their second Huron League game, 72-71, to Airport.

Against Adrian here Saturday evening, Tecumseh avenged an ABHT tourney loss, 66-57.

Ironically, the Indians played well against the Jets in a losing cause, but faltered against the Maples and still won.

Airport on its boxy floor, appeared enroute to an easy win after taking a 42-30 halftime lead. However, with Dean Hebb pacing the attack, Tecumseh came back with 24 points in the third quarter and trailed the victors by only six.

Late in the fourth period, Charlie Thomas put the Indians in front, 71-70, only to have the Jets comeback with the winning goal.

Twenty - four seconds still remained in the game and the Indians worked the ball down court, only to throw it away with 10 seconds left.

★

HEBB TOOK scoring honors with 27 points, while teammates Thomas and Jim Hunt collected 17 and 16.

Randy Anteau, 6'4" Airport center, not only tallied 22 points, but dominated the boards in the first half, particularly in the second quarter when the Jets scored 24 points to Tecumseh's 11.

The loss dropped the Indians into a second place tie with Blissfield, Flat Rock and Grosse Ile. Airport tops the loop with a 4-0 mark.

The Jets still have a long way to go, however, and once they get off their floor, the three second-place teams will have an excellent chance of catching up.

Tecumseh's game with Adrian was mostly an affair of mix-ups, not only on the floor but the score clock, scorers and the officials.

Power from the score keeper's table to the clocks failed and eventually the buzzer stopped working. New score clocks were on the wall, too.

In the second period, Adrian's scorer questioned the number of fouls on Thomas. He had recorded three while the Tecumseh scorer and others keeping count had only two.

Since the Tecumseh book is official, the Indians won the argument.

In the third quarter, Adrian's Dane Nelson drove for the bucket, ran into Jim Upell and was charged with a foul. Neither official knew whether Nelson's shot went through (it didn't) and neither did the scorers.

The Maples won this argument and collected a bonus two points in the mixup.

★

TECUMSEH AND Adrian played on even terms through the first half, but the Indians came on in the third stanza for 21 points while the Maples were collecting just 10—including the two free points.

Coach Vic Lawson's club opened the gap to 15 points midway in the fourth quarter before Adrian's Gil Lautzenhiser flipped in three quick goals.

The Maples still wouldn't quit after Thomas and Hebb combined for three points and a 63-51 lead. Tom Horvath, Joe Hiser and Al Wilkerson then hit three consecutive goals and the Indians' lead was cut to 63-57 with less than a minute to go.

Two free throws by Thomas and a goal by Hebb closed out the scoring.

Tecumseh easily outscored its rival from the floor, 24 goals to 19, but the Maples hit an amazing 19 of 23 from the foul line. Coach Lawson's Indians could only muster 18 out of 34 attempts.

Scaled-Down Pin Lanes Are for Kids

A scaled-down bowling setup for youngsters is seeking regular keglers.

Located in Adrian on Maumee St., just west of the Armory, there are eight ¾-size lanes.

Owner Hal Marshall says that boys and girls from kindergarten through sixth grade age should find his establishment perfect. He now is seeking youths interested in league play.

The lanes are 48 feet long, as compared to 60 feet regulation. They're 32 inches wide (full size is 42 inches.)

Pins are scaled down from 15 inches high to nine. Balls are nine pounds, while adults use up to 16.

Skins' 84-63 Victory Snaps Losing Streak

By IVAN McKENNA

CLINTON — Friday the 13th proved to be a lucky day for the Clinton Redskins as they snapped a three-game losing streak.

With some fine shooting and rebounling, the Redskins picked up their first victory in nearly a month by clobbering non-league foe Britton 84-63.

In the first quarter it' was a close contest. The Tories matched the Redskins point for point.

Senior guard Gene Brown and junior center Jim Schuler led the Redskins' attack in the second period as Clinton outscored the Tories, 23-17, and went off the floor with a 36-30 halftime lead.

Clinton steadly pulled away in the second half. In the first few minutes of play, the Redskins doubled their halftime lead and led 50-38 with 3:40 left in the third period.

The Redskins outscored the Tories, 24-16, in the final stanza and led 78-56 with four minutes to play.

★

SPEARHEADING the second-half assault was Clinton's talented junior, Butch Hoelzer, who pumped in 10 of 14 shots.

Although Britton held the edge in heighth, the Redskins used theirs to greater advantage as they outrebounded the visiting Tories, 57-33. Hoelzer picked off 23.

One of Clinton's biggest problems in its last three games has been its shooting.

That was not the case Friday night however as the Redskins shot 41% in the first half, and 54% in the second.

Everybody on the Clinton squad saw action and nearly all scored. Hoelzer had 25 points, just slightly over his season average, which is second highest in the county.

Clinton also had two other players in double figures. Jim Schuler netted 17 points and Brown added 13.

★

RAY VERSHUM, the County's third highest scorer, led the Britton five with 19 points, just under his average. Torie teammate, Dave Fairbanks, contributed 15.

Clinton will resume league play on their home court Friday night against Ann Arbor U-High. Clinton is in second place in the Lakeland "C", U-High is third.

Knights Post 1-2 Record

By NICK ORLANDO & GREG KOVACS

Boysville closed out its first round of play in the River Raisin League by losing to Deerfield and Sand Creek, then beating Whiteford.

Every team sometime in the season has "one of those nights". Boysville' s night was against Deerfield last Friday as they lost decisively, 60-46, against the Minutemen.

At the half-way, Deerfield lead, 29-21.

The Knights were down by 10 at the end of the third quarter, 46-36, and couldn't catch their foes.

★

AGAINST Whiteford at the end of the third quarter, Boysville's full court press took control of the game, and the Knights came out on the winning mark 63-50.

Whiteford came out at the top for the first quarter of play, 18-12, breaking through Boysville's 1-3-1 zone.

But Sam Kirkland, Mike O'Dea and Mike Gaudreau kept the Knights right in the game by their fine jump shots.

At half the Knights were down by five, 33-28. The Knights put on a burst of speed with one fast break after another in the last period to change the pattern and ice the win.

Kirkland and Gaudrea shared honors for Boysville with 17 points Doug Creque, with 18 points, was high for Whiteford.

The JV team also split their victories Friday and Saturday. John Waldron and Henry Bell led the Junior Knights in a victory over Deerfield 46-36.

However, they were not as successful against Whiteford, the little Bobcats winning 43-49.

★

SAND CREEK handed the Knights their third River Raisin League defeat Jan. 6 by a 54-50 count.

In the fourth quarter, Sand Creek had a 10 - point lead, but the Knights got within two points and 42 seconds to play.

However, a foul gave the Aggies an additional two points and the Knights could not counter.

Boysville's Sam Kirkland was high with 13 points, and Van Norman was high with 18 points for Sand Creek.

The JV's also lost a close one to the Aggie JVers, 43-41.

Jayvees Win Two as Coach Spangler Gets Gray Hair

It would not be too surprising to note a few gray hairs which may have sprouted on Coach Val Spangler's head over this past weekend.

Twice he saw his Tecumseh Jayvee squad come roaring back from rather substantial half-time deficits to grab victories — over Airport, 58-48, on Friday and Adrian, 64-58, on Saturday.

Airport led, 38-26 at half-time.

The third quarter was a gasser as the Little Indian press finally started to pay off.

Carlo Mobley, John Kennedy, Bill Puffer, Kenny Pieh and Bob Reed played superb ball-hawking basketball.

With 1:01 remaining on the clock, on a steal, Mobley hit for 2 to tie it at 42-42. He repeated it a few seconds later to give Tecumseh the first lead of the night, 44-42. Kennedy then caught the fever, stole the ball, and laid in a two-pointer.

Tecumseh maintained the initiative in the fourth quarter, increasing its lead to the final 10-point margin of victory.

Carlo Mobley probably played his finest game of the season against Airport. Mobley, Kennedy and Pieh tied for game honors with 12 each. Reed was right behind with 11.

★

ADRIAN JAYVEES jumped off to a first quarter 19-14 lead and by half-time were on top by a 38-34 score.

Then the tide slowly began to turn in Tecumseh's favor. Kenny Pieh, who played his finest game of the season, hustled his heart out and made it pay off.

With 1:54 left in the game, Adrian had the lead, 58-56, but Bill Puffer promptly tied it. Pieh stole the ball, fed Dave Lord, who broke the tie. Two foul shots by Puffer, one by Reed, and one by Pieh iced the contest.

STRIKING COSTUMES — All decked out for a special number in the Jaycee Follies Thursday, Friday and Saturday nights at the Union Hall are couples, from left, Mr. and Mrs. Walter Wonderly, Mr. and Mrs. Douglas Osworth and Mr. and Mrs. Steve Kruger. Curtain time is 8 p.m.

'67 Jaycee Follies Curtain Goes Up Thursday Night

By CAROL HOWELL

Curtain rises on the second annual Jaycee Follies Thursday night at 8 in the Tecumseh Products Union Hall.

Local Jaycees, who sponsor the two-act musical comedy revue, have amassed a cast of 75 Tecumseh talents, great and small, to take part in their show.

Although some Follies performers could be said to have professional status, the accent is mainly on fun. (Nobody expects miracles from only two weeks of rehearsals, and stage experience of most of the cast is limited to last year's Follies production.)

★

SOLOISTS in the current show are Betty Flanders, Debbie Earling, Gary Flanders, Patti Mull, Alan Harding, John Howell, Marty Bagdon, Doug Monagin, Florine Purkey and Dave Woods.

"The Four Dads", Gordon Comfort, Gene Earling, Dave Woods and Dr. Carlton Cook, are featured in a specialty number.

A new vocal - instrumental group, "The Back Yard Minority", delivers a ballad of particular interest to Tecumseh residents with disposal problems. Ray Aylesworth and Ron Coleman are the "Minority".

Jerry Harris, Jim Rundell, Fred Johnson, Jack Lundi, John Howell, Bruce Corley, Charles Robinson, Chuck Latham, Steve Kruger and Tom Morgan, all Jaycees, make up the men's chorus.

The same group returns at the end of the show with a sensitive rendition of classical ballet, according to the program.

Tecumseh High School students who form the dancing chorus line are Beth Frownfelder, Debbie Shelton, Teresa McClain, Erie Kelley, Kay Swaney, Cathy Peters, Linda Coscarelli and Jo-Anne Bryant.

Other young dancers include Mike Hayes, Jerry Gainey, Gary Hall, Rick McVay, Tony Lepez, Lendall Milheim, Frank Flores, Wendy Sellers, Debbie Earling and Chris Bates.

Orchestration is provided by Jerry Bach at the piano, Don Dobrosky, drums, and Fred Bentz, bass.

Additional special music features "The Adolescents", Corkey Vince, Bill Engle, Lee Malosh, Bobbi Brooks and Terry Clymer, with Dean Schulze.

★

OTHERS IN THE cast are Myrna Harris, Dee Turner, Della Beevers, Claire Helms, Karen Morgan, Norma Wonderly, Jan Osworth, Barb Kruger, Gerrie Comfort, Walt Wonderly, Doug Osworth, Gertrude Golat, Lillian Bilby, Peg Frownfelder, Alda Pickard, Emma Howard, Grace Velandra, Mary McCrate, Ric Creswell, Dyke Helms and Dick Westgate.

The Jaycee Follies is directed by Edward H. Horner, Jr., of the Jerome H. Cargill Company, producers, New York.

VFW Auxiliary Initiates

The VFW Auxiliary initiated three new members, Mrs. Roy Burchett, Mrs. Norman Frederick and Diana Stites, at their meeting Jan. 9.

Membership chairman, Mrs. Richard Eisenminger, reported all members have paid their dues.

The auxiliary will sponsor the local Cancer Drive in April with Mrs. Lloyd Stites chairman and Mrs. Eisenminger co-chairman.

Mrs. Stites, calendar chairman, reported the calendars are in and being delivered. Anyone wishing a calendar may contact Mrs. Stites or Mrs. Norman Sisty.

The auxiliary will hostess the annual Mothers March in January. A Bake sale is also planned, with proceeds to go to the March of Dimes.

The social meeting Jan. 18 will be a birthday party and bingo. Members will take a small gift for prize in exchange. Mrs. Carl Wilson will bake a birthday cake to go with ice cream. All members having Jan. birthdays are to attend.

The auxiliary has adopted a girl, 5, from the VFW National Home in Eaton Rapids.

A post and auxiliary meeting will be held Jan. 25 at Post home.

Magazine Cites Rotarians

Members of the Rotary Club of Tecumseh joined Rotary Clubs throughout the world in marking the 56th anniversary of The Rotarian, the official Magazine of Rotary International.

At the same time, they saluated the Spanish-language edition, Revista Rotaria, now entering its 34th year.

The two magazines circulate in 143 countries to more than 475,000 subscribers.

In keeping with Rotary's object of improving business and professional standards and of advancing world understanding, Rotary's magazine publishes articles on a wide range of subjects, from the art of living to international affairs.

In the February issue of The Rotarian, Tecumseh's club is given a pat on the back for its continued effort in the Vehicle Safety-Check program.

A picture shows the "check" in action at Fisher Body in the 11th annual event, which has brought Tecumseh eight national and state awards.

The newest national plaque, given to outstanding checks in cities of 10,000 population and under, is to be presented at a joint meeting here with Adrian and Clinton clubs Feb. 7.

★

DR. FRED W. FREEMAN was appointed by President Robert H. Moore to chairmanship of the Friendship Tree, now with 45 flags from various clubs throughout the world.

An exchange of 7" x 9" flags is made by personal contact, visitation or by correspondence.

The Tecumseh Club has flags from England, Japan, South America, China, Taiwan, Italy, Germany, Sweden, South Africa, numerous Canadian Clubs as well as many from throughout the United States.

Membership in the Tecumseh club has jumped from 43 ta 60.

Greater Number of Students Want To Attend College

The number of Michigan high school students hoping to continue education is far greater than any previous study has shown.

A survey sponsored by Michigan State University in cooperation with Jackson Community College and 24 other Michigan colleges has found that 73 of every 100 of this year's high school seniors want to continue education.

It was made last fall by Project MEMO, (More Education, More Opportunity) a cooperative program sponsored by the state's community colleges and MSU and financed by the U.S. Office of Education's "Talent Search" division.

Most of the 73 per cent say they will attend college, and of these, 89 per cent choose a college in Michigan. One in four hopes to attend a public community college, two out of three a public senior college or university, and three percent a private college or university.

Of the seniors with B and higher grades, 90 per cent plan to continue their education, the study showed. Of others with C and lower averages, 65 per cent went to go on.

A major problem the MEMO study emphasizes is the need for each student to choose the right institution for more learning — the school or college where he has a real chance for success, rather than one where his chances are too slim.

"There is a place in some kind of program in some school or college for every Michigan high school graduate who really wants to learn more and there is some kind of aid avaailable to every boy and girl who has proven financial need."

Some C and lower average seniors indicated they wished to attend a college or university whose standards make their academic success entirely too improbable. Such institutions properly advise these students to go instead to a less competitive campus where they have a better chance to succeed.

Shower Honors Joyce Brieschke

Joyce Brieschke of Blissfield was the honored guest at a miscellaneous bridal shower Sunday given by Mrs. Lloyd Stites and daughter, Diana.

Miss Brieschke will become the bride of Jimmie Stites Jan. 21 in Blissfield.

The 26 guests included friends of the couple, Mrs. Earl Beevers and Mrs. Bernard Hackett, grandmother and aunt of the bride-elect.

Games were played with the prizes presented to Miss Brieschke.

Gold and green, the wedding colors, were used by Mrs. Stites in decorating the tiered cake with swans between the tiers.

Ice cream and coffee were served with the cake.

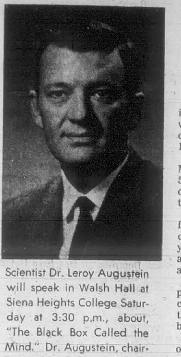
Mrs. John Barton Weds Adam Sturk

Mrs. John Barton of 305 Chippewa and Adam Sturk of Detroit exchanged marriage vows Friday evening in a ceremony at the First Presbyterian Church.

The ceremony was performed by the Rev. Julian Gresham before the immediate families.

The couple was attended by Mrs. Charles Escott and Gene Mackey.

Mr. and Mrs. Sturk are employed at Tecumseh Products in the International Division. They will reside at 14899 Wamplers Lake Rd., Brooklyn after Jan. 22.



Scientist Dr. Leroy Augustein will speak in Walsh Hall at Siena Heights College Saturday at 3:30 p.m., about, "The Black Box Called the Mind." Dr. Augustein, chairman of the Michigan State University Department of Biophysics, was recently elected to the State Board of Education. The lecture is open to the public and should be of special interest to high school teachers and students planning a career in science.

Blue and Gold Potluck Monday

The Blue and Gold Banquet of the Pack 72 Cub Scouts was held Jan. 16 at the Community Center with a potluck meal for the entire family.

Mrs. Edward Clark was the committee chairman.

A tobogganing party is planned for the first Saturday in February and the Pinewood Derby is scheduled to take place on the third Monday of February.

Time trials will be held the Saturday before at one of the local auto dealers.

Wes Vivian Becomes V-P of Business

Conductron Corp., electronics firm headquartered in Ann Arbor, announced that former officer and director, Dr. Weston E. Vivian, is returning as a vice-president.

For the past two years, Dr. Vivian has served in Congress in Washington as United States Representative for the 2nd Congressional District.

One of the original founders of the firm, Dr. Vivian, an engineer and scientist, participated in its rapid growth from a handful of persons in 1960 to a multi-million dollar business in 1964, at which time he was elected to Congress.

In the intervening two years, Conductron has become a $50 million a year business, with over 2,500 employees located in Michigan, Missouri, California, Texas and other states.

One of Dr. Vivian's responsibilities with the firm will be to introduce to public use novel pollution abatement equipment recently developed by the firm, including new auto exhaust smog reduction devices and water wastes purification equipment.

During his term as Congressman, Vivian had been a recognized supporter and advocate of more aggressive national programs for pollution abatement, particularly reduction of water pollution in the Great Lakes area.

Exchange Students

By MIKE FERO

Second in a Series

The American Field Service is heavily in evidence here. If you are not familiar with it, it is an exchange student organization which arranges for exchanges between American and Brazilian students, generally in their junior year of high school, or the equivalent.

As you can see on any map of Brazil or South America, Fortaleza is located just around the hump between Recife and Belem.

The climate is somewhat dry and very hot.

The entire state of Ceara is a well-known drought zone, as happened this past year when it rained only along the coast.

The humidity is very low and there is always a cooling breeze off the ocean, so the heat is usually bearable.

In fact, the nights are very agreeable for sleeping and on a few occasions have been cold enough for wearing sweaters.

Here in the capital and along the coast the foliage is constantly green, but in the interior, it remains dry and dusty during most of the year.

Palm trees, mango trees, cashew trees, bananas, coconuts, pineapples, etc., are very prevalent here.

★

THE STATE of Ceara is famous in Brazil for a variety of things.

Hospitality is one of them.

The "cearense", as he calls himself, is extremely friendly almost to the point of being somewhat inquisitive to an American.

They are great "starers" and it takes a lot of getting used to at first.

They also like to tell you that you are "bonito" or 'lindo" or "gordo" or "alto", etc. (Handsome, pretty, fat, or skinny or tall) at first meeting.

This takes a little getting used to, also. Have you ever been told that you were "fat" after meeting someone for the first time?

If so, then you know what kind of a reaction you had. Actually, this is meant as a compliment and so you cannot rightly be peeved.

★

AS A GROUP, they are nationally known as "Cabecas Chatas" — or Flat Heads, because they have flat heads, short necks, and are very short in stature.

Generally, they are a mixture of Portuguese, Indian, and Negro — which produces some of the most beautiful women I've ever seen.

In fact, if you've had occasion to note a picture of the current presidente, Humberto Castelo Branco, you may have noticed that he is the epitomy of the "cearense". Actually, he was born and raised right outside of Fortaleza.

Fortaleza is, in many ways, a very modern city. However, surrounding it, there are some of the very poorest "barrios" in all of Brazil.

The national trend of immigration to the city has been felt here as it has almost everywhere else.

Lack of sufficient funds and plans has made this a very serius problem for Fortaleza and all of Ceara.

Lack of industry has resulted in heavy unemployment within the populations of the "barrios" and the problem of beggars has risen sharply, even within the 19 months that I have been here.

(To be continued)

New President Named

American Community Mutual Insurance Co. of Plymouth has named John D. (Jack) Temple as president, replacing his father, John J. Temple, who became board chairman.

Jack Temple joined American Community in 1962 as assistant to the president and was subsequently promoted to executive vice-president and in his current capacity he will be chief executive officer of the company.

American Community maintains sales offices at the Southland Plaza in Adrian with **Harold Miller** of Adrian, **Chuck Goodacre** of Tecumseh, **Herman Cremeans** of Fairfield and **Herbert Haviland** of Adrian serving the Lenawee County area.

The company formed in 1938 as one of the pioneer hospitalization companies in Michigan.

In the last 25 years American Community has paid over $76,000,000 in benefits to Michigan residents.

American Community counts among its group customers Meyers Industries, Ottawa Machine, Detroit Edison Co., Michigan State University, Oakland University, City of Plymouth and more than 90 other companies.

The company has recently extended sales efforts in the area of personal life insurance and has had sales increases in the last three years in excess of 50% per year.

Nine new members were initiated into the Art Club recently at Tecumseh High School. They are Lucy Osburn, Mark Jacobs, Bill Cordroy, Barbara Lembrick, Sheryl Marine, Lynn George, Lynn Schultz, Karen Bishop and Martha Hawthorne.

Cookies and punch were served.

The girls wore berets and carried paint boxes or crayons to school Friday.

Britton Seniors Will Fly on Trip

BRITTON — The School Board discussed and approved the senior class request to fly to Washington on their Senior Trip May 8 to 11, with the condition that each student have parent's written consent.

Teacher negotiations were also discussed at the meeting last Thursday.

Two stoves in the Home Economics room will be replaced.

The policies on punishment of misbehaving students and the status of married students were discussed. The existing discipline of suiting the punishment to the deed was approved and continued.

Permission was granted to let the girls 4-H Club meet at the school.

Ida Streaks Past Tories in Home Gym

BRITTON — Ida's Bluestreaks overan Britton's Tories Saturday night, 65-47, on the Britton court.

The contest, which started off slowly, was marked by a record number of fouls on both sides as the game progressed.

Ida lost two via the foul route, as did Britton, and the remaining Tory starters each had four personals.

Sophomore Dave Fairbanks, big man on the Tory team at 6'3" had four fouls by half-time, but came back to score 20 points for a game total of 22, before collecting his last foul in the 4th quarter.

Senior Larry Ash also fouled out.

Ray Vershum was the only other Tory to score in double figures as he collected 13.

Britton's free throw percentage was off, as the Tories hit only 11 out of 26 charity shots.

Big Gary Anderson of Ida was high scorer for both teams with 29.

The Tories are now 2-4 in River Raisin League play, and 3-7 overall.

They host Whiteford Friday night in a league encounter. Britton will be seeking revenge for the season opener, which they lost to Whiteford by a score of 55-51.

Tories To Meet Whiteford Friday

BRITTON — The Britton Tory basketball team will host the Whiteford Bobcats Friday night. The Junior Varsity, coached by Paul Palka, will play at 6:30 p.m. The Varsity game will start around 8 p.m.

There will be a student dance after the game until 11:30 p.m.

Mrs. Vallie Is Honored at Shower

BRITTON — Mrs. Richard Vallie was the guest of honor at a pink and blue shower Friday night, given for her by Mrs. Robert Osterhout and Mrs. Carl Gubbe in the Osterhout home.

Shower games were played, with duplicate prizes awarded to the winners and the guest of honor. Mrs. Melvin Henry won the game prize and Mrs. Bud Lorenz won the door prize.

Mrs. Vallie opened many gifts from a table centered with a pink and blue umbrella. Refreshments of frozen dessert and coffee were served by the hostesses.

Mrs. Lee Taylor Gets High Score at G-8 Card Club

BRITTON — Mrs. Paul Rowlands was hostess for the G-8 Card Club last Thursday evening.

Mrs. Lee Taylor was high scorer and Mrs. Joseph Hall was low. The prizes for most lone hands and traveling lone hand were won by Mrs. Eldon Reeck.

Mrs. Douglas Fairbanks will be the hostess in February.

Jean Judkins Returns Home from Europe

BRITTON — Jean Judkins returned home Jan. 11 from a holiday visit to Gotelborg, Sweden, where she was the guest of Mr. and Mrs. Torsten Atterbom.

After Christmas they spent two weeks traveling in neighboring countries. Among the interesting places visited in Germany were the cities of Cologne and Munich.

New Year's Eve was spent in Vienna, Austria, and New Year's Day in Budapest, Hungary.

Highlights of the return trip to Sweden were a drive through Innesbruck in the Austrian Alps and viewing the ancient castles along the Rhine Valley.

Band Boosters Plan Projects for Fund-Raising

BRITTON — New projects planned to pay off the balance on the band uniform fund were announced at the recent meeting of the Britton Band Boosters Club.

A public card party will be sponsored by the Boosters on February 11 at the school at 7:30 p.m. Mrs. Douglas Hintz will be in charge of arrangements.

The Boosters Club will cook and serve the Bluebird-Campfire Girl Father and Daughter banquet to be held March 11.

Also, all band members parent's are to contact Mrs. Ellen Moore, who has candy available for sale.

President Ron Mashino conducted the meeting.

Congregational Christian Church Officers Elected

By CHRISTINE FAIRBANKS

BRITTON — Election of new officers, reports of organizations, and the new building project were the main topics of business at the 118th annual meeting of the Congregational Christian Church last Sunday afternoon.

A cooperative dinner was held after the morning worship service.

The meeting was conducted by the chairman of the trustees, Richard Bruce. The Rev. Gustav Hannevik opened with a prayer.

Reports were given from all organizations and committees. Reports were also given of the National Association of Congregational Churches held in Southfield this past year. Six attended.

Reports of the Central and Southeastern Association were given by Mr. and Mrs. William Raeburn.

It had been voted last summer to construct an addition to the church, which will provide more classrooms, a minister's study, storage rooms and furnace room. It is nearing completion now, as the classrooms are ready for painting.

It was voted to furnish the study in memory of Mrs. Maud Davis.

It was also decided to add 15 minutes to the Sunday School class time. Classes will now meet from 11:15 to 12:15.

Officers elected for the coming year are:

Trustees — Chairman, Roger Gillespie; Lawrence Ash, Charles Patterson, Douglas Fairbanks, Gerald Benedict, Lawrence Hoagland.

Deacons — Bert Moore, Raymond Kahle, Beryl Albring, Kenneth Smith, Ned Brown, Robert Bush.

Clerk — Mrs. Charles Patterson.

Treasurer — Elmer Eberhardt.

Financial Secretary — Mrs. Charles Benedict.

Finance Committee — Leland Bush, Harold Rohrback, Jack Patterson, Henry Brown, Kenneth Zeemer, Martin Ivan.

Benevolence Committee—Mrs. Donald Willis, Mrs. Elmer Eberhardt, Terry Faust, Joseph Hall.

Music Committee — Mrs. William Raeburn, Mrs. Terry Faust, Mrs. Paul Cook.

Deaconnesses — Mrs. Gerald Benedict, Mrs. Ned Brown, Mrs. Bert Moore, Mrs. Raymond Seageart, Mrs. Leslie Downing, Mrs. Kenneth Zeemer.

Chairman, ushers and acolytes — Charles Patterson, Richard Bruce, William Kuster.

Board of Religious Education—Supt., Mrs. Eldon Reeck, Ass't. Sup't. William Saxton and Mrs. Henry Brown, Mrs. G. O. Hannevik.

Altar Flower Committee — Mrs. Jerry Benedict, Mrs. Bert Moore Mrs. Donald Willis, Mrs. John Beal, Mrs. Lawrence Ash, Mrs. Roger Gillespie, Mrs. G. Hannevik, Lorna Dicks.

Women's Fellowship — President, Mrs. Gerald Benedict: V. Pres., Mrs. Richard Bruce; Sec., Mrs. John Keran; Treasurer, Mrs. Lawrence Ash.

The Father - Son Banquet Committee is Douglas Palmer, Elwood Tucker and Lowell Bush.

BRITTON BRIEFS

Mrs. Ed Hintz received word last week that her grandson, Pepper Griewahn, was injured playing touch football at Keesler Air Force Base recently. He was hospitalized with a blood clot on one eye and neck injuries. He has been released.

✓

Mrs. Hintz also heard from her son, Sgt. Wayne "Pappy" Hintz, that he and his family have arrived at Edwards Air Force Base in California.

✓

Mrs. Linda Faust of 109½ Wells St., Britton, rolled her Volkswagen over Saturday morning on M-50 when returning from Tecumseh. The car made a complete flip and landed on all four wheels. Mrs. Faust was not injured, but her car was full of tumbled clothes, as she was just returning from the laundromat.

✓

Mr. and Mrs. Allen Hosler and children of Dexter, were Sunday dinner guests of Mr. and Mrs. Douglas Fairbanks and family.

✓

Britton Boy Scout Troop 23 participated in the annual Klondike Derby held at Camp Kanesatake Saturday. The event is sponsored by the Wolverine Council of Boy Scouts, and includes several hundred boys from surrounding areas.

Coming Baby Warrants Party

BRITTON — Mrs. Gerry Clark and Mrs. Richard Halstead gave a stork shower Sunday afternoon at the Clark home for Mrs. Harold Stewlow.

Fourteen guests were present to play shower games. Refreshments of decorated pink and white cake, Jello and coffee were served.

The gift table was centered with a stork. Mrs. Stewlow opened many nice gifts.

OUTDOORS with GORDIE

by GORDON CHARLES

One of the strangest fellows in the outdoors is the ice shanty fisherman.

Who else would climb out of a nice warm bed long before dawn, in order to walk across the frozen surface of a lake into the fangs of a screaming wind, just to spend the day sitting in a little house that almost perfectly resembles the structure which indoor plumbing is supposed to have replaced?

When not tinkering with a contrary stove to keep it burning, he can be found hunched over in a half-trance, looking through a hole in the floor at a square of green water.

★

AFTER STARING at that spot for hours, he is so startled when a fish finally does come into view that he is nearly petrified. If he happens to be spearing, he usually does one of two things at that point.

Either he will recover long enough to kick his spear down the hole or will grab the shaft and hurl it mightily.

In either case, the fish generally escapes and the spear, the tines of which have been lovingly honed to razor sharpness, will curl up like a home permanent against the only rock in that section of the lake.

To relax, the fisherman stands up and bangs his head on the low roof. At the same time, he nudges a quart bottle of coffee over the edge of the spearing hole and watches dumbly as it settles serenely to bottom.

Fishing for it with a treble hook produces nothing, except that his cigarettes slide out of his shirt pocket when he bends over.

Ever alert, he dives for the pack and scoops it out, getting wet only to the elbow and soaking his new wrist watch.

★

THE OIL BURNER now flickers out and the fisherman spills half of his spare fuel supply down the hole as he tries to fill the tank. This clouds the spearing hole so he can't see anything under the surface.

He can't light the fire again because his matches got wet with his cigarettes, so shaking with cold, he heads for home.

Is he discouraged? Don't be silly. Stop at his shanty tomorrow and you will find him right in there trying again.

News from the Tecumseh Library

New books ready for you to borrow at your Public Library:

ALL THE GOLDEN GIFTS by Iola Fuller. Against the gorgeously colorful background of the court of Louis XIV unfolds a story of intrigue and love.

✓

THE STOWAWAY by Ronald Johnston. This thrilling and entertaining story of espionage begins as Russia and England are vainly hunting a missing scientist whose secret weapon can destroy the world.

✓

NIGHT OF THE GENERALS by Hans Kirst. The lurid murder of a Polish prostitute would not normally have aroused much attention in German-occupied Warsaw in 1942. But this crime was singular in that all the evidence pointed to a German general as the murderer, or rather, to one of three generals.

✓

THE LUCK OF THE LONELY SEA by Patrick O'Hara. This is the turbulent, brutal story of the last days of a battered German merchantman. It is written with a deep understanding of the sea and seamanship and also with a fine appreciation for character and violent action.

✓

RASCAL'S HEAVEN, an exciting story about General Ogelthorpe and his colony in Georgia.

✓

BELMARCH, a legend of the First Crusade, by Christopher Davis. The reader feels the grandeur and the filth, the novelty and baseness, the faith and fanaticism of the Middle Ages.

✓

KOUFAX by Sandy himself, with the help of Ed Linn.

SHORT FRIDAY, stories by Isaac Singer. There is depth and intensity in these tales and in them, any thing can happen.

✓

BRIGHTNESS by Elizabeth Jenkins. Love, so it is said, can create and perpetuate, but it is also said that it can maim and destroy. It is upon these two powers of love, the marvelous and the terrible, that this story moves toward its double climax of tragedy and hope.

✓

CRAGSMOOR, a fast-paced novel of suspense in the Gothic tradition, but agreeably free of romantic-suspense cliches.

Grant Baughey Wins Promotion to Specialist 4th

VIETNAM — Grant L. Baughey, 21, son of Mr. and Mrs. Jesse J. Baughey, 409 Russell Rd., has been promoted to Army specialist fourth class.

He is a member of the 14th Engineer Battalion in Vietnam.

Spec. Baughey is a motor pool dispatcher in Co. A. He entered the Army in October, 1965, and was stationed at Ft. Bragg, N. C., before arriving overseas in October, 1966.

He graduated in 1963 from Tecumseh High School.

$136 Million Being Invested by Consumers

Investment of $136,000,000 is planned by Consumers Power Co. in 1967 on construction and expansion projects designed to meet the growing needs of the electric and gas customers the company serves in 67 of the 68 counties in Michigan's Lower Peninsula.

Consumers Power invested more than $145,000,000 in 1966, including work on two major electric generation additions and expansion of underground storage facilities for natural gas, on which funds will also be spent in 1967 and beyond.

Trucks Pay King-Size Bite for Highways

Highway-user taxes paid by trucks accounted for $492,389 of Lenawee County's share of all State and Federal monies spent for highways during the fiscal year July 1, 1965, through June 30, 1966.

A total of $1,630,428 in State and Federal highway money was distributed and spent by the Michigan Department of State Highways in Lenawee County during the fiscal year.

Michigan highway-user taxes, the source of the Motor Vehicle Fund, are primarily comprised of vehicle registration fees, motor fuel and motor carrier privilege taxes.

About two-thirds of the total proceeds of $274 million is collected from sale of motor fuel, and one-third from automobile, truck and trailer registration fees.

Truck payments account for 30.5% of the total, although trucks comprise only 16% of the vehicles using the roads. And heavy trucks, which make up about 1% of all vehicles, pay highway-user taxes equal to approximately 18% of the total tax package.

Among distribution made to Lenawee County communities from the Michigan Motor Vehicle Highway Fund, and estimated portion paid by trucks: Britton, $6,551—$1,978; Clinton, $15,274—$4,613; Tecumseh, $72,721—$21,963.

Local Fashions Will Be Modeled at Albion Show

An entourage comprised of the owners of Exclusives EvelDean fashion salon, Bill Heimerdinger and Evel Garrido and ten of their clients will journey to Albion Monday.

The salon will present 50 of their most exciting fashions, modeled by the women for whom they were made, at a fashion show in the gymnasium at the Starr Commonwealth Home for Boys.

The event is being arranged by Mrs. William P. Eckhart of Albion and Mrs. E. T. Ariss of Marshall, with invitations going to more than 600 sponsors of the school.

The show, which will be open to the public at a charge of $1, will be staged in a Spanish setting, created by boys at the school to resemble the decor of the EvelDean salon in Tecumseh. An informal coffee hour will follow the program.

Mrs. Donald Cobb will introduce the models and descriptions of the ensembles will be given by the designers, Mr. Heimerdinger and Mr. Garrido.

Greenwald's Cleaners have offered one of their vans to transport the gowns, which was a major problem of the undertaking, the first of its kind for the budding couturiers.

Several Tecumseh and Clinton residents are planning to attend the show.

Music Makers Hear of Festival

President Jeanette Mannino told about the music festival at the Music Makers Club meeting Jan. 8 at the Friends Church.

She said that the festival sponsored by the Michigan Federation of Music clubs will be held March 18 in Jackson.

She also told about the scholarship made available by the Tecumseh Music Club in conjunction with the Music Makers.

Mrs. William Flanders was the guest speaker using the topic, "How the Piano Was First Made."

Bonnie Flanders played a piano solo entitled "The Spinning Song."

Other members who performed were Candace Christman at organ, Sam Brantingham on trombone and Claudia and Wendy Vollmer, instrumental duet.

Refreshments were served by Cindy Caterina and Jane Abner. Next meeting will be held Feb. 5 at the Friends Church.

What's Going on at BOYSVILLE

By RICK CURRIE

Brothers' House and Dettman Hall were face-lifted over the holidays. The maintenance men at Boysville put in all new white acoustical tile ceiling in the Brothers' recreation and TV room. The whole interior of the upper classmen's recreation hall was painted in a variety of pastel colors.

✓

Dettman Hall finally got its telephone. An empty telephone has been sitting outside the recreation hall for the past two months. The telephone has now been installed to the glee of the seniors, juniors and sophomores. No longer will they have to trudge up to what they term "noisy" Neri Hall (rec-hall for the freshmen and eighth grade) to make their phone calls. Gerry Rozen was the first to use the phone, and believe it or not, he called his mother.

✓

Brother Aloysius spent the first week of school after the holidays in St. Joseph Mercy Hospital being treated for walking pneumonia. He is back now and is carrying out his regular duties.

✓

A 1967 Fury station wagon was recently purchased for Boysville. Every year around Christmas time the Archdiocese buys the campus a new station wagon to aid in the transportation of the students and Brothers. This year's wagon purchased from Wilson's is a light green Fury Plymouth with a black interior.

✓

Mrs. Joan Dewaelsche, mother of Paul, a senior and John, an eighth grader, died of a heart attack last Saturday night. John and Paul have three other sisters and two brothers. Their father died of a heart attack about four years ago. Mrs. DeWaelsche was buried from St. Mary's Church in Milford.

✓

Twelve new easy chairs now occupy space in the Brothers' TV room. An additional 120 chairs have been ordered for the two campus rec-halls, with delivery in early February.

✓

The newly-founded varsity wrestling team tasted its first victory of the season by defeating Lincoln, 31-28. Point makers for the Knights have been Marvin Boht, Dan Kimmel, Robert Hall, and Phil Micun.

The wrestling team saw how the college guys do it when they spectated the Michigan — Northwestern match last Saturday in Ann Arbor.

First Lady Sparkles

By MAXINE CALHOUN

Michigan, like Alabama, has a first lady who is capable of substituting, in an emergency, for her husband, the governor.

Mrs. George Romney demonstrated her unique ability Wednesday night when Governor Romney was ill and unable to speak at the annual Michigan Agricultural Conference banquet for the State legislators at Kellogg Center on the campus at Michigan State University.

Mrs. Romney told her agriculture-oriented audience how she became aware of the world's dependence on American food production while she was visiting in Hong Kong last spring.

While there, she watched refugee children line up to receive their daily quota of a mixture of rice and Michigan navy beans.

The children saved bits of the food in the small bowls to take home to their parents who had no other food.

She suggested that Michigan's farmers, agriculture industries and legislators can, cooperatively, begin to solve the food production problems of the world.

★

MRS. ROMNEY'S closing remarks sparked resounding laughter. She said she was sure the Governor would be sufficiently recovered from his bout with the flu on Thursday to give the State of the State message to the legislature. And, just to be sure —she was going home and give him "lots of honey."

Of course, she was referring to just one of the more than 30 Michigan agricultural products which filled a "loot bag" marking each diner's place at the dinner, attended by 1500 persons.

Sponsors for the 19th annual banquet, which marks the opening of the legislature each year, are 64 member organizations of the Michigan Agricultural Conference.

Edmund H. Harding of Washington, N. C., speaking on "What's Ahead," was able to keep the banquet-sated audience laughing uproariously throughout his recital of topical anecdotes to conclude an exceptionally entertaining evening.

Attending from Clinton were a director of the Michigan Swine Breeder's Association, Harold Calhoun and his wife, Maxine, Herald staffer.

School Heads Will Convene

James McDowell and Norval Bovee will both attend the Michigan Association of School Administrators semi-annual conference—Jan. 18 and 19 at the Pantlind Hotel, Grand Rapids.

The conference theme is "The School Administrator - His Education and Involvment."

The administrators will vote on several constitutional changes including an amendment that would sever relationships with its parent organization, the Michigan Education Association.

A&P A BARGAIN... A REAL VALUE IS NOT A MATTER OF PRICE ALONE!

It's what you get for what you pay.

The house dress or shift at $1.98 is no bargain if–
the seams pop the first time you wear it
or it shrinks inches the first time you wash it.

A cheap product just for the sake of low price is no bargain.
A quality product at a low price,
that's a bargain...that's a real value...that's our A&P Brands.

More than a century ago we decided
our own brands would be our finest values.
They are...and we're proud of it.
So proud...so sure,
we unconditionally guarantee your full satisfaction.

Are A&P Brands a good reason for shopping A&P?
They're one of many.

Architectural Firm Contract Approved by Board Members

CLINTON — The Board of Education discussed and approved a contract with the Jahr-Anderson architectural firm at a meeting Wednesday night.

Clarifications suggested by the school attorney, Melvin Smith, will be made in the form of additional riders to the contract by the firm.

The board appointed two of its members, Superintendent Richard Wegner and principals Jack Miller and Donald Quick as a negotiating team for bargaining with the Clinton Education Association.

The board studied the final document in the Vocational and Technical Education Survey, "Working and Learning in Lenawee County."

The board agreed with the findings and believes vocational education must be improved as soon as possible. The Lenawee Superintendents' Association is working on some of the recommendations.

Bids for the purchase of a new bus will be received next month.

Rumor Clinic Is Program Subject at Priscilla Class

CLINTON — "Rumor Clinic" was the subject of a provocative program presented by Mrs. Paul McKenna for the meeting of the Priscilla Class of the United Church of Christ Thursday evening at the home of Mrs. Martin Hoelzer.

The program was originated by the Rev. Ralph Kuether of the Emmanuel United Church of Christ in Manchester.

Plans were made for the public card party to be held Jan. 28 at 8 p.m. in the church dining room. Proceeds will be used for the new altar fund.

A letter was read from Mr. and Mrs. Willis Piper, who are serving with the Peace Corps in British Honduras.

Mrs. John Hoelzer was the auctioneer for a swap shop.

The group rolled a quantity of bandages.

Mrs. Roscoe Parker will be hostess for the Feb. 9 meeting.

Card Party Nets Profit for Boosters

CLINTON — An attendance record of 51 marked the Band Boosters card party in the high school cafeteria Saturday evening.

Progressive euchre was enjoyed with prizes going to the following: lady's high, Mrs. Alfred Strang of Manchester; lady's low, Mrs. Orville Chatfield, Tipton; men's high, John Hoelzer and men's low, George Heimerdinger.

The traveling prize was won by Mrs. George Heimerdinger. Colorfully-decorated cakes, pies and homemade bread were won by Myrtle Miller, Mrs. John Norcross, Mrs. Lawrence Tirb, Mrs. John Monaghan and Mrs. Carl Garrison.

The evening's entertainment netted $38.25 for the Band Boosters.

The next public card party will be Feb. 11.

Mary-Martha Class Gets Mission Supplies

CLINTON — Children's books, magazines and first aid supplies were collected as members of the Mary-Martha Class of the United Church of Christ met last Monday evening at the home of Mrs. Arthur Hill.

The supplies will be given to Christian World Missions.

The need for American magazines were explained in a letter read by Mrs. Mervyn Witherell, from her daughter and son-in-law, Mr. and Mrs. Willis Piper, who are serving in the Peace Corps in British Honduras. The magazines are needed in the class rooms, Mrs. Piper said.

The class received several letters of thanks for a Christmas party they held at a cottage at the Girls Training School.

Mrs. Ben Mahrle conducted the study and discussion.

Refreshments were served by Mrs. Marilyn Vogel and Mrs. John Fox.

A swap shop will be held Feb. 6 when the group meets at the home of Mrs. Harold Calhoun.

Sewing Bee Ups Quilt Production

CLINTON — The dining room of the United Church of Christ was the setting for a sewing bee by the Philathea Class Thursday.

During the day, five full-size quilts and six crib-size quilts were made by the 14 members attending.

Guests for the day included Mrs. Edgar Randall and Mrs. Paul Dunham, who helped with the sewing.

The women also made a quantity of bandages from torn sheets.

Mrs. Richard Denning will be hostess for the meeting on Feb. 9.

Vietnam Scenes Shown Mothers of Servicemen

CLINTON — The members of the Methodist WSCS and their guests, many mothers of servicemen stationed in Vietnam, from Ridgeway, Holloway, Britton and Clinton, became better acquainted with conditions in Vietnam last Monday.

Mrs. James Meeks presented slides taken by her son, Capt. Louis Meeks, who is serving in Vietnam at the 93rd Evacuation Hospital in Saigon, in charge of an orthopedic surgery department.

His daily diary provided the description of the slides which included photos taken from a helicopter during a mission in search for the location of enemy units.

The WSCS will attend the Macon WSCS meeting Jan. 24 at 8 p.m. The guest speaker will be Mrs. Ann Xavier of Adrian, who will tell of her home life in India.

John Ruesinks Go This Month To Tour Pakistan

CLINTON — Mrs. William Nighswander of 226 E. Church St. has learned that her parents, Mr. and Mrs. John Ruesink of rural Adrian and Ruby Yeutter of Clayton, will leave Jan. 22 for a tour of Pakistan.

The Ruesinks and Miss Yeutter will be in a group of six American farm leaders chosen to participate in an exchange program sponsored by Farmers and World Affairs, Inc.

The group will travel extensively in Pakistan as guests of the Ministry of Agriculture of the country.

In some areas they will live with Pakistan host families observing the agricultural and rural community life of the country.

This is the fifth group of American farm leaders to visit Pakistan since the inception of the FWA program in 1962. A group of Pakistanis will visit the U. S. this summer.

Mr. and Mrs. Ruesink are well-known Lenawee County farmers.

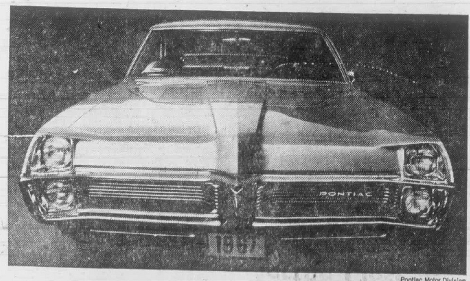
Dreadful Night for Businesses

CLINTON — A do-it-yourselfer pried open the door to Gasner's Lumber building sometime, during the night of Friday the 13th and helped himself to an assortment of display tools valued at $100.

The same night, someone broke the glass in the front door and entered the Clinton Grain Company office and made off with four pairs of work gloves.

Clinton State Police are looking for a busy thief.

Maybe our '67 Pontiac is breaking sales records because people don't want to wait until '68 for a copy.



Pontiac Motor Division

Our engineers have become used to seeing their ideas show up on other cars. Two years late. And apparently so have a lot of car buyers. Because 1967 Pontiacs are selling faster than 1966 Pontiacs. And '66 was a record year.

When you think about it, why *should* you wait around for innovations like our disappearing windshield wipers? Or for imaginative options like our exclusive hood-mounted tach? Especially when you consider that our engineers wouldn't turn a Pontiac loose with anything less than a standard 400 cubic inch V-8. Or a Tempest with anything less than our revolutionary Overhead Cam Six. (Not to mention all those new safety features like GM's energy absorbing steering column and a dual master cylinder brake system with warning lamp.)

In short, our engineers seem to have done it again. They may even start asking for royalties on the copies.

Donald Quick Tells of Norwegian Trip

CLINTON — Donald Quick illustrated his talk on Norway with colored slides for the Clinton Woman's Club meeting Wednesday afternoon in the Smith-Kimball Community Center.

Mr. Quick, the Elementry School principal, was among 34 American students who were granted scholarships to attend the International Summer School at the University of Oslo, Norway last summer.

Side trips to Sweden and England were among the highlights of his summer shown in the slides.

The president, Mrs. Daniel Reilly, named a committee to implement the proposed high school scholarship, which the club plans to present. Mrs. Frank Fitzpatrick is chairman with committee Mrs. Wayne Balliet, Mrs. John Hoelzer and Mrs. John Truesdale.

Mrs. Ted Kiebler, chairman of the ways and means committee, reported all fruit cakes were sold for the scholarship project.

Mrs. Robert Dannells was elected a new member of the club by the board of directors.

Norwegian almond bars, apple torte and coffee cake were a feature of the refreshments.

A centerpiece of golden button daisies, flanked by twisted yellow candles, enhanced the tea table where Mrs. Hans Schmidt presided at the silver tea service.

The club will hold its Feb. 8 meeting at 1:30 p.m. at the Consumers Power Building in Adrian, where luncheon will be served and the speaker will be Mrs. Una Iott, Home Economist. Members needing transportation may phone Mrs. Reilly.

Altar Society Officers Are Re-Installed

CLINTON — The president, Mrs. John Monaghan, and the entire slate of officers re-elected to second terms by the members of the St. Dominic's Altar Society last month were installed at a meeting Monday evening in the Community Center.

The Rev. Fr. Joseph Noelke performed the installation.

The group planned a bakeless bake sale for Jan. 28.

Refreshments were served by Mrs. Dan Reilly and Mrs. Monaghan.

The Feb. 13 meeting will be held at the Community Center with Mrs. Joseph Puchly and Mrs. William Peters as hostesses.

Adrian Minister Will Be Speaker at Rotary Club

CLINTON — The Rev. Jack E. Warner, rector of the Episcopal Church, Adrian, will be the guest speaker at the Clinton Rotary Club, Jan. 25.

A former lay-minister in St. John's Episcopal Church in Clinton, the Rev. Warner studied in England last year and will tell of his experiences there.

Wives of the members will be guests for the dinner and program at 6:15 p.m. in the United Church of Christ.

Slides taken while studying in Norway, last summer were shown by Donald Quick at the Rotary Club meeting last Wednesday.

Mother-To-Be Is Showered With Baby Gifts

CLINTON — Mrs. David Heimerdinger was guest of honor at a baby shower, given by her sister-in-law, Mrs. George Heimerdinger and Mrs. James Brown, Friday evening in the Heimerdinger home.

Among the 19 guests were Mrs. Heimerdinger's mother, Mrs. Rolland Reister of Tecumseh, her mother-in-law, Mrs. Clarence Heimerdinger, Sr., sister, Mrs. James Miller of Evans Lake and sisters-in-law, Mrs. Harold Gregg of Adrian, Mrs. Hazen Richardson of Onsted and Mrs. Ruth Auten of Britton.

A social evening of games was enjoyed.

The honored guest was presented with a variety of useful baby gifts.

Refreshments were served from a stork-centered table.

Driver, Builder of Cars Speaks

DEARBORN — Sports car driver and builder, Carroll Shelby, the man setting the pace for American dominance in the international Grand Prix circuit will appear in the Henry Ford Museum Theatre on Friday evening, Jan. 20, as one of the featured speakers in the current "Sports Cars in Review" show.

Church Women Plan To Show Bridal Gowns

CLINTON — A Bridal Gown Review was planned by the St. John's Episcopal Women, meeting last Wednesday.

The event will take place in May with the committee in charge, Mrs. Richard Gage, Mrs. John Mabry, Mrs. Thomas Carlton and Mrs. Donald Houghton.

A public card party will be held in April at the Roumell Dining Room, with Mrs. Louis Roumell and Mrs. Mary Jane Merritt in charge.

A father and son banquet will be planned for June.

Mrs. Charles Sturm was named chairman to begin planning a Christmas Bazaar for next November.

A Valentine gift was sent to the group's foster son, Bobby Joe Christie, an Indian boy in Oklahoma.

Announcement was read of the annual Southwest Convocation to be held at Michigan Center, Jan. 31. Several women of St. John's Church are planning to attend.

The group's most successful Swap Shop climaxed the evening's activities, netting $54.40 for the treasury.

The hostess, Mrs. Thomas Carleton, served refreshments to 13 members and a guest, Mrs. Donald Mann.

Mrs. Louis Roumell will be hostess for the Feb. 8 meeting in Roumell's in Clinton.

Long and Short

By TOM RIORDAN

Newest businessman in Tecumseh is Riley Koertge, who owns and operates The Chicken Basket, located kitty-corner from St. Peter's Church.

And thereby hangs two tales.

First is how radically the complexion of a community's mercantile row changes.

Look at Heralds of 10 years ago and you'll be amazed how many names of businesses are completely unfamiliar.

Right in the four main blocks of downtown in 1957, there were the Vogue Shop, Rushia's Apparel, French's Market, Beatrice Ring's, Ruffer's Gas & Electric, Cameron Drug, Cook Electrical, Western Auto.

Add to that list the Rosacrans Store, Parker's Lunch and Butler's Motor Sales, the Ford agency, dubbed by Charlie Butler as the Hoss Tradin' Post and located where Woolworth's and Gambles are now.

★

OUT A WAYS, you'd find G. H. Fisher Pontiac car dealer, Buku Radio & TV, Partridge Implements.

Both Kroger and A & P were downtown then, in much smaller stores.

Believe it or not, the Edsel (that's a car, son) was a big item out at Tecumseh Equipment Co.

Names of some folks who were mainstays in the business row, like Walt Nichols, manager of the Strand Theatre; Dick Hicks, manager of the D & C store; Joe Church, owner of Van's Bakery and others are long gone.

Too often folks have the impression that business is a static thing. Heaven forbid. It's actually changing from day to day.

Some merchants are around for years, but many come and go, as do products.

★

NOW FOR THE second tale that Riley Koertge's presence prompts.

Early this month, Riley took a quarter-page menu ad in The Herald so folks would know that he is serving broasted chicken, (among other items) and how they can get it fast.

Up until that ad, The Chicken Basket was grossing about $400 every seven days.

The first week following his promotion, business zoomed to $620. The next week it hit $630.

Many of the new customers who responded that first week were back again a few days later and that's the secret of good merchandising — repeat traffic. Of course, Riley's skill in the kitchen was the reason for this.

Now for the moral—businesses need to advertise and do it regularly.

Some merchants become complacent and tell themselves, "Everyone knows I'm here."

But that's not true.

The face of the buying public changes just as much as that of Business Row.

Stores must keep telling about their wares — over and over again.

Girl Scout Cookie Sale Is for Camp

It is Girl Scout cookie time. Girl Scouts and Brownies will be canvassing the community from Feb. 1 to Feb. 12 taking orders for cookies.

They will have the cookies to deliver and sell from Feb. 24 to March 13.

Cookie sale is necessary because the Irish Hills Girl Scout Council support by the various Community Chest within its boundaries does not cover the camping program offered girls.

PICTURE PAGE 2

Without this sale the Council could not offer the kinds and facilities of camping that it does at Camp 'O' The Hills.

Money earned by the girls in cookie sales pays for the majority of camp operation and maintenance expenses, meaning better camping for more girls at less cost.

"Each girl would like to reach a goal of 35 boxes sold so won't you please help?" said Mrs. Stanley Kruse, cookie chairman.

"Buy a box — several boxes, they are delicious, all five varieties."

"If you are missed, call 423-4186 and your order will be filled promptly," concluded Mrs. Kruse.

JC Follies Earn $750

By CAROL HOWELL

Tecumseh Jaycees took a second plunge into vaudeville last week and came up with $750 for development of their local youth projects.

Cast of the second annual Jaycee Follies obviously was having a good time and the spirit was infectious.

Audiences at each of the three performances seemed to have fun, too.

Certain problems couldn't be avoided, but the Jaycees solved most of them handily.

Tecumseh Products Union Hall wasn't designed for use as a theatre, but seating arrangements were adequate and a public address system took care of the sound.

★

A COUPLE of innovations in this year's Follies were noticeable improvements. Ron Albert's effective lighting arrangements and John Day's scenery added a touch of polish to the production, and prop chief Ray Shelton spent many hours on finishing touches.

Lack of backstage space made it necessary to store and change scenery in full view of the audience. This was distracting at times, but in an effort to maintain continuity, the show was done informally, as a rehearsal.

Rounding up talent for this type of revue is no easy task. It's sometimes hard to convince a housewife that she can make it as a show girl.

Not every bathtub baritone can be talked into singing before an audience which includes the gang from the office, ready to see him make a fool of himself.

★

AND WIVES who have trouble getting their husbands out for an evening of dancing have nothing on the girls who talk their spouses into dressing in shorts and yellow suspenders to dance a polka on stage.

It's true that there's safety in numbers, however. And once you've committed yourself to it, you find you'll do almost anything for a laugh.

Everybody knows it's all for fun and audiences, being charitable and understanding that you aren't serious, have fun with you.

That, basically, is the Follies' formula.

When some experienced performers are mixed with the "once-a-year" type soloists, it's hard to pick out the standouts.

Minister Makes 1,000th Broadcast

By DOROTHY GRIGG

"This is your pastor, the Rev. B. O. Bashore, coming to you from the First Baptist Church on the boulevard in Tecumseh, Michigan and it's a beee-oo-tiful Sunday morning."

The Rev. Mr. Bashore will speak Sunday from the pulpit of the First Baptist Church for the 1000th time over radio station WABJ.

Each week he has brought a portion of the worship service to several thousands of area people who listen regularly.

James Gerity, Jr., owner of the station, will extend his congratulations to the pastor in a special program preceding the broadcast Jan. 29.

"He holds the Tecumseh pastor of 23 years in the highest regard as a person and friend and respects him for the work that he is doing," said Mrs. Duane Gauss, Mr. Gerity's secretary.

It was Dec. 7, 1947, that the Rev. Mr. Bashore spoke from the church to the radio audience for the first time.

Since then, services have been broadcast continuously, sometimes with the use of the tape recorder, but always the same mellow voice extends a welcome and offers assistance to listeners.

The jovial clergyman has said, "We count this radio work among our most sacred trusts. We have made countless friends through this medium of communication and count it a great honor to lead thousands in worship each Sunday."

Listeners from Lansing, Toledo and as far as Marion, O., are among those who worship with the members of the congregation weekly via the airwaves.

The Rev. Bashore printed in a church bulletin last Sunday — "It is with humility and a sense of gratitude that we will be broadcasting our 1,000th message over WABJ."

"A huge thank you to the music department, which through all these years, has helped make the broadcasts meaningful to those who have listened.

"We are appreciative of all the gifts and contributions, financial, that have made these broadcasts possible. WABJ through the management and employees have always extended helpfulness and kindness to us. Thanks to everyone.

"It is our hope that we may continue to minister in His Name, to all our many listening friends," the pastor noted.

Five Vocational Courses Begin for Area Students

Lenawee Area Vocational Program will get under way Feb. 6, when five classes begin in Tecumseh, Adrian and Madison High Schools and in work stations throughout the county.

Charles Gross will be the instructor of the Electricity - Electronics course at Tecumseh High, Tuesday and Wednesdays from 3:40 to 5:40 p.m.

Other courses available to seniors and juniors include Auto Mechanics, Office Practice (machines), Advanced Drafting and cooperative work training in county businesses.

The course cost of $35 per student will be paid by the Tecumseh School Board for its students who participate in the 15-week program. Each course is ½ credit.

Students must provide their own transportation.

Clinton and Britton High School students will be offered the same opportunity to attend the courses. Both boards of education have not yet discussed the matter of paying the fee, but students will be advised of their decision.

Servicemen Are Grateful for Presents

The Iota Epsilon Chapter of Beta Sigma Phi met at the home of Mrs. Howard Wilson Jan. 17.

Letters were read from servicemen in Vietnam, thinking the chapter for Christmas boxes.

Tickets were distributed for the Beta Ball to be held Saturday in Adrian.

The program dealt with two interesting subjects. Mrs. Howard Wilson talked of Chinese literature and Mrs. Donald Martin presented slides of Hong Kong.

Mrs. Orville Cook served refreshments.

The Feb. 21 meeting will be held at the home of Mrs. Donald Martin.

Children Need Love

"Psychiatry With Changing Times," was the subject of Dr. Richard Hammel's address to members of the Business and Professional Women's Club Monday eveing.

Dr. Hammel stressed the need of children for love and companionship. He was presented by Mrs. Charles Todd. Mrs. Frank Lasky was program chairman.

Mrs. Reed Bailey gave devotions. The dinner was served by ladies of the church in St. Peter's Parish Hall.

Hostesses were Mrs. Kenneth Blumerick, Mrs. Wiley McCann, Mrs. Harry Beland and Mrs. Fred Burkert.

SUN ISN'T HELPING — Out at Devils Lake there are supposed to be Tip-Up Town festivities Saturday, Feb. 4, but the brilliant sun and sky-rocketing temperatures aren't helping. As of early this week the ice was still thick enough to hold fishing shanties and at least one boy and two dogs. If the weather improves, the Feb. 4 event will come off with contests and fun for adults and children.

S&L Has New Prexy, Picks Surratt Secretary

Allan C. Graybiel was elected president and John Surratt, Tecumseh office manager, was elected secretary at the annual Adrian Federal Savings and Loan Association organizational meeting last week.

Mr. Graybiel, who joined the association in 1940 and has served as executive vice president and secretary since 1965, succeeds Harold H. Sherman.

Mr. Surratt, a vice president, succeeds Mr. Graybiel in the association's number two post. He has been manager of the Tecumseh office since its opening here in 1954, and has been with Adrian Federal since 1953.

He will continue to manage the local office.

Other new promotions include Harold Near of Adrian, treasurer; Helen V. Dyer, assistant treasurer and Marie Itter, assistant secretary.

Malcoln J. Linehan continues as chairman of the board and Roy McPhail, chairman emeritus.

Charles E. Gorton of the Tecumseh office was re-elected assistant secretary.

Virgil Tucker, secretary of the Tecumseh Products, is a member of the board.

Fog-Bound Collision Injures 4

CLINTON — Three vehicles collided in the fog Sunday at 11:40 a.m. on US-12, west of Matthews Hwy., injuring four persons.

Mrs. Lavina Bertke, 68, of Clinton was admitted to Herrick Memorial Hospital with a lacerated lip and nose.

Mrs. Bertke was a passenger in a pickup truck driven by Fred Tirb, 78, of Hogan Rd., Clinton.

Mr. Tirb told officers he had stopped his westbound truck to turn left and was unable to see an oncoming car because of the fog.

The eastbound car driven by Oscar A. Edwards, 54, of Inkster struck the Tirb truck almost head-on, pushing it backward into a car driven by Ruth E. Alexander, 56, of Detroit. The Alexander car was stopped and waiting behind the Tirb truck.

Mr. Edwards and a passenger, Flor Edwards, 53, and Mr. Tirb were treated for cuts and released at Herrick Memorial Hospital.

There was extensive damage to the vehicles.

Classmates Pick Subscription Drive Team Captains

BRITTON — The annual Tecumseh Herald subscription drive by the Britton Senior Class will be Feb. 2-18.

Gary Griffin and Barbara Drexler were chosen team captains by their classmates for the sale, which puts money into the class treasury for the senior trip.

The class will receive $1.25 for each new subscription and 50c for each renewal.

An extra $5 is earned for every 25 new subscriptions.

Each week, the senior turning in the most new subscriptions will earn $5.

Exchange Club Calls for Local Crime Combat

Tecumseh Exchange Club, in cooperation with the National Exchange Club, will observe a week to combat crime Feb. 12-18. In view of the increasing crime rate, the need is more urgent than ever, club members decided.

Posters proclaiming the slogan for the week, "Community Cooperation Conquers Crime," will be displayed in local business windows.

Mac Gonser, the chairman of the Ladies' Night event, announced the date of March 13 for a dinner at Schuler's in Jackson.

William Ross, the Lenawee Area Vocational Consultant, was introduced by program leader, David Dick.

Mr. Ross reviewed the area vocational survey which was recently completed by more than 100 volunteer workers. He said the results of the survey will provide the groundwork for the establishment of a central Vocational Technical Education School, supported by all Lenawee School Districts.

COOKIES AND CAMP — Brownies and Girl Scouts are preparing for the annual cookie sale, a program which supports the Camp O' the Hills where Tecumseh scouts are regular participants. Jana Robinson, Girl Scout of Troop 329 and Suzanne Norris, Brownie of Troop 123, offer their wares to Mrs. Robert Bowers, assistant vice-president at the United Savings Bank. The girls get 5c on a box for their own Troop treasury.

12 Minor Accidents Investigated

Twelve minor accidents were investigated by the Tecumseh police during the past week, with four mishaps occurring in parking lots or on private property.

A resume is:

Jan. 13 — Harold Easton, 701 Center Court, driving a tank truck, backed into a parked car at the city hall parking lot. The other auto is owned by Louis A. Venske, 906 Sunset Dr.

Jan. 20 — Myron E. Bedore, 25, of 618 N. Evans St., was cited for failure to yield the right-of-way after an accident with Charles Henry Mensing, Jr., 18, of 509 N. Maiden Lane. It occurred at the intersection of N. Evans and Bidwell.

Jan. 21 — James Feight, 15, 1521 Russell Rd., attempted to move a car in the high school parking lot and struck two others. The youth, who had never driven before, was waiting in the car for his older brother, Thomas, who was taking exams. Other cars belonged to Deborah Ann Osburn, 17, of 5815 Green Hwy., and Gary L. Gottschalk, 17, of 502 Murray Dr.

Jan. 20 — Robert Langmeyer, 411 E. Logan St., reported his auto damaged while parked in the VFW parking lot.

Jan. 21 — Albert A. Musch, Jr., 60, of 4372 Blood Rd., was charged with an improper turn after hitting Douglas L. Michling, 21, of 301 E. Logan. The mishap occurred at Logan and N. Ottawa.

Jan. 21 — Both drivers claimed the green light in an intersection accident at Chicago Blvd. and Evans. Involved were Nancy J. Nichols, 27, of 111 N. Maiden Lane, and Marilyn J. Betz, 37, Holloway Rd.

Jan. 21 — Nadine R. Seitz, 33, of 218 W. Patterson, was cited for failure to yield right-of-way after an accident with Frances I. Campbell, 50, of 704 Clark St., at N. Evans St. and Bidwell.

Jan. 21 — Glen D. Rodgers, 31, of 7128 Centennial Rd., struck two parked cars while pulling into Vescio's parking lot. Other two autos belonged to Carl Luegge and Howard Rhora, both of Britton. Everett Rodgers, passenger with Glen and owner of the car, was cited for uninsured vehicle.

Jan. 23 — Clarence E. Gariety, 42, Adrian, ran into a barricade on S. Evans St., moving a weighted barrel 25 feet.

Jan. 24 — George L. Lighthall, 64, Adrian, was charged with failure to have his car under control after running into the rear of Charles K. Miller, 20, of 203 Russell Rd., on E. Chicago Blvd.

Jan. 24 — Judy Chessor, 705 N. Union St., reported her car rolled down her drive and into a pole. Her daughter, Tania, 5, had released the brake.

Roast Beef Dinner Planned for Feb. 2 by Church Circles

BRITTON — Mrs. Ed Rodgers and Mrs. Harold Rohrback are co-chairman of the annual roast beef dinner to be held at the Congregational Christian Church Thursday, Feb. 2.

The Priscilla and Sunshine circles will be on the kitchen commttee and the Mary-Martha and Golden Rule circles will be in charge of the dining room.

Serving will begin at 5 p.m. Tickets are $1.50 and 75c.

STARDOM SEEKERS — The Has-Beens in the Rear stole the show at the recent Tecumseh Jaycee Follies as members of the comedy skit, from left, Gertrude Golat, Grace Velandra, Peg Frownfelder and Emma Howard, belted out a rendition of woe.

200 Join in Service

Nearly 200 attended the joint service which opened the Week of Prayer for Christian Unity.

Co-sponsored by five Tecumseh congregations, it was held in St. Elizabeth Catholic Church on Jan. 11, followed with a coffee hour in the school auditorium.

Participants in conducting the prayers were:

The Rev. Russell J. Cooper, deacon and the Rev. Frank Hawthorne, rectory of St. Peter's Episcopal Church.

The Rev. Dr. Laszlo Gero, pastor of Gloria Dei Lutheran Church.

The Rev. Julian Gresham, pastor of First Presbyterian Church.

Carol Hale, First Methodist Church.

The Rev. Thomas J. Collins, pastor and the Rev. Leon J. Begue, assistant pastor of St. Elizabeth.

★

A BOOKLET distributed to those attending explained, "The Week of Universal Prayer will remind us that all the baptized, who are today divided amongst themselves, are called to unity.

"Throughout the whole world, in Protestant, Roman Catholic, Orthodox and Anglican churches, a great force of intercession will arise from all those who suffer intensely on account of divisions amongst Christians.

"That the visible unity of Christians may be accomplished such as Christ wills and by the means that He Wills," it noted.

Mr. Cooper gave the invocation, two hymns were sung, a litany and prayer led by Mr. Gresham, scripture reading by Fr. Begue and a pastoral prayer offered by Dr. Gero.

★

MR. HALE led those attending in recital of the Apostles' Creed. Fr. Hawthorne explained the daily intentions for Christian Unity Week and then led the recital of the Lord's Prayer, "the words in which Christ himself taught us to pray."

Fr. Collins closed the joint service with brief benediction comments.

Nursery School Has Openings

There are a few openings in the three day sessions at the nursery school operated by Mrs. Warren Puffer and Mrs. Claude Sebring.

At the change of semesters, the Monday, Wednesday and Friday group has a vacancy.

Registrations may be made by calling Mrs. Puffer, 423-4018 or Mrs. Sebring, 456-7147 or going to the church any morning.

Albion Show Gets TV Bid for EvelDean

An invitation to appear on a half-hour interview show on a Kalamazoo TV station was extended to the owners of Evel-Dean fashion salon, as a result of their successful fashion showing at Starr Commonwealth in Albion Monday night.

Their designer original collection was shown before an audience of more than 300 guests of the Starr Commonwealth Auxiliary in the auditorium of the school.

Cookies and coffee were served during a social hour after the showing.

Wearing originals designed for them were Mrs. Don Smith, Mrs. Bill Hanna and Mrs. Donald Cobb of Tecumseh, Mrs. Joseph Woodward of Owosso, Mrs. James Sirks of Jackson and Marlys Richardson of Onsted.

Others who modeled ensembles designed for clients who were unable to be present were Mrs. Norman Bailey, Janice Heimerdinger of Clinton and Debi Earling.

Mrs. Cobb was mistress of ceremonies introducing the models as Dean described the fashions.

Several area residents attended the event.

YOU TOLD US

By DOROTHY GRIGG
Herald Society Editor

Cru–nch and the little tyke bit the end from her luscious chocolate ice cream cone. "Oh no," said her Dad and I chuckled, having been in the same icky circumstances myself a few times.

The incident came to mind again as I read the four-line filler on UNICEF in this week's paper, page C-2.

Many Americans have dignified Communists as being interested in genuine humanitarian projects. In 1966 UNICEF was embarrassed when one of its staff turned out to be an espionage agent for the Soviet government.

It's no secret that Soviet Russia wants "peace" when the entire world is under communist rule, and they have no scruples about how they "bury us".

Money from the UNICEF program lends economic assistance to the communist world. It may not shoot down our loyal young American soldier in the swamps of Vietnam, but it sure puts him in an icky situation when the folks back home lick at the top and bite the bottom from his ice cream cone.

Every United States citizen has the responsibility to seek out the truth for himself of the program he supports. Look into this one.

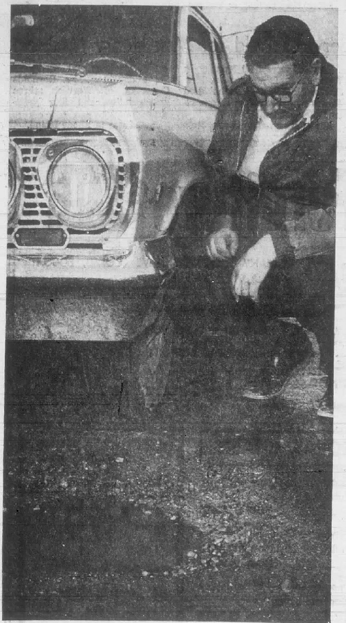
Meeting of O.E.S. Matrons Group

Mrs. Stanley Miller and Mrs. Calvin Dixon, Jr., attended the first meeting of the Jane Haskell O.E.S. Matrons Club Thursday evening in the new temple in Palmyra.

The following dates were announced: Association picnic at the Villa June 25, Association practice at Tecumseh April 20, Alumni meeting in Adrian Nov. 16, Friendship nights at Blissfield March 20, Palmyra Feb. 27 and in Deerfield April 13.



UNHAPPY MOTORIST — Twice in five weeks Larry McClain of Tipton has lost tires to this hole in S. Evans St. near Tecumseh Corrugated Box. It happened Dec. 15, then again Monday. City Manager Cal Zorn says street repair work can't be started until summer. Holes can temporarily be gravel filled.

Club Elects New Officers

TIPTON — The Addie Kemp Chiefs Club met Wednesday at the home of Dorothy Baker in associate hostess.

Seventeen members and three Adrian with Mrs. Richard Dewey guests were present for election of officers:

Mrs. Dale Cook — president.
Mrs. Herbert Reed — V.-Pres.
Mrs. Howard Luce — secretary-treasurer.

Mrs. Cook appointed Mrs. Howard Evans to the Resolutons committee and Mrs. Howard Mattis as press correspondent.

Mrs. Luce received the mystery gift.

Plans were made for a family night Feb. 19 at 6:30 p.m. at the Knights of Pythias Hall. A planned potluck will be served.

Euchre was played with Mrs. Lyle Whelan, Mrs. Herbert Reed and Mrs. Richard Vollmer winning prizes.

Elections, Family Fun Are Part of Activities at Gloria Dei Church

The Gloria Dei Lutheran Church newly-elected officers for the 1967 council were installed Sunday by the pastor, Dr. Laszlo Gero.

President — Harry Farrell
Treasurer — Norman Bless
Secretary — Raymond Wright
Finance Secretary — Dean Hamilton
Property Chairman — Stanley Rentschler
Property Co-chairman — William Ferow
Finance Committee Chairman — James Tonneberger
Worship Chairman — James Colson
Education Chairman — Marvin Rumpf
Stewardship Chairman — Mrs. William MacBeth
Evangelism Chairman — Roland Boyers

★

MR. AND MRS. JAMES COLSON were the hosts for the family fun afternoon Sunday in the old church. Sport films, comedies and cartoons were shown and a potluck dinner was enjoyed.

The history of the congregation and the buildings were explained through the use of slides shown by Harry Farrell.

★

MR. AND MRS. NORMAN BLESS took the imagination and the desire of 23 teen-agers of the Luther League to Hawaii. Mr. and Mrs. Bless visited the 50th state last summer. They showed colored slides to the young people.

Mr. and Mrs. Gene Williams and Mr. and Mrs. Tom Kampmueller, the new sponsors for the Luther League, presided.

★

INSTALLATION of new members took place in the Gloria Dei Church two weeks ago. New members are Mr. and Mrs. Ben Dillon and children, Mr. and Mrs. Robert Osgood and children and Joe Poley.

They were installed by the pastor and received Holy Communion with the "old" members of the congregation.

Fellowship Plans Bees

TIPTON — The Women's Fellowship of the Tipton Community Church met at the home of Mrs. Raymond Platt.

Plans were discussed for the annual Father-Son banquet Feb. 18 at the church.

A sewing bee will be held at the church Jan. 31 and a cleaning bee will be Feb. 7. Members attending are to take a sack lunch.

Mrs. Walter Bale, using the hymn "My Country 'Tis of Thee", gave the devotions. She told the history of the author and circumstances when it was written.

The family of Mr. and Mrs. Max Munger, 221 W. Michigan Ave., Clinton, is planning an open house from 2 to 6 p.m. Jan. 29 honoring the Mungers on their 55th wedding anniversary. The event is a surprise but will be held in the Munger home. Velma Sallows and Max Munger were married Feb. 1, 1912, in Adrian. They lived in Adrian and Morenci before moving to Clinton in 1918. They have two daughters, Mrs. Ronald Johnson, 114 N. Oneida St. and Mrs. Nello Stevens of Deerfield, eight grandchildren and four great-grandchildren. The family requests the omission of gifts.

Year's Budget Adopted by PTA

BRITTON — The budget for the year adopted as read at the PTA meeting last Monday evening.

THS Posts Easy 67-61 Win Against Blissfield

By JIM LINCOLN

Tecumseh stayed in the race for the Huron League crown Friday night when the Indians clipped Blissfield, 67-61.

The victory, third in five league outings, ties Tecumseh with Grosse Ile for second place with 3-2 marks.

Airport continued its pace with an easy win over Flat Rock, and holds first place with a 5-0 record.

Coach Vic Lawson's club all but chased the Royals back to Blisfield in the first half in a game which had been considered a toss-up between the two teams.

★

TECUMSEH rolled up 21 points in each of the first two quarters and held a commanding 42-26 lead at half time.

The Indians still held a 13-point margin at the three-quarter mark and stretched the lead to 17 points before the roof caved in.

With over five minutes left, Tecumseh slowed the game down. It seemed as far as the Indians were concerned, they were willing to quit for the night. That's just about what they did.

Blissfield pressed the Indians and this old nemesis paid dividends. Often, Tecumseh tossed the ball away or had a wild pass intercepted.

Although it would have taken a miracle for the Royals to catch Tecumseh in the final stages, they twice pulled to within eight points. A last-second basket narrowed the gap to six.

★

IN FAIRNESS to the Indians, they played all but 36 seconds of the final quarter without Charlie Thomas, and most of the last eight minutes without Dean Hebb. Thomas, who tallied 19 points and was held out a large part of the third stanza, fouled out at 7:24 of the fourth quarter.

The Indians, who have been foul prone this season, had 27 called against them. Hebb, Jim Upell, Jim Mobley and Gus Bishop each ended the tilt with four fouls, just one short of the limit.

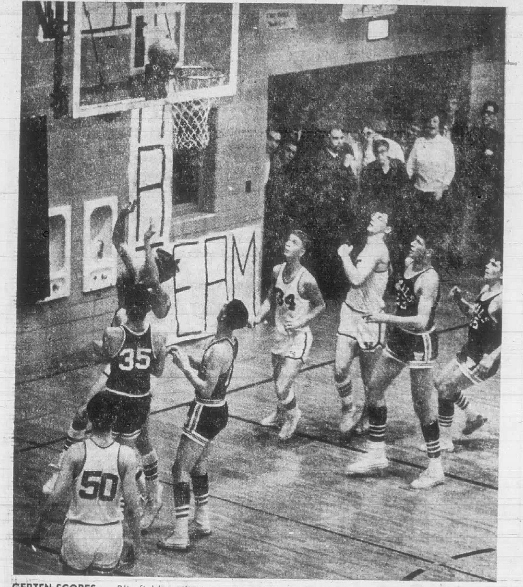
Tecumseh's scoring was somewhat odd, too. Thomas tallied 11 of his points in the first period, six more in the second, but only two in the third and none in the final.

★

HEBB HELD the hot hand in the second quarter when he collected 10 of his 12. Jim Hunt hit six in the first quarter and six in the third, but none in the second and final.

Brian Papenhagen, Blissfield's 6'5" center, gave Tecumseh a scare in the final stanza when he scored eight of his total 19.

Neither club showed much at the free throw line, Tecumseh hitting just 19 of 33 attempts and the Royals, 19 of 35.



GERTEN SCORES — Blissfield, trailing once by 17 points in the fourth quarter, threatened the Indians before the final gun. Senior Dick Gerten squelched the brief scare with one of his two goals here. Other Tecumseh players are Jim Hunt (50), Gus Bishop (34) and Jim Upell.

Clinton's Redskins came through with a big victory over Ann Arbor University High School, 65-56, on their home court.

The win gave the Redskins a firm grip on second place in the Lakeland C with a 5-1 record.

With the first round of play in the Lakeland C completed, undefeated Brooklyn holds down the top spot by a narrow margin.

The Redskins caught U-High at the right time as the slumping Cubs dropped their fifth straight game after recording three straight conference victories.

★

IN THE first quarter, the Redskins quickly took the lead, 15-7.

Clinton continued its fine play in the second frame and methodically built up a 40-21 margin at intermission.

The first-half domination by the Redskins can largely be attributed to 6-4 Butch Hoelzer.

Reversing his usual pattern, the junior forward netted 21 points in the first half and 10 in the second, for a total of 31.

Hoelzer connected on 13 of 18 shots from the floor and added five of eight charity tosses.

The Cubs played like bears in the second half as they made a determined effort to take the lead. They outscored the hapless Redskins in the third period and continued to whittle away at the diminishing lead.

With just over seven minutes left in the final period, U-High crept to within four points, 49-45.

The Redskins finally responded to the Cub assault and built up a nine-point lead with five minutes remaining. The two teams stayed about even for the rest of the game as Clinton narrowly outscored U-H, 16-15, in the final frame.

The victory was Clinton's seventh of the year against three defeats.

Besides Hoelzer, guard Gene Brown was the only other Redskin hitting in double figures as he netted 13 points.

★

THE LITTLE Redskins were also successful in their scuffle with the Cubs.

Led by Paul Papsdorf with 31 points, Clinton crushed the U-High junior varsity, 64-39.

Clinton has another league encounter coming up this Friday night with Manchester. The Flying Dutchmen, long-time rivals of the Redskins, will come to Clinton seeking revenge. They were defeated, 71-54, in the first meeting of the two teams.

GAA Cagers Are Winners

Tecumseh's two GAA teams came home victorious from Britton Monday evening. The JV's won 25 to 8 and the Varsity scored 55 points to 16 for Britton.

The THS JV's scored 6 points in the first quarter and none in the second to make a close halftime score of 6-2.

Jackie Rodgers scored 6 points in the third quarter and Tecumseh led at the end of the quarter, 15-6.

The Little Indians sank 10 points in the final quarter to emerge the victors. High scorer, Jackie Rodgers sank five field goals to lead the winners and Tracy Brooks scored seven points. Britton had several girls with two points each.

The Varsity team put on their scoring shoes for the first time this year. They were led by "lefty" Kathy Hall, who had an all-time high of 22 points. Jane Beasley chipped in with 14 and Paula Moeller was close behind with 12 points.

Everyone played half a game and all but one girl scored. Former Tecumsehite, Diane Lake, swished 5 points for Britton.

Britton was playing their first game with an inexperienced team and missed many close baskets which would have kept them in the game.

Tecumseh's scoring was evenly distributed throughout each quarter, 10, 17, 14 and 16 the fourth quarter. Miss Hall found the range in the final period with 4 baskets in a row and a total of 10 of her team's 16 points.

Defensive stars were Linda Oberlin, Debbie Black, Lee Ann Ward, and Linda Baaske.

The girls' next game is Friday, Feb. 3, at 3 p.m.

DOUG FAIRBANKS

Cold Final Three Minutes Chill Britton Tories, 80-71

BRITTON — Running out of steam in the last three minutes, Britton lost to Whiteford, 80-71, in a River Raisin League game Friday.

It was an even game throughout most of the contest, although Britton was down, 45-36, at the half. The Tories outscored Whiteford, 24-13, in the third quarter to move ahead, 60,58.

The last quarter saw the lead see-saw back and forth until it was tied up at 71-71 with three minutes to play.

The Tories got careless and couldn't make another point, while the Bobcats got nine more.

Sophomore center Dave Fairbanks hit 12 field goals for 24 points for the Tories, while Ray Vershum tallied 19, and Doug Fairbanks and Larry Ash netted 11 each.

Whiteford scoring was led by Rick Koppleman wth 26. Whiteford played its five starters through the complete game.

Whiteford dominated the backboards, gaining 68 rebounds to Britton's 37.

The teams were about equal on floor shots, however, as Britton hit 30 out of 74 and Whiteford hit 30 out of 73.

The Tories meet Deerfield Friday night at Deerfield for their next River Raisin encounter and host Sand Creek Saturday night

Knights Push Ida Before Losing, 66-50

By RICK CURRIE

Gary Anderson, the River Raisin League scoring leader led the Ida Bluestreaks to victory over Boysville, 66-50.

What was billed to be an easy win for Ida (7-1) over Boysville (2-4) had fans wondering as the Knights stepped out front, 12-10. Then Ida started hitting and took command, 23-19, at the half.

Anderson got hot in the third stanza, pushing the Knights behind, 44-34.

The fourth quarter was all Ida's with Anderson hitting the nets five times.

Mike O'Dea, with superb rebounding and shooting, tried to break the Boysville deficit, but couldn't.

Mike was high man for the Knights with 16 points and Anderson took honors for Ida with 28 points.

Ida junior varsity took an easy win over the Boysville reserves, 52-27.

John Waldron led the JV Knights with 10 points.

Gary Dunham Hospitalized on Okinawa

BRITTON — Mr. and Mrs. Delmar Dunham received word from their son, PFC Gary L. Dunham that he is hospitalized at the Camp Kue Hospital in Okinawa, after undergoing minor surgery on his left leg. He expects to be in the hospital a month.

WHY?

CARS ARE SOLD EVERY DAY, BUT NOT TRUCKS. FAY CRANE REVERSED THE SITUATION WHEN HE NOT ONLY SOLD THIS TRUCK TO HAYDEN'S MILLS, BUT ALSO ONE TO CARLTON'S FREEZER PROCESSING OF PALMYRA . . . IN JUST ONE DAY!

WHY CHEVY? BECAUSE IT'S RUGGED, DEPENDABLE,, ECONOMICAL? PERHAPS, MOST FOLKS KNOW THIS, ESPECIALLY THE FOLKS WHO'VE EXPERIENCED TRUCKING BEFORE. WE THINK THERE'S ANOTHER ANSWER — ADAPTABILITY! TECUMSEH'S HAYDEN MILLS BOUGHT THIS TRUCK FROM FAY CRANE AT SCHNEIDER'S, BUT THAT'S NOT ALL. THEY THEN ADDED A HEAVY, AUGER-TYPE LOADER FOR AUTOMATIC LOADING OF FEED INTO THE TRUCK'S BIN. HELPS THE FARMER, HELPS HAYDENS. SCHNEIDER'S GLAD IT'S A PARTNER. WOULDN'T YOU?

Coaching Basketball Is Such Fun

Next time you see Tecumseh perform on the hardwood, take a peek at the bench and watch for some special performing — from Coach Vic Lawson. He's in the action all the way and that's how it has been with Vic ever since he began coaching 18 years ago. His current team has a 6 and 3 record, developing rapidly under his guiding hand. Coach Lawson's wife says he enjoys working with young men and when his team isn't playing, he's going to watch others play.

Youths Display Talents

By KATHRYN SOMMERS

"Talented Young'uns" might well have been the theme of the Tecumseh Music Club for its Jan. 10 meeting.

Seventeen members and guests met at the home of Mrs. Owen Merrill to hear from the teenagers of the area who have attended music camps and workshops.

★

JAMIE DANFORTH, teen-age soprano, told about her experience at a two-week music workshop on the campus of Eastern Michigan University.

During her stay at EMU, Jamie sang with a group in concerts on campus as well as in the First Methodist Church of Ypsilanti.

For the Tecumseh Music Club Jamie did "A Brown Bird Singing," accompanied by Mrs. Earl Mason on the piano.

David Bush of Britton displayed his talent with musical instruments. On the saxophone he played "Largo", accompanied by Mrs. Merrill on the piano.

Then switching to the flute he interpreted Wagner's "Evening Star" and "Badinerie" by Bach. Mrs. Merrill again accompanied.

★

JEANETTE MANNINO, president of the Junior Musicmakers, enthusiastically recounted her two weeks' stay at Interlochen, the international music camp located near Traverse City.

She mentioned the hours and hours of practice that the campers put in, the opportunity for study with some of the "greats" naming instructors and the chance for forming friendships with teen-agers from all over Michigan.

To show her ability with the clarinet, Jeanette played parts of "Adagio" and "Tarantella" (Cavallini). She will present these numbers in solo competition later this winter.

WITH DANCING eyes Jill Holden, the youngest musician present for the evening, recalled her experiences at Interlochen's Intermediate Camp. Jill went to Interlochen on the David Day Scholarship.

She told of the rigors of trying out for the scholarship, the thrill of finally getting to go to camp, the revelation that Interlochen wasn't "what I thought it would be" and the sheer pleasure of playing with so many other young musicians.

On her bass clarinet Jill played German's "Bourree" unaccompanied. She, too, will compete in the solo contest.

★

TO ROUND out the evening David gave the masculine view of two weeks at Interlochen. He, too, enjoyed the musicianship of campers and instructors alike and thought some of the "bull sessions" held at night in his cabin were great.

His counsellor was a young psychology major from the University of Michigan and capably led discussions on such topics as religion and dating.

With wry humor David told of the strict security measures in camp to insure that none of the boys even so much as look at the part where the girls' cabins are. He pointed out, however, that dating is allowed and friendships are encouraged.

★

EACH OF THE young people considered it a rare privilege to attend a music camp or workshop. The Tecumseh Music Club hopes to be able to help more young people to have this opportunity.

Additional guests for the evening were Mrs. Bryce Miller and Mrs. Ida Kirk of Port Clinton, O.

GM Workers Saving B-I-G

DETROIT—Securities and cash valued at approximately $113.8 million have been credited to more than 69,700 General Motors salaried employees who participated in the Corporation's Savings-Stock Purchase Program of 1961.

Distribution of GM common stock, Government bonds and cash, totaling approximately $78,300,000 will be made early next week to more than 53,000 of the salaried employees who chose to receive their assets from the 1961 Class.

An additional 16,700 salaried employees are leaving their assets in trust under the other option of the program. The amount to their credit in the 1961 Class has a current market value of more than $35,400,000.

While these assets will not become payable until the employees retire or otherwise terminate employment, the employees may withdraw the securities — both Government bonds and GM stock — purchased with their own savings without affecting their right to receive, when their employment terminates, the securities attributable to General Motors' contributions.

The return on an employee's savings is $2.72 for every dollar saved. This is based on yesterday's closing market price of $75 for GM common stock.

This is the seventh distribution since the inception of the program in 1955. A class is formed each year and matures five full years after the year of formation.

From 1955 through 1966 employees have saved about $708 million. This sum, together with the General Motors contribution, has been used to purchase $354 million in Government bonds and 13.8 million shares of General Motors common stock.

Under the program, GM contributes $1 for each $2 of employee savings. One-half of the employee savings is invested in Government bonds and one-half in GM common stock.

GM salaried employees having one year or more of continuous service are eligible to participate in the program on a voluntary basis. They may save up to 10 per cent of their salary.

Dr. William Adams, the newly-installed president of the Tecumseh Kiwanis Club outlined five major 1967 goals for the club for the 1967 year including:

► Membership — An increase of five new members would show a 20% increase in club membership resulting in increased enthusiasm and activity.

► Projects — The club will continue to support the Little League, Sutton School Scouts, Michigan Week, and public forums. It is hoped that help can be given to the Protective Service Committee's substitute dads' program and that contributions can be made to the Niels Hansen Scholarship Fund.

► Achievement and Attendance — The members will be encouraged to improve their own attendance records resulting in an improvement in the club's Division seven standing. Attendance at 12 interclubs is planned and participation in division, district and International conventions is being urged.

► Public Relations — It is hoped that through good publicity an increasing awareness of Kiwanis will be felt in the community.

► Financial — A financial scrutiny will be undertaken and proposed changes recommended.

Fred Nash announced a Ladies' Night program with a Valentine theme will be held Feb. 16 at the Sutton School with numerous presentations to be made and a musical program promised.

Contributions Reach $13,328

Contributions to the 1966 Christmas Seal campaign in Lenawee County have reached $13,328 compared with $12,843 at the same time last year, reports the Michigan Tuberculosis and Respiratory Disease Association.

NEWS AND VIEWS

By MARY HANSON and BILL WALTER

Monday evening, 4-H knitting leaders and older 4-H'ers who help in the knitting program, attended a workshop held at Michigan Producer's Dairy.

Among demonstrations was one by Mrs. Roland Russell, putting elastic in the waistband and neckline, from Round Top 4-H Club.

A panel discussion included:

1. Choosing Patterns and Projects.
2. Fitting Knitted Garments
3. What Patterns Don't Tell You
4. Helpful Hints for Knitting Leaders.

✓

All 4-H Club officers should attend the special training session planned for Feb. 3 at Michigan Producer's Dairy in Adrian, and will begin at 2 p.m.

✓

All 4-H leaders who served in 1966 will be honored Feb. 14 at the Sand Creek School Gym. The 7 p.m. banquet sponsored each year by the Lenawee County Bankers Association, will feature a program by Larry Gould, 1966 International Farm Youth Exchangee to Mexico.

Mr. Gould is a former 4-H'er and now a leader in the State Line Hustlers 4-H Club.

Especially honored at the banquet will be leaders who have completed one, five, 10, 15, 20, 25 years of service.

✓

There have been some changes made: this year, only four district Style Revues will be held for 4-H girls in the clothing-knitting program.

Included will be:

► Northwest District: April 10-15. Clubs: Blue Ribbon Homemakers, Onsted Sweet Clovers, Rollin Do and Learn, Rome Blue Ribbon, Rome Rolling Hills, Stitchettes and the Tipton Jets.

Contact persons are Mrs. Raymond Bolz of Tipton and Mrs. Don Beebe of R 4, Adrian.

► Northeast District: April 15-22. Clubs: Britton-Macon Community, Holloway Homemakers, Lucky Clover, N. Franklin Maidens, Raisin Cane, Ridgeway Sunny Rays, Round Top and Tecumseh Top Notchers.

Contact persons are Mrs. Alex Payne, R 2, Adrian and Mrs. Milford Sellers, R 1, Tecumseh.

Senior Miss evaluation will be held in Adrian probably on April 22. The Senior Miss Revue will be held April 29.

✓

Notes on the 4-H Clothing Program for 1967 — In March, a practice modeling session will be held for all 4-H'ers in clothing and knitting.

Also in March will be a session for all women who will act as evaluators at the District and Senior Miss Revues. Contact the Extension Office if you would like to act as an evaluator.

✓

Cheryl Kelley and Gregg Hardy received special recognition for "outstanding achievements" in 4-H dairy projects at the Annual Lenawee County Holstein-Friesian Dinner Meeting on Jan. 19.

Cheryl is the daughter of Mr. and Mrs. Earl Kelley of Adrian. Gregg's parents are Mr. and Mrs. Raynor Hardy of Tipton.

✓

Men and women interested in helping to develop 4-H recreation programs in Lenawee County are asked to contact the 4-H office. Special training for 4-H leaders is given.

A session for beginning 4-H recreation leaders will be held at Camp Kett in Tustin on Feb. 3-4. Interested persons may call 265-5108 for information.

Big Week for Farmers

Agricultural economists will offer their counsel to farmers on how to win the battle against inflation on Feb. 2 at Michigan State University's Farmers' Week program.

The annual mid-winter educational event will be conducted on the East Lansing campus Jan. 30 to Feb. 3, 1967, and this will be only one of several programs featured by the Department of Agricultural Economics.

Outstanding Michigan commercial farmers will be included on the agricultural economics session program to tell how they're working to increase mechanization and raise the output of each man, acre and animal.

Rising costs for feed, machinery, land, labor, buildings and other agricultural necessities are nothing new to Michigan farmers. The rate of increase in prices has, however, stepped up considerably in recent months.

★

THE AFTERNOON session will be divided into segments in which inflation will be discussed in relation to land and credit markets, securities, labor, farm expansion, trends and expected developments.

Three commercial farmers will take part in a panel discussion on adjustments they have made or plan to make. They are: Wilfred Root of Saginaw County; Lyle Cunningham of Jackson County and Stewart Owen of Lapeer County.

A morning session on Tuesday, Jan. 31, will deal with the marketing and distribution of agricultural products. It will include discussions on: how the consumer looks at food prices; the world population and the food situation; challenges in future food needs; adjusting farm programs to the world food situation; Michigan fruit marketing and other topics. These tie in closely with the general Farmers' Week theme of "Food and a Hungry World."

★

THE TUESDAY afternoon program will discuss estate planning and retirement for farm families.

MSU specialists point out that, although Social Security and Medicare provide minimum income and medical coverages for retirees, older couples still need to manage capital resources for retirement and plan their transfer to their spouse and children.

The session is aimed at taking some of the worry out of planning for retirement. Subjects to be discussed include: ways to convert farm investments to retirement income; wills and trusts in estate planning; life insurance and estate planning; and life before and after 65.

The Feb. 1 session will be on agricultural economics and dairying. It will deal with the emerging pattern of Michigan dairying and its effect on milk producers, legislation, retail stores, processors and consumers.

Louis P. Longo, a former Connecticut "Dairyman of the Year," will discuss "The Business Side of Dairying."

★

THE FEB. 1 afternoon program is titled "Lookout for Labor." Major considerations farmers will have to take into consideration in planning will be discussed. They include labor legislation, wages, the need for better trained workers and farm management.

The final session will be presented jointly Feb. 2 by MSU and the Michigan Association of Farm Managers and Rural Appraisers. It will offer suggestions to help farmers plan for higher profits.

They include an analysis of the 1966 farm year; measuring financial progress; machinery costs; the tight money situation and farmers; cattle feeding; and the dwindling number of dairy farmers.

Search for Better Life

By MIKE FERO

Third in A Series

In the "barrio" where I live — Pirambu — there are pproximately 50,000 people (the largest one in Fortaleza), he greater majority of whom have come in from the interior o a better life and work.

Neither of which actually exist r them here.

Since the majority of my work now dealing with the officials ere, I actually have little conact with my barrio.

However, the two fellas that I ve with are working exclusively the community.

One has been here for 19 onths and the other for close 14 months.

Both of them are Peace Corps olunteers also and have run the amut from working in the ealth post to teaching art in e workshop schools to helping begin a hammock factory hammocks are the general sleepg apparel here — I have been leeping in one ever since I arived and now find a bed strange disconcerting at first).

With the help of USAID funds, ey have succeeded in providing mployment for some 35 persons, ith a prospect of expanding beore they terminate their tours of uty.

It is exactly such things as mall industries which will evenually help to pull these people p to the money level of existnce.

ANOTHER EXAMPLE may help to point out the life of my neighbors and friends.

Since we are three men living in a four-room mud and stick house, you can imagine the amount of dirty clothes, dirty dishes and just plain dirt that clutters up the house (not to mention the parrot and two miniature monkeys which we have, too). We have a little 12-year-old girl, who is always hanging around the house anyway, come in and clean up a couple times a week.

Not only does this help us, but it helps her, since we pay her a constant salary.

Remember that this girl, who's name is Dalva, is only 12 years old.

In her family of 12 (small by Brazilian standards where I have known families with as many as 29 children), she is the top money-earner, out of seven working members, including her mother, who washes clothes, and her father, who is a free-lance photographer of sorts.

The money that we pay her, which amounts to something like $8 per month, goes to the support of 12 human beings.

And they came from an interior community some 10 years ago, looking for a better life.

There, as a common laborer in the rice and cotton fields, he made 48c a day and worked from sun up to sun down.

Oftentimes, Dalva brings her littlest brother over at dinnertime, since neither will have eaten that day.

They never ask for food, but will take it if offered, which is usually the case.

All this in easy sight of the glass skyscrapers which you saw in the photograph I sent.

And so, in the midst of the modern splendor of this city, one cannot escape the misery which is lived by so many of its inhabitants.

Mother of Year Nomination Slips Now Available

A search for the Michigan State Mother of the Year has begun.

The primary objective of the American Mother's Committee, Inc., program is to develop and strengthen the moral and spiritual foundations of the American home.

Qualifications for the American mother are:

- ► Successful as evidenced by the character and achievements of her individual children.
- ► Active member of a religious body.
- ► Embody those traits highly regarded in mothers: courage, cheerfulness, patience, affection, kindness, understanding and a homemaking ability.
- ► Exemplify precepts of the Golden Rule.
- ► Have a sense of responsibility in civic affairs and that she be active in service for public benefit.
- ► Qualified to represent the Mothers of America in all responsibilities attached to her role as the National Mother.

Other qualifying conditions require that the youngest child should not be less than 15 years of age since achievement. No divorced mother may qualify.

Nomination blanks are obtainable from:

Mrs. Charles F. Kuhn
Post Office Box 224
Drayton Plains, Michigan 48020

Nominations must be returned by March 1, 1967.

Water, Water Everywhere

CLINTON — Slurrp — and 100,000 gallons of water drained out of Clinton's water storage tank in 15 minutes Friday.

That was just one result when an end-T connection blew off the main water line.

The Barton-Malow construction crew was attempting to tap onto the line to extend the main to the new Budd Co. plant.

The end connection was located in front of the Peerless Gear plant on Tecumseh Rd.

The mishap occurred about 1 p.m. and workmen restored the line by 9 p.m.

Meanwhile, many Clinton householders had no water for a while and others had only limited pressure.

There was 70 pounds of pressure in the 12-inch main line and the force of the water went directly into the sewer line.

Several homes in the Pleasantdale Park subdivision had flooded basements, one as high as three feet deep.

Peerless Gear cancelled its second shift operation.

For most of the afternoon a stream of water rushed down the slope between Peerless Gear and the Budd Company plants.

By Saturday, the village water supply was completely restored to normal pressure.

Medicines Must Be Properly Protected

The United States Pharmacopoeia, called the "U.S.P." and the National Formularly, called the "N.F.," are the two basic official books which specify the standards, tests and dosage for drugs and some of their combinations. Pharmacists must completely know the contents of both these books.

The U.S.P. and the N.F. also specifies those drugs which require extra care to protect their potency and directs how they must be stored. Many drugs must not be exposed to light or heat. Others are dated and cannot be used after a certain time. Between publication dates of the new U.S.P. and N.F., published each few years, we study and file information about the new drugs to keep up to date.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Carol McCalla Is Bride of Eugene Brion

Carol McCalla of Ann Arbor became the bride of Eugene Brion on Friday evening in a ceremony performed by the Rev. Sreberknak at the Church of St. Francis of Assisi in Ann Arbor.

Parents of the couple are Mr. and Mrs. Ralph McCalla of Chelsea and Mr. and Mrs. Harold Brion, 606 Center Dr.

Red and white blossoms were used on the altar. John Needham was the organist.

The bride wore a floor-length gown of ivory satin styled with empire waist and A-line skirt with lace appliques on the bodice, hem and train.

She entered the church on the arm of her father. Her fingertip mantilla was of ivory lace and she carried ivory-colored roses and ivy.

Mrs. Dennis Brewer was her sister's matron of honor in an empire gown with royal blue bodice and lighter blue crepe skirt. She wore a coat of royal blue brocade with matching double bow in her hair and carried red roses and white miniature carnations.

Joanne Brion, sister of the groom, Kathy McCalla, sister of the bride, Sandy Rouget and Joni Herst of Ann Arbor were the bridesmaids.

Kenneth Brion, brother of the groom, was best man and the 250 guests were seated by Richard McCalla, brother of the bride, Dennis Brewer and Walt Girbach.

Red and white blooms encircled the cake at the reception held in the church hall immediately following the ceremony.

Mrs. Kenneth Brion, Mrs. Richard Harvey, Grace Kushmaul and Mrs. Michael Busch assisted with the serving.

The bride is a radiological technologist at St. Joseph Hospital, Ann Arbor and her husband, a graduate of Michigan State University, is a teacher in Dundee.

After a wedding trip to Washington, D. C., the couple will be at home at 2080 Pauline Blvd., in Ann Arbor.

The rehearsal dinner was given by the groom's parents at Len's Beef Buffet in Ann Arbor.

MRS. EUGENE BRION

MRS. MICHAEL BAYER

Mary Wing Is Bride of John Bissey

Mary Wing and John Bissey were united in marriage Saturday afternoon in the First Congregational Church of Wayne by the Rev. James Altman.

White chrysanthemums and roses were used on the altar with white satin bows fronting the candelabra and designating the family pews.

Parents of the couple are Mrs. Elizabeth L. Wing, 105 W. Pottawamie St. and Mr. and Mrs. Homer Bissey of Wayne.

Jack Tonneberger accompanied the soloist, Keith Hooper and played nuptial music on the organ.

The bride wore an empire styled gown of white antique worsted silk with Venice lace accenting the bodice and bordering the watteau train. She entered the church on the arm of her uncle, George Schumm.

Her veil of silk illusion was attached to a lace pillbox and she carried a cascade arrangement centered with a detachable corsage of yellow roses surrounded by daisies.

Mrs. Thomas Doenges, sister of the bride, of Saline was matron of honor in an empire styled gown of blue brocade and light blue crepe.

Her light blue tulle veil was secured to a cabbage rose and she carried a ball of yellow chrysanthemums.

Bridesmaids were Nancy Bissey, sister of the groom of Wayne, and Alberta and Barbara Goltz, cousins of the bride of Saline.

Kimberly Bissey of Plymouth, niece of the groom, was the flower girl.

All of the bride's attendants were attired alike.

Kenneth Bissey of Plymouth served as his brother's best man and 250 guests were seated by Thomas Schumm, cousin of the bride, Ralph Dittmar and Barry Mullinix, both friends of the groom of Wayne.

A reception was held in Fellowship Hall of the church with the wedding colors carried out in the decorations.

Mrs. Robert Osburn of Tipton and Mrs. Roland Goltz of Saline presided at the punch table.

Following a trip to Harbor Springs, the couple will live at 3301 Wiscasset Rd., Dearborn.

The bride is a graduate of Tecumseh High School and Grace School of Nursing where she is presently employed.

Her husband is a graduate of Wayne High School, served four years in the Navy and is presently attending Henry Ford Community College.

MRS. JOHN BISSEY

Karen Harriott Marries Michael Bayer

Father Ensman at the Church of the Little Flower, Toledo, O., performed the ceremony uniting Karen Sue Harriott and Michael J. Bayer in marriage Jan. 21.

Blossoms of pink and red shades were used to enhance the altar.

Parents of the couple are Mr. and Mrs. Robert W. Harriott of 6130 N. County Line Rd., Britton and Mr. and Mrs. Robert J. Bayer of Toledo.

On the arm of her father, the bride wore a floor length gown of white velvet with empire styling, long sleeves and scooped neckline. Her train was secured to the shoulders and a finger tip veil was held in place by a small fabric rose. She carried white roses encircled with white feathered carnations.

Michael Miller of Toledo was the best man with Christopher Hill and Robert Bayer, brother of the groom, seating the guests.

Mrs. Allen Bluth, sister of the groom of Toledo, was matron of honor and Ginger Frazier and Linda Clement, both of Britton, were the bridesmaids.

The bride's attendants wore empire styled floor length gowns of pink crepe with deep red velvet bodices and matching velvet coats.

They carried red roses and pink feathered carnations in cascade form.

The bride is a 1965 Britton High School graduate and atteded Cleary College of Business.

The groom was graduated from Rogers High School, Toledo in 1964 and attended Stautzenburger Business College. He is employed at Bayers Supply Company.

The couple will live at 5236 Dorr St., Toledo.

The rehearsal dinner was given Friday evening by the parents of the groom.

Little Garden Club Installs President Mrs. Don Moffatt

Mrs. Donald Moffatt was installed as president of the Little Garden Club Jan. 17 at the meeting held at the home of Mrs. Owen Merrill.

Other officers installed are:

Vice-president — Mrs. Merrill.

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

Mrs. Dunsmore Is New Garden Club President

Mrs. Archie Dunsmore was installed as president of the Tecumseh Garden Club Jan. 20 when 14 members and guests attended the meeting at the home of Mrs. E. L. McLain.

Other officers installed by Mrs. Neil Pearson were:

Vice-president — Mrs. McLain.
Recording Secretary — Mrs. Doug Sisson.
Corresponding Secretary—Mrs. Marshall Coulter.
Treasurer — Anne Carson.

The president appointed committee chairman:

Program — Mrs. McLain.
Press — Mrs. Waldo Mohr.
Ways and Means — Mrs. Don Heesen and Mrs. Al Helzerman.
Library — Mrs. C. L. Feight.
Sunshine — Mrs. Arch Wray.

Members voted to donate to Scholarship and the Indian School Scholarship.

Mrs. Lillie Beagle was accepted to the membership of the club.

Mrs. Helzerman and Miss Carson presented a program on "What's New in Flowers and Vegetables."

New are dwarf sweet peas in red, white and blue and a butter pea like a bush lima.

A discussion of the old tried and true varieties was held.

Cupcakes and brownies were served by Mrs. McLain, assisted by Mrs. William Love.

New Members Join Methodist Church Sunday

Eight new members were received into the fellowship of the Tecumseh Methodist Church Sunday morning by the Rev. Donald Porteous.

Joining the congregation by transfer of letter and confession of faith were Harwood Covell, Mrs. Lillie Beagle, Mrs. Charles Brown, Mrs. Suzanne Goffe, Mr. and Mrs. Marshall Boike, and Mr. and Mrs. Norman Nash.

Following the service a coffee hour was held in the Youth Room under the direction of Mrs. Robert Bonner.

During the Sunday School hour an introduction to the new Methodist Hymnal was given by the choir director, Miles Cowdrey to the adults and youth of the church.

Following an explanation of the format of the edition, numerous hymns were sung.

Next week the children's division will receive instruction.

Dick VanSickle Is with Marines at Okinawa Base

FUTEMA, OKINAWA — Marine Pvt. 1/c Richard G. VanSickle, son of Mr. and Mrs. Richard G. VanSickle, Sr., of 8988 Tipton Hwy., Tipton, is serving with Marine Medium Helicopter Squadron (HMM)-361 at Marine Corps Air Facility, Futema, Okinawa. The squadron has recently returned to the Air Facility after serving a six-month tour in the Republic of Vietnam.

His squadron provides helicopter transport of personnel and cargo during ship-to-shore movement and within an objective area.

After a period of regrouping and retraining at the Marine Corps Air Facility, the squadron will return to the Republic of Vietnam to support Marine infantry and artillery units in their struggle against the enemy.

Mr. and Mrs. Robert H. Hunt, 9849 Murphy Hwy., will be guests of their children at dinner at Weber's Resturant Feb. 1 in observance of their silver wedding anniversary. M. Almina Keller, the daughter of Mr. and Mrs. Clarence Keller of Clinton, and Mr. Hunt were married in the First Methodist Church, Buffalo, N. Y., Feb. 1, 1942. They lived in Clinton for four years, then purchased a home in Onsted where they were residents until 1957 when they purchased their present farm home. Mr. Hunt has been employed in the shipping department of the Ford Motor Co. in Manchester, Rawsonville and Saline plants for the past 25 years, including over three years in the U. S. Marine Corps during World War II. His wife is the bookkeeper at The Tecumseh Herald. They are the parents of four children, Roberta Hunt, orthopedic consultant of Washtenaw County Schools, Ann Arbor; Sp/4 Howard Hunt of Fort Huachuca, Ariz., Mrs. James Wolf of Clinton and Cortland, at home. The couple have one granddaughter, Melanie Eve Wolf.

Barritt Named Senior Warden

Wardens and Vestry members of St. Peter's Episcopal Church were elected at the annual meeting of the parish held on Jan. 9.

Chief officers for 1967 are Seymour Barritt, Senior Warden and Dr. Richard Hammel, Junior Warden.

Newly-elected Vestry members are Bruce Corley, Glenn Driscoll, Peter King and Mrs. Charles Mensing.

Mrs. Jack Curtiss was re-elected clerk of the Vestry and Charles Mensing, parish treasurer.

Delegates elected to the Southwest Convocation in the Spring are Mr. and Mrs. Lynn Hubbard, Mr. and Mrs. Charles Latham, Mrs. Russell Cheever, Mrs. Wilbur Andrews and Perry Satterthwaite.

Mrs. Russell Cheever is parish secretary; Ennis Fruhauf of Ann Arbor, the parish organist and choir director; Ray Shelton, sexton.

Retiring Vestry members are Senior Warden Harry Beland, Wilbur Andrews and Wendell Disbrow.

The Rev. Frank W. Hawthorne is rector of the Parish.

Hold Families Together

By DOROTHY GRIGG

Rehabilitation vs. neglect is the tussle Mrs. H. H. Hanna has on her mind.

She rested her head in her hands as she tried to think of the best words to tell of her work as director of the Protective Service program.

"Pre-delinquency or neglect cases are where we try to help them before it is necessary for youths to be taken into court," she said.

"Children have a real traumatic experience when they are separated from their parents and their homes. We always make an effort to rehabilitate the family and give them another chance.

"If this fails and the neglect becomes so great that the case has to go to court, then there is a severage of parental rights, the children become wards of the court and are eligible for adoption," she continued.

"We are presented with the problem of placing them in foster homes. Usually there isn't much difficulty in finding homes for little people, five years and under, but it is hard to find adoptive parents for older children," Mrs. Hanna regretted.

★

THERE ARE TWO big reasons why it is better to keep a home together if possible than to allow it to be broken up.

Mrs. Hanna lamented that frequently when it is necessary for a family to be broken up, the children are separated and lose track of each other. There are few times when a home is able to take all of the children.

The director said that the average number of children in a needy family is usually five.

"Often in later years they try to seek out the other members of their family and sometimes this is heart-breaking."

The second reason to keep homes together is the terrific expense of a broken home to the taxpayer.

An employee of the Juvenile Division of the Probate Court stated that the cost to the taxpayer per child, per year, for only the basic needs, no dental or medical care, is between $700 and $800. Multiplied by five in the home, this totals quite an amount of money.

"Whatever the financial help is, it is much cheaper to maintain a complete home than have children scattered all over the county," remarked Mrs. Hanna, "and besides that we prevent this traumatic experience they have."

It seems obvious that the old adage, "an ounce of prevention is worth a pound of cure," fits the situation admirably.

★

"AT THE FIRST signs of neglect we try to develop community interest and responsibility to the family to keep them together. We don't promise a Utopia, but if we can up-grade the home using every resource of the community, see them over the rough places, keep them clothed and fed and a roof over their head, we have accomplished something," Mrs. Hanna said.

"So often I am told, 'You can't do anything for that family, they have been that way for generations'," said Mrs. Hanna.

"My stock reply is: 'And shall we let another generation be the same way or shall we do something so that the next generation may have an improved way of life'?"

Referrals are made to the Protective Service by those best able to recognize the first stages of neglect — family, friends, neighbors, school personnel, sometimes church workers.

★

MRS. HANNA seeks the help of the entire community in her work. She frequently speaks to various groups.

Ladies of the Gloria Dei Church recently added their help by making the curtains for the reception room and office of the program in the former Methodist Church Education building on W. Chicago Blvd.

Mrs. Joe Rohweder was recently appointed by Judge Maurice Spear as a member of the Youth-Parent Service Committee of the program.

Scout Leaders Gather

"Scouting Rounds a Guy Out", theme of Boy Scout Week, Feb. 7 to 13, will be a topic of discussion for leaders from all over Lenawee County at the Scouting Roundtables Thursday, Feb. 2, at 7:30 p.m. at Goodwill Industries in Adrian.

All den mothers, Cubmasters, Scoutmasters, Explorer advisors, and assistants will attend.

The theme of "The Cub Scout is a Handyman" will be presented by Bob and Phyllis Comar to assist leaders in their planning for March meetings.

"Emergency Preparedness" is the Boy Scout roundtable topic.

The Explorer leaders will be discussing "For Friendship" which is the theme of the 12th World Jamboree and also summer job strategy and physical fitness.

Members Entertain Junior GAA

The Tecumseh Junior High GAA was recently entertained by some of its members.

Joan Lundahl and Gail Kenedy of the Gymnastics Club performed a rope-jumping routine; Pam Jacoby and Linda Korth sang and accompanied Bonnie Flanders on the piano; Jeanie Bowser and Darlene Daniels twirled batons; Pat and Pam Kish did a modern dance to a popular song and Liz Lowe pantomimed a modern dance.

Refreshments were served after the program.

The GAA enjoyed a roller skating party Jan. 10 and the following week they had an ice skating party at the Pit.

Volleyball season closed with Pam Hallet's team as champions.

The next activity will be the basketball games.

Cub Pack 73 Has Pinewood Derby

A stop watch was used to determine the winners of the Pinewood Derby held by Cub Pack 73 Tuesday evening at the Fellowship Center of the Presbyterian Church.

Even then Danny Harrold and Ricky Marine were co-winners of the event, each to be presented a trophy with their name engraved on it.

Greg Downard won second place.

Winners in the various dens were:

Den 2 — Danny Harrold and Tom Cook.

Den 3 — Greg Downard and Mark Keller.

Den 4 — Ricky Marine and Joe Murphy.

Starters for the races were Assistant Cubmaster George Harrold and a Pack Committeeman, Francis Packard.

Judges for weight and size of the cars were Secretary Harry Keller, Assistant Cubmaster Ronald Harper and Russell Johnston.

Judges of the races were Richard Roost, Troop 73 committeeman and Duncan Oliphant, institutional representative.

George Downard assisted at the finish line.

Tom Cook's racer was given first place for the best design and each participant was awarded a blue ribbon on which to place his name and the date.

George Brady, cubmaster, assisted Russell Johnston, award chairman, in making the presentations.

*

JAMES MANLEY received a gold and silver arrow under wolf, Mrs. Lyle Marine received a den mother pin and badge and Frank Hawthorne was given a den chief cord.

Theme of the month was "Highways to History".

Cubby was awarded to Den 3 for best attendance.

Members of Pack 32 of Birdsall were visitors and Pack 73 will return the visit Jan. 23.

Announcements were made of the round table to be held at the Goodwill Industries in Adrian Feb. 2 — the Council Recognition dinner at the Union Hall Feb. 4 and Scout Sunday, Feb. 12.

All cubs and their parents will meet at the Presbyterian Church at 10:45 a.m. Those who have uniforms will wear them.

The Cub Pack committee meeting will be held Feb. 14 at 7:30 p.m. and the Blue and Gold pot-luck dinner commemorating the anniversary of scouting will be held at 6:30 p.m. at Fellowship Center.

Practical Nurse Mrs. Wiemer Will Graduate

Mrs. Lela Wiemer, 7395 Smith Rd., will be among the 51 students of the Ann Arbor Practical Nurses Education Center who will be graduating Thursday evening.

The graduation exercises will be held at 8 p.m. in the Ann Arbor High School.

There are now 1,100 graduates of the school in hospitals and health facilities in Southeastern Michigan.

$40,000 Bowling Buckeye Open Invites Amateurs

TOLEDO — Virtually all of the nation's outstanding professional bowlers will be at Imperial Lanes for the second annual $40,000 Buckeye Open, Feb. 14-18.

The tournament format for this rich event enables the "little guy" or amateur to get into the act along with the game's top PBA sharpshooters.

Qualifying rounds are now being held at Imperial Lanes and throughout Toledo, northwestern Ohio and southern Michigan. Most all proprietors are conducting eliminations for the Pro-Amateur which costs $4 to enter.

All amateurs will be given 70 per cent handicap both in the preliminary firing and also in the main event. The pros enter from scratch with the combined handicap scores of the amateurs determining the winning teams.

David Brock Has Narrow Escape in Viet Cong Raid

Specialist David Brock in Vietnam escaped serious injury recently when his company area was hit by mortar fire while he was away on leave.

Specialist Brock is the son of Mr. and Mrs. C. B. Brock, 415 W. Logan St. He expects to leave the war zone Feb. 7.

An excerpt from a recent letter tells of his narrow escape.

"On the fourth of January a friend and I went to Vung Tav on a three-day pass. While we were gone Camp Holloway was mortared. Some of the mortars hit the company area, one landing in our barracks.

"Some of my friends were seriously hurt from shrapnel. The guy that bunks below me got hit in the head. He's in the hospital now.

"The guys across from me caught it in the chest, arms and legs. Another one got it in the back.

"They told me when I got back my bunk was full of shrapnel. I was very lucky to be in Vung Tav at the time.

"Pleiku got mortared on the 7th and we didn't get back until the 10th because we couldn't get a flight to Pleiku from Tan San Nhut at Saigon.

Community Club Elects Officers for Coming Year

MACON — Mrs. Rubena Bigelow was host for the Macon Community Club last Tuesday with a cooperative dinner served at 1 p.m.

Mrs. Hamilton F. Moore led The Lord's Prayer. Mrs. Henrietta Lindsley was welcomed back from her surgery.

Officers elected were:

President — Mrs. Moore

Vice president — Charles Gorton, Sr.

Secretary - Treasurer — Mrs. Ralph Halladay

Sunshine — Mrs. Melvin Travis.

Mrs. Gorton opened the program by reading "Maw and the Auto" and "The Old Wooden Tub".

Mrs. Halladay read one of Will Carleton's poems.

Ray Hendershot read "The Friendship that Lasts", in memory of Clayton Bigelow, who was president of the Community Club for many years. He then told of many memories he had of Mr. Bigelow.

Mrs. Moore read "Friendship", Mrs. Gertrude Birdsall read "Smiles". Elmer Pocklington commented on "Seriously Thinking about Religion". Mrs. Moore closed with "The End of the Year".

Speed Reduced in Hayes State Park on M-124

A reduction in the speed limit on M-124 through the Hayes State Park in Lenawee County has been established by the State Highway Commission.

A study by Highway Department and State Police officials showed the present 40 mile-an-hour speed limit should be reduced to 35 mph from US-12 at Irish Hills north to the Lenawee-Jackson County line.

The new limit will go into effect as the new speed limit signs can be erected.

Corn Picking Contest Replacement Sought by Lenawee Groups

An annual program to replace the state and national Corn Picking Contest will be sought at the special meeting of the Boards of Directors of Lenawee farm, business and labor organizations.

The meeting will be held at the Adrian Elks Club Friday, Jan. 27, from 11 a.m. to 2 p.m.

Urban-farm cooperation programs will be discussed and developed.

Guidelines for the day's program were established at a preliminary meeting by Ivan Hunt, Lenawee County Farm Bureau president; Elmer Rohrback, County NFO president; Lear Van Valkenburg, Pomona Grange president; John Comstock and Norman Bless, extension agents and Stewart Titze, chairman and Charles E. Wise, manager of the Adrian Area Chamber of Commerce.

Edmon Alchin, community development specialist from Michigan State University, will make comments and guide discussion.

Representatives at the meeting will be divided into small discussion groups to define problems affecting both urban and farm areas in hopes of establishing greater understanding of economic needs and problems of both farm and city dwellers.

Participation at the meeting is by invitation only.

Class of 1957 Will Organize Alumni Banquet

Members of the Tecumseh High School Class of 1957 will meet Monday, Jan. 30, at 8 p.m. in the Council Chambers at City Hall to make plans for the alumni banquet.

The banquet is staged annually by the class celebrating its 10th anniversary.

Anyone from the class is invited to attend, said Mrs. LeRoy Betzoldt, who is organizing the meeting.

Todd's 8th Graders Bomb Adrian Five

Coach Ted Todd's eighth grade basketball players enjoyed sweet success against their Adrian counterparts, dumping them by a satisfying 41-32 score.

The win averaged a defeat of last season, while as 7th graders, Adrian knocked Tecumseh out of the annual Junior high tournament.

Adrian started off as though they were going to repeat its tournament victory, grabbing a first quarter lead of 11-8.

Adrian received unintentional help from Tecumseh when Todd's lads missed their first seven layups.

The second quarter was a different story. Craig Smith and Gary Hannibal, who had split Tecumseh's eight points in the first quarter continued to hit from the floor, each netted six points.

The team total for the second period was 16, while Adrian was pinched off with a meager eight.

Tecumseh was ahead at the half, 24-19, lead which they never relinquished.

Dick Ellsworth of Adrian, who had canned seven of his team's points in the first quarter, was shut out entirely, not only here in the second stanza, but for the remainder of the game.

Game honors for scoring went to Craig Smith, who had the hot hand. He was deadly from both the center and from the top off the key with a soft jump shot, hitting for 17 points.

Gary Hannibal also rang up double figures, canning 12.

Dick Ellsworth, with seven was high for Adrian.

An interesting sidelight to the game was provided by Mrs. Robert Kiebler's Girls Gymnastic Club, which demonstrated their tumbling skills during a halftime show.

7th Wins Too

Adrian's seventh grade basketball team experienced a rough baptism of fire last Jan.12.

Playing its first game of the season against Coach Dermont Poley's TJHS cagers, who at this point of the season had already racked up a 3-0 record, the Little Maples' inexperience was clearly demonstrated.

Adrian had a definite height advantage. For example, the Maples Tom Moorhead stands 6'2".

This did not deter the smaller, but more experienced Little Indins who hustled and scrapped their way to a 25-19 victory.

★

THE FIRST HALF was a case of "covers on both rims" as Adrian led at the half 12-11.

The third quarter was decisive. Five of Tecumseh's players found the range, Mike Tilton, Craig Brown, Sam Whitney, Rick Bunch and John Curth.

Between them, they scored Tecumseh's 10 points, while holding Adrian to a three.

With both coaches substituting freely in the fourth quarter, each tem could only mange four more team could only manager four more points.

Coach Poley, while citing the hustle and drive of his players, cautioned against overconfidence.

"When Adrian gets a few games under their belts, they will be tough to handle. We will have to play even better ball to beat them on their home court."

Curth and Moorehead tied for game honors, each collecting 8 points.

Retiring Officers Explain Duties to New Leaders

Officers of the North Franklin Hustlers were installed in a candlelight ceremony recently at the home of Tom Moore.

Retiring officers Bruce Carlton, James Woodward, Patty Aebersold and Jane Woodward explained their duties as they turned them over to:

President — Judy Wilson

Vice President — Tom Moore

Secretary — Karen Davenport

Treasurer — Sherry Richardson

The new officers explained the purpose of the club, the emblem and the motto, "To Make the Best Better."

Mrs. Maude Creger, leader, lighted the first candle and presented it to the president as the 4-H pledge was repeated.

Miss Wilson lighted the next candle and so on until candles for 4-H - head, heart, hands and health were all glowing.

New members are Mark Carlton, Gregg Williams, Lynn and Robert Winzler Pati Wilson, Mark Wegner and Mark Stamats.

John Vincent and Joyce Richardson acted as guides for the ceremony.

Jim Woodward reported the steers.

Members voted to have a tobogganing party Jan. 22. Refreshments were served by Tom Moore.

A meeting will be held Feb. 6 at the home of Patty Aebersold with the Junior Leaders in charge.

VOICE of THE HERALD

Municipal Public Relations

Representatives of The Adrian Telegram, The Herald and Radio WLEN were invited to answer questions at a class in municipal public relations at Adrian College last week.

Among the students were city managers of Adrian and Tecumseh, plus tax assessors and recreation directors, highway and road commission folks, Adrian library, police and school officials.

Instructor Ben Duguid, vice-president of Siena Heights College and its public information chief, wanted to get straight answers to press and radio questions being kicked around from week to week in the class.

For two hours, the comments moved back and forth — sometimes at a heated pace. City officials wanted to know why, in many instances, the papers had handled or manhandled given municipal events — usually difficulties.

Through it all, there were some probing queries and almost as often reasonable explanations. In the end, both sides agreed there must be fair give-and-take. Nobody is 100% correct all the time and the representatives of media admitted this.

There was one important point in summary — if there is a difference of opinion, there should be a quick meeting between the city official and the press or radio.

The editor staying locked in his ivory tower and the municipal official, fuming in his city hall office, over a story, will solve little.

This applies to every group which has a problem with a newspaper. If there's a beef against The Herald, please step forward and say so and we'll do our best to work out a solution.

Friendly Helpful Attitude

A solid bank, with a desire and ability to do a real service for its patrons, is vital for a prosperous community. United Savings is amply filling the bill for Tecumseh.

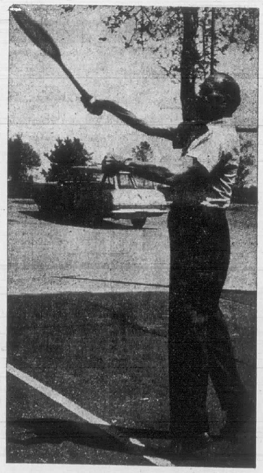
Annual balance sheets get the figures down on paper and tell part of the story — as is evidenced by the comparison of the last three years of operation:

OPERATING INCOME	1964	1965	1966
Interest on Loans	$560,117.00	$689,673.00	$844,107.61
Interest on Securities	352,242.00	394,018.00	376,287.41
Other Earnings	29,539.00	36,852.00	45,212.26
	941,898.00	1,120,543.00	1,265,607.28
OPERATING EXPENSES			
Interest on Time Deposts	277,224.00	390,723.00	464,180.15
Other Operating Expense	282,822.00	311,010.00	374,396.40
	560,046.00	701,733.00	838,576.55
CURRENT OPERATING EARNINGS	381,852.00	418,810.00	427,030.73
Provision for Federal Income Tax	131,756.00	141,056.00	115,776.84
Net Operating Earnings after Taxes	250,096.00	277,754.00	**311,253.89**

Banks on a national average have been showing increases of about 7% in earnings. United Savings made a 12% jump in 1966. Its income from interest on loans made during '66 was 22% greater than '65. Market value of stock has climbed nearly $15 per share in a year's time.

But figures don't tell the entire story. The part which makes the biggest impresson on Mr. and Mrs. Average Tecumseh is the friendly and helpful attitude displayed by every person connected with the bank towards everyone who steps into the downtown lobby or the branch on Sutton Rd.

Quite a Fellow Is Perry



During the United Saving Bank's annual meeting, a tribute to retiring boardman Perry Satterthwaite was read.

Written by a fellow board member, J. J. Walper, it touched a lot of bases — all true and to the point:

"Perry is a man whose stature is unequaled in the community, a man who has a friend in every shop on Main Street, who has given unselfishly of his time and energy to his bank for a quarter of a century.

"A man who gives of himself unrelentingly to his community and church, who knows the true meaning of charity.

"A man whose mind is as agile as his step."

Few people would ever guess that Perry is 74. He is stepping down as a bank boardman because of a by-law that does not allow service beyond age 75.

But he'll continue to run Hayden Fuel & Supply as always, keep his noon-time game of pool at the Tecumseh Club and when the weather breaks, get out his tennis racquet for early morning outings with other Tecumseh net enthusiasts — many half his age.

Over the years, Perry has served on City Council, the school board and Chamber of Commerce board, to name just a few of his contributions.

May There Be More

"Remove all needless divisions and take away the spirit of rivalry and jealousy. Rebuke all our uncharitable judgments of one another and unite us all in Your work. Bless all who love the Lord Jesus Christ, by whatever name they are called; guide them into closer fellowship with You."

Portion of one prayer in Joint Christian Unity Service.

A revolution in the world of religion is going on, as last week's service for Christian unity in Tecumseh helped to prove.

Various faiths are making a valiant effort to get together. Emphasis is being placed on the many similar beliefs and traditions, not the differences.

As local Christians from different congregations prayed and sang together, an electric feeling was generated at the interfaith gathering last week. This is the way Christ must look at his people — as one body. Someday, complete union could well happen. Gatherings like the one co-sponsored by five Tecumseh congregations will be what make this an eventual reality.

In itself, seeing clergy of different faiths seated together in the sanctuary did an enormous amount to help laymen understand what Christian Unity can mean.

Best of all, were the enthusiastic comments made following the service during the coffee hour. Many started, "Now the next time we do this . . ."

And we hope there will be more.

Like When Bowers Trod Florida Links

TO THE EDITORS:

Am sorry that I had not sent payment for the subscription to the Herald sooner.

Have thought at times that there are so few names mentioned of people I know anymore, but then along comes an issue telling of the travels of some of the Tecumsehites!

Like Bob Bowers — right in Clearwater and played golf at East Bay Country Club in Largo and we didn't even know he was near.

Sometimes I wish every one in Tecumseh had our phone number, so we could be contacted when these travelers are in the area.

The Herald is a wonderful paper, we enjoy all the pictures as well as the other features. You deserve all the awards that come to you!

Wants To Be Member of Team Raiding Seekay

TO THE EDITORS:

I'm writing and mailing this pronto in order to get in the head of the line which you apparently find yourself directing; I'm only plagued by the fact that I have six brothers, five of them judges and the sixth a lawyer and their concern for the real danger to your Operation Seekay.

But I'm for risking it anyhow.

Put me on your list.

I've sent a copy of the paper to the CKLW radio station just to warn them. (and my brothers, too).

Sincerely,
R. D. Coak, M. D.

Mrs. Rentschler Says Her Piece on that $50,000

TO THE EDITORS:

Am I going to be the only one to speak out on the Board of Education's recent action of spending $50,000 of the taxpayers' money directly or indirectly as a bonus (?) to the school employees? as you know by this time, I am not a silent American.

Last June the Board of Education needed money so desperately and now in six months' time it has $50,000 or more surplus to spend. Is it any wonder that some of us consider this an act of broken confidence?

Maybe it is time for us to visit the meetings of the Board of Education regularly to get a better interpretation of their receipts and disbursements and problems in general.

First hand information is always best. I fear that there is some double talk in this game somewhere. What if TEA disapproves? Then where does the money go?

You say that the teachers are taxpayers indirectly, if not directly. That I grant you and it is one reason why I am expressing my thoughts in the matter.

In reality it is costing them less than it is the rest of us, Senior Citizens or otherwise. Figure it out for yourselves. It's an interesting subject to think about when you are relaxing in your easy chair. Suddenly you jump up in Holy Horror wondering if you will ever get a dollar for dollar value.

Instead of fretting about $50,000 plus, perhaps I had better use my energy to drag my new brown paper garbage sack to the front porch or hang it on a tree out in front where the truck driver can see it.

Haven't heard whether this decor idea's included in Lady Bird's beautification program or not. By the way I have a brown bag for the Goodwill Industries tomorrow also out in front. What if they get mixed up? Oh well, I won't be at home.

This is one of those days that crotchety Senior Citizens have and you will, too, someday.

Tribute to Work Done in 1909

TO THE EDITORS:

I would like to pay tribute to one of Tecumseh's good workmen. On W. Pottawatamie St. in front of No. 511, there are 27 consecutive blocks of sidewalk, in almost perfect condition, with the mark of Ed Pangle 1909.

Probably mixed by hand too.

Hoop Fan Blasts and Praises

TO THE EDITORS:

This is in regard to the recent basketball game at Tecumseh High School.

Upon entering the Blissfield game, my date excused herself momentarily and I waited in the foyer. Shortly I was approached by a man in blue uniform, who was attempting to herd the youngsters into the gym, and informed me that I was to either enter the gym or leave the building.

Upon explaining that I was waiting for someone, I was given five minutes to do one or the other. Being an alumnus of Tecumseh High School and having the assistant principal standing at the gym door watching what had just happened, I felt this was a poor showing of hospitality.

Once would be excusable, but since it had happened the week before at the Adrian game, it had gotten to be ridiculous.

As I entered the gym, I noticed the much-needed new scoreboard, but shortly found that only one of them was in operating condition. I am sure everyone realizes that this type of problem is not unusual for THS. After I noticed the position of the new scoreboard (which was the one that happened to be operating at the time) I realized that the American flag had been removed, which caused much embarrassment to the Tecumseh fans.

I'm sure it wouldn't have been too much trouble for someone in charge to carry in the flag from the cafeteria for the few moments it was needed during the playing of the National Anthem.

Mind you, I'm not entirely filled with gripes. I think the new programs, put out by the Tecumseh Fan Club, are quite an improvement over the ones of the past.

The "Chief's Feather" provides an interesting summary of the previous game and I'm curious to know who the anonymous writer is of the feature article of that night's game. The one on last week's Blissfield game was superb.

I would also like to compliment Ed Fortin and Dick Lackey, of WLEN radio, for their outstanding commentaries of Tecumseh games. If you are unable to attend the games, you can still catch the action from our Indian broadcasters.

I'm sure I'm speaking for many Indian fans in writing this letter. I hope those concerned will take heed!

An Indian Fan.

Some Teens Aren't Happy

TO THE EDITORS:

While you are certainly entitled to your views of the younger generation, we would like to express our disapproval of your "call to arms," in Long and Short of Jan. 19.

We don't believe, or rather we hope, that you don't have the same views of today's young people as you do of the radio station that caters their interests.

"Seekay" or CKLW plays to teenagers primarily, but it is surprising to find that many of the "oldsters" also listen in, although they may not readily admit it.

Teenagers enjoy this type of music just as much as Mom and Dad enjoyed their music in the "old days".

This long-standing argument will probably never be resolved, but our music and dances are hardly any more outlandish than those of any other generation, and we think that most people will agree with us.

In summation, then, we rise to your challenge and counter-attack. We would advise your guerilla force to be in shape and on guard because a few million adolescents can throw up a pretty good defense around our home base.

CKLW FOREVER!

Protestingly yours,

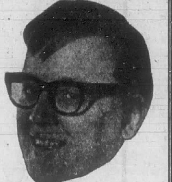
Through My Window



COLD FEET

One of our old laws concerning winter is proving itself again — thank goodness. Come winter and snow, come cardinals to the yard and feeders. So far this season there has been quite a bit of snow and I'm happy to report that there also has been quite a bit of good cardinal watching.

The red beauties are "sticking to the rules and following the books" to a surprising degree. I wonder which of our four cardinals will tire of being a conformist and kick over the "traces".

Such actions are always fun to watch, but until it happens, I'm perfectly happy looking at them do the ordinary, the everyday, the typical cardinal-type things.

★

CARDINALS START their days early and apparently they start their days hungry, too. No breakfast-skippers in this family.

Long before it is light enough to distinguish color, we can often look out and see Papa Cardinal on the near-by feeder.

His silhouette is unmistakable — round, plump body, stout bill, sharply-pointed and erect topknot — even my half-asleep eyes recognize him.

As the daylight slowly overcomes the darkness and I win my battle to wake up, it is nice to look out and see the cardinal munching on sunflower seeds.

He seems not a bit affected by the rat-race of everyday living that most of us find ourselves embroiled in, he merely picks up one seed after another — such peace and quiet dignity.

★

LATER IN THE day there seem to be many things which need his attention. There are at least four cardinals around, two males and two females.

They flit from yard to yard, visiting Dorothy, Gertrude,M. & D. as well as the Duncans.

Of course, I have always maintained that one of the most strikingly beautiful things we see through the window is a brilliant male cardinal standing in fresh-fallen snow.

It is a sight which never fails to thrill. And about here I should go into a discussion of birds, cardinals or any birds, standing in the snow and wondering about them getting cold feet. The Readers Digest, however, stole my thunder.

★

A BIRD'S FOOT is not sensitive to cold, nor heat either as far as that goes. The cell structure in the tissues of the foot is similar to that of our hair and fingernails and therefore there is no feeling.

All of this was explained in a beautiful article, so warm and touching, in the Christmas issue of National Wildlife.

I imagine about half of the "Her world" subscribes to this fine magazine, but even so, I was hoarding ideas.

Yesterday, however, while trying to catch up on some back reading, I glanced through the December Reader's Digest and there was the same story, Jean George's "Long Night of The Snowbird".

Bang, one good idea for an article blew sky high. I can "steal" ideas from one current magazine but certainly not from two.

★

OK, I SHALL get back to our own cardinals. The pairing up and staking out of territorial claims has not yet started.

The four birds move about in a loosly-knit group, the males are not yet courting and — oh oh, I just looked out the windaw and there are five male cardinals and three females "making the scene". This may be the beginning of something.

So it is that the cardinal action is on the rise and just think, we can watch them wade in the snow and never worry about cold feet.

'66 Area Payroll Reaches Record $43,460,690

Annual payroll for the Tecumseh area took another healthy jump during 1966. The Herald's yearly survey shows major employers paid out $43,460,690 to 6,352 workers.

This compares to 1965 when $37,141,110 was earned by 6,269 — a jump of more than $6 million in salaries.

Tecumseh Products Co. continued in 1966 to be the area's biggest employer with 3,475 people there, being paid $27,852,927.

Ten years ago, The Herald's industrial payroll hit the $24 million mark, although this figure probably did not include every major employer as in the present tabulation — plants, schools, hospitals, retail outlets.

In providing payroll data various executives included comments:

"Real good year and 1967 should be better than 1966," said Pat Meadows, president of the United Savings Bank.

"Expect a good year and we will participate in the normal growth of our industry. Expansion plans here or elsewhere are under consideration now," reported Fred Atwood, president of Tecumseh Corrugated Box Co.

"Patient days declined from 1965," stated Herrick Memorial Hospital administrator William Groover. "I expect a slight increase in 1967."

Al Merz of Tecumseh Equipment said, "Could have used more employes. Still need more help for 1967 so I hope our payroll will be more than it was last year."

"If 1967 is as good as 1966, we will be more than happy," noted Harvey Wilson of Wilson Motor Sales.

From postmaster Jack Metcalf comes the comment, "Receipts for 1966 were $165,000, approximately 8% over '65. Mail volume was about 10% higher. This will continue to increase."

Reporting for the Tecumseh School System, Norval Bovee, business manager and assistant superintendent, predicted operating expenses in the coming year will jump $200,000 over the 1966 figure of $1,184,427.69.

"Operations in 1966 were quite satisfactory," reported Ralph Comfort of Comfort Brick & Tile Co. "We hope this year will be as good as last."

Vescio's Country Market's "business for 1966 showed an increase over 1965." Sales will probably continue to go up, a spokesman for the firm added.

A Meyers Industries, Inc., representative said, "Looks like it may be the best year yet for our boat department."

Long and Short

By TOM RIORDAN

If you want to get elected to public office, take a few tips from Bob Teeter, a one-time Adrian College coach who got into politics a few years back.

His desk now is at Market Opinion Research in Detroit, a firm which devotes much of its efforts to finding out how people think about candidates and vote.

Bob's first tip is to ask people for their vote.

Based on scientific findings, Bob reports that 75% of the people support candidates because someone asked them to — either the office-seekers themselves or friends pushing for them.

Just that simple.

In post-election surveys, people will be questioned about a certain candidate and asked if they voted for him. Many respond, "No, he never asked me to."

That's why campaign managers grow gray when their tigers give talks at rallies and never request people attending for their votes.

★

MR. TEETER explains that since 1960, the United States has been witness to a complete change in the realm of electing office-holders.

First of all, the era of the straight-ticket voter is dead.

Neither major party can depend on its followers going "right across the board."

Organized labor has been finding this out the hard way.

Scientific methods have made tremendous inroads in campaigning. Computors are put to work to produce all sorts of instant information. For example, if there is to be a mailing to doctors in one state, in go punch cards and out come a stack — all the MD's.

This can hold for many other groups, which might be swayed to vote for someone based on his attitude towards things they'd like to have done — or not done — by government.

Candidates lean heavily on information obtained by such firm's as Market Opinion Research to find out changes in attitudes of voters, what the issues are and to whom the hopeful should be talking.

To win a race, a politician must spread his time carefully and has to know where to go and whom he can turn in his direction.

Bob says it's silly to keep beating the drums among party faithful. They're normally in the bag. Equally as wasteful is to hammer at diehards on the other side who can't be changed.

With ticket-splitting so common these days, a candidate is advised to hit the big middle

Haute Couture Techniques Will Be Shown

The techniques of haute couture fashion will be explained by the owners of Exclusives EvelDean in a program, "Fashions Presented" sponsored by the Women's Association of the Presbyterian Church.

The event will be held in the church, Friday, Feb. 13, at 8 p.m. Reservations are to be made at the church or at Don's Beef Buffet by Feb. 8.

The program will open with the serving of dessert.

Original ensembles by the EvelDean salon will be displayed and Evel Garrido and Dean Heimerdinger will discuss informally the techniques of their enterprise, including the unique construction and fitting features.

Mrs. C. L. Cook, chairman for the program, announced that those who wish to play cards after the program may do so by arranging for their own foursome and bringing their own cards. Members of the Hospital Auxiliary who wish to play off their contest game there may do so, she said.

Thomas Co. Gets Federal Funds for Job Training

CLINTON — Manpower Development and Training Act funds of $9,244 will be provided to the Thomas Company, Inc., for instruction expenses and other training costs.

Training in several different occupations in courses lasting from 12 to 25 weeks will be offered to 23 workers.

Approximately $32,156 in wages will be paid the workers by the company while they are in the on-the-job training program.

Occupations for which Thomas Company will train the workers are: tool and die makers, 4; machinists, 2; machine operator, 1; clerk-stenographers, 2; drill press operators, 2; turret lathe operators, 6; tracer operators, 2; and OD-ID grinder operators, 4.

Employers under the training contracts pay wages to the trainees for all productive work. About 94% of the persons completing the course have been hired by the employer giving the training.

ONE GOOD THING — With every wintry storm, there usually is a silver lining, like last weekend's exceptional sledding on lawns and farm lands throughout the area following the Big Blast. Getting their jollies Sunday on the icy crust over a corn field along Occidental Hwy., were a dad, his offspring and the family dog.

Bob Gillespie in Spotlight

Frank Sperti, of Battle Creek, American Legion state vice-commander, will be speaker at the recognition dinner for Robert Gillespie.

The affair is Saturday at 7 p.m. in the Underwood-Orr Post.

Mr. Gillespie is being honored for his work as service officer for the post for the past 18 years.

Carl Luegge is chairman of the event.

Tom Riordan, co-publisher of The Herald, will be the master of ceremonies.

Commander Charles Houghtby will introduce post officers and there will be remarks from department officers:

Second District Field Service Officer Ed Steele,

Department Service Officer Leo Legget.

Adjutant Thomas Kouri.

Comdr. Edwin J. Schuitema.

The Rev. Blair Bashore will give the invocation.

Reservations must be made by Friday at noon so that preparations may be made for the dinner.

Dancing to live music will climax the evening's entertainment.

Tickets are available at the Post Home or from members.

MUSICAL COMEDY COMING

New Talent Spices Show

By LORI EGLI

New talent and faces, balanced by well-known local talent, promises to make the Tecumseh Players' forthcoming musical, "Annie Get Your Gun," a memorable treat.

Tickets are $2.50 and available at Wright's Drugs, Gambles and Flanders Music Store.

One of the newcomers is Bud Johnson, who has the lead as Frank Butler, the sharpshooter with Buffalo Bill's circus.

Bud, who is the Players' newest "find" is originally from Chelsea. He still runs his own tool shop in Chelsea, but now makes his home in Tecumseh.

Although engineering is his prime interest, he's always enjoyed singing. When he went to high school in Chelsea, he took part in their operettas.

Later, Bud sang with the Army's Special Services show in Tokyo. Married and the proud father of three girls, he's again taking time to enjoy one of his favorite pastimes, singing.

★

ANNIE IS being portrayed by Peg Geiger — Mrs. Donald Geiger — a talented singer and actress. In the past she has had the lead in "Male Animal", "Firefly", and "Bye, Bye Birdie", for which she received the best actress award at Clark Lake.

When not acting or singing, Peg teaches vocal music full time in the Clinton school system.

Little theatre regulars will remember her for her outstanding performance as Adelaide in "Guys and Dolls", last year's musical presented by the Tecumseh Players.

Her range of songs will include the peppy, sometimes boisterous "Doin' What Comes Naturally" to the soft, lovely, "Lost in His Arms".

★

OTHER TALENTS to watch for are Bertha — Mrs. Louis Page — as Dolly Taite, Dr. Bob Murray as Charley, Ted Broderick as Buffalo Bill and Duane Steele as Sitting Bull.

Mrs. Page will be a familiar face for those who enjoyed the first productions of the Tecumseh Players. She gave noteworthy performances as Lorraine in "The Man Who Came to Dinner", and Alvira in Blithe Spirit".

Just this past year she has returned to Tecumseh and once again will brighten the Players' stage.

Dr. Murray is another familiar face to the regular little theatre goers. He will be remembered for his performance as "Brock" in Born Yesterday", as well as the parts he had in "The Man Who Came to Dinner", "You Can't Take It With You", and "Charley's Aunt".

His latest performance was that of Bob McKellaway in "Mary, Mary". In "Annie" Bob will appear as Charley, the circus promotion man.

★

A NEW FACE to the Tecumseh Players' stage is Ted Broderick. Ted is cast as Buffalo Bill, the owner of the circus for which Frank Butler works.

Those who attended the Tecumseh Players' Fall Get-Acquainted Party saw him as Richard Blair, the misused brother of the heroine in the one act, "Curse You, Jack Dalton".

Duane Steele, a Tecumseh Players' "regular", will portray Sitting Bull, the Indian who adopts Annie into the Sioux Indian tribe.

Duane has performed in a variety of roles for the Players. He had the lead part of Sheridan Whiteside in "The Man Who Came to Dinner"; took the part of the discus thrower in "You Can't Take It With You", and most recently showed his talents as Abernathy in "Guys and Dolls".

★

"ANNIE" PLAYS Feb. 16, 17, 18, 23, 24, 25 and March 2, 3, 4, at the Community Center in Tecumseh.

MILTON E. BAILEY

H. W. Tuttle Co. Names Milt Bailey Sales Manager

H. W. Tuttle & Co., manufacturers of electric heating elements, electric duc heaters and compressor crankcase heaters, announce the appointment of Milton E. Bailey as general sales manager.

Announcement was made at Tuttle's national sales meeting in Detroit Sunday, prior to the opening of the Heating & Air Conditioning exposition.

Mr. Bailey will be in charge of all sales of the company including both OEM and wholesaler-distributor.

Prior to his appointment, Mr. Bailey was the sales representative since 1952 for the company for the states of Michigan, Ohio, Indiana, Kentucky and part of Pennsylvania, with his office at the plant.

Mr. Bailey makes his home with his wife on a farm near Adrian, where he raises horses and fruit as a hobby.

Herald Wins Contest First

Three citations were awarded The Herald in the 1966 Michigan Weekly Newspaper Contest.

► First place for Ad Idea of the Year in the circulation category of more than 4,000. This was the full-page picture ad announcing the opening of Exclusives EvelDean.

► Second place in use of pictures.

► Honorable mention in news coverage.

This year, with another jump in circulation, The Herald competed against the state's largest weeklies, outside the suburban areas.

Winning papers were announced during the Michigan Press Association annual convention Friday, but due to the snow storm, no Herald representative was able to be on hand.

'Woman of Year' Laurels Awarded to Claire Helms

Candidates for the Outstanding Young Woman Award were honored guests at a dinner meeting held Jan. 25 by the Jaycee Auxiliary at the Grange Hall.

MRS. DYKE HELMS

Mrs. Dyke Helms was announced the winner after qualifications of all of the runners-up were read by Mrs. John Day.

Other candidates were Mrs. Roger Butler, Mrs. Robert D. Moore, Mrs. Franklin Schroeder and Mrs. William Steele.

Mrs. Walter Elwartowski, president, read a communication which will be sent to the judges of the state contest telling why the Auxiliary selected Mrs. Helms as a candidate.

It read in part — "Besides her active interest in community life, Claire projects a warm feeling toward people. Her personality is one of giving and not looking for a reward in return.

"Claire is a gal who delves into anything where she is needed. She takes on the job that others call 'dirty'.

"She gives of her whole self," read the president after an extensive list of attainments of Mrs. Helm.

"Yet, with all these activities, she still has time for her family, mostly because she includes them in her activities. Her children help with little things and she doesn't neglect her husband either.

"They work together like bread and butter, cream and sugar, in fact the whole Helm family could qualify for this award. Claire can fit into 24 hours what some people can't get done in 36 or 48.

"Claire never expects recognition for herself, in fact she is usually embarrassed when anyone mentions her activities. We think she is tops and whatever happens in the contest, we are glad to have Claire as our friend," concluded Mrs. Elwartowski.

★

JUDGES for the local contest, Mrs. Harold Easton, Mrs. William Flanders, Mrs. Don Porteous and Mrs. C. Ray Puffer, proclaimed it a difficult task to select from the eligible candidates.

Mrs. Butler was sponsored as candidate by the Tecumseh Acres PTA — Mrs. Moore by the Herrick Part PTA — Mrs. Schroeder by the Child Study Club and Mrs. Steele by the Welcome Wagon Club.

Mrs. Helm was presented a framed certificate and a charm for her bracelet from the Auxiliary.

Other guests at the meeting were Mrs. Richard Chatters, Mrs. Richard Fielder and Mrs. Lyle Grigg.

★

MRS. H. H. HANNA was the guest speaker, telling of her work as director of the Tecumseh Protective Service.

She enlisted aid of the organization as a whole as well as individuals in helping with the program, stating that many children in the county need to feel a part of a family group even for an evening or a weekend.

During the business meeting, letters were read from servicemen who had received Christmas cards from the Auxiliary.

The group is continuing a project of sending canceled postage stamps to St. Mary's Academy in Monroe for mission work.

Small world again. It seems that children of **Mrs. Warren Steurer** of Fullerton, Calif., attend the Fullerton High School where **Donald Oseid**, recently honored as teacher of the year and husband of the former **Jane Hanna,** is a teacher. Mrs. Steurer was formerly **Mary Wright. Bill Wright** of Wright's Pharmacy is her brother.

✓

Lloyd (Tiny) Stites from the **VFW** was crowned **Big Chief** at the final performance of the **Jaycee Follies.** Runner-up was **Charles Houghtby** of the American Legion. The contest netted $113.

Mrs. Robert Bowers found five mistakes in the Follies program, was awarded $5.

✓

The old **Black Squirrel** has turned up again — climbing a tree at the corner of W. Logan and N. Maiden Lane Feb. 1.

✓

The engagement announcement of **Carolyn Vaughn** to **Robert A. Comfort** omitted the name of Ralph's parents, **Mr. and Mrs. Ralph Comfort** of 6408 Rogers Hwy.

✓

The name of **Mrs. Robert Stone** was omitted from the list of women who modeled their own apparel at the **Evel-Dean** fashion show at Albion recently. Mrs. Stone wore an emerald green jacket-dress ensemble which drew much applause.

✓

Undaunted by the Big Snow, **Jill and Jerry Kapnick** left from their home and his Air Force Base in the Upper Peninsula and drove through Lansing at the heighth of the storm Friday — pulling a trailer, no less. At most freeway underpasses, the car and trailer had to go out the exit ramp and back down to the highway on the other side. Jerry reported thousands of cars abandoned along the way.

✓

Like everything else in Texas, the Tecumseh spelling goof is BIG . . . **Terry Keith** received a card from a photo studio in San Antonio addressed to him in **"Tauinsele".**

✓

Everyone has heard the term "parts per million" in connection with measuring residue of pesticides.

The small quantity can be measured by comparing:

1 ounce of sand in 31¼ tons of cement.
1 inch to 16 miles.
A 1-gram needle in 1-ton haystack.
1 minute in 1.9 years.
1 ounce of dye in 7,530 gallons of water.

✓

A tip of the hat to the **Tecumseh Police Department** for all the good deeds they performed as a result of the recent heavy snowstorm. One instance was last Sunday when **St. Elizabeth** parishioners were bogged down for blocks with traffic parked on both sides of N. Union St., with only one lane open. An officer took over, directing traffic until the confusion was eliminated.

✓

Daniel Webster once said, "When tillage begins, other arts follow. The farmers, therefore, are the founders of civilization."

March of Dimes Drive Scheduled Locally for Feb. 6

Mrs. Norman Sisty, co-chairman of the March of Dimes Drive, announced Tuesday that the campaign had been rescheduled for Feb. 6, but if weather at that time remained inclement, the local marchers would cooperate with the date set by the Adrian office.

Mrs. Arnold Hoffman is co-chairman of the event from the American Legion Auxiliary.

Volunteers will meet at the VFW Post Home at 6:30 Monday evening.

group — and his research people can tell him where they are.

Issues count plenty, too, and the fellow running must know the important ones and have some concrete statements to make about them. (Are you listening, George?)

★

THE BEST WAY to get a vote, says Bob, is a one-on-one situation when the candidate personally asks a person to click the lever over his name.

That's also the most time-consuming.

Next best, is a candidate talking to a group — and requesting support.

Then comes one person, who supports a certain man, suggesting to friends and neighbors that they vote for the fellow.

Lastly are the exhorting via newspaper ads, direct mail, radio and TV.

Running a campaign is expensive. Last fall in Michigan's five "swing" Congressional Districts — including this one — between $80,000 and $100,000 was spent in each.

Through the state, $4½ million was eaten up in primary and general election costs.

Bob thinks every citizen who believes in the two-party system should be contributing to one or the other — either money or volunteer services.

The engagement of Sue Ann Hammack to James A. Kirk is being announced by her mother, Mrs. Carol Hammack, 410 W. Brown St. Miss Hammack's father was the late Ernest F. Hammack. Mr. Kirk is the son of Mr. and Mrs. Ray Kirk, 603 N. Union St. The bride-elect is a 1965 graduate of Tecumseh High School and Cleary College of Ypsilanti. She is a Federal employee at the Bureau of Outdoor Recreation in Ann Arbor. Mr. Kirk graduated from Tecumseh High School in 1965 and the Professional Barber School in Detroit and is now barbering in Ypsilanti. A fall wedding is planned.

Tom Fagan Is Speaker at Kiwanis

Thomas Fagan, head football coach at Tecumseh High School, spoke at the Kiwanis Club meeting, discussing the current status and future outlook of league and school athletics.

An explanation was given of the 1967 and 1968 schedules in league sports, followed by a discussion explaining the offense and defense patterns employed in THS football as well as the influence of athletics on the student's over-all academic progress with the incentive which sports can provide.

Mr. Fagan also showed a film of the 1966 Tecumseh-Detroit Lutheran West football game. Accompanying Mr. Fagan was Henry Mensing, a linebacker and guard for Tecumseh.

William Lent of the Adrian Kiwanis Club was a guest.

This week's program will be based on Budd Company of Clinton. Arrangements have been made by William Brandstadt to have William Kroeger, personnel manager, and Richard Tarske, plant manager, as guests.

Lenten Services Planned at St. Peter's Church

"The Facing of Man's Need for Penitence in his Personal and Community Life" will be the theme of the Feb. 8 Ash Wednesday services at St. Peter's Episcopal Church.

Services will be at 11:45 a.m. for junior and senior high school students. At 12:05 p.m. Holy Communion will be celebrated followed by a light luncheon in the Parish Hall.

Evensong and the Penitential Office will be sung at 8 p.m. by the choir in the Church under the direction of Ennis Fruhauf, organist and choir director.

The ashes of burned palms from last year's Palm Sunday services will be blessed and distributed at all the services.

Sunday services throughout Lent will be 8 a.m. Holy Communion and 10 a.m. Morning Prayer and Parish Communion. Guest preachers will be announced for several of the Lenten Sundays.

The Pit Is Unsafe

The Pit is not safe for ice skating, Don Moffatt announced Monday.

Only a thin coating of ice covers the water which is 27 feet deep.

John P. Sussex, son of Mr. and Mrs. John S. Sussex of Tipton, was promoted Nov. 20 to the rank of Sergeant E 5. Sgt. Sussex enlisted in the army Feb. 5, 1964. He served 13 months in Korea as a military police investigator for the 7th Infantry Divisional Provost Marshal's Office at Camp Casey. On returning to the states he married Shirley Kotts and is presently stationed in Washington, D. C.

Guest Sermon Will Be Given to Methodists

"The Beliefs of Today's Christians" will be the theme for the sermon by the Rev. Ted Townsend, associate pastor of the West Side Methodist Church in Ann Arbor, Sunday at the Tecumseh Methodist Church.

The Rev. Townsend, who has spoken here twice before, will conduct the worship service in the absence of the Rev. Donald Porteous, who is vacationing with his wife.

Study Group Discusses Instructions

The kinds of lessons desired for the years 1967 and '68 were the topic of discussion at the meeting of the Northeast Tecumseh Extension Study Group last Tuesday evening.

Mrs. Ellsworth Robison was the hostess for nine members who answered the roll call, "What We Learned From Our Lesson."

The lesson, "Who Is Responsible?" was presented by Mrs. Wilbur Boyce.

The next meeting will be held at the home of Mrs. George Dinius of Bilmyer Hwy.

One Hurt

Only one of eight accidents investigated by Tecumseh police during the past week involved personal injury.

Tuesday, Gale W. Hooton, 54, of 110 S. Division St., and Larry Merx, 19, of 716 Occidental Rd., collided in the intersection of N. Evans and Logan St.

Merx and his passenger, Kay E. Becker, 19, Tipton, Hwy., were taken to Herrick Hospital for treatment of minor injuries. Hooton suffered a bruised arm.

A resume of the other mishaps is:

Jan. 25 — Kenneth C. Emery, 19, Onsted, was cited for failure [illegible] right of way colliding with Charles W. Brown, 47, of 703 S. Pearl St. It occurred at S. Pearl and Kilbuck.

Jan. 26 — Lois O. Withrow, 28, of 5023 Green Hwy., was charged with improper backing after hitting Harold F. Tidwell, 35, Adrian. She was backing from Meadows Country Market, corner of Occidental and Russell Rds.

Jan. 28 — Harold D. Hicks, 47, of 714 S. Union and Eldeen F. Creger, 53, Adrian, bumped on E. Chicago Blvd. The Adrian driver was cited with failure to yield right of way.

Jan. 29 — Harvey Carpenter, owner of Harvey House Motel, reported a guest's car damaged. Owner was John F. Gettelfinger, Cincinnati.

Jan. 31 — John W. Moody, 18, of 302 W. Pottawatamie, lost control of his car on W. Pottawatamie St., and hit a tree.

Jan. 31 — Ella L. Cook, 39, of 401 Seneca, struck a snow bank on Brown St. and lost control of her car. She in turn was hit by Sadie M. Peterson, 40, of 620 N. Union.

Jan. 30 — Elwood E. Fairbanks, 49, Britton and Albert E. Dusseau, 24, Dundee, bumped in the Tecumseh Products parking lot.

The engagement of Beverly Lorenz to David French is announced by her parents, Mr. and Mrs. Herbert Lorenz of 503 Russell Rd. Mr. French is the son of Mr. and Mrs. Allen French of Onsted. A fall wedding is planned.

You Told Us

By DOROTHY GRIGG
Herald Society Editor

Perhaps the human race can be likened to the little animals, maybe not, but it's doubtful that the small ground hog can break through that snowy crust to see his shadow Thursday even if the sun does shine. Six more weeks of winter.

Certainly the rabbits, pheasants, quail, squirrel and other forrest folk besides the deer are having a tough time of it this winter.

Many of them will die and our guys are dying in Vietnam, too, but I don't think this is God's way of leveling off the population explosion, do you?

● DAVID L. LOWERY

Services were held Monday in Adrian for David L. (Vern) Lowery, 72, of Adrian, who died Friday of a heart attack while shoveling snow at his home.

Born May 19, 1894, in Tecumseh Township, he was graduated from Tecumseh High School, and served in World War I.

Mr. Lowery was baptized in the Presbyterian Church. He was a member of the Underwood-Orr Post American Legion, and a charter member of the Annis-Fint Post VFW, Adrian.

He was employed 18 years by the City of Adrian before his retirement.

He is survived by his wife, the former Edwinna D. Van Sickle; three stepsons, Richard Van Sickle of Roselle, Ill., Edward Van Sickle of Adrian; one stepdaughter, Mrs. John Turczia of Clayton; 12 step-grandchildren and one great-step-grandchild.

One sister also survives, Anna Lowery, 501 W. Logan St.

Mr. Lowery was preceded in death by six brothers, Tom, William, James, Adam and Robert, and one in infancy.

A sister, Mrs. Charles Frost, also preceded him in death.

The Rev. Blair Bashore officiated and burial was in the Fairfield Cemetery.

● MRS. JOHN TURK

Services were held Wednesday at St. Dominic's Church, Clinton, for Mrs. John Turk, 83, of Clinton, who died at Herrick Memorial Hospital Monday where she had been a patient since Jan. 13.

She had been in failing health for several years.

Mrs. Turk was born Jan. 1, 1884, in Saginaw County and married Hugo Scholz July 13, 1903. He died June 14, 1933.

She married Mr. Turk, a Clinton barbershop owner of many years, Nov. 22, 1938.

Mrs. Turk was a member of St. Dominic's Catholic Church.

In addition to her husband, she is survived by two step-children, Mrs. Donald Tisdale of Anaheim, Calif., and Leroy J. Turk of West Dearborn; a stepgrandson, Richard Merriam of Clinton, and two brothers, Henry Conrad of Goodell, and Abe Conrad of Lapeer.

Five sisters preceded her in death.

The Rev. Fr. Joseph Noelke officiated and burial was in the parish cemetery. Arrangements were made by the Proctor Funeral Home.

● ULYS M. BOLTON

Services were held Monday in Monroe for Ulys Bolton, formerly of the Clinton and Britton area, who died Jan. 25 at Holland.

He was formerly employed at the Clinton Engines Corp., and his wife, Irene, who survives, worked at the Race Track Inn while they lived in this area.

Born July 22, 1914, in Kentucky, he came with his family to Monroe while yet an infant.

The Boltons left here about 10 years ago and have made their home in Holland the past eight years.

He served in the U. S. Navy during World War II.

Other survivors include his mother, Mrs. Elmer Bolton of Monroe, four brothers, one sister, three step-daughters, two stepsons and 15 grandchildren.

Burial was in Roselawn Memorial Park Cemetery, LaSalle.

Tickets Sell in Advance for Dinner

Tickets for the unusual smorgasbord Feb. 11 being prepared and sponsored by the Senior High Youth Fellowship of the Tecumseh Methodist Church are on sale.

The cost of $1.75 for adults and 75c for children will entitle the holder to try the three main protein courses and the many tasty and varied side dishes and desserts.

Tickets are available on an advanced sale basis only from Mrs. Erwin Buss, 3-4515, Mrs. Robert Meads, 3-3064, or any of the MYF members. Ticket deadline is Feb. 9.

Serving times arranged are: 5-6 p.m.; 6-7 p.m.; and 7-8 p.m.

Profits from this special effort will go into the growing missionary project fund which will enable the youth and their sponsors, Mr. and Mrs. Robert Meads, to go on a work trip this summer.

READERS WRITE

TO THE EDITORS:

To the editors, their employees, and to the Tecumseh merchants that made our "Free Weekend" possible, may my wife and I say "Thank You".

We had a wonderful time in the big city of Detroit. The accommodations at the Pick Fort Shelby were of the best, one large bedroom, living room and believe it or not, two bathrooms.

We enjoyed the show and dinner at the Roostertail and, of course, Frankie Laine was at his best. Wes Harrison and his sound effects could not have been better.

Once again, thanks a million.
Jack and Mary Hanna.

5 from Chamber Meet in Adrian

Five members of the Tecumseh Chamber of Commerce met last week at Adrian College with officials of other Chambers throughout the county.

Discussion included a new county brochure, proposed new medical care building, proposed Adrian-county building and progress on River Raisin watershed development.

Attending from Tecumseh were Karl Schneider, Jack Osburn, Alton Snyder, D. J. Martin and Jim Lincoln.

Mystery Jaunt Includes Hayride for Power Class

A busload of 30 men and women members of the Power Class of the Friends Church enjoyed a hilarious mystery ride Saturday night.

The evening's activities were master-minded by a committee composed of Joseph Hayden, Mrs. Larry Burch and Mrs. Ernest Hammack.

Blindfolded for the entire jaunt about the country side, lasting about an hour, the passengers were unloaded at an intersection north of Clinton and put on a hay wagon.

The hayride ended at the home of Mr. and Mrs. Donald Baker at 14146 Allen Rd., Clinton, where blindfolds were removed.

Homemade ice cream was the treat of the evening, topped off with a handsome birthday cake in honor of the Rev. Paul Brantingham.

7th, 8th Post Perfect Marks under Coaches Poley, Todd

So far, so good.

How good? Try "perfect" on for size.

Tecumseh's Junior High cagers have played six games thus far.

Coach Dermont Poley's seventh grade team and Coach Ted Todd's eighth graders have yet to taste defeat.

Latest victims were Saline and Blissfield.

Coach Poley's boys blitzed Saline, 34-24, and bombed Blissfield, 38-24.

Coach Todd's lads set a team record, if not a school record, blowing Saline off its home court, 61-23.

With Blissfield, they romped to an easy 50-33 victory.

★

ACCORDING TO Coach Poley, his team did not play particularly good ball against Saline. Ball handling errors abounded and their press proved bothersome.

This accounted for the rather low halftime score of 16-14, with Tecumseh on the long end.

The game was blown wide open in the third period as Tecumseh slapped a press on Saline causing the Little Hornets to fall apart. Tecumseh outscored Saline by a 10-point margin in this quarter.

Accounting for 13 of the 16 Tecumseh points in the period were John Curth with 5, while Randy Macham and Ric Bunch chipped in 4 apiece.

Macham took game honors with 10 points.

Against Blissfield, the starting five in particular, played their best game of the season, both offensively and defensively.

Tecumseh held a commanding 19-point lead at the midway mark, 29-10.

John Curth led the attack, scoring 16 points in the two periods. Most of his points came from driving layups down the lane.

The entire team simply out-hustled and out-rebounded their Blissfield rivals as Tecumseh held the Little Royals to two buckets throughout the first half.

Curth led both squads with 17 points.

★

COACH TODD'S cagers really had a field day against Saline. They parlayed a zone defense and a pattern offense into a 61-23 rout.

Tecumseh jumped off to a fast start and outscored Saline in every period.

"It was a good game for us. The boys worked their plays and passed well," said Coach Todd.

Gary Hannibal and Bob Pettit controlled the boards, while Craig Smith, Hannibal, Scott Dalton and Pettit provided the bulk of the offense.

Corky Hunt got Tecumseh's final 4 points with two "swishers" from 30 feet out.

Smith and Hannibal tied for game honors with 14 points each. Dalton joined them in double figures with 12, while Pettit chipped in 9.

The Blissfield game was similar as Tecumseh jumped into a quick 8-1 lead and spent the rest of the game adding to the point spread.

The game could have been a complete rout had it not been for Tecumseh's abominable record from the free throw line. In the first half, the team could only hit 4 for 19 from the charity stripe, which is a miserable 21%.

Craig Smith was high man with 19 points. Scott Dalton also hit for double figures with 13. Fred Pagel led Blissfield with 11.

Coach Todd cited his team for good overall effort with the notable exception of a poor free throw percentage.

Redskins Win Wrestling Go with Knights

By RICK CURRIE

In a wrestling match last week, Clinton High School topped Boysville, 34-14.

Match results:

Tim Burke, (B), 120 lbs., over Frank Starks, 7-6.

Paul Deawaelsche (B) 133 lbs., pinned Bruce Gibbard.

Marvin Boht (B), 165 lbs., beat Tom Moore on points.

Dave Cotter (B), 180 lbs., beat Tom Young on points.

Doug Sparks (C), 127 lbs., beat Mike Buchanan on points.

Doug Wight (C), 138 lbs., pinned Robert Hall.

Ivan McKenna (C), 154 lbs., beat Dan Kimmel on points.

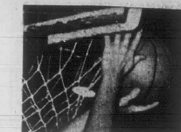
Jim Welch (C), pinned Richard Greathouse.

The accumulated points decides the team win.

Wrestling is a growing high school sport.

Clinton has had organized wrestling for a number of years now, Boysville initiated the sport this year under the supervision of Richard Chatters.

Wrestling matches are scored by point system according to what man has control, breaks and pins. Each boy wrestles in his own weight class.



Tory Hoopsters Turn on Steam for their Moms

BRITTON — Tory hoopsters turned it on Saturday night and won for their mothers.

Sand Creek Aggies fell, 59-54, at the annual Mom's Night event.

The win snapped a six-game losing streak for the Tories, who are now 3-5 in River Raisin play and 4-8 overall.

Mothers of varsity and junior varsity teams and the cheerleader's mothers were presented with corsages, then introduced at halftime ceremonies.

★

SENIOR GUARD Ray Vershum racked up 23 points to lead all scorers before fouling out with 3.35 left in the game.

Teammate Larry Ash added 12, followed by Dave Fairbanks with 9, Doug Fairbanks with 8 and Tom Schroeder with 7.

Jim Skelton did a fine job on the boards for Britton, snagging 12 rebounds.

Britton took the lead in the first quarter and was never headed. Sand Creek gave the fans some thrilling moments as the Aggies threatened in the third and fourth quarters.

Galen White was high for Sand Creek with 20 and Gary Van Norman tallied 16.

Both teams played sporadically, looking especially sharp at times, then getting careless and losing the ball on many turnovers.

★

STATISTICS show Britton hit 25 field goals out of 66 attempts for 37%, while Sand Creek could only hit 20 out of 70 for 28%.

The Tories outrebounded the Aggies, 51-33.

Sand Creek team hit 14 out of 21 free throws, while Britton connected on 9 out of 16.

On Feb. 10 they play Summerfield at Britton, and Feb. 11 travel to Deerfield for a make-up game.

Huron League Membership Up to Nine Schools

Membership in the Huron League jumped to nine Monday night when Jefferson and New Boston Huron were added to the loop.

Monroe CC was recently added to the league, comprised of Milan, Blissfield, Grosse Ile, Flat Rock, Airport and Tecumseh.

Don Brazee, Tecumseh athletic director, said the schools will play a round and a half in basketball in 1968.

The Indians will play seven league games in football, but will keep non-league opponents for opening and closing games.

Both new schools mean long trips for teams and fans. Jefferson is north of Monroe and New Boston east of Flat Rock. Both are Class B, as are all schools in the league.

In about two years, probably in the 1968-69 school year, the Indians will be Class A. Chances are they'll be dropped then from the league.

At this time, Tecumseh's opportunities of joining another league are slim. They simply will not be enough small Class A schools in the area.

'Cold' THS Bows, 73-54

Considering the elements last Friday night, Tecumseh should have stayed in town.

Coupled with their playing against the Flat Rock Rams, the Indians more or less did stay in town. FR trimmed Tecumseh rather easily, 73-54, for the Indians' third loss in Huron League action.

The loss knocked Coach Vic Lawson's club out of the running for the crown. Airport continues to lead with a 5-0 mark, a record THS can't hope to overtake.

The Rams outscored Tecumseh in every period as the Indians simply could not find the range. It was probably Tecumseh's poorest shooting of the season.

Not only couldn't the club here hit, the team also had trouble on the boards, although the Indians matched FR in height.

Dean Hebb took scoring honors for Tecumseh with 19 points. Charlie Thomas picked up 13. Rich Miracle of FR equaled Hebb's output, but three other teammates also were in double figures.

The two clubs shared wins in their only two meetings, as THS whipped the Rams here in December. In that game, Tecumseh built up a big lead, only to see it melt away in the second half before squeezing out a victory.

Flat Rock and Tecumseh are now tied in the loop, each with 3-3 records.

Boysville 5 Drops Pair

By GREG KOVACS

Boysville lost to Wayne St. Mary's, 44-47, then fell to unbeaten River Raisin League leader, Summerfield, 99-64.

During the first half of the Wayne St. Mary's game the Fighting Knights looked good.

The combination of Mike O'Dea and Sam Kirkland kept Boysville out front the whole first half with a 31-26 lead at intermission.

However, the third quarter was Boysville's doom. The Knights began to get sloppy with handling the ball and they lost the range.

St. Mary's was on top, 47-43 at the end of the period.

Boysville came within two points in the last few seconds of the game, but a deliberate foul in hopes to turn over the ball failed, St. Mary's taking the game.

★

AT SUMMERFIELD'S small gym, the Knights ran into what they hoped they wouldn't — the full court press.

The Bulldogs had control of the game with a 25-7 margin at the end of the opening period.

Only when Summerfield turned to its bench were the Knights able to roll.

Mike O'Dea led the Knights with 19 points and Gene Kwalkowski gathered 23 for the Bulldogs to make him high man.

★

THE JUNIOR varsity lost to Wayne St. Mary's, 50-52, with John Waldron high for the Junior Knights at 19 points. Against Summerfield the JVs also fell, 79-68. Henry Bell led the reserve squad with 21.

Jayvees Start Like Tigers, End Up as Kittens

Question: Can a team play 28 minutes of good basketball and still lose a 32-minute contest?

Answer. Unfortunately, yes.

Tecumseh's Little Indians learned that bitter truth, as Flat Rock's JV's stormed to a 49-44 win on a last four-minute rally.

The Little Indians shot off to a quick first period lead as Steve Dalton canned 10 of the 12 Tecumseh points.

It was a breeze into the final frame, then the roof fell in as the whole THS team seemed to press the panic button at the same time.

The Young Rams kept chewing away at a 42-32 deficit until they finally tied it at 42-all, went ahead by 2, saw it tied again at 44 apiece, then spurt once more for 5 straight points while holding the helpless Little Indians to "Zilch".

★

COACH VAL SPANGLER, at game's end, looked as though he were thinking, "I saw it and I still can't believe it!!' "As long as the boys took their time, worked their plays, and set up their rebound triangle, they were in good shape.

In these final, fatal, four, foolish minutes, they seemed to forget everything they had done correctly in the first 28 minutes," he moaned.

Only bright note to an otherwise dismal affair was the apparent re-bounding into old form of Steve Dalton, last year's high scorer of the JV squad.

Dalton led the team with 16 points. Dave Gunderson, of Flat Rock, led both teams with 20.

Fan Club Gears for Important Business Meet

The Indian Fan Club meeting is Monday, Feb. 13, at 7:30 p.m. in the High School gym.

Planning the projected All-Sports Banquet, backing the school's Physical Fitness Program and the discussion of participation in the bleacher purchase project are on the agenda.

Light refreshments will be served.

MACON NOTES

Saturday, Feb. 4, Junior Choir will practice at 10 a.m.

√

Sunday, Feb. 5, the Youth Fellowship will resume regular meeting schedule. Grades 7-12 will meet from 6 to 8 p.m.

√

Sunday, Feb. 5, Youth Recognition Sunday will be observed. Several youth will participate during the church service.

√

The Mary-Martha Circle will meet Tuesday, Feb. 7, at 8 p.m. Mrs. Dean Moore and Mrs. Carl Thomas will be hostesses and Mrs. Guy Zelluff will have the program.

Big Red Quint Invades Indian Tepee on Friday

Tecumseh Indians should have their own way here Friday night when the Milan Big Reds invade the local gym.

Although Milan gave THS a bit of a problem on the Big Reds' floor, it's doubtful that the Indians will have any trouble here.

Saturday evening may be a different story, however. Coach Vic Lawson's club tangles with Hillsdale and the Hornets stand a good chance on their home floor.

Only three games in league play remain after the Milan tilt and all three will be tough ones. Tecumseh plays Grosse Ile there Feb. 10, Airport here Feb. 17, and Blissfield there Feb. 24.

District Tournament drawing will be held Feb. 21 at Dundee.

Named 'Teacher of Year'

L. Franklin **Bush**, former Britton resident, has been named "Outstanding Teacher for 1966" by the Greater San Diego Industry-Education Council at the annual "Salute to Education" banquet in Los Angeles.

Bush, a mathematics teacher in San Diego since 1960, was chosen for his work in helping students understand the use of the computer in industry.

He is credited with the helping develop computer mathematics courses under the Program for Advanced Students as well as calculus and analytics courses offered to able high school students.

He also developed ways of using the computer in geometry and algebra classes.

The honored teacher is a graduate of Britton - Macon High School, 1943. He received his bachelor's degree in math and science at the University of Michigan in 1959. He spent two years in the army in Korea where he was awarded the bronze star for bravery.

He spent a month in Russia studying the educational system there. In June, 1960, he received his master's degree from the University of Michigan.

Mr. Bush and his wife, the former Oda Marie Bruce, of Britton, have one daughter, Renee.

Mr. and Mrs. Leland Bush of Britton are the parents of the outstanding teacher.

★

DONALD OSEID, teacher of English at Fullerton, Calif., High School, was seated next to the Bushes at the banquet. Mrs. Oseid is the former Jane Hanna, daughter of Mrs. H. H. Hanna and the late Tecumseh Mayor.

Mr. Oseid was selected teacher of the year of Orange County, Calif.

He was a marine corps fighter pilot in World War II and attended the University of Michigan for both his bachelor and master's degrees. He continued his graduate studies at California State College at Fullerton and Long Beach.

He won a Fullbright Scholarship for study and teaching in Europe. In addition to his English teaching, he has a special seminar program of small classes who work creatively and actively toward construction and creative thinking.

Mr. Oseid is a lay minister in the Presbyterian Church.

Former Britton resident, L. Franklin Bush (above), was recently honored at a banquet in Los Angeles. Donald Oseid, husband of former Tecumsehite, Jane Hanna, was also given tribute at the same event.

What About Zoning?

THE TECUMSEH MASTER PLAN — WHAT ARE ITS GOALS

In recent weeks a series of articles on zoning have been presented as a public service for the Tecumseh City Planning Commission by The Herald. As a final article in this series a brief resume of the Master Plan Program and its objectives are being presented.

Just what can a Master Plan do to make our city a better community? Will it improve our town?

Planners tell us that the broad objectives of city planning are to promote the welfare of the people in the community by helping create an increasingly better, more healthful, convenient, efficient and attractive community.

★

CITY PLANNING thus consists of methods and techniques to coordinate and bring into harmony the uses made of land and the numerous and varied public and private structures placed upon it. The functons and uses of such structures varies widely.

They include residences, businesses, industry, streets, parks, playgrounds, schools, libraries and many others. All of these various structures and uses of land — regardless of who builds and operates them — are parts of the overall community pattern.

Unless they are properly related to one another and unless they are provided in sufficient quantity the city can be faced with serious deficiencies which may place an overly large burden on another segment of the community.

For example, the community which has insufficient recreation or park space will probably also have the problem of finding ways to keep its young people out of trouble.

Similar problems can exist in communities with regard to the business and industrial areas of the community. Sufficient lands for industry, properly located so that residential properties will not be affected, should be reserved.

A major source of tax revenue is derived from industry and business. The business areas of the community must also be kept healthy and prosperous.

Vacant stores are a burden in the long run to every taxpayer and citizen of the community. The downtown area of Tecumseh must be a sound competitor to the business areas of every nearby community and to shopping centers within the trade area.

The problems of traffic movement properly channeled to provide safe residential neighborhoods, transportation of goods, methods of improving housing conditions, and the investigation of school site needs, community facilities needs and all other aspects of community activity must be reviewed to determine a program for long range improvement.

★

REALISTICALLY, every city and village is in competition with every other city in its metropolitan area. Each is trying to attract residents, industry, and business. The community which leads the way is the community that knows where it is going.

The current two-year Master Program of the Tecumseh Planning Commission will work toward preparing a plan for the growth of new areas of the city, toward the preservation of many fine community assets now existing and toward a revitalization of some areas.

Dominican Nuns To Commemorate Diamond Jubilee

This year marks the 75th Anniversary of the foundation of the Adrian Dominican Sisters at the present site of the Dominican Motherhouse.

Initiating the commemorative activities, a Mass of Concelebration was held in Lumen Chapel Jan. 28.

The Diamond Jubilee of the Adrian Dominicans is coincidental with the 750th Anniversary of the foundation of the Dominican Order.

In 1892 Adrian was established as a province of the New York Motherhouse and Mother Mary Camilla Madden as provincial. The sisters were in charge of St. Joseph Hospital since 1884. Sisters from the same Motherhouse had been at St. Mary's Adrian since 1879 and at St. Joseph's since 1880.

St. Joseph Academy was to evolve from the brick structure hospital in 1886. This building, the nucleus of others to follow, is the central part of the building today. Holy Rosary Chapel, completed in 1905, is the most imposing of the group.

From small beginnings, the community expanded its numbers, facilities and service. In 1919, St. Joseph College was established on the campus (renamed Siena Heights in 1939).

In 1923, because of extraordinary growth, the Adrian community became independent of the New York Motherhouse with Mother Mary Camilla Madden as Prioress General. Mother Mary Augustine Walsh succeeded Mother Mary Camilla after her death in 1924.

★

ERECTION of the new novitate building and Ledwidge Hall, Siena's union building, began in 1966, both to be completed in 1967. The Mother Mary Gerald Barry Memorial Arts Buildings will soon be under construction.

Today the congregation numbers 2533 professed Sisters, who serve in 20 states and five foreign countries.

The essential purpose of the Adrian community in its apostolic work is education, but the Sisters also engage in such work as Christian Doctrine, parish visitation, social service, care of the aged, home for business girls, direction of new communities, and more recently, Newman Center.

★

EVENTS of Diamond Jubilee will be carried on throughout the year at various points. Publications, special art work, films, filmstrips, photography, and displays will be some of the commemorative works of the year.

In 1961, the Adrian Chamber of Commerce conferred its 1961 award for distinguished service to the Motherhouse for contributions "beyond measure" to the Adrian area. The award named contributions to the cultural, educational, scientific, religious and economic life of the community.

Christian Science Lesson-Sermon Will Be 'Spirit'

"By one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit."

This verse from I Corinthians is the Golden Text for a lesson-sermon on "Spirit" to be read in the Christian Science Church Sunday, Feb. 5.

Any Think

By JUDY FIELDER

While making preparations for a potluck get-together the other day, the organizer called and told me to bring a loaf cake, of the 9x13" size — easier to serve, she said.

"Humph," as I hung up the phone," Surprised she didn't tell me what flavor to make, too."

But, in my usual meek manner, I dug out the loaf pan and started to stir up a standard cake.

Venting my wrath on the cake with the beating spoon, my mind wandered. "Doggone taxes, mandatory garbage service, time schedules, can't buy a pair of nylons that last two days, shouldn't smoke and gotta diet."

★

BY THE TIME the spoon wore out, the tiger had taken over.

"Down with tyranny," I mentally yelled, throwing the loaf pan back into the cupboard and hauling out the layer pans.

While the cake was in the oven I went upstairs to make the beds — picked my way up a toy-strewn stairway to find a scattered array of clothes.

"Why do they have to make such a mess?" I brooded, yanking open the closet door, which promptly came unhinged.

So I went down to whip up a frosting for my cooling cake.

Thought two cups of whipping cream beaten into a mix would be lush.

Beat it up — it looked yummy . . . just a nibble —AArgh . . . the cream was sour!

As the bowl was poised to send the mixture into the eternal depths of the garbage disposal, the light struck.

Four eggs went into the concoction, which I then cooked and added three cups of chopped nuts.

The result was a gooey filling, promptly spread on four layers and the top of light fluffy cake.

★

DIDN'T HAVE enough left for the sides, but that problem was quickly solved with a dark chocolate frosting, turning the near-tragedy into a culinary feat.

That night, we took it (the housewife's bid for freedom, direct from the kitchen) to the party.

And it fell apart when the first slice was knifed.

Dispensing Prescriptions Requires Knowledge

A pharmacist must know the chemical formula of the contents of every prescription, its action and safe dosage. This knowledge is necessary to protect you from a possible overdose and to make certain that when you are taking more than one prescription they work together and not against each other.

It is the pharmacist's legal duty to check all physicians' prescriptions against any hazard. If he should dispense a harmful prescription, without consulting first with the physician, his license to practice pharmacy could be taken away.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

'Strange' Cheese

"I ate that cheese for cheese, never dreaming that it was made from vegetable oil," remarked one of the members of the Monday Club following luncheon at the tasting party Jan. 23.

Several tables in the Youth House of the First Baptist Church were filled with delectable foods from hunters' dinner to cream puffs for the sampling of hungry ladies bent on learning more about food.

The cheese was donated by the speaker, Mrs. Eileen Bell of the Michigan State University Extension Service who had other surprises for her afternoon audience.

Mrs. Roland Mohr introduced the food expert who told of several foods made from soy beans including steaks that have the same flavor, texture and color as the real thing. She also said that soy bean strawberries can be molded to look and flavored to taste just like the red fruit picked from the vine.

She stressed the fact that foods should be labeled with contents so that a consumer may know exactly what he is eating.

"Foods of the Future" was the topic she used, displaying numerous dehydrated items including bacon produced by General Mills that tasted, felt and smelled like bacon.

"Foods of the future will no doubt be easy to store and always ready for use. They need no refrigeration," said Mrs. Bell.

She exhibited miniature sandwiches, dehydrated and wrapped in clear plastic, samples used by the astronauts on their flights.

Mrs. Mohr presented Mrs. Bell with a gift in behalf of the Ways and Means Committee, sponsor of the benefit party.

Mrs. Mohr, Mrs. Andrew Woodward and Mrs. C. B. Brock were the hostesses for the annual event.

Marie Koernig won the door prize of a box of Michigan stationery.

During the business session the resignation of two members, Mrs. Clayton Bigelow and Mrs. Rhea Laskey, were accepted with regret.

Thank you notes were read from the Lenawee Youth Center and Girls Town in Belleville for Christmas gifts from the Club.

Mrs. Mildred Netcher sent a communication announcing the mid-winter meeting of the Lenawee County Federation at the First Methodist Church, Adrian, Feb. 8 with lunch at 12:30 p.m. Reservations may be made with Mrs. Walter Prill until Feb. 6.

Announcement was made of the Drama Festival to be held March 9.

Mrs. Wilfred Waldron gave an impressive invocation before the 56 guests and members were seated for the tasty meal.

Dr. White Tells of Congo Mission

Dr. Robert White of Adrian spoke about Medical Missions in the Congo to the Lenawee District Nurses Association Jan. 19 in the Adrian Federal civic room.

Using slides for emphasis, he described the activities of the Evangelical Medical Institute in Kimpese, Democratic Republic of the Congo, where he spent four years as staff doctor.

"Among the non-medical problems encountered, the political-social-economic unrest was prominent," Dr. White said.

The problem of communication and misunderstandings hampered progress. French is the official language but is spoken by only 10% of the people, the remainder speak any of 200 different languages, each with its own dialects.

Malaria, the major disease is widespread, tuberculosis claims the second place and other diseases such as smallpox, elephantiasis (often requiring amputation of limbs), venereal diseases and leprosy are common.

Interestingly, Dr. White said, he treated very few cases of appendicitis, gall bladder disease or coronary disease, probably due to the leisurely pace of living and the diet which consists almost entirely of starch.

Dr. White explained that the idea of the mission was to train the Congolese people to eventually care for their own.

To this end, the mission has an inservice program for the training of nurses, general practitioners and sanitary engineers.

The X-Ray and Lab technicians are Congolese; the Orthopedic Department, which is the only orthopedic shop for the production of prosthesis for the entire country, is composed entirely of Congolese workers.

The mission is sponsored by churches from the U. S., Canada, Britain, and Sweden.

A lively question and answer period followed.

During the business meeting, Mrs. Lavern Moll reported on the returns from the questionnaire sent out to nurses in and around Lenawee County, indicating their interest in further education on a local basis. The returns were encouraging.

Membership in Michigan Nurses Association was brought up. As of Dec. 31, 1966, a total of 95 RN's in Lenawee County are members. Last year at this time 118 were members.

The organization hopes to increase its membership by at least 15% during 1967, which would mean 18 new members.

Each nurse present was asked to bring someone else to the next meeting which will be Feb. 16 at Bixby Hospital. Dr. Phillip Hunt will speak on "Hemodialysis for Acute Renal Failure."

Refreshments were served by the Public Health Nurses.

Kitty Kurtis Calves Take Show Honors

Five Kitty Kurtis Angus calves grand championed the 57-pen feeder division of the Arizona National Livestock show Jan. 6.

The calves were all sired by a bull owned by Kitty Kurtis, the B. J. Acres Angus Ranch in Longmont, Colo., and Wagonhammer Ranch, Albion, Nebr.

This is the largest feeder competition in the United States according to show officials.

The bull, Glencarnock Bar Doliermere 6, nicknamed Tycoon, is reported to be one of the best red meat bulls in the country, siring calves that are appealing to the feeder, packer and housewife.

A Detroit packer recently reported, "These are the kind of steers we are looking for. One of the finished steers butchered recently graded prime, excellent marbeling and dressed out 64% with only ½ inch of fat covering over the loin."

Pharmacists Give Show on Medicine

Carl Lamb of Lamb's Pharmacy gave his program "The Medicine Show" for the Welcome Wagon Club meeting recently. W. A. Wright of Wright's Drug Store assisted Mr. Lamb.

The program dealt with the various pharmaceutical services and especially the purchase of patent medicines.

Mr. Lamb emphasized the importance of consulting a pharmacist when purchasing over-the-counter medicines since he can frequently suggest a product which will contain the same ingredents but cost less than one with a national advertising campaign behind it.

The speaker also suggested that buyers read and compare labels when making purchases.

At the business meeting Mrs. Richard Lewis gave a report on plans for the group's annual card party to be held April 7 at St. Peter's Episcopal Church Parish Hall.

Members of the club assisted at both recent Bloodmobiles.

Mrs. Robert Leathers won the centerpiece.

Hostesses for the evening were Mrs. Lewis, Mrs. Bayard Herndon and Mrs. Charles Wall.

At Welcome Wagon's next meeting Feb. 21, Mrs. William Flanders will present a musical program.

Little Garden Club Launches Program to Beautify City

Members of The Little Garden Club presented an introductory program on their City Beautification Project to the Tecumseh Planning Commission which gave approval and encouragement Monday night.

"No Time For Ugliness," a film prepared by the American Institute of Architects, features nation-wide improvements already made. along with other areas still needing attention.

The film was followed by a collection of slides showing places in Tecumseh, some ugly, others already beautified.

The showing was a "kick-off" to the Little Garden Club's current project to encourage home, community and business improvements.

The same program is available to civic groups and clubs.

A fund will be established with the City to receive any donations toward park and community improvements through tree planting, landscaping, supplying park furnishings, etc.

Anyone wishing to make an appointment for the presentation or to learn more about the program may contact Mrs. Gordon Comfort 423-7305, Mrs. Howard Furry 423-7268 or Mrs. Earl Baldwin 423-4972.

Mr. and Mrs. David Langham have purchased the home at 800 S. Occidental Hwy., formerly occupied by Mr. and Mrs. Marvin Nelson. The Langhams moved there three weeks ago.

Destructive High Jinks Cost Money

A vacant house on Brighton Hwy. owned by Mrs. Helen Movinski of Detroit was extensively damaged Jan. 21 by 10 Detroit youths.

Clinton State Police found the youths on the premises when an area resident reported unauthorized persons on the property.

Prosecutor Harvey Koselka was contacted and the officers charged with malicious destruction of property seven juveniles and three 17 - year - olds, Thomas J. Tudor, Brian R. Pawlak and Thomas F. Roush, all of Detroit.

Tudor, Pawlak and Roush were arraigned before Justice Ernest Oliver and charged with malicious destruction of property, a felony. They waived examination to appear in circuit court and were released on $100 bond each.

The seven juveniles were held until parents posted $100 bond for each one. They were to appear before Probate Judge Maurice Spear.

Plumbing was torn apart in the house, furniture damaged and windows broken, officers said.

Young Kuples Klub Chooses Year's Leaders

The Young Kuples Klub of the Tecumseh Methodist Church held an election of officers recently at a fellowship meeting in the church.

Robert Younglove will serve as president, assisted by William Brandstadt as vice-president, Mrs. Richard Seany as secretary, Mrs. Norbert Sedelbauer as treasurer and Mrs. Richard Myers as social secretary.

Following the business meeting games were led by Mr. and Mrs. Brandstadt. Refreshments were served by Mr. and Mrs. Van Frayer, Mr. and Mrs. Sedelbauer, and Mr. and Mrs. Seany.

A potluck supper is planned for February 18.

Richard Hale, president of the Senior High Youth Fellowship, led the congregation in the youth benediction.

Sponsors for the group are Mr. and Mrs. Robert Meads.

Black Walnut Is Rated No. 1

American Black Walnut is Michigan's most important nut and is also one of Michigan's most highly-valued woods.

It is probably North America's most precious wood at this time, stated Jacques J. Pinkard, Woodland Conservationist, SCS, East Lansing.

Early settlers found the wood could be made into excellent rafters, beams, fence boards for barns, fine furniture and gunstocks. They ate its nuts and carried them across the nation. They rested in its pleasant open shade.

It is because Black Walnut fits into our modern life that it is now a "blue chip" tree. It is more valuable than ever for its beauty and shade, good-flavored nut, lumber, veneer, and novelty wood.

The yearly crop of nuts may soon yield more dollar return than the logs and still new ways to use the nuts, shells and trees are being sought.

Black walnut can be planted on rough ground, small areas, odd-shaped areas, along roads and fences, in large lawns and around the farmstead.

It grows best on rich soils with good drainage, good agricultural soils and along streams and at the base of slopes.

★

BLACK WALNUT grows naturally on some sites in Southern Michigan, south of the Bay City-Muskegon climatic line.

The native tree is common on limestone soils.

It is possible that on deep, rich, moist soils of alluvial origin young seedlings may grow three feet in height the first season, and double this figure the second year.

Logs 10 inches in diameter may be produced in 35 years. A single tree planted 60 years ago with good growth and form resulting could possibly be worth $250 today.

In poor soil, the trees are likely to be subject to frost damage and disease, grow more slowly, and be of poor quality. The tree is very sensitive to soil and site conditions.

It should not be planted in marsh grass or cat tails, sand blows or under other trees. If it manages to survive on sandy dry ridges and slopes, it grows slowly.

It will not grow in the shade, a reason for limited natural reseeding in the woods.

★

CHIEF ASSOCIATES are white ash, black cherry, basswood. beech, mixed oak, hickory and butternut and hard maple. The presence of certain combinations of these trees is a fairly good indication of whether planted or seed Black Walnut can succeed on that ground.

USDA Soil Conservation Service office has information on hand that indicates how well-suited the various soils are to the growing of American Black Walnut. The time to start growing a little "blue chip" investment is this year.

In Lenawee County, contact Woodrow H. Barclay at the SCS office in the Federal Bldg., Adrian for information pertaining to soil and site suitability, walnut planting stock and methods of planting.

SIMPLICITY IS THE KEY OF THE NEW ALTAR

Catholic Church Remodels Altar for New Liturgy

By MAXINE CALHOUN

CLINTON — Extensive remodeling is taking place inside St. Dominic's Catholic Church on Brown St.

A beautiful oak altar table of a modern liturgical design was created by Elmer Staib, a local craftsman. It replaces the ornately-carved, high white altar which had been a notable feature of the church for many years.

The large crucifix, which had hung on the east wall for several years since it was presented to the church by the former pastor, the Rev. Fr. Edward Kalinowski, has been placed as a focal point at the center rear of the sanctuary. A new tabernacle altar has been placed directly below the crucifix.

Since the installation of the new altar, many persons have become aware for the first time of the stained glass windows which illuminate the rear of the sanctuary, noted the Rev. Fr. Joseph Voelke.

The marble-topped, carved golden communion rails have been moved farther to each side of the steps, which permits easier access to the sanctuary area, soon to be carpeted in gold.

All new natural oak pews were installed two years ago, giving a refreshing lightness to the interior.

Fr. Noelke explained the change in the altar was made necessary by the recent changes in the liturgy of the Roman Catholic Church, permitting the officiating priest to face the congregation. The old altar was also a serious fire hazard, he said.

Historic St. Dominic's Church observed its centennial in 1956.

Rev. Jack Warner Traces History of Church Founder

CLINTON — Tracing the history of the late Rev. William N. Lyster has proved to be an interesting pastime for the Rev. Jack Warner of Adrian.

He described his pursuit into the history of the wealthy Irishman for the meeting of the Rotarians and their wives last Wednesday in the United Church of Christ.

The Rev. Lyster, more than 100 years ago, traveled about the midwest, some 50,000 miles on horseback and established more than 25 Episcopal Churches. Among them were St. Peters in Tecumseh and St. Johns in Clinton.

The Rev. Warner, who is a former lay-minister of the Clinton church, is now rector of the Adrian Episcopal Church. Last year, he spent several months touring Ireland and England, getting background information for a history of the Rev. Lyster, which he is compiling.

The dinner meeting was attended by 50 persons. It was noted that the Rev. Warner has a record of 16 years of perfect Rotary attendance.

The program was arranged by W. P. VanTuyle.

John Adrion, Jr., Gets Bachelor of Arts Degree

CLINTON — A bachelor of arts degree in business administration was received by John G. Adrion, Jr., at commencement at the Eastern Michigan University Jan. 22.

Attending the exercises were his wife, Cheryl, his parents, Mr. and Mrs. John Adrion, and his wife's parents, Mr. and Mrs. Rex Winchell and daughters.

Known as Jay throughout his school years, he graduated from Clinton High School in 1962. He attended Central Michigan University, Mt. Pleasant, for one year.

He will be employed with Ernst and Ernst, a public accounting firm in Jackson where he and his wife will reside.

A reception was held for him in the Recreation Room at Lee's Villa Trailer Court, Tecumseh, Sunday evening.

Hill Manufacturing Expands Operation in Move to Clinton

CLINTON — Hill Manufacturing Co., a buffing and polishing service, will be moved from its present location, 1373 Cadmus Rd., Adrian, to a building ½ mile west of Clinton, which the owners, Mr. and Mrs. Herman Hill and Mr. and Mrs. Darrell Ball of Adrian, have purlhased.

The small industry which presently employs about 20 persons will be expanded in the building which previously was used by the Clinton Country Market, and has been vacant for many years.

The firm operates a factory service doing buffing, polishing and machine shop operations for various industries.

The machine shop operation will be enlarged as soon as the building is ready for use.

Community Chest Funds Allocated

CLINTON -- The report was made of $3,173 received in the 1966 Clinton Community Chest Fund drive at the meeting of the board of directors last Monday at the Community Center.

Further additions to this amount may come when all industry commitments and payroll deductions are received.

The following allocations were approved:

- ► Heart Fund $100.
- ► Salvation Army, $350.
- ► Polio and Arthritis Fund, $50.
- ► Wolverine Boy Scout Council, $150.
- ► Irish Hills Girl Scout Council, $150.
- ► Lenawee Red Cross, $300.
- ► Huron Valley Child Guidance Clinic, $200.
- ► Lenawee Family Counseling Service, $400.
- ► U.S.O., $300.
- ► Michigan United Fund, $500.
- ► General Fund, $548.

General fund expenditures during 1966 were approximately $300 for the Clinton Community Children's Christmas party and $300 for Christmas baskets for the needy shut-ins and the lonely.

The resignation of Leslie Pierce, who has served on the Community Chest board for 10 years, was accepted with regret.

Named to the nominating committee to report at the annual meeting March 6 were Mrs. Richard Sharpe and Arthur Schuler. Three vacancies are to be filled.

Mr. and Mrs. John Hoelzer left Sunday to spend February in Arkansas and Arizona.

√

The January birthday anniversaries of Mrs. James Meeks and daughters, Jeanie and Mrs. Walter LaSovage, Jr., of Kent, O., were observed recently at a family gathering at the Meeks' cottage at Sand Lake. Guests included Mr. LaSovage and another daughter and son-in-law, Mr. and Mrs. Duane Semark of Ann Arbor.

√

A daughter, Kari Lyn Marie, was born Jan. 16 to Mr. and Mrs. Glendale Owen of Orlando, Fla. The Owens formerly resided in Clinton. Mr. Owens is the son of Mr. and Mrs. Harvey Owen of Clinton.

√

Mrs. Richard Denning flew to Traverse City Wednesday to visit for a few days with her daughter, Mr. and Mrs. George Catton and family, while Mr. Denning visited relatives in Detroit.

√

Ida Hicks, 68, was treated at Herrick Memorial Hospital Sunday for a splintered left forearm, resulting from a fall on the ice on the sidewalk near her home on Tecumseh St., near Church St. Saturday afternoon. She was unaware she had such a serious injury until the arm swelled to twice its size the next day. She has returned to her home where she resides alone.

√

The Rev. and Mrs. Harry Kellogg will observe their 54th wedding anniversary Feb. 5. They reside at their home at 1060 Cardwell St., Garden City. No festivities are planned because of Mr. Kellogg's health. The Rev. Kellogg is a former pastor of the United Church of Christ, whose friends in the community will want to send greetings on this occasion.

Week in Florida

Mr. and Mrs. Richard Egli left Jan. 20 for Florida where they spent a week as guests of the "I Guess" television program. Mrs. Egli won the trip last summer when she appeared on the program. The three daughters of the Eglis stayed at the Charles Staple' home.

Special Education Reorganized

By MAXINE CALHOUN

CLINTON — The Special Education program was reorganized in the Clinton Community Schools in December, when Tecumseh Public Schools opened its new Special Education department and engaged a teacher for children over 15 from Tecumseh, Clinton and Britton.

Mrs. James Meeks, who formerly taught all ages from the three communities in Clinton, now has just junior high youth, 12 to 15 years, in Clinton. At present, there are 11 from Tecumseh, two from Britton and two from Clinton.

Mrs. Meeks emphasized that these children are mentally trainable, but emotionally in need of extra attention.

An effort is made to establish an atmosphere of a home away from home, to fill the child's need for security.

The teacher works with each child as an individual. Experience has shown that these children can learn if tension is removed and they are given the opportunity to develop confidence.

★

Classes include cooking, manual training, art and typewriting.

In addition, as soon as the youngster is ready, he is permitted to join in the regular classroom studies.

One particularly satisfactory achievement was reached recently when a boy who didn't talk until he was 10 years old and couldn't read, became interested in UFO's and began to read magazines, as many as he could find on the subject.

"He's completed two scrapbooks and making good progress now," Mrs. Meeks said.

Mrs. Meeks was especially pleased with the parents' response to the recent Parent-Teachers' conference, which all but three attended. "Parental cooperation is a vital factor in progress of these children," Mrs. Meeks said.

Mobile Bay Is Being Probed for Civil War Ship Tecumseh

EDITOR'S NOTE — Mrs. L. C. Brown of Mobile, Ala., recently sent to her son, the Rev. Julian Gresham, a clipping taken from the Moble Press about the search for the ship Tecumseh.

By ED LEE
Press Staff Reporter

A team is searching the bottom of Moble Bay off Fort Morgan today, attempting to locate the wreckage of the Tecumseh which was sunk during the Civil War Battle of Mobile Bay on Aug. 5, 1864.

Col. Robert M. Calland, (U. S. Marine Corps, retired) staff member of the Armed Forces Museum proposed branch of the Smithsonian Institution from Washington, D. C., is in charge of the search. He has a number of maps, plans and diagrams of the Tecumseh, and considerable information from the National Archives about the Union warship credited with firing the first shot of the famous battle.

Calland said he is engaged in making studies and gathering information which will be used to recommend to the regents of Smithsonian and Congress the information of a National Armed Forces Museum. It would probably be located in the vicinity of Washington, D. C.

The Tecumseh reportedly would be of considerable value and interest to the proposed museum. Calland said it is the only Civil War monitor class vessel which is believed sunk in an area where it could be salvaged. There is another one — the Merrimac — but he said it is sunk off Cape Hatteras, in deep, open water.

Measuring 225 feet long and 48 feet wide, the Tecumseh was an ironclad vessel of 1,034 tons under command of Comdr. Tunis A. Craven. Calland said the vessel left the James River to join the Union fleet planning to capture Mobile, which was then one of two ports still in hands of the Confederate forces.

★

THE TECUMSEH first put into Pensacola. Figures differ on the crew. One report, the one the researchers put most faith in, listed 12 officers and 97 enlisted men, with 87 persons going down with the ship and 22 surviving. Another report said there was a crew of 135 and 113 went down and 22 survived.

Historians, Calland said, claim the Tecumseh was one of four monitors in the Union fleet which sailed on Mobile Bay. Also in the fleet were 10 frigates and three wooden gunboats.

★

THE BAY was defended by the Confederate iron-clad Tennessee and three gunboats, under commander Adm. Franklin Buchanan. Adm. David Glasgow Farragut commanded the Northern fleet. He is remembered for the reported command during the start of the battle: "Damn the torpedoes, full speed ahead."

According to information gathered by historians and turned over to Calland, the Tecumseh led the Union fleet into the bay. It hit what is today called a mine field, but then the mines were called torpedoes.

A mine (or torpedo) charged with 1,500 pounds of black powder is credited with sinking the Tecumseh after she fired two shots, one from each of two 15-inch cannon.

For the past nine months, Calland said, records have been searched on the sunken vessel. "We understand," he said in an interview this morning, "that the two 15-inch guns were reloaded with maximum charges and with steel bolts just before she went down.

★

THEREFORE, we have every reason to believe those guns are still loaded and charged. That black powder will still go off, although it's been underwater more than 100 years.

"Also," he said, "we have reports from divers who went down about a week after the ship was sunk. Those divers reported the crewmen were still at their stations. The bodies may still be aboard, covered by several feet of silt and sand. If so, the Navy is interested in the remains."

Calland, assisted by two representatives of the U. S. Navy's salvage division from Washington — Comdr. Howard Placchi and John Lawrence — started their search of the lower part of Mobile Bay for the Civil War vessel yesterday. The Navy men, both divers, returned to the area early this morning while Calland remained ashore attempting to locate several Mobilians who have indicated they know the exact location of the wreckage.

★

"WE ARE anxious to contact anyone who has any information of the location," Calland, who is staying in Room 130 of the Albert Pick Motel, said. He pointed out that while they have charts and maps of the location, such are more than 100 years old and anyone who has later information could be very helpful to the searchers.

In the search, two boats are being used to drag a heavy 300-foot long chain along the floor of the bay. "There is a possibility the tower of the ship will be just above the silt line," Calland said. He said divers in the past have reported the tower of the vessel to be above the silt at times, and covered at other times.

Long, sounding rods are being used to probe the area where the ship is believed to have gone down.

If the vessel is located, Calland hopes that arrangements can be made to raise her, preserve the ship intact, and put her on display in the proposed new museum.

★

HE POINTED out the job may not be easy, and he said there are still a "lot of gaps" in the research material gathered in Washington from miles during the past nine months. Calland said a lot of research still must be done locally, in an effort to learn everything possible about the Tecumseh.

Probably the group will leave Mobile tonight or tomorrow, but expect to return later and continue the work. In the meantime, Calland suggested anyone with information on the project contact Jimmy Morris with the Mobile Area Chamber of Commerce. "He will know how to contact us after we leave here." Calland commented.

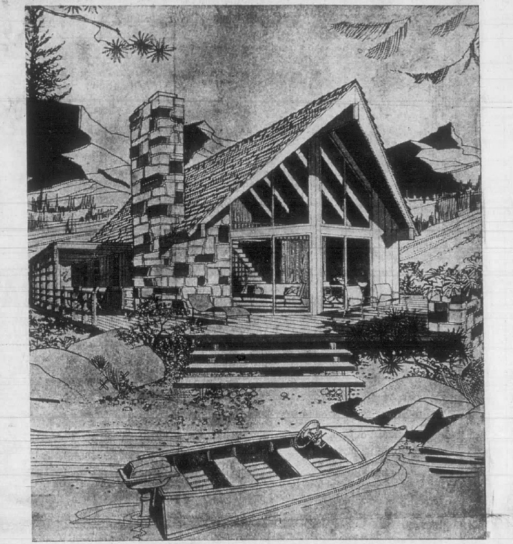
Gorgeous Wide - Deck Home
Goes Up at Devil's Lake

The A. E. Czmer family of Adrian will shortly be moving into this striking, year-round home now under construction on the south bank of Devil's Lake, just west of the Yacht Club. It is replacing the small Czmer cottage destroyed during the Palm Sunday tornado of 1965. With a rough cedar siding and split-cedar shingles, the home has three bedrooms, two full baths, is 28' x 40' downstairs and 24' x 28' upstairs, with the two-story living room fronting the house. Giant glass doors allow a breath-taking view of the lake. A deck 8' x 40' runs around the front. A huge field-stone fireplace adds distinctive charm.



Materials from Moore

All the timbers, shingles, beams, Andersen windows and doors for this beautiful home are coming from our yard. We're delighted to be part of this project.

If you have been considering a new home or adding onto your present place, be sure to check with us for materials. Slippery Roads Don't Discourage Philathea Class

BRITTON — Twenty-four persons braved slippery roads Sunday evening to attend the Baraca Philathea class meeting at the home of Mr. and Mrs. Lawrence Hoagland for a cooperative supper.

Mr. and Mrs. K. S. Xavier showed movies and talked on their homeland of India.

The business meeting was conducted by the president, Mrs. Leland Bush. The class voted a $200 pledge to the church budget. Mrs. Gerald Benedict gave the devotions from "Exodus," and Mrs. Lawrence Hoagland gave a "New Year's Meditation".

The Rev. and Mrs. Hannevik invited the class to the parsonage for the February meeting.

Town & Gown Series Starts

The Town and Gown Series at Siena Heights College this semester will be devoted to "How Parents Can Assist Their Children in Reading," in response to numerous inquiries.

Sister John Louis, reading specialist, is coordinating the program that will begin on Feb. 7 and involve specialists from Adrian, Chicago, and Siena Heights.

Scheduled speakers and their topics are as follows:

Feb. 7 — "Are Parents Needed for the Teaching of Reading?"—Sister John Louis, O. P., Reading Specialist, Siena Heights.

Feb. 20 — "What's New In Reading Instruction?" Joan Russo, reading consultant of Chicago.

March 6 — "Why is Listening Important in the 20th Century?" Sister Hilda Marie, O. P. Director, Student Teaching, Siena Heights.

March 27 — "After Phonics — What Follows?" Sister James Maureen, O. P., reading consultant of Chicago.

April 3 — "What are the Stumbling Blocks to Successful Reading?" — Sister James Barnard, O. P., reading consultant, Archdiocese of Chicago.

April 17 — "Can Better Vision Make Better Readers?" Dr. John VanSchaick of Adrian and Dr. George Burkhard of Tecumseh.

May 1 — "What are the Adrian Schools Doing to Improve Reading Instruction?" Mrs. Nellie Swenk, Director of Reading Improvement Program.

Designed to complement the successful reading workshop just concluded for area teachers, all of the sessions will be held at 7:30 p.m., in Room 131 in Sacred Heart Hall.

Registration forms may be obtained from the college and there is an enrollment fee of $5 for the entire series; single lecture tickets are $1.

What's Going on at BOYSVILLE

By RICK CURRIE

Boysville was snowed in for the first time in history. With very heavy snow, schools all over the area close, but not Boysville. It is no hardship for the Boysville students to walk across campus to the school building even in the deepest of snow.

Boysville finished its second semester this past week and with the semester break came the weekend home. However, the heavy snow storm that hit the midwest last Thursday prevented the students from leaving campus. But all was not a total loss. It was announced Friday morning that the students would go home Wednesday and would not have to be back until the following Sunday.

√

Records provided the beat for a dance at St. Joseph Academy in Adrian. Some 60 students from Boysville traveled to Adrian as guests of the all-girl boarding school for the record hop.

√

Three Boysville seniors were among the 14,427 Michigan High School students out of 25,110 who qualified for a chance at a Michigan college scholarship. Paul DeWaelsche, Mike Gaudreau and Rick Currie took the preliminary Michigan Scholarship Test last November at Clinton High School. All three have been informed that they qualified for the final exam to be given in April.

Scholarships up to $800 will be offered to 5,600 students and another 2,400 students will receive honorary scholarships pending April's test results. Should the three qualify, Paul would like to attend GMI, Mike EMU and Rick U of D.

√

Former graduate of Boysville received his Habit into the Brothers of Holy Cross Congregation. Francis Edward Johnson attended Boysville for four years and graduated last year. Ed took the Habit of a Holy Cross Brother at a ceremony held at the Holy Cross Brothers' Novitate at Rolling Prairie, Ind., Jan. 25. Ed, now known as Brother Edward, will spend one year and a day at the Novitate preparing himself for the life of a religious Brother.

Attending the ceremonies were Brother Edward's family, Brother Romain, Brother Robert Hormann and two of Brother Edward's classmates, Bill Crowley, Norris McFarland and Moe Jacobs.

√

The Knight Minstrels, a newly-organized musical group, will begin functioning this second semester. Brother Thomas Friel rounded up all the guitar-playing students and is in the process of organizing a folk singing group. The Knight Minstrels will consist of about five guitar players, two bongoers and a bass fiddler. The purpose of the group is mainly for their own enjoyment and appreciation of folk music.

√

Twenty-one new students will attend Boysville starting the second semester. The new students are divided among the eighth, ninth and 10th grades.

Tom Butler, Norm Haight, Tim Marcoux, John Rowe, Kevin Vogler and Henry Gutowski are from Detroit; Gerry Poe, Steve Ostazewski, Mark Jenkins and Dave Otto come from Grand Rapids.

From Ann Arbor will come Steve Lanhan and Roger Murphy. From other areas of the state come Gary Shebby of Milford; Greg Vogt of Mt. Clemens; Jim Falzon of Dearborn; Jeremiah Scannell of Royal Oak! Jim Hansen of Montague; John Jamroz of Garden City; Steve Pawlowski of Madison Heights; Roger Ritzert of Wyandotte and Michael Lannen of Mt. Pleasant.

√

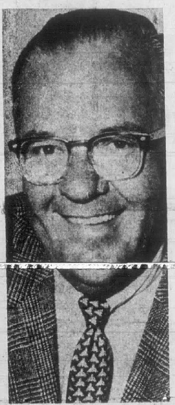
With the closing of the first semester came also the end of the first round of intramural basketball at Boysville. The inter-student competitive games proved to be an interesting and popular program. Each team with trades, practices, new defenses and student coaching brought out successful results.

The Bruins, captained by senior Ron Cook, seem to be the team to beat as they lead the league, 4-0. In second place is Greg Quinn's Revengers with a 3-1 record. Since the Revengers lost Gerry Rozen to New Lothrop High School they're going to have trouble this second round.

The team to watch will be the Irish, who finished third with a 2-2 record. The Pop-psychs, captained by football star Don Chalmers, are fourth with 1 win and 3 losses. In last place are the poor Globetrotters, still looking for their first win.

√

Brother Aloysius' father died Thursday, Jan. 26, of a heart attack. Joseph Glombowski, 78, a widower for the past four years, was buried from St. Joseph Church in Port Huron.



Edgar A. "Bud" Guest, Jr., will be the master of ceremonies for the annual Wolverine Council Boy Scout Recognition Dinner Saturday at 6:45 p.m., in Tecumseh Products Union Hall with 600 Scouters, guests and friends of Scouting expected. Highlights of the program will be the Silver Beaver Ceremony and Eagle Scout presentation. James Lowe will handle physical arrangements, Alda J. Rolph of Monroe, Unit Reception and Ship 215 of Adrian, Troops 4 and 73 of Tecumseh will handle services.

Home Among Shacks

By MIKE FERO
(Last in a Series)

When I moved here from the interior in July, I went to Pirambus to live with another Volunteer, Jim McManis, of Butte, Mont.

We rented a house which was set amidst other shacks only some 300 yards from the blue-green Atlantic.

The house, made of mud and sticks with cement coating on some of the walls and some of the floors, consisted of four small rooms (one window in the whole lot) and an out-house out back which was already filled and could not be used.

There was no electricity and no water. But since neither of us spent any time there, we never did much toward fixing it up.

About a month ago, we moved "up" in the world — both geographically and literally — to the house where the other Volunteer, Tom Belsky, of Santa Cruz, Calif. was living.

Now we are living in a house of the same type of construction but which has five rooms, a usable out-house, electricity and a water supply handy (carried daily from a near-by pump).

In addition to this, we also have an old refrigerator and a gas stove, which are necessities for three bachelors who have precious little time for the tedious chore of shopping in Brazil.

★

MY OWN WORK is somewhat different than that which I did in my year in the interior.

I am the coordinator for the Peace Corps Education Project for the state of Ceara and so spend a greater portion of my time talking and working with Brazilian officials here and traveling around the interior visiting Peace Corps sites.

In my few spare moments, I am teaching English to a group of young female teachers who are going to the States next year and who must first pick up some degree of proficiency in the language.

My day usually begins at about 7 a.m. and ends about 7 p.m. — with the usual two hours off at early afternoon "siesta".

This schedule keeps me busy from Monday through Saturday. Sundays are usually spent catching up on correspondence, reading or my sun-tan.

Caera is noted for the marvelous white sandy beaches which stretch endlessly and unbroken for as far as the eye can see in any direction.

★

THERE, in a nut-shell so to speak, is a little bit of my current activities here in northeast Brazil.

To a certain extent, I am already looking forward to my termination in May, 1967.

However, it will herald the end of a very special experience in my life and one which will remain very fondly at the fore of my memories for a long time to come.

Finally, may I take this opportunity to wish you and the staff and all the people of the city of Tecumseh a very "Feliz Natal e Prospero Ano Novo".

Boost Farmers

Second District Congressman Marvin L. Esch has joined with 19 other Republican Representatives in introducing legislation calling for an end to economic discrimination against American farmers.

In part, the resolution would also direct the Administration, particularly the Department of Agriculture, "to employ every facility to improve farm prices in order to build a strong and viable market economy for agriculture."

Rep. Esch predicted that current Administration policies are likely to cause net farm income to decline by at least 5%

"At the time that the hungry world looks to us, the Administration is content that the American farmer receives less and less for his efforts," he charged.

Rep. Esch said that he would push for early hearings on the legislation. A somewhat similar resolution was passed unanimously by the Senate last year, but died in the House Committee on Agriculture.

"This is not a partisan matter, but one which affects the economy not only of the farmer, but also of all related industries and businesses," he concluded.

Noel Rogers Wins $2500 Scholarship

A $2,500 Grinnell scholarship was won by Noel Rogers of Ann Arbor, in Detroit Monday night.

Appearing in competition with six other contestants, Miss Rogers sang, "O Zittre Nicht" from the Magic Flute by Mozart; "Ave Marie" from Otello by Verdi; "Czardas" from Die Fledermaus by Straus.

The cash award is to be applied to further the winner's musical education. Miss Rogers plans to complete work on her master's degree at the University of Michigan, where she is teaching on a Fellowship. She expects to begin study in New York next winter.

She recently returned from Chicago where she completed a tape recording for Radio Station WGN. She will return there Feb. 20 to compete in an opera contest for WGN and will make a TV taped appearance for WGN-TV later in February.

She will appear for two performances in the role of Marguerite in Gounod's opera, "Faust" in the Lydia Mendelssohn Theatre, Ann Arbor.

Miss Rogers' parents are Mr. and Mrs. Waldo Papsdorf of Clinton.

Pvt. Michael K. Crawford has returned to Ft. Gordon, Ga., after visiting his parents, Mr. and Mrs. Herman D. Crawford of Manchester, formerly of Tecumseh. Pvt. and Mrs. Crawford are living at Ft. Gordon, where he recently completed a radio teletype operation course. He is a 1965 graduate of Tecumseh High School.

Mrs. Glenn's Birthday Is Celebrated

BRITTON—Mrs. Charles Glenn was the guest of honor at a family dinner for her 78th birthday anniversary Sunday, at the home of her daughter, Mrs. Donald Holmes, of Adrian.

Other guests included Mr. and Mrs. Frank Glenn and Mr. and Mrs. Walter Glenn and family of Tecumseh; Mr. and Mrs. Joseph Glenn of Wayne and Mr. and Mrs. Albert Bailey and family of Britton. Mrs. Glenn was presented with a gift from the group.

Mrs. Glenn's birthday will be Feb. 2. She makes her home with her daughter and family, Mr. and Mrs. Albert Bailey of Britton.

Xavier's Show Movies of India to Duet Class

BRITTON — Mr. and Mrs. K. S. Xavier were guest speakers when the Christian Duet class met at the home of Mr. and Mrs. Roger Gillespie Jan. 18.

Twenty-eight were served a cooperative dinner at 6:30 p.m.

The new president Lawrence Ash conducted the short business meeting. The pledge was voted to the church treasury. Everyone was invited to help wth the painting of the new addition.

Mr. Xavier, a native of India, showed movies of the Taj Mahal and other outstanding buildings of India. He told of many customs of the people of India, which helped the audience to understand the Indian people and the Indian philosphy.

Mr. Xavier is a teacher of micro-biology at Adrian College. He and his wife and three children live near Britton. He also answered many questions from the audience.

Mr. and Mrs. Douglas Palmer will be the hosts in February.

Religious Drama Depicts Christian Understanding

BRITTON — "The Family That Changed the World," a dramatic motion picture showing how a teen-age son led his family into a new understanding of Christian faith, was shown Jan. 28 at the Bethel Baptist Church in Britton.

Featuring Knute Larson as Tom, a young college student and Norma Weckler as Cindy, his sister, the movie tells how Tom's disillusionment with many aspects of contemporary church life lead him to a night of rebellion.

Shaken by his son's antagonism, John Baldwin, the father, sets out to find an answer to his son's frustrations.

He finds the answer in a simple program whereby Christianity becomes basic to the daily activities of family life.

Produced and released by Ken Anderson, the film has received wide acclaim in many parts of North America as one of the most significant religious productions released in recent years.

Village Slate Is Unopposed

BRITTON — There will be no primary election for village officers this year in Britton because the slate of officers presented by the Progressive Party is unopposed.

The nominating petitions have been filed with the clerk.

Incumbent officers running for re-election are:

President — Warren Lewis
Clerk — Mrs. Raymond Auten
Assessor — Andrew Crutchfield
Trustees — Fred Bryan, Clyde Brown and Dale Monagin.

Former treasurer, Mrs. Ronald Cheever, is not a candidate this year. Mrs. Douglas Fairbanks has filed for the position.

The village election will be held March 13.

Kathleen Cheever Is Top Homemaker

BRITTON — Kathleen Cheever became Britton-Macon High School's 1967 Betty Crocker Homemaker of Tomorrow by finishing first in a written homemaking knowledge and attitude examination for senior girls Dec. 6.

Kathleen is the daughter of Mr. and Mrs Ronald Cheever of 238 East Chicago Blvd., Britton. She was a State Delegate for her Future Homemakers club last year, and this year is president of the organization.

Kathleen is also active on the Student Council, the Girls Athletic Club and is a member of the school journalism staff.

She was a member of the cast of the Junior and Senior plays. After graduation, she plans to attend the University of Michigan.

Kathleen is now eligible for possible state and national scholarship awards. Her test also earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of all schools in the state, with the winner receiving a $1,500 college scholarship the runner-up will be awarded a $500 educational grant.

The winners from each state will join in an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D. C. next spring.

The national winner—the 1967 All-American Homemaker of Tomorrow, will be announced in Williamsburg. Her scholarship will be increased to $5,000.

The 581,334 girls and 14,753 schools registering for the 1967 search established a new record for the program.

The next meeting will be at the home of Mrs. Albert Bailey for a noon luncheon Feb. 23.

Sherry Squires Marries Robert Kroeger

BRITTON — Emmanuel Lutheran Church was the scene of a candlelight ceremony uniting Sherry Lenore Squires and Robert Leonard Kroeger in marriage Saturday, Jan. 14.

The Rev. Thomas John Drobena performed the double-ring ceremony with Martin Billou as acolyte.

Sherry is the daughter of Mr. and Mrs. Leon J. Squires of Britton and the groom is the son of Mr. and Mrs. Leonard Kroeger of Dundee.

The chancel was decorated with lighted candles, golden standards of ferns, and large bouquets of white gladioli and large mums. Reserved pews were marked with white satin bows and lemon foliage.

The bride approached the altar on the arm of her father wearing a white brocaded floor-length gown. The fitted bodice was fashioned with a sabrina neckline and accented with long sleeves ending in points at her hands.

The slim skirt was fashioned in the back with a floating train.

Her three-tiered illusion veil was attached to three net and crystal-beaded butterfly roses and she wore a single strand of pearls. She carried a cascade arrangement of white glamelias centered with a detachable corsage.

Karen Ivan was maid of honor and Frances Korff of Akron was bridesmaid.

They wore gowns fashioned with empire bodices of turquoise velvet with square-cut necklines and flared sleeves. Floor-length A-line skirts of a paler shade of turquoise crepe were trimmed with satin sashes. They wore single strands of pearls, gifts of the bride.

Headpieces were circlets of net attached to baby petite carnations and they carried happiness roses outlined with green satin leaves and cascades of pink petite carnations in a crescent design.

Janine and Peggy Squires, nieces of the bride, were flower girls in dresses of turquoise velvet trimmed with satin ribbon made by the bride's sister-in-law, Mrs. L. James Squires.

Darrell Polter was best man with ushers Gary Pollock of Dundee and David Squires, brother of the bride. Robby Straits of Milan, nephew of the groom, was ring-bearer.

The organist, Mrs. Eileen Gilmore, accompanied soloist William Hetrick.

Assisting at the reception for 120 guests in the church parlors were Mrs. David Squires of Tecumseh, Mrs. Larry Straits of Milan, Mrs. James Conrad of Tecumseh, Sharon Smith of Detroit, Genevieve Haystead of Brooklyn and Eileen Porter of Milan.

Mr. and Mrs. L. James Squires of Britton were hosts.

★

The bride, a graduate of Britton-Macon High School, is a student at the University of Michigan in Ann Arbor, majoring in journalism. The groom, a graduate of Dundee High School, is majoring in business administration at Eastern Michigan University in Ypsilanti where they are making their home.

THE NEW Mrs. Kroeger was guest of honor at a shower Jan. 22 at the church, given by Mrs. L. James Squires, Mrs. David L. Squires of Tecumseh and Mrs. Ransom Squires, Jr., of Milan.

Games were played and Mrs. Leonard Kroeger of Dundee won the door prize.

The refreshment table was centered with a bride doll flanked by arrangements of white gladioli and pink and turquoise carnations.

The 38 guests were from Britton, Milan, Tecumseh, Dundee, Ypsilanti, Clinton and Ann Arbor.

The groom's parents gave the rehearsal dinner at their home in Dundee Friday evening.

VOICE of THE HERALD

Exchange Clubs Fight Crime

Slogan of the National Exchange Club's 20th annual National Crime Prevention Week program, "Community Cooperation Conquers Crime," is most appropriate in view of the continuing increase in the crime rate this country has witnessed during the past year," says J. Edgar Hoover, FBI director.

"Never before in the history of our Nation have so many citizens been the victims of criminal acts.

"The most effective means of curbing this cancer in our society is for all citizens to do their part in supporting law enforcement in its daily fight against those who commit violations of our laws. We must dedicate ourselves to doing what is right and denouncing that which is wrong.

"There can be no compromise in our position and we cannot expect our neighbor to do our job for us, even if it means becoming involved in situations that we neither like nor make. No longer can we afford the luxury of 'looking the other way' or the attitude of 'let someone else do it.'

"National Crime Prevention Week affords an excellent opportunity for us as individuals to resolve to obey all laws; report to the proper authorities information we have about any criminal activity; insist on good government at all levels; make our influence felt in support of adequate pay, training and facilities for all law enforcement agencies; and educate our children to respect law and order.

"If all of us will conscientiously apply ourselves to this task, our dedication will be rewarded with a safer, stronger and more prosperous nation in which we can enjoy the bountiful blessings of America," the FBI chief concludes.

Honors Are Always Welcome

It's always nice for a newspaper to capture honors in a contest.

The Herald has been fortunate in this regard and again this year, your hometown weekly came up with some booty in state competition, including a first place in Advertising Idea of the Year.

Unfortunately, the weekend's horrible blizzard choked off the roads around Michigan State University, where the contest awards were given as part of the annual state press association convention, leaving Herald folks snowed in here and slightly unhappy.

As it turned out, only about half of the 600 editors, publishers and their wives, who usually attend the two-day affair, were able to get through. Some of those who did had checked in Thursday night before the storm hit its full stride.

Others trickled in late Friday and a few Saturday. Scheduled speakers were unable to get there. One cute side note was a pinch-hit speech by the ex-publisher of Whitehall, Louie Berman, who now oversees production of the 34,000-circulation daily Michigan State News.

Reports are that Louie was a scream, filling the dining room at Kellogg Center with laughter Friday night. According to one of the handful attending, folks have labled Brother Berman as the best convention speaker for years. Just goes to show, there's a lot of talent right at home.

Neighboring publisher Walt Leonard of Chelsea was not frightened by weather warnings and started out for East Lansing as planned on Friday morning about 11:30. He made it through, too — 14 hours later. We're just as happy for not having tried.

Tips for Winter Drivers

To a skier, snow is a blessing. To a driver, it is slippery, slushy roads. The physicians of Michigan offer five prescriptions for safe driving this winter.

"Many Michigan doctors of medicine," according to C. Allen Payne, M. D., President of the Michigan State Medical Society, "will be treating people who have suffered accidents this winter. They know first-hand the needless pain and anxiety auto injuries will cause in families throughout the state."

The five prescriptions Dr. Payne recommends for safe winter driving are:

► Always keep at least one window in your car slightly open. If you don't you will flirt with carbon monoxide, a colorless, odorless gas which is deadly in an enclosed space.

► Be sure your exhaust, muffler and manifold are free of leaks.

► Keep front air vents closed in bumper-to-bumper traffic to avoid sucking in fumes from the car ahead.

► If you begin to feel sleepy or ill while driving, pull to the side of the road and roll down the window.

► Always drive slowly enough to be able to stop quickly.

Kids Want To Play

Occasionally the process of evolution leaves some stone unturned, thus giving rise to those quaint misfits which remind us of another age. A few of the more striking examples are the duckbilled platypus, San Francisco's cable cars, Casey Stengel and movies the whole family can see.

A less happy example is our public school system.

With their six- or seven-hour schedules and three-month vacations our schools still are geared to the agricultural economy of the 19th century, when pupils doubled as farmhands.

The President's Council on Physical Fitness points out the waste involved in this system in urging communities to open up their school sports and fitness facilities for after-hours and summer use. It also indicates a logical place to begin making more efficient use of an $85 billion physical plant.

Why shouldn't the residents of a community use the gymnasiums, tennis courts, playing fields, running tracks, activity rooms and swimming pools (if they have them) of the schools which they build and support with their tax dollars?

All of us — young and old alike — could use the exercise, and every community could use the facilities which would be added to its resources for recreation.

The time is long past when we could afford to utilize expensive public facilities for only a few hours a day, 180 days a year. Meeting the needs of the modern community is a full-time job which won't permit part-time use of valuable resources.

Of course, there is more involved in making our schools neighborhood recreation centers than merely unlocking the doors and throwing out the balls. Someone has to be there to organize, supervise and instruct, and there are problems of maintenance, insurance, equipment, etc.

Communities which already have adopted this approach have discovered that it costs them only a few dollars per capita per year. That's cheap when compared to the cost of duplicating the trained staffs and extensive facilities which our schools now employ on a part-time basis.

If you don't help your school officials open recreation areas nights, weekends and during the summer, nobody else will.

Marda Gene Duncan's

Through My Window

FUNNY SQUIRREL HI-JINKS

Elizabeth and I deserve a gold star, a citation or something. A COMMENDATION FOR CONCENTRATION ABOVE AND BEYOND THE NORMAL CALL OF DUTY might fill the bill I believe. It happened this way:

It started out to be a normal enough afternoon. I sat up and, as usual, the reading table was piled high.

Some further browsing through the book, Working and Learning in Lenawee, and some background reading about cedar waxwings were on the agenda.

Elizabeth was making me a cup of tea and then had some letters, which had been dictated that morning, to type up. Certainly a sane and sensible, well-organized afternoon.

★

SUDDENLY, however, squirrels started arriving. Along the tree roads across the creek they came, through M & D's yard and even from down the street.

Almost before we could count them there were six squirrels in the yard. And that, believe me, is a yard full of squirrels.

It was a relatively mild afternoon and the sun was shining, but a little on the weak side. The squirrels were in a playful mood — the feeders were piled high with food and there was corn on the fence and corn tree, but scarcely anything was eaten. Quite obviously the mood was play today and eat tomorrow.

How were we supposed to concentrate on things inside when so much was going on outside? Oh, but they were having fun — up and down, around and around, the action was fast and furious.

Three, four, sometimes five squirrels would tear across the yard in follow-the-leader fashion. Then two or three would scramble on the trunk of the big elm, faster and faster they would go until we wondered how they managed to hang on.

★

WHEN THE games moved into the tree tops our amazement at their antics was slightly tinged with worry. In their excitement, they undertook longer and longer jumps, it seemed to us, they kept lighting on smaller and smaller branches.

Surely one would over-estimate his powers, jump too far or try to catch hold of a limb too small — of course, this didn't happen.

I should have given up worrying about such things long ago, but apparently I haven't.

The two preceding days had afforded good squirrel watching, too. The excitement, however, was not due to the number involved, but rather it was the who.

No lesser self that the one, the only, the greatest, Cassius Clay. He is turning out to be quite a Casanova.

★

EARLIER WHEN he has come into the neighborhood and spotted, or been spotted by, other squirrels it has resulted in fights and serious chasings away.

During the last two visits "playful teasing" describes the action. I think the black squirrel was no looking for a fight nearly as muc as he was looking for a girl friend.

And the girls were intereste in him, too. They scampered away, but not too far — what is funnier than watching a squirre being coy.

Our busy afternoon of six squirrels though, did not include Cassius. We expected him, but he never showed up — too much competition, perhaps.

So it is that Elizabeth and did manage to accomplish a littl but, but it wasn't easy, not wit all of those funny squirrel hi jinks.

OUR READERS WRITE

Unhappy Customer

TO THE EDITORS:

Like many others in Tecumseh, I am writing to complain about the service of the Dependable Garbage Company and of City Hall — not that it does any good.

We are another family who did not get the bags when we should have gotten them. After several calls to City Hall and two weeks, we finally received our bags.

In the meantime garbage was piling up in grocery bags on our back porch — for lack of any place else to put it.

I have had promises from Cal Zorn for almost two weeks now that the mess would be cleaned up — only to find no one takes care of it as promised.

Yesterday, Cal Zorn promised again, that someone would definitely come to take care of it, but nobody showed up.

Today I cleaned up the mess myself, because I was tired of my back porch looking worse than the city dump and attracting every stray dog in town.

I guess it's true that you can't fight city hall — but is it too much to ask to be told the truth? If Mr. Zorn had no intentions of having someone do the job—why did he promise to have it taken care of?

I hope his promises of what he's going to do to help Tecumseh become the kind of city we all want it to be, have more merit than his promises to individuals. If they don't, the city is in trouble.

As far as the actual system of garbage pick-up goes, I have no complaints — as of now. I honestly feel once these initial problems are solved, it will be an improvement over the old system.

Sincerely yours,
Mrs. Dorothea Sanford

Alvin Brazee Sends Regards, Hu mor North

DEAR DISPENSER OF GREAT NEWS!

Last week's issue of your valuable journal did not arrive. Please send us another, thank you.

Seem to have our best garden this season — peas, cabbage, cauliflower, onions, carrots, radishes and parsley.

Christmas morn 26 degrees, but did little damage as it didn't stay long. All January we enjoyed June weather. Only one snow shovel in town, a curiosity brought from the north with a load of household goods. Best wishes and God bless you.

Tipton Reader Sends Bouquet to Betty Flanders

TO THE EDITORS:

Everyone who talks about the Jaycee Follies seems to have enjoyed the whole program.

But it also seems to be common consensus that if you are going to give special mention to one of the many spokes that formed the wheel of success that the show had, it does seem appropriate to list all the spokes and especially the hub of the wheel, Betty Flanders, whom most people felt held the whole thing together.

Everyone involved deserves special thanks for the time and energy they expended.

Esther Blaska,
Tipton.

Long and Short

By TOM RIORDAN

After living in America for three years, Jenny and Mike Lucas are returning to Mother England.

They left Downer's Grove, Ill., last weekend via a swing through Mexico.

It was 1963 that Cherie and I accidentally met the charming couple — of all places on the upper deck of a Sudanese mailboat docked in the Nile at what is laughingly called the Aswan High Dam Port.

The temperature was about 110 degrees as we valiantly sipped tepid lemonade and waited for the craft to push off on what was to be the final leg of an Egyptian adventure.

We had a few hours earlier boarded the zany vessel, stepping off a long sliver of sand bar — that was the High Dam port — to hear half a dozen American voices.

They belonged to members of the Peace Corps who were returning from a Mediterranean vacation, between their first and second years as teachers in Ethiopia.

Bumping into these young people was an unexpected and delightful incident. As we chattered away in a little circle of wicker chairs, a young couple, carrying an assortment of camping gear, stepped on deck.

They heard English being spoken and, dumping their gear, joined our circle. That was our first meeting with Jenny and Mike Lucas. Come to find out, they were making much the same journey as Cherie and I, gliding up the Nile about 250 miles from Aswan to view the great temples of Abu Simbul.

Traveling by Sudanese steamer is an adventure. Chugging against the current, the progress was slow, but steady. It took nearly three days to get there and by the time we arrived, the 10 of us were warm friends.

The Peace Corps kids were going on into the Sudan and so at the temples, we said goodbye to them.

The Lucases and Riordans piled off, clutching an assortment of equipment. Jenny and Mike were well-prepared, bringing food and water. Innocent Americans as we were, always figuring there would be a hot dog stand around the next bend in the Nile, we had only our cameras, film and a change of clothes.

★

A FAST DEAL with the chief steward on the Sudanese steamer gave us one long, hard loaf of bread and four tins of canned goods — carrots, pears, beans and peaches.

There was a happy ending though. With Jenny and Mike we pooled our meager chow; were able to get some melons from natives living nearby and ended up fairly well fed during the two and one-half days we spent at the temples.

The trip back was fun. After nearly 60 hours in heat which topped 130 degrees in the daytime, the sad old Sudanese steamer stopping to pick us up on its return run from Wadi Halfa to Aswan, took on the proportions of the Queen Mary.

A week later when we bid the Lucases farewell in Cairo, there was the usual exchange of addresses and promises of a reunion. But these things never happen. Except, for us it did.

Mike had wrapped up his doctorate in physics at the University of Reading and six months after our parting in Egypt, the Lucases were wing-

ROTARIANS WERE FASCINATED BY TALES SPUN AT TRI-CITY DINNER BY COMICAL RED JONES

Ex-Umpire's Baseball Gags Delight Fans

By TOM RIORDAN

Obviously, former American League umpire Red Jones is one of baseball's funniest fellows.

He regaled 200 Rotarians from Tecumseh, Adrian and Blissfield Tuesday night at the annual Tri-City meeting.

A jammed dining room at Tecumseh Country Club reverberated from Red's baseball tales.

► Sample:

Sam Mele, now manager of Minnesota, was making his major league debut with the Boston Red Sox. Facing him on the mound was Cleveland's Bob Feller, then in his prime.

Feller fired a blazing fast ball right down the middle.

Jones: Striiiike!

Mele: You called that a strike, umpire?

Jones: That's right, son.

Mele: It sounded high to me.

Jones: Son, if your hearing improves, you're going to be a pretty fair hitter in this league.

► Sample:

Connie Mack was manager of the old Philadelphia Athletics, assisted by his son, Earl, with Red calling plays at second.

An Athletic wheeled into the base, obviously safe, but Jones called him out. Without a murmur, the runner trotted off the field. Nobody said a word until Red saw Earl Mack jump out of the dugout and run across the diamond.

Jones: Well, what the hell do you want?

Earl: Dad said that was a bad call.

★

THE FORMER umpire, now doing public relations work for a Detroit brewery, told his audiences Lefty Grove and Hal Newhauser were the best left-handed hurlers he saw and Feller the top right-hander.

He favored Bill Dickey as a catcher, admitting that many folks say he's wrong and Mickey Cochrane should get the nod.

Jones said he always loved to hear Casey Stengel talk to his pitchers.

One day he followed Casey to the mound when newcomer Allie Reynolds was hurling a Sunday game before 70,000 fans, who were on the hurler's back.

Reynolds: Let me stay in and get this guy, Skip.

Casey: If it was up to me I'd say OK, but these people here are beginning to talk.

The Rotarians loved Red, even if his stories took on a salty tone at times.

★

ANOTHER highlight of the evening was presentation of a national Safety-Check plaque by Paul A. Hill of the State Safety Commission to Charlie Butler, who has long chairmaned the Tecumseh club's annual promotion.

R. H. Moore was host for the affair and Jim Hazen of Adrian served as toastmaster.

Music by the River Raisin Rats, under the baton of Glenn Driscoll, preceded the dinner.

Sea Explorers Open Recognition Dinner

Representing Tecumseh in the Color Guard from Sea Explorer Ship 215 which opened the Wolverine Council Recognition Dinner last Saturday were Bill Whit[illegible] Rodek[illegible] Disbrow.

Paul Kaechle, assistant Scoutmaster, with members of Troop 4 of St. Elizabeth's Catholic Church, served coffee to over 700 people at the dinner. "Bud" Guest was master of ceremonies.

Pack 73 sponsored by the First Presbyterian Church, was represented by Cubmaster George Brady and other leaders of the cub scout pack including Mrs. Francis Packard who was honored as a five-year Den Mother. Also present was Thomas Cook, scoutmaster of Troop 73, sponsored by the United Products Workers Union, with other leaders of the troop.

★

Scouts of Troop 73 under the guidance of William Frownfelder served as service troop for setting up the Union Hall the morning of the dinner.

Gary Heistand, cub scout of Pack 17, Tipton, assisted with the presentation of the Silver Beaver awards.

A special gift of a gold Scouting key chain was given by Council President Rex Martin, to every Unit Leader present at the dinner.

The evening was closed with an Eagle Scout Recognition Ceremony. Fifteen Scouts who received the Eagle Rank in 1966 were presented an Eagle tie tac by Leo Swinehart. The tie tacs were a gift from Arthur Lesow to the Eagle Scouts. Eagles of Tecumseh so recognized were David Laidlaw and Paul F. Burns.

The United Products Workers Union donated the use of their hall for the Boy Scouts Council Recognition Dinner. Flanders Music Company donated the use of an organ for the event and Betty Flanders provided the music for the evening.

Construction Boom Takes Nose Dive

Tecumseh's booming construction era took a nose dive in 1966, according to figures released at Council Monday night.

Total estimated costs for last year is $694,838, about one-third of the 1966 figure, $2,134,000.

A breakdown of the report is:

15 Houses — $266,600.
1 High School Addition — $40,000.
1 Branch Bank Office — $80,000.
1 Boy Scout Cabin Addition — $3,000.
1 Church Addition — $7,000.
22 Garages, Carports, $23,273.
5 Industrial — $92,000.
3 Stores, Offices — $28,500.
4 Signs — $1,700.
147 Residential Additions, Alterations — $134,733.
All other buildings — $17,922.

Pack 4 Makes Special Plans

Cub Scout Pack 4 has scheduled special activities in each den for the week of Feb. 7-13 to commemorate the 57th anniversary of Scouting.

Cubs will wear their uniforms during the week. A Blue and Gold banquet will be held Saturday, Feb. 11 at 6:30 p.m. at the Youth House of the First Baptist Church.

The charter will be presented to the Rev. Blair Bashore, pastor of the church, sponsor of the Pack. Awards earned by the cubs will also be presented.

Entertainment for the evening will be music by the Contempts with Jamie McWilliams, lead guitar, Steve Maples, bass guitar and Mark Hinkleman, drummer.

All Cubs will attend mass Scout Sunday, Feb. 12 at St. Elizabeth Church at 8:30 a.m. At 10:45 a.m. the Cubs and their parents will meet at the First Baptist Church. to attend the 11 a.m. worship service.

Joseph Kauffman will recite the Pledge of Allegiance and David Myers will give the Cub promise during the service.

Federal Aid May Benefit Pit Building

Application for Federal assistance in construction of a new 60'x40' building at the Pit was approved by Council Monday night.

The new building will include restrooms, dressing rooms and a registration room. Cost, including a lift station and new sewer and water lines, is estimated at $55,400.

If Federal aid is approved, the city will receive about $27,000. The rest of the money will come from the Community Fund Foundation.

Hard Work Goes Backstage

By LORI EGLI

Behind every musical show there's a hardworking crew that has spent many hours of building, hunting, sewing, gathering, counting and painting.

Man in charge of all backstage work for "Annie Get Your Gun", the Tecumseh Players coming musical, is Ronald Wisner.

Ron is another new talent with the Players

Before his move to the Tecumseh area to join Tecumseh Products as an engineer, both Ron and his wife were active with the Nankin Players in Detroit of which he was vice-president.

Not only has he organized the working crews, but also designed and helped build the eye-catching scenery for "Annie".

Ron's right-hand man on the construction of this set has been Duane Steele. Ray Aylesworth, Preston Caswell and Roland Von Kahler are also on the building and painting crew.

★

Wardrobe mistress for "Annie" is Mrs. Fred Warner of Clinton, another new talent, who formerly had been with the Civic Theatre in Kalmazoo.

The mother of three girls and a fulltime employee of the Tecumseh Products, Mrs. Warner still is finding time to gather all the costumes needed for "Annie" and its large cast of 39 people.

Joyce's husband is the village electrician in Clinton.

Betty Brewton, Mrs. Warner's assistant, is a counselor at the Girls Training School in Adrian, and has worked before in the Ann Arbor Civic Theatre. Also assisting with costumes is Marge Rohweder.

★

RICK SKINNER, who has helped the Tecumseh Players behind the scenes in the past, is again in charge of lights. This time he will be adding the extra attraction of black lights to highlight some of the dance scenes.

In charge of the properties is Mrs. Jule Fosbender.

Mrs. Ray Aylesworth is head of the make-up committee, and Mrs. James Vanzo is in charge of the house.

Tickets, which are $2.50, are available at Flanders Music Store, Wright's Drug Store and Gambles. The show opens Feb. 16 and will run for three consecutive week-ends at the Tecumseh Community Center.

Zoning Upheld

Judge Rex B. Martin of circuit court upheld the City of Tecumseh zoning ordinance specification in reference to average setback position in regard to property owned by Frank Horton on N. Union St.

The decision was handed down Feb. 3 according to the office of Beardsley, Conklin and Forsthoefel.

Proceedings started in 1966.

Doesn't it seem that trouble — like snow — should be spread about a little thinner and not all dumped in one place? **Clayton Cousino**, who works at Corrugated Box Company, has a farm on Staib Rd., where the **Palm Sunday tornado** knocked down his barn two years ago. Last week — yeah, that's right — the snow caved in the roof of the new tool shed, built since the earlier storm.

Trouble comes in bunches for **John Frownfelder**, 10, who fell out of a tree last summer seriously jamming the bones in both wrists. While sliding Monday he fractured his left arm above the wrist and fell in the pond, getting soaked to the chest. He is the son of **Mr. and Mrs. William Frownfelder** of River Acres Dr.

This week's **Through My Window** came in stunning red. Columnist **Marda Gene Duncan** explained, "I could say that it was in celebration of Valentine month, but a bit closer to truth would be that we simply wore out the black band on the typewriter ribbon and can't seem to remember to get a new one."

Miss Duncan's word machine is kept humming these days. Her newest writing chore is a regular piece for **The Purple Martin Capital News**, published in Griggsville, Ill., and distributed to bird watchers all over the U. S. A.

✓

"Fast work, wasn't it," smiled **Leonard Mason**, 503 Cairns St., when he called to say his three-week classified ad in **The Herald** could be killed in its final two issues. Reason: Leonard sold his 1960 Plymouth shortly after the ad ran the first time. All told, Leonard had three quick calls.

✓

The January calendar didn't get flipped in time and the date for the **Valentine dessert bridge** and **fashion talk** by **Evel and Dean of EvelDean Salon** was printed in last week's Herald as Friday, the 13th. Luckily the tickets are going good anyway, says **Mrs. C. L. Cook**, but the date is **MONDAY, Feb. 13**, at 8 p.m. in the Presbyterian Church. All tickets are by advance sale, and they may be obtained by calling the church office, Mrs. Cook, at Don's Beef Buffet or Mrs. Fred Dickinson at Adrian Savings and Loan, Tecumseh.

✓

Mrs. Robert Stone reports that the recent weekend her family spent as guests of the **Albert Pick Motel** in E. Lansing was a **"smashing success."** The couple and sons, **Lewis, Robert** and **Bill**, found the accommodations luxurious. The weekend of fun was won in the recent Albert Pick Hotel contest sponsored by Tecumseh merchants. "The food allowance was so generous that we couldn't eat it all!" she said. The Stones buzzed about visiting friends in the area and got in a bit of R and R, as the boys in service call rest and relaxation.

✓

"Please don't miss one paper," wrote **Mrs. Byron Covell** of Adrian. "I look forward to it every week and I enjoy it." With this gracious lady's check in hand, **The Herald** promises prompt delivery every week, unless the mail truck gets stuck.

✓

Hey, you cowboys and gals. **The Tecumseh Players** is yelling for help in costuming the cast for the current production of **"Annie, Get Your Gun."** Needed are western-style outfits, boots, hats, vests and shirts — also old-fashioned stiff front dress shirts, old-fashioned ball gowns, fans and full petticoats. **Betty Steele, 423-3387** is waiting for a call from anyone wishing to lend any of these items. **Dick Boyd, 423-2147** will also be glad to take your call.

Sights UFO Near Macon

A flying saucer was sighted over the home of Ruth Kuder at 6400 Clinton-Macon Rd., near Macon at 7 a.m., Tuesday.

Alerted by her sister, Mrs. Allan Wise, who lives next farm to the east, Mrs. Kuder says she looked out her west window and saw the strange-shaped aircraft approaching at "terrific speed" from the west, sounding like a large bomber.

As it zoomed over the house, she ran to the east window but was unable to see it anywhere on the horizon.

Seconds earlier, Mr. Wise was outside getting into his truck to go to work when he saw UFO approaching. He called to his wife, who watched it approach and telephoned Miss Kuder.

★

Described as an object which resembled two cymbal - shaped discs, it had a bright yellow light near one end. "The whole thing glowed," Miss Kuder said.

Ice and Speed Bring Injuries in 3-Car Crackup

Three cars piled up and three men were injured Sunday afternoon when a car driven by Larry James Loague, 18, of Livonia spun around on an icy curve east of Clinton.

The westbound Loague car skidded sideways in front of an eastbound car driven by Robert H. Bolyard, 30, of 1702 Shepherd Rd., Tecumseh. When the Loague and Bolyard cars collided, a third vehicle driven by Paul Gommoll, 58, of Detroit approached from the west and hit with the Bolyard car.

A passenger in the Loague car, Elwood Bengry, 18, of Manchester had serious possible back and internal injuries. Bolyard had severe scalp cuts and punctured left leg.

Loague received a small head cut and was given a summons by Clinton State Police for violating the basic speed law.

The injured were treated at Herrick Memorial Hospital.

Action Line Nips Road Commission

The State Highway Commission announced Monday that work is scheduled during the next 30 days on installation of a school flasher light on M-52 at Birdsall School in Lenawee County.

In response to an inquiry by a Mrs. R. F. of Adrian, the Detroit Free Press Action Line convinced the Michigan Traffic Control Division of the danger, subsequently the work order was switched from the standard nine-month waiting list to a 30-day "hurry-up" status.

Action Line said as soon as streets are widened, another light will go up two blocks away. The Birdsall PTA raised the money to put up the flasher light.

ing their way to Chicago, where Dr. Lucas was joining the Atomic Energy Commission's installation at Argonne, Ill.

Jenny accepted a post with the British Consulate.

Bringing their marvelous English accents and all, the Lucases were guests of the Riordans in Tecumseh on several wonderful weekends.

One summer, they buzzed over for the Fourth of July and that was the year Tecumseh had a giant parade and celebration. We kidded Jenny and Mike, telling them it was staged especially for them.

They never forgot.

A letter from Jenny last week noted:

> "We shall always remember our Tecumseh visits, perhaps especially the July 4 year and the marvelous town festivities. That was the real America and perhaps it is especially moving as an outsider to witness another country's national pride.
>
> "So you see we really loved it all — more than words can easily say!"

In that parade the Jaycees had a float to re-enact the flag-raising on Iwo Jima. As it rolled by, the Lucases looked in wonderment and then asked, "What's that all about?"

I explained it depicted one of the most famous pictures taken of American action during World War II, confessing I thought everyone on the globe knew of it — a probably typical American conception.

★

MIKE LONG had his heart set on teaching in an English university and about six months ago made some inquiries. He was soon offered a spot and that's how it is he and Jenny are returning home.

Already the Riordans, kids included, are talking about a visit with them in Great Britain.

Sound real fantastic. But then how would you describe that trip up the Nile?

Top Notchers 4-H Members See Film on Beautification

A beautification film, "No Time for Ugliness" was shown by Mrs. Carlton Cook to the Tecumseh Top Notchers 4-H Club at its Jan. 31 meeting.

The program, sponsored by the Little Garden Club, included slides of Tecumseh to compare with the film, which is provided by architects from all over the United States.

During the meeting Pearl Knisley led songs.

Refreshments were provided by Mr. and Mrs. Richard Alexander, Mr. and Mrs. Charles Fitch and Mr. and Mrs. Joseph Mannino.

The next meeting will be Feb. 28 at the Tecumseh Community Center at 7:30 p.m.

The program will be a dance for club members and their guests.

Brenda, Sherry and Muriel Kelley will be in charge of the dance.

The dress for the dance will be school clothes.

Legion Sings Praises of Robert Gillespie

Praise, awards, a giant strata-rocker and displays of warm friendships were lavished on Robert M. Gillespie Saturday evening.

They came at the testimonial dinner for the 18-year veteran service officer of Tecumseh Underwood-Orr Post of the American Legion.

Attended by 125, the affair was held at the Post Home.

Top Michigan Legion officials were on hand, along with local Legionnaires, friends and family.

"Bob's record is a challenge to us," said Frank Sperti of Battle Creek, Michigan vice-commander and the evening's speaker.

He pointed out how the assistance to ex-servicemen and their families by Mr. Gillespie was in the finest tradition of the Legion.

"Men of Bob's calibre founded the Legion in 1919. These World War I veterans are the men who gave us the GI Bill of Rights (in 1944)," he said.

Mr. Sperti noted that the Legion is striving to promote better communities, states and nations, not just be on hand for Memorial Day ceremonies.

"When we pay tribute to Bob Gillespie, we pay tribute to all the field service officers in Michigan."

★

THE GUEST expressed concern over the drift in America towards citizenship lethargy, "let 'em eat cake" attitude.

"What's wrong with being patriotic? What's wrong with wanting to help your fellow man? What's wrong with wanting to maintain law and order?" he asked.

These items are keynotes upon which the Legion is built and best exemplify the long service of Bob Gillespie, Mr. Sperti said.

"Bob has demonstrated perseverence," he added. "He believes in his city, state and nation. More important he believes in himself. This is a tribute to his family.

"If ever we needed more Bob Gillespies we need them now," he told the audience.

Michigan Commander Edwin J. Schuitema of Zeeland talked briefly, lauding Mr. Gillespie's record and then presented him a citation "in recognition of his many distinguished years as service officer for Underwood-Orr Post. His devotion to duty is hereby most highly commended."

An Award of Merit in bronze was given by Commander Charles Houghtby and read, "For untiring and faithful hours spent as service officer."

★

MR. SPERTI had a special gift for Mr. Gillespie, a copy of "The American Legion Story" with a variety of inscriptions on the flyleaves.

Wrote Mr. Schuitema: "May you receive as many blessings as you've given."

"A great Legionnaire," penned Thomas Kouri of Detroit, state adjutant who also was on hand for the program.

"Your devoted service is a shining example for the younger generation of Legionnaires," noted Don Davenport, public relations chief of the Michigan Legion.

Bob's sister, Mrs. Mary Platt, and son, Mead, of Benton Harbor and her brothers and their wives, Mr. and Mrs. Frank Perrin and Mr. and Mrs. William Perrin and Mr. and Mrs. Don Johnson and children of Kalamazoo were among those attending.

Linda Easton took the weekend off from classes at Western Michigan University to be on hand for the banquet in honor of her grandfather, with her family, the Harold Eastons.

Carl Luegge was dinner chairman, assisted by Dick Colson, Don Maves, Dick Purkey and Dick Cangley.

Pvt. Sparks Will Leave for Overseas

Rotary Club To Celebrate Anniversary

Tecumseh Rotary Club will observe its 39th year here at its regular meeting next Tuesday night.

Of the charter members, Perry Satterthwaite is the only remaining active member. Two others still living are O. W. Laidlaw, now of Ft. Myers, Fla., and Dr. R. G. B. Marsh, Boulder, Colo.

Second generation members and dates they joined here are R. H. Moore, club president, in 1943 and Bill Wright, 1967. They followed R. S. Moore, 1928, and Don Wright, 1928.

Rotary International will mark its 62 years of existence Feb. 23. Of the 12,500 Rotary clubs around the world, Tecumseh's charter number, 2733, makes it one of the oldest.

Notice
how many new cars
look like old Pontiacs?

What'll they copy next year?

Other carmakers have already tried to copy our split grille, our stacked headlights, even Wide-Track. Of course, they haven't learned how to put them together right. Which is probably why people are buying 1967 Pontiacs even faster than they bought 1966 Pontiacs. And 1966 was our best year ever.

It seems that a lot of people don't want to wait around for innovations like our disappearing windshield wipers (articulated wide-sweep wipers—the kind you still get only on Pontiacs). And for imaginative options like our exclusive hood-mounted tach.

People like the idea that powerful 400 cu. in. V-8s are standard on all the big Pontiacs this year. And that nobody has even come close to the regular-gas 165-hp Overhead Cam Six that powers our Tempest series.

And people like knowing that all Pontiacs and Tempests come with the complete General Motors safety package.

Of course, somebody else may come up with a pretty good imitation of a 1967 Pontiac. In a year or two. But why wait? Your Pontiac dealer has the real thing right now.

Jane DeYoung Marries Kenneth Scheibach

Jane A. DeYoung and Kenneth Scheibach were united in marriage Saturday afternoon by the Rev. Fr. Thomas Collins at St. Elizabeth Catholic Church.

Parents of the couple are Mr. and Mrs. Gerald DeYoung, 1020 River Acres Drive and Mr. and Mrs. Stanley Schiebach of Dexter.

The bride, given in marriage by her father, wore an A-line gown of white satin with Alencon lace trimming the hemline, trumpet sleeves and detachable train.

MRS. KENNETH SCHEIBACH

Her fingertip veil of silk illusion was secured by a satin rose. She carried a cascade of stephanotis and craffula foliage centered with a corsage of eucharist lilies.

Mrs. Eric Anderson of Grand Rapids served as her sister's matron of honor in a floor-length gown of deep gold faille fashioned with elbow length sleeves, scoop neckline and a back panel attached with a bow at the waist.

She wore a brief veil of silk illusion held in place by a velvet ribbons accents.

Kathy Scheibach, sister of the groom, was the bridesmaid attired as the matron of honor.

Airman Graham Nader of White Cloud served as best man and the guests were seated by Lieut. Thomas DeYoung, brother of the bride, and Ross Mast, also of White Cloud.

A reception was held in the parish hall. The rehearsal dinner was given by the groom's parents at Don's Beef Buffet.

The newly married couple live at 705 W. Chicago Blvd.

Indians Must Beat Grosse Ile To Keep Second

Tecumseh's chances of hanging onto second place in the Huron League will rest largely on the outcome of the Indians' game with Grosse Ile Friday night.

GI rallied here for a one-point victory over Tecumseh last month, after Tecumseh had led practically throughout the game.

Coach Vic Lawson's club is no more than 50-50 odds to win at GI, who bowed last week to Airport.

Tecumseh's up and down team, however, has been mostly up lately and could trim the Red Devils on their home court.

It isn't a stink pink or a stinky pinky, but it is a stinkity pinkity and appropriate for February, too. Clue is a "secret lover". Guests at a recent shower for Mrs. Rick Holdridge were amused with a new word game introduced by Jean Barton called "Stink Pink".

A clue is given along with one of the aforementioned "silly explanations" which denotes whether the answering two rhyming words are one, two or three syllables. Example: Stinkity Pinkity — An evil preacher is a sinister minister.

Humph—our forceful publicist — stink pink (cross boss) suggests that we "Get the paper out".

Okay, Okay — answer is at end of column.

Joyce Brieschke, Jim Stites Speak Vows

Joyce Ileen Brieschke, daughter of Mr. and Mrs. Elmer Brieschke of Blissfield, became the bride of Jimmie Lee Stites, son of Mr. and Mrs. Lloyd Stites, 1954 Russell Rd. n a candlelight ceremony Jan. 21 at St. Paul's Lutheran Church in Blissfield with the Rev. Vernon DeVantier officiating.

The bride, given in marriage by her father, wore a formal gown of Chantilly lace wth tiered lace front. The neckline was edged with pearls and sequins and the sleeves tapered to points over the wrists.

Her veil of illusion fell from an arrangement of satin petals edged with pearls and she carried white carnations and red roses.

Mrs. Larry VanLoocke was her sister's matron of honor, dressed in a green velvet and crepe floor length gown.

The bridesmaids, Diana Stites, sister of the groom, and Mrs. David Miller of Blissfield wore floor length gowns of gold velvet and crepe and carried gold and green carnations.

Mr. Stites brother, Gordon was best man. Ushers were Eldon Miller and John Spreeman.

Mrs. Melvin Rodesiler was the organist and Mrs. Robert Seeger, cousin of the bride, sang "Whither Thou Goest" and "The Lords Prayer".

After the ceremony the reception for 200 guests was held at the Palmyra Community Hall. Mr. and Mrs. Bernard Hackett aunt and uncle of the bride, were hosts.

The bride, a graduate of Blissfield High School and Victors School of Comptometry of Toledo, is employed at Bixby Hospital, Adrian.

The groom, a graduate of Tecumseh High School, is employed at Tecumseh Products Co.

The couple live at 711 Bent Oak Avenue, Adrian.

Medic Self Help To Train People for Emergencies

The Auxiliary of the Hall-Slater Post VFW is sponsoring a Medic Self Help program, starting Feb. 13, at the Post Home from 7 to 9 p.m. each Monday evening for eight weeks.

The program is designed to provide information and training to people of the community to prepare them for survival in time of disaster when services of a physician or other health personnel are not available.

"Civil defense preparedness is not for war emergency only, but is a must in everyday life," Mrs. Walter Mueller, Civil Service Chairman for the Auxiliary, stated Tuesday.

"A person should know what to do and how to help in home and auto accidents, explosions, fire, flood or any disaster," she continued.

The program is available to anyone without charge. It was offered to this community for the first time last winter, sponsored by the American Legion Auxiliary under the direction of John Saling, Civil Defense director.

More information is available by calling Mrs. Mueller.

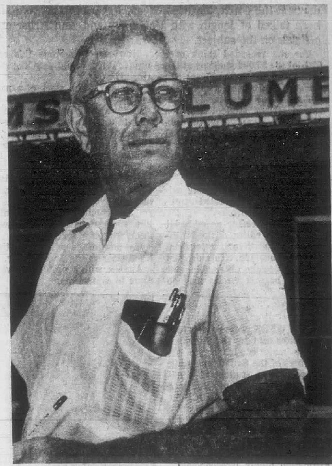
Bad Winter Plays Havoc with Budget

If the city — and others — had its way, there would be no more snow and ice this winter.

Tecumseh's budget for snow removal is approximately $2,500. As of Feb. 1, the city had spent this much on salt alone.

Cal Zorn, city manager, told Councilmen Monday night that costs were being covered by withdrawing from other city funds.

He also warned officials that the weather had accounted for considerable breaking up of streets and major expenditures this spring for re-surfacing are likely, especially if the break-ups continue.



GOING TO RETIRE — Howard Truesdale is planning to retire and close up his Tecumseh Lumber Co., which he opened 12 years ago. "We wish to thank our many friends and customers," he said Tuesday. "The entire stock will be sold. Watch The Herald for future sale notices."

LANSING REPORT

By GIL BURSLEY

Citizens of Michigan - parents as well as students — have been deeply disturbed at recent publicity involving some students at the University of Michgan. I share this concern and have talked at length with University and Ann Arbor city officials on the subject.

For the record I think over 99% of the 35,000 students at the University are good citizens and working hard at their studies.

The first of these incidents involved alleged student use of a drug, LSD. Remarks on the subject were part of a professional presentation made by a respected physician at a meeting of the Washtenaw County Medical Society.

No specific substantiating evidence has been presented or obtained as yet.

Shortly thereafter an editorial by a student editor of the Michigan Daily called for the legalization of marijuana. This drug is relatively easily obtainable and in some beatnik circles may be smoked.

★

LAST WEEK press reports told of a letter sent by the Michigan Senate majority leader to all members of the Senate enclosing a speech by a student at a national convention of Students Democratic Society" (SDC) in Iowa last August.

This was a "working paper" offered by one student. The group did not adopt it but it was certainly controversial and in my estimation highly irresponsible.

Most recently the Cinema Guild, a student organization at the University of Michigan, which has previously shown many meritorious films, had a show stopped and the film seized by the Ann Arbor Police on the grounds that it was obscene.

Frankly, from persons who viewed the film and whom I trust, I would consider the film unquestionably objectionable and any arguments about its artistic merits a lot of hogwash. I think the police were right in stopping the show although final judgment is a matter for the Courts.

Charges have been preferred against four persons responsible for showing the film and I think the University right in refusing to pay for legal counsel for the defendants.

★

PERSONALLY, I have always supported the freedom to present any viewpoint as long as it was not seditious or treasonable.

However, there are certain bounds of propriety and morality that must be observed. This particular Cinema Guild film I consider a flagrant violation and I certainly support the action of the police in seizing it.

Let me repeat my conviction that only a tiny percentage of the students at the University of Michigan are involved in any of these controversial affairs.

Most college students are serious, of high scholastic attainment and intent upon obtaining a good education. Admission is very selective — you have to be good to get in. However, one can always have a few bad apples in the barrel.

★

I THINK these few episodes have been sensationalized by the press and exploited by the few responsible for them.

I think parents with children at any of our state universities can rest assured that most students live and work in a proper atmosphere — and are good citizens and will continue to be so.

Nonetheless, I want you all to know that your local legislative representatives will be watching carefully all episodes of the types I have described. Our state university system is second to none in America and we want it to continue that way.

★

Your Lansing Report will be brought you regularly during 1967, touching affairs in Lansing not otherwise generally covered by the press.

Sometimes I will refer to bills introduced and under consideration which I think may be of more than passing interest to citizens of this area.

How can I improve this column? What would you like discussed?

We are at the start of a new legislative session and there is still time to introduce new bills and to recommend amendments to existing laws. Write me on any of these subjects at the State Capitol, Lansing.

Many school groups as well as individual citizens like to visit Lansing during sessions. Write me in advance when you know you are coming or if you would like suggestions as to the most interesting day for a visit.

My new office will be on the third floor in the Senate wing.

Anyone with a problem is welcome to contact me.

Sorority Plans Future Teachers' Orientation Day

Mrs. Gordon Garlick, Mrs. Robert Blanks, Mrs. Robert Kelty, Mrs. John Jones and Mrs. Russell Schultz were among 42 members attending the Alpha Chi Chapter of Delta Kappa Gamma Sorority luncheon Friday.

They ate at the Eagles Home in Adrian during the noon recess of the Lenawee County Institute.

Plans were announced for the Adrian College Planetarium Family Night Tour Feb. 11 at 8 p.m.

Arrangements for a new project — the first of its kind in Lenawee County — were finalized for a "Future Teachers Orientation Day".

It is being sponsored by Alpha Chi Chapter and will be held all day, April 8, at Siena Heights College.

The event is open to all sophomore, junior and senior high school students of the county interested in the career of teaching.

WVAC-FM New Station

ADRIAN — Lenawee County's newest radio station, WVAC-FM, "The Voice of Adrian College," goes on the air this Monday at 3 p.m.

A 10-watt station located at 88.1 on the FM dial, the station will be engineered and operated by Adrian College students. It will feature easy listening music and general community interest programming from 3 p.m. to 7 p.m. Monday through Friday of each week during the school year.

Louis Saalbach, director of radio at the college, said the opening of the station culminates several years of planning and building for the Mahan Hall facility.

The 10-watt effective power of the station will allow it to be heard within about a 10-mile radius of the college.

Easy-listening, light music interspersed with community-interest programs will feature the programming of the station. Campus news, special events and student talent will also be spotlighted from time to time.

★

CURRENT PLANS call for popular, light classical and jazz music early in the afternoon, followed by a supper hour program entitled "Montage." This includes a mixture of news, sports, information on campus events and additional music.

Other programs now being finalized will include campus talent, features for women, a feature program with in-depth studies of current events or historical items, and a Playhouse '67. The latter includes student-written plays, student-produced plays written by the artists through the ages, and other programs relating to drama and the theatre.

Planning for the station began in 1964. The studios in the basement floor of Mahan Hall were completed some time ago, and the 78-foot tower alongside Mahan Hall was erected last fall.

The control room and studios are equipped with the latest in turn-tables and control facilities. In all, some $10,000 in equipment is on hand in the building.

Our Readers Write

TO THE EDITORS:

I have been much interested in the accounts of the old days in Tecumseh which have appeared in The Herald. Mrs. Floyd Bryan wrote one recently which brought to me a flood of memories. I was moved to write down a few of them.

The local Chamber of Commerce is missing a chance to advertise our town. They should place a sign on M-50 at the northeast corner of Division and Chicago Blvd. saying "George Washington slept here".

This would be historically correct, as George not only slept there, but lived there for some time. He was a respectable colored gentleman, and as a small boy I saw him coming and going about town many times. I regret that I know nothing about his background.

In that day the blacksmith was an indispensible man. As a boy I remember three shops, each operated by one of three Elliott brothers. There was Rob on Logan St., Tom on South Pearl St., and Jim on S. Evans St.

In the winter time they employed two or three smiths, and at times there were long lines of horses waiting to be shod. They worked from early morning until late at night. I enjoyed going to the shop and watching them.

★

ONE DAY as a small boy I went with my father to Tom's shop to get our team shod. We had to wait our turn in line. It came noon, and being a typical boy, I became hungry. I complained to my father and Tom heard my plea.

He sympathized with me, dropped his tools, and said to me in his Irish brogue, "Come on, me boy," He took me out the back door of the shop and into the kitchen of his house (now Mel Partridge's home). He spread a large slice of bread with butter and on top he sprinkled a bit of sugar. I have never eaten anything that tasted better.

Gaston's Jewelry Store, at that time, was at the same location on Chicago St. as it now is. Besides jewelry they sold school books, paper, pencils and other school supplies. At the front of the store was a watch repair shop where Mr. Dickinson, father of Fred Dickinson, Sr., worked.

I can see him yet with his eye glass screwed into his eye, working on the delicate mechanism of a big old pocket watch. There was John Gaston, who was usually first to greet you as you entered. John was a very jovial fellow who made friends with everyone.

★

MY FIRST contact with him was the day I went to the old Tecumseh High School for what was the most cruel ordeal ever devised. It was the eighth grade exam which all country school pupils must pass before they could enter high school.

I was most uncomfortable in a brand new suit and in a strange environment. I went into Gaston's store to get some writing material, feeling out of place and very dejected. John must have sensed this as he met me and talked to me and kidded me a bit, asking questions and seeming interested in me. As I left he wished me luck with my exams. This helped my spirits immensely. I have always felt grateful to him for those kind words.

Another man I remember, but in a different way, was Lucius Lilly. He was the town banker and lived in a large white house, still standing on the southwest corner of S. Union and Pottawatamie Sts. He must have been quite well-to-do. He owned a smart team of jet black driving horses, for which he is said to have paid $500, a fabulous price at that time.

He had a man who did nothing else but take care of them and drive him wherever he wished to go. His vehicle was a stage-coach type with a collapsible top, usually open. There were two seats facing each other and a coachman's seat high up in front.

Mr. Lilly usually rode alone in the back seat, and he looked very distinguished with his white beard and tall silk hat. It was hard for me to resist an impulse to throw a snowball at that hat.

These are a few of the old residents of the town in the early years of the twentieth century which are among my boyhood memories.

SANDRA KEITH

Sandra Keith Is Leader of Rainbow

Sandra Keith was installed worthy adviser of the Adrian Assembly, Order of Rainbow for Girls Jan. 25 in the Masonic Temple in Adrian.

Cathy Vance is recorder.

The installing team included Cindy Calhoun, music; Diane Lake, soloist and the Rev. James Brantingham.

Miss Keith, daughter of Mrs. Harvey Carpenter, has been a member of the Rainbow Girls for four years. She is a senior at Tecumseh High School.

Mr. and Mrs. Melvin Ruettinger, Mr. and Mrs. Stanley Miller and Mr. and Mrs. Delbert Tallman, Jr., of Clinton, are on the advisory board.

Kiwanis Club Hears Budd Co. Representatives

Representatives of the Budd Company of Clinton spoke at the Tecumseh Kiwanis Club meeting.

William Kroeger, personnel manager, told in some detail about the 6½ million expansion being undertaken in the local plant which manufactures disc brakes.

Following his remarks, Richard Tarske, plant manager, discussed disc brakes and three of their characteristics: non-fade, extended life and effectiveness when wet.

A film, "Making Tomorrow Today," also was shown featuring another area of Budd Company work.

Ladies' Night will be held Feb. 16 at the Lenawee Institute where special events for the guests and the school are planned.

This week's program, being planned by Russell Scott, will feature Louis Champagne of Toledo, speaking on the "Big Brother Program."

———o———

Valentine's Day has special meaning for the Clarence Brocks this year. That is the day their son, Sp/4 David Brock, will receive his army discharge after spending the past year in Vietnam.

NEED A JACK? — All kinds of cars were getting stuck in recent storms, as workmen struggling to get the derailed NYI train back on the tracks will testify. The engine slipped off at the N. Evans St. crossing near Moore Lumber last Wednesday, creating detour of traffic in both directions for one and one-half hours.

Guest of Honor

Mrs. John Seay, 605 Adrian St., was guest of honor at a cradle shower Tuesday evening at the home of Mrs. Thomas Stadler, north of Clinton.

Co-hostess was Mrs. Gerald Newman of Milan. Among the 10 guests were Mrs. Seay's mother, Mrs. Harold Calhoun and grandmother, Mrs. Clarence Follis and friends from Tecumseh and Clinton.

Games such as blindfolded dipping of cotton balls from one bowl to another, stork bingo and a spelling bee with alphabet macaroni were played.

A small cradle and pink and white streamers trimmed the gift table.

Rosy red punch, cake and coffee were served.

Lois Alderdyce Wed in Kalkaska to James Kantz

Mr. and Mrs. Marion W. Alderdyce, formerly of Tecumseh, now of Kalkaska, announce the marriage of their daughter, Lois Anne, to James A. Kantz which took place Feb. 4.

The Rev. Gordon Turpenning performed the ceremony at the Methodist Church in Mancelona.

The bride is a graduate of Milan High School and Eastern Michigan University. She was a teacher in the Sault Ste. Marie system until her marriage.

Mr. Kantz is formerly of Chicago. He is the son of Mrs. John J. Kantz and the late Mr. Kantz.

The newly married couple will live at Manistee Lake, R. 1 near Kalkaska.

Seven Vehicle Crackups Are Checked by Tecumseh Police

Tecumseh police investigated seven mishaps during the past week, but none involved injuries to drivers and passengers.

A resume is:

Feb. 2 — Thomas A. Riordan, 510 Nokomis St., reported his car damaged while parked on Shawnee St. by the Junior High. Other driver is unknown.

Feb. 3 — John E. Saling II, 16, of 210 S. Oneida, was parking and John H. Nearhood, 34, Riga, was passing when they scraped in downtown Tecumseh. Neither was cited.

Feb. 3 — Marie E. Parish, 24, Adrian, hit a hole on S. Occidental and then lost control of her car on the ice. She ran into a parked car owned by Eunice Mae Pierson, 32, Cleveland, O.

Feb. 4 — Leonard W. Gamber, 30, Tipton, was cited for an improper left turn after a mishap with Judy Lee McMichael, 20, of Tipton. Accident occurred at N. Ottawa and Logan Sts.

Feb. 4 — Raymond L. Smith, 32, of 2223 Taylor Rd., was charged with failure to yield the right of way after he backed into the path of Donald B. Bucheimer, 27, of 510 E. Chicago Blvd., on N. Maumee St.

Feb. 5 — Eva K. Kelley, 43, of 710 Ternes Rd., was cited for an improper left turn after colliding with Harold R. Rhora, 29, Clinton, at N. Evans and Logan.

Feb. 5 — Harold R. Meade, 1209 Murray Dr., reported that he backed into another car at the Community Center. Other vehicle is owned by Jennings Farm Machinery Co. of Ann Arbor.

Police Nab 2 Burglars

Two Battle Creek men, charged with two burglaries here and one other theft, were arrested and brought back to the Lenawee County jail by Police Chief Murell Clark Tuesday.

Roy G. Seagraves, 37, a parolee from Oregon, and Frank C. Mobley, 24, waived examination Wednesday at Adrian and will appear in circuit court before Judge Rex Martin Friday for sentencing.

Both are presently confined under $5,000 bonds.

Last Friday, the two men entered the Michael Cook home at 303 Russell Rd. and took a stereo, TV, electric razor, electric can opener and between 30 and 40 records.

The same day, they entered Berniece Creger's home, 415 S. Evans St., and swiped clothing.

Earlier, they had taken two coats, belonging to Norma Beasley, 207 N. Democrat, and Richard Turnboll, Manitou Beach, from Bob and Ruth's Bar, downtown Tecumseh.

Chief Clark says many other burglaries in the Battle Creek area have been admitted by the men.

Leroy Heistand Is Cubmaster of Tipton Pack

The new cubmaster, Leroy Heistand, had charge of the Feb. 2 meeting of Tipton Cub Pack No. 17.

The following awards were presented:

Roger Cook, Bear badge.

Donald Heistand, Wolf badge, gold arrow and silver arrow.

Gary Heistand, Bear badge, gold and silver arrow.

Daryl Thompson, gold arrow and two silver arrows.

Bobbie Thompson, Wolf badge.

A balloon-breaking game was led by a father, Homer Trettin.

While Cubmaster Heistand talked with parents, games were conducted for the children by Den Mother, Mrs. Heistand and assistant Den Mother, Mrs. Robert Thompson.

Indian Fan Club Faces Important Business Session

A general meeting of the Indian Fan Club has been scheduled for Monday Feb. 13 at 7:30 p.m. in the high school gym.

Fan Club president, Glen Work, stated "this meeting of the IFC is one of the most important sessions ever scheduled.

"The Club must decide whether or not it wants to back the Physical Fitness Program of the school by purchasing some of the vital equipment."

Plans for the April 15 All Sports Banquet will also be announced.

The role the Fan Club in purchasing additional seating for the football stadium will also be discussed.

"All members are urged to be present," said Mr. Work, "To help the cause along, we'll even serve refreshments."

SCORE! — Well, we put up a good battle, but Old Man Winter came out on top in Sunday's decisive victory over Tecumseh folks. Mike Sharp's basketball hoop attested the fact that he's just a few steps ahead of us people, who are still trying to shovel out of his win.

Co-Chairmen Report $436.20 Collected

Co-chairmen Mrs. Norman Sisty and Mrs. Arthur Hoffman announced Tuesday that a total of $436.20 was collected by volunteers Monday evening for the March of Dimes.

Mrs. Sisty said that they were pleased with the results of the drive even though the weather conditions were normal for volunteers, just awful cold."

Mrs. Sisty and Mrs. Hoffman assigned the workers to zones and refreshments were served at the Veterans of Foreign Wars Home when they returned from canvassing.

Members of the American Legion have yet to canvass S. Evans St., Blood Rd., Paul's Trailer Court, Mill Hwy., Newburg Rd. and Tonneberger Dr. funds collected will be reported in a later Herald.

Chairmen of the drive extend special thanks to Michigan Producers Dairy for the canisters, Kroger's for coffee, A & P for doughnuts, Betty Flanders for publicity on WLEN and WABJ for special announcements, the volunteers, The Tecumseh Herald and the Adrian Daily Telegram.

List of volunteers by zone include many teenagers of the city:

Club Hears of Composer Carrie Bond

Mrs. Earl Mason was the guest speaker and performer at the meeting of the Music Makers Club Feb. 5 at the Friends Church.

She chose "The Life of Carrie Jacobs Bond," as her topic and told about living in the same city with Mrs. Bond at one time.

Carrie Jacobs Bond was an American composer who received special recognition from the Federation of Music Clubs.

President Jeanette Mannino conducted the business meeting when the members decided to have a banquet in April.

Miss Mannino appointed Jamie Danforth as chairman. She will be assisted by Dan Bush, Wendy Vollmer and Dianne Mannino.

The Music Festival participants will present the program for the next meeting, March 5 at the Friends Church.

Mary Pobuda played two organ solos. It was announced that February has been designated as American Music Month by the National Federation of Music Clubs.

Refreshments in a Valentine theme were served by San Brantingham, assisted by Jim Danforth.

Methodists Hold School of Christian Missions

The Tecumseh area Methodist Churches held a successful school of Christian Missions at the Tecumseh Methodist Church during four Sunday evenings in January.

Participating churches were Tecumseh, Macon, Ridgeway Grace and Clinton. Each was responsible for supplying teachers, workers and refreshments for one night.

Over 100 attended each evening.

★

SERVICES began with a guest speaker on a mission theme.

Mrs. Lawrence Ward from Milan spoke on "Affluence and Poverty" to youth, stressing that poverty includes spiritual as well as material poverty.

She urged the audience to work as hard in overcoming spiritual poverty as in combating material poverty, saying the two go together.

Rabbi Harold White from Ann Arbor spoke on the theme "When Christian and Jew Meet".

He reminded the Christians present that their heritage is a Jewish-Christian one and briefly outlined Jewish history and customs.

He stressed the things Jews and Christians have in common, one being a particular concern for the well-being of the family.

★

THE REV. LEWIS REDMOND, pastor of the Cass Avenue Methodist Church in Detroit, spoke about the poverty that exists in the inner city and how the church is ministering to those people, through educational opportunities, recreational facilities, legal and others.

He said that these deeds were motivated from Christian love to God and love for the neighbor.

He said Christians living in rural Michigan can help, such as sponsoring summer camping scholarships for youth who would otherwise never get out of the city.

★

FINAL SESSION featured Dr. and Mrs. Winslow Fox from Ann Arbor, who spent three years in Puerto Rico as medical missionaries for the Methodist Church.

Through showing slides and interesting comments, he reminded the audience that the church has a mission that is world-wide.

"There is much that can be done, through prayers and offerings," he stated. "However, the best thing we can do is to give a few years of our lives in serving and ministering to the needs of people who are less fortunate than we. This will be rewarding to us, as well as to those whom we serve."

3 Sessions Will Train Cub Leaders

Training for Cub Scout leaders will begin Tuesday, Feb. 14 at 8 p.m. at the Lenawee County Conservation League, Sutton Road off M-52, Birdsall.

The three sessions in the training program are for all new cubmasters, den mothers, assistants and committeemen.

Cub leaders desiring a refresher course may also participate.

There is no fee for the two-hour meetings.

Leading the first session will be Richard Powell of Adrian and Mrs. Richard James of Birdsall.

Instructors Feb. 21 will be Mr. and Mrs. Robert Comar, Adrian.

Mr. and Mrs. Francis Packard will conduct Feb. 28.

Facilities are donated by the Lenawee County Conservation League. The training is sponsored by the Lenape District Boy Scouts of America Leadership training committee, Bernard Wolcott, chairman.

Pvt. LaVern Stites completed basic training at Fort Knox, Ky. He was home with his parents, Mr. and Mrs. Lloyd Stites, 1954 Russell Rd., before being transferred to Fort Polk, La., where he is driving heavy troop convoy trucks. Pvt. Stites is a Tecumseh High School graduate and enlisted Oct. 7, 1966.

City To Hire Dog Warden

Council authorized City Manager Cal Zorn to hire a part-time dog warden for the city Monday night.

Complaints of running dogs have always been numerous and there have been many received about dogs ripping open the paper sacks now used for garbage.

Last year, Tecumseh's dog population was 850, although the city sold only 302 licenses.

Six Governments Will Join Forces to Operate Dump

Four townships and two cities, Tecumseh and Adrian, plan to form an authority for maintaining and operating a sanitary landfill.

A meeting will be held this month for incorporating, although no site has yet been selected.

Townships included are Macon, Tecumseh, Franklin and Adrian.

Tecumseh's dump here is scheduled for closing next Sept. 1.

Siena Heights Announces Drive for $4.7 Million

Sister M. Petronilla, president of Siena Heights College, announces a four-year development fund drive to raise $4.7 million to enable the College to meet tomorrow's challenges.

"The increase in enrollment, the need for new Techniques and a greater responsibility to a more complex society necessitate an expansion of our facilities.,, she said.

One segment of the campaign is to raise $1.6 million needed to complete the Union Residence, now under construstion and a Memorial Art Center, scheduled for construction in June, 1967.

The second phase would allocate $3.6 million for a new auditorium and an administration building. The auditorium will include separate musical studios, special therapy clinics, and drama studios, with needed facilities and seating to accomodate the increased enrollment and to conveniently and adequately service the College's and community's needs.

Throughout its 47 year history, Siena Heights has never conducted a fund appeal. This campaign is designed as a Golden Anniversary Project— 50 years of faithful and dedicated service to mankind.

Fellowship To See Film 'Parable'

The film "Parable" will be a special feature at the Feb. 12 meeting of the Presbyterian Senior High Fellowship.

A social commentary shown in the Protestant Pavilion at the New York World's Fair, the color film theme is "The Man Who Dared to be Different."

Ten other fellowships from Tecumseh, Blissfield, Adrian, Clinton and Palmyra have been invited to the 6:30 p.m. meeting.

Officers of the fellowship this year are:

President — Susan Gresham.

Vice-president — Virginia Dollison.

Secretary — Barbara Clark.

Reporter — Miriam Puffer.

Mr. and Mrs. Don Brazee are advisors.

Master Masons Feted

Master Masons Night was observed by the Tecumseh Chapter, OES Feb. 2. A ceremony honoring the Master Masons was presented by the worthy matron and worthy patron, associate Matron and star points who each read a verse and then spelled out the word, Mason.

Twelve master masons, six of whom were past masters, were present.

Mrs. John Hartley was installed as the star point Esther for the rest of the year.

Communications were read from the Membership, Youth Proficiency, and Villa Committees of Grand Chapter and an invitation was read from Concord Chapter No. 191 for dinner and a reception honoring Bernice Moull, March 1.

The Fowlerville Chapter No. 277 is having a dinner and reception honoring Stella Lovas, Grand Electa, Feb. 25.

Tecumseh Chapter's reception for Mrs. Melvin Ruettinger, chairman of the membership committee, will be Feb. 28 at the Baptist Church, dinner at 6:30 p.m. Reservations will be made by Feb. 23 with Mrs. Donald LaBounty.

Friendship Nights will be held at Clinton Feb. 16; Addison, Feb. 22 and Palmyra, Feb. 27.

Members decided to give the sunshine collection to Mrs. Glenn Driscoll to purchase fruit for the children of the Villa.

Officers practice Feb. 6 will be for the special meeting for the ceremony of initiation Feb. 9.

Four with February birthday anniversaries were honored.

Refreshments were served in the dining room from tables decorated in the Valentine theme by Mrs. Ray Schlegel, Mrs. Harold Easton, Loretta Schlegel and Debbie Bausman.

Convention Delegates

Gerald DeYoung and Tom Riordan were elected delegates to the Michigan Republican State Convention in Detroit Feb. 24 and 25.

Mrs. Helen Sisson and Hugh Walter were named as alternates.

They were among others elected from various parts of Lenawee County at the Republican Convention in Adrian last week.

James Hadden announced the Lincoln Day dinner for Feb. 17 at Siena Heights with a reception preceding.

The Republican Womens Club meeting is set for Feb. 28 at the Adrian Federal Savings and Loan Building in Adrian.

Senator Robert Griffin will be the keynote speaker at the Lincoln Day dinner.

"While in Adrian last week, we talked to about 25 people and handled problems ranging from servicemen and veterans to the American Embassy in Paris and somebody asking advice about a trip to Washington, Rep. Esch wrote.

Senator James Fleming was introduced by State Representative Robert Stites. The senator spoke on Republican involvement and "Project Grass Roots."

Mike Watts was supported as representative to the State Central committee and Hugh Walter to the District Executive Committee.

Dr. Richard Werstler presented a resolution in support of the River Raisin Watershed program, which was unanimously approved.

DR. DAN SARAPO read a communication from Representative Marvin Esch stating that he plans to visit Lenawee County once a month.

YALE KERBY, chairman of the resolutions committee, presented other resolutions urging wholehearted support of the Republican nominees, that the state remain on Eastern Standard Time and local Republicans boost GOP tax reform measures. All were approved.

Discussion brought out that the group is not necessarily in favor of an income tax, but in fiscal responsibility.

Another resolution was passed commending several for their outstanding participation above and beyond the call of duty.

Mr. DeYoung said Wednesday morning that Tecumseh area GOP people will hold a meeting Feb. 9, at 8 p.m., at the city hall.

Hunt Family Dinner Honors Anniversary

Mr. and Mrs. Robert Hunt, who celebrated their silver wedding anniversary Feb. 1, were honored at a surprise dinner Sunday arranged by his brothers and their families at the home of Mr. and Mrs. Duaine Hunt. Seventeen were seated for the meal highlighted by a two-tiered decorated cake.

Your Grandchildren Will Live Much Longer

New medicines, improved medical knowledge and dedicated research scientists are all united in an increasingly successful effort to add more healthier years to everyone's life.

Right now many people will live longer because they do not wait till they are real sick before consulting a physician. Mothers start as soon as pregnant. Babies are taken regularly for check-ups and wise adults have their bodies examined each year to try to discover and treat any ailment before it can become serious.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

REALLY GOT HIGH — Well, actually the snow didn't reach the level of the street lights. It just seemed that way. Of course, the youngsters around town are finding the giant hills of snow and ice a delight. Glutted highways forced cancellation of school Monday, which children loved.

Jaunt Home Takes 20 Hours

By JIM LINCOLN

They're believers now!

Robert Comfort, 20, son of Mr. and Mrs. Ralph Comfort, and Dan Van Valkenburg, 21, son of Mr. and Mrs. Raynor Van Valkenburg, learned the hard way during one of Michigan's worst storms recently.

The two boys took off from the MSU campus about 11:30 p.m. Thursday, Jan. 26, and arrived at their rural homes about 7:30 Friday evening, just 20 hours later.

In the meantime, they got stuck, stuck, stuck!

First, they had to push Dan's auto through 18 inches of snow out of a campus parking lot. Then they detoured from Route 127 to I-96 when four semis blocked the entry ramp.

Two miles later they were held up for an hour when two other semis blocked the expressway. They got through when a four-wheel drive vehicle made a path around the trucks.

Then a pickup truck in front of them stalled. After they pushed and got it started, they were bogged down. Another 45 minutes elapsed before a plow came.

Then they got rolling again, now seven miles from MSU and over two hours on the road.

This time, however, the plow got stuck and the real ordeal started.

It was snowing extremely hard, and drifts up to four feet began forming over I-96. Unable to move, the two students waited until 9:30 Friday morning to check with the plow's driver.

He said help from Adrian was three hours away.

Seeing a farm house about one-third mile away, the boys literally crawled over the high drifts — which reached the top of the highway fence — and then walked to the house.

A Mr. and Mrs. Scott welcomed and fed them, let them watch TV. At 10:30 they returned to their car. Four hours later, four plows heading east on the wrong side of I-96, opened a path to Williamston, 11 miles from East Lansing.

Here, police told them to get off the road, as over 150 vehicles were stuck just east of town.

However, after 45 minutes waiting in a service station with a host of other would-be travelers, the Tecumseh boys took off again.

This time they made it to U.S. 23, then to Dundee and M-50 to Tecumseh. Traffic on westbound I-96, they said, was at a standstill.

The trip from East Lansing to Tecumseh normally is done in less than an hour and a half. This one took 20 hours, actually 21½ hours after they decided to come home.

Sylvia Fritz Joins Free Study Test

Sylvia Fritz, daughter of Mr. and Mrs. Earl Fritz, Occidental Rd., is one of three Michigan State University students to be selected as experimental cases in the American Thought and Language Class.

The students will continue to work on their own without attending classes for the remainder of the term.

They are required to write one of the class essays, an extra 2000-word thesis and take the last unit test.

Miss Fritz is a 1966 graduate of Tecumseh High School and a freshman at MSU.

Jerry Munger's herd of 54 cows moved up to fourth place testing 3.68 on 3,603 pounds of milk and 133 pounds of butterfat.

Heimerdinger Bros. 93-cow herd is in 12th place, testing 3.58 on 3 224 pounds of milk and 115 pounds butterfat.

Long's 63-cow herd tested 3.81, with 2,921 pounds milk and 114 pounds butterfat.

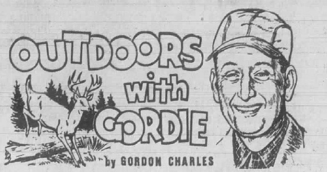
Paragon Farms' 31 cows had 3.62 test with 2,111 pounds milk and 76 pounds butterfat.

Y. Leland Kerby Will Open Law Office in Adrian

Yale Leland Kerby of Morenci, son of Mr. and Mrs. Yale H. Kerby of Tecumseh, will open a law office in the Kerby Building, 305 N. Winter, Adrian, Feb. 13.

Besides the service as an attorney, Mr. Kerby will offer insurance and a stock brokerage.

His present practice in Morenci will be maintained as a branch office.



by GORDON CHARLES

In a state like Michigan, where hunting is such an important outdoor pastime, the gals get used to having guns around the house. Ladies who learn to use those guns for self-protection, if not for hunting, can give crime a real kick in the teeth.

This was proved conclusively not long ago in Orlando, Fla., when 400 women took up pistol shooting.

Criminals may not be smart, but they aren't usually stupid, either, and they got the message — quick. The Orlando crime rate has plunged to new lows.

Idea for training the "pistol-packin' mammas" came from the local newspaper and police department as a direct method of halting breaking-and-enterings, rape, prowlers and burglary.

They thought 200 or 300 women might be interested in a safe gun handling course, but were astounded when 2 400 of the gals showed up. Ages ranged from a minimum of 18 to nearly 80.

★

BY STAGGERING classes, it was possible to instruct all who wanted to learn more about guns. Training was conducted three days a week with members of the police pistol team and personnel from nearby McCoy Air Force Base doing the instructing. Each session brought 60 women to the firing line and another 40 to watch.

Self-defense training was only part of the course. Operating condition of the women's personal guns was checked and instructions were given in safe handling, loading and unloading, cleaning and proper storage in the home.

After they were checked out in all safety procedures, the women were instructed in instinct shooting at a variety of targets.

During the first six weeks of the training program there was only one attempted break-in reported. The lady of the house wasn't receiving gun training, but she handled the situation very nicely.

As the intruder climbed through a window, she clunked him on the skull with a hammer, then called the police to come pick up the sleeping beauty.

Officers feel this is indicative of a new attitude among women who are tired of being kicked around by the criminal element.

★

WHEN CRIMINALS know a lot of women have guns in the house and know how to use those guns the effect upon crime is tremendous.

Here, indeed, is a positive answer from thinking people to those short-sighted individuals who would disarm the American public under the guise of "crime prevention". It has long been said that the best defense is a strong offense. The gals tend to go along with that reasoning!

New books ready for you to borrow at your Public Library:

MADAME AUBRY AND THE POLICE by Hugh Travers. A delightful bit of detection by the ravishing Madame.

√

THE NINTH DIRECTIVE by Adam Hall. A new Quiller spy novel.

√

TIME OUT OF MIND by Pierre Boulle, author of THE BRIDGE OVER THE RIVER KWAI. The author takes the reader into situations fantastic but all too real, improbable but all too possible, in this book of short stories.

√

THE FIXER by Bernard Malamud. This is the story of a little man, a handy-man, who becomes a hero before our eyes. Yakov lives in Tsarist, Russia, in Kiev during a virulent period of anti-Semitism, and when the body of a dead boy is found in a cave, the local Black Hundreds group accuses the Jews of his murder. From the Jews to a Jew is only a short step; Yakov is arrested for a crime he did not commit.

√

THE TRIAL OF THE GERMANS: NUREMBERG 1945-1946. Here is the bone and flesh of the Nazi State, told through the bizarre case histories of those who served it.

√

VIETNAM DOCTOR: THE STORY OF PROJECT CONCERN by Dr. James Turpin. In 1962 Jim Turpin moved into Hong Kong's dreaded Walled City. Beneath an opium den and across the street from a brothel, the first Project Concern clinic began to treat 50,000 people who live in this festering slum without water or sewage system.

√

THE CONSUMER'S HANDBOOK, a practical guide, compiled from government agencies and consumer services giving you lots of information about finances, homes, furnishings, food, clothing, gardening, household management and ways to cut costs.

√

FIVE WOMEN I LOVE, Bob Hope's Vietnam story. Proof that you don't need to go to Vietnam to be entertained by the immortal Bob.

√

A PERFECT EDUCATION; an impassioned plea for synchronizing our outmoded educational goals to keep pace with our social and technological advances, by Kenneth Eble.

ADLAI STEVENSON, CITIZEN OF THE WORLD; a biography by Bill Severn. Highlighted here are his warm relationship with his three sons, his love of his farm in Illinois, the wit and humor and articulate style that brought new brightness to American political life.

√

A CHILD IS BORN, the drama of life before birth, with unprecedented photographs by Lennart Nilsson and text by the embryologist, C. Wirsen.

√

THE JURY RETURNS by Louis Nizer. The author of MY LIFE IN COURT is back with four new cases in which he once again fights valiantly for human right under the law.

√

ALL THE MILLIONAIRES is a recall of those golden days in the world of the fabulously wealthy. Lloyd is much in demand in debutante circles, although his own beginnings are middle class. Then in 1929 comes Wall Street's Black Thursday, and the whole fairyland milieu disappears overnight. The novel is written in an entertaining, fast-moving style.

√

KING OF THE TWO WORLDS, the Pharaoh Akhenaten; a remarkable and imaginative novel of the Egypt of Akhenaten and Queen Nefertiti, by Jacquetta Hawkes.

√

THE INVESTIGATION, a new play by Peter Weiss. A poetic condensation of the court record of the trial of 21 persons who participated in the destruction of four million people at the concentration camp of Auschwitz in 1941-1945.

√

THE DRAFT AND THE VIETNAM WAR, a guide to the complex mechanics of the selective service system — quotas, classifications, deferments, service opportunities, by Joquin Sanders.

Knisely Attends MSU Conference

Dr. C. L. Knisely, Tecumseh veterinarian, attended the 44th annual Postgraduate Conference for Veterinarians at Michigan State University, Jan. 24-25.

Over 400 practicing veterinarians and students from Michigan and other states heard specialists discuss the latest advances in the treatment of farm and home animals.

Two Get EMU Degrees

Two Tecumsehites received degrees in mid-winter commencement exercises at Eastern Michigan University Jan. 22.

Richard G. Butler, 705 Ternes Rd., received a specialist of arts degree in education and Richard Kaiser received a bachelor of science degree.

Mr. Butler has been the guidance director of Sand Creek High School for the past nine years.

RICHARD G. BUTLER

He was graduated from Onsted High School, earned his bachelor of science degree from Adrian College and master of arts in education from Eastern Michigan.

He also holds a master of teaching science from Antioch College, Yellow Springs, O.

Mr. Butler and his wife, Rhea, have lived in Tecumseh since their marriage in 1950. She is employed at the Tecumseh Products Co.

In addition to his teaching, Mr. Butler is advisor to a youth group at the Tecumseh Friends Church and teaches high school Sunday School classes there. He is a captain in the army reserve.

★

RICHARD KAISER is the son of Mr. and Mrs. Wayne Kaiser, 204 N. Wyandotte St. A 1962 graduate of Tecumseh High School, he played in the ROTC Band while attending Eastern Michigan University.

He was staff assistant at the men's residence hall for four semesters and on the dean's honor list for six semesters.

Mr. Kaiser was a counselor advisor at the American Legion Wolverine Boys State in 1966 and a counselor at the National Music Camp at Interlochen both in '65 and '66.

He will leave for army induction early in February.

2 Honored for All-A's in Fall Term

Michigan State University honored 500 students including two from Tecumseh who achieved an all-A record during fall term.

Stephen G. Derby, son of Mr. and Mrs. George L. Derby, 607 W. Kilbuck, is a sophomore in engineering sciences.

Robert C. French, son of Mr. and Mrs. Robert L. French, 306 W. Cummins, is a senior in philosophy.

Names of the students are to be placed on an honor roll that offers "recognition of the highest attainment in scholarship."

The students were feted at a dinner this week by Dr. John A. Hannah, MSU president.

Drunk Driver Loses License

William T. McGill, 44, of Jackson was arrested by Clinton State Police at 5 p.m. Friday while driving on M-50 near Tipton.

Charged with driving under the influence, he was arraigned before Justice Ernest Oliver Saturday. He pled guilty, paid a fine of $100 and costs of $4.30 and his license was revoked.

MACON MAXIMS

By MRS. HAMILTON MOORE

Mrs. Ronald Corl is making plans for World Day of Prayer at the Macon Church Friday, Feb. 10, at 2 p.m. Other churches have been invited and all ladies in the Macon vicinity are welcome.

The program begins in the Tonga Islands, and a prayer chain continues around the world.

The Tonga Queen, Salote, who died last year, wrote the special service as a lasting expression of her feeling of unity among Christians.

Her country, closest to the international date line, has been the first in the recital of prayers for 18 years.

Lenawee gets all the brakes

(with a new multi-million dollar plant to produce Budd disc brakes and parts for cars and trucks)

The use of disc brakes is growing fast on cars and trucks—because of their many desirable features. And Budd builds the best (along with many other parts used in 29 leading cars and 14 different trucks).

That's why we're building a new plant in Clinton—to handle all of our expanding disc brake business. That's why there will be scores of new jobs in this area—to build Budd brakes and parts to the highest standards of quality. That's why as more and more vehicles get these brakes, Budd will grow with Lenawee County.

Indians Post Two More Victories

CHARLIE THOMAS HOOPS IN ANOTHER ONE AGAINST MILAN

By JIM LINCOLN

Tecumseh started its home stretch drive over the weekend with victories over Milan and Hillsdale.

The Big Reds were bombed here Friday night, 95-64, and the Hornets whipped at Hillsdale, 63-60.

Early in the first period and once in the second, when Milan pulled to within four points, Tecumseh's tilt with the Big Reds was strictly no contest.

Coach Vic Lawson substituted freely throughout the game with every varsity player scoring except Dave Kennel and John Anderson. Dave's chances were nullified through palming the ball, and on a couple of occasions, John carried the round ball like a football.

COACH LAWSON'S club headed for the century mark in the first half when the Indians rolled up 54 points, 26 in the first quarter and 28 in the second.

Another 19 were tallied in the third, and 22 more in the fourth before time ran out. Varsity subs had long taken over the game as both coaches cleared the benches.

Charlie Thomas combined all his scoring in the first three periods and took honors with 29 points. Dean Hebb, who sat out most of the second quarter with three fouls, hit six goals and 12 of 13 free throws for 24 points.

Tecumseh's domination of the game was never clearer than in the fourth quarter when the Indians took six straight shots off the boards before Hebb dropped it through.

Although the Indians had only two in double figures to Milan's three, top scorer for the visitors was Doug Heath with just 13 points. Bill Symons had 12 and Terry Steinman, 10.

The Indians hit over 70% from the free-throw line, capping 35 in 48 attempts, their best shooting for the season. Milan connected on 24 of 40 attempts for 60%.

★

TECUMSEH'S second victory of the season over Hillsdale was simply a matter of jumping out front and staying there. Except for the Hornets' rally in the third quarter, it's exactly what the Indians did.

Coach Lawson's club boomed to a 19-9 yead after the first eight minutes and then held on for a 34-29 half-time lead.

In the third period, the Hornets finally caught up, only to watch Tecumseh jump ahead again.

Hillsdale capitalized repeatedly on Indian fouls, hitting 18 free throws to Tecumseh's seven. The Indians had a wide margin from the field, 28 to 21.

Thomas was the top THS scorer with 19 points with Jim Mobley runnerup with 14 — a season high for the junior guard.

Hebb and Jim Hunt each collected 13 points.

Tom Masuga came off the Hillsdale bench to lead all scorers.

Where Were Dynamic Duo?

Biff!! Pow! Wham! Sock! Smash! Chop!

No, that wasn't a brilliant line of dialog in the TV show, "Batman".

Just Tecumseh's Jayvees playing (?) basketball at Hillsdale.

In what must be one of the most uninhibited basketball tiits seen for many a day, the Little Indians managed to out-muscle and outscore the Little Hornets, 38-34, to make it a clean weekend sweep.

On Friday night, "enjoying" just the opposite type of officiating, namely, extremely tight and close, (there were 51 fouls whistled down), Coach Val Spangler's squad dumped Milan's Little Reds 79-62.

★

AT HALFTIME, Milan's JV's had a total of 36 points, 14 from the floor and 22 from the line!! In spite of this phenomenal accuracy from the charity stripe, they were behind the Little Indians, 43-36.

Tecumseh continued to stretch its fairly comfortable lead for the balance of the game. Steve Dalton, who pulled down 23 rebounds off both boards, also led both teams in scoring with 24 points.

Three other Little Indians hit double figures — John Kennedy, Bill Puffer and Bob Reed, each of whom hit for 10 points.

★

SATURDAY night's "battle", a rather deceptive and completely accurate word, was a test of strength, stamina and endurance. Although a total of 25 fouls were called, only five of them were tooted in the whole first half!

The Little Indians found themselves on the short end of the first period, 10-9. At half-time they took a 21-16 lead.

A semi-Karate exhibition, the game was not a demonstration of good basketball. or example, in the fourth quarter alone, the Little Indians were guilty of 12 ball handling errors.

A bemused Coach Spangler noted that his J's "were lucky to win both games. We did not play outstanding ball".

He cited Kenny Pieh for a "good job" in the Hillsdale game.

Pieh took game honors by dumping in 16 points.

STEVE DALTON FIRES AGAINST MILAN JAYVEES

Gene Brown Paces Skins

By IVAN McKENNA

Clinton's Redskins continue to keep pace with the league-leading Brooklyn Eagles in the race for the Lakeland C championship.

The 'Skins notched a pair of conference victories over the weekend.

The second was a lopsided 76-53 victory over the Roughriders from Ypsi-Roosevelt.

★

IT WAS THE sharp-shooting of the Redskins that provided the win. In the first quarter, they built up a 15-7 lead with two minutes remaining.

The Roughriders pulled to within three points at the end of the opening frame, the closest they ever got to the rampaging Redskins.

Clinton continued to add to its lead throughout the second period and had an 11-point advantage, 32-21, with 2:20 showing on the clock.

In the final minutes of the half, Roosevelt cut the lead nearly in two and trailed only by six points at the halfway mark.

The Redskins never let up as they displayed good hustle and ball - handling throughout the game.

Clinton Coach Dick Content substituted freely throughout the contest, but the Redskin scoring assault never let up. In the final eight minutes Roosevelt was outscored, 20-14.

★

SENIOR GUARD Gene Brown led the Redskins to their seventh loop victory as he pumped in 24 points and turned in a fine all-around performance.

Butch Hoelzer was the second highest scorer on the Clinton squad with 15, way below his 25-point average which is best in the county.

Forward Jim Schuler netted 12 points for the winners.

The Redskins enjoyed an extremely fine night from the field, missing only one shot in the first quarter.

Overall they connected on 28 of 61 shots for an outstanding 46%. Roosevelt hit on 21 of 52 tries for 36%. The Roughriders held the edge in rebounding, 43-32.

Clinton, now 8-3 overall was in second place in the league with a 7-1 record, will be seeking another conference victory Friday night. The Redskins will travel to Grass Lake to face the Warriors.

Slips on Ice

William Steele is recuperating from a broken bone in his ankle, suffered from slipping on ice in Ann Arbor Feb. 3. Mr. Steele was not aware that he had what the physician termed a march break until Thursday. His foot is in a cast.

O'Dea Pitches in 31 Markers

With 31 points, Boysville's Mike O'Dea led the Knights to a 70-62 victory over Britton.

There were plenty of fireworks in the second half.

The third quarter began with the Knights up by one point, 35-34, after blowing a 12-point year in the second quarter.

With just one minute elapsing from the third quarter clock, Larry Ash put [illegible] ahead, 36-35.

O'Dea, who did not start the second half because of foul trouble, came back in for Boysville and hit from the corner to give back the Knights a one-point edge.

The lead was exchanged twice more until Britton's big sophomore, Dave Fairbanks, with half the time gone in the quarter, tied the score by a free throw, Larry Ash put the Tories out in front with a field goal, and Dave Fairbanks lengthened the lead to four and then six.

O'Dea picked up one point at the charity line that ended the third quarter with Britton ahead, 52-47.

Boysville began the final stanza with an effective press as O'Dea's field goal, two free throws, and Dave Rockwell's goal put Boysville back into a one-point lead.

At the 1:30 mark, the Knights held the ball for the sure shot. Britton fouled to gain possession, but the Knights did not miss the free throws.

Ray Vershum tried to bring the Tories back with his strong drives, but the Boysville defense stopped his chances as time ran out.

Dave Fairbanks was high for Britton with 19 points.

In the JV game, Britton was ahead of Boysville, 51-52, with one second left on the clock when Bob Pitylak was fouled.

Bob made the first of his two free throws to tie the tilt but his second missed.

Boysville took the game in the overtime, 61-54, with Henry Bell high for the JVers with 15 points.

Indians to Clash with Dundee Five in District Tourney

Plans for District Tournament No. 18 have been completed with Tecumseh playing at Dundee.

The drawing will be held Feb. 21 with Blissfield, Dundee, Erie-Mason, Milan and Ypsilanti-Lincoln, besides Tecumseh, participating in the tourney.

Based on present records, the Indians and Blissfield would rate as pre-tourney favorites.

Any Think

By JUDY FIELDER

"I hate that thermometer," she shivered. "Christmas present or not — it goes back!"

Nippy wisdom spoken Tuesday morning, as the temperature dived to 10 degrees below zero on the new too-accurate weather watcher.

It's bad enough to sport icicle eyelashes, but when chilly speculation turns to cold hard fact, all the joints become frigid creaks.

Which takes us back to the good ol' Farmers Almanac, which published regional weather forecasts this year for the first time.

★

LEAFING through its pages, we suppress the urge to tear them up to offer as sacrifice to the Great Frostnipper in hopes of appeasing his appetite.

In the immortal words of the wife who burst into tears when her husband chided her about wearing a too-tight-around-the-hips dress, "Why do you have to be so darned honest. You could lie a little bit!"

Like a critical husband, the Almanac never lies.

A winter of heavy snow and blizzards we've had, and the fearless predictor was right when it said we'd have heavy snow (6") and rain (1") between Jan. 25-31.

A slight flaw (not thaw) popped up last week with the forecast of .75" precipitation, either rain or snow for Feb. 1-3—it didn't come until Sunday, Feb. 5.

As if this dress of snow isn't choking us, wrenching quickfrozen tears, the ol' know-it-all has to rub it in even more.

The Almanac says Feb. 9-13 will bring .75" precipitation, rain or snow and Feb. 16-18 rain, .75".

But the real boot-quaker is Feb. 22-25 with a forecast of 10" snow, prec. .75".

Feb. 28 boasts .75" rain.

If that's not enough for diamond studded chillblains, March 7-9 promises rain .5" or snow and March 13-16, blizzard, precipitation 5".

New Brochure Will Advertise Lenawee County

Marge Baker, representative of Commerce Publications, Inc., Miller, Ind., is contacting businesses and companies here for participation in a new Lenawee County brochure.

The project, approved by Chambers of Commerce throughout the county, is to provide informative brochures to businesses, industries and schools.

It is the first county venture to provide a comprehensive booklet for distribution.

She has met with Tecumseh Chamber officials and attended a county Chamber meeting last Thursday night at Adrian College.

The amount of editorial matter to be allowed on Tecumseh will depend on the amount of advertising that Miss Baker is able to sell locally.

Electricity POWERS Progress ®

NATIONAL
ELECTRICAL WEEK
February 5-11, 1967

National Electrical Week is a good time to focus attention on how much electricity has contributed to progress! How electricity started a whole new era . . . one that includes the creation of new enterprises and revitalization of older ones. How contributions such as mass production, have resulted in a complete change in the domestic life of the nation and made a tremendous influence on the nation's economy. How it has fostered a climate that stimulates and encourages continued progress in the fields of science, medicine, research and industry. What is one of the greatest sources of energy for turning American dreams into reality . . . for helping make America the world's most productive nation? ELECTRICITY!

County 4-H Officers Hold Workshop

The 4-H Officers' Training Session was held Feb. 3 at the Michigan Producers Dairy, sponsored by the County Service Club for all Lenawee clubs.

Members registered according to the office they held in their club.

The program consisted of model business sessions.

South Riga Go-Getters showed how the club meeting should not be held and Onsted Sweet Clovers showed how the club meetings should be held.

After the program, groups, according to office, discussed problems and duties involved in each office.

About 50 officers attended with 15 clubs represented.

Brenda and Sherry Kelley, Beth Frownfelder, Karen Rathke, and Loretta Schlegel represented the Tecumseh Top-Notchers 4-H Club.

North Franklin Maidens Have Sewing Meeting

A sewing work meeting was held by the North Franklin Maidens Thursday at the home of Mrs. Hugo Humphries.

Lynn Winzler served ice cream, cookies, Valentine candies and nuts for refreshments.

The engagement of Sylvia Kay Williams to Gary C. Korte is being announced by her parents, Mr. and Mrs. Ray G. Williams, 8070 Arkona Rd., Clinton. Mr. Korte is the son of Mr. and Mrs. Christian Korte, 8915 Hack Rd., Clinton. Miss Williams is a 1966 graduate of Clinton High School and is presently employed by the University of Michigan. Her fiance is a 1963 graduate of Tecumseh High School and is engaged in partnership with his father and brother, Ron, as a dairy farmer. The wedding plans are not yet completed.

Couple Honored Prior to Nuptials

Charlene Sowers of Adrian and Melvin Pepple of Osseo were honored January 29 at a nuptial shower held in the youth house of the First Baptist Church.

Their marriage will be a Feb. 10 event.

The shower was given by the bride-elect's aunt, Mrs. Earnie Topps, and Mrs. Donald Escott and Mrs. Roy Allshouse.

Games prizes were presented to the bride-elect.

The gift table was decorated in a blue and white theme and the refreshment table was centered with a decorated open Bible cake flanked with lighted blue tapers.

Mrs. Edward Manfield of Wauseon, O., presided at the coffee service and Barbara Close at the punch bowl.

Eighty-five guests were present, from Morenci, Adrian, Onsted, Saline, Osseo, Hillsdale, Pittsford, Tecumseh, Wauseon and Delta, O.

2 from Area Join EMU Choir Tour

The Eastern Michigan University Choir mushed through snow and ice last week on a six-day, 800-mile tour of upper Michigan, giving ten concerts in eight communites.

Traveling by bus, the students sang at Howell, Spring Lake, Maple City, Traverse City, Grayling, Cheboygan, Boyne City and Alcona.

Blaine Ballard, associate professor of music at EMU and the choir's director, said the tour was intended to expose high school choirs to more advanced choral work and techniques.

Among those making the trip were Carl G. Studnicka, son of Mr. and Mrs. Charles Studnicka of Britton and Linda Carol Sinkey, daughter of Mr. and Mrs. Charles J. Sinkey, 1001 Murray Dr.

Carl, a baritone, is a freshman majorng in biology.

Linda, a soprano, is a sophomore majoring in music.

2 Millers Rank High in Ski Meet

Fourteen-year-old Ralph Miller finished in a tie for third place in the annual Detroit News Michigan Open Ski Meet at Mount Holly Saturday.

Ralph was in the 12-to-14 age group.

His sister, Debbie, 16, took fourth place in girls competition for 15 to 17 year olds.

Both Tecumseh skiers will be competing in a meet at Boyne Mountain this weekend.

They are the children of Mr. and Mrs. Austin Miller, 5550 E. Milwaukee Rd.

What is a veterinarian, what does he do and how does the science affect everyday lives?

Young people who participate in the 4-H Veterinary Science program will find out.

Members will learn about animal anatomy, physiology, sanitation, causes of disease and immunology.

Individual club programs include discussions, demonstrations, movies and tours. Members will prepare action exhibits showing the skills and information learned and, along with their families, will visit veterinary clinics.

For more information about this new project, contact the Extension Office. Leaders may be interested in a Veterinary Science Workshop March 16-17 at Camp Kett, Michigan's leadership training center near Tustin.

√

New programs and experiences in the 4-H Club program show a world of opportunity.

Passport to Uuderstanding is a 4-H project that introduces club members to various phases of citizenship and international programs. It can also be an activity for members to carry on in connection with another project or within overall club program.

Members usually select a country or area of the world in which they are interested. The leader assists in planning a study of that country, which may include geography, customs, holidays and other information.

Members often establish a penpal relationship with someone from the country, prepare and serve foods from that area of the world, carry out activities involving the country's arts and crafts and learn dances and songs.

More information is available about the Passport program from the Cooperative Extension Service, Courthouse, Adrian.

√

Standard Red Cross First Aid Courses will be available to older 4-H'ers, parents and leaders, who should contact the Extension Office by March 1.

The 4-H Service Club is planning a late February Career Night for persons interested in agriculture and in home economics.

√

A brochure, "Career Opportunity Guide I" is in the hands of Lenawee County's high school counsellors. It is a guide to parents, youth and counsellors in technical occupations and skilled trades. Many facts related to youth seeking job's of a skilled or technical nature in Michigan.

A copy may be obtained through the local high school counsellor or the 4-H Office.

Gravel Truck Crushes Car

CLINTON — John Sell, 31, of 4292 Kehoe Rd., escaped serious injury last Monday morning when his car was demolished by a tandem-gravel truck driven by Guy Houtz, 26, of Coldwater.

John was driving on US-12 at the intersection of US-23, east of Saline, when he stopped in a line of traffic.

The brakes failed on the gravel truck approaching from behind and when it struck the Sell car, forcing it into the rear of the car ahead.

John was pinned in his car briefly until he was able to kick the door off the hinges to get out. Taken to St. Joseph hospital, Ann Arbor, he was treated for minor injuries and released.

Well-Wishers Brave Bad Storm for Celebration

CLINTON — The golden wedding anniversary observance of Mr. and Mrs. Thomas Pence was attended by 55 relatives and friends who braved a driving snow storm to reach the Smith-Kimball Community Center Sunday afternoon.

Among the guests were Mrs. Pence's sister and brother-in-law, Mr. and Mrs. Harry Dodd of Royal Oak and brother and sister-in-law, Mr. and Mrs. Frank Sage and son Bob of Ann Arbor and Mr. Pence's brother and sister-in-law, Mr. and Mrs. Arthur Pence of Belleville.

The Center was decorated for the occasion with several gift bouquets in anniversary vases. A centerpiece of red and white carnations enhanced the buffet table where coffee was poured by Mrs. Dayton Sell.

Quaint golden candle holders which centered the card tables placed about the rooms, were made by Mrs. Cecil Pence, daughter-in-law.

Golden anniversary roses trimmed the tiered anniversary cake made by Mrs. Delbert Tallman Sr.

Arrangements for the reception were made by the couple's sons and their wives, Mr. and Mrs. Cecil Pence of Ridgeway, Mr. and Mrs. Wayne Pence of Adrian and Mr. and Mrs. Paul Pence of Anaheim, Calif., although the latter were unable to attend.

Others assisting were Mrs. Pence's sisters, Mrs. Melvin Brisbin of Manchester and Mrs. Floyd Tate and a friend, Mrs. Frank Stuwe.

Cradle Shower Honored Guest Is Mrs. Hoelzer

CLINTON—Mrs. John Hoelzer was guest of honor at a cradle shower Thursday evening at the home of Mrs. Kenneth Geiger of rural Clinton.

Mrs. Roger Waltz was co-hostess for the event attended by 15 guests, including Mrs. Hoelzer's mother, Mrs. Homer Howell of Brooklyn, sister, Mrs. Albert Hart of Lambertville, O., and mother-in-law, Mrs. Clinton Hoelzer.

A cake ornamented with an umbrella and baby booties was the highlight of the refreshment table.

A social evening of games was enjoyed and the mother-to-be was presented with a variety of useful baby gifts.

Air Force Soloist To Play Clarinet at School Concert

CLINTON — Sgt. William Hilferty, clarinet soloist of the United States Air Force Band in Washington, D. C., will be the guest soloist at the Mid-winter Concert of the Clinton bands Feb. 16.

The Symphony and Cadet bands will present the concert for the public at 8 p.m. in the High School.

Arriving in Clinton Feb. 15, Sgt. Hilferty will rehearse with the bands that evening. He will also conduct a clinic for band students Thursday morning.

The band will accompany Sgt. Hilferty in the performance of "Concertino" by C. M. von Weber and "Solo de Concours" by A. Messager.

The Cadet Band will present the three numbers which will be performed at this year's Junior High Band Festival.

Symphony band numbers will include three which will be performed at the District Band Festival in Clinton March 11.

Investigate Burglaries of 2 Stores

CLINTON — After closing hours Wednesday evening thieves broke into two places of business in the area.

Clinton Drug Store was entered by removing an air conditioner in a rear window and about $150 cash was taken.

The Parkview Market, across from the entrance to Hayes State Park on US-12, was broken into by forcing open a door. A gun, a pistol and a sum of money were taken there.

Clinton State Police are investigating.

Mrs. Traves Takes Part in Capping

CLINTON — Participating in the capping ceremonies at St. John's Catholic Church in Detroit Jan. 22 was Mrs. Milford Traves of Clinton.

Mrs. Traves began her nurses' training at the Mercy School of Nursing in Detroit last August and she expects to complete her course and graduate in July, 1968.

Mrs. Traves, nee Carol Groeb, is a wife and the mother of four young children. She commutes daily to Detroit.

Son-in-Law To Command Flint Post

CLINTON — Mrs. Richard Denning's son-in-law, Sgt. George Catton of Traverse City has been promoted to staff sergeant and transferred to command of the Michigan State Police post at Flint. He was stationed at the Clinton post several years ago.

Youth Pilgrimage Slides Are Shown

BRITTON — Mrs. Fay Wiggins was hostess Wednesday when 14 members and one guest of the newly-organized Golden Rule Circle met at her home for a noon luncheon. She was assisted by Mrs. Opal Benedict, Mrs. John Keran and Mrs. Russell Pilbeam.

Mrs. Gustav Hannevik presented the program of slides and narration illustrating the Congregational Youth Fellowship pilgrimage to Europe in 1964.

Sixteen young people and their chaperons visited several European countries and spent some time in a village in Greece, where they lived with the Greek people in their homes.

They helped construct a dining hall at an Evangelical camp site near the village. Books for the coming year were planned and programs outlined. Mrs. Ned Brown and Mrs. Douglas Palmer are in charge of making the books.

Mrs. LaVern Russell was welcomed as a new member.

Officers for the next two years are:

President — Mrs. Douglas Fairbanks

Vice-president—Mrs. Earl Taylor.

Secretary — Mrs. John Keran.

Treasurer — Mrs. Russell Pilbeam.

The March meeting will be all circles in Women's Fellowship at the church. The Golden Rule Circle will be in charge of the program and luncheon arrangements.

why does the fish in Cap'n John's frozen fish dinners taste fresh-cooked?

Because you cook the fish.
It takes no longer than heating
pre-cooked frozen fish...only 20 minutes.

You see, we're sort of fanatics about fresh fish flavor.
So we refuse to pre-cook the fish.

Here's what we do:
We dip the fillet in milk batter.
Bread it. Top it with butter.
We blanch the peas.
Partly cook the potatoes.
So everything's done at once (in only 20 minutes)
when you cook it.

The result.
A fish dinner that tastes like the fish is fresh-cooked.
It should. Because it is.

One important tip.
Be sure the oven is really pre-heated to 400° F.

Are our Cap'n John's Frozen Fish Dinners
a good reason for shopping A&P?
They're one of many.

VOICE of THE HERALD

What Are You Contributing?

"If you are now contributing nothing to your community, that's what you'll get out of it."

This was one of the most poignant comments made by guest speaker Frank Sperti at the Bob Gillespie Testimonial Dinner Saturday.

Obviously, Mr. Sperti was not limiting himself to praise for the honored guests, although there certainly were many complimentary comments.

The speaker was urging his audience to do as Bob Gillespie has done — pitch in and help others and make your community better. He said there was no magic way to accomplish this other than with rolled-up sleeves.

He stressed a belief in God and confidence in neighbors, community and nation.

Mr. Sperti's power-packed talk was the evening's highlight. In 15 minutes he compressed a lot of meaty thoughts.

Following the dinner, there were comments from those attending that it was a wonderful event and a "real shot in the arm for the Legion." With this expression we are in complete accord.

It might be well for Legionnaires to plan similar sessions at least once each year.

Curtain Time Without a Curtain

"Curtain" time draws near for the annual winter musical comedy of the Tecumseh Players.

We have to put the curtain in quotes, actually there is none at the Community Center because to add one more item, even that thin, to the Glass Room little theatre, would be almost impossible.

As it is, actors are inches away from the audiences.

The Players long have been hoping for larger facilities and even came up with a plan to expand the Glass Room by building a stage over the coal chute. But it hasn't materialized.

So the show goes on — with a cast of about 45 filling a stage area suitable for about a dozen. When performers aren't in action, they must hustle into the basement to await their next cue.

All of which is kind of heart-rending for most everyone.

In previous winters, there was a feeling of excitement even with this space problem because after laboring diligently under cramped conditions here for eight performances, the show would go on the road to magnificent Dawson Auditorium in Adrian.

Both "The Music Man" and "Guys and Dolls" played to packed houses of 1,200 and enriched the Players' treasury by nearly $1,000 on each show.

For "Annie Get Your Gun" the schedule has been limited to the Community Center, an action being dictated by the Players' board of directors. The problem of royalties and carting props to Adrian loomed as the reasons. Adrian folks still wanted the winter musical, but they won't get it.

We think this is a mistake. Even if the Adrian performance was simply a break-even venture, it still would be worthwhile in publicity and fun for cast members, who give nearly two months of evenings to make the show possible.

Trodding the boards at Dawson before 1,200 spectators is just the sort of thrill amateur thespians feed on.

Huffed, Puffed and Blew Off Steam

TO THE EDITORS:

For quite some time now I have been reading editorials and other peoples' views on different rules and regulations enforced by our so-called "city government."

I have huffed and puffed and blew off steam everywhere but to "The Tecumseh Herald" so get prepared.

The first issue to raise my blood pressure was the idea that you didn't have to own property to vote on having the school millage raised which only effects the taxpayer, people who work and sweat to own their own homes and try to pay the outrageous taxes. Then they say they have $50,000 excess money, so do they save it for a rainy day, "Heck, No." Why save it, we can always vote for a raise in millage and we can always win, if only by four votes, let's get rid of it now so they can't say, "Use the money you have left first."

Now comes the real stinker, the one that only a first class heel could think of and only to feather his own bed. Alas, those lovely "garbage bags." We spent $15 for one of those incinerators that you can burn paper in regardless of how windy it is, and we have a garbage disposal, so we have a few cans to put in those stupid bags that they collect whenever the mood strikes them.

Also on the propaganda papers we received through the mail, they said the dump would remain open for people who wished to use it, but no garbage would be allowed, now they say the dump is closed. What are we to do when we trim our trees and shrubs or have old furniture to discard, beyond the skilled hands of the Goodwill. Should we leave it in Mr. Zorn's or Mr. Easton's yard or in the middle of Chicago Blvd?

The part I enjoyed the most was the way they were going to be so diplomatic about it and not put any hardship on anyone, just either pay or they turn off your water, really discreet I would say, of course, how would the Health Department react to a household without water, perhaps the city would rather you have a smelly inside toilet, but if they shut my water off I'll have a smelly outside outhouse and to heck with the city or maybe we should all patronize Mayor Easton and Mr. Zorn, to do our bathing and cooking and use the bath.

I'd also like to give three cheers to Mrs. Ruth Rentschler. We need more good solid Tecumseh citizens like her.

I think the thing Tecumseh needs most is some new faces in the city government. Maybe we could use the old ones to fill up some of these holes that people are ruining their tires on, of course, you can always go to Mayor Easton's and buy some new tires. He would appreciate the business.

A growling, grumbling
taxpayer from Ruckety
tuck Russell Rd.

OUR READERS WRITE

TO THE EDITORS:

Please include me in the raid on the Seekay tower.

I may be out of my teens, but it has not been long. I never did go completely buggy over the sort of junk they call music.

When I was 16, Elvis Presley was very popular and the chicken was the latest dance. I really don't call that a dance, but to prove that one is still a foolish child.

Yes, I used to listen to CKLW, but anyone who didn't just wasn't with the rest of the crowd, and I wanted as much as anybody to be in. Now I listen to WHIM from Providence, R. I., and they play music one can relax by.

All right, middle-aged volunteers, let's show those barbarian teen-agers what the modern civilized adult listens to.

An interested reader.

TO THE EDITORS:

We are now recuperating in the sunshine at Fort Myers, Fla., with Mr. and Mrs. Paul Hawley after spending a month in the hospital at Ashburn, Ga., and 10 days more in the hospital here.

We are coming good. Time has a way of healing and in a few more weeks hope to be well again.

We received so many cards and letters from our neighbors, friends and relatives while in the hospital after our accident.

We certainly appreciated them. They meant so much to us away from home. Thanks to each and everyone.

We are writing this to let folks back home know how we are doing. After the news in your paper, we received cards from California to Florida. Thanks, again.

Through My Window

AFTER THE STORM

Surely no one needs to be reminded about January's big storm. The memories must still be so fresh that I hesitate to go into much detail. Some are calling it the storm of the century and who is going to argue.

Actually, as far as winter storms go this one was not particularly fun to watch. Snow, wind, sleet and hail — two days of this wild mixture.

But oh, then came Saturday morning. Have you ever noticed how Mother Nature acts after she has thrown her worst at us? She can hurl a frenzied tantrum of horrible weather and then overnight, the fury is gone.

She smiles benignly and we are treated to a glorious day, a bright and shiny day.

★

A FAIRYLAND of ice is the only way to describe my window pictures that Saturday after the storm. The trees and bushes were all coated, they looked like crystal and as the sun reflected off the ice, flashes of color made one think of a great treasure chest.

Chips of diamonds, rubies, sapphires and emeralds — quite a way to decorate the landscape. From inside looking out it was breathtaking — breathtaking in another way it was to those who had to venture outside and battle the slippery streets.

While shoveling a car out of a snow bank, I doubt that there would be much thought about the beauty of the storm.

THE SNOW itself was peculiar. The strong wind helped pack it, then the rain fell and it froze. No soft fluffy blanket of white from this storm, just a foot or a foot and one-half thick mess of frozen ice-snow. In the early morning and late afternoon, when the low rays of the sun hit and skidded across this hard surface, it became a shiny shimmering thing of beauty.

Mother Nature was in the height of fashion, she had garbed her earth in the smooth, tight-fitting lame.

The kids had a marvelous time on this hard crust. We laughed as the paper boys scooted by, riding their bicycles over the snow. The slightest little hill was transformed into the greatest toboggan run.

Across the street, Cindy and her friends (both big and little) were using what looked like trays or cookie sheets to sail on — just the lightest push sent them flying across almost the whole front yard.

Dorothy's yard was even better, two small hills there and the "coasters" could go clear to the creek. One even went into the icy cold water. That would make for chilly feet, wouldn't it?

THE BIRD activity during the height of the storm was not great but the Wednesday before, everyone was eating "as though it would go out of style".

The squirrels could seemingly not get filled up, corn and sunflower seeds just disappeared when they were at the feeders. Birds flocked in whenever the squirrels gave them an opening — mourning doves en masse, tufted titmice, white-breasted nuthatches, sparrows by the hundreds and grackles by the dozen, a pair of bluejays, and five lovely cardinals.

During the gorgeous weather after the storm, there was excitement at the feeders, too. All of the regulars showed up and feasted, making up for the slack eating of the previous two days.

★

THREE SONG sparrows joined the crowd, once we looked out just as a blast of strong wind tipped one over. An icy surface affords no footholds.

A big, and unusually dark flicker had no trouble at all with the ice, he chipped through it with a few well-directed jabs and then settled himself down to a lunch of suet.

So it is that although the snow-wind-rain was not particularly exciting as it happened, we were certainly blessed with activity and good looking both before and after the storm.

Stork Shower Guest of Honor Is Mrs. Schwanz

A stork shower was held Saturday evening for Mrs. Paul Schwanz of Adrian at the home of the Rev. and Mrs. Harlan Sannes on Clinton-Tecumseh Rd.

Games were played and the winners giving their prizes to Mrs. Schwanz were Linda Murphy, Mrs. Judy Labun of Ann Arbor and Mrs. Gladys Kint.

Lunch of gelatin and cake baked by Mrs. Lenard Jones, a blue for boy and a pink one for girl, were served.

Out-of-town guests were Mrs. Albert Grieshober and Jean Green of Adrian, Mrs. Labun of Ann Arbor and Mrs. John June of Detroit.

Mrs. Schwanz' husband is pastor of the Adrian Lower Light Church.

Long and Short

By TOM RIORDAN

SAN JUAN, Puerto Rico — A land of Eternal Spring is what they call this island and how true it is.

When Cherie and I arrived Thursday afternoon, I felt like an idiot toting an overcoat and wearing calf-high wool socks as we stepped off the Eastern Airline jet into 82-degree temperature.

A cooling breeze wafted in from the Atlantic and I kept telling myself, "This is crazy. This is really insane. But how wonderful."

We were met by Cherie's sister, Carol, and her husband, Bob Clancey, and one of their four sons, first-grader, Sean.

Bob is a navy commander, presently about half way through a three-year tour of duty at the San Juan base.

Of Bob's 23-year career, which has taken him through a world war and duty over much of the world, this by far is his plushest assignment.

Fringe benefits include a lovely home on the base, with four bedrooms, three baths, a giant screened-in porch which runs around two sides, a rear yard which is laughingly called the Back 40.

Actually, it is about 20 acres of finely manicured lawn and is shared by four other neighboring homes. Featured are a golf tee and practice green and a cluster of giant pine trees, which are right behind the Clancey home.

That's how we happen to be in San Juan, taking advantage of an invitation made by Carol and Bob 18 months ago when they found what a lovely spot they had. "Come visit us," they wrote the family.

There were quite a few Michigan relatives here before us and we wonder how Carol and Bob are able to keep ahead in the game of innkeeping.

But they surely are wonderful hosts.

And are we having fun. Like the first morning. Cherie and I simply sat out on the Back 40 and looked at the skyline, watched the ships, boats, tenders and submarines gliding up and down the San Antonio Channel, which divides Old San Juan from new San Juan.

Three of the Clancey boys are at home and attend Antilles school, which is located [illegible] miles from here at what is called the Navy Annex, formerly Fort Buchanan, until this summer an army installation.

Kevin is a senior and basketball star at Antilles. His team played Robinson, a Puerto Rican school, at the gym on this base Friday evening. In short sleeves I strolled over (Bob couldn't go because he was on duty) to watch the Antilles Pirates come from behind to win, 73-57.

Saturday afternoon the girls headed for the beach while Bob and I buzzed over to the golf course at the Annex.

I had an excellent excuse for not keeping my eyes on the ball — the scenery is breathtaking, a wall of mountains along one side, rows of palm trees all around.

That morning we were awakened about 6 a.m. by the public address on a submarine tender anchored a few hundred yards away. After a blast on the bossun whistle, a voice announced, "Weather today, warm and clear. Temperature 71."

There's a lot of excitement scheduled for this week, including a story and pictures on navy missile techniques, plus other feature yarns.

Some evening we'll probably be dropping into the El San Juan Hotel and some of the other plush spots to take a look into the gambling rooms. Academic visits, of course.

Jets Here in Big Game

League leading Airport comes to Tecumseh Friday night and should be favored to trip the Indians.

The Jets nipped Tecumseh there last month by one point and have since dropped just one game, and that to Blissfield.

Tecumseh could do the Royals a big favor by bumping Airport here, and giving Blissfield a chance to repeat as league champs. The up-and-down Indians are due to be up, and if so, they'll hand the Jets their second loss.

Much of Tecumseh's chances depend on who controls the boards, and Airport's 6'5" center, Andy Anteau, gave the Indians trouble in the first game.

TRAGIC PATH — The car in which two young women were killed skidded on pavement (arrow), jumped the snowbank, knocked the ticket booth (box) from its foundation and crashed into tree 30 feet beyond.

Crash Claims Lives of 2 Young Women

Maybe, if there had been a sign . . . .

The car zipped past the corner of Shawnee as it traveled up one-way N. Ottawa toward the athletic field Monday night.

Beyond the intersection, the driver apparently realized there was a curve, hit her brakes and skidded on the greasy wet pavement.

The blue, 1966 Pontiac GTO jumped the snow embankment at the side of the road and, on the snow, traveled about 100 feet, crossing over a driveway.

It knocked a ticket booth at the top of the athletic field steps off its foundation down the hill.

Skidding another 30 feet, the auto careened into a tree just over the bank.

Faye McClure, 1150 W. M-50, saw the accident at 10:50 p.m. as she was driving south on N. Evans and went directly to the police station to report it.

★

THE DRIVER, Mrs. Ada Gene Jester, 23, of 749 Winchester, Monroe was dead on arrival at Herrick Memorial Hospital from a broken neck.

It took half an hour for two wreckers, with the help of firemen and police, to pull the demolished car from the tree and cut away twisted metal before removing the passenger, Mrs. Emma Brown, 20, of 504 State St., Adrian.

She died of head and other injuries at 3:05 a.m. at University Medical Center, Ann Arbor.

Police theorize the car was traveling at an excessive rate of speed in the 25-mile-per-hour posted speed zone.

The two young women died in the city's first traffic fatality since a boy pedestrian was killed on Adrian St. in November, 1964.

It is believed the women, after visiting in Monroe, were on their way to pick up Mrs. Brown's husband, Wade, from work at the Budd Co. in Clinton. He was called to Herrick Hospital and went with his wife to the University Medical Center.

★

SERVICES will be held in Tazewell, Tenn., for Mrs. Brown.

Born Jan. 24, 1947, in Tazewell, Emma Jean Carter married Wade Brown, Jan. 24, 1966.

He has been employed at the Budd Co. in Clinton for about a year and the couple lived there for a short time before moving to Adrian.

Mrs. Brown is survived by her husband, her mother, Mrs. Matilda Saylor, foster parents, Mr. and Mrs. John Carter of Ewing, Va., two brothers, Junior Saylor of Knoxville, Tenn., and Ray Saylor of Wayne; one sister, Mrs. James Ball of Knoxville and a nephew. The couple had no children.

The body was in state at the Proctor Funeral Home, Clinton, from noon until 6 p.m. Wednesday, when it was taken to the Reece Funeral Home in Tazewell for services Saturday.

★

FUNERAL arrangements for Mrs. Jester are pending at the Earl Little Funeral Home in Monroe.

Her parents, Mr. and Mrs. Jacob Byrd live in Clinton.

Born Dec. 11, 1943, in Ypsilanti, she married Carson Jester Aug. 11, 1963.

She was the mother of two children, Susan Michele and Debra Lee.

Mrs. Jester was employed as an assembler for the Budd Co. in Clinton.

Besides her husband, children and parents, survivors include two brothers, James Byrd in the Navy stationed aboard the USS Enterprise in Vietnam, Jeffrey, of Monroe, and a sister, Carol, of Monroe. Her [illegible]mother and great-grandmother also survive.

Council, JP Races Loom

Races for Council and the office of Justice of Peace will be on the April ballot for the Tecumseh electorate.

Ten candidates already have taken out petitions for Council and two petitions are out for JP.

Ray Puffer, George McCombs, Don Sunderland and Paul Burns, all four incumbents, have petitions for re-election.

Roger Dean Howell, John Howell, James Palmer, Richard Creswell and Douglas Osworth, all Jaycees and apparently being backed by the Jaycees, are petitioning to have their names on the ballot.

Ernest Oliver, JP here for the past eight years, is being opposed by Royal Welch, former city councilman.

Aspirants to Council and the office of JP have until 5 p.m. Monday, Feb. 20 to file petitions.

The petitions may be obtained at the clerk's office in city hall and must be filed there after completion of the necessary signatures.

Season Tickets To Buy Seats

By JIM LINCOLN

Two Tecumseh service clubs will kick off a drive here to sell 380 football season tickets for the 1967 schedule.

Proceeds of the drive will be spent for additional, permanent bleachers at the athletic field, increasing seating capacity for Tecumseh fans from 1,200 to 1,700.

The two clubs, Rotary and Exchange, are spearheading the drive with help from the Fan Club, Tecumseh Varsity Club and the high school's Student Council.

The entire town will be canvassed, starting March 1. Officials plan to wrap up the campaign by March 15.

If the project is successful, work will start this spring and the additional seating will be ready when the Indians open the 1967 schedule against Detroit's Lutheran West.

Other home games include Grosse Ile, Blissfield and Adrian.

Part of a ticket purchase will actually be a donation to the drive. Each ticket sells for $10, and with a four-game sked, purchaser will actually be donating $6.

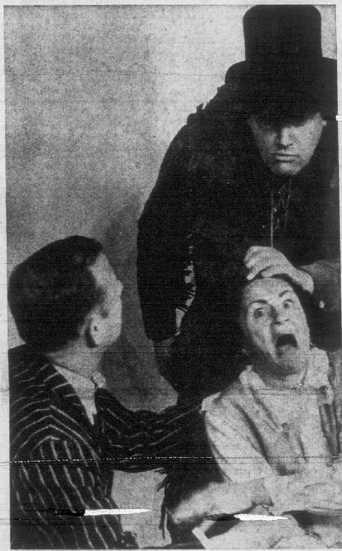
Another contributor, indirectly, will be the Tecumseh Athletic Association, which has agreed to relinquish most of its normal gate at the games through the advance sales. This amount could easily be $1,500, for the home season.

Fans who attend the Indians' games know additional seats are needed. At practically every home game, many spectators have to stand.

The new bleachers will extend south from the present ones, almost half-way to the concrete steps leading to the athletic field. Estimated cost is $5,000.

The Rotarians have about $1,200 already for the project, which undoubtedly will be needed to finance the plan.

CROWDS ON THE HILL AND SIDELINES AT EACH HOME GAME EMPHASIZE BLEACHER NEED



ABOUT TO BE SCALPED — Mrs. Louis Paige as Dolly Taite, shrieks in terror at being scalped by Chief Sitting Bull, Duane Steele. Bob Murray as Charley comes to the aid of fair lady in the production of "Annie Get Your Gun," being presented at the Community Center for the next three weekends, Thursday, Friday and Saturday evenings. Curtain time is 8 p.m.

Success of 'Annie' Is Directors' Joy

By LORI EGLI

The unsung heroes of any play production are the directors. Their names are on the program, but few people in the audience meet them.

Because the actors receive the glory, the directors settle for satisfaction in a job well done.

Although fun, it is still a job, especially the responsibility of directing over 40 people in a rollicking musical such as "Annie Get Your Gun."

Opening night is Thursday, Feb. 16, with performances for three consecutve weeks on Thursday, Friday and Saturday.

★

BETTY JO HANCOCK, the director of "Annie" is putting together her second musical for the Tecumseh Players.

A full time speech correctionist for Lenawee County, she has been spending her evenings for two months directing "Annie", the first few weeks without any stage.

She has directed plays both for the past Adrian group and the Tecumseh Players, so she takes this all in stride.

★

ASSISTING her is Dick Boyd, office manager for Wilson Motors.

Well known in local theaters, he was last on stage for the Tecumseh Players as the lawyer, Oscar Nelson, in "Mary, Mary".

GARY BURGESS of Adrian is the musical director for this production.

Gary, who received his bachelor of music and master of music degrees from the University of Michigan, is now teaching music in the Adrian public school system.

He also teaches private instrumental lessons and is the Children's Choir director at the First Methodist Church in Adrian.

Orginally from Brandon, Fla., he has worked in two operas with the Cleveland summer stock at Chatauqua Institute in Chatauqua in New York.

★

CHOREOGRAPHER for "Annie" is another talent, Eleanore Brown, who has her own dance studio in Onsted and teaches dance classes in the Tecumseh Community Center.

A 1960 Michigan State University graduate with a major in speech, she is a member of the Cecchetti Council of America.

In the past she has choreographed "Brigadoon" for Benton Harbor High School as well as area high school and grade school programs.

For "Annie" she has devised six dances, one particularly notable with flourescent lighting.

★

JERRY ANDREWS will provide all the accompaniment and background music for "Annie" on a Baldwin organ.

Originally from Ashtebula, Ohio, Jerry came to Adrian two years ago to work as a chemical engineer for a local chemical plant.

However, his hobby for the past eight years took the upper hand and became the basis for his present job as organ salesman for Nixon-Marbros in Adrian.

Dog Catcher Will Answer Complaints

Complaints from residents about dogs running loose will soon be answered.

City Manager Cal Zorn has hired John Conklin, 47, of 1207 Murray Dr., as a city dog warden on a part-time basis, starting next Monday.

Mr. Conklin will answer complaints, cruise the city and pick up dogs running at large.

Ernest Oliver, local Justice, says there will be no dismissals for residents cited for allowing their dogs to run. They will pay fine and costs at his office.

All dogs picked up will probably be taken to the kennels of Dr. Carlos Knisely, where they will be kept for about three days. Owners will not only be fined but also charged the fee for housing the dogs.

Last year, census of dogs in Tecumseh totaled over 800, and less than half had licenses. Licenses are now on sale at the city clerk's office.

On Dean's List

Marilyn Mumaw, a junior at Michigan State University, has been named to the Dean's List for achieving an all-A record for fall term.

The daughter of Mr. and Mrs. Glen Mumaw of Rogers Hwy., she is a 1964 graduate of Tecumseh High School.

BEHIND PAGE ONE

"It was a jet airliner with the landing lights on," said **Edward Schmidt** of 11134 Murphy Hwy. He was speaking of the UFO sighting reported last week by **Ruth Kuder** on the Clinton-Macon Rd. "Due to frosty atmosphere, the lights cast an eerie glow but my wife and I were able to distinguish the wing lights when overhead," said Ed.

✓

Who would guess, it's a rosy pink. Tastes good, too. **Mrs. Jack Schuyler**, a clerk at **Holmes Pharmacy**, presented the staff at **The Herald** with a jar of corn cob jelly which her sister, Lois Higgens of Colorado had made and sent to her. Thought there was no such thing, didn't you?

✓

"We just got a call from **David** at Metropolitan Airport and we are going right down and pick him up," exclaimed **Mrs. Clarence Brock** on the phone Monday morning. Tecumseh chalks up one more score, another of our young men home safe from the fray.

✓

"I hate this game because I never get any good cards," said the novice bridge player. "But I sure love the arguments and rehashing the plays."

✓

A disgruntled depositor asked if the banks were closed Monday in observance of **Adam Clayton Powell Day**. No sir, the legal holiday was in celebration of **Abraham Lincoln's** birthday.

✓

The kids laughed because her dress was dirty and there was a tear in the back and the teacher didn't understand that being late had not been her fault. Nothing went right for a little girl in the Tecumseh area this week. Won't you call **Mrs. H. H. Hanna** at Tecumseh Protective Services 423-7541 and take the disturbed little one home with you for supper and a sizable amount of TLC, tender loving care.

✓

While **Dr. Robert Murray** performs in the **Tecumseh Players'** production of **"Annie, Get Your Gun,"** his wife, **Gin,** has a supporting role in the **Jackson Civic Theatre's** presentation of the **"Diary of Anne Frank."** The play is being given as a Jackson Community College activity Thursday evening and again for the public Friday and Saturday in the Stone Village Theatre. Curtain time is 8:30 p.m. This is the last go-around of Gin's play in the repertoire.

✓

Mrs. Hal Bates is of **George Washington's** heritage for sure. She paid her classified ad bill even though the slip had been marked "paid" before she entered the office.

✓

When a dropped egg bounced a foot and landed unharmed on **Mrs. Clarence Follis'** new kitchen carpet, she was finally convinced that the newest decorating craze was really a good idea.

✓

"I think Barry sat for two hours and read the Britton page that you clipped from **The Herald** for us," wrote **Mrs. Barry Branham** of her husband stationed at the Memphis Naval Center, near Millington, Tenn. "It seemed good to read a familiar paper," continued the letter which sent **Mrs. Doug Palmer** to the phone to make arrangements for a subscription for her daughter and son-in-law.

✓

Jim Fielder is getting ready for spring re---gardless of Ole Man Weather. He bought a straw hat at **Harold Green's** sale Wednesday.

✓

While fox hunting in the Britton area recently, **Roger Palmer** of Ridgeway counted at least five pheasants which apparently died from lack of food due to the deep snow.

Bus Driver Classes Are Scheduled

Classes for Lenawee County School bus drivers are being held Feb. 20 in Addison, Feb. 21 in Blissfield and Feb. 22 at the Lenawee Institute. All classes meet from 7 to 10 p.m.

The new laws pertaining to school buses that were passed by the 1965 State Legislature will be discussed. Various areas of bus operation in the Lenawee County will be covered by Milton C. Porter, superintendent, Intermediate School District.

Specially qualified instructors from the Bus Drivers Education Staff conduct each class. The Bus Driver Education Program is sponsored by Eastern Michigan University and the Michigan Department of Education.

Tecumseh administrators encourage local drivers to attend these classes.

Homeowners Over 65 Can Get Exemption

State Rep. Robert Stites is urging homeowners in the 40th District to take advantage of the Michigan Homestead Tax Exemption for persons 65 years of age and over.

Purpose of the act is to give tax relief to Senior Citizen homeowners whose combined gross income did not exceed $5,000 during the preceding calendar year.

According to Rep. Stites, applicants must have lived in Michigan for 5 out of the last 10 years and the state equalized value of their real property cannot exceed $10,000.

The exemption amounts to a $2,500 deduction from the state equalized value of the homestead. The average tax relief is about $93.

Persons eligible to claim exemptions must file a claim with the local tax assessor between now and March 8, the date for adjournment of local Boards of Review.

Additional information in an explanatory brochure is available from Stites, Michigan State Capitol, Lansing.

Democrat Women Get Report of Tour of Siena Heights

Reports on the tour of Siena Heights College Science and art departments and from the Executive Board meetings were given at the Feb. 8 meeting of the Democratic Women's Club in the Madison Congregational Church.

Plans for future meetings were made with Mrs. Isabelle Psaute presiding.

Another meeting will be held March 9 in the home of Mrs. Fred Groth with Mrs. Marge Horkey as chairman.

Refreshments were served by Mrs. DeEtta Clugston and committee.

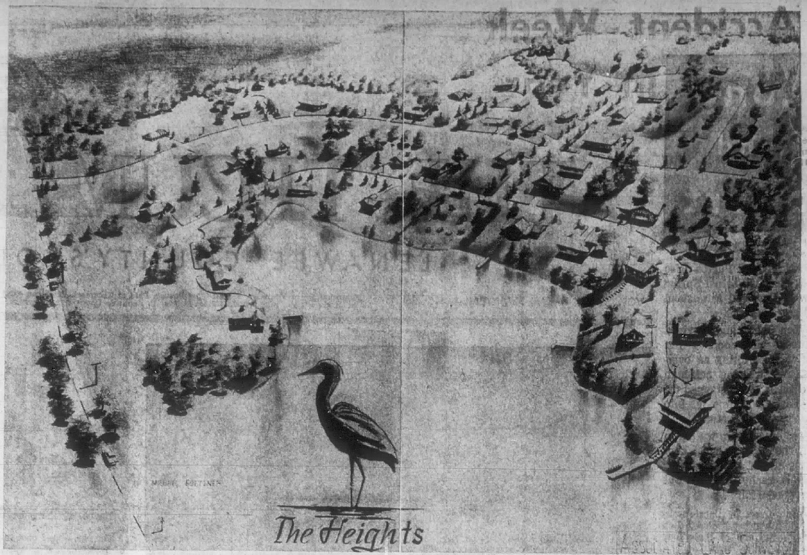
The engagement of Ann Louise Harvey to Gary E. Jackson is being announced by her parents, Mr. and Mrs. Darwin K. Harvey, Sr., 9460 Stone Hwy. A graduate of Tecumseh High School, Miss Harvey is employed by Gray Manufacturing Corp. in Tecumseh. Her fiance is the son of Mr. and Mrs. Louis C. Jackson of 4897 Woerner Rd., Manitou Beach. He is a graduate of Addison High School and is also employed at Gray Manufacturing. A summer wedding is planned.

Mrs. Norma Seidel Becomes Bride of Richard Preston

Mrs. Norma Seidel and Richard Preston were married Saturday by the Rev. Julian Gresham at the First Presbyterian Church.

The couple was attended by Mr. and Mrs. C. W. Hanna. Following the ceremony, dinner was served for the wedding party and the immediate families at the Country House.

Mr. and Mrs. Preston left for a two-week trip to Florida. They will live at 316 N. Union St.



NEW SUBDIVISION — One of the newest subdivisions in this area, south of the Fisher Body Plant off Occidental Rd. and in the south section of the local school district, is Bob Goedert's "The Heights". Several homes have already been built, and three were just completed recently by the Adrian realtor. Mr. Goedert is also starting a subdivision just north of the Tecumseh Country Club.

DAR Entertains Good Citizens

Mrs. Fay Whelan entertained the Abi Evans Chapter, DAR, at her home Feb. 10 when three Good Citizenship Girls and their mothers were guests.

The National Defense report was given by Mrs. Donald F. Smith concerning the holiday truces.

All military personnel were in complete agreement that this worked to the complete disadvantage of South Vietnam.

North Vietnam took full advantage to protect their positions and supplies, prolonging the conflict, killing more men and increasing costs.

Mrs. Charles Mensing presented the girls, speaking of the way they were selected. The senior class nominates three girls and the faculty chooses one of the three to receive the honor.

Choice is based on the girl's outstanding demonstration of dependability, leadership and patriotism.

Special DAR pins were presented to each girl and pinned on by her mother.

They are Kathy Hall and Mrs. Garth Hall—Nancy Hawkins and Mrs. Carl Hawkins, Britton — Barbara Bowman and Mrs. George Bowman, Clinton.

Nancy's older sister, Judy Hawkins received her pin in 1959.

This is the first time that two girls in one family have been given the honor in 30 years Abi Evans Chapter has been sponsoring Good Citizenship girls.

Mrs. Mensing is planning to take the young ladies to the State Conference in Kalamazoo March 16.

One will be chosen to attend the National Conference in Washington D.C. in April.

Kathy Hall presented the program from literature of events in American History.

Arlo Schulze selected a passage of Governor John Winthrop's message to the Massachusetts Colony: Liberty has a double meaning: the obtaining of mans personal necessities and man's need of freedom, justice and liberty.

Barbara Clark gave Patrick Henry's speech before the House of Representatives of the colony of Virginia March 25, 1775 wherein he declared "Give me Liberty, or Give me death."

Debby Osborne concluded the program with the rendition of Henry Wadsworth Longfellow's poem "Paul Revere's Ride."

The young speakers revealed anew the determination of the men that laid the foundations of this country.

Mrs. Whelan had prepared for refreshments a birthday cake in observance of the 40th anniversary of the organization.

Mrs. Orville Laidlaw was the first regent. Members miss her attendance and guidance since she has changed her address to Fort Myers, Fla. Mrs. Hoyt Whelan was the only organizing member present.

Mrs. E. T. Armstrong of Adrian is also a member.

In 1937 the first Good Citizenship Girl was selected from Tecumseh High School. Beth Smith, daughter of Mr. and Mrs. S. Henry Smith, was given the honor.

In 1941 the Chapter included Clinton and Britton High Schools as Chapter Associates.

Regent - Elect Mrs. Arthur Brown poured tea.

Book Will Advertise Tecumseh

Many Tecumseh businesses and industrial plants have been contacted during the past week for participation in a Lenawee County brochure.

Purpose of the booklet is informative for industry to recruit new employees, for industrial and residential developers, teacher recruitment and inquiries to the Chamber of Commerce.

Marge Baker, representing Commerce Publications of Miller, Ind., is soliciting advertising for the brochure, of which there will be at least 7,000 printed for local distribution in Tecumseh.

Four Tecumseh businesses — G & J Wood Products, Rumpf Truck Line, Hayden Mills, and Gaston and Son Jewelry — have already agreed to advertise in the booklet.

Most of Tecumseh's editorial matter will be devoted to the schools, city and churches.

Cemetery Prices Lowest in Country

While inflation has affected practically everything in the universe, there's still one exception — Brookside Cemetery.

Mel Partridge, chairman of Tecumseh's Cemetery Association, has pointed out that grave lots still cost just $50 each, the lowest of any cemetery in the country.

The impression that this real estate has gone up is misleading, and the cost still includes perpetual care.

Tecumseh's cemetery is one of the finest — and best cared for— in this area, or anywhere else.

Brookside's first burial was in 1834. There are now over 9,000 graves, leaving approximately 8,000 lots left. This will be increased when recently purchased five adjoining acres are plotted.

Just a few years ago, one section of Brookside was designated for Catholics.

Mr. Partridge has been chairman of the association for the past 18 years. Other board members are Fred Dickinson Sr. and Neil Depuy.

Merrill Murphy is saxton.

Accident Week Worst in Years

In one of Tecumseh's worst accident weeks in years — perhaps ever — local police checked 13 mishaps the past week besides the crash which took two young women's lives on N. Ottawa Monday night.

The record shows two pedestrian accidents, a car-bicycle incident, leaving the scene and the usual number of fender-benders. Fortunately, personal injuries were minor.

A resume is:

Feb. 8 — Flora Meyers, 47, of 1008 Red Mill Dr., was cited for failure to yield right of way after a mishap with Jack Tibbs, Jr., 36, Manitou Beach. The minor accident happened on Red Mill Dr.

Feb. 8 — John L. Allshouse, 39, Adrian, was charged with violation of the basic speed law after an accident at Russell and Green Rds., with Norma E. Nash, 22, of 725 N. Union.

Feb. 9 — Mrs. Lawrence Bilkie, 1016 Red Mill Dr., reported her car damaged while parked at St. Elizabeth School. Other driver is unknown.

Feb. 10 — Driver Lena R. Smith, 21, of 205 E. Cummins St., was absolved of blame when a six-year-old girl, Cynthia Merillat, 630 N. Union, ran in front of her car. She was taken to Herrick Hospital, treated for a bump on her head and released.

Feb. 10 — Garry L. Bowers, 20, of 5609 Macon Rd., was cited for failure to stop in time after hitting Alvin D. Dickerson, 21, rural Adrian, at the intersection of N. Evans and Chicago Blvd.

Feb. 10 — Thelma Schulze, 37, of 907 Russell Rd., was charged with improper backing. She struck a parked car owned by Leanna and Jesse Clark, of Adrian, on N. Pearl St.

Feb. 10 — Jack L. Curtiss, 42, of 315 W. Shawnee, was cited for improper backing after a mishap with Arthur Drengber, Bay City. It occurred on W. Pottawatamie.

Feb. 10 — Douglas E. Skinner, 17, of 611 N. Union, pulling into the Purkey Garage parking area, slipped on the ice and bumped an auto driven by Michael W. Haeussler, 18, of 701 Brook St.

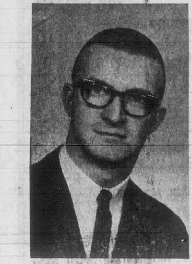
Feb. 13 — Larry E. Chase, 19, of 500 Occidental, attempted to stop for a dog and slid into the other lane. He was then hit by Frederick J. Schwede, 18, of 415 E. Pottawatamie, who was charged with failure to have his car under control.

Feb. 13 — Glennis L. Curran, 55, of 9531 Newburg, backed from a drive on Murray Dr. into a parked car, owned by Beverly A. Holbrook, 906 Murray Dr. The Holbrook car was parked, heading the wrong direction.

Feb. 13 — Virginia Kies, 14, of 605 Orchard Lane, reported that a car turned off N. Evans and passed so close to her that her right hand was hit. Other auto, a red Renault and its passengers are unidentified.

Feb. 13 — Barney Kurowicki, 18, of 10537 Pennington Rd., attempted to make a left turn off W. Chicago Blvd., and was struck by Robert E. Webb, 40, Cleveland. No citations were issued.

Feb. 14 — Kimbery Ion, 11, of 616 W. Chicago Blvd., rode his bike off Van Buren into the side of a car driven by Jimmie Lee Stites, 20, of Adrian. The lad apparently suffered no injuries.



Erwin Pennington has been graduated from Michigan State University with a master's degree in geology and has accepted a position as production engineer with the Dundee Cement Co., Clarksville, Mo. He and Mrs. Pennington are moving there this week. Erwin is the son of Mr. and Mrs. Earl Pennington of Hessel, formerly of Britton. He is a 1954 graduate of Tecumseh High School.

Any Think

By JUDY FIELDER

I'm glad the tragic death of two young women at the athletic field happened late at night.

Watching the rescuers at their solemn task last Monday woke me up to the fact that, although everyone is aware of the dangers of busy Evans St., traffic on N. Ottawa is even more deadly for youngsters.

What was once a side street cut-off next to the athletic field, not too oft used, even by community residents, has become a non-stop thruway — posted speed limit or not.

Re-education of parents and their children — which would have taken time — has been swift in one lethal stroke.

The athletic field is the center of many sport and play activities summer and winter — football, baseball, track, pep rallies, swimming, the Easter Egg hunt and sledding on the hill which borders Ottawa and Evans.

I don't know how the city plans to cope with these problems, but it's obvious the unmarked curve and the unprotected sidewalk next to the street don't mix with schools, library and children at play.

I'm sick at heart for the two women, but thank God it wasn't my baby — or yours.

Lenawee County Highway Funds Are Distributed

LANSING — The State Highway Commission has started distributing fourth - quarter Motor Vehicle Highway Fund collections.

Lenawee County's share totaled $279,047 while Tecumseh received $17,425; Adrian, $40,346; Britton, $1,576 and Clinton, $3,677.

THE CHINESE HAD A GOOD IDEA

In ancient China, people paid their Doctors to keep them well. Any time someone got sick, their Doctor was not paid. This could be possible here, providing our Doctors are given the opportunity to properly take care of you.

It is a fact now, that too many people are constantly taking home remedies which give only a temporary relief till the next dose. Too often, when they finally consult a physician the damage has become serious and the body has been ravaged so that a cure becomes difficult. Some self-treatments are good, but if the condition for which they are taken keeps returning, you need a physician.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

NEW PIT BUILDING — Architect's rendition of the proposed complex at the Pit shows construction now considered within the dotted lines. City Council is seeking Federal aid of $27,000 for the $54,500 project, which includes a registration room, dressing rooms and rest rooms. The large building contains an indoor swimming pool, not proposed at this time. Officials hope to have government approval by April and construction completed early next summer.

A grandmother has more fun than anybody and Mrs. Perry Hayden can attest to that fact. She and son, John, just returned by plane Tuesday from visiting her Beaumont, Tex., grandkids, children of Mr. and Mrs. Ronald Wells.

Highlight of the trip was two concerts given by the Texas all-state choir, symphonic band and orchestra with David Wells singing in the bass section.

DAVID WELLS

The concerts are presented by the Texas Music Educators Association.

While in Beaumont, the Haydens presented the film, "God Is My Landlord," in the First Baptist Church to climax a current financial drive.

Keeping up with the Hayden children and grandchildren from Texas to New York City certainly has a wonderful effect on Elizabeth. She becomes more charming every day.

√

Mr. and Mrs. George Haddad and children, Ted and Susan, of Ann Arbor, Mr. and Mrs. Gary Hanna and Mr. and Mrs. Don Nixon were Sunday dinner guests of Mr. and Mrs. LeRoy Betzoldt.

√

Mrs. Byron Covell celebrated her birthday anniversary Saturday with gifts and cards from many friends and relatives and a birthday cake provided by her son and wife, Mr. and Mrs. Ray Covell, of Plymouth. Moving pictures were taken. Mrs. Florence Pocklington brought dessert to the Larkin Nursing Home where Mrs. Covell lives. She also received a telephone call from Mr. and Mrs. Roy Covell of Maywood, Calif.

√

Mr. and Mrs. M. H. Theilan and Mrs. C. W. Hanna were in Wayne Monday for the funeral of Hersha Lucas. Mr. and Mrs. Maynard Lucas left Monday night for their home in Chamblee, Ga., after being called to Wayne by the death of his father. Robin, Susan and Marcia stayed here with their grandparents, Mr. and Mrs. Theilan, while their parents were in Wayne. The Theilans brought Kirk Lucas back to Eastern Michigan University Monday evening after the funeral.

√

Mary McWilliams returned Monday evening from Ypsilanti where she had spent the weekend with Magalyn and Oliver Blum to celebrate her birthday anniversary which occured Feb. 13.

James Cook of Michigan State University was a weekend guest of Lynne Shufelt at the home of her parents, Dr. and Mrs. John M. Shufelt, in Royal Oak. Mr. and Mrs. Stanley Cook, Stephen, David and Robert joined Jim at the Shufelt home Sunday. All attended services at the St. John's Episcopal Church and later had brunch together at the Red Run Country Club. En route home, the Cooks called on her brother, Gordon Pearson and family, in Farmington.

√

Mrs. Windham Bremer and children, Susan and Stephen, left by plane Sunday for their home in Joppa, Md., after spending a week with her parents, Mr. and Mrs. Virgil Tucker. Mrs. Bremer came for the wedding of her brother, Lieut. Michael Tucker and Suzanne Stewart. She and the children spent the weekend with her parents-in-law in Detroit.

√

Pam Brooks, freshman at Eastern Michigan University, returned to campus last Tuesday after spending semester break with her parents, Mr. and Mrs. Thomas Brooks.

Mothers of Twins Offer Suggestions for State Booklet

Members of the Mothers of Twins Club worked on helpful suggestions to be compiled in a booklet by the state organizaton, when they met Monday evening with Mrs. Franklin Sandhoff.

Ten members were present and four guests, Mrs. Daniel Bush, Mrs. Ralph Scarbrough, Mrs. David Van Tuyle of Clinton and Mrs. Jerry Cutler.

The group discussed plans for a progressive dinner tentatively set for the May meeting.

Party bridge was the evening's diverson with prizes awarded to Mrs. Henry Smith, Mrs. Scarbrough, Mrs. James Forsythe and Mrs. Sandhoff.

Mrs. Walter Gillen assisted the hostess with the serving of refreshments.

Mrs. James Hubbard of Onsted will be the hostess for the March 13 meeting.

OES Initiates

Tecumseh Chapter No. 51 held a special meeting Feb. 9 for the Ceremony of Initiation.

Mrs. Melvin Ruettinger, chairman of the membership committee of Grand Chapter, and Mrs. Clare Morse, Second Vice-President of the Lenawee - Monroe County Association were introduced and welcomed.

The altar was draped in memory of Otto W. Bishop, Past Grand Patron and former State Senator, who died Nov. 17. As the altar was draped, the organist, Mrs. Glenn Driscoll, played "Beyond The Sunset".

A short history of Mr. Bishop and an appropriate memorial verse were read by the worthy matron, Mrs. Stanley Miller.

The Degrees of the Order were conferred on Mr. and Mrs. Wilford Kidman. Mrs. Miller announced proficiency classes will start March 6 at her home.

Members were reminded of the dinner and reception honoring Mrs. Ruettinger Feb. 28. Reservations will be made by Feb. 23.

The next regular meeting, March 2, will be past matrons and past patrons night.

Refreshments were served in dining room, decorated with a Valentine at each place setting with candy cups and red candles.

Mr. and Mrs. Melvin Ruettinger, Mr. and Mrs. Stanley Miller, Mr. and Mrs. James Tonneberger, Lucinda Miller and Donald LaBounty were on the committee.

Charlene Sowers, Melvin Pepple Exchange Vows

Charlene Sowers and Melvin Pepple of Osseo were united in marriage Friday evening in a candlelight service performed by the Rev. Blair Bashore in the First Baptist Church.

Parents of the couple are Mrs. Ruth Dinius of Adrian and Ivan Sowers of Delta, O., and Mr. and Mrs. Clyde Pepple of Osseo.

The couple was attended by Mr. and Mrs. [illegible] Escott.

The bride wore a blue knit dress with a corsage of red roses and white chrysanthemums pinned to her shoulder.

White gladioli and chrysanthemums filled the gold altar vases for the single ring ceremony.

A reception was given in the Youth House following the ceremony by the bride's aunt and uncle, Mr. and Mrs. Earnie Topps.

Barbara Close and Annette Bracey served punch and coffee and Mrs. Edward Mansfield of Delta, O., cut the bride's cake.

The bride is employed at Erlacher's Cafeteria and her husband is employed at the Tecumseh Products Co.

They live at 127 S. Broad St., Adrian.

Meyers' 25th Anniversary Surprise Has Mock Wedding

Mr. and Mrs. Richard Meyers, 1008 Red Mill Dr., were the surprised guests of Mr. and Mrs. William Snook Saturday evening when nearly 25 neighbors and friends gathered at the Snook home for a cocktail party.

The Meyers observed their silver wedding anniversary Feb. 14.

During the playing of a tape recording of humorously presented nuptial music, participants descended the stair for a mock wedding.

Hilariously costumed, Mrs. Joe Fortunato was the preacher. Others included:

Mrs. Robert Vaillencourt — best man.

Mrs. Ivan Lindstrom — Groom
Ed B. Rapin—matron of honor
William Snook — the bride
David Meyers — flower girl
Mrs. Ed Rapin — ring bearer
Mrs. Snook — father of the bride

Pictures were taken of the performance and other recordings made for the couple to show and play for their two older sons at a later date.

Lieut. and Mrs. Richard Meyers with two daughters, Amy and Jill, are living in Munich, Germany while Lieut. Meyers handles the payroll and maintainence for the army base at Dachau.

Machinist Mate Thomas Meyers is presently stationed aboard the destroyer USS Maddox with home port at Singapore.

Flora Douglas and Richard Meyers were married Valentine's Day, Feb. 14, 1942 at the home of the bride's parents in Toledo by her uncle, the Rev. Andrew Douglas.

Mrs. Meyer's mother, Mrs. Betty Gilfillan, and a friend Hal Leavell of Toledo were among the guests Saturday evening. Others attending from away were Mr. and Mrs. Al Sabo of Perrysburg, Ohio and Mr. and Mrs. Charles Rogers of Sand Lake.

Josilyn Snook registered the guests in a book that she had made especially for the occasion.

Young David Meyers enjoyed the fun of his parent's anniversary as much as anyone.

Junior Leaders Conduct Model Business Meet

The junior leaders conducted the meeting of the North Franklin Hustlers 4-H Club Monday evening at the home of Patty Aebersold.

They gave a demonstration of a model business meeting which was followed by a presentation by Miss Aebersold on the ways to give a demonstration.

Leaders participating in the model meeting were Jim Woodward, Barbara Vincent, Judy Wilson and Karen Davenport.

Bruce Carlton taught the 4-H Pledge to the new members.

Miss Aebersold led the group in playing games. Mr. and Mrs. Charles Aebersold served cookies and ice cream for refreshments.

Mrs. Claude Creger, leader, distributed the Fall Crop money to the members.

The March 6 meeting will be held at the home of Barbara and John Vincent when the topic will be "How to Fill Out Records".

Baptist Church Women's Society Holds Meeting

Mrs. Richard Carter presented a program entitled "Speak For the Lord" at the meeting of the Women's Society of the First Baptist Church Monday evening in the Youth House.

She was assisted by Mrs. Arthur George, Mrs. George French, Mrs. Richard Fielder and Mrs. John Westgate.

A love gift of $31.10 was dedicated by Mrs. Vern Manwaring.

Members of the Hannah Circle served refreshments in keeping with the Valentine theme. Mrs. Harold Davidson and Mrs. William Flanders served beverages from a lace-covered table.

Sen. Griffin To Keynote Lincoln Day

Senator Robert P. Griffin will be the keynote speaker at the Lincoln Day dinner Feb. 17 in the Archangel Hall at Siena Heights College.

A reception line of all elected Republican officials will be present to greet the public at 6:30 p.m. preceding the 7:30 p.m. banquet.

Senator Griffin was appointed to the United States Senate May 11, 1966, by Michigan Governor George Romney to fill the vacancy caused by the death of Patrick V. McNamara.

In Vietnam at the time as a member of the House Subcommittee on Foreign Operations and Government Information, he returned home to be sworn in May 16.

He was first elected to Congress in 1956 from the 9th Congressional District.

Legislation Senator Griffin introduced in the House last year to provide free mail privileges for servicemen in Vietnam was adopted and attached as a rider in the Senate and became law.

Through his efforts, stricter regulations have been applied to prevent the dumping of oil and other refuse by ships in the Great Lakes.

In 1961, Senator Griffin introduced a bill designated to ease unemployment problems by permitting a worker to deduct for income tax purposes the cost of moving from one job to another. The principle embodied in his bill has become law.

Tickets may be obtained at the door.

Boy Escapes Death in Coal Chute Slide

BRITTON — Melvin Sanch, Jr,, 11, son of former Britton residents, Mr. and Mrs. Melvin Sanch, Sr., of Brighton, narrowly escaped death Saturday when he was buried by a coal slide in a railroad car in Brighton for 45 minutes.

Mr. Sanch is the son of Mr. and Mrs. Verl Sanch and Mrs. Sanch is the former Barbara Lutton, daughter of Russell Lutton.

Young Melvin was with his father, who was unloading the gondola of coal in a local lumber yard.

Atop the gondola pushing coal down the chute he was trapped in the sudden slide.

MELVIN SANCH, JR.

★

THE BOY screamed as he went down and his father raced to the top of the gondola. The boy was already buried and only his hands were sticking up through the coal.

His dad shut off the chute, grabbed young Melvin's hands and yelled for younger brother, Donald, 9 to call in the alarm.

Donald ran to the nearby fire station and returned with 20 men and rescue equipment. It took 45 minutes to free Melvin from the shifting coal.

★

"I STARTED shoveling the coal away from his head, and got it free, but the coal kept seeping back. He was unconscious. Finally, I cupped my hand over his nose while Donald went for help," stated the boy's father.

When the rescue squad arrived the men hosed oxygen down through the coal. The men uncovered his head and he regained consciousness. Finally, with plywood from the lumber company, they fashioned a box around his head.

★

MELVIN was taken to McPherson Health Center, treated and released. He was uninjured except for minor scratches.

His grandparents, Mr. and Mrs. Verl Sanch Sr., and uncle, Mr. and Mrs. Verl Sanch, Jr. visited the family in Brighton Sunday.

Grandfather Russell Lutton and Ron and Steve Eldred, also of Britton, were also Sunday visitors in Brighton.

Gerald Rhora Observes Ford Motor Executives

BRITTON — Gerald Rhora of Brtton was one of seven students from Cleary College to participate in Student Visitation Day at Ford Motor Company, Parts and Equipment Division.

The group was accompanied by Ronald Robson, Controller of Cleary College.

Each student is assigned to a Ford Motor Company executve with whom they spend the day observing the give and take of everyday operations as well as obtaining some practical knowledge of how business decisions are made.

Students get acquainted with their assigned executive at a breakfast before going on a plant tour. Students spend the rest of the day with the assigned executive, usually accompanying him to a cost meeting about the middle of the afternoon, followed by a question and answer period attended by all the Ford Executives participating in, or co-ordinating the day long program.

Methodist Church Lenten Services Each Wednesday

Services will be held each Wednesday evening during Lent at 7:15 p.m. in the Fellowship Hall of the Tecumseh Methodist Church.

Theme for the series of spiritual renewing will be "The Sign of the Cross."

Expanding on this theme, the Rev. Donald Porteous, pastor, will speak:

Feb. 15 — "Sign of Forgiveness."

Feb. 22 — " Sign of Peace."

March 1 — "Sign of Decision"

March 15 — "Sign of Mystery."

March 8 the Rev. Joseph Edwards, Ann Arbor district superintendent, will conduct the service.

Holy Communion will be held in the sanctuary Maundy Thursday.

Sunday morning worship services meditation will be "Cross to Glory" with numerous subjects to be considered.

Tories Defeated as Bulldogs Rack 15th Straight Win

BRITTON — The Tories basketball team met the same fate which has befallen every team the Summerfield Bulldogs have faced this season: they lost Friday night, 74-50.

Summerfield appears to be running away with the River Raisin League title. Britton's loss was the Bulldog's 15th straight win.

The Tores almost kept pace with the big Bulldog team in the first half, but a cold third quarter in which they could only make 7 points spelled doom. A rally in the fourth quarter was too late.

Tom Nieman of Summerfield led all scorers with 17. His teammate Vince LaRocca added 15. Britton senior Doug Fairbanks led the Tories with 15 and Larry Ash added 11.

The Tories almost kept pace lic Central Friday in a nonleague contest and will close out the regular season the following week when they travel to Ida.

Form Karate Club

By CHRISTINE FAIRBANKS

BRITTON — As a result of a school assembly sponsored by the Britton-Macon Varsity Club, several teachers became interested in karate and have been taking lessons from John Fredricks for the past three months.

Mr. Fredricks, who holds a black belt in karate, decided there was enough interest in the Britton area to open a karate club.

Meetings began last week and The Club now has 13 members, including men and high school boys from the Britton - Tecumseh area.

The club teaches karate as an art, a sport and a means of self-defense.

The first part of each meeting is spent in exercises for loosening up muscles and developing stretch and muscle speed.

The second section s spent learning basic moves including the various punches, kicks, blocks, etc.

The remaining portion of time is devoted to practice fighting, which is much like fencing in that all basic fighting moves are used but heavy contact is completely avoided. A fighter wins by scoring points for hitting or kicking "close to" his opponent, who temporarily loses his defensive guard.

Members will be eligible to attain rank and degrees in karate upon demonstrated proficiency.

The club membership fee is $12 per month. Meetings are held each Monday evening from 7-9 p.m. at the high school. New members will be accepted up to Feb. 20. Interested persons are to call 451-4065 before that date.

School Children Entertain Altar Society Members

Children of St. Elizabeth School entertained members of St. Elizabeth Rosary Altar Society Feb. 8 following rosary, blessing of expectant mothers, and distribution of ashes at the church.

The first grade children gave a unique version of "Mary's Lamb," followed with rhythm instruments and "Old MacDonald Had a Farm".

Seventh graders did a medley of songs written by Stephen Foster, wearing homemade hats and dressed for the Easter Parade.

Eighth graders presented swinging square dances, followed by songs by Paul Murray, flute; Pat McCrate, clarinet; Maritta Jacobs, drum and Clarice Winkler, saxophone.

During the meeting two new members were introduced, Barbara Kane and Rose Partridge.

The annual spaghetti dinner will be held March 15.

St. Elizabeth will have a Mission for all Catholic and non-Catholic men and women and high school students Feb. 26 — March 5.

Mrs. James Fielder and committee, Mrs. Robert Sage, Mrs. Wayne Zettel, Mrs. Joseph Conklin, Mrs. James Robideau, Mrs. Earldean Roe, Mrs. Louis Gower and Mrs. Charles Fitch served punch, tea and coffee.

Valentine Party Features Haute Couture Fashions

Creations from Exclusives EvelDean were displayed before 163 guests Monday night at a Valentine Dessert and Card Party sponsored by the Women's Association of the First Presbyterian Church.

Clients of the haute couture salon who modeled some of their own costumes were Mrs. James Sirks of Jackson, Mrs. Bill Hanna and Mrs. Donald Smith.

Moderator Mrs. Al Merz supplemented the showings with a fashion interview with designers Evel Garrido and Bill Dean Heimerdinger.

Mrs. Carlton Cook, chairman of the party, announced a net profit of $150. "And we could have sold twice as many tickets if we'd had space for more people", she added.

At the request of EvelDean all of the proceeds will go to Presbyterian missions in Appalachia and New Mexico.

Mrs. Fred Dickinson, Jr., was ticket chairman of the event. Mrs. Fred Feight designed tallies and Mrs. Douglas Hall was in charge of decorations.

Chairman of the clean-up committee was Mrs. R. W. Van Fleet. She was assisted by Mrs. Fred Oberlin, Mrs. Russell Southwell, Mrs. William Adams and Mrs. Elmer Wilt.

Bill Bishop's Gold Star Is for Heroism

Marine Corporal William O. Bishop, son of Mr. and Mrs. Orville Bishop, 113 Maple St., was awarded a Gold Star in lieu of his third Air Medal at the New River Marine Corps Air Facility, Jacksonville, N. C.

He received the Medal "For heroic and meritorius achievement in aerial flight . . ."

He is now serving as a member of Marine Medium Helicopter Squadron (HMM)-161. HMM-161 is one of nine squadrons that comprise Marine Aircraft Group-26, the largest Marine helicopter group in the world, based aboard the New River air facility.

New Dance Classes Begin

A new 10-week period of classes is beginning this week Wednesday at the Community Center with Mrs. Bruce Brown of Onsted instructor.

Kinder classes, ballet and tap are given for children from 4 to 7 p.m. in half hour sessions followed by slimnastics and modern dance for women from 7 to 8 p.m.

A new class of ballroom dancing has been added to the schedule, open to the public, to begin Feb. 22.

The charge for the 10-week session is $15 per couple and registration may be made at the opening class at the Center.

Others wishing to register may also do so by seeing Mrs. Brown there on Wednesday afternoon.

Kennedy's Bucket in JV Clincher Is Biggest of Career

John Kennedy has scored more than three points in this year's basketball competition, but it's doubtful if he'll score a bigger basket than the lone bucket he swished against the Grosse Ile JV's in the closing seconds of play.

It climaxed an uphill struggle that saw Coach Val Spangler's squad pull out a narrow 43-41 victory.

After leading by a 15-11 mark in the first quarter and still hanging on to a 23-22 half-time lead, the Little Indians found themselves on the short end of a 32-31 score at the close of the third quarter.

The Grosse Ile JV's stretched their lead to 39-35, and combined with a sudden Indian cold streak, employed a semi-stall.

Carlo Mobley, hacked on a drive, sank his free throws to pull the JV's to within 2.

Dave Lord also sank a free one to make it 39-38. GI struck back and the score read 41-38.

Bob Reed then fed Lord, who sank a backhand lay-up and bagged the free throw to complete the 3-point play which tied it at 41-all.

Mobley and Reed then combined to steal GI's pass-in to set the stage for Kennedy's heroics.

The Indians called time with 17 seconds on the clock. The play set-up went "blooey", but Kennedy calmly dribbled the ball to the top of the key and drilled it home.

Coach Spangler cited Steve Dalton, the high scorer for both squads with 17, for a good game.

"Carlo sure hustled all the way out there and Kennedy's 3 points were big ones. This game also gives us a certain winning season, since we now stand at 9-5." he concluded.

Memoriam

In sad, but loving memory of our loved one, Bert Creger, who died 2 years ago, on Sunday, Feb. 14, 1965.

We hold our tears when we speak your name,
But the ache in our hearts remain the same,
When we all get together, and you're not there,
It fills our hearts with sadness, thinking of the way it used to be.
For two years your face has been missing, and your dear face we no more see.
Life isn't just the same
Since our loved one isn't here.
Loving you and missing you always,
Loving wife, Maude, children, grandchildren and great-grandchildren.
F16c

In precious memory of my dear mother, Mary P. Jones, who would have been 61 years old Feb. 17, 1967.

I miss her when I need a friend,
On her I always could depend,
She cheered me in sickness, and soothed my pain,
God grant some day, we'll meet again.
Forever loved and remembered by her daughter, Lee Horton and family. F16c

7th, 8th Undefeated

Going into this week's Junior High Invitational Basketball Tournament, Tecumseh teams ended their regular seasons with identical 8-0 records.

Coach Dermont Poley's 7th grade squad maintained their unblemished record by stopping Dundee, 41-34, and by narrowly squeezing Adrian, 29-26.

Coach Ted Todd's 8th grade team matched the effort by topping Dundee, 33-28, and by pulling one out against Adrian, 29-25.

Each team had its problems against Adrian, with both groups managing victories in the final minutes of play. For that matter, neither of the Tecumseh teams were able to run away and hide from the Dundee squads.

The 7th grade game against Dundee was more or less decided in the second period when Tecumseh outscored the visitors, 14-7, after an 8-8 first period tie.

★

COACH POLEY, pleased with "a fine team effort," warned against overconfidence.

"Dundee was the team that we just managed to beat with a "gift bucket" the first time around, and could give Tecumseh problems in the upcoming tournament," he observed.

John Curth, a workhorse on the boards, led all scorers with a 19-point effort. Sam Whitney and Randy Macham chipped in with 8 each.

The 7th grade game against Adrian was reminiscent of the rough JV game against Hillsdale. A meager total of 11 fouls were called against both teams. It wasn't that clean!

★

TECUMSEH went into the 4th period trailing by 2, 26-24, and with less than a minute showing, Steve Winstead canned a bucket to tie it at 26 all.

With just 17 seconds left, an infrequent foul was called and Rick Bunch calmly sank the winning point.

There were 9 seconds left when Bunch threw a bomb to Sam Whitney who tossed in a layup for the final margin of victory.

Poley noted that this was the team's "best game of the season". "The team hustled, outfought them on the boards, and had a tight defense, particularly in the 4th period when they shut Adrian off without a point."

Sam Whitney took game honors with 14 points, and with John Curth, were cited for their good board work.

★

In the 8th grade Dundee clash, after a first period tie, 6-6, Tecumseh pulled into a 17-11 halftime lead. The lead was increased to a fairly comfortable 29-18 mark at the three-quarter post.

In the almost fatal fourth quarter, Dundee went into a press. It rattled Todd's lads to the point that they were outscored by a 10-4 count.

Fortunately, for Tecumseh, it was too little and too late.

Coach Todd said, "We played fine ball for three quarters, but that last one was almost a disgrace. It's a good thing we were reasonably warm at the free throwline. We shot a respectable 69%. It saved us."

Gary Hannibal was high for Tecumseh with 11.

★

THE ADRIAN game was a see-saw affair with no more than 4 points separating the two teams at any time.

Adrian had an 8-6 first quarter lead. Tecumseh jumped ahead by one at the half, 13-12. In the third period, each team hit for 7 points.

In the fourth period, Adrian spurted ahead and held a 25-22 lead with less than two and one-half minutes to go. These were the last points Adrian could garner.

Frank Geisenhaver put his team into the lead by sinking both ends of a 1- and 1 free throw effort. Craig Smith's bucket and Scott Dalton's free throw provided the icing for a narrow 4-point victory.

Coach Todd was particularly pleased with the team's defensive work, which was outstanding. He also confessed that he was "a bit puzzled" by the team's strange reluctance to shoot when they had the opportunities.

Smith led both teams with 14 points.

Royals, Jets Are Victims of Frosh '5'

There seems to be a basketball "credibility gap" at Tecumseh High. Until recently the Freshman Basketball squad was unknown.

The ghostly figures who cavort in the gym on Thursday nights, encouraged by the shouts and din created by all 82 spectators, are youngsters who may be varsity stars in two or three years.

In all seriousness, red-hot basketball fans are missing a good bet.

If they had been in the gym the last two Thursday evenings, they would have seen Coach Bob Kiebler's Frosh rack up "ringer-dinger" victories over Blissfield and Airport.

★

IN THE BLISSIELD game, fans would have been treated to a contest that was tied three times and one which saw the lead change hands 16 times.

The game wasn't decided until the final 30 seconds when Paul Burns hit two from the line.

With but 15 seconds left, Mike Kennedy duplicated the feat at the line to ice the 44-40 victory.

"Game plan was to stop their high man, Kyle Cranor, who had carried an 18-point-per-game average into this contest," said Coach Kiebler.

"John Birchfield and Mike Kennedy cut his average in half. They sure did a job on him, and Tommy Aiuto was hot from the outside; that was the difference," Kiebler stated.

Three Tecumseh Frosh hit double figures: Aiuto took game honors with 14, Burns had 11 and Kennedy, 10. Rick Gurica led Blissfield with 13 while Cranor was held to 9 points.

★

IN THE AIRPORT engagement, the "stop their big man theory" almost backfired.

The Frosh, who couldn't buy a basket in the first half, found themselves on the short end of a 27-12 score.

They had managed to hit for three field goals in that "dry" half, a field goal production Airport's Albright, the lad who had scored 28 points in a previous encounter, easily matched.

The Frosh scoring drought was attributed to the fact that they missed their first 7 layups.

In the second half, the Freshmen employed a zone press with great effectiveness. John Birchfield rode herd on Albright, restricting him to one basket in the last half, while Jack Baker and Paul Burns corraled an estimated 75% of the second half rebounds.

Mike Kennedy and Baker made life miserable for the Little Jets on the press.

Tecumseh outscored the Airport Freshmen by 24 points and held Jet scoring down to 5 points per quarter.

Leading the second half charge to insure the 9-point victory were Burns, Kennetdy and Tom Aiuto, who canned a total of 25 second half points.

Burns took game scoring honors with 12 points, closely followed by Kennedy with 11. Bob Pilar led Airport Frosh with 9.

In spite of losing three freshmen to the JV squad, "Kiebler's Krew" has managed to play .500 ball, posting a 4-4 record.

STAR SOPHOMORE — Elbert Neal lays up a two-pointer, adding to his tally of 19 points as Sand Creek bowed to the fighting Knights, 68-46.

Knights' 68-46 Win Earns Third Place

By GREGG KOVACS

As a result of Boysville's decisive 68-46 victory over Sand Creek last Friday night, the Knights captured third place in the River Raisin League.

From the opening tip-off to the final sound of the buzzer, Boysville dominated the game. The closest Sand Creek came to catching Boysville was two points in the early minutes of the first quarter.

Mike O'Dea, Boysville ace player, busted Sand Creek's zone wide open by his deadly corner jump shot. Elbert Neal, a starting sophomore, surprised everyone by his superb shooting and by tying Mike's 19 high point markers.

The press, an effective defensive attack against the Knights in the past, failed to work as Boysville led at half 30-21 and at the end of the third quarter, 46-36.

Sand Creek might have questioned the outcome if injured regular starters Harold Bailey and Gayle White, had been in the game.

However, both teams saw the ultimate result of the game and put in their bench during the fourth quarter.

Paul Bailey led the Aggies with 17 points. Boysville is now 4 and 6 in the league with Deerfield and Whiteford remaining to be played.

In the JV game the Knights were also victorious in a 41-37 win. Tim Malenfant and Bob Pitylak shared high honors with 14 points each.

★

BOYSVILLE avenged their loss to Wayne St. Mary's by handing them a crushing 85-50 defeat on the Knights' court Wednesday.

The first quarter looked like a close scrimmage between the two non-league Catholic schools when the first quarter closed in a 19-19 deadlock.

In the second quarter the Knights broke loose with good ball handling and shooting, leading at half-time, 43-30.

Fine playing lengthened the Knights' lead to 19 points at the end of the third quarter. Second string teams were a replay of the starters and Boysville walked off the court with their first big victory, 85-50.

Mike O'Dea threw in 20 points as high man for Boysville and Mike Krzesinski led the Wayne Catholic school with 16 points.

Boysville will host Detroit's St. Charles High School in its last non-league game next Tuesday evening starting at 6:30.

The JV's squeezed by St. Mary's juniors with a 44-42 win. Henry Bell was high for Boysville with 11 points.

SCORING ACE — Mike O'Dea's rebound shot finds its mark in Boysville's victory over Sand Creek Friday night. O'Dea tied for scoring honors with 19 points.

GI Trims THS, 77-63

One wouldn't know it, but Tecumseh has a pretty fair basketball team. Not the best, but it is certainly far better than the Indians' 9-4 record and their performance last Friday night against Grosse Ile.

The Red Devils scalped the Indians, 77-63, for Tecumseh's worst defeat of the season and eliminated Tecumseh's chances of a runnerup spot in the Huron League.

Coach Vic Lawson's club succumbed to third and fourth quarters — fouls in the third and a hot-scoring GI team in the fourth.

The Indians trailed by only five points entering the final stanza, but then went cold, plus the departure of three starters via the foul route.

Charlie Thomas, Jim Mobley and Jim Hunt fouled out as GI seared the nets, once tallying 10 points to Tecumseh's one in the final eight minutes.

Twenty-three fouls were called against the Indians — plus one on Coach Lawson, his first technical in 12 years. Some Tecumseh fans were muttering "homers" upon leaving the game.

GI had only 16 infractions whistled and the Red Devils had 38 opportunities at the free throw line compared to 23 for the Indians.

Except for the last quarter and a half, the tilt was pretty much of a see-saw battle. Fouls then stripped the drive and some of the players from Tecumseh's lineup.

Thomas topped all scorers with 28 points. Teammates Jim Mobley and Den Hebb netted 13 and 11 respectively.

An ironical feature of the game was the return of Scott Edwards to the Tecumseh lineup. A regular last year, Edwards broke his leg in football against Grosse Ile and had missed all of the cage games this season until the GI game.

Manchester Clips Clinton, 89 to 81

By IVAN McKENNA

CLINTON — Redskin hopes for a Lakeland "C" Championship tie flew out the window when the Flying Dutchmen, an inspired Manchester squad, defeated Clinton Friday in a high-scoring contest, 89-81.

It was just the second conference loss for the Redskins, but with the season drawing to a close, league-leading Brooklyn is still undefeated.

A close battle raged in the first period with Clinton holding a narrow, one-point margin, 20-19, at the end of the quarter.

Jake Schwab pumped in eight points in the opening minutes to provide Clinton with an early lead.

The second quarter was the decisive one, as the Dutchmen outscored Clinton, 27-15. After leading for the entire first frame, the Redskins watched Manchester take over and methodically build up a commanding 46-35 lead at halftime.

Clinton cut the margin to four points with 4:40 left in the third quarter, but were down by nine points at the end of the period, as each team scored 23 points.

★

THE STEADY, well-balanced attack of the Dutchmen forced the Redskins to their fourth defeat of the year.

Manchester had five players in the double figures. Larry Fielder was high with 22 points, followed by Dick Feldgamp with 19.

Clinton's scoring was also evenly divided. Butch Hoelzer topped all scorers with 26 points. Schwab finished the game with 17 points, his high for the year. Jim Schuler added 15.

The two teams were even in shooting and rebounding. Manchester hit on 33 of 78 shots for 42%, while Clinton scored on 33 of 73 shots for 44%.

The Redskins held a 41-40 edge in rebounding. The important diference was in charity tosses as the Dutchmen connected on 23, the Redskins, 15.

★

THE JUNIOR Redskins found their Dutchmen counterparts easier to cope with. They handed Manchester a 61-49 defeat.

Clinton will conclude its third roundball season in the Lakeland "C" Friday night when they will host the undefeated Brooklyn Eagles.

People Pay for What They Get

LANSING — More older people are living longer and providing fewer tax dollars than before retiring.

More young children require education but don't pay any tax dollars.

More persons are being cared for in mental hospitals but providing no tax dollars.

Rising crime rates send more persons to prison, producing no tax dollars.

More cars and trucks demand better highways faster than taxes they provide.

★

"A FEW of the many reasons Michigan residents may be facing the prospects of their first state tax increase in five years," Senator Gilbert E. Bursley of Ann Arbor said.

Senator Bursley noted that Michigan is facing its first billion dollar general fund budget and most of the money goes for paying salaries of employees who daily provide state services which many residents take for granted.

"Money comes from taxes on retail sales, motor fuel, motor vehicles, cigarettes, business, investments and other items," said Bursley.

"In their understandable desire to avoid new taxes, many persons cry about waste in state government and demand that it be eliminated. All too often they cannot cite specific instances of waste," he added.

"In any billion-dollar corporation — which is what Michigan state government now is — there is bound to be some waste and inefficiency. But, even if it were possible to eliminate all of it, and we are certainly trying to, the savings would be comparatively minor, considering the overall budget. The major saving must come from cutting state-financed services."

"Any cut in state funds, especially for education, would mean increasing local taxes," he warned.

Senator Bursley said Michigan residents should ask themselves if they favor giving their children less for education than the 52c of the tax dollar they now pay.

Or would they want less than 18c of their tax dollar spent on modernizing and maintaining state highways?

Would they want less than 8c of their tax dollar used for caring for the mentally ill in state hospitals?

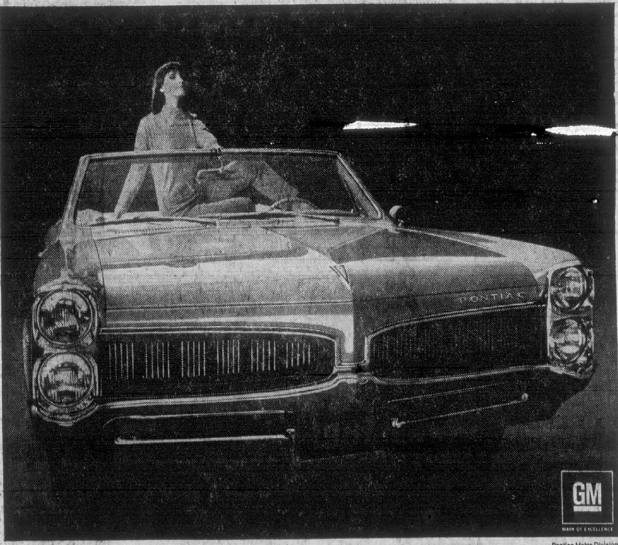
Where would they cut the 7c for social welfare cases, 2.4c that goes to conservation, agriculture and resource work, the 1.5c that finance police and military services, the 1c for public health, the 4c for general government and the 3c for grants and debt service?

"People who pay the taxes should have the last word on what they want in state services," Senator Bursley said. "If they want any of these services reduced, they should let their legislators know what they want to do without. If they don't, they face the possibility of increased taxes — the kind and extent of which will not be known for several months."

'Mind' Is Sunday Lesson-Sermon

"Mind" is the title of this Sunday's Lesson-Sermon to be read in the Christian Science church.

The Golden Text is from Proverbs: "The Lord giveth wisdom: out of his mouth cometh knowledge and understanding."



Pontiac Motor Division

What'd you expect us to put our Overhead Cam Six in?

An ordinary car?

Our revolutionary 165-hp OHC 6 is so revolutionary we had to do something special with it. So we made it standard in all Tempests and Le Mans.

You see, it was inspired by those famous overhead cam engines in expensive European sports cars. With a few Pontiac refinements, of course.

That's why it'll keep running and running until somebody turns it off. And with a power reserve for expressway passing you'd normally expect from a V-8.

We even offer a 215-hp version that makes a lot of big V-8s seem awfully extravagant. Which is why we say, with a 6 like this who needs an 8?

Incidentally, a four-way hazard warning flasher, backup lights, and GM's energy absorbing steering column are some of the safety features also standard in all Tempests and Le Mans. So how can you possibly resist seeing your Pontiac dealer right now?

Girl Scouts Plan International Dinner

An important date in the Girl Scout year is Feb. 22 "Thinking Day", which is celebrated world wide by all Girl Scouts and Girl Guides to commemorate the birthday of Lord and Lady Baden-Powell, the founders of the Girl Scout movement.

On this day Girl Scouts link thoughts around the earth that all people shall be friends. In every country Girl Scouts and Girl Guides give money to the Thinking Day Fund which is used to start Girl Scout troops in countries where people need help.

The Tecumseh Neighborhood of the Irish Hills Girl Scout Council is celebrating Thinking Day with their second annual neighborhood-wide dinner for Girl Scouts and their mothers.

The dinner will be held Tuesday, Feb. 21, at 6:15 p.m., at the Tecumseh Products Union Hall.

The theme is international, "Around the World in 80 Minutes".

★

Each of the 14 troops in the neighborhood is representing a certain country in the world.

They will carry out their theme with costumes, flags, table decorations, foods and entertainment from their chosen country.

If possible, each troop will have a guest who is a native of the country the troop represents.

After the family-style dinner, which each troop will provide for itself, everyone will partake of a dessert "tasting table" which will have representative desserts of each country.

This will be followed with the entertainment presented by the Scouts themselves.

'Humanities '67' Combines Music Art and Theatre

"Humanities '67," a series of programs combining music, art and theater, will begin Monday, Feb. 13, at University of Toledo.

Purpose of "Humanities '67" is to bring artists of all kinds — from the University, the Museum of Art and the community — closer together.

An exhibition of acrylic paintings by Raymond Fried, of the museum's school of design will be displayed from Monday, Feb. 13, through Feb. 27, in TU's Music Listening Room.

Part of the exhibit will be displayed in TU's Doermann Theater at the first of seven concerts.

The Tuesday concert, "Tradition and Innovation," is scheduled from noon to 1 p.m. The Toledo String Quarter will play Beethoven's "String Quartet, opus 59, number 3." The second part of the program will feature a performance of Brahms' "Trio in E-Flat."

★

OTHER ART exhibits scheduled are: Charles Gunther, woodcuts, March 20 to April 3; Linda Ames Bell, acrylic paintings, April 17 to 24 and Thomas Durnford, acrylic and mixed media paintings, April 24 to May 1.

Theater production, "Pantagleize" by Michel de Ghelderode, is May 5 — 7 and May 10 — 14 in Doermann Theater each evening.

The concerts and art exhibits are free and open to the public, while regular theater rates will apply for the production of "Pantagleize."

Silo Test Can Detect Poison Gas

"Silage disease" is a well-recognized, but relatively uncommon, agricultural problem. It results from breathing a yellowish, poisonous gas ((nitrogen dioxide) that is set free in silage unusually high in nitrates.

Michigan State University researchers say a new simple test eliminates taking a chance and is easily used by farmers working around silos.

Dr. Steven T. Dexter, crop scientist, found in studies in 1966 that a test paper of potassium iodide and starch gave an immediate strong reaction by turning from white to purple when placed in a silo chute where nitrogen dioxide had formed. After ventilation other treated paper was put in and showed no nitrogen dioxide present.

Junior Choir To Be Formed at Gloria Dei

A junior choir will be organized at the Gloria Dei Lutheran Church in a meeting of mothers and young singers Thursday, Feb. 16, at 4 p.m.

Mrs. Earl Mason will be the director with Candice Christman as accompanist. Rehearsals will begin Feb. 23 from 4 to 5 p.m.

Boys and girls in the third, fourth, fifth and sixth grades are eligible.

Activities of the congregation have only one meaning during the holy season, to express Christian faith concerning the Cross.

Evening lenten services are held each Wednesday at 7:30 with anthems of the chancel choir adding beauty to the services.

Young people will participate in the service Feb. 23 in observance of Youth Sunday.

The sermon will present a modern interpretation of the Cross.

The Lutheran Church women will be hostesses for a coffee hour in the education building following the worship hour.

Cars Collide at Intersection

David L. Sneary, 17, of 11005 Monigan Hwy., Tipton, was the driver of a car which collided with a car driven by Robert Livernois, 18, of Brooklyn, Saturday evening.

The mishap occurred on Nortley Hwy., at the intersection of M-50, when Sneary lost control as he was attempting to stop at the intersection. The Livernois car had just made a right turn onto Nortley Hwy. from M-50.

Sneary received a summons for violation of the basic speed law.

TCC's Rick Moran Attends Meeting on Golf Courses

Rick Moran, golf course superintendent at the Tecumseh Country Club, attended the 38th International Turfgrass Conference and Show at Washington, D. C.

Nearly 3,000 superintendents from golf courses all over the world were at the meeting.

LANSING REPORT

By GIL BURSLEY

Your Legislature is now moving in high gear. About 100 bills have been introduced in the Senate and several hundred more are being drafted. By the end of February all must have been introduced.

Senate standing committees have had organizational meetings and have adopted a schedule for regular weekly meetings, which have to be conducted when the Senate is not in session.

For anyone wishing to visit, regular sessions are Monday at 8 p.m., Tuesday, Wednesday and Thursday at 2 p.m. and Friday at 10 a.m.

Offices have been assigned for all committees and secretarial and technical staff appointed.

★

GOVERNOR Romney's budget and tax programs were presented last week. New programs recommended by the Governor are only 3.3% over the present level. However, revenues have declined and the remaining surplus will not last out fiscal year 1968.

Partially as a result of the decline in auto sales and the general rate of business activity present revenues are $129 million behind current expenditures.

We are faced with an increase in state taxes or a cutback in state services.

What Gov. Romney has recommended is far below what was requested by schools and other agencies. It will still, however, require additional revenue.

Thus a first problem for action by both the Senate and the House will be to determine next year's revenues by decisions in the area of fiscal reform. Only after such action is taken — be that what it may — will we be able to appropriate money for services.

★

LAST WEEK I introduced a bill to legalized studded tires in Michigan. After receiving reports of the National Safety Council testing of these tires together with highway department reports from six states, I am convinced that the added safety factor far outweighs the slight damage caused on bituminous road surfaces.

Road scrapers, for example, do far more damage than studded tires. On glare ice skidding is reduced by 40% if you have studded snow tires on the rear of your car. Traction on ice is increased by 125%, actual tests report.

The tire stud, originated in Scandinavia, is a small tungsten carbide bit of metal encased in steel, aluminum or plastic.

From 75 to 100 may be driven into the tire casing with a compressed air gun.

They protrude by not to exceed 3/32nds of an inch beyond the rubber casing. Several will be in contact with the road surface at any one time and they provide greatly-increased traction and gripping power.

Actually, our present state ban on studded tires is unobserved and unenforceable. Hundreds of such tires are being sold in every major city in Michigan. In Toledo, of course, they are legal and sold by the thousand — to Michigan as well as Ohio motorists.

Every meaningful action to reduce our highway death toll must be taken and I am hopeful this bill to legalize studded tires will pass.

SENATORS GO THROUGH — Many mailmen didn't make it on their appointed rounds during Lansing's record-breaking snowstorm, but most senators braved the elements and made it to the Capitol. Sen. Gilbert E. Bursley of Ann Arbor, was one of them. He is shown here scraping the snow from the windshield of his car, parked in a snowdrift behind the state capitol.

To achieve the honor of being named to the Dean's list, the students must have taken at least 14 hours of classes and maintained a point average of 3.5 or better.

George Handy Enjoys Buddies at Birthday Party

George Handy, three-year-old son of Mr. and Mrs. Max Handy, celebrated his third birthday Feb. 1 with a party for friends.

Guests were Jeffrey Niedermier, John Gould, Roger Eaton, Thad Peterson and Scott Michling.

The boys were served refreshments featuring a decorated lamb cake.

George received many toys and the youngsters spent a happy time playing with them.

Takes Man To Build Machines

Clarence Damon presented the program "Modern Trends in Manufacturing" for 14 members of the Wit and Wisdom Club Feb. 6 at the Friends Church.

Comments led to the statement that even though today machinery replaces the man, there is always work necessary to make the machinery.

A film "Up From Play" made by Fisher Body Division of General Motors, was shown presenting the problems of designing a car through building the original model, testing how the model would hold up and how it is tooled and set up. It also showed a branch plant like the Tecumseh plant with pictures of upholstery showing how production of special colors is processed.

The Rev. and Mrs. Paul Brantingham, Mrs. T. Rentschler and Marion Whelan served cherry upside down cake and nuts with beverages.

Village Okays Selling Bonds for Budd Plant

By MAXINE CALHOUN

CLINTON — The Village Council signed a purchase and lease agreement with officials of the Budd Company last Wednesday in accordance with an agreement reached Nov. 7, 1966.

Terms of the contract include:

- Budd Company will construct the industrial facility and purchase the machinary and equipment in accordance with plans and cost estimates on file with the Clerk of the Villiage.
- During construction, Budd Company shall arrange for temporary financing of construction and machinary purchases.
- When completed, the Village will purchase the site, plant, machinery and equipment from Budd Company, financing through the issuance of Industrial Development Revenue Bonds.
- The Village will lease the facility and machinery to the Budd Company for 20 years, during which time all taxes, insurance, and maintenance will be the expense of the industry. The lease will provide for rentals payable to the Village by Budd Company to meet the annual principal and interest of the bonds. The lease contains an option to purchase the facility and machinary at the end of the term for the price of $1.
- The Village agrees to proceed with the issuance of the bonds through a qualified Bond Underwriting House.
- In the instance the Village is unable to issue and sell the bonds for reasons beyond its control, the agreement shall be null and void and the Village will not be liable in any way to Budd Company.

★

OTHER MATTERS considered by the Council were:

Wendall J. Smith was present to inquire about settlement for damages which occurred in his basement in Pleasantdale Park subdivision at the time of the water main break. The matter is being taken up with several insurance companies who may be involved.:

A letter of resignation, effective April 1, 1967, was received from Mrs. Eva G. Hindes, bookkeeper, which Council accepted with regret.

Samuel Robinson and Harold Gasner were named to the Board of Review.

Named to the Board of Canvassers were George Lancaster, Thomas Young, John Monaghan and Waldo Ehnis.

Appointed to the election board were Max Munger, Mrs. Lawson Ward, Mrs. Lenn Gray, Mrs. Ed Bihlmeyer and alternate, Linn Weaver.

'Love Is Eternal' Tells Priscillas of Lincoln's Life

CLINTON — "Love Is Eternal" by Irving Stone was the book reviewed by Mrs. Paul McKenna for the members of the Priscilla Class, Thursday evening. The book was about the life of Abraham Lincoln.

Mrs. Roscoe Parker was hostess and Mrs. Walter Geiger gave the devotions.

A swap shop auction netted $8.50 for the class treasury.

The March 2 meeting will be at the home of Mrs. Roy Porter.

Rotary Sees How To Plan School Site

CLINTON — "Future School Site Planning" was the subject of a film presented by Superintendent Richard Wegner for the meeting of the Clinton Rotary Club last Wednesday.

The film was prepared by the Ann Arbor High School.

Lewis Slusher of Adrian and Roger Waltz were guests.

CLARINET SOLOIST — Sgt. William Hilferty, U. S. Air Force Band, will be the featured soloist at the Mid-Winter Concert of the Clinton Symphony and Cadet Bands, Feb. 16, at 8 p.m., in the Clinton High School. Sgt. Hilferty will also conduct a band clinic for band members at the school Thursday.

Blue Birds Make Plans for Birthday

MACON — Camp Fire 57th Birthday Celebration March 5 - Church On Sunday" March 5 and end with a Father-Daughter banquet Saturday, March 11, at the Britton-Macon School.

The banquet, for all Britton area Camp Fire girls and their fathers, will be served by the Britton Band Boosters.

January activities included a bobsled ride at the farm of Mr. and Mrs. James Thomas as guests of Mrs. Thomas' Cub Scout Pack, who served hot chocolate and cookies to the group.

Other meetings included a round robin of children's table games, making fudge oatmeal cookies to share with their families and making peanut-butter-covered pine cones to feed the birds.

King Midas' Golden Touch has taken over the February spotlight. The play, taken from the Humpty Dumpty Magazine, has been tape recorded by the girls and will be used with the hand puppets and puppet stage which the girls are making.

State Police Sgt. Morris Tubbs Is Promoted to Erie

CLINTON — Sgt. Morris Tubbs of Bay City has been promoted to Staff Sergeant and placed in command of the Erie Post. He previously served at the Clinton State Police Post.

Supervisors Approve 178 Acre Annexation

CLINTON — The village gained 178 acres by annexation which was approved by the Lenawee County Board of Supervisors Wednesday.

The land, on the west side of Tecumseh Rd. at the south village limits, includes the site of the new Budd Company plant.

Frank Gignac and Ronald Canary, owners of two small parcels of land on the west side of Tecumseh Rd. appeared before the Board and requested their land be excluded from the annexation, because they did not want to go to the expense of connecting with village sewer and water.

Their request was granted.

Mrs. Mary Jane Merritt Wed to Roy Richard

CLINTON — Mrs. Mary Jane Merrit, 510 Tecumseh Rd., and Roy K. Richard of Tecumseh, exchanged marriage vows Saturday afternoon in St. John's Episcopal Church.

The ceremony was performed by the Rev. Charles Sturm before the immediate families, Mrs. Merritt's mother, Mrs. Arvilla Hutton, of Tecumseh, and aunt, Mrs. Ethel Ward and Mr. Richard's parents, Mr. and Mrs. C. C. Richard, 6440 Green Rd., Tecumseh.

Mrs. John Mabry and Harlan Ruhl were the attendants.

A reception for the wedding party was held at the home of the bride after the ceremony.

Following a week in Florida, the couple will reside at 510 Tecumseh Rd.

THE COUPLE was honored at a pre-nuptial Hawaiian luau at the home of Mr. and Mrs. Ruhl recently.

There were 16 friends present from Tecumseh and Clinton. Guests wore bright-colored muu-muus and sport shirts and were given leis of tissue flowers on their arrival.

The recreation room of the Ruhl home at 509 Sunset Dr., was transformed by the south seas island decor created by a tropical garden of artificial flowers.

Seated at reed mats on the floor, the guests were served a typical Hawaiian meal, provided cooperatively, which consisted of ham, shrimp, lobster, sweet potatoes, fruit salads and punch served in fresh pineapples.

Mrs. Walter Johnston won the hula dance contest.

The group presented a gift to the couple for their home.

Women Enjoy International Buffet Luncheon

CLINTON—"Round the World" buffet luncheon was a feature of the visit to the Consumers Power Community Room in Adrian by 20 members of the Clinton Woman's Club last Wednesday.

Mrs. Una Iott, home economist, demonstrated the latest innovations in the new bamboo kitchen, including large revolving cupboards, efficient pantry and laundry room, an electronic oven with a built-in warmer that keeps foods hot for 1½ hours and a faucet which produces water of 180 degrees which is perfect for instant tea, coffee or soup.

Mrs. Iott explained that the company will design similar kitchens for its patrons or assist with other homemaking problems such as lighting or laundry.

The program leader, Mrs. Frank Fitzpatrick, assisted Mrs. Iott with the serving of the buffet luncheon. Tasty international treats included Polynesian ambrosia, French bread Parmesan, Mexican corn casserole, Russian hamburger Stroganoff, green salad with Italian dressing, Swedish apple cake and coffee.

The menu recipes were given to the visitors.

Food prizes were won by Mrs. William Kershner, Mrs. Ted Kiebler, Mrs. Dan Reilly, Mrs. Loren Scott, Mrs. Maxwell Stamats, Mrs. E. L. Thompson and Mrs. Ella Van Gieson.

During a brief business meeting the following nominating committee was appointed: Mrs. Hans Schmidt, chairman; Mrs. William Driscoll and Mrs. John Gilman.

John Prible of Kukini Flowers will tell about "House Plants" at the March 8 meeting at the Community Center.

School Board Will Set Up Guide Lines for Trade Education

CLINTON — A committee of Rex Winchell, Roger Waltz and Waldo Papsdorf, members of the Board of Education, has been appointed by President James Woodward to draw up guide lines for a future development of Industrial Arts and Vocational Education at Clinton Community Schools.

They will work with John Jansen, Vo-Ag instructor and school administrators to formulate the program.

The Board voted to pay the tuition of students who are enrolled in the Lenawee sponsored Vocational Education Program. The students must be properly screened by High School officials and accepted by the County Vocational Education Coordinator.

Membership in the vocational courses carry the same student responsibilities as regular courses taken at Clinton High School.

Credits will be established by Clinton Schools in conjunction with County recommended policy and shall in all cases be transferred to the student's permanent record.

If a student drops a course without the consent of school officials, the student then bears the responsibility to reimburse the school for the full amount of tuition.

THE BOARD approved an amendment to the original lease agreement with the Clinton Methodist Church.

The large "L" shaped room on the first floor will be used for part-time physical education, music and recess activities under the supervision of school personnel for $50 per month, beginning Jan. 30.

A corrected and final version of the architectural contract was received and accepted by the Clinton Board.

A resolution was passed engaging the services of the Thrun law offices of Miller, Canfield, Paddock and Stone to handle matters relative to financing and bonding and appointing Melvin Smith to handle legal matters relative to land acquisition, deeds, titles, abstracts and contracts.

It was voted to change the meeting time from 8 p.m. to 7:30 p.m. beginning in March.

Class Will Get Articles for Auction

CLINTON — Plans for an auction project were discussed by members of the Mary - Martha Class of the United Church of Christ at a meeting last week.

March 2 was the date chosen for a collection of salable used household articles or clothing to be taken to a Jackson auction house.

The class, which will receive 75% of the proceeds for the choir robe project, hopes to have a van load of donated articles. Mrs. Ben Mahrle II has charge of the project.

A bake sale is scheduled for Saturday, March 4 with Mrs. Howard Hintz and Mrs. Glen Bihlmeyer in charge.

Mrs. Mervyn Witherell led the discussion study and Mrs. Bihlmeyer gave a devotional reading.

Pink carnations and white chrysanthemums formed a centerpiece for the table where pink gelatin salads and coffee were served by Mrs. Donald Corwin and Mrs. Robert Vogel.

Mrs. Harold Calhoun was hostess for the meeting attended by 11 members.

Mrs. Donald Grossman will be hostess for the March 6 meeting.

APPLAUSE TO THE CITY FOR PROMPT STREET CLEARING IN TOUGH CONDITIONS

VOICE of THE HERALD

Theory to Reality Is Long Road

When things go wrong, it's easy to criticize or blame. Sometimes, it's not as easy to correct the problems.

Last week's letter to the editors from a Russell Rd. resident raised some questions regarding our city, schools and officials. Let's take a brief look at these problems.

- The state — not the city — is closing the present dump. City officials are doing everything possible to have a dump available for residents when the present one is closed next Sept. 1.
- As to our streets, Tecumseh's are far away better than many. Sure, some are bad, but no city official wants them in that condition. Unless there's increased millage, Tecumseh simply has just a certain amount of money to spend and that's it.
- In regards to paper sack garbage pickup, service rendered to residents will determine if it is successful.

Our city manager, mayor and other officials should be given some credit for what we have, and what they can do for us in the future. They're not perfect, but we know they're working for Tecumseh and striving for improvements.

- As to the schools, we've disagreed with some of the School Board's actions. However, officials have encountered new problems never before faced by school board officers anywhere.

A new era in school operation and management is unfolding and the local board is attempting to cope with it. We believe the officials will handle these new problems to the best advantage of everyone.

Our city and schools are in pretty good hands, though we occasionally disagree.

Our Readers Write

TO THE EDITORS:

I would like to protest the policy of your paper in printing unsigned letters which are insinuating and inflammatory in nature.

A case in point is your publication last week of the letter signed only "a growling, grumbling taxpayer from ruckety tuck Russell Rd."

On the other hand, I would not wish that you deny any person a right to speak his piece. I am glad you have such a column which allows readers a chance to sound off. I think if we were to have the right to protest taken away we would all suffer.

However, when a reader takes a citizen to task and makes him the victim of a scurrilous attack, I believe that in fairness to all other readers his letter should not be allowed to go unsigned.

I know that you insist on signatures on all letters before you will approve them for publication; aren't you being inconsistent in denying your readers this same privilege, and in allowing an individual to make harsh personal criticisms and still remain anonymous?

Aden E. Mead.

Big Brother Code Is 'One Man One Boy'

"One man — one boy" is the code of the 160 Big Brother agencies in the United States which was the subject of the program at the Kiwanis Club meeting last week.

Louis Champagne of Toledo, worker in Boy Scouts of America, veteran of the Marine Corps and father of three children, detailed many facts about the Big Brother Agency.

Mr. Champagne stated that the Toledo agency spends approximately $150 a year on each boy while it would cost approximately $5,000 to care for him in an institution.

The agency, founded in 1904, has been in Toledo since 1947. However, it has been only in the last three years that the program has shown encouraging increases in participation there.

In 1964 there were 21 matches between men and boys, 27 matches in 1965 and 50 matches in 1966, with a desired goal of 150 matches this year.

In Flint last year 631 matches, representing 92,000 hours with little brothers, formidably demonstrated the agency's motto, "A man never stands so tall as when he stoops to help a boy."

This week the Kiwanians will entertain their ladies at a Valentine Dinner at the Lenawee Institute. The program will feature musical entertainment, several scouting presentations and a guest speaker, David Leeke, Kiwanis district chairman.

What's Going on at BOYSVILLE

By RICK CURRIE

Present enrollment at Boysville numbers 167 students: 18 seniors, 29 juniors, 35 sophomores, 60 freshmen and 25 eighth graders. Boysville admitted 19 new boys at the semester and lost three past semester students: Garry McKennon, Fred Harig and Mike Brombach.

Applications to attend Boysville are taken for entry to the first , second and third quarter. Any Catholic boy who resides in the state and his a home problem not of his own making can apply for admission to Boysville. The boy must be able to fit into the program at Boysville in order to remain.

Applications are approved by a selected board representing the Archdiocese of Detroit, which owns the school, the Knights of Columbus who finance Boysville and by the Brother Director and Brother Principal.

If a boy is approved he is informed when to report to campus. He may then stay until he graduates, until his home stiuations is cleared up or as long as he wishes.

It costs $140 a month to stay at Boysville. A financial argeement is made with the parents or guardians according to ability.

Boysville is fully acredited in good standing through the University of Michigan. Boysville is a boarding school for normal boys. It will not admit delinquent boys or boys who have been in serious trouble with the police.

√

Forty-one students made the Honor Roll for the second quarter marking period:

Seniors — Richard Currie, Paul DeWaelsche and Rolland Reich:

Juniors — Bill Kostka, Donald Lowe, Timothy Collins, Ronald Hiller, Nicholas Orlando, Allen Rockwell, Donald Goff and Robert Pitylak, Anthony Betke, Nicholas Carroll, David Fassone, George Guiette, Clifford Reynolds, David Rockwell and Gerald Schaden.

Freshmen — Thomas Dalgard, Michael Buchanan, Timothy Burke, Fred Cuthrell, Patrick Downey, Dennis Hall, James Kayl, William Sacks, Michael Kelly, David Kostka, Douglas Leask, Gary and Leonard Shomin, Michael Tyle, Richard Williams and Mike Williams.

Eighth Grade — Daniel Hamel, John Borczak and Gary Greathouse.

√

"Doctor Zhivago" was seen last Saturday afternoon by senior class and junior class officers at United Artist Theater in Detroit. The movie is based on Boris Pasternak's Nobel Prize winning book.

√

The Boysville matmen took to the floor twice this past week. South Lyon and Dexter both showed they were too strong for the inexperienced Knights.

South Lyon won the match 47-3 with Marvin Boht picking up Boysville's only points on a decision.

Dexter took the Knights 37-13. Tom Mullen and Richard Greathouse picked up 10 points with pins. Marvin Boht totaled the remaining three points on a decision.

√

A new cutting horse has been donated to the Saddle Club by Robert Lougna.

Students named the 3-year-old cutter "Bob" and settled him in the campus stables.

MR. AND MRS. YELLOW-SHAFTED

So far our winter has been jam-packed full of — well, you name it and we have had it. Just lately there has been snow, rain, sleet, freezing rain, strong wind and then same more snow. All of this old fashioned winter-type weather has produced some interesting looking.

And, before going further, I should mention that, all of this old fashioned winter-type weather has also produced a serious food problem for the birds. In many instances it is critical.

The snow and ice have covered much of the natural food and, more than ever, the birds are dependent upon our handouts. It is important that food be put out every day, too.

Birds quickly come to depend upon it — the very times that it is the hardest to fill the feeders, fresh snow banks to wade through and that type of thing, these are the times that the free-loaders need our help the most.

★

O. K., THANKS for feeding the birds and thanks to Betty Flanders for asking her radio listeners to put food out for the birds. Now let's get on to some of the good looking mentioned in the first paragraph.

Certain birds are almost expected on a snowy day — cardinals, bluejays and tufted titmice always seem to have extra big appetites. Sunday, Feb. 6, we had a wild snow storm and, of course, this hungry trio kept us busy.

The thrill of the day, however, was a pair of rather unexpected birds. Two flickers were around, pretty Mr. and Mrs. Yellow-Shafted themselves. Somehow, we just never think of them as being snow storm birds.

They are as handsome in the winter though as they are on a soft, springy afternoon. As they flew to and from the feeders, the bright yellow which colors the under side of tail, wings and body was a brilliant flash in the gray-white snow storm.

★

WHEN THEY were on the feeders, it was the vivid slash of red on the back of their heads that was most noticeable. Actually, when seen close up, a flicker is almost a marvel of intricate markings.

Dark brown stripes on his lighter brown back, sharply defined dots show black on the light ton breast, a black crescent high on the breast and the red cap perched at the back of his blueish tan head.

Occasionally a bit of the 'underside' yellow shows and, if the wings are spread just right, the white patch at the base of his tail is visible. Usually, however, these last two are seen when the bird is in flight.

Flickers are big birds, some 11 inches long. Their heavy build, short tail and long chisel bill tend to make them appear even larger. Size plus appearance always equals excitement at the feeders.

★

WE KNEW there were two flickers in the neighborhood. They had visited us Friday but that was not the all-day affair which Sunday was. By mid-morning of course, the snow was piling up 'pretty good' on the feeders.

A few quick back and forth swipes with the bill uncovered the suet. Great fun to watch.

Why have I been so positive that we have a pair of flickers, their markings are both the same, aren't they? Yes, but with one exception. And this is where inviting the birds to come up to within 3 feet of the window pays off.

The male flicker wears a mustache, a neatly penciled-in-black one. It is not easy to see unless the bird comes close. But isn't that a cute trick of Mother Nature, to let the male wear the mustache!

So it is that on a snowy Sunday we were royally entertained by Mr. and Mrs. Yellow-Shafted.

Boy Sleds into Road, Hit by Car

Mark P. Vischer, 10, son of Mr. and Mrs. Harry P. Vischer, Jr., 12301 Coller Hwy., Tipton, was treated at Herrick Memorial Hospital Saturday afternoon for bruises to the chest and arms.

Mark rode a sled out of a private drive on Coller Hwy. into the path of a car driven by Hazel L. Schiller, 46, of 11968 Coller Hwy., Tipton.

Clinton State Police investigated and the driver was not held.

Long and Short

By TOM RIORDAN

Somewhere in this world is a soldier, about 18, who is a full-blown hero as far as my wife is concerned.

Miami International Airport was the scene of his valiant deed, the lone golden moment, in a Kookie combination of circumstances that left Cherie and me basket cases.

For those who missed last week's episode, the Riordans made a junket to Puerto Rico. For the record, it was a fabulous eight days — until we hit Miami en route home.

Because we failed to reconfirm our flight from San Juan to Detroit at least 72 hours in advance, Eastern Airlines scratched our reservations.

"We'll put you on another plane to Miami and then you can transfer to a Delta flight to Detroit," said Miss Garcia.

Well, as it turned out that's what happened, but you never would have convinced me during a hectic hour at the giant Miami airport. Eastern was to have called Delta, but Delta never heard of us.

There was a delightful "milk run" they'd put us on — for arrival at Metro about 10 hours from take-off.

★

EASTERN AND Delta are separated by about one-half mile in the terminal and Cherie and I each did the distance twice — first trying to make arrangements, then transporting luggage.

It was one o'clock when the man said he could probably get us on the 1:30 plane (there were still 11 seats unclaimed) and this was the direct flight we wanted. Only trouble was that Cherie was sitting half a mile away with most of the gear.

"We can get on the 1:30 flight," I panted to her after a king-size sprint through the terminal. "Grab everything and let's go."

We arrived back at Delta about 1:15 and as we did, Cherie asked, "Do you have my coat?"

"Of course not, you had it with the hand luggage," I growled. "Forget it now, we'll miss the plane."

That's when we first saw the GI.

"I'll go get it," he volunteered.

"That's swell, soldier," I told him, "But you don't know what it looks like or where it is.

"Well, it's a poncho type, green plaid," I added.

Cherie chimed in that she had been chatting with some teenagers who had just arrived from Argentina and were en route to New York as Youth for Understanding exchange students.

Her coat must have gotten mixed in with their stuff.

★

NOW THE clock was at 1:20 and we still had to ramble down a corridor to the plane. We were heading for Gate 6 and I took off, then remembered I had to call Tecumseh to tell Grandma A-Go-Go our arrival time would be different.

As I dialed long distance, Cherie raced by and mistakenly continued to Gate 7, where a plane was all set to go.

"I've lost my husband, he just got on," Cherie told the hostess.

"Nobody has boarded in the last 15 minutes," the Delta hostess replied.

"I'm trying to get to Detroit," she panted.

"Sorry," said the young lady, "This plane is headed for South America."

As Cherie raced back to Gate 6 she saw me making the frantic phone call and I yelled at her to check with the man at the ramp, so if two seats were available we could get them if they called our name.

As the roar of the jet thundered into Gate 6 and the Delta man was pushing us toward the plane, Cherie pleaded, "Just let me have one quick look to see if my soldier is coming."

Without the strength to reply to her, she was out in the corridor and sure enough there was "her" soldier wildly waving her poncho in each waiting room

Winds Whip Flames

By JUDY FIELDER

Shrieking winds nearly enveloped the shrill fire whistle last Wednesday night, when Tecumseh firemen braved the storm to save several buildings.

The sky at the west side of Tecumseh was filled with an eerie red glow, as a 40' x 50' barn full of hay was demolished at the Gerald House residence, 2142 Russell Rd.

The blaze started about 11:30 p.m. from an electrical short circuit and was fanned by the howling wind, which reached peaks of 55 to 60 miles per hour, at times filled with snow.

The frame building was a mass of flames when firemen reached it, so, with the assistance of the Britton and Clinton department tankers and men, they concentrated on saving the house and out-buildings.

For several hours flames and embers glowed atop a large barn nearby and firemen were hampered by the great winds whipping the water streams.

The demolished barn was valued at $10,000, with $3,000 contents, including a grain drill, hog feeder, six brood sows and 3,200 bales of hay.

Value of small out-buildings destroyed was $1,000.

Firemen stood by all night, leaving the scene about 5:30 a.m.

Art Eaton, Tecumseh Township supervisor, complimented the fire department, "If they hadn't done such a wonderful job, the whole works would have gone."

Newest Musical Show Is Called 'Best Ever'

By JUNE MacBETH

Sparkling! Fresh! Moving! Entertaining! These adjectives, and more, justly apply to the Tecumseh Players' presentation of "Annie Get Your Gun."

Without a doubt, this musical, which opened last weekend, surpasses any and all previous endeavors of the Players.

The cast for "Annie" is excellent — the best ever selected for a Players' production. The actors complement each other and work extremely well together.

There is no "up-staging". Instead, the performers blend their characterizations and make the scenes and situations believable. The audience is not aware of theatrical techniques. It feels the actions and lines are natural and are being delivered for the first time.

★

JERRY ANDREWS' organ accompaniment is most appropriate to the Glass Room area. He supports — never detracts [illegible] the soloists or groups singing during the performance.

The choreography is interesting and imaginative. Each dance routine suits the show and furnishes functional variety.

The staging and lighting are aptly handled. The technical crews accomplish the near-impossible. With a few well-conceived changes, they transform the setting from a hotel, to a circus arena, to a cattle boat, to a ballroom.

The costume and make-up committees are deserving of praise. Their efforts do not call attention to themselves. Nothing is overdone. The effects are so congruous that one must reflect upon their excellence.

★

BECAUSE THE chorus exhibits little animation or reaction, the opening scene lacks vitality. But the pace is established when Charlie, played by Dr. Bob Murray, makes his entrance. Charlie is a hustler and maintains this characterization throughout the performance.

The roles of Annie and Frank are portrayed superbly by Peg Geiger and Bud Johnson. Both are poised and talented performers, musically and dramatically. Bud, especially, displays excellent stage presence and effortless command of his character and voice.

Bertha Paige gives genuine comic relief as Dolly. Experience, plainly, has taught her the skill and value of good timing and controlled exaggeration.

Ted Broderick brings Buffalo Bill across the footlights in a gentle, unassuming manner. Ted's fine voice is an asset to the spoken word and to the musical score.

Additional stage experience should give Bev Fitzpatrick the confidence and self-assurance she needs. However, she receives much support from her opposite, Ray Aylesworth, who holds their scenes together.

★

DUANE STEELE obviously enjoys his role, and the audience shares his fun. He looks, talks and acts like an Indian. He is Sitting Bull!

The children in the cast deserve special commendation. They are appreciated not only because they are juveniles, but because they perform as seasoned troupers.

The popular show tunes are well-received, but some lesser known melodies and lyrics are equally enjoyable. For example, Annie's "Moonshine Lullaby" with the men's trio is delightfully harmonic and pleasing to the ear.

This show is great!

If you can get a ticket, do not fail to see "Annie Get Your Gun."

Director Betty Jo Hancock has a splendid show ready for you. The cast and crews are prepared to give you a sparkling, fresh, moving, entertaining evening.

Remaining performances are Feb. 23, 24, 25, March 2, 3 and 4.

School Official Wants 4-Way Stop Returned

A request for traffic controls along N. Ottawa St., the area in which two young women were killed last week, was made by School Supt. James McDowell to City Council Monday.

In a letter to city officials, the superintendent reminded that he had sought controls when Council first made known its intentions for a one-way street on N. Ottawa, past the Junior High.

Mr. McDowell had asked that the intersection of Ottawa and Shawnee be kept as a four-way stop.

He explained that at various times there are up to 1,500 students in the two-block area and physical education students from the Junior High walk along the curve to the athletic field.

He urged city officials to install signs along the route.

Council referred his letter to Police Chief Murell Clark, with Councilman Paul Burns and Ray Puffer dissenting.

After the referral, Mr. Burns moved that a flasher be installed at the intersection of Logan and N. Ottawa St. Mr. Puffer seconded the motion, but in the vote, they were the only two favoring.

Chief Clark plans to meet Thursday with the safety committee of the Auto Club.

City Manager Cal Zorn says the city spent $4,000 getting an engineer's study and report for routing traffic and controlling it in town.

He said it was possible the engineer from Lansing would make another check here.

Chamber To Elect Boardmen

Annual election for the Tecumseh Chamber of Commerce will be held next month with nine candidates placed on the ballot by the nominating committee.

Those running for the board are Betty Flanders, Don Sunderland, Bob Webb, Arnold Sayler, D. J. Martin, Bill Holmes, Al Snyder, Joe Hayden and John Day.

Seven will be elected.

Jack Osburn, Chamber president, says members will receive ballots about the middle of the month.

Dr. O'Connor Dies at Home

Services were held Tuesday at St. Elizabeth Catholic Church for Dr. Archie O'Connor, 45, a Clinton physician who was found dead by members of his family Saturday morning at his home.

He was found sitting in a chair in the living room when his family awoke, apparently having died of a heart attack in the night.

Dr. O'Connor suffered a heart attack Aug. 2 1966, but had resumed his practice even though his health was not the best.

Born at St. Thomas, N. D. Nov. 24, 1921, he graduated from high school there, as well as from the University of North Dakota at Grand Forks.

He obtained his medical degree at Northwestern University and interned at St. Joseph Hospital, Ann Arbor.

He served four years in the Army during Would War II.

★

DR. O'CONNOR'S first wife, Jeanne Morrison, died Nov. 16, 1959.

On Nov. 23, 1960, he married Mary Ann Rakvica of Schenectady, N.Y.

An avid hunter and fisherman Dr. O'Connor was a member of the staff at Herrick Memorial Hospital.

He also held memberships in St. Dominic's Catholic Church, the Hall Slater Post, VFW, the Clinton American Legion Post, the Knights of Columbus at St. Thomas, the Lenawee, Michigan and American Medical Associations.

He is survived by his wife; two daughters, Mrs. Charles Pugh of Ann Arbor and Kathleen at home; his mother, Mrs. Margaret O'Connor of St. Thomas; four sons, Rory, John Kevin and Dennis, all at home and a grandson, Michael.

Five brothers, John of Albuquerque, N. M., Thomas of Warner-Robbins, Ga. Daniel of Leviston, Pa., Gerald of Zionsville, Ind., Edward of Grafton, N.D.; four sisters, Mrs. Robert McClean of Hillsboro, N.D., Mrs. Marvin Bronken of Oakley, Minn., Mrs. George Bresnahan of Casselton, N.D., and Mrs. Patrick Fisher of Grand Forks also survive.

Two brothers preceded him in death.

★

A SERVICE for the family was held at St. Dominic's church preceding burial in the parish cemetery. The rosary was recited at Proctor Funeral Home Clinton Monday evening. The Rev. Fr. Joseph Noelke officiated.

Five brothers and the father-in-law, Anthony Rakvica of Schenectady, N. Y., were the pallbearers.

GM Strike Lays Off 500 at Fisher Body

A wildcat strike at Fisher Body in Mansfield, O., is paralyzing General Motors Corp. throughout the nation.

Tecumseh's plant stopped operations Wednesday and furloughed nearly 500 hourly-rated production employees.

Salaried personnel and maintenance people are continuing at their jobs.

Eventually, the strike will probably affect 80,000 GM workers in 22 assembly plants.

Tecumseh layoffs are asked to listen to Radio WABJ for information as to when the plant will resume operations.

Will Show Horse Film

Horse enthusiasts will have an opportunity to see a 45-minute film on the nation's top quarter running horses Tuesday night at 7:30 in the Community Center.

The color movie includes races, trainers, race tracks and training techniques.

The American Quarter Horse Association has provided a series of films for a local horse group which will ask for a small donation to help cover the cost of the film rental.

Movies are for 4-H members and the public.

Seek Blood Donors for March 2 Visit

The first Red Cross Bloodmobile in Tecumseh this year will be Thursday, March 2, from noon to 6 p.m. at the Community Center, announces co-chairmen Dr. Robert J. Murray and Lester Proctor.

Appointments may be made by calling 423-2136. However, drop-in donors will be welcome.

Goal is 200 pints.

Tecumseh, Clinton and Britton have been doing well during the past year.

Increasing need for blood by Lenawee County residents calls for good support from all three communities.

The visits are in addition to Bloodmobiles at Tecumseh Products and Fisher Body plants.

It has been over eight weeks since the Tecumseh Products Bloodmobile, so all area donors are eligible to give March 2.

One of the gallon donors inquired last week when the next bloodmobile was due. He said, "I always feel so much better after giving."

Such regular donors are the backbone of the program, said Chairman Murray, adding that donors who are unable to give March 2 are asked to send a substitute.

Record collections were made Sept. 20, 1966, at Tecumseh Community Center with 213 pints and again Dec. 21, 1966, at the Tecumseh Products with 185 pints.

Mrs. M. D. Boss is chairman of volunteer aids, Mrs. Walter Elwartowski is the Jaycee Auxiliary president, Mrs. M. R. Blanden is chairman of volunteer nurses and Mrs. Walter Danniels, chairman of Industrial recruitment.

Valuations in Township Are Increased

Property valuations in Tecumseh Township are currently being adjusted by tax assessor Art Eaton.

Before the end of 1967, all homes and land in Tecumseh Township will be assessed at 50% of market value.

Adjustments are being made following orders from the State Tax Commission.

Approximately 500 pieces of real and personal property are involved, explains Mr. Eaton.

This does not mean an increase in out-of-pocket money paid in township taxes.

When valuation is increased, millage assessed is lowered, states Mr. Eaton.

As an example, Mr. Eaton notes that based on local assessments, township residents pay 11.5 mills for school operating purposes.

However, when the state equalized formula is applied, and the property's value increased nearly one-third, the millage is 8.5. Dollars paid are identical.

Unless there is an increase in millage — either by the county or the schools — taxes paid will remain substantially the same, Mr. Eaton points out.

THS Science Fair Invites Area School Participation

"It's shaping up to be one of the biggest and best of our six-year history," said Caroline House, co-ordinator of the Sixth Annual Tecumseh Area Science Fair.

"All projects eligible for judging must be set up in the Tecumseh High School Gym by 9 p.m. March 17," Miss House continued.

All Tecumseh students, Boysville, Britton and Clinton junior and senior high school age youths are invited to participate. Rules for the fair may be obtained from any science teacher in the area.

The exhibition will be open to the public March 18 and 19.

Members Hear History of Songs

By KATHRYN M. SOMMERS

In her inimitable style, Betty Flanders led members and guests of the Tecumseh Music Club on a "Parade of American Music" last week.

The group met at the home of Mrs. Perry Hayden with Mrs. Clarence Brock as co-hostess.

Mrs. Flanders, who has her own morning radio program over WLEN, combined a zest for meticulous detail with the warmth and gaiety of her personality.

Mrs. Fred Oberlin, program chairman for the evening, assisted by playing excerpts on the piano from familiar war songs while Mrs. Flanders told the song's story.

★

SUCH FAMILIAR music as "The Star Spangled Banner," "Yankee Doodle," "Hail Columbia," "Columbia, the Gem of the Ocean," "Dixie," and "The Battle Hymn of the Republic" became more meaningful as the group heard interesting anecdotes and historical facts about them.

Mrs. Flanders also briefly reviewed the music of James Bland, the Negro composer whose music ("Carry Me Back to Old Virginia," "Oh, Dem Golden Slippers") resembles that of Stephen Foster and that of James Handy, creator of the "St. Louis Blues."

The program closed with everyone singing "The Long, Long Trail," written by two Yale University students.

★

THE BUSINESS meeting was conducted by the president, Mrs. Norman Bailey. Announcement was made of the national meeting of the Federation of Music Clubs in New York City from April 14-18 and of the State meeting in Grand Rapids, April 27-29.

Additional guests for the evening were Mrs. Robert Hart and Mrs. Charles Haughn.

The next meeting of the Tecumseh Music Club will be March 14 at the home of Mrs. James E. Danforth. Mrs. Wilfred Waldron will present the program entitled, "Musical Fantasy."

CITY GETS CANADIAN FLAG — This six-foot Canadian flag, displayed by Mrs. Louis Venske and Mrs. Naomi Sallows on the steps of city hall, was presented to Tecumseh, Mich., by Tecumseh, Ontario, at Council's Monday session. On hand to give the bunting were Mayor Hector Lacasse, Clerk W. V. Bouteiller and Councilman Henry Hayes of the Ontario city, which is going to hold a Centennial Celebration July 1. They extended an invitation to local officials to attend the festivities.

3 Bus Chassis Being Purchased at $9,904 Total

Tecumseh Equipment Co. was offered a contract by the School Board Monday for three International school bus chassis.

Winning bid was $9,904. Other bids were from Schneider Chevrolet-Buick, $13,507.50, and George's Motor Sales, $10,274.46.

The Board also authorized an extra $300 expenditure for air brakes for the buses.

Dimes Drive Volunteers Obtain $806

The VFW Auxiliary held a combined business and social meeting last Wednesday with the President, Mrs. Norman Sisty, conducting.

Mrs. Sisty reported that all of the Tecumseh area had been canvassed for the March of Dimes and the total amount is now $806.75 collected.

She thanks all the organizations and volunteers who helped make the project a success, even in bad weather conditions.

The Auxiliary voted to donate $25 to the March of Dimes. They also voted to renew their Cancer Insurance for all their members for another year. Thank-you cards bers is March 1.

A birthday party and bingo will be held, with each member bringing a gift for prizes. The social meeting will be cancelled because of the March 15 Hospital Party at the Veterans' Hospital in Ann Arbor.

Program will be furnished by Mrs. William Flanders and refreshments will be served to over 100 veterans. Any member going will meet at the VFW Post Home by 6:15 p.m.

Because of poor response to the Medic Self-Help program of Civil Defense, Chairman Mrs. Walter Mueller, under the direction of John Saling, Civil Defense Director, will discontinue the program until a later date.

Our Readers Write

TO THE EDITORS:

Will one kill you?

Possibility: It is 10:50 p.m. You are driving at a high rate of speed. 35 m.p.h. in a 25 m.ph. zone. You are coming up to a slight curve on a smoothly paved street. Suddenly, your right front wheel drops into a hole 18 inches in diameter and six to eight inches deep. You lose control of your car, hit a tree.

The preceding is, of course, only a possibility.

During a recent phone conversation with Mayor Harold Easton, I asked him if something couldn't be done about the craters dotting our city streets, especially the one on the corner of Pottawatamie and Ottawa St.

The mayor asked, "And just what do you propose we do about these?"

Being at a loss for a good answer at that time, I had no suggestion to offer. I therefore called both Clinton and Adrian's street departments and asked them what could be done.

The answer they suggested was:

Fill the holes to within several inches of the surface with stone and then carefully cold patch with a good grade of asphalt. Then run over slowly several times with a truck. Do not leave the newly-patched area to be packed down solely by traffic.

After receiving this information I talked to Councilman Ray Puffer, telling him about my earlier conversation with Mayor Easton, and also about my talk with the Clinton and Adrian officials. The next day the holes around the Pottawatamie and Ottawa corner were filled with stone.

For an interesting test of driving skill and self-control, I would like to invite our Council to take a drive starting at S. Evans, 20 feet from the city limits, and proceed via one-way street route to Tecumseh Saw Shop; then south back down Evans to the city limits without once driving in the wrong lane or swerving. By the way, be sure you have a good spare!

Will one of these holes kill you or one of your out-of-town relatives? Is there really a good excuse for these street conditions and a reason for risking our lives running Tecumseh's obstacle courses?

Larry L. McLain
Tipton.

Construction Plans for City Told to Council

City Manager Cal Zorn outlined construction plans for the city during the current year at Monday night's Council session.

Above and beyond the call of duty. That's what it was. Many deeds of kindness go unnoticed, many a hero goes unsung, but we caught up with one, Dyke Helms.

During the barn fire Wednesday night at the residence of Gerald House on Russell Rd., Dyke noticed the penetrating cold wind as he checked his warehouse.

Dashing home, he brewed a pot of coffee and took it back to the firemen. Where he found the doughnuts to go with it at that time of night, we don't know, but we do know that Tecumseh fire fighters scored Dyke a "right guy in their book" for his thoughtfulness.

It wasn't the first time he has furnished them with sustenance while they battle flames, either. They are really grateful and we are proud to know Dyke.

A highlight of the Michigan Women's Press Club meeting in Niles last weekend was a Madhatter's Brunch featuring a wine-tasting party, compliments of the Michigan Wine Institute.

After donning exotic crepe paper hats we started our wine "marathon" with a cocktail of Cold Duck, a bubbly combination of champagne and sparkling burgundy.

A representative from the Institute explained there are seven wineries in Michigan and the state ranks third in the nation in grape and wine production.

We sat down to an appetizer wine of sherry, part of which we spooned over our fruit cocktail, then drank the rest.

"There are no vintage years in the USA — all the wines are prepared to be uniform in good quality," said the sponsor.

★

RINSING our glasses, we started the main course, which featured a choice of white dinner wine, Sauterne or red dinner wine, Rose', with our creamed chipped beef on muffins and broccoli with wine sauce.

My hat kept slipping over my eyebrow.

With our coffee and cake we were served a dessert wine, an almond-flavored sherry.

"All types of wine can be used for cooking," said our host. "As in vanilla, the alcohol disappears in the low simmering stage, leaving only the flavoring.

As we tippled out the door after the brunch, hats askew, our host gave us some recipes.

★

A WINTER yummy that should appeal to the entire family is "Michigan Burgundy Burgers".

Combine 1 lb. lean ground beef with 1 small onion, chopped, 1 tsp. seasoned salt, freshly-ground pepper to taste and ¼ cup Michigan Burgundy.

Mix lightly with a fork.

Shape into 4 patties and broil under range broiler (or over hot coals), until done as desired. Remove to hot plates and spoon Burgudy sauce over each.

BURGUNDY SAUCE

Heat together 2 Tb. each of butter, soy sauce and chopped chives or parsley. Add 3 Tb. Michigan Burgundy. Thicken slightly if desired, with a little cornstarch mixed with cold water . . . or leave thin.

Spoon hot over meat and serve.

starting at Gate 1. Knowing they wouldn't have time to connect, Cherie screamed to the gallant GI, "Sweetheart, here I am."

He double-timed it to her, accepted thanks and when she said "I'll certainly remember you in my prayers, dear," he gave her a quick salute and said, "Where I'm going, ma'm, I can certainly use them."

AS WE stumbled onto the plane and Cherie fell into her seat she turned to a lady seated next to her and said, "Where are we going?"

"Well, my dear, this plane is headed for Detroit."

Cherie smiled serenely and said, "Gee — that's nice."

Jets Collect $200 in 1967 Dimes Drive

As their Community Service project, members of the Tipton Jets 4-H Club, collected $200.74 for the March of Dimes in Franklin Township.

The club's officers — Douglas Feight, Darlene Daniels, Gregg Smith and Cindy Jackson — attended the Officer's and Model business meeting in Adrian.

Junior leaders Robert Platt and Susan Ries attended a meeting at Camp Kett near Tustin. They were accompanied by Mrs. Raynor Hardy, the new recreation leader for the Tipton Jets, and Bill Walter, the 4-H agent for Lenawee County.

Among leaders attending the Recognition Banquet were Mrs. Richard Platt, Mr. and Mrs. Norman Ries, Jack Allen, Richard Platt, Mrs. Jack Allen, Mrs. Ray Buell, Mr. and Mrs. Robert Osburn, Mrs. Raynor Hardy, Mrs. Ray Bolz and Gregg Hardy.

Lenten Program

Lenten services at St. Peter's Episcopal Church continue with noon services Thursdays followed by a luncheon in the Parish Hall.

Junior and Senior High students will have a brief service at 11:45 a.m. with the regular celebration of the Holy Communion at 12:05 p.m.

Different groups in the parish will serve lunches, with the Daughters of St. Peter's taking charge this week. Mrs. Clarence Brock is President.

Some of the special Lenten programs planned are — Father Neil Libby, director of St. Leonards' House, Windsor, Ontario, who will preach Sunday, March 12 and a quiet day Monday, March 13 conducted by the Very Rev. Dom Benedict Reid, O.S.B. Prior of St. Gregory's Benedictine monastery, Three Rivers.

★

SENIOR HIGH School students of St. Peter's, along with high school students of the 11 parishes and missions of the Southwest Convocation will take a trip to the Canterbury Coffee House, 330 Maynard, Ann Arbor.

Considered one of the unique college student programs conducted by the Episcopal Church, Canterbury House provides a coffee house program on week-ends with singing, poetry reading, guest speakers, drama, and religious discussion.

Sunday morning the Coffee House has a Eucharist for students that brings several hundred for 'folk-sonk masses' dialogue sermons, and special instruction.

60TH ANNIVERSARY — Mr. and Mrs. Mel Partridge will be honored at an open house Sunday from 2 to 5 p.m. at the Youth House of the First Baptist Church given by their children. Emma Wagonshutz and Mel Partridge were married Feb. 27, 1907, in Plymouth. They came to Tecumseh in 1939 to open The Partridge Implement Co.

10 Accidents Checked

Ten minor accidents were investigated here by Tecumseh police during the week with half of the motorists receiving citations.

A resume is:

Feb. 15 — Cynthia J. Roll, 19, of 710 W. Pottawatamie St., reported her car damaged while parked downtown.

Feb. 15 — Betty J. Maynard, 40, of 3048 Pleasant Dr., lost control of her car on Brown St. and struck a parked car owned by Aden E. Mead, of 128 Brown St. She was charged with failure to control her vehicle.

Feb. 17 — Dave Schoonover, 510 Seneca, reported his car damaged while parked on N. Pearl St.

Feb. 18 — Alma J. Cherry, 27, of 211 S. Union St., struck a parked car on W. Pottawatamie St. Other vehicle is owned by Albert J. Clark, 202½ W. Pottawatamie.

Feb. 18 — Jane A. Iffland, 19, Blissfield, slid on a patch of ice on S. Pearl St. and struck Opal M. Brady, Brooklyn.

Feb. 19 — Raymond C. Oliver, 22, of 808 S. Union, backed out of a drive and struck Frederick W. Morley, 31, of 6953 Green Hwy. Oliver was cited for failure to yield right of way.

Feb. 19 — David H. Kish, 24, Adrian, and Frank D. Fairbanks, 37, of 6518 Rogers Hwy., bumped at the intersection of W. Chicago Blvd. and Adrian St.

Feb. 19 — Patricia E. Gibson, [illegible]224 Monroe Rd., was blinded by oncoming lights, swerved and hit a pole stabilizer cable on Herrick Park Dr. The car then turned over onto its side. She was cited for failure to control her car.

Feb. 21 — Kenneth F. Kopka, 75, Holloway Rd., was charged with improper backing after a mishap with Eulalio Pizana, Jr., 32, of 5651 Pocklington Rd. The accident happened on E. Pottawatamie St.

Feb. 21 — Barbara E. Cole, 29, of 1201 Sunset Dr., making a U-turn at the intersection of S. Union and Kilbuck Sts., struck a passing auto driven by Virginia M. MacGeorge, 36, of 5487 Centennial Rd. Mrs. Cole was charged with failure to yield the right of way.

Pinewood Derby

Parents, brothers and sisters were heard cheering for their favorite contestant as Pack 72 Cub Scouts held their Pinewood Derby Monday evening at the Community Center.

The professional-looking derby cars gave evidence of many hours spent in carving, weighing and painting them.

Tied for first place were Mark Booze, son of Mr. and Mrs. Robert Booze and David Wilson, son of Mr. and Mrs. George Wilson.

Second place was won by John Warner, son of Mr. and Mrs. Robert Warner.

These winners will compete with Pack 73 champions in March and the finalists of that event will go on to compete in Adrian.

Time trials were held at Wilson Motor Sales Saturday morning.

A kite-flying contest will be held in March on the first windy Saturday. The boys have to make their own kites and prizes will be given for the highest and longest flight and the most decorative kite.

Age of Rembrandt Attendance Is Record-Breaking

"The Age of Rembrandt" exhibition ended its 43-day stay at the Toledo Museum of Art attracting a record-breaking 133,212 persons.

From Toledo the 105-painting collection travels to Boston, where it will remain until March 5.

"This has been the most popular exhibition ever to visit Toledo," Otto Wittmann, director, said.

Council Race Joined by 11

One of the biggest races for Council in many years materialized here this week with the filing of petitions by 11 candidates at City Hall.

Three — incumbent Ernest Oliver, Royal Welch and John Zeigler — have filed for the office of Justice of Peace.

In the race for four seats on Council, incumbents Lawrence Mohr, Ray Puffer, George McCombs and Paul Burns filed.

They are joined by Richard Creswell, John Howell, Douglas Osworth, R. Dean Sheldon, Gene Tuckey, Norman Feller and William Holmes.

Off-Street Parking Is Paying Off

A check for $3,441.76 was presented to Council Monday night by J. W. Meadows for off-street parking purposes.

It was left up to city officials whether the money be used to retire present parking meter bonds or be used to purchase additional property for off-street parking lots.

In recent years, Tecumseh businesses have donated monies to retire the bonds and for free parking stalls in the four downtown lots. Five bonds have been retired to date.

Indians Go to Blissfield for Last Game

Tecumseh wraps up regular season play Friday night when the Indians hope to make it two in a row over Blissfield.

The Royals were easy victims here Jan. 20, with Tecumseh winning, 67-61.

If Blissfield can whip Tecumseh, and Flat Rock upsets Airport, the Royals will gain a share of the Huron League crown.

Chances are bright that the two clubs will meet for a third time this season in district tourney play at Dundee. The Indians have a relatively easy opponent — winner of the Erie-Mason and Ypsilanti Lincoln game — but Blissfield must get by Dundee.

Title game for the district is scheduled March 4.

History Conference

An Episcopal history conference held Tuesday, Feb. 21, at the Michigan Historical Collections, Ann Arbor was headed by the Rev. Frank W. Hawthorne.

Participating at the day long meeting were diocesan and parish historians from the three Michigan Diocese.

Dr. Robert Warner, Director of Historical Collections and Professor of History at U of M addressed the group and conducted a tour of Collections temporarily housed in the Rackham Building.

The Rev. Jack Warner, rector of Christ Church, Adrian, and a student of the life of William N. Lyster, pioneer Irish priest of the Episcopal Church in Lenawee County attended the meeting.

Fr. Hawthorne is Historiographer of the Diocese of Michigan and is author of the booklet "The Episcopal Church in Michigan During the Civil War," published by State Civil War Centennial Observance Commission.

Mrs. Moll Tells of Workshop for County Nurses

The Lenawee County District Nurses Association heard Dr. Philip Hunt speak on "Prostatic Surgery" at the meeting Feb. 16 at Bixby Hospital.

Following a question-and-answer period, Mrs. LaVern Moll, director of nursing at Herrick Memorial Hospital, told of plans for a workshop program on "Physiology and Pharmacology in Shock and Similar Circulatory Emergencies."

It will be a four or five hour workshop, open to all nurses in the county.

It probably will be held at Bixby Hospital.

It was announced a workshop for operating room nurses entitled, "To Meet Changing Needs," will be held March 10 and 11 at Howard Johnson's Motor Lodge in Grand Rapids.

March 16 the meeting will be at 8 p.m. at the Girls Training School. A speaker from the school staff will talk.

3 THS Students Begin Training in New Program

Tecumseh High School students, Doug Haines, Barry Williams and Ken Hooton enrolled and began studies after school in the Automotive Mechanics course last week.

The course, which is taught in the Adrian Public Schools, was arranged by the new Lenawee Vocational Training program.

The electronics course is taught in Tecumseh High by Charles Gross.

The students furnish their own transportation.

Republicans Will Meet at Cobo Hall

Weldon O. Yeager of Detroit has been chosen temporary chairman of the Michigan Republican State Convention Feb. 25 in Detroit's Cobo Hall Arena.

Mr. Yeager, who was appointed by Governor Romney to direct the State Workman's Compensation Department in 1963, has a long record of service in the Republican Party.

He was graduated from Wayne State University in 1956. He left the armed service in 1945 with a captain's commission.

Schools Seeking More Millage

BRITTON — A special election of the Britton-Macon Area School will be held Monday, April 3, at which time voters will be asked to approve an increase of five mills for operating expenses for the next two years.

The five mills, plus renewal of five mills presently in effect, bring total millage to 10.

The need for additional money has been brought about by an increase in operational expenses during the last few years:

- The Cafeteria has been completely remodeled and equipped at a cost of over $15,000.
- An elementary teacher was added to the staff this year to eliminate crowded conditions and do away with the combination room. There are now two sessions for each grade, kindergarten through sixth.
- Fire doors and new ceilings in the cafeteria and study hall have been installed to meet some of the requirements of the State Fire Marshall's office.
- The teacher's salary schedule (the lowest in Lenawee County at $5,100) will have to be raised in order to compete with other schools in the hiring of teachers for this fall.
- The State Equalized Valuation will decrease due to a relief in the personal property tax. This will mean less money for the school to work with next year.

★

LAST DAY for persons to register with their appropriate township clerks in order to be eligible to vote at the special election is Monday, March 6.

A person need not be a property owner to vote.

Each voter, must be a citizen of the United States, have attained the age of 21 years, and have resided in the State of Michigan six months and in the school district thirty days next preceding the election.

Tories Go Down against Better Adrian CC Club

BRITTON — Superior ball handling and team play, plus hot floor shooting, put the shorter Adrian Catholic Central Irish out in front of the Tories in the first minutes of the game Friday night and they kept up a fast pace throughout the game to win, 98-59.

The Tories were unable to hold off the Irish attack and were outscored in every quarter. Turnovers and lack of scoring punch hurt the Britton cause.

Britton had the edge in free throw shots, making 19 to ACC's 16, but the Irish outshot the Tories from the floor 41-20.

Tom Muldary led all scorers with 19 and Butch Swartz added 15 for the winners.

Doug Fairbanks with 12 and Larry Ash with 11 topped Britton. Both coaches played the bench freely in the last half.

The Tories travel to Ida Friday night for the last game of the regular season. Ida is 13-2 on the season, the two losses both at the hands of unbeaten Summerfield.

Forsyth Brothers Telephone Folks from Missouri

BRITTON — Mr. and Mrs. Glenn Forsyth of Ridge Rd. were surprised when they received a phone call from Ft. Leonard Wood, Mo., from their two sons, Pvt. Ronald Forsyth and S/4 Jerry Forsyth.

It had been 13 months since the two young men had seen each other.

They had just missed meeting by four days when Ronald left Jan. 17 for service in the Army and Jerry arrived home Jan. 21 from a year of combat in Vietnam.

Jerry spent a month visiting his family before going to Ft. Leonard Wood to visit his brother for the weekend. Jerry is now assigned to Ft. Benning, Ga.

Lenten Meditation

Editor's Note: In observance of the Lenten-Easter season, Britton area ministers have been invited to present a series of meditations for the weeks preceding Easter.

First article in the series is presented by the Rev. John D. Lover, pastor of Grace Methodist Church, serving Britton and Ridgeway.

The Rev. Lover has served the Ridgeway church since last June. He graduated from Redford High School in Detroit in 1956, and from Adrian College in 1960. He received the Bachelor of Divinity Degree from Methodist Theological School in Ohio in 1963.

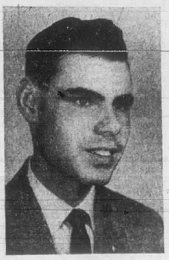
Prior to coming to the Britton area, he served pastorates in Wellsville and Howard Methodist Circuit, as well as the Livingston Circuit, Plainfield, Michigan.

He is married to the former Irene Rhodes of Jackson. The couple have two children, Colleen and David.

By THE REV. JOHN D. LOVER

The Lenten season means different things to different people. To some, Lent may be no different from any other season of the year. To others, Lent may be a very significant time of preparation and penitence leading to Easter Sunday.

The Lenten season is a season of preparation based on the 40 days that Jesus spent in the wilderness. Immediately after his Baptism, Jesus went into the wilderness for 40 days and 40 nights to prepare himself for the task that lie ahead of him.



REV. JOHN LOVER

Today, we need to spend some time in meditation, preparing our lives to be sensitive to the word and the will of God.

The early church used the 40 days and seven Sundays prior to Easter as a time to train her members for admission into the church.

This is the case today also, but this trend is declining because the church today feels she needs much more time to train her members.

Most Christian churches today have some special observances during the Lenten season, as both a preparation for Easter and as occasion to deepen and strengthen an understanding of the Christian faith.

★

WHAT DOES the Christian church proclaim with the observance of Lent:

- Lent is a preparation for Easter. Who would celebrate a special holiday without some preparation? Easter will soon be here, and how many of us have adequately prepared for the day?

We may have cleaned our house and prepared to serve a meal, but have we prepared our lives for the spiritual areas of Easter?

- In Lent, the Christians proclaim their willingness to be used by God for whatever task he calls them. God needs and wants people who will by free choice say, I want to be useful to God; people who serve because it is a privilege, and not because it is a burden.

He may call us to carry a cross, but we affirm with Lent that we are the people of God whose lives are prepared and always being prepared to carry a cross.

- During Lent, the Christian Church proclaims her willingness to sacrifice—to give and not to count the cost; to labor and not seek for any reward except knowing that we serve God.

One person has written: "Self-sacrifice for its own sake is no religious act at all. If you give up a meal for the sake of showing power over self or for the sake of self-discipline, it is the most miserable of all delusions.

"You are not more religious in doing this than before . . . This is mere self-culture; and self culture, being occupied forever about self, leaves you only in that circle of self from which religion is to free you; but to give up a meal that one you love may have it, is properly a religious . . ." (R. Robertson)

MANY PEOPLE are confused about religion, the nature of God, and the significance of the church.

I suppose many times, the church adds to this confusion, but we should take advantage of the Lenten season to let God know that we want to know more about him and we want to grow spiritually.

Obituaries

● **THE REV. CHARLES BRAGG**

Services were held Tuesday at the Rea Methodist Church for the Rev. Charles Bragg, 89, who died Saturday morning at Herrick Memorial Hospital where he had been a patient for one week.

A Methodist minister for 60 years, he was the oldest living minister in the Detroit Conference.

He was born Feb. 21, 1877, in Dundee Township and was married to Edith Hinzes Oct. 27, 1897. She preceded him in death in 1960.

Mr. Bragg was a Methodist minister for 60 years. He served churches in Attica, Imlay City, Rae, Cone, Lansing, Columbiaville, Clio and Marlette. He retired in 1942.

He served as president of the Methodist Protestant Conference for three years. After his retirement he had churches at London, Mooreville and Wellsville and again at Rae, Cone.

He was a supply pastor for the Church of Christ in Summerfield Township for a year.

Mr. Bragg was the representative of the Michigan Conference of the Methodist - Protestant Church to the Commission on Union for all Methodist Churches.

Mr. Bragg was a life member of Attica Lodge F & AM; a life member of Ruth Chapter OES; a member of Dundee Lodge Knights of Pythias, and he served two years as first vice-president of the Lenawee - Monroe County Association OES.

He is survived by one son, F. J. Bragg, of Dundee.

Mrs. Duane Steele, 6988 Green Hwy., was a granddaughter of Mr. Bragg and her children, Sylvia, Michael and William, were his great-grandchildren.

He was a frequent visitor at the Steele home here.

Contributions are being made at the Rae Church for an abiding memorial.

Burial was in the Ridgeway Cemetery.

● **MARLENE SUE DERBY**

Services were held in Adrian Wednesday for Marlene Sue Derby, 12, who died Sunday at 3:30 p.m. while sliding on a hill with other children.

Marlene, daughter of Mr. and Mrs. James E. Mitchell, of Rome Rd., was visiting friends near Coldwater with her family.

She had a heart condition but death was unexpected.

Born March 15, 1954, in Addison, she was a seventh grade student in the Addison School.

Besides her parents, she is survived by one brother, Jeff, and her grandparents, Mr. and Mrs. James Mitchell, of Holloway and Mr. and Mrs. Elwood Derby of Adrian.

The Rev. John MacNaughton officiated and burial was in the Lenawee Hills Memorial Park.

● **MRS. MAUDE E. BELL**

Services will be held Thursday at 2 p.m. in the Dunn Funeral Home for Mrs. Maude Bell, 80, 214 W. Pottawatamie St., who died Tuesday morning at her home.

Well-known throughout the state for her bridal gown originals, Mrs. Bell had been in ill health for the last 15 months.

Born December 2, 1886, in Tecumseh, she was graduated from Tecumseh High School in 1905.

Her marriage to Oswald Bell in Aberdeen, Wash., took place in 1913. He preceded her in death in 1927.

After his death, she returned to Tecumseh and operated a millinery shop next to the present location of Van's Bakery.

In the early 1950's the work of her creative hands was more and more in demand as brides-elect came to her home to have their gowns designed and made.

Mrs. Bell was a member of St. Peter's Episcopal Church.

Survivors include a son, Fred, 415 S. Union St., two daughters, Mary, of New York City and Elizabeth, of Ft. Lauderdale, Fla., two grandsons and one sister, Mrs. Ann Haughn, 212 Bidwell St.

The Rev. Frank Hawthorne will officiate and burial will be in Brookside Cemetery.

● **LeROY HOLDRIDGE**

Services were held Saturday at the Worthington Funeral Home, Brooklyn, for LeRoy Holdridge, 72, of North Stony Lake Rd., Brooklyn, formerly of the Tecumseh area, who died Thursday.

Mr. Holdridge was a retired farmer and had been ill about a year.

He is survived by his wife, Emma; two sons, Lawrence, 201 S. Democrat St. and Russell, of Napoleon; two daughters, Mrs. Merrill Gray, 9592 Tecumseh-Clinton Rd. and Mrs. Ted Hart of Dunbar, Nebr.

The Rev. William Harvey officiated and burial was in Roseland Cemetery.

Scout Trip Is Featured at Banquet

TIPTON — Slides of a Pack Trip into Quebec, Can., were shown at the Father and Son Banquet Saturday evening at the Tipton Community Church.

The Rev. Philip Rusten and his son, Eric, told of their trip and showed many articles they brought home with them.

The Gospel Lanterns (Alvin Dickerson, Kent Forrister, Lawrence Wotring and Dick Hansen accompanied by Wayne Carpenter on the piano) provided music for the evening.

The Toastmaster for the evening was Gerald Munger introducing Roger Cook, who gave the toast to the fathers and Dean Cook who responded with the toast to the sons.

Group singing was led by Ray Stockinger, accompanied by Mrs. Lamont Simmons. Mr. Munger presented gifts to Henry Baker, the oldest father present; Chester Baker, the oldest father with the oldest son, Sam Daniels of Reno, Nev., the father coming the farthest distance and Wayne Carpenter, the father with the youngest son.

A Swiss steak dinner was served to 117 fathers and sons.

Suzanne Stewart Is Wed to Michael Tucker

Suzanne Caudwell Stewart of London Ont., Can. became the bride of Lieut. Michael Curtiss Tucker Feb. 4 in a ceremony at St. John the Divine Church in Arva, Ontario performed by the Rev. Arthur Jared.

Candles and white chrysanthemums were used on the altar and the church choir sang.

Parents of the couple are Mr. and Mrs. David Stewart of London and Mr. and Mrs. Virgil C. Tucker, 1102 River Acres Ct.

The bride, given in marriage by her father, wore a street length sheath dress of white silk and wool with a white custom designed ribbon hat.

She carried a mixed bouquet of pink roses, chrysanthemums and gardenias.

Mrs. Donald Klinger of East Lansing was matron of honor in a simple blue sheath dress with a hat of fresh flowers. She also carried a mixed bouquet.

Zillah Stewart, attired as the matron of honor, was her sister's bridemaid.

John Aho was best man and the guests were seated by John Tolbert of Pontiac and Peter Lockyer, brother-in-law of the bride.

A reception was held at the home of the bride's parents featuring a champagne luncheon.

The bride attended the University of Western Ontario for two years. Her husband received his bachelor of arts degree from Alma College, and is presently taking United States Army intelligence training at Fort Holabird, Md.

The groom is affiliated with Sigma Tau Gamma fraternity.

The groom's parents gave the rehearsal dinner at the London Hunt and Country Club.

Attending from here were Mr. and Mrs. Paul Keyser, Mr. and Mrs. Charles Mensing, Mr. and Mrs. Thomas Jacoby, Mrs. Albert J. Todd, Robert Todd, Mr. and Mrs. Kenneth Herrick, Mr. and Mrs. Tucker and son, Lance, and daughter, Mrs. Windham Bremer of Joppa, Md. and Toni Herrick of Gulf Port, Miss.

Eileen Black Exchanges Vows with B. Rickard

Eileen Black and Bernard Rickard were married Feb. 11 by the Rev. Robert Hinklin, pastor of the Jasper Evangelical United Brethren Church.

The double ring ceremony was performed at the home of the bride's parents, Mr. and Mrs. David Black, in Adrian.

The groom is the son of Mrs. Leoma Rickard of Holloway and the late Hayes Rickard, Jr.

The bride wore a navy and white suit with white hat and brief veil. She carried a nosegay of carnations and rosebuds.

Bonita Mae Dunbar of Adrian was maid of honor and Loydette Osborn of Adrian was the bridesmaid.

Carolyn Cubberly, niece of the groom, was the flower girl and Steven Black, nephew of the bride, was the ring bearer.

Kenneth Brackman of Britton was the best man.

A reception for 50 guests was held at the home of the bride's parents immediately following the ceremony.

The couple are living in Lee Villa Mobile Court. The bride is employed at Miller's Dairy Store in Adrian and the groom is employed at Stauffer Chemical Co., Sutton Rd.

Georgianna Rufner Is Married To Tom Emerson

Georgianna Rufner and Thomas Emerson were united in marriage Saturday morning in the Bethel Baptist Church, Adrian.

The Rev. Rody Kersey performed the ceremony at 11 a.m. before the immediate families.

The bride is the daughter of Mr. and Mrs. LaMar Rufner, 215 W. Pottawatamie.

The groom is the son of Mr. and Mrs. John D. Emerson, 531 Lake St., Adrian.

The bride was attired in a pink wool suit with beige accessories, and wore a corsage of white daisies and carnations.

The attendants were Susan Smock of Tecumseh and Joseph Price of Adrian.

The bride attended Tecumseh High School and Auburn High School, Auburn, Ind. She is employed at the San-Sheri Restaurant, Adrian.

Mr. Emerson is a graduate of Adrian High School and is employed at Ace Drill, Adrian.

The couple is on a wedding trip in Northern Michigan and Canada. They plan to live in Adrian.

The bride's parents will entertain at a reception at their home Sunday afternoon, for members of the immediate families.

School Boardmen Offered 45-Acre Northeast Site

[illegible] acre site, northeast of the city, was offered for sale to the Board of Education Monday by Ernest Oliver and George French, local real estate dealer.

The area, costing $54,000, is between Burt St. and Macon Rd., with part of the property touching on Burt.

The Board took no action on the offer, which came after a representative of the Michigan Bureau of School Services in Ann Arbor had discussed future needs of the schools here.

String Concert

Internationally acclaimed Wiener Solisten, a 13-member string orchestra from Austria, will give a concert in the Great Gallery of the Toledo Museum of Art on Wednesday, March 1, at 8:30 p.m.

They Love to Square Dance

For folks who enjoy square dancing, there's the Shawnee Squares Western Square Dance Club.

One of the group's most avid boosters, Mrs. Ray Schlegel, says members range in age from 15 to 70.

There are sessions every two weeks at Tecumseh Community Center with folks coming from southern Michigan and northern Ohio for the fun.

Mrs. Schlegel says the Shawnee Squares would like to help form a Teen Club Square Dance group and young people interested could telephone her at 423-2677.

Mrs. Schlegel points out that the Shawnee Squares have purchased tables and chairs for the Center, which can be used by anyone holding sessions there. In addition, two large window fans were bought by the club for use in summer, thus permitting year-round meetings.

Next dancing session will be Saturday evening at 8 p.m. with Chuck Dillenback as caller.

The engagement and approaching marriage of Frances Allison of Ann Arbor to Dr. Joseph F. Bachman has been announced by her parents, Mr. and Mrs. Horace R. Allison of Carthage, Tex. Miss Allison, a registered occupational therapist, presently is a member of the staff of the Department of Physical Medicine at University Hospital in Ann Arbor. She is a graduate of Texas Technological College and Texas Woman's University. Dr. Bachman is the son of Mr. and Mrs. J. F. Bachman of Birmingham. He graduated from Dartmouth College and the University of Michigan Medical School. He has his medical practice at 600 E. Pottawatamie St. An April 1 wedding in Ann Arbor is planned by the couple.

Barbara Eichmeyer Wed to Clarence Champanois

Marriage vows were exchanged Thursday afternoon by Barbara Eichmeyer and Clarence C. Champanois, Jr., in a ceremony performed by the Rev. B. O. Bashore in the First Baptist Church.

The bride is the daughter of Mrs. Loren Eichmeyer of Cedar Rapids, Ia., and the late Loren Eichmeyer.

The bride wore a navy blue dress with gold accessories and carried a bouquet of golden daffodils.

The attendants were Mr. and Mrs. Clarence D. Champanois, the parents of the bridegroom, 403 Outer Dr., and Mrs. Richard Peterson.

The bridegroom's parents entertained at a reception, Saturday evening, attended by 35 members of the family.

The couple will visit her mother in Cedar Rapids this weekend.

The bride is a graduate of Jefferson High School in Cedar Rapids and was employed at Ft. Riley, Kan.

The bridegroom is a graduate of Tecumseh High School and served for a year with the Army. He is employed at Double-A Products, Manchester.

The newlyweds plan to live in Tecumseh.

If you thought Pontiac was coming out with just another sports car, you don't know Pontiac!

Pontiac Motor Division

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood grain styled dash, exclusive space-saver collapsible spare, bucket seats and wide-oval tires.

Firebird 400. Coiled under those dual scoops is a 400 cubic inch V-8 that shrugs off 325 hp. It's connected to a floor-mounted heavy-duty three-speed. On special suspension with redline wide-oval tires. This could be called the ultimate in grand touring. *After this, there isn't any more.*

Firebird HO. HO stands for High Output. As a split second behind the wheel will attest to. The Firebird HO boasts a 285-hp V-8 with a four-barrel carburetor, dual exhausts and sport striping. Standard stick is a column-mounted three-speed. Naturally, all Firebird options are available.

Firebird 326. Is there room for a family in a sports car? There is now. The excitement of a sports car with the practicality of a 326 cubic inch V-8 that delivers 250 hp on regular gas. Standard transmission is an all-synchro three-speed, but you can order an automatic.

Firebird Sprint. Now you don't have to go to Europe for a sophisticated road machine. This is the 215-hp version of our eager Overhead Cam Six. It's mounted on special suspension that practically welds it to the road. (Any road!) With a floor-mounted all-synchro 3-speed.

Firebird. This is our economy Firebird—with the same exciting options and interiors as the more exotic ones. It's Overhead Cam Six squeezes 165 hp from regular for inexpensive fun driving. See them all at your Pontiac dealer's.

Card of Thanks

I wish to thank all my friends, relatives and neighbors for the beautiful cards, flowers, gifts, and prayers. For the Rev. David Holly's prayers and visits; to Dr. Cook, nurses and nurses' aides for their tender care while I was in Herrick Memorial Hospital.

Mrs. Harriet Pawson Gleason F23c

We wish to thank all our friends and neighbors for the beautiful cards and remembrances on our 50th wedding anniversary. Bless you all.

Mr. and Mrs. Clarence Hall. F23p

To the many friends that wished me well during my recent surgery and convalescence, I wish to say Thank You.. A special note of appreciation to those that sent fruit, flowers, cards and letters.

Cecil Pence, Ridgeway. F23p

The Gerald House family would like to thank everyone who volunteered their help when a fire destroyed the barn and livestock last Wednesday evening. We are very grateful to our friends and neighbors who helped with the livestock; also Mrs. Glen Klingensmith and the Jaycees who furnished coffee for the fire fighters from Tecumseh, Britton and Clinton. F23c

I wish to extend my thanks and appreciation to all my friends for their prayers, flowers, gifts, cards, and get-well wishes, plus the shower of birthday cards while hospitalized. The cheer and happiness they brought, cannot be fully expressed.

Mrs. LeMoyne Rost. F23p

Memoriam

In loving memory of Lucile M. DePuy, who left us six years ago, Feb. 27, 1961.

We would not wish you back on earth,
Your body racked with pain,
We know that longing for your smile
And companionship are all in vain;
And yet when we sit wondering
As night o'ercomes the day,
I think your spirit brings to me
The words you'd like to say.

Greatly missed by husband, Neil, and family; Brother, Eldine and family of Jackson; and her mother, Mrs. Cora Wright of Chelsea. F23p

In loving [illegible] husband, Herman L. Schanz, who passed away one year ago, Feb. 25, 1966.

No one knows the silent heartache,
Only those who have lost can tell,
The grief I bear in silence
For the one I loved so well.

Sadly missed by his wife, Caroline. F23c

HERALD PHOTO BY BILL WHITING

CHAMPIONSHIP EIGHTH GRADERS — Coach Ted Todd's Tecumseh Junior High hoopsters completed a perfect 11-and-0 season last week, capping the year with a victory in the annual Junior High Invitational Tournament. Front row from left, Gary Hannibal, Frank Geisenhaver, Scott Dalton, Craig Smith and Bob Pettit. Middle from left, Manager Mike Sietz, Joe Van Valkenburg, Tom La Ferriere, Alex Gibson, Tom Smith, John Travis, Corky Hunt and Manager Ken Humphries. Back row from left, Manager Mike Filter, Coach Todd, Jack Curtiss, Tony Lisenbee, Larry Getz, Gary Alcock, David Clark and Manager Duane Carpenter. In individual scoring, Smith got 121 points for the year, Hannibal had 102, Dalton 91, Pettit 73, Gibson 30 and Geisenhaver 12.

GAA Whips Airport

Parents' night at the Tecumseh Girls Athletic Association basketball game Monday evening gave the girls the chance to show their parents they knew how to play the game.

The Little Indians defeated their rivals from Airport, 37-9, and the big Indians followed with a 57-8 trouncing of the Jets.

The JV's played their best game of the season while scoring 11 points in each of the last three quarters.

Kathy Goodman scored all 13 of her points in the last half and Vivian Williams chipped in 6 of her 10 points in the second frame.

The GAA Varsity, led by Peggy Martinus' 18 points, put on their biggest scoring spree of the year. The scoring was pretty evenly divided with the Indians scoring 12, 16, 15, 14 in the respective quarters.

Jackie Rentschler scored 6 of her 10 points in the second quarter and Peggy Martinus scored 10 of her 18 while playing the last four minutes of the final quarter.

Paula Moeller played her usual steady game and swished 6 field goals for a total of 13 points.

All members of the team played and no one played more than half a game.

The GAA members and parents enjoyed coffee, milk and donuts after the game.

The next game is at Airport on March 1.

Indians Draw 1st Round Tourney Bye

Tecumseh drew a first round bye in the district tournament which opens next Monday night at Dundee.

The Indians will not play until Wednesday evening at 7:30 and will face the winner of the Erie-Mason and Ypsilanti Lincoln game. If one can go by records, Tecumseh should have little trouble with either, who play Monday.

Blissfield drew a toughie in its opener by picking the Dundee Vikings. They play Tuesday evening and the rapidly-improving Dundee club could upset the Royals.

Milan will play the winner Thursday night.

If Tecumseh wins next Wednesday, and it should, the Indians will be in the title game, Saturday, March 4.

Local Firm Low Bidder

State Highway Commission has announced low bidders for 23 highway construction and improvement projects in 32 counties.

In Lenawee, Ayling-Cunningham Asphalt Company and Thompson-McCully Asphalt Company, Tecumseh are low bidders, $62,738, for a project including 17 locations and 5.5 miles of non-skid surface of Camden Rd. and on M-99 from the Ohio line north.

Completion date is Aug. 31 1967.

Final Session of Golf Lessons Starts Wednesday

The final six weeks' session of golf lessons will begin at the Community Center Wednesday and Thursday, Feb. 28 and Mar. 1.

Students may have a choice of evenings for their $5 fee as well as the hour they wish to participate.

Beginners sessions will be held first evening during an hour from 7 to 8 p.m., Wednesday and from 8:30 to 9:30 the next night.

Deed Eldredge is instructor.

Girls Whip Both Teams

Tecumseh's Girls Jayvee and Varsity basketball teams defeated Onsted's teams Feb. 16.

The JV's won, 27-22, with Tracie Brooks pacing the team with 10 points.

Onsted's Loretta Vogel proved to be a real shooter, making 20 of her team's 22 points.

The varsity made it 30 straight wins by defeating Onsted, 47-6. Each of the forwards scored with Paula Moeller leading with 22 points.

Debbie Goldsberry played a fine game for the Indians, adding six points to the score. Tecumseh's defense was superb.

Closing his THS home court career with a flourish was Dean Hebb.

Dean Hebb Sparkles in Final Home Game

By JIM LINCOLN

Tecumseh defeated championbound Airport here Friday night, 71-65, and gave the Blissfield Royals an outside chance of sharing the title with the Jets.

If the Royals are successful, they'll have to whip the Indians at Blissfield Friday night, and Flat Rock will have to upset the Jets.

Unfortunately, June and Wayne Hebb do not have any more basketball players coming along. Their oldest son, Jerry, was quite a star here three years ago.

Against the Jets, their youngest son stole the show and played the finest all-around game of his prep career. It was also his last for THS on the home floor before local fans.

Dean scrapped for many a rebound and dropped in 27 points, several at crucial moments during the game.

For example, just before the half with Tecumseh leading by one, Hebb swished a goal to give the Indians a 30-27 half-time lead.

In the opening minutes of the third quarter, he scored six of Tecumseh's next 10 points as the Indians enjoyed a 40-30 margin.

In the final period with the Jets gradually creeping up, once within four points, Dean accounted for a three-point play and sparked Tecumseh again to a comfortable lead.

Although Airport closed the gap to six points at the end, Tecumseh had it wrapped up, 10 and 11-point leads, with just over two minutes left.

Coach Vic Lawson's club could have romped if the usual red-hot Charlie Thomas had been his usual self. One can't say he was cold — scoring 16 points — but it wasn't the 25-point plus performance THS fans have been accustomed to seeting.

Another Tecumseh starter, Jim Upell, never made it on the scoreboard, but he more than held his own, especially in the first half when he out-rebounded Airport's Andy Anteau, the Jet's 6'5" center.

And, Upell gave away four inches in height, too!

Senior Doug Bugbee, a starter early in the season, came on as relief for Upell, faring reasonably well on the boards, but more important, dropped in eight big points, six in the third quarter.

With the exception of Hebb, there wasn't a hot scorer on the floor as both clubs missed numerous shots, often going for several minutes with just a minimum of points.

Anteau probably will remember the game as one when Thomas and his teammates lowered the boom. Anteau, one of the league's and area's top scorers, had to settle for 17 points, far below his average.

If it hadn't been for a flurry of Tecumseh fouls in the third period, Airport would have been routed. The Jets picked up eight of their 18 points from the free throw line while the Indians were scoring only once during the period.

Neither team played exceptionally well, assuming Airport had one of its poorer games. Tecumseh, as a team, definitely was off.

DID HIS PART — Doug Bugbee showed rebounding and scoring punch in the third period to help THS upset Airport Jets.

Gene Brown Paces Skins

By IVAN McKENNA

Putting on a spectacular performance, the Clinton Redskins upended the highly-rated Brooklyn Eagles Friday night, 83-75.

Action - packed and suspense-filled, the contest saw the Redskins demonstrate some extremely fine play as they kept their hopes alive for a share of the Lakeland C championship.

The Eagles grabbed an early lead, but the determined Redskins battled back to knot the score, [illegible], at the end of the quarter.

Clinton fell behind, 27-20, in the second period. An eight-point rally, with three minutes left in the quarter, gave the Redskins the lead for the first time, 30-29.

In the next two minutes, the lead was juggled back and forth. In the last 50 seconds of the half, the Redskins pumped in six quick points to take a 42-36 margin at the midway point.

★

CLINTON WON the game from the 'Skins foul line as they converted 31 of 43 charity tosses. Gene Brown connected on 9 of 11 free in the crucial fourth quarter.

Brown was the game's high scorer with 30 points, 16 of them coming on charity shots. Butch Hoelzer scored 21 points, Jake Schwab tallied 14, and Kelvin Bennet 12 for the winners.

High man for the Eagles was Dan Thacher with 17. Teammates Bob Borchardt and Norm Khon netted 15 apiece.

The Redskins hit on 26 of 64 shots from the floor for 40%. The Eagles, after pumping in 50% of their shots in the first half, cooled off in the final frames and ended up with 38%, connecting on 34 of 88 attempts.

Hoelzer picked off 26 rebounds for Clinton, but the Redskins were edged by Brooklyn, 56-54, in the overall count.

★

THE REDSKINS led, 59-48, going into the final quarter, but the battle was far from over.

With three minutes left in the game and Clinton leading, 74-59, Brooklyn started a rally that nearly proved to be disastrous for the Redskins.

In a span of two minutes and 15 seconds, the Eagles fired in 15 points to four for the Redskins.

Brown then thwarted the Brooklyn rally by dumping in two free throws with 42 seconds left.

Jake Schwab connected on a field goal with 20 seconds remaining to insure the victory.

★

THE REDSKINS are now 11-4 on the season and 9-2 in the league. Brooklyn has an 12-3 record and are 10-1 in the Lakeland C.

Both teams have one league game remaining. Clinton travels to Ann Arbor U-High Friday night for their final regular season game.

Brooklyn will conclude its conference play against the Manchester Dutchmen who last week upset the Redskins, 89-81.

Knights Rack Up 6th Straight Win

By GREG KOVACS

Boysville posted its fifth win in a row by rolling over Deerfield, 7-54.

Deerfield was trying to duplicate its earlier season victory, but the Knights were not the same team the Minutemen met previously.

At the end of the first quarter Boysville was leading, 20-11.

Outside jump shots of Sam Kirkland and Elbert Neal helped Boysville increase its lead in the second quarter.

Dave Rockwell maintained complete control of the boards as Boysville was sitting on a comfortable 44-22 lead at the half.

Deerfield came back strong in the third quarter, but Boysville's strong first half let the Knights Coast in for the win.

Kirkland took honors for Boysville with 17 points with Deerfield's high man, Tom Forche, netting 22.

In the JV contest, Boysville took an easy win, 53-25. Henry Bell and Tom Malefant shared high honors for Boysville with 11 points.

BOYSVILLE'S improved cagers took St. Vincent's of Detroit in a non-league game played earlier last week, 74-52.

Sam Kirkland and Mike O'Dea gave an excellent demonstration of net cutting. Sam hit for his all-time high of 30 points, and Mike tallied 22. Bill Cotto was high for St. Vincent's with 21.

The JV'ers edged St. Vincent reserve, 42-38. Henry Bell took honors with 18 points.

Boysville will finish its regular season this Friday night against Whiteford High School.

District tournament play with Ida, Summerfield, Clinton and Whiteford opens Monday, Feb. 27.

Boysville is predicted to be a "Cinderella" team in the tournaments.

THS Students Take Tests

Juniors at Tecumseh High School will take the National Merit Scholarship qualifying test Saturday at 8 a.m.

Results not only qualify students to receive one of the 450 scholarships made available by the National Merit Corp., but one of the 7,700 scholarships provided by outside sponsors.

NMSQT consists of five tests measuring broad aspects of basic academic areas — English usage, mathematics usage, social studies reading, natural science reading and word usage.

These tests are designed to test not specific facts but the person's ability to interpret and evaluate problems.

★

SELECTION of National Merit Scholars runs through the awards to commended students, semi-finalists and finalists.

Commended students are those who rank just below the semi-finalists and in 1965 there were 38,000.

Semi-finalists are selected from each state with some named among U. S. citizens enrolled in schools outside the 50 states.

Semi-finalists are students receiving the highest scores in each of the states and selection areas, annually has grown from 5,000 to 14,000 during the first 11 years of this program.

This growth is in proportion to the increase in graduates from high school during this same period.

The possibility of selection depends upon how well the students within each state do.

In 1965 Michigan's allocation was 594.

To qualify as a finalist, the semi-finalist must be recommended by his school, take the SAT test to verify his NMSQT score, supply biographical data, and provide a parents' confidential financial statement.

Approximately 97% of the semi-finalists become finalists.

Approximately 450 National Merit Scholarships are awarded annually to finalists whose records indicate exceptional creative promise, to those of marked academic ability who have also demonstrated an exceptionally determined effort to overcome severe financial, family, or personal handicaps.

They also go to those who have shown an ability to depart from the traditional academic pattern by entering college without completing the requirements of the high school diploma, this is with the approval of the high school, of course.

Box Social Is Planned by Kuples

Ten couples attended the Valentine potluck dinner held Saturday evening in the Fellowship Hall of the Methodist Church.

Following dinner at the brightly-decorated tables, the members played party games.

The March 18 get-together will have an Easter theme.

The Kuples Klub, open to couples in the church whose combined ages do not exceed 70 years, is planning to sponsor an all-church box social in April in order to raise funds to kick - off their future Christmas card project.

Shawnee Squares Dance Saturday

Intermediate dancing will be featured at the Shawnee Squares Western Square Dance Club session Saturday in the Community Center at 8 p.m.

Ray G. Schlegel invites all western square dancers to attend. Refreshments will be served.

℞ There Is An Art To Compounding Medicines

It is true that the majority of prescriptions are prepared and just require careful selection, checking of dosage and prevention of dispensing errors. But, we still have physicians who prefer us to compound their prescriptions to their exact individual formulas.

We keep up with the progress of Pharmacy by studying all about new products. We still compound every-day prescriptions for capsules, ointments and eye or skin preparations. We are called on less frequently to compound pills or suppositories. We love this art and welcome these more difficult prescriptions.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

The Lenawee County 4-H Service Club has scheduled its Career Night Feb. 28 at 7:30 p.m. at Michigan Producer's Dairy in Adrian.

Careers in agriculture and home economics will be featured. Any high school youth interested may attend.

√

March 9 is the date set for the practice modeling session for 4-H girls in clothing and knitting projects at 7:30 p.m. at Michigan Producer's Dairy in Adrian.

All girls who plan to participate in the district and county revues are urged to attend. Parents and leaders are also invited.

Mrs. Ken Sallows, 4-H leader and former fashion consultant, will be in charge of the program.

√

Clothing leaders as well as any interested sewers may attend a clothing workshop March 7, 15 and 21 at the Boy Scout Hall in Dundee.

Morning session will be from 10 a.m. to noon and afternoon from 1 to 3 p.m.

Audience will be able to present and discuss individual problems on each topic:

March 7 — Pattern and Fabric Selection.

March 15 — Pattern Fitting and Altering.

March 21 — Sewing New Fabrics.

√

On loan now at the J. C. Penney Store in Adrian are folders for 4-H leaders in various home economics projects:

Fashions and Fabrics, Spring-Summer, 1967.

How to Furnish a First Home.

Financing a New Partnership (budgeting and financial aids).

Fabric Swatches and Fashion Trends, Spring 1967.

Each folder contains several leaflets which might aid 4-H leaders in teaching clothing, home improvement and money management projects.

Each year Michigan sends qualified young people on the International Farm Youth Exchange Program (IFYE). Larry Gould of Morenci, represented Lenawee County as an IFYE delegate in 1966.

Qualifications for IFYE are:

Candidate must be between 20-30 years of age, single and not engaged or planning to be married soon. He should be flexible enough to adjust to changing circumstances, yet able to retain a sound set of personal values and convictions.

In addition, IFYE delegates must be interested in people — rather than things — and must be willing to accept the responsibilities and demands of being an IFYE delegate.

Participants in the IFYE programs must have a working knowledge and/or background of farm life or work. They must also be willing to develop proficiency in the language of the country they are assigned.

IFYE's are also expected to share their knowledge with the people of their host county and state, upon their return home.

Persons of high caliber are currently being sought for the 1967 IFYE program. Please contact the Lenawee 4-H Office for more details and application blanks.

√

District organizations were set up Feb. 14 by the 4-H leaders in Lenawee County.

Among district elected officers:

NORTHEAST

President — Fred Long, Britton-Macon Community.

Vice-President—Wilford Tucker, Round Top.

Secy.-Treas. — Mrs. Tom Adams, N. Franklin Hustlers.

√

Program committees will be interested to know that returned IFYE's (International Farm Youth Exchangees) are and will be available for group programs.

Available now are Lewis J. Boreaux who spent six months in Japan and Patricia Johnson, who lived in Sweden last summer and fall.

Miss Johnson's address is: 216 Van Hoosen, Michigan State University, East Lansing, 48823 (Phone: 517-355-1681).

Mr. Bordeaux lives at 15846 Appoline Street, Detroit, 48227. His phone is 313-342-6391.

Garden Club Gets Ideas for Presents

Make and Take objects for shut-ins was the subject discussed by 11 members of the Tecumseh Garden Club Friday afternoon at the home of Mrs. Archie Dunsmore.

Several items made by Mrs. Doug Sisson from plastic containers and boxes were shown. She had used contact paper to turn a fruit cake box into a man's glove or handerchief box; contact paper and Christmas cards to make napkin rings; also plastic containers to make gift items enhanced with paint or flowers pasted to them.

Members reported many calls made to shut-ins or hospital patients.

Mrs. Dunsmore had taken cup cakes filled and topped with fresh strawberries to residents at Herrick Memorial Nursing Home the day before the meeting.

She served the same type of cake for her guests on Friday.

Tour in Vietnam Brings Esteem to Good Ol' Home

CAN THO, VIETNAM—"After you've been here a couple months you realize just how much you really have back there in the States," commented U. S. Navy Seaman Apprentice Richard C. Hammerstrom, as he talked about being at war in Vietnam.

Son of Mr. and Mrs. Carl Hammerstrom, 2300 Occidental Hwy., Seaman Hammerstrom is serving his first tour of duty in the Navy.

He rides the small, well-armed, high-speed River Patrol Boats (PBRs) on the Mekong Delta's Bassac River searching for Viet Cong attempting to use the river to transport men and supplies.

"When I go on patrol and see the people living in thatch huts with mud floors along the river banks and when I see that their only practical transportation is a tiny sampan, I surely am glad I'm an American," he said.

Seaman Hammerstrom said he enjoys his job patrolling the Bassac.

"But I do get nervous when the river gets narrow and I try to look into that dense jungle. You never know when the VC are going to take pot shots at you," he said, "and when they do it's hard to find them so you can shoot back."

The 20-year-old Navyman reported to Vietnam in September, 1966.

Well-Planned Programs Key to Kiwanis Success

A full evening's program highlighted Kiwanis' ladies' night dinner last week at the Lenawee Institute.

President William Adams introduced the speaker, David Leeke, Kiwanis district chairman, who spoke on "Kiwanis Fellowship."

Mr. Leeke stated that friendship, service and fellowship combined to create a pathway of knowledge, enthusiasm and interclub relationships.

"Happy Kiwanians make a solid club," said Mr. Leeke as he outlined how well-planned programs and other functions could create new ideals and a knowledge of others.

Under the Kiwanis "Call to Leadership" each man must make an individual effort to insure club success.

Other guests for the evening were Judge and Mrs. Rex Martin with Judge Martin presenting the Boy Scout charter to President Adams.

George Eidson of the Lenawee Institute gave special recognition to Clarence Long, Scoutmaster of the troop at Lenawee Institute.

Michigan District Governor and Mrs. Richard Penberthy of Allen Park, Lt. Governor and Mrs. Paul Krueger of Division 7 and Past Lt. Governor Harry Dix, who received a special gift, also spoke.

Fred Nash and Kenneth Blumerick provided special entertainment in the form of three Spanish dancers from Adrian public schools and two Siena Heights students from Hawaii and Thailand, who also did native dances.

Harold Simmons Is Lieutenant in Civil Defense

CLINTON — Staff Sgt. Harold Simmons, commander of the E. Lansing State Police Post, has been promoted to lieutenant and transferred to headquarters Civil Defense Division in Lansing.

He will serve as assistant division commander and also head of the Office of Emergency Planning.

Mr. and Mrs. Simmons were former Clinton residents, when he was stationed with the Clinton Post.

Mahrles Have 60th Anniversary Quietly at Home

CLINTON—Mr. and Mrs. Oley Mahrle, 217 Litchfield, will observe their 60th wedding anniversary Feb. 23.

The couple, both 79, is not planning any special observance for the occasion because of their failing health.

They have lived all their lives in Clinton. Mr. Mahrle was employed as an overseer at Clinton Woolen Mill until his retirement.

Clarence Halls Celebrate 50th Wedding Year

MACON—Mr. and Mrs. Kenneth Bortel Feb. 12 entertained 65 relatives and friends in honor of her grandparents, Mr. and Mrs. Clarence Hall, golden wedding anniversary.

The theme used in decorating the home was gold and white.

Melinda Bortel, great-grand daughter, registered guests from Toledo, Saline, Clinton, Tecumseh, Britton and Macon.

Mrs. Hall was presented with a yellow orchid corsage from her grandson and wife, Mr. and Mrs. Gary Hall of California.

The serving table was centered with a yellow candle surrounded with baby white mums, yellow spider mums and yellow carnations.

Mrs. Truman Jordan poured the coffee, Mrs. Eugene Damon of Toledo, the punch and Mrs. Richard Bruce of Britton cut the heart-shaped cakes decorated with white roses and the 50 seal.

Noel Rogers Wins Audition for Met Opera

CLINTON — Noel Rogers of Ann Arbor, was a first place winner in the Great Lakes Regional Auditions for the Metropolitan Opera.

She received the F. K. Weyerhauser award of $300 and a trip to New York April 3 to audition for a possible Met contract.

There were 23 contestants in the audition.

Miss Rogers will sing the role of Marguerite in Gounod's opera "Faust" Thursday and Friday in the Lydia Mendelssohn Theater in Ann Arbor.

5 Pupils Enroll in Vocational School Courses

CLINTON — The County Vocational Education program began Feb. 13 with five pupils enrolled from Clinton.

They are Don Steffens, electricity and electronics; Ben Beach and Scott Witt, auto mechanics and Patty Walker and Doris McDermott, cooperative beauty school.

The Vocational courses are taught after school hours in Tecumseh, Adrian and Madison High Schools and credits will be transferred to the pupil's permanent records.

Mrs. Service Hospitalized after Surgery

CLINTON—Mrs. Charles Service, 1700 Service Rd., is a patient at St. Joseph Hospital, Ann Arbor, where she underwent lung surgery 10 days ago.

She is unable to have visitors. Mrs. Service's son, George, and daughter, Garnett, are students at Michigan State University.

Musicians Are Eligible

Now is the time for music students in voice, piano, violin, organ and flute, to prepare for summer instruction.

Annually, the National Federation of Music Clubs offers three $150 Northeastern Regional Scholarships at the Chautauqua Institute, Chautauqua, N. Y.

Two junior winners and one student winner will be chosen.

To be eligible, the applicant must be a member of the Federation, either as an individual, or through a Club belonging to the Michigan Federation of Music Clubs. He must be a Michigan resident. Juniors must not have reached their 17th birthday by March 15, 1967. Students between the ages of 17 and 25 must not have reached their 26th birthday by March 15, 1967.

The requirements include a tape recording of a solo or an etude, demonstrating tone, technique and interpretation. (The tape will be returned.) A small photograph of entrant and three letters of recommendation; one from a school principal, or the head of the music department, one from his private music teacher and one from a religious leader in his community, are required.

Applications must be returned by March 1. The registration fee is $1.00. Application blanks and further information may be obtained from:

Clinton Engines Starts Production Under New Control

Lomart Perfected Devices, Inc., a Brooklyn, N. Y., manufacturer of swimming pool filters, has assumed management control of Clinton Engines Corp., of Maquoketa, Ia., under the terms of the offer accepted by the referee in bankruptcy.

Production resumed on air-cooled engines in January at the Maquoketa plant, which had been closed since Oct. 7, when financial sources cut off the funds for operating capital.

All models of engines are to be produced. Clinton distributors and their dealers have been notified by the new management about the resumption of operations.

The Clinton Engines Corp., which manufactures 2-cycle and 4-cycle engines, was founded in Clinton and gained international sales recognition before the company moved to Maquoketa.

Cars Strike 2 Children

CLINTON — Nan Mabry, 11-year-old daughter of Mr. and Mrs. John Mabry, 504 Tecumseh Rd., was treated for severe bruises to her foot at Herrick Memorial Hospital Tuesday afternoon.

Nan escaped serious injury when she was hit by a car while crossing US-12 in Clinton.

Clinton State Police reported Nan was crossing south at the main intersection and failed to see a westbound car driven by Marvin L. Horton, 29, of Saline.

★

DARREN SCHUCH, five-year-old son of Mr. and Mrs. Robert Schuch of 12724 US-12, was treated for bumps and bruises at Herrick Memorial Hospital, Saturday, after he was struck by a car in front of his home.

The driver, Bruce Coleman, Jr., 16, of 114 Washington St., Hudson, stopped and offered aid, taking the boy to his home. Mrs. Schuch told the driver the boy was all right and the driver went on his way, neglecting to leave his name.

Clinton State Police, who questioned the driver later at his home, said the skid marks on the road show the motorist tried to stop to avoid the child.

Church Tour in Ann Arbor Is Saturday

CLINTON — The planned tour of Ann Arbor area churches by members of the United Church of Christ, which was postponed because of the snow storm in January, will be held Saturday.

The group will meet at 9 a.m. at the church and will be accompanied by a representative of the American Seating Company, Tom Volk.

Structural details of various church sanctuaries will be studied in order to make plans for the local church remodeling.

Olson, 108 Bartlett St. Gary is the son of Mr. and Mrs. Kenneth Couture of 11645 Braun Rd., Manchester. Both are 1966 graduates of Clinton High School. Miss Olson is a Dental Hygiene student at Ferris State College. Mr. Couture is employed by the Proctor Funeral Homes. A summer, 1968, wedding is planned.

Florida Accident Shortens Vacation for Two Couples

CLINTON — Mr. and Mrs. Donald Freeburn and Mr. and Mrs. Allen Brooks returned home by plane Monday from Ft. Myers, Fla., where they had been vacationing for two weeks.

The Freeburn's new automobile was completely demolished last Wednesday in a collision near Ft. Myers, when another car ran a red light in front of them.

Mrs. Freeburn received minor cuts to the face and the others escaped with bruises.

Mrs. Ivah McCombs has been staying with her granddaughter, Iva Brooks, while her parents were away.

VOICE of THE HERALD

Dogs on the Run

One year ago, a door-to-door dog census was taken in Tecumseh, indicating that 850 are pets of city residents.

Last year, 302 dog licenses — good for one year — were issued here.

A city law states that all canines must be licensed and have a rabies shot. It's apparent from these statistics, the greater percentage of animals in town are unlicensed and probably not protected against rabies.

Added to this is the fact that the city is now receiving about three complaints daily regarding dogs running loose, many of whom are tearing apart the new paper refuse sacks.

All of which has brought Councilmen to the decision that Tecumseh should have a dog warden, who will be spending about 10 hours weekly on the job, working for $2 an hour, plus mileage.

His job will be to pick up dogs which are not ""tied or in direct control of owner." This last portion of the law is rather ambiguous, but apparently means in the yard or on a leash.

Owners of dogs creating trouble will be liable for justice court action and can draw fines up to $100 if prosecuted. This seems likely only in extreme cases.

"We didn't hire a dog warden to get rid of dogs," explains City Manager Cal Zorn. "We will try to find the owners. Some will be taken to Dr. Carlos Knisely, others turned over to the county dog warden."

The big problem explains Mr. Zorn is that there are "so many people who don't take care of their animals."

Until the city decided to hire a dog warden, the situation of strays had been tackled on a volunteer basis by Mrs. Al Caeser, a pet-lover who is willing to go through thick and thin to get a dog back to its owner or find a foster home for one nobody seems to want.

She paid for ads, phone calls and drove to the county Humane Shelter at her own expense. People soon came to realize her devotion to animals and called her at all hours to report strays.

"There's no reason that Mrs. Caesar can't continue to help," said Mr. Zorn. He told her Tuesday he would welcome her assistance in locating owners and placing pets.

One thing about this dog situation which bothers us is the cost of having a pet — legally. There are supposed to be both city and county licenses — total cost, $3 for male and $5 for females. On top of this a rabies shot is required and this runs $5 and is good for two years.

★

WE'D LIKE TO ADVANCE an idea which might help the whole situation. A special day could be held at the Community Center during which time pet owners would be able to get their annual license at a reduced rate and the rabies shot for the cost of the serum.

Dr. Knisely has agreed to give the shot free if volunteers will handle all paper work, plus provide enough people to keep the animals orderly.

When a rabies shot is given, the animal gets a numbered tag. This makes it easy to have him returned home if he should stray.

We Love 'Em To Write

Newspapers love to have readers write — even when it's a kick in the teeth for the editors.

Few features in a paper can top reader opinion in the form of letters. Usually there is an ax to grind and quite often there are few horses spared.

One note this week from Druggist Carl Lamb left us slightly confused, so we called Carl, who said his reference to newspaper editorials was general in nature and covered a lot of papers — Detroit, Adrian, Wall Street Journal, plus The Herald.

Carl seems to feel editorial writers are too often out of touch with things — and maybe he has a point. As for The Herald, we try to stick with bread-and-butter situations facing our own readers, not the people in some far distant place. We usually leave national issues to the dailies, because there is enough going on locally to command our attention.

All papers, we think, recognize the fact that their editorials are not always going to move mountains. In fact, often the objective is to inform as well as express the paper's opinion on a given situation.

Action comes when people realize what is going on.

★

A PERSONAL CORRESPONDENCE from a reader (which is not printed), questions a matter of The Herald's style on how we use a married woman's name in print.

The correct way is Mrs. John Smith, not Betty Smith.

Naturally, there are some exceptions — but just a few. For a divorcee, we will use [illegible] Betty Smith, if she requests it. For performers (like the Tecumseh Players) we often use Betty Smith, even when her formal name is Mrs. John Smith.

Most papers follow the same style, which is based on the book Etiquette by Emily Post.

Through My Window

THE MAILBAG AND THE TELEPHONE

One of the many nice things about writing these articles is the exchange of bird ideas it prompts. Interesting happenings come our way both through the mail and over the telephone. (Unfortunately I cannot acknowledge all of the letters but please know that I do appreciate and enjoy them — thanks!)

For just a little sampling of what is happening elsewhere, how about reading over my shoulder and doing a bit of eavesdropping?

Old Man Winter has certainly paid Tecumseh a visit and a half this year, hasn't he? Yet, since the middle of January, we have been hearing about robin sightings.

From Herrick Park, West Chicago Blvd. and River Acres — the report is always the same, just one robin. Elizabeth said he was a fat bright yellow, in good shape for this time of year.

The question now arises, is Tecumseh full of robins or is there just one who is doing a mighty good job of getting around?

★

SOME TIME ago we received an interesting letter about a cardinal who obviously had not read the rule book on cardinal behavior. During the family-raising season there is a strong instinct to defend 'the old homestead" and often this explains birds attacking their reflection in windows.

After all, it would never do for Papa Cardinal to let that other handsome fellow hang around. But there should be no family to protect in October — even so, here was this note describing fierce battles being fought at a window.

★

SEVERAL PHONE calls have come in reporting "new" birds. There are apparently some red-bellied woodpeckers in this area. To date we have been out of luck as far as hosting them but the suet is handy and we keep hoping.

They must be interesting visitors, at least the information in the bird books has whetted our appetite. A 9½-inch woodpecker with black and white zebra-type stripes on its back and a red head sounds like a bird it should be fun to have banging away at the suet on the feeder.

I wonder about the name though, the "Audubon Field Guide" indicates that the slightly red tinge on the stomach is hardly visible.

Oh, well, names can be misleading. They can also be a puzzlement. I apparently have aroused a bit of curiouity by mentioning our corn tree. What is a corn tree? Well, first of all it's lots of fun.

To a squirrel, happiness is a corn tree. Seriously, it is a limb or branch, probably 2 inches in diameter, fastened to a standard, in the fashion of a Christmas tree mount.

The limb stands upright, of course, and its forked branches make it look like a tree. Nails in these cut-off branches hold ears of corn.

★

OUR CORN tree is about three feet high and holds four ears of corn. When new, it held more but it has seen much wear and tear during the years. The squirrels really do love it — and we, needless to say, thoroughly enjoy watching their antics.

When in the proper mood they can turn meal-time into a hilarious play-time. The corn-eating birds, cardinals and bluejays, in particular, are quite steady customers, too.

So it is that you have just a sampling of the nice things which come our way via the mailbag and the telephone.

NEXT WEEK:
A Mixed-up Winter of Birds.

GI Tells About Vietnam Base

EDITOR NOTE: Glenn Driscoll shares a letter with Herald readers from his nephew, Tom Matteson, stationed with the 304th signal battalion A Co. at Camp Baker near Seoul, Korea. Schooled in small arms repair, Pvt. Matteson, never-the-less, finds himself repairing telephone lines and setting up field switchboards. He wrote his mother, Mrs. Paul Craft, of the telephone Company, that "many of the mysteries of the General Telephone Co. switch room have become quite clear" since he has been in the communications division. A 1964 graduate of Tecumseh High School, Matteson enlisted in the army in March, 1966. His mother said that he is most interested in activities of people here at home his own age and also he asks for pictures in almost every letter.

Dear Uncle Glenn—

I was certainly pleased to receive a letter from you and I hope that you will continue to write to me.

I am stationed in Yong Dong Po which is located about two miles from the heart of Seoul. It is hard to determine whether or not we are in Seoul because the city has no actual boundaries. It just picks up and leaves off here and there as you venture away from the business section. The area I'm in is a medium sized settlement that could, I suppose, most accurately be compared with a suburb of any large American city taking into consideration, of course, the differences that the oriental culture imposes on the living conditions here.

★

THE MAIN occupation for most of the villagers here is trucking goods to market in Seoul by means of carts and the famous 'A' frame backpack of Korean Heritage. Of course if there are people to haul the goods there has to be people to produce them. There are a lot of farmers in this area and they produce extremely high yields from their land considering their primitive methods.

There are merchants who sell everything imaginable for their countrymen and American servicemen. Many Korean nationals work for the U. S. Government on our compounds performing tasks that take some of the load off being a soldier.

We have guards to protect the compounds from infiltration or illegal entrance by unauthorized personnel. We have PX and snack bar employees that serve us and at the same time make a relatively good living, and we have houseboys that keep our clothing and living quarters in order. The army also employs mess hall K. Ps and other various assists. On the whole the duty here is good and the free time is plentiful.

★

THERE ARE a number of problems everyone faces over here. Even if one uses his imagination to fill his idle hours the fact remains that one becomes easily bored from a lack of activities in off duty hours.

There is a service club with limited entertainment facilities only a few miles from my compound but due to the lack of convenient transportation it is rather difficult to get there as often as I would like.

The 'outside' (Korea proper off military installations) offers little as far as I'm concerned.

I'm sure you must realize what type of activites the local Korean gals would suggest. Most of the guys over here go for the entertainment they find in the villages but I (not trying to sound like a puritan or anything) just can't accept this. I fail to understand what gratification lies there. Actually, I suppose I'm just an old stick in the mud; or a party pooper . . Oh well, to each his own I guess.

The thing I enjoy the most here is the excellent library. At most of your larger military installations you will find very good library services. I also enjoy the game of pool and at the risk of sounding like a brag-hard, I am pretty good at it.

★

THE WEATHER here is much like Michigan . . . very unpredictable. There is little snow and a lot of cold cold wind in the winter, and a lot of rain and muggy like weather in the summer. Rice grows well here so that will give you an idea of how much rain falls.

I have visited downtown Seoul and seen most of the Korean culture treasures. I'll admit I was impressed but once you've seen them that's it. I doubt if I will return unless it's to take photos to bring home to show.

So the weather has been a little uncomfortable lately, eh? Well, I suppose everyone will survive until it gets better. They all seem to have made it in the past, and we do get some wild weather in Tecumseh sometimes, don't we? I bet Harold Easton and Ed DeLisle are having a real field day.

What's the local scuttlebutt around good ole Tecumseh? Any new developments lately? Do you ever hear anything about the fellas and gals my age? How is David doing? I'm pretty detached and news on the local scene is hard to come by.

Grandma writes to me twice a week at least and keeps me up on the news around her place. She sent me a package with a lot of her fine baked goods and it was enjoyed wholeheartedly by all of us in my barracks.

This Christmas all the forces in Korea received cigarettes donated by one Joseph B. Gairity. I wonder if you know who he is? I think he is from New York City.

At the present I'm working in the arms room of 'A' company, keeping all the weapons in good working order. The army is very unpredictable, however, and I don't have the least idea where I might be next month.

I may stay here or I may go to any number of places; that's one of the good things about my 3 year obligation; I never know where I'll be or what I'll be doing next, and as long as I'm a soldier I wouldn't want it any other way.

OUR READERS WRITE

TO THE EDITORS:

In the Jan. 26th issue of your paper, Dorothy Grigg's column "You Told Us" should have read, "I'm Telling You".

I felt it was a prejudiced unfair item she wrote on UNICEF. Her suggestion was that we look into this charitable organization before giving our monies to it.

Thinking some of your readers might not "look into it" —, as suggested, will you please print some of the following **"true facts"** regarding UNICEF? (From the brochure by United States Committee for UNICEF, United Nations, N. Y.)

"The U. S. Committee for UNICEF believes that children who are starving or ill because of lack of medicine or medical care are entitled to such help as can be given them regardless of whether or not they happen to live under a political regime with which we disagree. UNICEF's aid does reach the children for whom it is meant — that much has been clearly established.

"UNICEF is currently assisting over 500 long-range programs in more than 100 countries. Of these, four countries — Poland, Yugoslavia, Cuba and Mongolia — have Communist governments.

"Out of a total of $26,562,785 in program allocations approved by UNICEF's Executive Board at its meeting in June, 1965, $175,259 went to Poland for milk conservation; $89,000 went to Yugoslavia for education and vocational training, and $104,000 went to Mongolia for health services. Cuba received no allocation at this session of the Board. Thus the share of the world wide allocations made by UNICEF in 1965 **to Communist countries** amounted to less than **2% of the total.**

"Through the Trick or Treat for UNICEF program, boys and girls in the USA express their concern for needy children in other countries through the greatest effort thus far for children to help children.

"They know that the pennies they collect on Halloween will save lives. The late President Kennedy has said, 'UNICEF has caught the imagination of our people — especially our nation's children whose Halloween collections have become a symbol of concern and an expression of tangible aid'."

Several hundred Tecumseh area children have, for many years, participated in the Trick or Treat UNICEF program under the direction of representatives of our local churches. Isn't it good to have them ask for help for others and not always for themselves?

TO THE EDITORS:

I am stationed with a small Hawk missile outfit in Regensburg, Germany. There are only 115 men here and our facilities are small.

I am in charge of our theatre, which is about the size of one-half of the high school dining area. We have two 16mm projectors equipped for change-overs and cinemascope. I have two men under me who I am training to run the projector, make change-overs and more or less run our theatre as a professional big-time theatre.

Last night we showed "Fireball 500" with Frankie Avalon, Annette Funicello and Julie Parrish. I am supposed to preview the movies before I show them but I seldom get a chance.

Last night when I started the picture I saw the name Julie Parrish and started telling people she came from my hometown and graduated from the same high school.

Of course, no one believes me, but it sure is something to be 6,000 miles from home and see someone you know on the movie screen.

At the time of this writing, I have nine months and eight days until I leave Germany and head for the world and freedom.

Sincerely,

Druggist Sounds Off

TO THE EDITORS:

Is anybody listening?

One of the assets toward becoming a good newspaper editor, I would believe, would be that of developing a strong sense of self-discipline. Another healthy condition would be a periodic self-inspection of their causes and handiwork to discover any deficiencies.

However, many editors are of the opinion that their influences should be total and that most of the woes of the community, and for that part, of the world are caused by people not listening to them.

On many occasions newspaper editorials exhort people to move swiftly in one direction, and sometimes those unmoved march in an opposite direction.

Probably, the classic examples worth mentioning would be:

(1) How the editorial pages opposed Franklin Roosevelt, but he got elected anyway;

(2) Many of them opposed Adlai Stevenson but he lost anyway;

(3) Many of them favored Lyndon Johnson, but he would have won anyway.

(4) Applying the situation locally, the Tecumseh Herald opposed the garbage pickup by disposable paper bags and it is working anyway.

So what is the point of the whole operation? If the editors aren't persuading their readers, why bother?

Well, maybe some of them shouldn't bother. But, it must be conceded that some of their editorials are just plain boring.

Maybe this is the reason they put cartoons by Bill Maudlin and subscribe to Art Buchwald on the editorial page. They can at least entertain the readers.

An editor, though it may be painful to admit, is no more entitled than any one else to have his voice heeded; he has no inside track to wisdom.

About all he can claim is that his major occupation is following the sad news of the world, and he may be therefore more familiar than most people with what goes on.

It would be a sad state of affairs if the citizens of Tecumseh would await their weekly Tecumseh Herald before knowing what they think of their city government's latest proposals or actions. Fortunately, no need to worry.

A newspaper makes its contribution if it tells people what's going on, and occasionally casts in some public debate with a question or two and challenges policy that to the editor are digestable nonsense.

For the purpose and reason for an editorial page, like other segments of public forum, it's to stimulate the public discussion by giving voice to a point of view.

Carl W. Lamb.

TO THE EDITORS:

Since mail is a little slow in getting over here, I have just received your notice that my subscription to The Herald has expired. Since I am departing the Philippines on the 7th of March for my new assignment at Clinton County Air Force Station, Ohio, I will not be renewing my subscription to The Herald at this time.

However, as soon as I have a new mailing address I will inform you so that my subscription to The Herald can be renewed and I can continue receiving your fine paper.

Even though separated by many, many miles, I have been able to keep up with all the news and events taking place in and around the Tecumseh area through The Herald. But more important, it has been a great morale factor while being separated from my family and friends. Keep up the good work!

Long and Short

By TOM RIORDAN

Deftly placing a red chip on the square containing No. 17, I sat back and awaited the roulette wheel to spin out its story of riches for me.

A young couple stood behind me, chattering back and forth.

"I wonder how much a chip is worth?" she asked.

Slowly I turned, smiled, "Twenty-five cents."

"Why don't you play?" I invited them suavely. "It's amateur night."

So the fellow took a chair and ordered up a handful of chips, followed my lead by placing one on a number.

That's when the houseman spoke, softly, but firmly.

"The minimum bet is four chips, gentlemen."

Yes, it truly was amateur night and I slunk down in my chair a trifle. On the three previous rolls Big Plunger Riordan had been going with a lone two-bit bet.

At four chips a crack, I soon ran through my $5 Puerto Rican gambling allowance. Oh, I hit once and collected 35 chips, but they were gone along with the original 20 within 10 minutes.

That was my first crack at big time gambling and I figured five bucks wasn't too much to spend to find out how one segment of our society operates.

The casino at the El San Juan is the biggest and most ornate in San Juan. It offers roulette, dice and Black Jack. And if the lure of the games isn't enough or a person wants a little relaxation, there was Robert Goulet across the hall, warbling in the hotel's Club Tropicono.

★

BUT WE passed up Bob and journeyed along La Candata to the Americana Hotel for a peek at its casino (much smaller in size, but with the same steady flow of sucker money.)

After leaving the bright lights, Cherie and I agreed that almost all the gamblers wear the same tired, bored look. Seldom did we see a bright smile or hear a pleading voice talking to the dice.

So much for the gaming rooms. Entertainment is different. Not that we hustled into those $15 minimum shows — as a matter of fact, we didn't make any. But who can stay grim when a Durante is firing jokes at you?

I saw Jimmie perform, along with Skitch Henderson, two bands, assorted dancers, vocalists and comedians in a two-hour show aboard the helicopter carrier Guam, docked in San Juan's San Antonio channel.

They were staging the entertainment for 2,500 sailors and marines on the hangar deck and I was after a story about the Guam so wrangled an invitation.

The fellows loved Durante. What followed his performance was an unexpected thrill for him.

Skipper of the Amphibious Ready Group, Capt. E. F. Porter, took the mike to thank the show folks, then said the marines were going to put on a special performance for them.

We adjourned to the large cement wharf next to the Guam and out stepped the 24-man 2nd Marine Division drum and bugle band. They played and marched magnificently.

Seated near Skitch Henderson, I watched him from time to time and he was really eating up the music, tapping his foot to the beat.

A gyrene platoon snapped into the picture and stood inspection.

The marine commander tugged at Mr. Durante's sleeve and whispered in his ear. With this the pair strolled out onto the drill area.

"Sir, the guard is formed," bellowed the platoon leader to the

Fisher Body Recalls All Employees

Effects of the wildcat strike at Fisher Body in Mansfield, O., are over.

Tecumseh Fisher Body gets back to full production Thursday, following a one-week layoff, announced Robert Webb, personnel director.

More than 80,000 General Motors employees all across the nation were affected by the Ohio incident.

DOWN COMES FOUNDRY — Tecumseh Products recently purchased Bruce Foundry and this week began to tear down the ancient structure. Products President Kenneth Herrick said that his firm has no plans at present, other than to remove the buildings and clean up the area.

Wreckers End Era

★ ★ ★ ★ ★ ★

Industrial Site Since 1890 Being Leveled

Another era in Tecumseh has officially ended.

On one of the city's oldest industrial locations, the Bruce Foundry buildings are currently being torn down.

Recently purchased by Tecumseh Products Co., the layout has a history which stretches back to 1890.

That's when Tiffany Iron Works was formed and erected the first building at S. Evans and Patterson Sts.

According to city historian Clara Waldron, the venture made machinery to manufacture bricks. It lasted until 1899.

At this point it became Heesen Bros. Foundry, which held a patent on making rings for the noses of hogs. Heesen also manufactured large iron kettles.

During the Heesen Bros. regime there was an expansion program.

★

LATER it became Carson Foundry, then in 1933 the operation was purchased by Bill Bruce and the name was changed again with more structures added.

Bruce Foundry had a history of ups and downs. There were 60 on the payroll in 1965, its last full year of operations, with total salaries of $475,000.

Early 1966 brought a series of setbacks and in March the firm was padlocked and placed in bankruptcy.

The foundry stood silent until Tuesday when a wrecking crew began to dismantle the buildings.

Sale of Season Grid Seats Helps Buy New Bleachers

A campaign to sell 380 season football tickets to 1967 Indian games started Wednesday, with Rotary and Exchange Clubs heading the drive.

Proceeds of the sales will be used to increase bleacher seating capacity from 1,200 to 1,700. If the drive is successful, construction will start this spring.

The new bleachers will be added to the south end of the present ones, extending to a point about midway to the concrete stairways.

The two service clubs are aided in the drive by the Fan Club, Tecumseh Varsity Club, Student Council and the Tecumseh Athletic Association.

With the cooperation of the Athletic Association, the entire $10 will go into the bleacher fund. The Indians have four games this season with Lutheran West, Grosse Ile, Blissfield and Adrian.

Total estimated cost of the new seats will be $5,000.

Exchange has had, for several years, the goal of buying additional seats and toward this end has already raised $1,200 from various club projects.

This money will go into the fund, meaning that $3,800 is what now has to be obtained.

The drive ends March 15.

Heading up the campaign committee are Doug Dunn and Orville Bishop of Exchange, Clayton Greenwald, Faye Whelan, Bob Moore and Hugh Walter of Rotary and Don Brazee, assistant principal of Tecumseh High School.

The group will gather Wednesday to check results.

Backing Cars Run into Real Trouble

Improper backing was the cause of eight of 13 accidents investigated by Tecumseh police during the past week.

Twelve of the mishaps occurred in town, and the department assisted and handled another on Labardee Rd. for the sheriff's department.

A resume is:

Feb. 23 — David Woods, 19, of 407 E. Cummins St., backed into a Swenk-Tuttle Press car at the H. W. Tuttle Co. parking lot.

Feb. 23 — Kenneth Shewman, 53, of 107 Pine St., watching out for some children on N. Union St., struck a car driven by Cheryl B. Schwartz, 21, Southfield, as she was passing.

Feb. 23 — Theodore H. Parker, 31, Brooklyn, was cited for improper backing after a mishap with John W. Moody, 18, of 302 E. Pottawatamie. It occurred on W. Logan St.

Feb. 23 — Lawrence L. Holdridge, 50, of 201 S. Democrat, was charged with improper backing after an accident on W. Pottawatamie St., with a parked car, owned by Aubroy Tucker, Adrian.

Feb. 23 — Judith A. Craig, 26, of 906 Willow, was cited for improper backing after hitting Luther Short, 212 N. Oneida St.

Feb. 24 — James M. Short, 62, of 511 S. Pearl St., was cited for failure to yield the right of way after running into the side of an auto driven by David S. Younglove, 55, of 7921 Monroe Rd. Mishap occurred on S. Evans St. at Patterson.

Feb. 25 — Robert H. Inman, 30, Jackson, was charged with failure to yield the right of way after passing through a stop sign at N. Evans and Shawnee Sts., and then hitting Ruth A. VanNest, 22, rural Britton.

Feb. 25 — Chester D. Smith, 53, of 6820 DeLeon Dr., backing out of a stall at the A&P lot, struck the auto of Mary Williams, 57, of 9503 Tecumseh-Clinton Rd.

Feb. 26 — Bernard D. Isaacson, 33, of 312 W. Pottawatamie St., reported an unknown driver pulled into a drive across the street from his home, then backed out and hit his car.

Feb. 26 — Judith A. Vanzo, 33, of 402 W. Chicago Blvd., failed to see a parked vehicle, owned by Virgil Smith, 315 W. Logan St., and ran into it. She was cited for failure to have her car under control.

Feb. 26 — At the Tecumseh Products parking lot, George E. Vansickle, Manchester, backed into a car owned by William D. Fowle, Jr., of Manitou Beach.

Feb. 27 — Answering a call from the sheriff's department, the police investigated an accident on Labardee Rd. Donald G. Morrow, 17, Adrian, had lost control of his car, knocked down a fence and two posts, coming to rest against a utility pole.

Feb. 28 — Alice A. Van Valkenburg, 31, of 115 S. Maumee St., was cited for improper backing after an accident with Larry Hand of 314 E. Pottawatamie. Hand's car was parked on the street in front of his home.

Rocks Sliced, Put on Slides for Projection

State Line Gem and Mineral Society will meet Sunday in Tecumseh Community Center at 2 p.m.

A program is planned, by Victor Youmans of Flint, consisting of thin slices of rock mounted on slides and projected on a screen.

Refreshments will be served. Guests are welcome.

Rotarians Told 'Do Something for Someone'

Tecumseh Rotarians observed the 62nd anniversary of the founding of their service club last week.

They joined with more than 12,600 other Rotary Clubs in 134 nations around the world, holding meetings in many languages.

Since the membership is composed of representatives of various businesses and professions in the community, Rotary represents a cross-section of a city's vocations.

Richard L. Evans, 1966-67 president of Rotary International, challenged members to extend Rotary to new communities, aid youth, develop friendships across national borders and "do something for someone, somewhere."

SO FAR, ONE GALLON — For many blood donors, there is seldom a miss when the call goes out. One regular in Tecumseh is Mrs. Robert Bowers, who already has given one gallon and will add a leg on her second gallon this Thursday at the Community Center. Folks like Mrs. Bowers make the job of reaching quotas easier, admits Dr. Robert Murray (right) who is co-chairman with Les Proctor of Clinton. Residents of Britton, Clinton and Tecumseh join together for the regular visit of the Red Cross Bloodmobile here two times each year.

Nine from Tecumseh Will Play in Concert

Nine Tecumseh bandsmen will be among 600 high school musicians from Lenawee County who will participate in an afternoon clinic and an evening concert, Monday, March 13.

Local band members are:

Steve Van Valkenburg and Wendy Vollmer, cornets.

Jeanette Mannino and Jack Pence, clarinets.

William Weigle, bass.

Sherry Harper and Darrell Beal, flutes.

Phil Van Valkenburg, trombone.

David Damon, drum.

One of the features of the day will be the appearance of the Case Tech Stage Band from Case Technical Institute, Cleveland, directed by former Deerfield music instructor, Al Blazer.

The program includes an afternoon clinic in Dawson Auditorium featuring the Adran College Symphonic Band followed by the Case Tech band.

Bruce McCormick, band director of Blissfield Hgh School, reports the 20-piece Case band will feature the big band jazz and swing sound, a sound becoming more popular among musicians today.

The program of the 100-piece all-county band will be offered to the public at 8 p.m. Proceeds from ticket sales will go toward scholarships for Lenawee County musicians and summer camps.

Special conductor for the evening All-County Band program will be Jerry Bilik, a composer-conductor-arranger from the University of Michigan School of Music.

Shooting Victim Was Native of City

Services for Connie Louise Nichols will be held at 10 a.m. Thursday at St. Elizabeth Catholic Church.

The 17-year-old native Tecumseh girl was shot and killed at a motel in Charlevoix Monday.

Frank Smith, owner of the motel, was also critically wounded and is hospitalized at the Charlevoix hospital.

Virginia Yell, 21, of Petoskey, who police said was staying at the motel with Miss Nichols, was admitted to Charlevoix Hospital with chest wounds.

Her condition was not believed serious.

Charlevoix County Sheriff Philo Sumner said a 16-year-old boy was being held for questioning. Police refused to disclose details.

Sumner said a guest from the motel ran into the sheriff's office about 3 a.m. Monday and said there had been shots fired.

Deputies said they found Miss Nichols lying in the driveway outside the motel.

Sumner said two rifles were picked up at the scene.

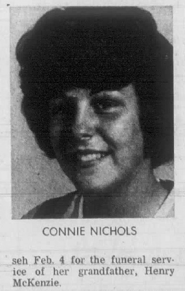
Miss Nichols was the daughter of Mrs. Helen Nichols Smith of Alanson, and the late Charles Nichols.

He died in a traffic accident July 23, 1957.

Miss Nichols was born at Tecumseh July 19, 1949, and attended St. Elizabeth Catholic School.

She also attended Clinton Public School.

Miss Nichols moved to Alanson to live with her mother about a year ago. She was in Tecumseh Feb. 4 for the funeral service of her grandfather, Henry McKenzie.



CONNIE NICHOLS

She was a member of St. Elizabeth Church in Tecumseh.

In addition to her mother, Miss Nichols is survived by her grandmothers, Mrs. Mabel Nichols, 414 S. Adrian St., and Mrs. Henry McKenzie, 229 E. Cummins St.; a sister, Bonnie, of Alanson, and two brothers, Ronald Nichols of Tecumseh and Donald Nichols of Ft. Leonard Wood, Mo.

The rosary was recited at Proctor Funeral Home Tuesday evening and burial will be in Brookside Cemetery.

Band Director Is Newcomers Club Speaker

Donald Johnson, band director of the Tecumseh High School, spoke to 30 persons attending the Welcome Wagon Club meeting Feb. 21 at St. Peter's Episcopal Church.

Mrs. Darrel Staup, Mrs. Carl Bono, Mrs. Wes Maki and Mrs. Lawrence Bilkie are new members.

Mrs. William Flanders and Mrs. James Mull provided musical entertainment.

Refreshments were served by Mrs. William Brandstadt, Mrs. Earl Casco and Mrs. Clifford Lantz.

A speaker from the Girl's Training School will be the speaker at the meeting next month and a card party will be held April 7.

Will Show Horse Film

The Equestrians, a 4-H horse group of Tecumseh, is planning a meeting of special interest to horse club members for March 27.

A film, "Conformation - Judging" will be shown, followed by refreshments served by the Equestrians. A 25c charge will cover the cost of film handling.

Plans for the event evolved from a meeting Tuesday evening which was attended by 75 from several of the 4-H club's in Lenawee County as guests of the local group.

NEW RESUSCITATOR ADDED — Tecumseh volu nteer fire department has another piece of emergency equipment, a Lytport III resuscitator, inhalator and aspirator, which (right) can provide oxygen to two persons at the same time and is adaptable for three with the addition of another breathing mask. The unit cost $535 with the volunteers paying half and the city the other half. Chief Wallace MacGeorge holds unit as fellow fireman Jim Forsyth demonstrates on Lonal Bishop how the aparatus works.

To Clarify a Point

In talking about the possibility of a one-day clinic to license and vaccinate Tecumseh dogs, we said that Dr. Carlos Knisely had volunteered to give the shot free.

He has agreed to provide several hours of his time on an appointed day, but wants it made clear a sponsoring group for such a clinic must provide all materials, do the paper work and maintain order among the pets.

Our idea is aimed at getting all 850 dogs in town licensed and protected against rabies. Not even half that number currently falls within these limits.

A clinic might be the way to get this done and the community would certainly owe the local veterinarian a hefty debt of gratitude if the group inoculation becomes a reality.

One promising item apparently resulted when Council announced the city had hired a dog warden. Few reports have been made of pets rambling loose. Their masters seem to be taking better care of them.

Until then, Yvette had been reluctant to appear for Congressional hearings in Washington and I sought Tom's aid in arranging an interview with her. He said he was not in her favor at the moment, but did supply the number.

As it turned out, that same day she had left for the States, so I missed my chance. Don't suppose she heard I was in town?

Scouts Dine

The entire neighborhood of Girl Scouts and their mothers attended an International Dinner at the Tecumseh Products Union Hall Feb. 21 to celebrate Girl Scout Thinking Day.

Each of the 14 troops, with 450 people in attendance, furnished its own family style meal with food representative of its chosen country.

The dinner ended with a buffet tasting table featuring desserts from each country.

The Thinking Day Fund was collected in a giant balloon basket, which stood next to a bulletin board featuring paper doll Girl Scout uniforms from 44 countries.

Each troop decorated its table in the mode of its country, while travel posters and baskets tied to balloons set the mood for narrator, Mrs. Richard Egli to conduct a balloon tour of the world.

★

ALL THE troops gave skits indicative of their chosen country:

Troop 60 Brownies, Korea, gave a description of the country and sang a folk song.

Troop 71 Junior, Holland, were Klompen dancers from Tulip Time.

Troop 418 Cadettes, Spain, sang "Fra Fra Lippa" (Are You Sleeping Brother John) in Spanish.

Troop 123 Brownies, Sweden, gave a "Merry-Go-Round" folk dance.

Troop 33 Brownies, Colombia, flipped cards while telling about the country.

Troop 76 Juniors, Argintina, danced the Tango.

Troop of Brownies, Belgium, played "Blind Man's Bluff"

Troop 167 Juniors, India, recited the Girl Scout Promise in Hindi.

Troop 100 Brownies, Mexico, gave the Mexican Hat Dance.

Troop 92 Juniors, Japan, recited a Japanese poem.

Troop 62 Brownies, France sang "Frere Jacque" in French.

Troop 329 Juniors, Brazil, took the audience on a three-day flying trip to Brizil for the Mardi Gras.

Troop 78, Brownies, Italy, sang the "Woodpecker Song".

Troop 202, Juniors, Germany, sang a German prayer song.

★

FOLLOWING entertainment, everyone stood in a friendship circle around the tables and sang "It's a Small World".

Special guests at the dinner were:

Judith and Mayra Endara, students from Siena Heights College, guests from Panama.

Mrs. K. S. Xavier, guest from India.

Elizabeth Gonzales from Mexico.

Mara Benavente from Chile.

Gunilla Hedstrom from Sweden.

Annamarie Massinen from Finland.

Mrs. Joyce Caloum from Onsted.

Benita and Ramona Rodriquez from Spain.

Mrs. Lee Lincoln, vice president of the Irish Hills Girl Scout council and her husband.

Mrs. Maude Herman executive director of the Irish Hills Girl Scout Council.

John Smith 2nd vice-president of the Irish Hills Girl Scout Council.

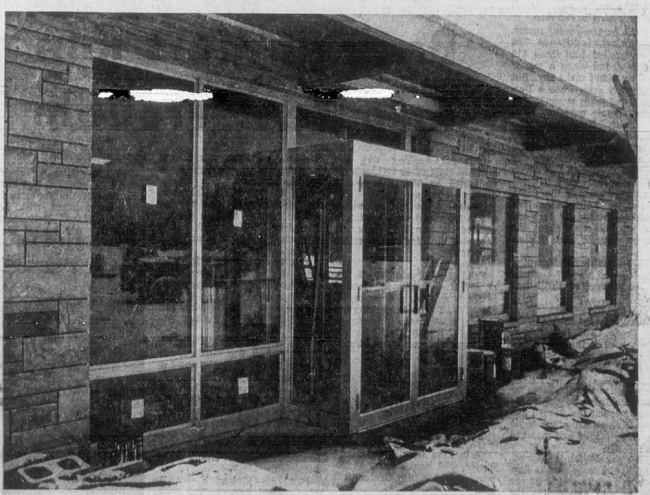
We're making progress.



Our new Herrick Park Branch is fast taking shape and we expect to have an early spring opening. (Spring is coming, isn't it?) We thank our north end customers for being patient and we're sure they're going to be delighted with the full-banking facilities we'll soon have for them. At present, carpenters are finishing up and the painters should be done next week. Then comes the floor and finally installation of equipment. Like our Sutton Road Branch, the new office at Herrick Park, next door to A&P, will have a drive-up window and also complete services inside, too.

● MRS. LEORA W. HOWARD

Services were held Wednesday at the Niblack Home For Funerals for Mrs. Leora W. Howard, 74, who died Sunday in Stamford Conn. where she had been living for the last year and one half.

Mrs. Howard was born Aug. 3, 1892, near Britton, the daughter of Edgar and Hannah Bachman Daykin. She married Bert Howard in 1923. He died July 10, 1957.

Mrs. Howard was a life member of the Deerfield Order of The Eastern Star.

She made her residence in Detroit for 42 years.

She is survived by one daughter, Mrs. Walter Trost of Stamford; and two grandsons.

In addition to her husband she was preceded in death by an infant daughter, one sister, Lela Daykin, and two brothers, Leon and Leonard.

The Rev. G. O. Hannevik officiated and burial was in the Ridgeway Cemetery.

● MRS. MABEL DAVIDSON

Services were from Monday at the Niblack Home For Funerals for Mrs. Mabel Davidson, 72, who died Friday at the Field's Nursing Home on Treat Rd., where she had been a patient for one month.

She was born Sept. 13, 1894, near Britton, the daughter of Charles and Jennie Holtz Lister.

In 1926 she married Charles Davidson, who preceded her in death in 1954.

Mrs. Davidson was a member of the Immanuel Presbyterian Church of Detroit.

Surviving are a son, Charles, Jr., of Allen Park, three granddaughters and a sister, Mrs. William Spreeman, 303 N. Pearl St.

The Rev. John Lover officiated and burial was in the Ridgeway Cemetery.

The Rev. Duaine McNeil officiated and burial was in the Ridgeway Cemetery.

Pallbearers were George Beasley, Roy, Raymond and Russell Beasley, Clark Losey and Lee Taylor.

● DARRYL W. STEELE

Services for Darryl W. Steele, nine-year-old son of Mr. and Mrs. William M. Steele, 307 Miami Court, were held Monday afternoon at the First Methodist Church.

He died Friday evening in University Hospital, Ann Arbor, after a five-day illness.

A week ago Sunday, the young boy apparently was in good health, riding his bicycle around the community with his brother and father. He turned ill Monday morning and was rushed to Ann Arbor.

Darryl was born March 29, 1957. He was in the fourth grade at Patterson Elementary School, an exceptional student making straight A's in his work.

He was a member of the First Methodist Sunday School, the Carol Choir and the YMCA Indian Guides.

Survivors, besides his parents, are: brother, Bruce; grandmother, Mrs. Carl T. Meyer, 210 Marlboro Court; and grandparents, Mr. and Mrs. William M. Steele, Sr., of Altoona, Pa.

The Rev. Donald Porteous officiated and burial, with Proctor Funeral Home in charge, was in Brookside Cemetery.

Pallbearers were Edward Swartz, Dr. William J. Adams, Robert L. Paul and William J. Brandstadt.

Kiwanis Club members attended in a body.

● THEODORE J. NASTAL

Funeral services were held Saturday morning at St. Mary's Church in Williamston for Theodore J. Nastal, 47, of Williamston, who died Thursday in Sparrow Hospital, Lansing. He had been a heart patient two weeks.

Mr. Nastal was a native of Detroit and made his home with the Edward J. Kehoe family in Clinton, graduating from high school there in 1939.

He was employed 21 years by the Gerity-Adrian Corp. and lived 13 years in Adrian. The family left Adrian in 1960 and moved to Williamston.

He was a veteran of World War II. He received the Air Medal with three oak clusters for his exploits as a Staff Sgt. tailgunner in the famed Thunderbird Flying Fortress in 1943. He was engaged in more than 50 bombing missions over France and North Africa.

He is survived by his wife, Jennie; a son, Theodore, Jr.; a daughter, Beverly; a brother, Casimer Nastal of Arlington Heights, Ill.; and a sister, Mrs. Larry Bykowski of Detroit.

● WALTER J. BIRD, SR.

Services were held Tuesday at Petersburg for Walter J. Bird, Sr., 81, who died at 1 a.m. Sunday at his home there. Death was ruled due to a heart attack by Coroner Eli Allore of Monroe.

Born Jan. 9, 1886, in England, Mr. Bird lived in Petersburg 12 years. He was a retired farmer in the Britton area.

He married Myrtie Lewis who died Aug. 13, 1953.

His second wife is the former Mrs. Etta Burrows. They were married April 23, 1954.

Mr. Bird was a member of the Milan Baptist Church.

Besides his wife, he is survived by four sons, Walter, 209 S. Maumee St., Earl and Dale of Stephenson, and Raymond of Britton; two daughters, Mrs. Richard Butler, 302 W. Patterson and Mrs. Lester Ruhl of Britton; two stepdaughters, Mrs. Harold Poage of Toledo and Mrs. Don Wohlgamuth of Quincy, O.; 39 grandchildren and nine step-grandchildren and 10 step-greatgrandchildren.

Three sisters, Mrs. Mary Kruger of Toledo, Mrs. Edward Hovey of Luna Pier and Mrs. Arthur Wain of Monroe also survive.

A brother, two sisters and one step-daughter preceded him in death.

Burial was in the Ridgeway Cemetery.

JOHN KUCH

NFO Dinner Speaker Is John Kuch

John Kuch, National NFO director from Michigan, will be the speaker at the Annual NFO roast beef supper to be held at the Tecumseh Products Union Hall, March 9.

Mr. Kuch, who farms 1,000 acres near Unionville, in Tuscola County, was born in Vienna, Austria and attended schools in Austria and Hungary before coming to America in 1921 and becoming a citizen of the United States.

Dinner will be served from 6:30 to 8 p.m. Tickets may be purchased at the door or from any NFO member.

There will be door prizes.

The public is invited and farmers and businessmen may be especially interested in learning of the latest progress in modern marketing.

300 at Partridge 60th Anniversary

Approximately 300 relatives and friends of Mr. and Mrs. Mel G. Partridge extended greetings to the couple at an open house Sunday in observance of their 60th wedding anniversary.

Mr. and Mrs. Austin Partridge arranged the event for his parents in the Youth House of the First Baptist Church.

The Partridges have lived in Tecumseh for the past 28 years.

Mr. and Mrs. Roger Partridge, Mickey, Arnold and Richard Partridge and Mr. and Mrs. Allan Barrett were hosts and hostesses.

Mrs. Beth Marsh of Williamston, sister of Mrs. Mel Partridge officiated at the guest book. Mrs. Mickey Partridge and Mrs. Richard Partridge attended the gift table.

Mrs. Julius Vincze served at the punch table and Mrs. George French served the coffee and tea. Mrs. Eugene Skinner served the ornate three-tiered bride's cake which was baked and decorated in gold and white by Mrs. Allen French of Onsted.

The miniature bride and groom gracing the top of the cake was used at the Partridge's Golden Wedding Open House.

The decoration had also been used at the wedding of Mr. and Mrs. Allan Barrett, the 25th Anniversary of Mr. and Mrs. Austin Partridge and the weddings of Mr. and Mrs. Roger Partridge and Mr. and Mrs. Mickey Partridge.

Candelabra with triple golden tapers flanked the cake centered on a table skirted in gold accented with moss green velvet bows.

Mrs. French also baked and decorated an open Bible cake on which the Partridges marriage certificate was inscribed. Raised clasped hands with wedding fingers banded in gold highlighted this companion cake.

Mrs. Forrest Barrett baked the groom's cake served by Mrs. Owen Merrill. Ice cream wedges decorated with double wedding bells served by Mrs. Helen Lowry.

Miniature arrangements of yellow jonquils and acacia graced the guests' table. Serving tables were centered with arrangements of yellow gladioli, chrysanthemums and wedgewood blue iris presented to the couple by Rev. B. O. Bashore from their church friends during the morning worship service.

Mr. and Mrs. Forrest Barrett, Mr. and Mrs. Floyd Barrett, Mr. and Mrs. John Westgate, Mrs. Donald Young, Mrs. William Rader, George French and Mrs. Blair Bashore assisted in the kitchen.

Attending were people from Plymouth, South Lyon, Williamston, Livonia, Detroit, Brighton, Britton, Ridgeway, Clinton, Adrian, Chelsea, Tipton, Onsted, Southfield, Dexter, Redford, Holloway and Tecumseh.

Following the open house, immediate family and close friends were dinner guests in the feted couples' home. They received a telephone call from the couples' oldest son, Russell, of Brentwood, Calif. who is hospitalized, thus was unable to be present at the day's festivities.

Girl Scout Cookies Are Delivered

Fourteen troops of Brownie and Girl Scouts have been busy this past week delivering the first initial order of Girl Scout Cookies.

Through the generosity of friends and relatives the girls have been able to sell 500 cases or 6,000 boxes of cookies.

Cookies may still be purchased from any Girl or Brownie Scout or by calling Mrs. Stanley Kruse, 407 Center Dr., 423-4186 between now and March 13.

Members of troop No. 418 Cadettes, Mrs. Arthur Bowser leader, will have a booth at the United Savings Bank March 4 and troop No. 92 Junior will be at the same Bank March 11, Mrs. Richard Steadley is leader.

Reginald Dixon To Attend Pro Photo Meeting

Reginald Dixon of Dixon's Studio will attend the annual convention of the Professional Photographers of Michigan in the Pantlind Hotel, Grand Rapids, March 4 through 7.

He will study retouching techniques and color negatives.

The convention features lectures, demonstrations and clinics conducted by nationally-known photographers and specialists.

Trophies and plaques for the top-ranking entries in annual competition will be presented at the March 6 Awards' Banquet. High point of this banquet is the awarding of the "Top Photographer of the Year" trophy in both portrait and commercial divisions.

Kennedy's 28 Paces Victory

John Kennedy scored more than 3 points as the Little Indians wiped out the Airport JV's, 78-71.

In fact, he scored 3 plus 23, which equals 26. That is the best point total he has reached in two years of JV ball.

He was ably assisted in his efforts by his teammates who looked more like Indians "gone wild" than "Little" Indians.

For awhile, however, they looklike "dead" Indians.

After managing to sttruggle to a 17-16 first quarter lead, the Little Indians seemed to sag in the second period as Airport pushed into a 36-33 lead.

But then [illegible] cond half.

ROARING OUT of the locker room like redskins who had just been charged up by the tribal medicine man, Coach Val Spangler's ferocious crew tore Airport apart.

With Kennedy banging in 14 points on seven field goals, mostly of the driving layup variety, and Dave Lord, Bill Puffer, Steve Dalton and Kenny Pieh swishing in 12 more points between them, the Little Indians outscored the Little Jets, 26-14, in that wild third period.

The excitement wasn't quite over. In the final frame, the Little Jets drew within 2 points, 61-59, with slightly more than four minutes left on the clock.

Bob Reed answered the Jet challenge by popping in four in a row. His eight straight points, plus single buckets by Dalton and Lord killed any Jets' hopes.

★

COACH SPANGLER, commenting after the game, said, "That's John Kennedy's best game that he's had in the two years that I've had him."

RHEUMATIC FEVER IS ALWAYS DANGEROUS
It is now believed that rheumatic fever is caused by the same streptococcus germ which causes a strep throat. It can make a child or adult tired and have painful joints or abdominal tenderness.
More serious results occur. The illness inflames the heart's mitral valve. Scar tissue can form and permanent damage may result. Worse yet, a child does not grow out of this and can get rheumatic fever over and over again. Physicians know these dangers, but can protect you most if they are consulted about any sore throat as soon as possible.

By MAXINE CALHOUN

The changing rural-urban relationship in Lenawee County was discussed in depth at a meeting attended by 40 representatives of county farm organizations, business and industrial leaders Friday.

The Adrian Area Chamber of Commerce hosted the luncheon at the Elks Club in Adrian to improve rural-urban relations and to consider possible replacement for the State Corn Picking Contest.

The contest, which was a major rural-urban cooperative event for many years, has now been discontinued.

Stewart Titze chaired the meeting and introduced Edmond Alchin, Community Development Specialist of Michigan State University.

Using data acquired in a recent survey of the county by University personnel, Mr. Alchin pinpointed the extent of the change in the county's rural-urban relationship:

- ► The rural population in the county dropped from 67.7% in 1940 to 58% in 1960, while at the same time the urban population climbed from 32.6% to 41.9%.
- ► While those engaged in farming in 1940 represented 16.7% of the county population, only 8.9% were still farming in 1960. At the same time employment in industry in the county almost doubled from 24.6% in 1940 to 45% in 1960. And, this trend has accelerated in the past six years.

★

MR. ALCHIN demonstrated on a large county map how a corridor of urban growth, stretching from Clinton and surrounding Tecumseh and Adrian, is creating pressure on the farm land, making it too valuable for continued agricultural use in many places.

★

JOHN COMSTOCK of the Lenawee County Extension Department, gave a brief summary of the current factors effecting Agriculture:

"Farm prices have declined 4% since 1947. The $91 billion which the consumer spent for food last year, would have been $123 billion if all agricultural products had risen in price as much as the cost of the items the farmer must buy."

With rising farm production costs, the need for greater expansion has forced the farmer to increase his land purchases at a time when real estate development is spiraling land values.

The farmer must use labor more efficiently or compete in an industrial area for scarce labor.

"The average investment in the county is $61,000 per farm," Mr. Comstock said, predicting, "This investment, it is estimated, will grow to approximately $233,000 in the next 14 years."

The average consumer in 1947 spent 25.7% of his disposable income for food. Today he spends only 18.2%.

"The consumer has benefited by the efforts of the successful agricultural industry," Mr. Comstock concluded.

Divided into small discussion groups, several good suggestions were made for a possible successor to the corn picking contest.

2 Killed in US-12 Accident

A second double-fatality auto crash within a month took place in Lenawee County last Wednesday night, claiming the lives of Henry C. Coffelt, 42, and his passenger, Charles A. Bumpus, 32, both of Jackson.

The Coffelt car crashed nearly head-on into an oncoming car driven by Walter J. Golas, 46, of Brooklyn, on US-12 at the bottom of the curve east of the Irish Hills towers, at 6:15 p.m.

Coffelt and Bumpus were dead at the scene. Golas was admitted to Herrick Memorial Hospital with a fractured pelvis and possible internal injuries.

Clinton State Police said Mr. Coffelt's car swerved or skidded across the center of the highway as it started the curve west of Hane Hwy.

Mr. Golas had no chance to get out of the way as the Coffelt car swerved into his path, officers said.

Funeral services were held in Jackson for Mr. Coffelt, who is a brother of John Coffelt of Clinton.

★

FUNERAL services were held Saturday in the Proctor Funeral Home, Tecumseh, for Mr. Bumpus, with the Rev. Donald Porteous officiating.

He was born April 4, 1934, in Hillsdale. Survivors include two sons, Rick, 9, and Dallas, eight months; his mother, Mrs. Richard D. Eggleston of Occidental Hwy., and father, Clarence C. Bumpus of Tipton; a brother, Doyle Bumpus of Brooklyn; two sisters, Mrs. Marvin Higgins, 4350 Macon Hwy., and Beverly Eggleston, Occidental Rd., and his grandmother, Mrs. Lena Hoover of Waldron.

Mr. Bumpus attended Tecumseh High School and served in the Navy during the Korean war. He was employed at Yardman, Inc., and lived at 507 Oak Hill, Jackson.

Burial was in Lenawee Hills Memorial Gardens.

Pallbearers were Francis Bellant, Lyle Harper, Keith Fox, Clyde Gunder, Richard Miller and Donald Garmon.

Wife Is Home

The Rev. Blair Bashore went to Bondurant, Ia., Monday to bring Mrs. Bashore home. She had been staying there with a friend whose husband underwent brain surgery in Des Moines. Mrs. Bashore said that the prayers and greeting cards sent from here were much appreciated by her friends. She asks that these be continued.

- ► Junior High (7-8)
  - Individual only.
- ► Senior High (9-12)
  - Individual only
  - Biology
  - Chemistry
  - Earth sciences
  - Physics
  - Mathematics

All work on exhibits must be by the students or group. Teachers, parents, or sponsors may advise, but must not build any part of the project.

In the primary division, teachers or parents may aid the contestant, but must indicate this on their registration.

No stamp collections, bone collections, or similar collections unrelated to the field of scientific study will be accepted. A booklet explaining each project is required.

Each exhibit must be durable. Material should be rigid and stand solidly. Background wings may be held together by use of inexpensive hinges or tape. Movable parts must be firmly attached and safe.

Titles should be large and clear. Labeling should be neat and informative, with projects explaining themselves.

Name, grade or the name of the school must be on the projects anywhere. All switches and cords for 110-volt operation have to be of the approved variety.

The use of open flame, dangerous flammable chemicals or liquids, and/or harmful substances is prohibited. They should be replaced by harmless substanced and labeled with the names of the materials they simulate.

Containers of liquid must be sealed. Live animals must be fed, watered and cages cleaned daily.

Experiments on live animals must conform with regulations for experiment with animals by the Humane Society. Plants must be watered.

★

PROJECTS will be judged on this basis:

Creative ability—25 points
Scientific thought—25 points
Thoroughness—10 points
Skill—20 points
Clarity—15 points
Dramatic value—5 points
Possible points—100.

Decisions of the judges will be final.

Neither the Science Fair committee, co-operating groups, sponsors, or the Tecumseh High School Science Club assumes any responsibility for loss or damage to the exhibit.

Any project brought in after the designated time of entry will be considered on display, will not be eligible for judging.

Don Moffatt Gives Tour

Don Moffatt, superintendent of Parks and Recreation, gave members of the Exchange Club a picture tour of the proposed "Pit" building and area and spoke to them of the progress of the project.

Douglas Dunn, program chairman, presented the speaker.

Wallace Foster, father of Graham Foster, was a guest at the meeting.

Announcement was made of the Ladies Night dinner March 13 with dinner at Schulers Restaurant in Jackson at 7:30 p.m.

Any Think

By JUDY FIELDER

Equality, eh?

Scene I: Husband plops into easy chair after flicking on TV, picks up his evening paper. Wife in kitchen washing dinner off three kids' faces, while picking up dishes and holding at bay the family dog, who is sneaking up to the leftovers.

Husband: Honey, did you see this article about the Michigan Fair Employment Act being amended to prohibit discrimination in jobs because of sex?

Wife, as she lifts one of her helpful toddlers off the kitchen counter, knocking over a half-full milk bottle: What?

Husband: Say, this is really great for you gals. It means you can get a job almost anywhere for equal pay.

Wife, slipping the meat into the refrigerator as the dog digs into garbage pail and toddler rolls in milk: Get out of here!

Husband: What?

Pause.

Scene II: Husband still reading paper, wife bathing children.

Husband: I think you should go to work, dear. With two good paychecks we could whack the bills off in no time.

Wife, scrubbing screaming No. 1 child as No. 2 spills the bubble bath and No. 3 dips his pajama top into the toilet: You've got to be kidding.

Husband: No, I'm not. But even if you don't want to go to work, this equal opportunity could be really great around the house. Just think, we could fire the boy that mows the lawn, you could paint the trim next summer and I'd be happy to show you how to change the car tire. After all, I wouldn't want you to feel you were being discriminated against.

Wife walks out of bathroom with slippery toddler in towel under one arm, another holding soggy pajama top under other and the third one yelling to be buttoned up: This can work two ways!

Kids scramble to Dad, wife picks up paper, goes to bedroom and locks door.

Curtain.

Some Models Extinguishers Are Illegal

Fire Chief Wallace MacGeorge said this week that there are some fire extinguishers still in use in the city that must go.

This is in accordance with public acts which provide for the prevention of fires and the protection of persons and property from the exposure to the dangers of fire or explosion.

A fire extinguisher containing an active agent having a level of vapor toxity equal to or greater than carbon tetrachloride, methyl bromide, bromodifluoromethane and several others is illegal.

These are found in glass bulbs. If a person is uncertain, he can call the fire [illegible] to have extinguishers checked.

A fireman in a nearby locality recently died as the result of vapors given off by one of these extinguishers after it exploded to quash flames.

One of Tecumseh's firemen remarked, "The extinguisher will put out the fire all right, but it's the danger to anyone going in later that makes it a necessity to get rid of them."

I wish to express my thanks and appreciation to all my friends for their many acts of kindness; for all the cards, letters, flowers and gifts and visits while I was at the hospital. A special thanks to the Rev. Donald Porteous and the Rev. John Lover for their faithful visits and prayers. Also to Dr. Larry Burch, the nurses and aides for their excellent care and all the others at the hospital who helped in my recovery. May God Bless you all.
Mrs. Carrie J. Green M2c

BUY A FOOTBALL SEASON TICKET

ONLY $10

A city-wide drive to sell 380 football season tickets to the 1967 Tecumseh home games started March 1. It will end March 15. During this period, the community will be canvassed – and you will be asked to participate by buying a ticket. Your purchase will help us increase the bleacher seating capacity from 1,200 to 1,700. Two Tecumseh service clubs – Rotary and Exchange – are heading the campaign with help from the Fan Club, Tecumseh Varsity Club, Student Council and the Tecumseh Athletic Association. The cost is small. Won't you help us?

Tory Seniors To Sell by Telephone

BRITTON — An intensive, three-hour telethon Saturday will wrap up the Britton-Macon seniors' Herald subscription campaign to help earn cash for their trip to Washington, D. C.

Teams of salesmen will be working out of two homes with some manning telephones and calling every Britton household which does not now receive The Herald.

When they close a deal, a car will immediately be dispatched to pick up the cash or check for a one-year subscription.

In previous senior campaigns this method has always produced excellent results. Sometimes folks have hesitated to sign up, in a few instances they didn't know the seniors were selling The Herald.

So that the latter problem will be eliminated, this edition is going into every box and to all rural patrons served by the Britton post office.

Seniors are earning a $1.25 commission on each new subscription they sell. For renewals they get 50c. Total one-year rates are $4 inside Lenawee County and $5 outside. (Special rate for servicemen and women is $1 annually, but this just covers handling and so no commissions are available for these).

Over the years, senior classes at Britton have counted on money earned in the annual Herald campaign and some have netted up to $300 for their efforts.

The Herald has a Britton editor and runs a complete summary of community activities among schools, clubs and village each week.

Seniors will be calling between 1 and 4 p.m. If you'd like to sign up with them, just say "yes" when they ring your number.

Boy Scouts Plan Pancake Supper

BRITTON — The Boy Scout Pancake Supper will be March 22 this year, announced Scoutmaster Neal Judkins.

This annual event, the main fund-raising project of the year for the Scouts, will be held at the school.

All Boy Scouts will have tickets to sell this week. The price will be $1 for adults and 50c for children.

★

RECENT ACTIVITIES of the Boy Scout troop include an overnight campout by 28 boys and three leaders.

The boys hiked to a camping area in the woods about two miles south of Britton, carrying their equipment.

They prepared their meals over open campfires.

To earn their Polar Bear patch, they must sleep out in temperatures below 32 degrees.

★

THE BOYS Scouts invited the Cub Scouts to be their guests at the monthly swim night at the Adrian Senior High pool.

Forty-five boys and leaders enjoyed the evening in the water last Wednesday.

Baraca Class Program Has Patriotic Theme

BRITTON — Mrs. Elmer Eberhardt presented a patriotic program at the February meeting of the Baraca Philathea Class Sunday evening at the parsonage.

The program included group singing of patriotic songs, the Pledge of Allegiance, readings, a recording of "Day of Decision," and a vocal solo, "Until Then," by the Rev. Gustav Hannevik. Mrs. Hannevik provided the accompaniment for the singing.

Mrs. Bert Moore gave the devotions on "Faith."

Fourteen members and two guests were present for the cooperative ham supper at 6:30 p.m.

The next meeting will be April 2 with Mr. and Mrs. Raymond Seagert hosts.

Lenten Meditation

By THE REV. GUSTAV HANNEVIK

"For I am not ashamed of this Good News about Christ. It is God's powerful method of bringing all who believe it to heaven. This message was preached first to the Jews alone, but now everyone is invited to come to God in this same way." Romans 1:16.

What is this Good News that the Apostle Paul speaks about and is not ashamed of?

The Gospel of Christ is the good news of peace with God through the blood of His cross. Not only is the message good, but the Messenger, who is Jesus Christ, is full of grace and truth.

The Good News embraces the life, death and resurrection of Christ as the Saviour of the world.

The Apostle Paul was not ashamed to believe it. Never since the day he met the Lord and surrendered himself to Him, saying, "What will Thou have me to do?"

He was not ashamed to confess it, nor to suffer for it, because it was the power of God unto salvation. Salvation has been a more costly work for God than creation.

★

YET, HOW many there are who ignore it. There is power enough to meet the need of all.

Everyone who believes it comes within the scope of this uplifting, saving power. The freeness and graciousness of the gospel is the glory of it.

No better news ever came out of heaven.

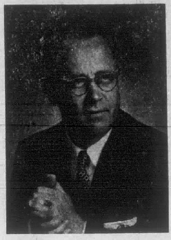
The Apostle tells us in the fifteenth chapter of first Corinthians, "I declare unto you the gospel, that Christ died for our sins according to the Scriptures." God grant that this shall forever be our message.

It was Christ Himself who said, "I am the Way, the Truth, the Life; no man cometh unto the Father but by me." Christ knew no other way to heaven.

May meditation of His Word this Lenten season cause many to receive and follow Him.

This is the good life.

This is the exciting life, with peace of heart and mind, of joy and of real purpose.



The Rev. Gustave Hannevik is minister of the Congregational Christian Church in Britton. Originally from Bergen, Norway, he attended schools there and in Minnesota. He has held pastorates in Houston, Minn., Staten Island, N. Y., Portland, Me., and Stoughton, Wis. The Rev. and Mrs. Hannevik came to Britton eight years ago.

Plan Special Lent Services

BRITTON — Special Lenten services will be held Thursday evening at the Congregational Christian Church beginning March 9 at 8 p.m.

The Rev. Gustav Hannevik will bring the message and the choir will present special music. There will be a communion service Maundy Thursday, March 23.

The Father and Son Banquet date has been set for March 31.

Will Serve Breakfast at Easter

BRITTON — Twenty members of the Christian Duet Class attended the potluck supper meeting Wednesday evening at the home of Mr. and Mrs. Douglas Palmer.

The Rev. Gustav Hannevik gave a devotional message on the Lenten theme.

President Lawrence Ash conducted the business meeting. Painting and other work on the new addition was discussed.

The class voted to serve the Easter breakfast at the Sunrise Service. Group playing of "Match Game" concluded the evening.

The hosts for next month will be Mr. and Mrs. Harold Rohrback.

All-Day Party Is for Band's Uniform Fund

BRITTON — The Band Boosters are planning an all-day open house housewares party Monday, March 13 for the benefit of the Band Uniform Fund.

The open house will be held in the home of Mrs. Paul Rowlands, with games, prizes and refreshments at 9:30 a.m., 1:30 and 7:30 p.m.

Anyone desiring to call in orders may phone Mrs. Rowlands, Mrs. Ronald Maschino, Mrs. Myrlen Moore or and Band Booster member.

The Band Booster Club will receive 15 - 20% of the profit from the party.

Bortels Give Celebration for Birthdays

BRITTON — In honor of the double birthdays of Mr. and Mrs. Roger Bortel, who were both born February 26, 1946, his parents, Mr. and Mrs. Virgil Bortel, entertained at a family dinner Sunday.

Guests included Mr. and Mrs. Pat McGuire and sons of Saline, Mr. and Mrs. Kenneth Bortel and daughters and Mrs. Ethel Miller.

Mr. and Mrs. Roger Bortel spent Saturday night with her parents and brother, Dr. and Mrs. Russell Robbins and Richard of Mason.

Help Britton Seniors Earn Money for Their Trip to Washington, D.C.

It's easy and you get a marvelous dividend — 52 issues of The Tecumseh Herald. Sign up for a one-year subscription to The Herald for just $4. For each new subscriber Britton seniors turn in, the class receives a commission of $1.25. When it's a renewal, the seniors get 50¢. In past campaigns, Britton seniors have earned up to $300 to help pay for their Washington, D. C., junkets. But you'll have to hurry. The drive closes this weekend. Contact any senior or call the school, 451-4581, and ask to have a senior see you.

Greg Mason's Work in Ben Cat Saluted

Tecumseh's Ben Cat project received recognition in the Fort Hood, Texas armed forces publication, "The Armored Sentinel," Feb. 17.

Under the head, "Soldier Discusses Peaceful Aspects of Vietnamese War" a story is printed of Captain Gregory W. Mason's views.

It reads:

"A soldier will find a way to floor his tent or build a shower when it appears that there are no materials available. He will improvise to make his life more comfortable, his job or work more effective.

"This observation was offered by Capt. Mason during a discussion of some of the more peaceful aspects of the Vietnamese war.

"To illustrate his point, Capt. Mason, recently returned with the 1st Inf. Division in Vietnam, told of three soldiers from the "Big Red One" who built a sand bag filling machine.

"The machine was constructed from scrap material, but it enabled the men to triple the number of bags filled while reducing the number of men necessary to complete the filling operation.

"Capt. Mason's favorite example of the ingenuity of the American soldier was the construction of school rooms with lumber salvaged from 105mm Howitzer ammunition boxes. As the executive officer of a firing battery of the 33rd Arty., a support unit of the 3rd Bd., 1st Inf., Capt Mason took an active part in the civic action project that built the classrooms from the village of Ben Cat, Vietnam.

"In addition to the classroom construction, 3rd Bde. soldiers provided school supplies for the students. Capt. Mason takes pleasure in pointing out that almost two-thirds of the 1,500 lbs. of supplies were donated by his home town, Tecumseh, Mich.

"Mason received a Purple Heart for a wound suffered while he was at Ben Cat, but he discounts it as "a very common sort of incident." He was injured when the truck in which he was riding ran over a Claymore type mine.

"Capt. Mason is now battery commander of Bty. C., 6th Bn. 92nd Arty., 2nd Armored Division."

Students Enroll in Vocational County Program

BRITTON — Three students at Britton - Macon High School are participating in the vocational program offered in Lenawee County.

Carmen Fergus and Terry Koman are enrolled in classes in Office Practice and Business Machines at Adrian. Lee Miller is taking classes in auto mechanics. Their tuition is paid by the Britton school district.

Sandra Smith, a graduate of Britton, is enrolled in the office practice co-op program. She takes classes and on-the-job training.

Phil Benedict on Honors List at Bowling Green

BRITTON — Philip C. Benedict, son of Mr. and Mrs. Charles Benedict, 12640 Monroe Rd. was placed on the Honors List at Bowling Green University for the first semester.

Students must maintain a semester grade point average of 3.5 or better to receive such recognition.

FFA Speaking Teams Compete in Regionals

BRITTON — The Britton FFA Demonstration and Parlimentary Procedure teams went to Hillsdale to compete in the Regional contest last Thursday, Feb. 23.

The demonstration team, which was made up of three freshmen, did not place.

The parlimentary procedure team, made up of five juniors and two sophomores, placed third and received a silver rating.

Birthday Party Features Dinner

BRITTON — Mr. and Mrs. Lawrence Hoagland were Sunday dinner guests of Mr. and Mrs. Henry Kempf of Vineyard Lake to celebrate the birthday anniversary of Mrs. Hoagland.

Other guests were Mr. and Mrs. Melvin Ruettinger and Mr. and Mrs. Donald LaBounty of Tecumseh. Mr. and Mrs. Sherman McRae of Palmetto, Fla. and Walter Ruettinger of Ida.

RETIRES — Major Hilda M. Marks is presented her retirement certificate by her commanding officer, Colonel Clark B. Williams, in his office in the Ireland Army Hospital at Fort Knox, Ky. On the staff of Herrick Memorial Hospital when it opened in 1938, she spent four years as the surgical nurse before enlisting. Her tours of duty included Europe during World War II, Korea during the conflict and two and one-half years in Germany and many stateside assignments, Fort Custer, Camp Atterbury, Ind., Fort Gordon, Ga., seven months' nursing administration education at Fort Sam Houston, Texas, Aberdeen Proving Grounds, Md., and West Point Military Academy. She was serving as operating room supervisor at Ireland Army Hospital at the time of her retirement. She is now living in Adrian.

Teacher Pay Not Set

Although a county committee of individual school salary negotiating teams have met and approved a teacher salary schedule ranging from a base of $7,000 to $14,000, no contact has been made in Tecumseh with the School Board or its negotiating team.

Supt. James McDowell says he has no information nor has he been contacted by the Tecumseh Education Association in regards to higher salaries.

Last week, the TEA discussed a $7,000 to $14,000 salary schedule with teachers voting on several facets of the proposal. Whether the TEA negotiates or adopts another schedule is not known.

If higher salaries are approved, the School Board undoubtedly would have to ask the electorate for more millage.

The present base here is $5,300, which will probably be lower than most schools in this area and far less than what teachers earn in large suburban areas.

Adrian already has signed contracts for the next two years, with the base in 1968-69 over $5,800.

Touch of Past

By MAXINE CALHOUN

1877

A. E. Warren, proprietor of the Merchants Hotel, has started a hack line.

1887

Frank Bird has sold his stock of liquor and quit the saloon business.

N. M. Sutton and Company have merged into what will be known as Tecumseh Dry Goods Company with F. R. Otto as general manager.

Ed Holdway is learning the barber trade at Jim Curry's shop.

The new telegraph line between Macon and Tecumseh is called the Dew Drop Line.

Thawing and freezing weather is injuring wheat and clover badly.

Niblack Bros. have bought out Eugene Burdett's store in Macon.

Robins were seen yesterday.

1897

A group of embyronic opera stars were out serenading last night. They were Ben Pulver, ern Smith, Raynor Brewer, Harry Moore, Will and Jim Elliott, John Gaston, George Tiffany and John Nyland.

1907

Mr. and Mrs. G. P. Avery celebrated their 50th wedding anniversary Feb. 26 at the home of their daughter, Mrs. Oscar Halladay, in Clinton.

B. J. Pulver has purchased the George Merritt building and will move in about April 1.

1917

Two hundred new Buicks went through Tecumseh Monday.

Lavern Mansfield and family are moving to the Mills Hatch farm in Macon.

Slowly and surely the old High School building is being demolished to make way for a new building.

1927

Jack Coffey won first place in the declamation and Wilma Wilson first in the oratorical contest at the high school.

Campfire Girls sold 330 dozen doughnuts here Saturday.

1937

The Tecumseh Products Company is sponsoring a $150,000 house building program in Tecumseh for the benefit of its employees.

The building formerly occupied by Ida B. Chase's novelty store on E. Chicago Blvd., has been rented by the Floral City Ice Cream Co. of Monroe.

Joseph Satterthwaite will leave Friday for San Francisco to visit his sister and April 12 will sail for Iraq, Bagdad, to take up his new commission.

The earthquake of March 2 was felt in Tecumseh but was not as serious as the shock felt Nov. 1, 1935.

The Village of Tecumseh will extend limits and annex the Turner property, also part of land owned by Clare Ireland and Wilson and Stoepel.

1947

Several persons were injured and their cars damaged in a series of minor accidents this weekend, due to the severe ice storm.

1957

Palman's Furniture Store at 102 Chicago St. began its going-out-of-business sale.

The Exchange Club Boxing Show was attended by 500. Participants were members of the Southern Michigan Prison Boxing Team. Profits of $400 will go to youth activities.

School building proposals were passed when 1184 voters lined up at the polls to approve construction of additions to the Tipton, Macon, Ridgeway, Patterson Schools, a 13-room Tecumseh Acres School, a 7-room school at Herrick Park, a larger cafeteria at Tecumseh High School, and enlargements of the shop and home-making departments. The estimated cost is $1,900,000.

FLAG FOR SERVICEMAN — Rep. Bob Stites, left, at the request of the Tecumseh American Legion, obtained a state of Michigan flag, which is being sent to a serviceman in Vietnam. He presented the flag to Robert Gillespie, Underwood-Orr Post service officer.

Mrs. Walter Prill Is New President of Monday Club

Mrs. Walter Prill was elected president of the Monday Club Feb. 20 when 37 members met in the Youth House of the First Baptist Church.

Others elected from the slate presented by Mary McWilliams, chairman of the nominating committee were:

First Vice President — Mrs. Donald Smith.

Second Vice President — Mrs. Roland Mohr.

Treasurer — Mrs. Clarence Brock.

Corresponding Secretary — Mrs. Clyde Bailey.

Board of Directors — Mrs. Joe Rice, Mrs. Perry Hayden, Mrs. Lee Purkey, Mrs. Robert McCoy, Mary McWilliams.

The resignation of Mrs. Edward Leighton from the membership was accepted with regret.

Mrs. Prill conducted the meeting in the absence of the president, Mrs. Rice.

Mrs. Roscoe Hewlett introduced the speaker, Harvey Frankhouse of The Decorating Center, on home decorating trends emphasizing how color affects people.

He spoke of the manner in which people's personalities are reflected in their homes.

Mr. Frankhouse also mentioned the gradual lowering of pictures.

Years ago they used to be hung from ceiling level, then eye level while standing. Now, he said, they should be hung just above eye level when one is seated.

He mentioned the popularity of colonial furniture, French provincial and Mediterranean, also bold colors.

Tea was served from an attractively-decorated table by Mrs. Roscoe Hewlett and committee with Mrs. Fred Nash and Mrs. Lillian Hoagland pouring.

What's Going on at BOYSVILLE

By RICK CURRIE

Boysville News Bureau invites questions from The Herald readers. Perhaps you have a question about Boysville. Send it to us in care of Boysville High School, Clinton, and we will try to give you the answer in this column.

√

Annie may not be able to get a man with a gun, but she sure can entertain some 80 students from Boysville. The Tecumseh Players thrilled the students with their production of Irving Berlin's "Annie Get Your Gun." The Knights were fascinated to see their good friend from Clinton High School, Mrs. Donald Geiger, brilliantly portray Annie.

The real show-stopper as far as the students were concerned was the Indian dance scene with the luminous costumes. The big question around campus was, "How they do that?" Boysville is forever grateful to the Players for their kind invitation to the production.

√

Boysville is sitting pretty on the new chairs obtained for the two rec-halls. Some 100 red, blue, yellow, and white contoured steel chairs give ample seating for all the students. More are on the way.

√

Jerry Scannel, a new student, escaped serious injury when he rammed himself against the pond's concrete wall while playing hockey. What was feared to be several broken ribs turned out to be only torn cartilage. Jerry was in severe pain for a couple days but is as good as new now.

√

Several Brothers from Boysville attended a Day of Recollection for Brothers serving the Archdiocese of Detroit at Sacred Heart Seminary in Detroit. The main speaker was a Holy Cross Brother, Brother James Moroney, who teaches Theology at Holy Cross Junior College, South Bend, Ind. About 175 Brothers of different Congregations are working in the Archdiocese.

√

Girls attending Boysville? To strangers it might have looked like it. Boysville hosted some 60 girls from St. Joseph Acedemy at their last basketball game against Whiteford. History was made when the cheerleaders from the Academy put on the Boysville colors and became the first Boysville girl cheerleaders.

After the game, a record hop was held in the gym. Mike O'Dea and Rich Kayl acted as D.J.'s for the evening's beat.

√

Movie shorts with a religious theme are being scheduled every Sunday morning by the Religion Department headed by Brother Aloysius. Last Sunday a movie about the good work being done by the Project Hope was shown. The movies are shown in the Audial Vision Room at 11 a.m.

√

If ever you miss the "What's Going On At Boysville" column, it is not because the bureau forgot to write it. It's because "nothing was going on."

√

Boysville's wrestling team finished their first conference season at the Midland Five League meet Feb. 18. Dexter placed first in the conference meet. Boysville came in last. Marvin Boht took a second place medal and Paul DeWaelsche and Dave Cotter finished fourth for Boysville.

Sees Film, Slides by Garden Club

Preceding the regular meeting of the Tecumseh Jaycee Auxiliary Mrs. Howard Furry and Mrs. Williams Andrews of the Little Garden Club presented a film, "No time for Ugliness" and also showed slides of Tecumseh.

New members, Mrs. Sidney Adams, Mrs. DeLos Bates and Mrs. Kenneth Beevers were installed with a candlelight ceremony.

Mr. and Mrs. Gary McCain, Mr. and Mrs. Gordon Gutowski, Mrs. Walter Elwartowski, Mr. and Mrs. David Schoonover, Mrs. Roger Butler and Mrs. Dyke Helms attended the Jaycee state meeting in Wyoming recently.

Washington Inaugural Story Told

MACON — At the Macon Community Club meeting last Tuesday, Mrs. Ralph Halladay told the story of the inauguration of George Washington, which took place on the balcony of New York Hall April 23, 1789.

She also displayed a gold watch carried by a Revolutionary War army officer which had a thermometer and compass and wound with a key.

The program, which followed a noon cooperative dinner at the home of Mr. and Mrs. Hamilton F. Moore, was presented by Mrs. Halladay, Mrs. Dewey Sturdevant, Elmer Pocklington, Mr. and Mrs. Charles Gorton, Mrs. Melvin Travis and Mr. and Mrs. Ray Hendershot.

Following the Pledge of Allegiance and the Lord's Prayer, led by Mrs. Moore, a get-well card was signed for Mrs. Gertrude Birdsall.

Macon PTA Hopes To Send Members to Law Workshop

Members of the Ridgeway-Macon PTA were asked to attend a legislative workshop in Lansing at the meeting held Feb. 8 at the Ridgeway School.

Cecil Pence opened the meeting by reading the objects of the PTA.

The Macon School was presented with a new flag, by the VFW, which was greatly appreciated.

An observance of Founders' Day, Feb. 17, was given.

A life membership in the Ridgeway-Macon PTA was given to Thelma Younglove for many years of faithful service to Ridgeway School.

The by-laws committee reported and revised by-laws were approved.

Speaker for the evening was Dr. Richard Coak, who showed a new film, 'Parents to Child about Sex."

Fifteen members of other local PTA's attended, bringing the attendance to 50.

Coffee and doughnuts were served by the kindergarten room mothers.

JUNIOR KNIGHTS — With just two games remaining, Boysville Junior Knights hold a 7-7 record, identical to the Varsity Knights. Front row, from left, Mike Tyle, Frank Klos, Arnette Summers, Henry Bell and Richard Hurford. Second row from left, Brian Nelson, Richard Williams, Fred Cuthrell, Tom Malenfant, Cliff Reynolds and Coach Tom Smith. Third row, from left, Greg Vogt, Jim Kayl, Rich McIntyle, John Woldron, and Bob Pitylak. Not pictured, Rich Monfette.

Fellowship Has Talk on Drawing

he Presbyterian Senior High Fellowship met at the home of Miriam Puffer Feb. 19. Mike House, in charge of the program, gave a talk on drawing.

Included in the program was a demonstration of the five basic lines used in art.

Next Sunday the fellowship will go to Detroit to see the film "Hawaii". Members of the group will eat a sack lunch before leaving the church at 12:15 p.m.

Drivers for the Detroit trip will be Mr. and Mrs. Don Brazee, Mr. and Mrs. Ray Puffer, Mr. and Mrs. Fred Oberlin, and Mr. and Mrs. Ray Dollison.

Schools Praised for Student Work

Tecumseh schools have received praise from Michigan State University, based on the work of 15 THS graduates now in the freshman class there.

Of the group, one has an A average, seven with B average, six maintained C's and only one has a D average.

Traffic Flow To Be Studied

A transportation survey to determine where people go and when and how they get there will begin soon in Lenawee County.

When completed by mid-summer, it will be the most comprehensive study of its kind ever conducted in the area.

Coordinator for the State Highway Commission survey is Milt Lamb, who has directed similar surveys in major metropolitan areas throughout the state.

Study area includes cities Adrian and Tecumseh; townships Palmyra, Madison, Raisin, Adrian and Tecumseh, portions of Franklin and Clinton Townships and covers 192 square piles.

Anticipated $127,370 cost will be shared by the U.S. Bureau of Public Roads (75%), the Highway Department and the Lenawee County Road Commission (12½% each).

Purpose of the survey is to develop information on the number of trips by various modes of travel in the area and relate the data compiled to transit, street and parking requirements. The same facts will be utilized in locating and designing highways, major streets and bridges, Lamb said.

Two crews began work in mid-February and two more will go into action in March.

★

FIRST STEP is traveling every mile of street and road in the area and listing the address of every fifth household.

An estimated 3,000 residents to be interviewed will be notified by mail that their household has been picked and interviewers will go to the addresses to get information concerning all trips made by each person in the household in a 24-hour period.

Trips made by 50% of all trucks during a 24-hour period likewise will be recorded and a 100% taxi sample will be taken.

In the area to be surveyed, there are 57 roads with 23 of these roads carrying an estimated 75% of all traffic.

On these 23 roads, interview stations will be set up for varying periods and all motorists on the roads will be interviewed for information concerning their trip.

★

IN ADDITION, more than 210 counts made by portable traffic counters at intersections to determine turning movements will be incorporated with other data into a "flow map."

Thus guidelines for immediate and future needs will be established, Lamb said.

The Highway Department will hire 38 Lenawee County residents as traffic aides and general clerks.

High school graduation is a requirement for employment and a special need is for young men to do field work.

Project office is at 112 East Front, Adrian.

City Applies for Extension at Dump Site

Application to the state to operate Tecumseh's dump here until Dec. 31, 1967, has been made by Cal Zorn, city manager.

At that time, if another site is still unavailable, a request will be made for an extension.

Zorn says the residents here will not be without a dump, even if it means complying to the state regulation which requires daily covering of debris.

A high water level at the present site and the high costs of daily covering have been contributing factors to Tecumseh's plans for another dump site.

The engagement of Louise Elaine Stutesman to Norman J. Barnard is being announced by her mother, Mrs. Walter Stutesman, 113 S. Maumee. Mr. Barnard is the son of the Rev. and Mrs. Lowell M. The couple is looking forward to missionary service in Peru. The wedding will be June 3.

Golf Class Needs More Enthusiasts

Golf lessons at the Community Center are being offered for beginners and advanced golfers on Tuesday and Wednesday evenings.

Don Moffatt said Monday that unless more people register for the classes, the sessions will be cut to only one evening.

Beginners lessons are from 7 to 8 p.m. and the advanced beginners from 8:30 to 9:30 each evening with Deed Eldredge, instructor.

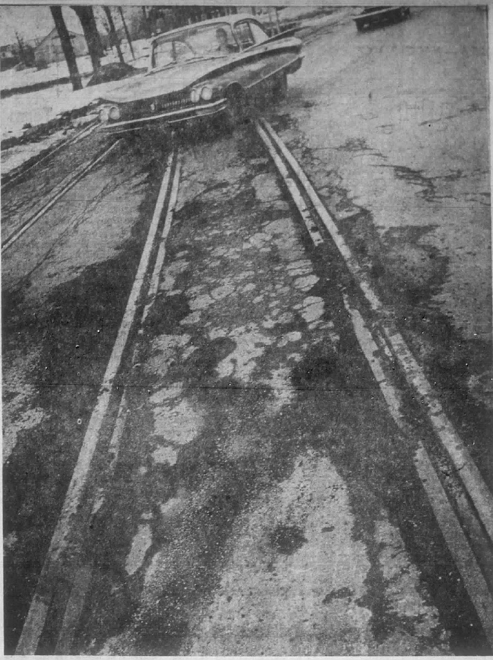
Charles E. Perry Finishes Course at Armor School

Pvt. Charles E. Perry, 19, son of Mrs. Nellie J. Wilson, 138 Petersburg Rd., completed an automotive course at the Army Armor School, Ft. Knox, Ky., Feb. 17.

During the eight-week course, he was trained to maintain and repair fuel and electrical systems, engines, transmissions and chassis units of the Army's armored vehicles.

His father, Richard T. Perry, lives at 4021 E. Monroe Rd.

His wife, Margaritte, lives at 721 N. Union St.



HOLES FILLED — Severe weather conditions have created havoc with the earth this year, creating buckling of roads and pockholes. The filled gullies at the railroad tracks on N. Evans are an early example of one of the citys' big spring projects.

Michigan's Conservation Department is badly out of step with the times. Even its own news releases admit to this by saying that hunters spent $725,000 less for licenses than they did the year before.

Years ago, hunters were content to buy a hunting license for the mere pleasure of getting outdoors and enjoying the fresh air and scenery. They had a pretty good chance to kill a deer or knock off a limit of ducks or pheasants when they went afield but few of them gave that much thought. Getting outdoors and relaxing was the big thing.

Nowadays, though, we live in a different society where everything comes with a guarantee. When half-a-million hunters buy deer licenses each of them expects to get a buck, even though Michigan doesn't have that many bucks. To the American who now has almost everything in life guaranteed for him by the government, this comes as a rude shock.

★

QUITE OBVIOUSLY, hunting license sales are going to continue to decline unless the Conservation Department soon comes up with a new gimmick. Luckily, there are a number of things they can try.

How about giving green stamps with each license purchased? The hunter who bought a regular deer license, small game license and an assortment of bow-and-arrow deer, buck and trapping licenses could easily blow $20. Think of the bundle of stamps he could get!

And, if double stamps were offered on Wednesdays, every wife in Michigan would be forcing her husband to buy hunting licenses. The men might fight it but in the end they would give in to their wives.

Or, maybe the Department would find it more fun to rig up a lively bingo game, based on the license serial numbers. Winning numbers could be announced over all radio and television stations at noon on opening day of the hunting season.

★

ANOTHER IDEA would be to have lucky grouse hunters submit a tail feather from a bird they might happen to kill, for a "Match the Tail Feathers" contest.

We could see hunters from all over Michigan and surrounding states excitedly trying to shoot a grouse to see if their feather might match the one in Lansing.

Winners of these contests might be presented with the use of a state car for an entire year, if they were willing to share it with a State Senator. Or, possibly, the winner might rather have a coveted position on a citizen's committee to manage the deer herd.

Possibilities for prizes such as these are limited only by the imagination.

Certainly something like this must be done soon if hunting license sales are to be brought up. It is quite obvious that a lot of hunters no longer believe that hunting is meant for having fun.

What an old-fashioned idea!

915 Million Families Use Zip-A-List

More than 915 million families ZIP Coded their personal mailing lists last fall by participating in the Post Office Department's ZIP-A-List Campaign, according to a survey just completed.

Under the ZIP-A-List program 96 million cards were distributed to the nation's 57 million residences, asking the recipients to list addresses of persons with whom they often correspond.

The local post offices added the ZIP Codes and returned the forms. Approximately 17 per cent of the nation's householders returned 11.6 million cards, with an average of 8.3 addresses on each card. Ninety-six million addresses were coded.

Postmaster General Lawrence F. O'Brien today expressed his appreciation for the remarkably high public interest in improving mail service and thanked every citizen who cooperated in this project.

Mrs. George Green, Sr., happily esconced back in her own Maiden Lane home after fracturing a hip, called to report the birth of a great-grandson, The baby, Todd Patrick, 6 lbs., 4 oz., was born Sunday to Mr. and Mrs. Dale Downs of Utica. Mrs. Downs is the former Carol Ann Green, daughter of Mr. and Mrs. George Green, Jr., of Pentwater.

Schools Face Growing Pains

Tecumseh schools, faced with growing pains, particularly at the elementary level, held a general discussion Monday night with Dr. Russell West, representative of the Michigan Bureau of School Services, Ann Arbor.

A thorough discussion of building facilities and known needs was held, as well as possible school consolidations with Britton and Clinton.

The Board explained that a vote last year turned down possible consolidation and that the electorate in the three districts apparently do not want a single, large district.

Tecumseh officials have not taken any steps toward consolidation, a subject brought up by Dr. West.

If the Bureau's service is obtained, a study in four areas will be made:

- Population projections.
- Evaluation of present physical facilities.
- New physical facilities.
- Site locations.

The Tecumseh schools could now fill a new elementary building with students from present inferior classrooms at Sutton and West Branch.

The present Junior High building came under criticism, and Supt. James McDowell pointed out that Tecumseh could reach Class A status next fall, inferring that the upper four grades would have 1,100 students or more.

The present high school, with recent additions, can accommodate 1,200.

Extension Club Lunch Features Italian Study

BRITTON — The L and M Extension Club was treated to an Italian luncheon Thursday when they met at the home of Mrs. Albert Bailey.

The lesson discussion on Italy and Italian foods was led by Mrs. Orris Tubbs and Mrs. Leslie Downing. Assisted by the hostess and Mr. George Price, they served a luncheon to the 12 members present which featured lasagne, risotto and green salad with Italian dressing.

Mrs. Martin Ivan conducted the business meeting.

A tour of the Ford Rouge plant is planned by the group for March.

Blissfield Five Wins, 74-60

By JIM LINCOLN

Blissfield, thankful that the Indians beat Airport here the week before, was a poor host to Tecumseh Friday night and routed the Indians, 74-60.

By virtue of Tecumseh's win over Airport, followed by Flat Rock upsetting the Jets, Blissfield gained a share of the Huron League crown by whipping Tecumseh.

The Indians were never colder than they were against the Royals. With about two minutes left in the first quarter, Tecumseh scored its first field goal.

This dry spell was not due entirely to the Royal's defense, the Indians simply could not get the ball through the hoop.

★

TECUMSEH MADE eight of nine free throw attempts in the opening stanza, keeping the Indians within range, though behind, 12-8.

The roof really began to cave in in the second quarter when the Royals upped their lead to 35 to 28. The route was completed in the third quarter when Coach Al Schaeffer's club tallied 26 points — the Indians just nine.

Coach Vic Lawson substituted frequently, hoping that someone would get hot. Dean Hebb scrapped and was helpful, pitching in 22 points for the evening, tops for all scorers.

Charles Thomas netted 14 points, but he was far below his usual form. No other Tecumseh player came close to the double figures.

★

STATISTICS are an indication of what happened. The Indians missed their first 11 goal attempts — and some were fairly easy — and ended the game with a 22% average from the floor.

Blissfield's average for the game wasn't much better, hitting 30%, but the Royals were hot in the third period when they stormed way out front.

Indian Five May Meet Royals Again

Unless the Indians are upset Wednesday night in the district tournament at Dundee, Tecumseh has a chance for revenge against Blissfield Saturday evening at 7:30.

Both the Royals and Indians are big favorites to score initial wins and finish on top in their brackets.

If records hold true, they'll meet in the finals and the Indians, barring another cold streak, could handle the Royals the same way they did here, winning, 67-61, on Jan. 20.

Tecumseh is much better than its 10-6 record.

With a few breaks, Coach Vic Lawson's club could have walked off with the Huron League crown instead of posting a 5-5 mark. Two of the losses were by one point.

Rangy Butch Hoelzer of Clinton, who won the Lenawee County scoring race, is shown scoring against Britton.

With Five Seconds, Ida Kills Hopes of Redskins

Ida's Bluestreaks flashed past the Clinton Redskins in the last five seconds, winning the first tournament tilt Monday, 65-64, on Ida's floor.

The Skins led most of the way, were ahead, 49-40, at the end of the third quarter.

With 32 seconds to play, Clinton was still out front, 64-62.

Clinton missed a foul shot, Ida got a free toss, then with five seconds added a field goal to take the win.

Knights Roll On

By GREG KOVACS

Boysvile ended its regular season by defeating the Bobcats of Whiteford, 48-63, and finish with a 9 and 7 record.

The Knights were somewhat taken back by a sinking man-to-man defense used by Whiteford and were down at the end of the first quarter, 10-4.

Strong second effort shots by Whiteford commanded the first half of play as the Bobcats held to a one point lead, 24-23, at the games intermission.

★

BOYSVILLE'S third quarter proved to be the Knights finest period of play.

Mike Gaudreau, Sam Kirkland and Mike O'Dea, all seniors, started hitting from all angles of the court.

Boysville's press forced frequent Whiteford ball turn overs and Boysville's margin at the quarter's was 47-37.

The final period saw Boysville continue to lengthen its lead. Boysville's 6'6" senior Rich Kayl has seen action the past three games after being out with a serious knee injury he received during the Whiteford - Boysville football game.

Gaudreau was high for the Knights with 18 points. Rick Koppleman topped the Whiteford squad with 16 points.

★

BOYSVILLE'S junior varsity ended its season 8 and 8 by losing to Whiteford, 45-42.

Playing without their leading scorer Henry Bell, who was out with the flu, the Junior Knights lead right up to the wire, but then faltered to the strong Bobcat juniors.

Bob Pitylak was high for Boysville with 10 points.

Previous to the Whiteford game Boysville won a nonleague game against St. Charles of Detroit, 80-67. Mike O'Dea played brilliantly leading the Knights with 32 markers.

Frank Klos paced the JV team to a 45-40 victory over St. Charles with 15 points.

GM Employees Share $4,971 for Suggestions

Employees at the Tecumseh Fisher Body trim plant received 75 awards totaling $4,971 in the company's suggestion plan during 1966.

Highest awards went to two employees, Daniel Snelling of Toledo and Gary Hanna, 316½ Chippewa.

Mr. Snelling, an inspector, received $1,253 Dec. 8 with his material-saving suggestion for quality check on cushions and back seat parts without scrapping tested parts.

Mr. Hanna, a salaried quality standards employee, was given $1,000 in July for saving material used in analysis in the quality standards lab.

Although 1966 was a record-breaking year for the entire GM award system, with $10.9 million going to 218,604, current records at the Tecumseh plant indicate 1967 will be even higher.

In January and February of this year, awards at the local operation totaled $2,966 for 103 winning suggestions.

"Man" is the subject for this week's Lesson-Sermon to be read in all Christian Science churches on Sunday.

Ida Star Hoops in 46 as Tories Fall

IDA — Senior Gary Anderson, of Ida High School, playing his last home game, went out in a blaze of glory.

He poured in 46 points against the Britton Tories as his team racked up an 85-49 victory.

The Tories were unable to stop the 6'5" Anderson, who moved freely through the defense. If he couldn't get close, he put in outside jump shots. He tallied 19 field goals and eight free shots.

Anderson played until the final minutes, when, scrambling for a loose ball, he and Tory Doug Fairbanks collided heavily and both were laid out.

A double foul was called and Anderson left the floor.

Dave Fairbanks with 15 and Ray Vershum with 14 were high for Britton. The Tories entered tournament play with a 4 and 13 record.

2 Clinton Wrestlers in Michigan Finals

CLINTON — Two Clinton High School wrestlers will compete in the state finals at Lansing Eastern Saturday afternoon.

Ivan McKenna, who scored four victories en route to a regional championship last week, will be going for the 138-pound crown.

Bruce Gibbard, 127 pounder, qualified by capturing a fourth place in the regional meet.

To become a state champ, a young man will have to finish on top in three matches, all of which are to be staged Saturday.

Twenty-one schools took part in the Class C-D Regional Tournament at Galesburg-Augusta High School Saturday, with Coach E. V. Wight's Clinton team finishing in the top half.

Clinton, presently a member of the Mid-Six Wrestling League, emerged with two individual championships at the loop tournament Feb. 16.

Taking top honors in their weight classes were McKenna and Tom Cey, 112 pounds.

Doug Wight, 133 pounds, wrestled to a second place finish as did Phil Blom at 103 pounds. Ninty-five-pounder Dave Hawkins ended up in third.

Earlier, in the Ann Arbor novice Tournament, Clinton had two men capturing honors. Don Steffens, a first-year senior, finished second in the 133-pound class and Tom Young too a third at 165 pounds.

Three veteran Redskins had outstanding season marks.

Co-Capt. McKenna was 11 and 1 in dual meets. Cey was 10-1-1 and Co-Capt. Wight 9 and 1.

This was Clinton's fourth season of wrestling and the team had a 6 and 6 record, winning four of its five matches.

The sport is gaining in popularity with both spectators and participants.

With some fine young grapplers such as sophomores Hawkins and Blom, plus freshman Tom Moore, Redskin fans can expect to see a lot of good competition in the coming seasons.

Sportscene Magazine has named Ivan McKenna of Clinton as one of Michigan's top high school wrestlers. He'll be one of two Redskins attempting to cop a state title this Saturday in Lansing.

Hoelzer Is Lenawee's Top Scorer

CLINTON — Butch Hoelzer of the Clinton Redskins, wrapped up the Lenawee County scoring championship as he netted 21 points Friday, when Clinton's Redskins scalped University High in Ann Arbor.

This brings the Clinton junior's total to 386 in 16 games, an average of 24.3.

Tecumseh's Charlie Thomas held his second-place position, adding 14 in Friday's game with Blissfield for a total of 362 in 16 games.

Britton's Ray Vershum moved into third place, ahead of Clinton's Gene Brown, as a result of the 15 points racked up at the Britton-Ida game. Vershum's total is 286 in 17 games.

Other high scorers are:

	Games	Total
Gene Brown, Clinton	16	275
Dean Hebb, Tecumseh	16	264
B. Popenhagen, Blissfield	16	254
Mike O'Dea, Boysville	15	243

Jr. Tories Get Wins from Cubs

Britton's junior high basketball teams scored wins over Tecumseh St. Elizabeth Wednesday evening on the Boysville court.

Bob Downing paced the Tory eighth graders as they breezed home, 25-5. Bob contributed 8 points.

Hugh Conklin was tops for the Cubs with one basket and a free toss.

The preliminary contest was more interesting, with Britton's seventh graders scoring a 27-12 victory. For the tilt, St. Elizabeth Coach Larry Salisbury used a mixture of grades.

Gary Maska was the Tory top scorer with 8 points. Ron Randall and Joe Schneider both popped in 5 for the losers.

For St. Elizabeth, these were the only official games of the winter.

Boy Recovering from Near-Fatal School Accident

Ten-year-old Gary Barrett, son of Mr. and Mrs. Ronald Barrett, 11 Cairns St., is recovering from a near-fatal accident at Tecumseh Acres Elementary School.

Shortly after noon Wednesday, last week, the fifth grader was playing in front of the building when he ran into an open window, striking his forehead on the metal sash.

John Korican, physical education instructor, examined the young boy briefly and requested an ambulance. After preliminary examination at Herrick Hospital, he was taken to University Hospital in Ann Arbor.

His condition was reportedly critical for the first few days, but his progress is now considered satisfactory.

Gerald L. Hale Is A Top Student at Guard Academy

Coast Guard Cadet Gerald L. Hale, son of Mr. and Mrs. Carl Q. Hale, of 108 Evans Creek Dr., has been selected for the Superintendent's List at the Coast Guard Academy in New London, Conn.

In order to be placed on the Superintendent's List, a cadet must have achieved recognition in both academics and military performance by being on the Dean's List with a grade average of 3.15 or better and the Commandant of Cadets List for exceptional performance in military adaptability and conduct.

It is an honor bestowed for only the most exceptional performance, and is recognized by the wearing of gold and silver stars on the cadet's uniform.

A member of the Class of 1969, Hale will receive a Bachelor of Science Degree and be granted a commission as an Ensign in the Coast Guard at the end of his four years of instruction.

Pictures Show 2 Sides to City Landscaping

Mrs. Orrie Gilbert and Mrs. Earl Baldwin presented a film, "No Time For Ugliness" to 37 members and three guests of the Tecumseh Business and Professional Women's Club Monday evening at St. Peter's Church.

Mrs. Mervyn Boltz, program chairman, introduced the speakers who also showed some slides of the beautiful and some not so beautiful spots in the city. Mrs. Baldwin gave some suggestions for improving the landscaping in Tecumseh.

The three guests were Mrs. Perry Hayden, Mrs. Ed Nelson and Ann Waterman.

Mrs. Wilfred Waldron gave a report of the recent Lenawee County Federation of Women's Club meeting.

Members voted to send one delegate to Wolverine Boys State, sponsored by the American Legion.

Mrs. Harold Girbach Is Festival Chairman

CLINTON — The Band Boosters Club named Mrs. Harold Girbach chairman of the District Band Festival to be held in Clinton High School March 11.

Mrs. Elery Green and Mrs. Mary Hull were named co-chairmen for the March 11 card party to be sponsored by the Band Boosters. The card party will be held at 8 p.m. in the school cafeteria.

Following discussion of the summer band camp program, members voted not to pay the chaperone's camp fee this year.

The Clinton Band has been invited to participate in the Tulip Festival in Holland May 13.

Social Worker Describes Job in Area Schools

CLINTON — Mrs. Paul McKenna, a county social worker, described her work with school children and in counseling at the Girls Training School for the meeting of the Women's Fellowship of the United Church of Christ Thursday evening.

Mrs. McKenna stressed the continuing need for community interest in the Training School and explained various ways citizens can be helpful to the girls who live there.

Mrs. Roscoe Parker presented the devotional service.

Mrs. Edgar Randall, material aid chairman, announced a sewing meeting March 2 at 10 a.m. in the church. Members are to take a sack lunch.

Committees were named for the Father-Son banquet April 8. The Mary Marthas will have charge of the food, the Priscillas, dining room and Philatheas, decorations.

The Mother-Daughter banquet will be held May 13 with the Priscillas in charge of the program, Mary Marthas, food and Philatheas, decorations.

The next meeting will be March 30 with Mrs. James Meeks presenting the program, using slides and material supplied by her son, Capt. Louis Meeks, in Vietnam.

Richard Service Leaves To Train in Army Reserve

CLINTON — Richard Service left Monday for six months training with the Army Reserve at Ft. Leonard Wood, Mo. He is the son of Mr. and Mrs. Raymond Service, 4797 Clinton-Macon Rd.

Richard is a 1964 graduate of Clinton High School and a graduate of a two-year Agriculture Course at Michigan State University.

He was employed with his father in Clinton Grain Co.

Mr. and Mrs. Ben Mahrle II returned Thursday from a 10-day business trip in Pennsylvania. While in Philadelphia, they visited Mr. and Mrs. Charles Crane.

Former Clinton Residents Are Parents of Girl

CLINTON — A daughter, Elizabeth, was born Feb. 25 to Mr. and Mrs. William Sellers III of Wayne, Pa. The maternal grandparents are Mr. and Mrs. Fred Geiger.

The little girl is a nice change-of-pace for the Sellers family which includes two sons, Eric, 5, and Steven, 2. They are former Clinton residents.

Write-In Candidate Sparks Dull Election

CLINTON — New interest is being sparked in the Village election, March 13, by the announcement of Mrs. Ben Mahrle, II, to become a write-in candidate for the office of Village Treasurer.

Mrs. Rex Winchell filed as a candidate for the office of treasurer by the Jan. 4 deadline.

Mrs. Mahrle stated that she made the decision to become a write-in candidate when several village residents asked her to do so, too late to have her name placed on the ballot.

Her name must be written in as Bernice H. Mahrle.

All candidates for Village office are unopposed on the official ballot.

Mrs. William Driscoll was appointed to fill the office of treasurer when Mrs. Gabe French retired, but Mrs. Driscoll did not choose to become a candidate for the office.

Mrs. Mahrle, 45, is a graduate of Clinton High School and was a medical assistant to Dr. Richard Hammel in Tecumseh for 12 years.

Hoopsters Win

By IVAN McKENNA

Clinton High School's basketball team finished its best season in many years Friday night with a 71-65 victory over Ann Arbor U-High.

The Redskins had a 22-14 advantage at the end of the first period and continued to dominate the action for the next two quarters.

★

IN THE final frame, Clinton ran into trouble as it watched a 14-point lead dwindle to only a two-point advantage.

The Redskins were outscored, 21-13, in the final eght minutes, but held on to preserve the victory.

It was a well-balanced team effort on the part of Clinton as all five players hit in double figures.

Butch Hoelzer earned high scoring honors wth a 21-point performance. Gene Brown and Jim Schuler each netted 14, Jake Schwab scored 12 and Kevin Bennet added 10.

Mark Ouimet led the Cubs with 18 points. Perry Wilson and Bob Smith pumped in 12 each. U-High hit on 26 of 67 shots for 40%.

★

THE REDSKINS held the edge in shooting as they connected on 28 of 63 shots for 44%. Clinton out-rebounded the Cubs, 40-39. Hoelzer picked off 15 and Jim Schuler grabbed 10 for the winners.

The victory gave the Redskns a 12-4 record for the year. They ended up in second place in the Lakeland C with a 10 and 2 mark, losing only to Brooklyn and Manchester.

Brooklyn captured first place in the league, with its only loss coming at the hands of Clinton.

Peggy Miller, Fred Voll Exchange Nuptial Vows

CLINTON — Peggy Miller and Fred Voll were married Feb. 18 in the Clinton Methodist Church.

The bride is the daughter of Mr. and Mrs. Robert Miller of 4484 Allen Rd., Tecumseh. The bridegroom is the son of Mr. and Mrs. Charles Voll, of 106 Bartlett Rd., Clinton.

The ceremony was performed by the Rev. Charles Sturm at 7:30 p.m.

Given in marriage by her brother, John Miller, of Tecumseh, the bride wore a street-length dress of white wool. Her corsage was of green cymbidium orchids.

The attendants were Mr. and Mrs. David Weinberg of Adrian.

The couple spent the weekend in Northern Michigan. They plan to live in Lee Villa Trailer Court, near Tecumseh.

The bride is a senior at Clinton High School. Mr. Voll is a 1966 graduate of Clinton High School and is employed at Uniloy in Saline.

Among the immediate family and friends who attended the wedding were the bridegroom's uncle and aunt, Mr. and Mrs. James Voll and family of Pontiac.

A reception is being planned for the couple in the near future.

★

MRS. LEE Deisbrough entertained at a post-nuptial shower for the bride Tuesday evening at her home in Clinton. Mrs. Robert Weinberg of Twin Lakes was cohostess for the party which was attended by 25 guests.

Among the out-of-town guests were Mrs. David Weinberg of Adrian, Mrs. Robert Handy of Tecumseh, Mrs. James Wallace of Tipton and Mrs. Arthur Mann of Bridgewater.

Former Pastor Presents Toast to Fathers, Sons

CLINTON — A former pastor, the Rev. P. Ray Norton returned to give the toast to sons at the Methodist Father-Son Banquet last Monday.

Charles Wilder gave the toast to the fathers.

Attending the dinner and program were 90 persons.

Wesley Proctor presented gifts to Charles Knight I for having the most sons and grandsons present and grandson Charles Knight III was named the youngest son present.

Maurice Heath was the oldest father present and Merlin Mowrey was the youngest father present.

Richard Wegner served as toastmaster.

Mr. and Mrs. James Meeks presented the program, showing slides taken by their son Capt. Louis Meeks, stationed in the 93rd Evacuation Hospital, Saigon, Vietnam, in charge of the orthopedic surgery department.

The dinner was served by the WSCS members. Tables were decorated in a patriotic theme noting George Washington's birthday.

Cadet Band Gets Second Place Rating

CLINTON — Cadet Band members journeyed to Madison High School Saturday morning for the Junior Band Festival, where they achieved a second rating under the direction of Karl Wirt.

This is only the second time the Cadet band has attended such competition and Mr. Wirt said showed considerable improvement.

The engagement of Evelyn Witherell to David Thomas McKee of Plymouth is announced by her parents, Mr. and Mrs. Mervyn Witherell, US-12, rural Tipton. The bride-to-be is a graduate of Clinton High School and attended Ferris State College. She is employed in the office of Electro Optics Division, Bendix Corporation, Ann Arbor. Mr. McKee is the son of Mr. and Mrs. Earl Allen of Stratford, N. J. He is a graduate of Western Michigan University with a BS and a master's degree in psychology. He is the Labor Relations Analyst for the T & C Division of Ford Motor Company. A June 3 wedding is being planned.

Friends Plan Open House for Schmidts

CLINTON — Friends and relatives are invited to an open house honoring Mr. and Mrs. Hans Schmidt, E. Michigan Ave., on the occasion of their 40th wedding anniversary.

The event, arranged by Mr. and Mrs. Donald Meyers and Mr. and Mrs. Wesley Proctor, will be in the home of the honored couple Sunday, March 5, from 2 to 6 p.m.

The couple asks that gifts be omitted.

Washington Theme Sets Mood at Scout Blue-Gold Banquet

CLINTON — A George Washington birthday theme decorated the tables where 200 persons were seated for the annual Blue and Gold Cub Scout Banquet in the high school last Wednesday.

Among the special guests were members of the sponsoring organization, Clinton Rotary Club, parents of Cub Scouts, members of the local Boy Scout troop, Scoutmaster, Howard Thompson and assistant, Lawrence Gunn; Wayne Balliet, neighborhood chairman; Wayne Hulett, institutional representative for the Rotary Club; den mothers Mrs. Harlan Ruhl, Mrs. Joseph Busch and Mrs. Douglas Blasius and committee men Harlan Ruhl and Carl Duda.

New members welcomed into Cub Scouts were Jeffery Miller, Samual Marcum, Billy Schmidt, Jerry Higgins, David Mowery, Randy Breeding and Kenneth Roberts.

Awards were presented to James Mattis, John Shear, Mark Russ, John Ruhl, David Knight and Gale Patterson for Cub work.

Mrs. Busch received a six-year leader's pin and Harlan Ruhl received a two-year pin.

Assistant Boy Scoutmaster, Lawrence Gunn, introduced the new Scoutmaster and his wife, Mr. and Mrs. Howard Thompson.

Boy Scout awards were presented to Michael Gunn, John and Tim Busch.

Cubmaster Leonard Russ and the den mothers were in charge of the event and a cooperative dinner was served.

A MIXED UP WINTER OF BIRDS

Good gracious, it hardly seems possible that March is here already. Where has the time gone? Part of February blew away, I do know that. March is usually called the windy month but what happened Wednesday, the 15th of February?

Someone got ahead of themselves with that screaming and howling wind. And how about all that thunder and lightning? Weatherwise, things are mixed up.

There has been a great deal of seasonal weather, too. Snow — and enough said. A rough winter forces birds to the feeding stations and thus affords excellent bird watching.

We are enjoying an especially good cardinal winter. The brilliant, handsome males and their lovely ladies are growing almost fat on a diet of sunflower seeds and corn.

The pert little gray tufted titmice, the upside-down white-breasted nuthatches, the black and white down woodpeckers and, of course, the great hoards of sparrows are free-loading every day.

There are several birds, however, who are noticeable by their absence. In past years we have always entertained chick-a-dees and juncos.

When the snow started flying and the temperatures nose-doving, we just automatically had chick-a-dees and juncos. This year their visits to us have been few and far between. We miss them, too.

★

THE COCKY little chick-a-dees are great fun to watch during a storm. A windy, snowy day seemed to bring on a stubborn streak, we would laugh at their determined efforts to appear undaunted.

Standing up to Old Man Winter, they almost seemed to enjoy "doing battle". Suet, scratch feed and sunflower seeds — the feeders have been well-supplied with these favorite foods but only once has a little black-capped chick-a-dee come to sample.

And the black-hooded, gray-fronted juncos have treated us only a little better. Occasionally they have showed up but this is certainly nothing like the small flock that usually spends the whole winter here.

These are cute little round birds who like to scratch chicken-fashion for their particular favorite seed. Preferring to eat on ground, they are often quite happy to dine on the "scatter-off", the food which the other birds impolitely knock off the feeding trays.

If there is nothing of interest beneath the feeders, the juncos are not at all nervous about coming up to the feeder itself. When they fly, they show the two white feathers which mark the sides of their narrow black tails. So in both action and appearance the juncos are fun — it seems strange not to have them around.

★

AND SPEAKING of birds we have not seen, how about the evening grosbeaks? Has anyone had any — we have had no reports.

These gaudy yellow, black and white birds are fickle migrators, appearing for several years and then, for no apparent reason, disappearing from an area.

For the past few winters Tecumseh has been lucky in that some grosbeaks came visiting. Perhaps this is just our year to be by-passed.

On the other hand, we are having some free-loaders that we could well do without. A huge gang of grackles and an even larger mob of starlings.

A winter flock of starlings is not unusual, I believe, but this is the first year we have had so many grackles. Last winter a few "black thieves" braved the cold weather and apparently they spread the word. We even have had a few cowbirds mixing with the starlings and grackles.

So it is that this has been a cockeyed winter for weather and it has also been a mixed-up winter for birds.

NEXT WEEK:
Thanks for Following Along.

Democratic Club Plans Hat Party

The Lenawee County Democratic Women's Club will meet March 9 at the home of Mrs. Fred Groth, third house on the east side of Crockett Hwy. in Palmyra township with Mrs. Jerry Horky as chairman.

Mrs. Horky invites members and friends to bring their friends to the meeting at 8 p.m.

Mrs. Blonk Is New City Meter Maid

Mrs. Adrian Blonk, 219 S. Pearl St., is Tecumseh's new meter maid. She began her duties Monday.

Francis Blonk and her husband moved to Tecumseh from Grand Rapids four years ago. He is employed as a mechanic at Buck's Fleet Wing Service station.

They have a married daughter in Stanton and one son, Adrian Jr., who is a student at the Junior High School.

Mrs. Blonk said that she likes the work since she enjoys being outside. She also likes to bowl and make doll clothes for her two granddaughters and one grandson.

Tuesday was the 30th wedding anniversary of Mr. and Mrs. Blonk.

CIVIC PROBLEMS STUDIED — Problems affecting every-day operation of city government were under study for two days this week during the first legislative conference of the Michigan Municipal League in Lansing. Many city officials took the opportunity of being in Lansing to confer with their hometown legislators on problems of mutual concern to city and state governments. Conferring in this picture are, from left, Sen. Gilbert E. Bursley of Ann Arbor, Don Sunderland, Dr. Carlton Cook and Mayor Harold Easton, of Tecumseh.

SELF-SERVICE, PRE-PACKAGED MEATS CAN BE A PROBLEM!

You can see the top side of the meat but not the bottom.
So you wonder.
The steak looks good, but is the bottom all bone and fat?

It's a problem... a problem we've given a lot of thought.
We think we have the answer.
We have a policy.
We put the best side down.
The side you don't see is guaranteed to be equal to
or better than the side you can see.

Simple? as ABC.
Effective? No more gamble.
Fair and square? Sure because "We Care."

Is this a good reason for shopping A&P? It's one of many.

VOICE of THE HERALD

Invigorating and Boring

Attending a political party's state convention can be an invigorating — and sometimes boring — experience.

But through it all, this has to be called educational.

What's interesting, too, is the comparative ease one can become a delegate or alternate — that is, in a non-metropolitan area like ours.

Lenawee County is allotted 18 voting places for the Republican state convention. These were all filled by an election several weeks back at the county convention. But as of the Friday night's caucus in Detroit, several of those named weren't able to come. In all cases, alternates were on hand to fill in.

From some highly-populated areas the story was different. In the 19th District, which covers portions of both Wayne and Oakland Counties, there was a hassle which ran through Friday night and far into Saturday morning.

Two lists of candidates had been elected for the Oakland County section of the 19th and they each fought with the credentials committee to be seated. As it turned out, the ultra-conservatives, which attempted to take over the 19th, were beaten.

Regarding this fight at such close range should have provided Lenawee Republicans with a warning that at any time, any delegation is in danger of being challenged — and given the gate.

With the exception of a few outbursts, namely by the articulate conservative, Dick Durant or one of his allies, things went smoothly. Maybe too much so. The drone of voices from the platform seemed to merge into a steady hum and it was difficult to pay attention.

Republicans are talking about streamlining their national convention and that has always been a fine idea with us. The state setup might use some attention, too, especially in the realm of getting delegates seated for the show by the appointed hour — not about 45 minutes late.

He Labored Hard and Long

Dr. Archie O'Connor was a forthright fellow who said what he thought. His death at 45 was a blow to many people.

He labored hard and long at his medical practice, drawing respect and admiration from patients and fellow doctors.

Everybody liked Archie.

We were particularly touched with the column which was written by Hollis H. Farley, publisher of Dr. O'Connor's hometown paper, The Clinton Local, in last week's edition.

We'd like to reprint a portion of it.

"One of our granddaughters — a third grader — cried bitterly when told Saturday that she could not again visit Dr. Archie O'Connor.

He ushered her into this world, and since then he has been the recipient of her complete faith. She believed that a visit to his office would solve all of her problems. She almost enjoyed receiving a shot in the course of the visit.

"She was not alone in her adoration of him. Her younger sister also idolized him, but she does not quite understand. She, too, has had the utmost faith in his ability [illegible]e any physical [illegible] ailment.

"A legion of people — of all kinds — wended their way through his office. For quite a number of years we have been across the street from his office, and we have seen him come and go, seen the patients waiting in his office late into the night and wondered time after time, how he managed to maintain the pace that his patients demanded of him.

"His associates, too, will tell many stories to prove that he always had time for everyone's problems except perhaps his own — no matter what or when they were.

"The so-called 'country' doctor or general practitioner is supposed to be extinct, a character of the past in this day of specialization. But Archie was no figment from the past, he was a 'doctor' whom it was a privilege to know and who paid the penalty for so doing.

"But I shall always like to think that is how he wanted it. He worked hard and overcame many obstacles to become a doctor. And that he was — a doctor who ministered without thought of reward to all who brought their illnesses to him.

"I think that he attained his goal — to do for his fellowman — and in that he surely succeeded," wrote Editor Farley.

A Lady of Real Talent

Many a young Tecumseh woman and her mother paused last week for a moment of respect and reflection when they heard of the death of the city's dean of dressmakers, Maude Bell.

Bridal gowns were her specialty.

"You just couldn't find anything wrong with her work," said one young matron, "I took her a picture and she made my dress from it, the bridesmaid's the same way and the crowns for the veils, too."

Another said, "She was a real designer, a dress of Maude's was a masterpiece reflecting the personality of the girl for whom it was designed. She loved people and was easy to get acquainted with. She always had time to talk and would come out when I walked my children in the buggy.

"She made my gown and those of my two sisters. The younger one's, she made from a letter containing two sketches and the measurements. Donna couldn't get home for a fitting. When she did arrive just before the ceremony, the dress was complete except for the buttons. That takes real talent."

With pins, tape measure, scissors and her old treadle machine, Maude Bell fashioned more than 200 original dresses in the last 15 years of her life, not only for Tecumseh girls, but many in Ann Arbor, Flint, Detroit and Grosse Pointe.

She was a master in the art of self-made roses, Obi sashes and trains. Maude will long be remembered for her talents.

How About Another Caravan?

When Tecumseh celebrated its 125th birthday anniversary in 1949 the town was really swinging.

Among many angles dreamed up by local leaders was to dispatch an invitation to folks in Tecumseh, Ontario, for the festivities.

They responded — 1,200 strong — and apparently loved every minute of the experience.

It happened that the Ontario town was going to put on a Mid-Century Festival the following summer, so they extended a welcome to people here.

A caravan of 300 automobiles and eight buses buzzed over to Canada that summer, carrying more than 2,000 people. Charlie Butler even arranged to have a full-size replica of the Liberty Bell brought along.

These two community functions did a marvelous job to cement lasting friendships between the two Tecumsehs. Old timers have never forgotten the fun of these celebrations.

Now another one is coming up and we're hoping it will be received here with as much enthusiasm as those of 16 years ago.

Tecumseh, Ontario, is going to stage its centennial on Saturday, July 1. Last week officials from there attended our Council meeting to tender a formal invitation to all Tecumsehites and present this city with a Canadian flag.

Maybe we should start now to make plans for another caravan. We wonder if Charlie still has that Liberty Bell around?

CONVENTION SUPPORTS ROMNEY — Being in the spotlight is nothing new for Gov. George Romney and he was at his best during Saturday's state Republican convention, when he outlined his tax program to 2,500 delegates and alternates, plus a gallery of spectators in spacious Cobo Arena. Minor opposition to his plan was voted down and the governor could count support of his party on the touchy state income tax, which he is asking the legislature to approve.

TO THE EDITORS:

I am moved to write in response to Mrs. Blanden's letter last week concerning UNICEF. On "The Voice of Americanism" program at 8:30 a.m. over WMUZ-FM 103.5, Dr. Stewart McBernie told how the communists have infiltrated UNICEF.

At one time the head of the organization was a communist. He said, "The best way to help the communists is to give to the children of communist countries."

Dr. McBernie is a minister in Glendale, Calif., a world traveler, lecturer and writer. Tune in every morning and you will hear facts that will amaze you.

Dr. McBernie suggests that people support their own church projects and mission work.

Long and Short

By TOM RIORDAN

How would you like a job that starts at 3:45 a.m. and keeps you busy until nearly 5:30 p.m., with few breaks?

Seven days a week?

There's a fellow in town with this schedule and he has been at it for 40 years. He's likeable Harold Sisson, the man who distributes the Detroit Free Press and News in Tecumseh.

Averaging 12 hours of labor in every 24, Harold has been able to enjoy few vacations — hasn't been off since the last Detroit newspaper strike was settled in 1964.

During his four decades on the job, illness has kept him off about seven weeks.

★

HERE'S the way his labors go:

3:45 a.m. — takes Free Press to homes of nine carrier boys. Two living nearby come to his substation in Tecumseh Shoe Repair to pick papers up.

6 until 7:15 a.m. — Sells Free Presses to Products men coming off third shift and those going in on first. This runs to about 165 papers.

7:20 — Drops off 22 copies of FP at hospital.

7:30 — Home for breakfast.

8:30 — Downtown to stock three newsstands. Must wait until stores open to put out papers. Any earlier and they'll be stolen.

9:15 — Home again to rest until noon. If not too many doorbell rings or phone calls, there can be sleep.

Noon — Checks in afternoon Detroit News. Two days a week make collections from newsstands (seven for daily and nine for Sunday editions).

3 p.m. — Distributes News to carrier boys and newsstands, prepares records for circulation departments.

5:30 — Home for supper.

9 — Bed.

★

THE ROUTINE is broken on Saturday night when early Sunday editions arrive and go onto newsstands. At midnight, the late Sunday editions roll into Tecumseh via truck and Harold comes down to put these bundles inside.

It used to be he could leave them next to his substation until his usual 3:45 a.m. arrival, but one night some playboy snatched a bundle and tossed it out of a car near the VFW, snapping the binding wire and scattering papers all over the area.

On Sundays, Harold is done working about 1 p.m.

When Harold took over his job in 1927, Tecumseh residents bought 650 Sunday Detroit News, Times and Free Press, 450 dailies.

The Times is now long gone, but Harold's total now hits 1,705 on Sunday and 985 daily between the Morning Friendly and If You Read the News.

The breakdown of papers might be interesting:

Sunday FP — 1,175
Sunday News — 530

Daily FP — 835
Daily News — 150

Harold was also agent for The Toledo Blade, but says the reports demanded are excessive.

★

PAPER WORK for the Detroit duo is more than enough. Every issue must be accounted for — that's the rules of Audit Bureau Circulation, an independent agency to which all big newspapers belong. ABC guarantees the figures and bases them on totals of every agent.

Would you agree that Harold is one of the hardest-working and most loyal-to-a-job guy in many a moon?

Has Close Call

Sp/4 Dennis Avery called his parents, Mr. and Mrs. Loren Avery, 8605 Smith Rd., Monday night from Hawaii where he was in rest camp for one week. He will return to Vietnam Friday. He has been there five months and has seven to go. Avery told his parents that on a recent nine-man patrol, six in his outfit were injured and one killed.

Girl Scout Week Opens

Girl Scout Week begins Sunday with a special 7 p.m. service at Tecumseh Methodist Church for all Lenawee County Scouts.

Money collected for the Thinking Day Fund at the International Dinner will be given to the representative of the Irish Hills Girl Scout Council during the service.

Also in observance of Girl Scout Week, there will be a special display in the corner window of Ken-Ray Drugs in downtown Tecumseh.

If Designer Leaves America, Thriving Business Will Fold

Exclusives EvelDean suffered a crushing blow this week.

Opened May of 1966, the Tecumseh custom dress shop has been a booming success.

Then the trip hammer hit Saturday.

A letter from the Immigration Dept. to co-founder Evel Garrido, who entered the United States from Spain under a visitor's visa in November 1964, told him he must leave the country by April 2.

★

BILL HEIMERDINGER of Clinton and Evel formed the firm last spring. They had first met in 1963 when Bill completed an army tour in Europe.

Evel is also a licensed hair stylist, being associated with a beauty shop in Grosse Pointe Farms. During the week, he works there while staying in a Detroit apartment, then spends his weekends and Mondays in Tecumseh designing women's apparel.

Talents of the Eveldean coowners quickly caught the eye of stylish women seeking custom-designed dresses, suits and coats. The firm has nearly 40 customers, many of whom have purchased complete wardrobes, keeping the shop humming with activity.

In short order, the firm had hired four seamstresses, one of whom is handicapped.

Located on the second floor over Don's Beef Buffet, the shop contains a spacious waiting room in Spainish motif, fitting room and large sewing area at the rear.

Plans were being made to expand to the third floor, but these are out the window now with Saturday's bad news.

★

EVEL HAD made several attempts to get a permanent visa into the States, but was turned down. Rep. Wes Vivian did considerable work on the case, including a special bill in Congress to permit Evel to remain here.

Tecumseh attorney John Zeigler has been close to the case since before the shop was opened and made a trip to Washington Monday to confer with Sen. Robert Griffin.

Immigration officials follow a policy that non-Americans not be allowed to work in the States because they may be taking employment from natives.

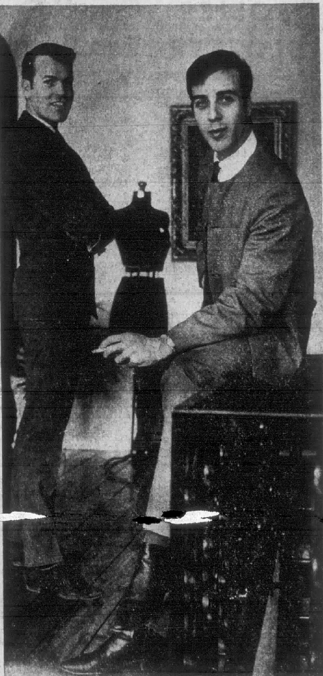
This case seems to be reverse — an immigrant through his skills, providing jobs for others.

★

SENATOR Griffin plans to introduce a new bill, in which the fact that Evel has his own business will be brought out.

Bill, who cuts the pattern and materials according to the measurements and designs of Evel, said Tuesday the business would surely fold if Evel is forced to leave.

Many customers have already expressed dismay and said they plan to write their Congressmen.



HAPPIER TIMES — Bill Heimerdinger and Evel Garrido had just announced opening of their shop when this picture was snapped, in May, 1966.

Emily Manwaring Scores 16 for MSU

Freshman Emily Manwaring of the Michigan State University basketball team scored 16 points last week as MSU beat Central Michigan University, 54-34.

The Spartan gals will play Adrian College Thursday.

Hospital Loss Tops $46,000

A drop in patient days at Herrick Hospital last year has resulted in a loss of $46,000 for 1966. Of this, $37,000 was depreciation.

This in turn has necessitated a small raise in room rates, which went into effect on Jan. 17.

The new rates are $5 per day increase across the board for ward, now $23; semi-private, $26; and private, $32.

The hike still leaves the local hospital far behind many other area hospitals in room charges, as much as $16 per day in some cases.

The local hospital also operated at a small loss in 1965.

William Groover, hospital administrator, believes the new rates will enable the hospital to break even for the current year, providing there is no further drop in patient days.

For the first two months of 1967, the hospital has been busy, following the national hospitalization trends which generally show a greater number of patients the first two and three months of the year.

Clinton Ace Ranks No. 2 in Michigan

By DENICE ANDERSON
Special to The Herald

LANSING — A pulled arm muscle in his last match kept Clinton's Ivan McKenna from winning the 138-pound Michigan state high school wrestling title here Saturday.

McKenna was beaten by Mark Hatt of Williamston in 4-0, in overtime action at Lansing Eastern High School. The two had faced each other in earlier competition with McKenna top man on a 4-3 decision.

"He did a real fine job," commented Dr. Edwin Wight, McKenna's coach. "He lost his speed when he hurt his shoulder."

McKenna entered the final match with an 18-1 over-all record.

★

"WE WERE just a first-year team four years ago," said McKenna, "and I never expected that when I was a senior I would have come this far."

This is the first time that anyone from Clinton has placed in a state meet.

McKenna, in dual meets, had an 11-1 record and won a championship for the second year in the Mid-Six Wrestling League.

Last week he took a regional crown at Galesburg - Augusta High School by winning four elimination matches in one day.. This qualified him for the state finals.

McKenna was awarded his match here by forfeiture when his opponent failed to make weight.

He then won by a 5-3 decision over Jim Oudsema of Michigan's School for the Blind.

★

"WRESTLING is a sport that takes a lot of conditioning and is by far the roughest," said the Clinton ace. "It takes a lot of determination to excel."

The 17-year-old weighed in at 138 pounds but has an average weight of 158 pounds.

"I am on a strict diet," he said, "and there's a lot of running and sweating involved."

McKenna hopes to attend either Kalamazoo College or Western University, but is not sure as to plans of continuing his career in wrestling.

Dr. Helzerman Named to Archery Hall of Fame

Dr. Ralph Helzerman has been notified that he is now an active member of Pope and Young, the Archery Hall of Fame.

Of 1,000,000 bow hunters in the United States, only 57 are listed in P & Y.

To qualify, a hunter must shoot three species of Northern American big game animals, one of which has to be in the world record class.

Dr. Helzerman has bagged several, including an antelope and an Alaskan moose of record size.

The organization intends to admit eventually 100 members. After that they will be chosen as a member expires or drops out.

Auto Club Will Check Bad Curve

Within three weeks, the N. Ottawa St. curve by the athletic field will be checked by AAA of Detroit, Cal Zorn, city manager, told councilmen Monday night.

He said a traffic count also would be taken, but probably not until late spring or summer.

Councilman George McCombs suggested that the city erect a curve sign or reflectors, while Councilman Paul Burns said the city should wait and let AAA check the situation as it is now.

No action was taken.

Icy Road Causes Car To Hit Pole

Mrs. Marvin Leismer, 505 Russell Rd., suffered major body bruises and a severely injured left arm Sunday at 8:30 a.m. when her car slid off the road into a telephone pole.

The accident happened at the corner of East Valley Rd. and Occidental Hwy.

Sheriff's officers said that snow and ice on the road caused the car to go out of control.

Mrs. Leismer was treated and X-rayed at Bixby Hospital.

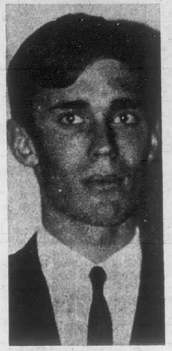
Dave Porteous Going to Africa



Dave Porteous of Tecumseh will be spending next summer in Africa. He's one of two Albion College students

Two Albion College students — including one from Tecumseh — will spend next summer in Africa under the 1967 Operation Crossroads Africa program.

Dave Porteous, Tecumseh sophomore and James Nicholie, Pontiac junior, were nominated by the College's Chapel-Convocation board and approved by leaders of the Africa program.

Operation Crossroads Africa selects American and Canadian students to participate with African students in seminar and study programs concerning current social and political issues.

The students also aid in establishing self-help projects requested by local communities.

Upon their return to the United States they are required to make at least 25 speeches per year for two years as unofficial ambassadors of the countries they visited.

Once accepted for OCA, students are required to take course work in some phase of African studies. Nicholie and Porteous are enrolled in relevant courses in political science and history respectively.

★

The OCA makes a grant of $750 to each student to cover partial expenses. An additional $1,000 will be the object of Campus Religious Council fund raising activities.

Lenawee's Future Mapped in Plan

By MAXINE CALHOUN

Lenawee County's tremendous potential for industrial growth was graphically demonstrated at a meeting of the County Planning Commission Wednesday.

A capacity attendance of more than 100 in the Blue Flame Room in Adrian was indicative of the citizen interest.

The study encompassed eight months' work by the Institute for Community Development and Services, an extension service of Michigan State University.

The meeting was the eighth in a continuing series.

Establishment of a County Planning Commission was authorized by the State in 1948, with expenses of the study paid by the units of government, supplemented with a federal grant.

"This survey is the most comprehensive study of Lenawee County ever undertaken," said Robert Hotaling, Institute representative.

To establish the county's perspective in relation to the United States, Mr. Hotaling described its location as being on the north borderline of "the greatest industrial corridor in the world," an area stretching from New York to Chicago.

It is also in a direct path between Detroit and Chicago and the Canadian industrial area.

★

DETAILED reports cover three areas of study:

No. 1 — Socio-economic, concerned with the population and industrial distribution and trends.

No. 2 — Economic base, concerned with availability and utilization of labor in the county.

No. 3 — Natural Resources and Agriculture, concerned with the changing agricultural emphasis.

Land use, the latest area of study was demonstrated by Mr. Hotaling, using five-layered maps for each of the 22 townships.

Foundation maps showed each township's outline, with rivers and creeks. Successive overlays of transparent material added lakes and woodlots; a third, development; the fourth, highways, and the fifth, utilities.

The map detailing was so minute that each structure, farm, residential or industrial, was colored to denote whether it had been built prior to, or after World War II.

★

A CORRIDOR from Clinton to Tecumseh and Adrian — a diagonal line through the center of the county — was shown to be in one of the least productive agricultural soil areas, but becoming highly industrial.

This can continue to develop plants, Mr. Hotaling suggested, without encroaching on good farm land.

Southeastern section of the county should be allowed to remain free of industrialization.

There is already a substantial recreational area in the northwest area — in the Irish Hills — and it should be maintained that way. Other recreational sites could be developed along major rivers.

About the future expressway, which triggered the formation of the Planning Commission, Mr. Hotaling suggested it should pass east-west through the Adrian-Tecumseh corridor to facilitate urban growth already there.

He further suggested that urbanization around villages such as Riga, Blissfield and Palmyra should be confined to small areas around each community.

★

MR. HOTALING demonstrated the necessity of urgency in establishing a Master Plan for the county to insure its orderly growth, by explaining that such a large industrial plant as the Budd Co. at Clinton was begun and almost completed during the time this study was being compiled.

Edmond Alchin of MSU said data obtained is available for use by any township which plans to zone. He emphasized the importance of each township and village giving consideration to its neighboring townships.

"[illegible] cooperation is vitally important," he said.

Each of the four areas of study is compiled in booklet form for use by zoning groups and the Institute offers the aid of its staff to meet with any such group, Mr. Alchin said.

Highway Planning will be the subject discussed at the meeting late in March.

Mrs. Ruettinger Honored by OES

Tecumseh Chapter 51 hosted a dinner and reception honoring Mrs. Melvin Ruettinger, chairman of the membership Committee of Grand Chapter of Michigan, Order of Eastern Star.

Greetings were extended to 160 present by Stanley Miller, worthy patron of Chapter 51 who introduced the master of ceremonies, Paul Gilliland.

Dr. Laszlo Gero gave the invocation.

When a person falls and suffers a broken ankle in Detroit, you'd think they'd be anxious for immediate treatment in the nearest hospital. Not so with **Mrs. James Osborne,** the department store magnate here. She insisted on being returned to Tecumseh for the fix-up job — emphasizing the old adage, "Do all your business in your hometown." The mishap occurred in a parking lot after Dorothy had purchased merchandise for her store at a buyers' show.
